Item 1.01 Entry into a Material Definitive Agreement.

On August 6, 2007, Inverness Medical Innovations, Inc., a Delaware corporation (Inverness), Spartan Merger Sub, Inc., a Delaware corporation and wholly owned subsidiary of Inverness (Merger Sub), and HemoSense, Inc., a Delaware corporation (HemoSense), entered into an Agreement and Plan of Reorganization (the Merger Agreement), pursuant to which Inverness will acquire HemoSense through a merger of HemoSense and Merger Sub (the Merger).

The completion of the Merger is subject to various closing conditions, including obtaining the approval of HemoSense shareholders and receiving antitrust approvals (including under the Hart-Scott-Rodino Antitrust Improvements Act). The Merger is intended to qualify as a reorganization for federal income tax purposes.

At the effective time of the Merger (the Effective Time), by virtue of the Merger and without any action on the part of the holders of any capital stock of HemoSense, each share of common stock of HemoSense issued and outstanding immediately prior to the Effective Time will be converted into the right to receive 0.274192 (the Exchange Ratio) of a share of common stock of Inverness (each full share, an Inverness Share).

In the Merger, each option to purchase shares of HemoSense common stock granted under employee and director stock plans of HemoSense that is outstanding as of immediately prior to the Effective Time, whether vested or unvested, shall be converted into a right to acquire Inverness Shares on the same terms and conditions as were applicable to such option prior to the Effective Time, provided that the number of Inverness Shares receivable and the exercise price of the option shall be adjusted to reflect the Exchange Ratio. All other HemoSense equity-based awards and instruments, including warrants, outstanding as of the Effective Time will remain in effect but will be denominated in Inverness Shares, with applicable adjustments to reflect the Exchange Ratio.

If the Merger Agreement is terminated under certain circumstances specified in the Merger Agreement, HemoSense will be required to pay Inverness a termination fee of \$5.25 million.

The Boards of Directors of Inverness and HemoSense have approved the Merger and the Merger Agreement.

Concurrently with the entry into the Merger Agreement, Inverness entered into voting agreements (Voting Agreements) with the directors, executive officers and certain shareholders of HemoSense under which they have agreed to vote approximately 33% of the outstanding shares of common stock of HemoSense in favor of the approval of the Merger and the adoption of the Merger Agreement. In addition to the directors and executive officers of HemoSense, Vanguard V, L.P. and four entities affiliated with MPM Asset Management, LLC executed Voting Agreements. Affiliates of each of these entities serve as directors of HemoSense.

The foregoing description of the Merger Agreement and the Voting Agreements is qualified in its entirety by reference to the full text of the Merger Agreement, the form of Voting Agreement for directors and executive officers of HemoSense and Vanguard V, L.P. and the form of Voting Agreement for entities affiliated with MPM Asset Management, LLC. Copies of these documents are attached hereto as Exhibits 2.1, 99.1 and 99.2, respectively, and incorporated herein by reference.

The Merger Agreement has been attached to provide investors with information regarding its terms. It is not intended to provide any other factual information about Inverness or HemoSense. In particular, the assertions embodied in the representations and warranties contained in the Merger

Agreement are qualified by information in confidential disclosure schedules provided by Inverness and HemoSense to each other in connection with the signing of the Merger Agreement. These disclosure schedules contain information that modifies, qualifies and creates exceptions to the representations and warranties set forth in the Merger Agreement. Moreover, certain representations and warranties in the Merger Agreement were used for the purpose of allocating risk between Inverness and HemoSense rather than establishing matters as facts. Accordingly, you should not rely on the representations and warranties in the Merger Agreement as characterizations of the actual state of facts about Inverness or HemoSense.

Item 8.01 Other Events.
