PROXY STATEMENT

FOR

ANNUAL MEETING OF STOCKHOLDERS
OF ANIXTER INTERNATIONAL INC.

TO BE HELD MAY 24, 2001

This Proxy Statement is furnished in connection with the solicitation of proxies by the Board of Directors of Anixter International Inc., a Delaware corporation (the "Company," which as used herein shall mean together with or without its subsidiaries, as the context may require). The Company's corporate headquarters are located at 4711 Golf Road, Skokie, Illinois 60076 (telephone 847-677-2600). The Proxy Statement and form of proxy were first mailed to stockholders on or about April 19, 2001. Proxies solicited by the Board of Directors of the Company are to be voted at the Annual Meeting of Stockholders of the Company to be held on Thursday, May 24, 2001, at 2:00 p.m., at One North Franklin Street, Chicago, Illinois, or any adjournment(s) thereof.

This solicitation is being made by mail, although directors, officers and regular employees of the Company may solicit proxies from stockholders personally or by telephone, telegram or letter. The costs of this solicitation will be borne by the Company. The Company may request brokerage houses, nominees or fiduciaries and other custodians to solicit their principals or customers for their proxies, and may reimburse them for their reasonable expenses in so doing. In addition, the Company has retained Morrow & Co. to assist in the solicitation

Edgar Filing: ANIXTER INTERNATIONAL INC - Form DEF 14A

for a fee of \$5,000 plus expenses.

VOTING

Shares of Common Stock, \$1.00 par value, of the Company ("Common Stock") represented by proxies in the accompanying form which are properly executed and returned to the Company (and which are not effectively revoked) will be voted at the meeting in accordance with the stockholders' instructions contained therein. In the absence of contrary instructions, shares represented by such proxies will be voted IN FAVOR OF the election as directors of the nominees listed herein, IN FAVOR OF Proposal 1 to approve the 2001 Stock Incentive Plan, and in the discretion of the appointed proxies upon such other business as may properly be brought before the meeting.

Each stockholder has the power to revoke his or her proxy at any time before it is voted by (i) delivering to the Company prior to or at the meeting written notice of revocation or a later dated proxy or (ii) attending the meeting and voting his or her shares in person.

The Board of Directors has fixed the close of business on April 2, 2001 as the record date for the determination of stockholders entitled to notice of, and to vote at, the meeting or any adjournment(s) thereof.

As of April 2, 2001, 35,864,789 shares of Common Stock were outstanding. Each holder is entitled to one vote per share.

A majority of the outstanding shares of Common Stock will constitute a quorum for purposes of the meeting. If a quorum is present, in person or by proxy, the election of directors will be determined by plurality of the votes of the shares represented at the meeting and the approval of the 2001 Stock Incentive Plan will be determined by the affirmative vote of the majority of the shares represented at the meeting. As a result, shares represented at the meeting and entitled to vote for directors, but which abstain from voting or withhold votes, will be counted toward a quorum, will not affect the election of directors, but will in effect be counted against the approval of the 2001 Stock Incentive Plan, unless such abstention is by virtue of a "broker non-vote." Broker non-votes are proxies submitted by brokers without instructions on voting on the approval of the 2001 Stock Incentive Plan because the brokers did not receive instructions on this matter from the beneficial owners of the shares. Such shares are not considered represented at the meeting for the purpose of voting on the approval of the 2001 Stock Incentive Plan.

4

VOTING ELECTRONICALLY VIA THE INTERNET OR BY TELEPHONE

Shareholders whose shares are registered directly with Mellon Investor Services may vote either via the Internet or by calling Mellon Investor Services. Specific instructions to be followed by any registered shareholder interested in voting via Internet or by telephone are set forth on the enclosed proxy card. If your shares are registered in the name of a bank or brokerage firm and you have not elected to receive your Annual Report and Proxy Statement over the Internet, you may be eligible to vote your shares electronically over the Internet or by telephone. A large number of banks and brokerage firms are participating in the ADP Investor Communication Services online program. This program provides eligible shareholders who receive a paper copy of the Annual Report and Proxy Statement the opportunity to vote via the Internet or by telephone. If your bank or brokerage firm is participating in ADP's program, your voting form will provide instructions. If your voting form does not

Edgar Filing: ANIXTER INTERNATIONAL INC - Form DEF 14A

reference Internet or telephone information, please complete and return the paper proxy card in the self-addressed, postage paid envelope provided. Shareholders who elected to receive the Annual Report and Proxy Statement over the Internet will be receiving an e-mail by April 19, 2001 with information on how to access shareholder information and instructions for voting.

ELECTION OF DIRECTORS

In the absence of contrary instructions, the proxies received will be voted for the election as directors of the nominees listed below to hold office until the next annual meeting of stockholders or until their successors are elected and qualified. Although the Board of Directors does not contemplate that any nominee will decline or be unable to serve as a director, in either such event the proxies will be voted for another person selected by the Board of Directors, unless the Board acts to reduce the size of the Board of Directors in accordance with the provisions of the Company's by-laws. Above amounts are annual straight life annuity amounts (which are not reduced for social security benefits) payable upon retirement at age 65 under Anixter Inc. funded and unfunded defined benefit plans for Messrs. Grubbs, Letham, Dul, Meno and Shoemaker, who have 23, 8, 11, 15 and 14 years of service, respectively. Ms. Lanz resigned before her pension vested. The determination of

Edgar Filing: ANIXTER INTERNATIONAL INC - Form DEF 14A

remuneration is based upon payment, not accrual, and therefore the covered compensation for 2000 will be the salary shown in the summary compensation table for 2000 and the bonus shown in that table for 1999. Under the enhanced portion of the management incentive plan in effect in 1999 and 2000, the regular bonus opportunities for Messrs. Grubbs and Letham were halved; therefore, their cash bonuses for these years will be doubled in computing their covered compensation for pension purposes.

In 2000 Mr. Dammeyer's unfunded pension benefits were cashed out for \$4,419,525. As a result, he will be entitled only to the annuity amounts provided by the Company's funded plan as set forth in the above table. The annual remuneration upon which this benefit is based is limited by federal tax rules to a maximum amount, which in 2000 was \$170,000. Mr. Dammeyer had 15 years of service.

COMPENSATION OF DIRECTORS

The Company pays its non-employee directors annual retainers of \$60,000 of its stock in the form of stock units which convert to Common Stock at the pre-arranged time selected by each director and fees of \$1,750 for each board meeting attended, \$1,000 for each committee meeting attended and a \$5,000 annual retainer for committee chairpersons. Directors are reimbursed for any expenses they incur in attending meetings. The Company at its discretion may purchase, for its market value, Common Stock obtained pursuant to these stock units or warrants granted in prior years.

EMPLOYMENT CONTRACTS AND TERMINATION OF EMPLOYMENT AND CHANGE-IN-CONTROL ARRANGEMENTS

Messrs. Grubbs and Letham are employed pursuant to contracts terminable on six months notice by either party, or earlier if there is good cause for termination as defined in the contracts. Good cause for termination by the executive includes forced relocation, significant reduction of salary, regular bonus opportunity, and other benefits, no longer holding his current position as defined in the contracts or any other significant reduction of responsibilities. Good cause for termination by the Company includes material fiduciary breaches and dishonest acts. If employment is terminated by the executive for good cause or by the Company without good cause within four years after a change of control as defined in the contracts, the executive is entitled to certain benefits. These benefits include (i) payment of a pro rata portion of his regular bonus for that year and his salary and regular bonus for the next two years, (ii) all his options to purchase

7

10

stock will vest and be exercisable for the lesser of two years or their remaining life, (iii) his medical and life insurance coverage will continue during this two year period, (iv) if the change of control occurs during a period when a two year enhanced incentive opportunity is in effect, he will be cashed out of his enhanced incentive opportunity based on actual results through the most recent month and targeted results for the remainder of the period covered by the plan using the average price of the Common Stock for the trading days in the fiscal year prior to the change of control (see "Compensation Committee Report on Executive Compensation"), and (v) he will be held harmless from any golden parachute federal excise tax on these benefits. The executive is required to delay his termination for a specified period if the good cause is based on a change of position or reduction in responsibilities, but his stock options will vest at the time of the change of control if he is not continuing in his current position. If in connection with a change of control, at least 25% of the Common Stock is being exchanged for any consideration other than publicly traded common stock, the contracts provide that the executive's stock options

Edgar Filing: ANIXTER INTERNATIONAL INC - Form DEF 14A

will be exercisable to the extent necessary to enable the executive to participate in such exchange on a pro rata basis. Change of control is defined by the contracts as any third person (other than Samuel Zell and his affiliates) acquiring at least 25% of the Common Stock or substantially all the assets of the Company or the majority of the directors of the Company being comprised of individuals who were not nominated by the Board of Directors of the Company. Such a change of control will also vest the restricted shares or restricted stock units granted to Messrs. Grubbs and Letham and the other participants in the enhanced portion of the Company's management incentive plan. See "Compensation Committee Report on Executive Compensation."

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

Lord James Blyth, Sheli Rosenberg, Stuart Sloan and Robert Crandall were members of the Compensation Committee of the Board of Directors.

In some portion or all of 2000, Samuel Zell, Rod Dammeyer and Sheli Rosenberg served as members of the board of directors of numerous non-public companies owned in whole or in part by Samuel Zell or his affiliates which did not have compensation committees, and in many cases the executive officers of those companies included Sheli Rosenberg, Rod Dammeyer and/or Samuel Zell.

The Company in the normal course of business sold \$7,778,034 of products in 2000 to Allied Riser Communications Corporation. Samuel Zell and Sheli Rosenberg are executive officers, and Rod Dammeyer was an executive officer, of the limited liability company that owns approximately 10.1% of Allied Riser and an entity beneficially owned by Samuel Zell owns a majority interest in this limited liability company.

In 1999, the Company entered into a financial advisory agreement with Equity Group Investments, L.L.C. ("EGI"). This agreement provides for EGI to provide financial advisory services as requested by the Company in connection with tender offers, acquisitions, sales, mergers and similar transactions. For such services, EGI will be paid a fee of 49 basis points of the enterprise value of the transaction (amount paid plus assumed debt). EGI is beneficially owned by trusts for the benefit of Samuel Zell and his family, and Rod Dammeyer was, and Sheli Rosenberg is, an executive officer of EGI. The terms of this agreement were determined by the Audit Committee.

Notwithstanding anything to the contrary set forth in any of the Company's filings under the Securities Act of 1933, or the Exchange Act that might incorporate future filings, including this Proxy Statement, in whole or in part, the Compensation Committee Report on Executive Compensation, the Audit Committee Report and the Performance Graph presented below shall not be incorporated by reference into any such filings.

COMPENSATION COMMITTEE REPORT ON EXECUTIVE COMPENSATION

The compensation policy of the Company for its executive officers (including those named in the Summary Compensation Table) has been to pay base salaries and annual bonuses within the median of the range paid by others for comparable positions and to provide long-term incentive opportunities within the high end of the range provided by others for comparable positions. From time to time, the Committee reviews studies comparing the compensation of the Company's executives with the compensation of similar executives of selected groups of companies. The companies in the comparison groups were selected because they were believed to be representative of the types of companies with which the

Edgar Filing: ANIXTER INTERNATIONAL INC - Form DEF 14A

company competes for executives. The companies in the comparison group were of all sizes and in several industries and have no correlation to the companies included in the peer group used in the "Performance Graph." Because of the great differences in size and industry between the Company and the companies in the comparison group, the determination of the Committee that the current compensation of the Company's executives is consistent with the Company's compensation policy is subjective.

The salary of Mr. Grubbs was increased 5% in 2000 primarily to offset inflation.

At the beginning of 1999, the Company announced aggressive goals to be achieved by year-end 2000. To provide an incentive to meet these goals, an enhanced incentive plan for 1999 and 2000 was adopted for Messrs. Grubbs and Letham and several other key employees. A target of approximately 144% of salary was established for Messrs. Grubbs and Letham. A goal for operating earnings before non-recurring items was established for each of 1999 and 2000. Achievement of these goals earns 100% of target. Achievement between approximately 90% and 110% of these goals earns between 50% and 150% of target. In 2000, the maximum of 150% of target was earned. The amount earned for the year is paid in restricted shares of Common Stock based on the average closing price of the stock for that year. In lieu of restricted shares, a participant, beginning with the award for 2000 performance, may elect to receive stock units that convert to shares of Common Stock at the time selected by the participant. The restricted shares or stock units vest in thirds beginning on the second anniversary of the grant or earlier in the case of death, disability, a change of control or any termination of employment, other than a voluntary termination of employment by the holder. Unvested shares or stock units are forfeited if the holder voluntarily terminates his employment. Messrs. Grubbs and Letham were issued 43,118 and 25,523 restricted shares or stock units, respectively, for their achievement of the 2000 goal under the enhanced portion of their management incentive plan.

Messrs. Grubbs and Letham continued to participate in the regular portion of the management incentive plan, but their targets for this portion of the plan were set at 50% of their normal targets. Mr. Grubbs' regular incentive target opportunity for 2000 was established at 40% of his salary, with one third of this opportunity determined by the operating earnings of the Company, one third of this opportunity determined by the Company's return on tangible capital, and one third of this opportunity determined by the achievement of specified qualitative goals, with no weighting among these goals. Mr. Grubbs was awarded a regular incentive bonus for 2000 of \$305,000. This represented 145% of his regular incentive target because each of the Company's financial goals and his qualitative goals in the aggregate were exceeded.

The incentive opportunities for the other executive officers who participated in the 2000 regular incentive plan were set by the Committee at the beginning of the year at 40% of salary for Mr. Letham and from 36% to 42% of salary for the highest paid of the other executive officers participating in the plan. A portion of this opportunity ranging from two thirds for Mr. Letham to 75-70% for the others, was based on the financial results of the Company and the remainder was based on the achievement of specified qualitative goals. The components of the financial results were operating earnings and return on tangible capital, with the weighting dependent upon responsibilities. Incentive awards for 2000 for these executive officers were from 135% to 145% of target incentive opportunities because each of the financial targets was exceeded and the qualitative goals in the aggregate of each participant were exceeded. In addition, a special bonus of 13% of salary was paid to one executive officer for his work on a project.

The grants to executives of options to purchase stock were based on guidelines adopted in 1998. The number of shares provided by the guidelines for

Edgar Filing: ANIXTER INTERNATIONAL INC - Form DEF 14A

each executive was determined at that time by taking a

9

12

percentage of the executive's then salary and dividing that amount by the then value per option. The percentages were set in the same manner as other components of compensation. These percentages were not affected by previous grants.

In lieu of participation in the 2000 incentive plan, Mr. Dammeyer was granted an additional option for 100,000 shares which became exercisable on August 18, 2000, when the price of the stock closed above \$30.66 for more than 10 consecutive days.

The components of executive officer compensation related to the performance of the Company are the levels of the annual incentive awards as described above and the ultimate value of long-term incentive awards as determined by the stock market.

It is the policy of the Company to structure its compensation in a manner which will avoid the limitations imposed by the Omnibus Budget Reconciliation Act of 1993 on the deductibility of executive compensation under Section 162(m) of the Internal Revenue Code to the extent it can reasonably do so consistent with its goal of retaining and motivating its executives in a cost effective manner.

REPORT OF AUDIT COMMITTEE

Pursuant to its written charter, the Audit Committee oversees the Company's financial reporting process on behalf of the Board of Directors. Management has the primary responsibility for the financial statements and the reporting process, including the systems of internal controls. In fulfilling its oversight responsibilities, the Committee reviewed the audited financial statements in the Annual Report with management, including a discussion of the quality, not just the acceptability, of the accounting principles, the reasonableness of significant judgments, and the disclosures in the financial statements.

The Committee reviewed with the independent auditors, who are responsible for expressing an opinion on the conformity of those audited financial statements with generally accepted accounting principles, their judgments as to the quality, not just the acceptability of the Company's accounting principles and such other matters as are required to be discussed with the Committee under generally accepted auditing standards. In addition, the Committee discussed with the independent auditors the auditors' independence from management and the Company, including the matters in the written disclosures required by the Independence Standards Board, and considered the compatibility of nonaudit services provided by the auditors to the Company with their independence.

The Committee discussed with the Company's internal and independent auditors the overall scope and plans for their respective audits. The Committee meets with the internal and independent auditors, with and, as deemed advisable, without management present, to discuss the results of their examinations, their evaluations of the Company's internal controls, and the overall quality of the Company's financial reporting. The Committee held three meetings during fiscal

Edgar Filing: ANIXTER INTERNATIONAL INC - Form DEF 14A

year 2000. In addition, the Chair of the Committee on behalf of the Committee (with the opportunity to convene a meeting of the full committee if deemed advisable) reviews proposed interim financial statements with management and the independent auditors.

In reliance on the reviews and discussions referred to above, the Committee recommended to the Board of Directors (and the Board of Directors has accepted that recommendation) that the audited financial statements be included in the Annual Report on Form 10-K for the fiscal year ended December 29, 2000 for filing with the Securities and Exchange Commission. The Committee has selected the Company's independent auditors.

PERFORMANCE GRAPH

Below is a graph comparing total shareholder return on the Company's Common Stock over the last five years with a broad equity market index and a peer group index as required by the rules of the Securities and Exchange Commission.

COMPARISON OF FIVE YEAR CUMULATIVE TOTAL RETURN*
[PERFORMANCE GRAPH]

ANIXTER INTL INC -----		RUSSELL 2000 -----
1995	100	100.00
1996	86.58	116.54
1997	88.59	142.45
1998	109.06	139.26
1999	110.74	169.00
2000	116.11	164.08

The Company's Peer Group Index consists of the following companies: Arrow Electronics Inc., Avnet Inc., W.W. Grainger Inc., Ingram Micro, Pioneer-Standard Electronics, Inc., Premier Farnell, Richardson Electronics Ltd., and Tech Data. This peer group was selected based on a review of publicly available information about these companies and the Company's determination that they are engaged in distribution businesses similar to that of the Company.

This year's Peer Group Index differs from last year's as follows: Anicom Inc. was deleted because it has gone out of business, and Kent Electronics Corp. was replaced by Richardson Electronics Ltd. because Kent's distribution business has become a less important component of its business model. Had Kent Electronics Corp. not been replaced by Richardson Electronics, the ending value of a \$100 investment in the Peer Group would have been \$93.15, rather than \$95.41.

PROPOSAL 1

APPROVAL OF 2001 STOCK INCENTIVE PLAN

The Company's 2001 Stock Incentive Plan (the "Incentive Plan") has been adopted by the Board of Directors (acting through the Compensation Committee) subject to the approval of the stockholders at this meeting.

The purpose of the Incentive Plan is to facilitate the hiring, retention and continued motivation of key employees, consultants and directors while aligning more closely the interests of the plan participants with those of the Company and its stockholders by granting awards relating to the Company's common stock. The compensation committee of the Company's board of directors, such other board committee as the board may designate, or the board itself will administer the Incentive Plan (the "Committee"). Any key employee, director, or active consultant of the Company and its subsidiaries is eligible to receive a grant under the Incentive Plan. Grants made in 2000 under previous stock incentive plans of the Company are set forth in the table below. The Committee will make the determination of the persons within these categories (which encompass all officers) to receive grants, the terms, the form, and level of grants. Awards under the Incentive Plan may be in the form of incentive stock options, non-qualified stock options, stock grants, stock units, restricted stock, stock appreciation rights, performance shares and units, dividend equivalent rights and reload options.

The exercise price of any option or stock appreciation right cannot be less than the fair market value of the corresponding number of shares as of the date of grant, provided that up to 10% of the shares provided by the Incentive Plan may be granted pursuant to options or stock appreciation rights that have exercise prices that are not less than 85% of the fair market value of the corresponding number of shares as of the date of grant and provided further that options or stock appreciation rights replacing options or rights not granted by the Company may have exercise prices that, in the judgment of the Committee, result in options or rights comparable in value to those being replaced. In the

Edgar Filing: ANIXTER INTERNATIONAL INC - Form DEF 14A

Company's previous grants, the exercise price of stock options has been fair market value at the time of the grant and it is anticipated that the Company will continue this practice, absent special circumstances. No more than 25% of shares granted under the Incentive Plan may be awarded in a form other than options or stock appreciation rights. No person may be granted, in any period of two consecutive calendar years, awards under the Incentive Plan covering more than 900,000 shares of the Company common stock. No option may be repriced by amendment, substitution or cancellation and regrant, unless authorized by the stockholders. Adjustments pursuant to stock splits and other events that adjust the number of shares subject to the Incentive Plan, as explained below, will not be considered repricing.

A total of 2,500,000 shares of the Company's common stock may be issued pursuant to the Incentive Plan. This number will be adjusted for stock splits, spin-offs, extra-ordinary cash dividends and similar events. The shares may be newly issued or common stock reacquired by the Company.

The Committee may, from time to time, suspend, terminate, revise or amend the Incentive Plan or terms of any grant except that, without the approval of stockholders, no such revision or amendment may change the number of shares covered by or specified in the Incentive Plan, change the restrictions described above, or expand those eligible for grants under the Incentive Plan.

Generally, under present federal tax laws, a grant under the Incentive Plan of a stock option, a stock unit or a share of restricted stock subject to the required risk of forfeiture should create no tax consequences for a participant at the time of grant. Generally, the Company will be entitled to tax deductions at the time and to the extent that participants recognize ordinary income. However, in some cases the Company will not be entitled to a deduction when a participant recognizes ordinary income from the exercise of the options if this income, together with other compensation received by that person from the Company, exceeds \$1,000,000 in any one year.

Upon exercise of an option, which is not an incentive stock option within the meaning of Section 422 of the Code, a participant will be taxed on the excess of the fair market value of the shares on the date of exercise over the exercise price. A participant will generally have no taxable income upon exercising an incentive stock option. The excess of the fair market value over the exercise price of an incentive stock option is, however, a

15

18

tax preference item for alternative minimum tax purposes. If the participant does not dispose of shares acquired pursuant to the exercise of an incentive stock option within two years of the grant or one year of the exercise, any gain or loss realized on the participant's subsequent disposition will be capital gain or loss and the Company will not be entitled to a tax deduction. If such holding period requirements are not satisfied, the participant will generally realize ordinary income at the time of disposition in an amount equal to the excess of the fair market value of the shares on the date of exercise (or, if less, the amount realized upon disposition) over the option price and the Company will be entitled to a tax deduction. Any remaining gain is taxed as long or short-term capital gain. The value of a stock unit at the time it converts to stock and the value of restricted stock at the time the restriction lapses is taxed as ordinary income to the participant.

Under current accounting rules, the impact that options would have on earnings of the Company if their value were treated as compensation expense will be shown in a footnote to the Company's financial statements.

In 2000, the Company made the following grants under its previous stock incentive plans:

Edgar Filing: ANIXTER INTERNATIONAL INC - Form DEF 14A

	OPTION GRANTS -----	STOCK OR STOCK UNITS -----
Robert W. Grubbs.....	150,000	59,406
Rod Dammeyer.....	150,000	
Dennis J. Letham.....	65,000	35,231
Lisa Kearns Lanz.....	5,000	
John A. Dul.....	5,000	
Philip F. Meno.....	5,000	
Rodney A. Shoemaker.....	4,000	
All executive officers, including the above (10 persons).....	404,000	
All directors who are not executive officers (9 persons).....		19,593
All employees other than those who are executive officers (232 persons).....	723,500	186,536

The options have an exercise price equal to the market price of the shares on the date of grant, vest annually in fourths beginning on the first anniversary of the grant, and will expire in ten years or sooner in some circumstances. The stock units granted to directors convert to shares on a one for one basis at the time selected by each recipient prior to grant. They vest quarterly over the year. The restricted stock granted to executive officers and other employees represent incentive opportunity earned by the Company's financial performance for 1999 under the enhanced portion of the Company's management incentive plan. These shares vest annually in thirds beginning on the second anniversary of their grant. For a further description of the options and restricted stock granted to the individuals named above, see "Executive Compensation -- Summary Compensation Table and Option Grants in Last Fiscal Year."

The Committee will determine the terms of future grants under the Incentive Plan, subject to the restrictions described above.

APPENDIX

ANIXTER INTERNATIONAL INC. AUDIT COMMITTEE CHARTER

ORGANIZATION

This charter governs the operations of the audit committee. The committee shall review and reassess the charter at least annually and forward any recommended changes to the board of directors for approval. The committee shall be appointed by the board of directors and shall comprise at least three directors, each of whom are independent of management and the Company. Members of the committee shall be considered independent if they have no relationship that may interfere with the exercise of their independence from management and the Company. All committee members shall be financially literate, and at least one member shall have accounting or related financial management expertise.

STATEMENT OF POLICY

The audit committee shall provide assistance to the board of directors in fulfilling their oversight responsibility relating to the Company's financial statements and the financial reporting process, the systems of internal accounting, operating and financial controls, the internal audit function, the annual independent audit of the Company's financial statements, and the legal compliance and ethics programs as established by management and the board. In so doing, it is the responsibility of the committee to maintain free and open communication between the committee, independent auditors, the internal auditors and management of the Company. In discharging its oversight role, the committee is empowered to investigate any matter brought to its attention with full access to all books, records, facilities, and personnel of the Company and the power to retain outside counsel, or other experts for this purpose.

RESPONSIBILITIES AND PROCESSES

Edgar Filing: ANIXTER INTERNATIONAL INC - Form DEF 14A

The primary responsibility of the audit committee is to oversee the Company's financial reporting process on behalf of the board and report the results of its activities to the board. Management is responsible for preparing the Company's financial statements, and the independent auditors are responsible for auditing those financial statements. The committee in carrying out its responsibilities believes its policies and procedures should remain flexible, in order to best react to changing conditions and circumstances. The committee should take the appropriate actions to set the overall corporate "tone" for quality financial reporting, sound business risk practices, and ethical behavior.

The following shall be the principal recurring processes of the audit committee in carrying out its oversight responsibilities. The processes are set forth as a guide with the understanding that the committee may supplement them as appropriate.

- The committee shall have a clear understanding with management and the independent auditors that the independent auditors are ultimately accountable to the board and the audit committee, as representatives of the Company's shareholders. The committee shall have the ultimate authority and responsibility to evaluate, retain and, where appropriate, replace the independent auditors. The committee shall discuss with the auditors their independence from management and the Company and the matters included in the written disclosures required by the Independence Standards Board. Annually, the committee shall select the Company's independent auditors.
- The committee shall discuss with the internal auditors and the independent auditors the overall scope and plans for their respective audits including the adequacy of staffing and compensation. Also, the committee shall discuss with management, the internal auditors, and the independent auditors the adequacy and effectiveness of the accounting, operating and financial controls, including the Company's system to monitor and manage business risk, and legal and ethical compliance programs. Further, the committee shall meet separately with the internal auditors and the independent auditors, with and without management present, to discuss the results of their examinations.

A-1

21

- The committee shall establish or approve guidelines for transactions with affiliates or related parties which are not subsidiaries of the Company and approve or ratify those transactions which such guidelines require to be so acted upon.
- The committee shall review the interim financial statements with management and the independent auditors prior to the filing of the Company's Quarterly Report on Form 10-Q. Also, the committee shall discuss the results of the quarterly review and any other matters required to be communicated to the committee by the independent auditors under generally accepted auditing standards. The chair of the committee may represent the entire committee for the purposes of this review.
- The committee shall review with management and the independent auditors the financial statements to be included in the Company's Annual Report on Form 10-K (or the annual report to shareholders if distributed prior to the filing of Form 10-K), including its judgment about the quality, not just acceptability, of accounting principles, the reasonableness of significant judgments, and the clarity of the disclosures in the financial statements. Also, the committee shall discuss the results of

ANIXTER INTERNATIONAL INC. 2001 STOCK INCENTIVE PLAN

1. PURPOSE AND EFFECTIVE DATE. Anixter International Inc. (the "Company") has established this 2001 Stock Incentive Plan (the "Plan") to facilitate the retention and continued motivation of key employees, consultants and directors and to align more closely their interests with those of the Company and its stockholders. The effective date of the Plan shall be the date it is approved by the Company's stockholders at the 2001 Annual Meeting of Stockholders.

2. ADMINISTRATION. The Plan shall be administered by the Board of Directors, or the Compensation Committee of the Company's Board of Directors or such other Board committee as the Board may designate (the "Committee"). The Committee has the authority and responsibility for the interpretation, administration and application of the provisions of the Plan, and the Committee's interpretations of the Plan, and all actions taken by it and determinations made by it shall be binding on all persons. No Board or Committee member shall be liable for any determination, decision or action made in good faith with respect to the Plan.

3. SHARES SUBJECT TO PLAN. A total of 2,500,000 shares of Common Stock of the Company ("Shares") may be issued pursuant to the Plan. The Shares may be authorized but unissued Shares or Shares reacquired by the Company and held in its treasury. Grants of incentive awards under the Plan will reduce the number of Shares available thereunder by the maximum number of Shares obtainable under such grants. If all or any portion of the Shares otherwise subject to any grant under the Plan are not delivered for any reason including, but not limited to, the cancellation, expiration or termination of any option right or unit, the settlement of any award in cash, the forfeiture of any restricted stock, or the repurchase of any Shares by the Company from a participant for the cost of the participant's investment in the Shares, such number of Shares shall be available again for issuance under the Plan. The number of Shares covered by or specified in the Plan and the number of Shares and the purchase price for Shares under any outstanding awards, may be adjusted proportionately by the Committee for any increase or decrease in the number of issued Shares or any change in the value of the Shares resulting from a subdivision or consolidation of Shares, reorganization, recapitalization, spin-off, payment of stock dividends on the Shares, any other increase or decrease in the number of issued Shares made without receipt of consideration by the Company, or the payment of an extraordinary cash dividend.

4. ELIGIBILITY. All key employees, active consultants and directors of the Company and its subsidiaries are eligible to be selected to receive a grant under the Plan by the Committee. The Committee may condition eligibility under the Plan or participation under the Plan, and any grant or exercise of an incentive award under the Plan on such conditions, limitations or restrictions as the Committee determines to appropriate for any reason. No person may be granted in any period of two consecutive calendar years, awards covering more than 900,000 Shares.

5. AWARDS. The Committee may grant awards under the Plan to eligible persons in the form of stock options (including incentive stock options within the meaning of section 422 of the Code), stock grants, stock units, restricted stock, stock appreciation rights, performance shares and units and dividend equivalent rights, and reload options to purchase additional Shares if Shares are delivered in payment of any other options, and shall establish the number of

subject to each such grant and the terms thereof, including any adjustments for reorganizations and dividends, subject to the following:

(a) All awards granted under the Plan shall be evidenced by agreements in such form and containing such terms and conditions not inconsistent with the Plan as the Committee shall prescribe.

(b) The exercise price of any option or stock appreciation right shall not be less than the fair market value of a corresponding number of Shares as of the date of grant, except (i) options or stock appreciation rights being granted to replace options or rights not initially granted by the Company may be granted with exercise prices that in the judgment of the Committee result in options or rights having comparable value to the options or rights being replaced, and (ii) up to 10% of the Shares may be granted pursuant to options or stock appreciation rights that have exercise prices of not less than 85% of the fair market value of a corresponding number of Shares as of the date of grant.

(c) No more than 25% of the Shares may be awarded in a form other than options or stock appreciation rights.

(d) No option may be repriced by amendment, substitution or cancellation and regrant, unless authorized by the stockholders. Adjustments pursuant to Section 3 above shall not be considered repricing.

6. AMENDMENT OF THE PLAN. The Board of Directors or the Committee may from time to time suspend, terminate, revise or amend the Plan or the terms of any grant in any respect whatsoever, provided that, without the approval of the stockholders of the Company, no such revision or amendment may increase the number of Shares subject to the Plan, change the provisions of Section 5 above, or expand those eligible for grants under the Plan.

Adopted as of 14th day of February, 2001, by the Compensation Committee of the Board of Directors of Anixter International Inc.
