PROXY STATEMENT

ANNUAL MEETING OF SHAREHOLDERS

TO BE HELD ON JUNE 16, 2004

This Proxy Statement is being furnished to the holders of common shares, par value \$0.001 per share, of Pac-West Telecomm, Inc., which we sometimes refer to in this Proxy Statement as Pac-West or the Company, in connection with the solicitation of proxies by and on behalf of our board of directors for use at the annual meeting of shareholders to be held on June 16, 2004, at 3:00 p.m., Pacific time, and at any adjournments or postponements thereof. The purpose of the annual meeting is to consider and take action with respect to the following matters:

(1) the election of six directors to our board of directors; and

(2) the approval of the amendment and restatement of our 1999 Stock Incentive Plan to increase the number of shares of common stock authorized and reserved for grants by 1,500,000 shares.

This Proxy Statement, the Notice of Meeting, the Proxy Form and our 2003 Annual Report are being mailed on or about April 30, 2004 to holders of record of our common shares at the close of business on the record date, April 19, 2004.

If the enclosed Proxy Form is properly signed, dated and returned to us, the individuals identified as proxies thereon will vote the shares represented by the Proxy Form in accordance with the directions noted thereon. If no direction is indicated, the proxies will vote **FOR** the nominees identified in this Proxy Statement as directors and **FOR** the amendment and restatement of our 1999 Stock Incentive Plan described in this Proxy Statement. At this time, we are not aware of any matters other than those discussed in this Proxy Statement that will be presented for consideration by the shareholders at the annual meeting. If other matters are presented for consideration by the shareholders, all shares represented by the Proxy Forms will be voted in accordance with the recommendations of our management.

Returning your completed Proxy Form will not prevent you from voting in person at the annual meeting if you are present and wish to vote. In addition, you may revoke your Proxy Form before it is voted by delivering written notice to our Corporate Secretary prior to the beginning of the annual meeting at our principal executive offices at the address above or by submission of a later-dated Proxy Form.

Voting Generally

Only record holders of our common shares at the close of business on the record date, April 19, 2004, will be entitled to vote at the annual meeting. Each outstanding common share entitles the holder thereof to one vote on proposition 2. As described more fully below, shareholders may cumulate votes with respect to the nominees set forth in proposition 1. As of the record date, we had 36,614,306 common shares outstanding.

Cumulative Voting for Directors

Cumulative voting is authorized for all shareholders if any shareholder gives notice prior to the voting of the shareholder's intention to cumulate such shareholder's votes. Cumulative voting means that each

Table of Contents

shareholder, when electing directors, has the right to cumulate votes and give to one nominee a number of votes equal to the number of directors to be elected (six at this meeting) multiplied by the number of votes to which such shareholder's shares are entitled, or may distribute such number among any or all of the nominees at the shareholder's discretion.

Shareholders may exercise their right to cumulative voting by indicating that they are voting cumulatively on their Proxy Form and attaching to it their instructions indicating how many votes their proxy should give to each candidate.

Quorum

The presence in person or by proxy of the holders of a majority of the shares of our common stock outstanding will constitute a quorum for the purpose of transacting business at the annual meeting.

Abstentions; Broker Non-Votes

Abstentions will be treated as present and entitled to vote, and therefore will be counted in determining the existence of a quorum and will have the effect of a vote against proposition 2, which requires the affirmative vote of a majority of the shares present and entitled to vote at the annual meeting in order to be approved or adopted. Broker non-votes will be considered present but not entitled to vote, and thus will be counted in determining the existence of a quorum but will not be counted in determining whether proposition 2 has been approved or adopted, or whether a majority of the vote of the shares present and entitled to vote has been cast. Broker non-votes occur when shares held by brokers or nominees that are present in person or represented by proxy are not voted on a particular matter because instructions have not been received from the beneficial owner.

Solicitation of Proxies

We will bear the entire cost of this solicitation, including the preparation, assembly, printing and mailing of this Proxy Statement, the Notice of Meeting, the Proxy Form, and our 2003 Annual Report. We intend to provide copies of such solicitation materials to brokerage houses, fiduciaries, custodians and other persons or entities holding our common shares on behalf of the beneficial owner so that the solicitation materials may be forwarded to such beneficial owners. This solicitation, which is being conducted by mail, may be supplemented by a solicitation by telephone, telegram, or other permissible means by our directors, officers or employees. No additional compensation will be paid to these individuals for conducting such a solicitation.

PROPOSITION 1

ELECTION OF DIRECTORS

In accordance with our bylaws, our board of directors currently consists of nine members. You are being asked to consider and vote for six persons nominated by us to serve on our board of directors; five of whom are currently serving as members of our board of directors and one of whom has not previously served on our board of directors.

Following are the current members of our board of directors standing for re-election at the annual meeting:

Wallace W. Griffin was appointed our President and Chief Executive Officer in September of 1998 when an investor group he was part of purchased and recapitalized the company. In June of 2001, he was appointed our Chief Executive Officer and chairman of our board of directors. In July of 2003, Mr. Griffin stepped down as our Chief Executive Officer upon the appointment of Henry R. Carabelli to such position but remained as chairman. He has over 40 years experience in telecommunications, cable television, publishing and advertising. Prior to joining us, Mr. Griffin served as a Group President for a number of Jones International companies from 1994 to 1997, including Jones Lightwave, Ltd., a competitive local exchange carrier, and Jones Education Company, a leader in using technology to deliver education. Concurrently, he was co-owner of a consulting and business development company, Griffin Enterprises, Inc. From 1987 through 1992, he served as the President and Chief Executive Officer of U S West Marketing Resources Group, where he managed the \$1 billion publishing, media software and advertising services division. In July of 2003, Mr. Carabelli was appointed our President and Chief Executive Officer. Formerly the Chief Operating Officer of ICG, a Colorado-based competitive local exchange carrier, and President of @Link Networks, a broadband service provider, Mr. Carabelli brings over 27 years of telecom experience to Pac-West. He joined ICG in 1996 as Executive Vice President of network operations, and served as Chief Operating Officer from 1998 to 1999 with responsibility over network engineering, customer care, sales, and installation. Prior to ICG, Mr. Carabelli spent 19 years in management with Ameritech and Michigan Bell. In 1986, he was chosen for a technology internship program at Bellcore to expand exposure to new broadband technologies. Mr. Carabelli currently serves as a Director on the San Joaquin Business Council.

Jerry L. Johnson is president of eMoney Advisor, founder and chairman of the board of directors of Axum Partners and served as chairman of our board of directors from September of 1998 to June of 2001. From 1985 to 1995, he worked at U S West in various positions, including Vice President, Network and Technology Services, which included managing U S West's largest division, and supervising 21,000 management, engineering, technical and clerical employees. From 1983 to 1985, Mr. Johnson was President and Chief Executive Officer of Northwestern Bell Information Technologies.

John K. La Rue founded the company's predecessor (also known as Pac-West Telecomm, Inc.) in 1980 and served as its President until September of 1998. From September of 1998 until July of 2001, Mr. La Rue served as our Executive Vice President. Currently, Mr. La Rue is semi-retired and employed on a part-time basis serving as an advisor to Mr. Carabelli, our president and Chief Executive Officer. Mr. La Rue has over 34 years of experience in the telecommunications industry.

Thomas A. Munro was appointed a member of our board of directors in April of 2003. He served as the President of Wireless Facilities, Inc., a publicly-traded company that builds and services wireless telecom networks, from September of 2000 to January of 2003. He joined Wireless Facilities, Inc. in 1997 as the company's first Chief Financial Officer. In addition, our board of directors has nominated the following person, who has not previously served as a member of our board of directors, for election to serve on our board of directors at the annual meeting:

Patricia Romero Cronin serves as Vice President Global Services of IBM Corporation. From 2000 to 2002, Ms. Cronin served as Vice President of the Global Practice for IBM Global Services e-business Services and Integration Group. In that role she lead a global team of over 12,000 consultants who helped clients plan, design and implement e-business solutions for customers. In January of 1999, Ms. Cronin was appointed as Vice President of Olympic Technology Integration and was responsible for developing software for the massive task of keeping track of Olympic entrants, measuring their performance and posting and communicating results. Ms. Cronin has over 20 years experience at IBM, having held many technical and global and management positions.

Ms. Cronin has been nominated to fill the position formerly held by Dr. Jagdish N. Sheth. Ms. Cronin was recommended to our nominating and governance committee and board of directors by our Chief Executive Officer after completion of a search conducted by the Chief Executive Officer with the concurrence of our board of directors to identify qualified potential board candidates. Ms. Cronin has personally expressed willingness to serve and is in the process of obtaining approval from her employer, IBM.

Under California law, listed companies are authorized to implement a classified board of directors, for which directors may be divided into two or three classes and serve terms of two or three years, respectively. A listed company under California law is one whose shares are listed on the New York Stock Exchange or American Stock Exchange, or quoted on the Nasdaq National Market System. Our common shares were quoted on the Nasdaq National Market System from November 4, 1999, when we completed our initial public offering, until May 28, 2002, when our common shares ceased being quoted on the Nasdaq National Market and began being quoted on the Nasdaq SmallCap Market. Accordingly, although our articles of incorporation and bylaws provide for a classified board of directors, we are ineligible to continue utilizing a classified board of directors until such time as we may again become a listed company under California law.

We have nominated six persons to fill vacancies arising in connection with this annual meeting as a result of the declassification of our board of directors. Directors elected at this annual meeting will serve until the 2005 annual meeting of shareholders or until a successor has been elected or appointed and qualified except in the case of the death, removal or resignation of such director with all continuing directors eligible to serve out the remainder of their original terms. We currently expect that all nine directorships will stand for election at the 2005 annual meeting of shareholders.

Pursuant to our bylaws, vacancies on our board of directors and newly created directorships resulting from any increase in the authorized number of directors, which is currently not anticipated, are filled by a majority vote of the incumbent directors.

We believe that each nominee is willing to be elected and to serve on our board of directors. In the event that any nominee is unable to serve or is otherwise unavailable for election, which is not now contemplated, the incumbent directors may or may not select a substitute nominee. If a substituted nominee is selected, all proxies will be voted for the person selected.

Directors will be elected at the annual meeting by a plurality of the votes cast at the annual meeting by the holders of shares represented in person or by proxy. Cumulative voting is authorized for all shareholders if any shareholder gives notice prior to the voting of the shareholder's intention to cumulate such shareholder's votes. Cumulative voting means that each shareholder, when electing directors, has the right to cumulate votes and give to one nominee a number of votes equal to the number of directors to be elected (six at this meeting) multiplied by the number of votes to which such shareholder's shares are entitled, or may distribute such number among any or all of the nominees at the shareholder's discretion.

Table of Contents

Shareholders may exercise their right to cumulative voting by indicating that they are voting cumulatively on their Proxy Form and attaching to it their instructions indicating how many votes their proxy should give to each candidate.

Our board of directors has carefully considered and approved the nominees and recommends that you vote *FOR* all of the nominees listed above.

Each of our directors attended 75% or more of the meetings of the board of directors and any committees on which such director served during the fiscal year ended December 31, 2003, with the exception of Dr. Jagdish Sheth who attended six of the nine meetings. Our executive officers are elected by and serve at the discretion of our board of directors.

In February 2003, we granted to Mr. Johnson stock options to purchase 18,000 shares of our common stock. These options vested over a four-month period, with 66 2/3% vesting immediately on the date of grant and the remaining 33 1/3% vesting on June 9, 2003, and have an exercise price of \$0.53 per share. In May 2003, we granted to Mr. Munro stock options to purchase 48,000 shares of our common stock. These options vest over a four-year period with 25% vesting at the end of each year from the date of grant, and have an exercise price of \$0.53 per share. In June 2003, we granted to each of Messrs. Ames, Johnson, La Rue and Dr. Sheth stock options to purchase 12,000 shares of our common stock. These options vest in one-year from the date of grant, and have an exercise price of \$0.96 per share. We did not grant any options to our directors in 2002.

In addition, we pay for the reasonable out-of-pocket expenses incurred by each director in connection with attending board and committee meetings.

Board Member Nominations

The nominating and corporate governance committee will consider nominees recommended by shareholders who beneficially own and have owned for one year prior to the date of the recommendation, individually or in the aggregate, more than five percent of our issued and outstanding common shares. Following this annual meeting, it is expected that recommendations for nominees may be submitted by shareholders by accessing the investor relations page of the company website <http://www.pacwest.com> and clicking the appropriate hyperlink or via regular mail or overnight delivery service addressed to: nominating and corporate governance committee, Pac-West Telecomm, Inc., 1776 W. March Lane, Suite 250, Stockton, CA 95207. Nominations for the 2005 annual meeting must be received by us no earlier than October 1, 2004 and no later than December 30, 2004. Recommendations received after December 30, 2004 will be retained for consideration in the event of a board vacancy occurring after the date of the 2005 annual meeting. Each recommendation must contain (i) the legal name and address of the person making the recommendation, and in the case of shareholders, the number of shares owned and the length of ownership thereof, (ii) as to each candidate, the legal name and contact information of that candidate, a resume or biographical description of the candidate sufficient to evaluate his or her personal qualifications and experience, (iii) the legal names and contact information of three personal and business references with respect to the character and business

background and experience of the candidate and (iv) a statement that the candidate is aware that he or she has been recommended and has expressed willingness and ability to serve if nominated and elected.

The nominating and corporate governance committee will consider and evaluate persons recommended by shareholders meeting the above requirements in the same manner as potential nominees identified for nomination by us. The committee will rank the candidates it receives, conduct interviews of a number of candidates at the top of the ranking equal to twice the number of open seats on the board for which an incumbent director is not expected to be nominated, cause background checks and drug screenings to be conducted on those candidates it intends to recommend for nomination and, subject to successful completion of the background check and drug screenings of the candidates, will recommend to the board of directors a slate of nominees equal to the number of directors to be elected at the annual meeting. These procedures are described in greater detail in the Corporate Governance Standards set forth as *Appendix A* to this Proxy Statement, and is expected to be included as part of the investor information available through our website at <http://www.pacwest.com> on or after the date of our annual meeting.

Shareholder Communications with the Board and Annual Meeting Attendance

Any shareholder or other interested party who has a concern or inquiry regarding our conduct may communicate directly with either our independent directors or the full board of directors. Our lead independent director will receive all such communications on behalf of our independent directors and the full board of directors. Communications may be confidential or anonymous, and may be submitted in writing to lead independent director, c/o Corporate Secretary Pac-West Telecomm, Inc., 1776 W. March Lane, Stockton, California 95207 or, on or after the date of our annual meeting, by accessing the investor relations page at <http://www.pacwest.com>. Our lead independent director will receive all such communications on behalf of our independent directors and the full board of directors. All such communications will be reviewed and, if necessary, investigated and/or addressed by the lead independent director and the status of such communications will be reported to our independent directors or the full board of directors on a quarterly basis. These matters are described in more detail in our Code of Business Conduct and Ethics, which is set forth as *Appendix B* to this Proxy Statement and is expected to be included as part of the investor information available through our website at <http://www.pacwest.com> on or after the date of the annual meeting.

Directors are encouraged to attend annual meetings of the company shareholders. All of our directors attended the 2003 annual meeting of our shareholders.

Among other functions, the compensation committee makes recommendations to our board of directors regarding the compensation of our Chief Executive Officer and other senior executive officers, awards under our compensation and benefit plans and compensation policies and practices. In particular, the compensation committee reviews and approves the goals and objectives related to the Chief Executive Officer's compensation and evaluates the Chief Executive Officer's performance in light of those goals and objectives. In addition, the compensation committee is involved in the preparation of employment agreements, severance agreements and change of control agreements with our senior executive officers. Our board of directors has determined that each of the directors serving on the compensation committee is independent within the meaning of the listing requirements of the Nasdaq Stock Market. The compensation committee met five times during the fiscal year ended December 31, 2003.

Executive Committee. The executive committee is currently composed of Messrs. Griffin and Carabelli and three independent directors: Messrs. Chandler, Johnson and Plum. The executive committee did not meet during the fiscal year ended December 31, 2003.

Nominating and Corporate Governance Committee. The nominating and corporate governance committee is currently composed of three independent directors, Messrs. Johnson and Chandler and Dr. Sheth. The nominating and corporate governance committee's charter is set forth as Appendix C to this Proxy Statement and is expected to be included as part of the investor information available through our website at <http://www.pacwest.com> on or after the date of the annual meeting.

The nominating and corporate governance committee identifies nominees for director from various sources. At times, the committee may retain search firms at our expense to identify potential nominees. In assessing potential nominees, the committee considers the character, background and professional experience of candidates. All nominees should possess unquestioned personal integrity and sound business ethics, loyalty to us and concern for our success and welfare, the ability to exercise sound and independent judgment and an awareness of a directors' vital role in our good corporate citizenship. In addition, all director nominees must be willing to assume broad, fiduciary responsibility on behalf of all shareholders for the management of the enterprise. The committee will also carefully consider any potential conflicts of interest. In addition, to be a qualified nominee as an independent member of the board of directors, such nominee must meet the definition of an independent director pursuant to applicable law, Securities and Exchange Commission regulations, our Corporate Governance Standards and the listing requirements of the Nasdaq Stock Market.

Risk Management Committee. The risk management committee is currently composed of three directors, Messrs. Carabelli, La Rue and Ames. Among other functions, the risk management committee reviews and consults with management regarding proposals for insurance coverage for the corporation, as well as oversees the development of procedures and policies to assess the risk profile of the corporation, vulnerabilities of operating systems and capital facilities to risk of damage or destruction and or service interruptions and preventative and remedial plans. Reports by Board Committees

The following report of the audit committee shall not be deemed incorporated by reference by any general statement incorporating by reference this Proxy Statement or any portion hereof into any filing under the Securities Act of 1933 (" Securities Act "), as amended, or the Securities Exchange Act of 1934, as amended (the " Exchange Act "), and shall not otherwise be deemed filed under such Acts.

Report of the Audit Committee

The audit committee of our board of directors consists entirely of directors who we believe are independent, within the meaning of the listing requirements of the Nasdaq Stock Market and the rules of the Securities and Exchange Commission. The current members of the Audit Committee are Messrs. Ames and Munro and Dr. Sheth. In addition, we believe that Mr. Munro is an audit committee financial expert within the meaning of the rules of the Securities and Exchange Commission. The audit committee operates under a written charter adopted by the board of directors, which charter was last reviewed and revised by the audit committee on February 25, 2003. As described above, a copy of the amended and restated charter for the audit committee was filed with the Securities and Exchange Commission on April 28, 2003 as part of Pac-West's 2003 Proxy Statement.

The audit committee oversees the financial reporting process, the systems of internal accounting and financial controls, the performance and independence of the independent auditor, the annual audit of Pac-West's financial statements, and related matters. Management is responsible for our financial reporting processes including its system of internal control and for the preparation of consolidated financial statements in accordance with generally accepted accounting principles. Pac-West's independent accountants are responsible for auditing those financial statements. Our responsibility is to monitor and review these processes. Therefore, we have relied, without independent verification, on management's representation that the financial statements have been prepared with integrity and objectivity and in conformity with generally accepted accounting principles, and on the representations of the independent accountants included in their report on our financial statements.

In addition, the audit committee approves the fees and terms of all audit engagements and pre-approves all auditing services and permitted non-audit services to be performed for Pac-West by the independent auditors (subject to de minimus exceptions described in Section 10A(i)(1)(B) of the Exchange Act that are approved by the audit committee prior to completion of the audit). The audit committee shall establish policies and procedures for such approval and pre-approval. The audit committee may, from time to time, delegate its authority to pre-approve non-audit services on a preliminary basis to one or more audit committee members, provided that such designees present any such approvals to the full committee at the next committee meeting.

On June 4, 2002, Pac-West dismissed our independent accountants, Arthur Andersen LLP (" Arthur Andersen ") and engaged the services of KPMG LLP (" KPMG ") as its new independent accountants. The board of directors authorized the dismissal of Arthur Andersen and the engagement of KPMG.

Arthur Andersen's reports on the Company's consolidated financial statements for the years ended December 31, 2000 and 2001 did not contain an adverse opinion or disclaimer of opinion, nor were such reports qualified or modified as to uncertainty, audit scope or accounting principles. During 2000 and 2001 and

Table of Contents

through the date of Arthur Andersen's dismissal, there were: (i) no disagreements with Arthur Andersen on any matter of accounting principle or practice, financial statement

disclosure, or auditing scope or procedure which, if not resolved to Arthur Andersen's satisfaction, would have caused it to make reference to the subject matter of the disagreement in connection with its report on Pac-West's consolidated financial statements for such years; and (ii) there were no reportable events (as such term is defined in the regulations to the Securities Act of 1933 and the Exchange Act).

During 2000 and 2001 and through the date of Arthur Andersen's resignation, we did not consult KPMG with respect to the application of accounting principles to a specified transaction, either completed or proposed, or the type of audit opinion that might be rendered on the Company's consolidated financial statements, or any matter or reportable event.

The audit committee has reviewed and discussed with management and KPMG the audited financial statements contained in Pac-West's Annual Report on Form 10-K for the year ended December 31, 2003. The audit committee reviewed KPMG's independence and, as part of that review, received the written disclosures and letter required by the Independence Standards Board No. 1 (Independence Discussions with Audit Committees), as may be modified or supplemented, relating to KPMG's independence from us. The audit committee also discussed with KPMG the matters required to be discussed by Statement on Auditing Standards No. 61 (Communications with Audit Committees), as may be modified or supplemented, and had the opportunity to ask KPMG questions relating to such matters.

In reliance on the reviews and discussions referred to above, the audit committee recommended to the board of directors, and the board of directors has approved, a resolution that the audited financial statements be included in the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2003, for filing with the Securities and Exchange Commission.

In prior years we have generally submitted to a vote of our shareholders the matter of ratification of the appointment of our independent auditors for the year. This vote has been only advisory because historically our board of directors (and now the audit committee) has the responsibility and authority under applicable law to hire and dismiss our independent auditors. Because of the legal responsibility of the audit committee related to the retention and oversight of the independent auditors as set forth in the Sarbanes-Oxley Act of 2002 and related Securities and Exchange Commission rules, we have dispensed with the formality of seeking ratification of the appointment of our independent auditors this year, which we believe is consistent with emerging corporate governance practices.

statements included in the Company's Forms 10-K and 10-Q filings, and services that are normally provided in connection with statutory and regulatory filings or engagements. KPMG billed us \$210,310 for professional services rendered for the audit of our annual financial statements for the fiscal year ended December 31, 2002 and for the reviews of the financial statements included in our Reports on Form 10-Q for the periods ending June 30 and September 30, 2002. For 2003, these fees consist primarily of fees for professional services provided to assist the Company with the review of certain documents, the filing of a proxy statement and the issuance of a debt compliance report.
- (c) **Tax Fees** are fees for professional services performed Arthur Andersen for 2002, with respect to tax compliance, tax advice and tax planning. Prior to their dismissal, Arthur Andersen billed us \$112,079, primarily related to research and consultation concerning various local, state and federal tax matters and preparation of federal and state income tax returns between January 1, 2002 and April 30, 2002. Since Arthur Andersen's dismissal we have used Deloitte and Touche, LLP for all tax advisory services.
- (d) **All Other Fees** are fees for permissible professional services performed by KPMG, and Arthur Andersen for 2002, that are not encompassed in the above categories.

The audit committee has considered whether the provision of the services described above is compatible with maintaining the independence of KPMG and has concluded that such services are compatible with maintaining the independence of our principal auditor. Representatives of KPMG are expected to be present at the annual meeting, will have the opportunity to make a statement if they desire to do so and will be available to respond to appropriate questions.

Compensation Committee Report on Executive Compensation

The compensation committee of the board of directors is composed entirely of independent directors within the meaning of the listing requirements of the Nasdaq Stock Market. No member of the compensation committee is a former or current officer of the Company. The compensation committee sets and administers the policies governing annual compensation of executive officers, including cash compensation and stock ownership programs.

Pac-West's compensation program for executive officers is administered and reviewed by the compensation committee. The key elements of the total annual compensation for executive officers consist of fixed compensation in the form of base salary and variable compensation in the form of annual and quarterly incentive compensation. It is the compensation committee's objective to help ensure that a significant portion of an executive's total annual compensation be contingent upon the attainment of one or more performance objectives. Beginning in 2002, the compensation structure for executive officers (except for the chief executive officer who will continue to be paid annually) was modified to issue quarterly variable incentive payments for corporate performance and annual payments for individual performance.

Historically, annual incentive payments were based upon various factors, including corporate, operating unit and individual performance during the preceding calendar year. An operating plan is established annually which sets goals for overall corporate performance relating to earnings (before interest and taxes). The chief executive officer's annual incentive compensation is based on the overall corporate performance plus specific milestones set by the board of directors for markets in operation, access lines in service and capital raising.

The variable pay program for executive officers was comprised of two elements based on corporate performance and individual performance. The corporate performance equated to fifty percent of the total variable pay target and was paid out as approved each quarter. The corporate performance goals were based on two primary financial measurements, including earnings before interest, taxes, depreciation and amortization (EBITDA) as a percentage of expenses, and EBITDA as a percentage of assets for the quarter being evaluated. The individual performance equated to 50% of the annual target and was based on each executive's performance and success in meeting the business imperatives.

Table of Contents

The chief executive officer's compensation in 2003 consisted of fixed compensation in the form of base salary as specified in his employment contract with the company. In addition, the chief executive officer is entitled to an annual bonus as determined based on the Company's overall performance. In setting the amount of the annual bonus, the compensation committee establishes with the assistance of the chief executive officer a set of financial, operating and regulatory objectives and, where appropriate, specific performance metrics based upon the annual budget or industry comparables to serve as a guideline. These metrics include revenue, operating income, cash flow, plant performance, balance sheet, business growth and relative industry performance measurements. The compensation committee reviews the performance of the chief executive officer with him or her annually and based thereon determines the appropriate bonus amount.

Stock Incentive Plans

General

We have established the Pac-West Telecomm, Inc. 1999 Stock Incentive Plan, which authorizes the granting of stock options, including restricted stock, SARS, dividend equivalent rights, performance units, performance shares or other similar rights or benefits to our or our subsidiaries current or future employees, directors, consultants and advisors. Under the 1999 Stock Incentive Plan, our board of directors is authorized to issue options to purchase shares of common stock in such quantity, at such exercise prices, on such terms and subject to such conditions as established by the board.

In addition, we have established the 1998 Griffin Non-Qualified Stock Incentive Plan for Mr. Griffin, the 1998 Bryson Non-Qualified Stock Incentive Plan for Richard E. Bryson, our former Chief Financial Officer, and the 2000 Napa Valley Non-Qualified Stock Incentive Plan, which authorizes or authorized, as the case may be, the granting of stock options, including restricted stock, SARS, dividend equivalent rights, performance units, performance shares or other similar rights or benefits to certain of our employees. Our board of directors terminated the 1998 Bryson Non-Qualified Stock Incentive Plan in April 2003 and the 2000 Napa Valley Non-Qualified Stock Incentive Plan in February 2004, and we currently have no obligations outstanding under either such plan.

An aggregate of 6,101,750 shares of common stock are currently reserved for option grants under the 1999 Stock Incentive Plan and the 1998 Griffin Non-Qualified Stock Incentive Plan. These plans are subject to adjustment upon the occurrence of certain events to prevent any dilution or expansion of the rights of participants that might otherwise result from the occurrence of such events. As of December 31, 2003, we had granted options outstanding with respect to 4,947,914 shares of common stock under all plans. As of December 31, 2003, 400,436 options have been exercised.

Option Grants in 2003

The table below provides information regarding stock options granted to the named executive officers during 2003. None of the named executive officers received SAR s. The options referred to below vest over a period of three to four years and are exercisable to purchase shares of our common stock in accordance with our 1999 Stock Incentive Plan and, in the case of Mr. Griffin, the 1998 Griffin Non-Qualified Stock Incentive Plan. In addition, options issued to the below named executives become fully vested upon a change in control.

The amounts shown for potential realizable value are calculated assuming that the market value of the common stock was equal to the exercise price per share as of the date of grant of the options. This value is the approximate price per share at which shares of the common stock would have been sold in private transactions on or about the date on which the options were granted. The dollar amounts under these columns assume a compounded annual market price increase for the underlying common shares from the date of grant to the end of the option term of 5% and 10%. This format is prescribed by the Securities and Exchange Commission and is not intended to forecast future appreciation of the common shares. The actual value, if any, a named officer may realize will depend on the excess of the market price for the common shares on the date the option is exercised over the exercise price. Accordingly, there is no assurance that the value realized by a named officer will be at or near the value estimated above.

Performance Unit Awards

In December 2003, we granted Mr. Carabelli the right to receive performance unit awards for 400,000 shares of common stock (before any stock split, reverse stock split or stock dividend) under an employment agreement. Under the agreement, 200,000 performance unit awards shall become vested, provided Mr. Carabelli remains employed by us through June 30, 2007 or in the event of a change in control as defined in our 1999 Stock Incentive Plan. In addition, the remaining 200,000 performance unit awards will vest provided that Mr. Carabelli remains employed by us through June 30, 2008 or in the event of a change in control as defined in our 1999 Stock Incentive Plan. The agreement provides for accelerated vesting in the event that the monthly average fair market value of our common stock is greater than or equal to \$3.00 per common share for a period of six consecutive calendar months commencing on or after January 1, 2004.

Qualified 401(k) and Profit Sharing Plan

We maintain a tax-qualified 401(k) retirement plan for all full-time employees who are at least 18 years of age and who have completed 90 days of service. The plan year is from January 1 to December 31, and we contribute \$0.50 for every \$1.00 contributed by the employee, subject to our contribution not exceeding 3 percent of the employee's salary. Employees become fully vested after six years, although they vest incrementally on an annual basis after two years of service. Employees may elect to participate in the plan after completing 90 days of service with us. We match 50% of employee contributions up to 6% of compensation deferred. Our matching contributions vest at a rate 20% per year starting with the employee's second year of service. Although we have not historically done so, we may also make discretionary profit-

sharing contributions to all employees who satisfy plan participation requirements. Our matching contributions were \$303,000, \$378,000 and \$442,000 for the years ended December 31, 2003, 2002 and 2001, respectively.

Employee Stock Purchase Plan

In 2000, we instituted the 2000 Employee Stock Purchase Plan. The purpose of the Plan is to provide our employees with an opportunity to purchase our common shares through accumulated payroll deductions. Employees may elect to participate in semi-annual offer periods, commencing each January 1 and July 1. Employees are eligible to participate in the plan after 30 days of service, provided, however, that their customary employment is not 20 hours or less per week, and not less than 5 months in any calendar year. Subject to certain limitations, eligible employees may elect to have payroll deductions made during the relevant offer periods in amounts between one percent (1%) and not exceeding ten percent (10%) of the employee's compensation. The maximum number of common shares available for sale under the plan is 1,000,000 shares, subject to adjustments for certain defined events. As of December 31, 2003, 304,946 common shares have been purchased pursuant to the plan.

Pension Plans

We do not maintain a pension plan.

Employment-Related Agreements

Employment Agreements

On July 1, 2003, we entered into an employment agreement with Mr. Carabelli. Mr. Carabelli's employment agreement has a term of two years, provided for a base salary for the year ended December 31, 2004 of \$350,000, and a bonus based upon our achievement of certain objectives and subjective criteria which shall be about 40% of his base salary. The employment agreement also provides for participation in all benefit plans made available to our executives, and may be terminated earlier by us or Mr. Carabelli under certain conditions.

Upon termination by us without cause or by Mr. Carabelli for good reason, each as defined in the employment agreement, Mr. Carabelli will be entitled to receive, subject to certain conditions (1) severance payments equal to his base salary for a one-year period after such termination; (2) immediate vesting of all unvested stock options and extension of the period of exercise of such options to the end of the term of the grant; and (3) payment of all health insurance premiums for him and his eligible dependents with respect to his continuation coverage rights under the COBRA (or a similar statute or regulation then in effect) for one-year after termination or until he and his eligible dependents obtain coverage through a subsequent employer's plans or cease to be eligible for COBRA.

If the employment period is terminated as a result of disability, then Mr. Carabelli and/or his estate or beneficiaries, as the case may be, will be entitled to receive benefits under our employee benefit programs as in effect on the date of such termination to the extent permitted under such programs. In addition, Mr. Carabelli will be entitled to receive (1) an amount equal to the lesser of the terminated portion of his employment period or his base salary for the one-year period after such termination; (2) immediate vesting of all unvested stock options and extension of the period of exercise of such options to the end of the term of the grant; (3) COBRA payments; and (4) a prorated amount of any annual bonus otherwise payable to him for the fiscal year in which his employment is terminated.

If the employment period is terminated as a result of Mr. Carabelli's death, then he and/or his estate or beneficiaries, as the case may be, will be entitled to receive (1) benefits under our employee benefit programs as in effect on the date of such termination to the extent permitted under such programs; (2) immediate vesting of all unvested stock options and extension of the period of exercise of such options to the end of the term of the grant; and (3) a prorated amount of any annual bonus otherwise payable to him for the fiscal year in which his employment is terminated.

In the event of a change of control (1) in which the successor does not terminate Mr. Carabelli, but Mr. Carabelli resigns, effective six months after the effective date of the change of control or (2) in which the successor terminates Mr. Carabelli without cause within the fifteen month period beginning nine months prior to the effective date of the change of control event and ending six months after such effective date, Mr. Carabelli would be entitled to receive (A) an amount equal to 150% times his annual base salary, (B) immediate vesting of all unvested stock options and/or restricted stock and extension of the period of exercise of such options and/or restricted stock to the end of the term of the grant; and (C) CBORA payments.

On July 12, 2001, the Company and Mr. John K. La Rue entered into an agreement covering Mr. La Rue's change in employment status, effective August 1, 2001. On this date, Mr. La Rue resigned as a corporate officer of the Company in order to work on a part-time basis as Vice President and Founder. Mr. La Rue's responsibilities include advising us and consulting with our corporate officers. The terms of the agreement provide for reduced compensation in exchange for Mr. La Rue's services, and that upon the termination of the agreement, all unvested options shall become fully vested.

On October 21, 2003, the Company and Mr. Griffin entered into a separation agreement in connection with the earlier than previously anticipated transition of Mr. Griffin's responsibilities as Chief Executive Officer to a successor, which became effective July 1, 2003. On July 1, 2003, Mr. Griffin resigned as Chief Executive Officer, but continued on with us as the chairman of our board of directors.

The separation agreement provided for, among other things, separation payments to Mr. Griffin vesting of all unvested options previously granted to Mr. Griffin, and prospective compensation of Mr. Griffin as a director and chairman of our board of directors.

Severance Agreements

We entered into a severance agreement with Mr. Harry W. Wilson effective February 3, 2003. The terms of the agreement provided for the payment of certain cash compensation to Mr. Wilson, the sale to Mr. Wilson of a company car, the acceleration of certain unvested options and an extension of the termination exercise period from three months until the expiration of the stock option grant.

Change of Control Agreements

We have entered into agreements with certain executives which provide that in the event of a change of control if the successor does not hire the named executive, or is terminated by the successor, without cause, within twelve months following the effective date of the change of control event, the named executive would be entitled to receive their base salary for one year following the change of control event. The current executives with whom we have entered into such an agreement are Messrs. Sumpter, Brar, Bell, Hawn, Jacobs and Morrison, Ms. McGaw and Ms. Ruane.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Registration Agreement

We completed a recapitalization of our Company in 1998 pursuant to a merger agreement between us, Bay Alarm Company and John K. La Rue, the preexisting investors, and PWT Acquisition Corp., a corporation newly formed by an equity investment group led by Safeguard 98 Capital, L.P. and William Blair Capital Partners L.L.P.

In connection with the recapitalization, all of our shareholders entered into a registration agreement. In accordance with the registration agreement, at any time after May 7, 2000, each of the four equity investors in the recapitalization may request one registration at our expense under the Securities Act of 1933 of all, or any portion of, their Pac-West common stock on Form S-1 or other similar long-form registration and an unlimited number of Form S-2 or S-3 or other similar short-form registrations, provided that the aggregate offering value of the registrable securities requested to be registered in any long-form registration must equal at least \$5.0 million in all long-form registrations and at least \$1.0 million in all short-form registrations. In the event that any one of the four equity investors in the recapitalization makes such a demand registration request, all other parties to the registration agreement will be entitled to participate in such registration. The registration agreement also grants to the parties thereto piggyback registration rights with respect to all other registrations of our common stock and we, subject to limited exceptions, will pay all expenses related to the piggyback registrations.

Non-Competition; Non-Solicitation; Confidentiality Agreements

In connection with the recapitalization and as provided by the terms of the merger agreement or their respective employment agreements, as the case may be, Messrs. La Rue and Griffin and Bay Alarm have also agreed to maintain the confidentiality of our information and not to solicit our employees and customers. These provisions remain in effect for varying periods following the termination of the employment agreements.

Indebtedness of Management

In connection with the 1998 recapitalization, Mr. Wallace W. Griffin, our chairman of the board, purchased 37,500 shares of common stock from us for \$250,000. We received \$50,000 in cash from Mr. Griffin and entered into a note receivable for the remaining balance of \$200,000. This note was paid in full by Mr. Griffin and cancelled on September 15, 2003.

Other Transactions with Significant Stockholders

Mr. Bruce A. Westphal, who served as our Chairman of the Board until the recapitalization and as a director of the Company until March 16, 2000, is the chairman of the board of both Bay Alarm Company and InReach Internet. As of March 1, 2004, an affiliate of Bay Alarm Company beneficially owned approximately 11% of our outstanding common stock. Sales to Bay Alarm and InReach Internet LLC accounted for approximately \$1,784,000, \$2,527,000 and \$2,750,000 or 1%, 2% and 2% of our revenues for the years ended December 31, 2003, 2002 and 2001, respectively. In addition, Bay Alarm Company provides us with security monitoring services at its normal commercial rates and purchased the real property at which our Oakland switch facility is located. In connection with that purchase, we negotiated a lease with Bay Alarm Company for our continued use of that commercial space. The monthly lease payments under the lease were approximately \$27,000 on December 31, 2003.

PROPOSITION 2

APPROVAL OF AMENDMENT AND RESTATEMENT OF THE COMPANY S

1999 STOCK INCENTIVE PLAN

Introduction

We have established the Pac-West Telecomm, Inc. 1999 Stock Incentive Plan, as amended and restated from time to time, in accordance with its terms, which authorizes the granting of stock options, restricted stock, stock appreciation rights, dividend equivalent rights, performance units, performance shares or other similar rights or benefits to our or our related entities current or future employees, directors, and consultants.

On February 10, 2004, our board of directors adopted, subject to shareholder approval, the amendment and restatement of the 1999 Stock Incentive Plan, which would increase the number of shares of common stock authorized and reserved for grant by 1,500,000 shares from 5,751,750 shares to 7,251,750 shares.

The proposed increase in the number of shares of common stock authorized and reserved for grant under the 1999 Stock Incentive Plan is intended to ensure that we will have available sufficient equity incentives to attract and retain the best available personnel, to provide additional incentives to employees, directors, and consultants, and to promote the success of our business.

If approved, the 1999 Stock Incentive Plan would be amended and restated in its entirety as set forth in *Appendix D*. To be approved, the amendment and restatement must be approved by a majority of the votes cast at the annual meeting by the holders of shares represented in person or by proxy.

The summary of the 1999 Stock Incentive Plan, as amended and restated, that appears below is qualified by reference to the full text of the 1999 Stock Incentive Plan, as amended and restated, set forth in *Appendix D*.

Types of Awards

Our board of directors or any committee thereof appointed to administer the 1999 Stock Incentive Plan, which is referred to as the Administrator, is authorized under the plan to award any type of arrangement to an employee, director or consultant that is not inconsistent with the provisions of the plan and that by its terms involves (i) shares of common stock, (ii) an option, stock appreciation right, or similar right, or (iii) any other security with the value derived from the value of shares of common stock, including, but not limited to options, sales or bonuses of restricted stock, stock appreciation right, dividend equivalent rights, performance units or performance shares, or any combination thereof.

Term

The 1999 Stock Incentive Plan will terminate on January 29, 2009 unless sooner terminated by the board of directors. Termination of the 1999 Stock Incentive Plan will not affect grants made prior to termination, but no grants will be made after termination.

Administration

The 1999 Stock Incentive Plan is administered by our compensation committee, with authority delegated by the board of directors. The administrator has the authority to: (i) select the employees, directors and consultants to whom awards may be granted; (ii) determine whether and to what extent awards are granted; (iii) determine the number of shares or other amount of consideration to be covered by each award; (iv) approve forms of agreements in connection with the awards; (v) determine the terms and conditions of any award; (vi) establish additional terms, conditions, rules or procedures to accommodate the rules or laws of applicable foreign jurisdictions and to afford grantees favorable treatment under such rules or laws; (vii) amend the terms of any outstanding award, subject to certain limitations requiring the consent of grantees; (viii) construe and interpret the terms of the plan; and (ix) take other action, not inconsistent with the plan, as the administrator deems appropriate.

Table of Contents

Eligibility

Awards other than incentive stock options may be granted to employees, directors and consultants. Incentive stock options may be granted only to our employees, a parent, or subsidiary. An employee, director or consultant who has been granted an award may, if otherwise eligible, be granted additional awards. Awards may be granted to such employees, directors, or consultants who are residing in foreign jurisdictions as the administrator of the plan may determine.

Securities Subject to the Incentive Plan

An aggregate of up to 7,251,750 shares of common stock are available for issuance in connection with awards under the 1999 Stock Incentive Plan, as amended. This represents an increase of 1,500,000 shares from the 5,751,750 shares of common stock previously authorized and reserved under the 1999 Stock Incentive Plan. We have filed with the Securities and Exchange Commission a registration statement on Form S-8 under the Securities Act of 1933, as amended, covering common stock previously available for issuance under the 1999 Stock Incentive Plan. It is currently anticipated that a registration statement on Form S-8 under the Securities Act will be filed with the SEC, covering the 1,500,000 additional shares of common stock available for awards under the 1999 Stock Incentive Plan if approved by the shareholders.

Shares of common stock underlying an award that is forfeited or canceled, expires or is settled in cash, shall be deemed not to have been issued for purposes of determining the maximum aggregate number of shares of common stock available to be issued under the 1999 Stock Incentive Plan. If any unissued shares of common stock are retained to cover withholding taxes due with respect to an award or for any other reason, such retained shares shall continue to be available for future issuance under the 1999 Stock Incentive Plan. Shares that actually have been issued under the 1999 Stock Incentive Plan shall not be returned to the plan and shall not become available for future issuance under the plan, except that if unvested shares of common stock are forfeited, or repurchased by us at their original purchase price, such shares shall become available for future grant under the plan.

Subject to any required action by our shareholders, the number of shares of common stock covered by each outstanding award, and the number of shares of common stock that have been authorized for issuance under the plan, but as to which no awards have yet been granted or that have been returned to the plan, the exercise or purchase price of each such outstanding award, as well as any other terms that the administrator of the plan determines require adjustment shall be proportionately adjusted for (i) any stock split, reverse stock split, stock dividend, combination or reclassification of the shares of common stock, (ii) any other increase or decrease in the number of issued shares of common stock effected without receipt of consideration by us, or (iii) as the administrator of the plan may determine in its discretion. Except as the administrator of the plan determines, no issuance by us of shares of common stock of any class, or securities convertible into shares of common stock of any class, shall effect, and no adjustment shall be made with respect to, the number or price of shares of common stock subject to an award.

In the event of (i) any merger or consolidation in which we are not the surviving entity, (ii) the sale, transfer or other disposition of all or substantially all of our assets in connection with our complete liquidation or dissolution, (iii) any reverse merger in which we are the surviving entity but in which voting control is transferred to a third party, or (iv) an acquisition of voting control of our securities, all awards under the plan shall terminate immediately prior to such transaction unless the award is assumed by the successor corporation or its parent in connection with the transaction.

Terms and Conditions of Awards

Each award shall be designated in the award agreement. The administrator shall, subject to the terms of the 1999 Stock Incentive Plan, determine the provisions, terms, and conditions of each award, including but not limited to, the vesting schedule, repurchase provisions, rights of first refusal, forfeiture provisions, form of payment, payment contingencies and satisfaction of performance criteria. In the case of an option, the option shall be designated as either an incentive stock option or a non-qualified stock option. Notwithstanding such designation, to the extent that the aggregate fair market value of shares subject to options designated as

Table of Contents

incentive stock options that become exercisable for the first time by a grantee during any calendar year exceeds \$100,000 on the date of grant, such excess options shall be treated as non-qualified options.

The term of each award shall be the term stated in the award agreement, provided that the term does not exceed ten (10) years from the date of grant. In the case of an incentive stock option granted to a grantee, who at the time the option is granted, owns stock representing more than ten (10) percent of the voting power of all of our classes of stock or related entities, the term of the incentive stock option shall be not more than five (5) years from the date of the grant.

Under the 1999 Stock Incentive Plan, the maximum number of shares with respect to which options or stock appreciation rights may be granted to any grantee in any fiscal year shall be 500,000 shares. In connection with a grantee's commencement of employment, a grantee may be granted options and stock appreciation rights for up to an additional 500,000 shares. In each case, such limitation shall be adjusted in connection with changes in capitalization or a corporate transaction.

Awards may not be sold, pledged, assigned, hypothecated, transferred, or disposed of in any manner other than by will or by the laws of descent or distribution and may be exercised during the lifetime of the grantee only by the grantee.

Award Exercise or Purchase Price

The exercise or purchase price under an award of incentive stock options or an award of non-qualified stock options to an employee who at the time the option is granted, owns stock representing more than ten (10) percent of the voting power of all of our classes of stock or related entities the exercise price shall not be less than one hundred and ten (110) percent of the fair market value of the shares on the date of the grant. In the case of the sale of shares of common stock to such an employee, the purchase price shall also not be less than one hundred and ten (110) percent of the fair market value of the shares on the date of the grant.

The exercise purchase price, if any, for an award of incentive stock options to an employee who at the time the option is granted, owns stock representing ten (10) percent or less of the voting power of all of our classes of stock or related entities shall not be less than one hundred (100) percent of the fair market value of the shares on the date of grant. In the case of a grant of non-qualified stock options or the sale of shares of common stock, the exercise or purchase price to such employees shall not be less than eighty-five (85) percent of the fair market value of the shares on the date of the grant.

Subject to applicable laws, the consideration to be paid for the shares to be issued upon exercise or purchase of an award, including method of payment, shall be determined by the administrator. The administrator is authorized to accept as consideration for shares of common stock under the plan cash, check, promissory note, surrender of shares of common stock, or, in the case of options, payment through a broker-dealer.

Awards granted under the 1999 Stock Incentive Plan are generally exercisable at such times and under such conditions as the administrator may determine under the 1999 Stock Incentive Plan and as specified in the award agreement. In the case of an option, awards may not be exercisable at a rate of less than twenty (20%) percent per year over five (5) years from the date the option is granted.

Effect of Termination of Employment

If a grantee terminates employment with us (but not in the event of a grantee's change of status from employee to consultant), such grantee may, for the period specified in the award agreement (but not less than three (3) months) following termination, exercise the award, provided that the award has not previously expired by its terms. The award agreement may provide that an employee terminated for cause may not exercise following termination. In the event of the grantee's disability or death, such grantee or the grantee's estate (or a person who has acquired right to exercise by inheritance) may, for the period specified in the award agreement (but not less than twelve (12) months) following termination as a result of disability or death, exercise the award, provided the award has not previously expired by its terms.

Table of Contents

Certain Federal Income Tax Consequences

The following is intended only as a brief summary of the Federal income tax rules relevant to us and to recipients of awards under the 1999 Stock Incentive Plan.

Shares. An award of common stock is generally taxable as compensation to the grantee at the time of payment. Amounts included in ordinary compensation income by the grantee in connection with an award are generally subject to withholding and employment taxes.

Restricted Stock. Awards of restricted stock do not constitute taxable income to the recipient until such time as restrictions lapse with respect to an portion of the award, unless the grantee elects to realize taxable ordinary income in the year of award, in an amount equal to the fair market value of the restricted stock awarded, determined without regard to the restrictions. If such an election is made, later appreciation in the value of the restricted stock will be taxed as capital gain, not as ordinary compensation income. Dividends paid on restricted stock awards are included as compensation for federal income tax purposes.

Incentive Stock Options. In general, a grantee does not recognize taxable income on the grant or exercise of an incentive stock option and we are not entitled to a compensation deduction. However, the excess of the stock's fair market value on the exercise date over the exercise price will be included in the grantee's income for alternative minimum taxable purposes. Generally, if the grantee disposes of shares acquired pursuant to the exercise of an incentive stock option (i) more than one year after the date of exercise, and (ii) more than two years after the date of grant, the grantee recognizes long-term capital gain or loss, as the case may be, measured by the difference between the stock's selling price and the exercise price per share of the incentive stock options.

If an optionee disposes of the shares of stock acquired by exercise of an incentive stock option before the expiration of the above holding period (a disqualifying disposition), the difference between the exercise price of such shares and the lesser of (i) the fair market value of the shares on the date of exercise or (ii) the selling price, will constitute compensation taxable to the grantee as ordinary income and we will receive a corresponding compensation deduction.

Non-qualified Stock Options. An optionee does not recognize any taxable income, and we are not entitled to a deduction, upon the grant of a non-qualified option. Upon the exercise of a non-qualified option, the optionee recognizes ordinary income, and we are entitled to a compensation deduction, equal to the excess of the fair market value of the shares acquired over the exercise price. The amount of such excess is generally determined by reference to the fair market value of the common stock on the date of exercise. If an grantee sells shares acquired pursuant to the exercise of a non-qualified option, the optionee will generally recognize capital gain or loss equal to the difference between the selling price of the shares and the optionee's basis in the shares. We are not entitled to any deduction with respect to any capital gain recognized by the grantee on the sale of shares acquired through exercise of a non-qualified option.

The deductibility of capital losses on the sale of shares is limited and, except to the extent of the \$3,000 annual capital loss allowance, generally may be used only to offset capital gains. Remaining capital losses may be carried forward to future tax years.

Stock Appreciation Rights. A grantee does not recognize any taxable income, and we are not entitled to a deduction, upon the grant of an SAR. Upon the exercise of an SAR, the grantee will recognize ordinary compensation income, and we will be entitled to a deduction, equal to the amount of cash paid to the grantee and the fair market value of any common stock distributed.

Performance Shares and Units and Dividend Equivalent Awards. A grantee of a performance share, performance unit or dividend equivalent award generally does not recognize taxable income at the time such award is made but will recognize ordinary compensation income at the time cash is paid, and we will be entitled to a corresponding deduction.

Limits on Company Deductions. As discussed above in connection with various types of award available under the Plan, the company will generally be allowed to deduct amounts that are includable as ordinary compensation income at the time those amounts are includable in income by the grantee. However, if, in any

Table of Contents

taxable year, any of our five highest paid executives (generally, our Chief Executive Officer and our four next highest compensated officers) receive total compensation in excess of \$1 million, we may not receive a deduction. Compensation that is performance-based within the meaning of the Code is excluded from the calculation of taxable income subject to the \$1 million deduction limit. We intend that compensation realized upon the exercise of an option or SAR granted under the 1999 Stock Incentive Plan, as amended, be excluded from the \$1 million deduction limitation as performance-based.

The board of directors has carefully considered and approved the amendment and restatement of the 1999 Stock Incentive Plan and recommends a vote FOR the approval of the amendment and restatement of the amendment and restatement of the 1999 Stock Incentive Plan.

APPENDIX A

PAC-WEST TELECOMM, INC.

CORPORATE GOVERNANCE STANDARDS

The Board of Directors (the Board) and the Nominating and Corporate Governance Committee of Pac-West Telecomm, Inc. (the Company) have established the following guidelines for the conduct and operation of meetings and the business of the Board. These guidelines will be reviewed periodically by the Board and the Nomination and Corporate Governance Committee and may be amended or modified from time to time.

1. **Duty of Loyalty:** Each director owes a duty of loyalty to the Company, is expected to act in the best interests of the Company and its stockholders as a whole, and to comply with the Pac-West Telecomm Code of Business Conduct and Ethics.

2. **Conduct of Board Meetings:** The conduct of meetings of the Board will be governed as follows:

a. **Selection of Agenda Items for Board Meeting.** The Chairman of the Board in consultation with the CEO will establish the agenda for each Board meeting. Each Board member shall be free to suggest the inclusion of item(s) on the agenda. The board will request from management of the Company, and review upon receipt, in detail the Company's long-term strategic plans and the major challenges faced by the Company in executing on these plans during at least annually.

b. **Board Materials Distributed in Advance.** Information and data concerning the Company, its financial affairs and strategic plan is important to the Board's understanding and decision making process. Accordingly, unless impracticable, appropriate written material relating to substantive agenda items there will be made available in advance of each meeting of the Board. Management will, unless impracticable, make every effort to make such written materials available at least three (3) full business days prior to each meeting of the Board.

c. **Presentations.** As a general rule, information on specific subjects should be made available to the Board members well in advance of each meeting so that the Board meeting time may be conserved, and discussion time focused on questions that the Board has about the material. On those occasions on which the subject matter is too sensitive to put in writing, the presentations will be discussed at the meeting.

d. **Management Presentations.** The Board encourages the Company's management to, from time to time, bring managers into Board meetings who (a) can provide additional insight into the items being discussed because of personal involvement in these areas, and/or (b) represent managers with future potential that management believes should be given exposure to the Board.

e. **Regular Attendance of Non-Directors at Board Meetings.** The Board is comfortable with the regular attendance at each Board meeting of non-Board members who are members of the Company's Executive Staff except during Executive Sessions of the Board.

3. **Executive Sessions of Independent Directors:** The Independent Directors of the Board will meet separately as a group at least once every quarter. Such meetings may be held in conjunction with regular or special meetings of the full Board. The Lead Independent Director will be selected by the Independent Directors and will assume the responsibility of chairing the regularly scheduled meetings of outside directors and bear such further responsibilities that the outside directors as a whole might designate from time to time.

4. **Access to Senior Management:** Each member of the Board shall have complete and open access to the Company's management. Board members will use their judgment to be sure that contact with management is not distracting to the operation of the Company and that such contact be coordinated, to the extent reasonably practicable, with the Chief Executive Officer or the Chairman of the Board. The board and each committee shall have the authority to obtain advice, reports or opinions from internal and external counsel and expert advisors and shall have the power to hire independent legal, finance and other advisors as

Table of Contents

they may deem necessary, without consulting with, or obtaining approval from, any officer of the Company in advance.

5. Composition of the Board:

a. Size of the Board. The by-laws of the Company currently provide for that the Board shall consist of nine members.

b. Mix of Inside and Outside Directors. A majority of the Board shall consist of Independent Directors.

c. Board Definition of What Constitutes Independence for Outside Directors. As use in these Corporate Governance Standards, an Independent Director is one who is independent of management, who does not have any consulting, advisory or other compensatory relationship with the Company and who otherwise does not have any relationships with the Company or its subsidiaries that would disqualify such director as an Independent Director under the applicable rules of the NASDAQ and the SEC. Directors who are currently, or have been within the last year, employees of or regular consultants to the Company, or one of its subsidiaries, are not independent.

d. Former Chief Executive Officer s Board Membership. When a Chief Executive Officer or any other employee director no longer holds such position, he or she should offer to resign from the board at the same time. Notwithstanding 5c, a former Chief Executive Officer serving on the Board will be considered a non-independent inside director for purposes of corporate governance.

e. Board Membership Criteria. The Nominating and Corporate Governance Committee is responsible for reviewing with the Board on a periodic basis, as necessary, the appropriate skills and characteristics required of Board members in the context of the current make-up of the Board.

f. Selection of New Director Candidates. The Board itself should be responsible, in fact as well as procedure, for selecting its own members, and determining and reviewing their qualifications. The Board delegates the screening process involved to the Nominating and Corporate Governance Committee with the direct input from the Chairman of the Board and Chief executive Officer as more particularly described in Section 13, below.

6. Board Compensation Review: The Compensation Committee shall have the responsibility for recommending to the Board compensation for non-employee directors. The Board believes that the amount of director compensation should be fair and competitive in relation to director compensation at other companies with businesses similar in size and scope to the Company; the type and amount of compensation should align directors interest with the long-term interests of stockholders; and the structure of the compensation program should be simple, transparent and easy for stockholders to understand. The Compensation Committee shall review the annual retainer fee as well as committee attendance fees and other compensation for non-employee directors with the full Board every other year.

7. Assessing the Board s Performance: The Nominating and Corporate Governance Committee is responsible to report annually to the Board an assessment of the Board s performance, decision making process and procedures. The Nominating and Corporate Governance Committee s purpose is to increase the effectiveness of the Board, not to review individual Board members. In addition, the Board shall conduct and annual independent self-evaluation to determine whether the Board and its committees are functioning effectively. The Nominating Committee and Corporate Governance report and the Board self-evaluation will be discussed by the full Board. These assessments should be of the Board s and the various committees contributions as a whole and specifically review areas in which the Board and/or the management believes a better contribution could be made in the short-and long-term perspective. The purpose should be to increase the effectiveness of the Board and of each committee as a whole as well as their individual members.

8. Committees of the Board: The committee structure of the Board shall at least consist of an Audit Committee, a Compensation Committee, a Nominating and Corporate Governance Committee and an Executive Committee. The Board shall convene other committees, as it deems appropriate, and shall delegate to such committees responsibilities and authority as deemed appropriate within legal limitations. No

Table of Contents

committee, including the Executive Committee, shall be empowered to take action or obligate the Company as matters beyond the express delegation of authority to it.

a. Assignment and Rotation of Committee Members. Consideration should be given to rotation of committee members periodically, but the Board does not feel that such a rotation should be mandated as a policy since there may be reasons to maintain an individual director's committee membership for a longer period.

b. Frequency and Length of Committee Meeting. The committee chair, in consultation with the committee members, will determine the frequency and length of the meeting of the committee in adherence to the committee charter.

c. Committee Agenda. The chair of the committee, in consultation with the appropriate members of management and staff, will develop the committee's agenda. Each committee will issue a schedule of agenda subjects to be discussed for the ensuing year at the beginning of each fiscal year (to the degree these can be foreseen). This forward agenda will also be shared with the full Board.

d. Committee Charter. Each committee, unless otherwise directed by the Board, shall develop a charter for approval by the full Board. The charter will set forth the principles, policies, objectives and responsibilities of the committees. The charters will provide that each committee will meet to review its performance at least once a year. The charters of all committees shall be subject to periodic review by the Board.

e. Committee Membership. The Audit Committee, the Compensation Committee, and the Nominating and Corporate Governance Committee shall each consist of three or more directors, each of whom shall satisfy the independence (and, in the case of the Audit Committee, the financial literacy and experience) requirements of Section 10A of the Securities Exchange Act of 1934, the NASDAQ and any other regulatory requirements. The members of these committees will also meet the other membership criteria specified in the respective charters for these committees. Committee members will be appointed by the Board upon recommendation by the Nominating and Governance Committee of the Board, in accordance with the charter and principles of the committee.

9. Selection of Lead Independent Director: The Lead Independent Director shall be elected annually by vote of the Independent Directors.

10. Director Responsibilities: The fundamental role of the directors is to exercise their business judgment to act in what they reasonably believe to be the best interests of the Company and its shareholders. In fulfilling that responsibility the directors should be able to rely on the honesty and integrity of the Company's senior management and expert legal, accounting, financial and other advisors.

11. Term Limits: There is currently no limitation on the number of terms a director may serve. While term limits could help ensure that there are fresh ideas and viewpoints available to the Board, they hold the disadvantage of losing the contribution of directors who have been able to develop, over a period of time, increasing insight into the Company and its operations and, therefore, provide an increasing contribution to the Board as a whole. However, the Nominating and Corporate Governance Committee and the Chairman of the Board will review each director's continuation on the Board annually. This will allow each director the opportunity to conveniently confirm his or her desire to continue as a member of the Board.

12. Board Nomination Process. The Company seeks and welcomes qualified candidates to serve as members of its Board of Directors. The process for identifying, evaluating and recommending new persons (Candidates) for nomination by the Board for election to the board is conducted under the auspices of the Nominating and Corporate Governance Committee (the Nominating Committee). The charter of the Nominating Committee sets forth the general qualifications and attributes which the Company seeks in its directors.

Recommendations of Candidates are welcome from holders of the Company's common voting stock who beneficially own and have owned for one year prior to the date of the recommendation, individually or in the aggregate, more than five percent (5%) of the issued and outstanding voting common stock of the Company.

Table of Contents

Recommendations of Candidates are also welcome from existing and former independent board members; management of the Company; and employees of the Company. From time to time the Nominating Committee or the Board of Directors may engage the services of one or more search firms to assist the Company in locating potential Candidates. Recommendations of Candidates may be submitted at any time of year via e-mail to (e-mail address to be determined) or via regular mail or overnight delivery service addressed to:

Nominating Committee

Pac-West Telecomm, Inc.
1776 W. March Lane, Suite 250
Stockton, CA 95207

Incumbent directors of the Company who express a willingness to serve another term shall be considered by the Committee for nomination without the requirement of a formal recommendation or Submittal.

In order to be considered by the Nominating Committee, a recommendation of a Candidate must be received by the company no earlier than 210 days and no later than 120 days prior to the anniversary date of the filing of the Company's Proxy Statement for the preceding year (Submittal Period). Recommendations received after the Submittal Period will be retained for consideration in the event of a board vacancy occurring after the date of the annual meeting. Recommendations must be resubmitted during each subsequent Submittal Period.

In order to be formally considered, recommendations must include the following information (the Submittal):

Legal names and contact information with respect to the person(s) making the recommendation.

In the case of recommendations from common stock holders, information concerning share ownership sufficient to establish the ownership and required holding period of more than five percent (5%) of the voting common stock of the Company by the person(s) making the recommendation

Legal name and contact information with respect to the Candidate

A Resume or biographical description of the Candidate sufficient to evaluate his or her personal qualifications and experience in light of the criteria set forth in the Committee charter

Legal names and contact information of three personal and business references with respect to the character and business background and experience of the Candidate

A statement that the Candidate is aware that he or she has been recommended and has expressed willingness and ability to serve if nominated and elected

The Nominating Committee will review the Submittals and stack rank the Candidates. As part of this process the committee may, but is not required to, solicit missing, clarifying or additional information regarding any Candidate in order to amplify the Submittal.

After the Nominating Committee has stack ranked the Candidates, it will evaluate the pool of available Candidates against the number of directors to be elected and the number, identity, qualifications and experience of the incumbent directors who are willing to serve another term. Taking the forgoing into consideration, the Nominating Committee shall preliminarily determine which incumbent directors it intends to recommend that the Board nominate for reelection.

After making that determination, the Nominating Committee will interview a number of Candidates at the top of the stack ranking equal to twice the number of open seats on the board for which an incumbent director is not expected to be nominated. Candidate interviews will be conducted by one or more members of the Nominating Committee, together with the Chairman of the Board and/or the CEO. At the conclusion of the interviews, the Nominating Committee shall confer with the Chairman of the Board and the CEO regarding the merits of the Candidates versus all of the incumbent directors who expressed a willingness to

Table of Contents

serve another term and shall either proceed to recommend nominees to the board or conduct interviews with additional stack ranked candidates as it deems appropriate. When it is satisfied with the size and qualifications of the pool of potential nominees composed of incumbent directors and Candidates who have been interviewed, the Committee shall cause background checks and drug screenings to be conducted on those Candidates it intends to recommend for nomination and, subject to successful completion of the background check and drug screenings of the Candidates, shall recommend to the Board a slate of nominees equal to the number of directors to be elected at the annual meeting.

After due and appropriate consultation with the Nominating Committee concerning the Candidate pool, and the incumbent directors willing to continue to serve, the Board of Directors shall accept as submitted or modify the slate of nominees; provided that the final slate shall not include any person who is not either an incumbent director or a Candidate and provided further that no Candidate may be approved by the Board who has not successfully completed a background check and drug screening.

13. Security Holder Communications. Any Security Holder may communicate with the Lead Independent Director of the board by accessing the Investor Relations page at www.pacwest.com and clicking the hyperlink (hyperlink to be determined). After completing the form that will appear on the website, an e mail from the website will be sent to the Lead Independent Director, and a copy will be sent to the General Counsel of the Company. As the sender of an e mail from this link a Security Holder will not be identified and no reply can be sent unless the Security Holder types in his or her name and contact information. The General Counsel will retain any such messages for a reasonable period of time. The Lead Independent Director may discuss the matter with the General Counsel and other members of the management team as deemed appropriate, with independent advisors, non-management directors or may take other action or no action in his or her good faith judgment and discretion.

14. Succession Planning: There should be available, on a continuing basis, the Chief Executive Officer's recommendation as to his successor should the Chief Executive Officer be unexpectedly disabled. There should be an annual report by the Chief Executive Officer to the Board on succession planning.

15. Leadership Development: In addition to the succession planning annual report, there should at the same time be a report on leadership development throughout the Management organization by the Chief Executive Officer.

16. Strategic Plan: Every year the Board will request from management and review and approve upon receipt and satisfaction with its contents a multi-year strategic plan and a one-year operating plan for the Company.

17. Board Interaction with Institutional Investors, the Press, Etc.: The Board believes that management speaks for the Company. Individual Board members may, from time to time, meet or to otherwise communicate with various constituencies that are involved with the Company. It is expected that Board members will do so only with the knowledge of management, and in most instances, at the request of management. In particular, any discussions with the media (e.g., press, TV, etc.) concerning the Company should be first channeled through the CEO, whenever practicable. The Company's directors should not accept any gift of value which indicates an intent to influence improperly the normal business relationship between the Company and any supplier, customer or competitor. Any discrepancy of the foregoing policies should be reviewed by the Board via the Nominating Committee.

18. Formal Evaluation of the Chief Executive Officer: The Compensation Committee should submit to the independent directors annually at the close of the fiscal year an evaluation of the Chief Executive Officer. After review, amendment and agreement by the Independent Directors, the evaluation should be communicated to the Chief Executive Officer by the Independent Directors. The evaluation should be based on objective criteria including performance of the business, accomplishment of long-term objectives, development of management, etc. The Independent Directors' final evaluation shall be used by the Compensation Committee when establishing the compensation of the Chief Executive Officer.

19. Orientation and Continuing Education: The Company shall provide directors with access to appropriate internal and external orientation programs and continuing education programs to ensure that they have sufficient information about the Company and their duties.

APPENDIX B

PAC-WEST TELECOMM, INC.

CODE OF BUSINESS CONDUCT AND ETHICS

Introduction

This Code of Business Conduct and Ethics (this Code) sets forth the basic guidelines that Pac-West Telecomm, Inc. (we, us, our or Pac-West) expects its employees, officers and directors to follow in conducting the Company's business.

In particular, the purpose of this Code is designed to deter wrongdoing and to promote honest and ethical conduct, full, fair, accurate, timely and understandable disclosure in reports and documents filed with the Securities and Exchange Commission (the Commission) and other public communications, compliance with applicable governmental laws, rules and regulations, prompt internal reporting of violations of this Code and accountability for adherence to this Code.

This Code does not address every situation that may arise, but sets out basic principles to guide our actions. Good judgment based upon an understanding of the laws, regulations and principles of ethics is the best safeguard against improper or unethical conduct. Each employee, officer and director is expected to attain a level of understanding of this Code, which will enable the exercise of proper judgment on these matters.

Compliance with Laws, Rules and Regulations

All of our employees, officers, and directors must respect and comply with the laws, rules and regulations of the countries, states and other jurisdictions in which we conduct business. Although each employee, officer and director is not required to know the details of all relevant laws, it is important to be sufficiently familiar with the laws to know when to seek the advice of supervisors or our General Counsel.

Compliance with the laws includes, without limitation, compliance with the laws against insider trading of our securities. We have in place a written policy to protect shareholder investments by strictly limiting and providing guidelines for trading in Company securities by employees, officers and directors consistent with the federal securities laws and regulations. If you are uncertain whether certain conduct constitutes insider trading, you should refer to the written policy or discuss the matter with our General Counsel.

Our records, including but not limited to, customer contracts, company correspondence, compliance reports to government agencies, books, records, accounts and financial statements must be maintained in reasonable detail, must appropriately reflect our transactions and arrangements and must conform both to applicable legal requirements and to our system of internal controls. Unrecorded or off the books funds, transactions or assets should not be maintained.

It is our policy to have full, fair, accurate, timely and understandable disclosures in our financial and operational reports filed with the Securities and Exchange Commission, state and federal regulatory agencies and other public communications. We expect our employees, officers and directors to take our public disclosure requirements very seriously and to provide prompt, accurate answers to internal inquiries related to our public disclosures.

Records should always be retained or destroyed according to our written document and record retention policies. In accordance with those policies, in the event of there being a reasonable likelihood of litigation or governmental investigation, please consult with our General Counsel.

The U.S. Foreign Corrupt Practices Act prohibits giving anything of value, directly or indirectly, to foreign government officials or foreign political candidates in order to obtain or retain business. It is strictly prohibited to make illegal payments to government officials of any country. In addition, the U.S. government has a number of laws and regulations regarding business gratuities that may be accepted by U.S. government personnel. The promise, offer or delivery to an official or employee of the U.S. government of a gift, favor or other gratuity in violation of these rules would not only violate our policy but could also be a criminal offense.

Table of Contents

State and local governments, as well as foreign governments, may have similar rules. Our General Counsel can provide guidance in this area.

Corporate Opportunities

Our employees, officers, and directors are prohibited from misappropriating for themselves any opportunities that are discovered through the use of our property, information or their position. No employee, officer or director may use our property, information or his or her position for improper personal gain, and no employee, officer or director may compete with us directly or indirectly. Our Employees, officers and directors owe a duty to us to advance our interests when the opportunity to do so arises.

Conflicts of Interest

Our employees, officers, and directors shall refrain from any conduct that would create a conflict of interest. A conflict of interest occurs when an individual's private interest interferes, or even appears to interfere, in any way with the interests of Pac-West as a whole. A conflict situation can arise when an employee, officer or director takes actions or has interests that may make it difficult to perform his or her work for us objectively and effectively. Conflicts of interest also arise when an employee, officer or director or a member of his or her family, receives improper personal benefits as a result of the position that the employee, officer or director holds with us. Loans to, or guarantees of obligations of, such persons and their family members may create conflicts of interest. If you become aware of any material transaction or relationship that reasonably could be expected to give rise to such a conflict of interest you should consult with our General Counsel. You should also consult with our General Counsel if you are uncertain whether a situation creates, or even appears to create, a conflict of interest.

The purpose of business entertainment and gifts in a commercial setting is to create good will and sound working relationships, not to gain unfair advantage with customers. No gift or entertainment should be offered, given, provided or accepted by any of our employees, any family member of our employees or our agents unless it: (1) is not a cash gift, (2) is consistent with customary business practices, (3) is not excessive in value, (4) cannot be construed as a bribe or payoff and (5) does not violate any laws or regulations. Employees should discuss with any member of our Senior Leadership Team, or our General Counsel any gifts or proposed gifts, the appropriateness of which may be uncertain. Members of our Senior Leadership Team or our board of directors should discuss any such matters with our General Counsel if they are unsure of the application of this policy.

It is almost always a conflict of interest for our employees to work simultaneously for a competitor, customer or supplier. You are not allowed to work for a competitor as a consultant or board member. The best policy is to avoid any direct or indirect business connection with our customers, suppliers or competitors, except on our behalf.

Confidentiality

Our employees, officers and directors shall maintain the confidentiality of information entrusted to them by us or by third parties who expect us to keep such information confidential. Such information must not be disclosed to others, except when disclosure is required by laws or regulations, or is authorized by appropriate personnel of Pac-West. Confidential information includes all non-public information the disclosure of which might be of use to competitors, or harmful to us or to third parties who have entrusted such information to us with an expectation of confidentiality. If you are uncertain whether information is confidential you should consult any member of our Senior Leadership Team including our General Counsel. Members of the Senior Leadership Team or members of our board of directors should direct any questions concerning this policy or its applicability to a specific situation to our General Counsel.

Fair Dealing

At Pac-West, we seek to outperform our competition fairly and honestly, and we seek competitive advantages through superior performance, never through unethical or illegal business practices. Each

Table of Contents

employee, officer and director shall endeavor to respect the rights of and deal fairly with our other employees, officers, directors, customers, suppliers and competitors. No employee, officer or director shall take unfair advantage of anyone through manipulation, concealment, abuse of privileged information, misrepresentation of material facts, or any other unfair-dealing practice. Stealing proprietary information, possessing trade secret information that was obtained without the owner's consent, or inducing such disclosures by past or present employees of other companies is prohibited.

Protection and Proper Use of Company Assets

All of our employees, officers, and directors are expected to take all reasonable steps to protect our assets and ensure their efficient use. Theft, carelessness and waste have a direct impact on our profitability. All Company assets shall be used for legitimate business purposes. Our assets shall not be used for personal use unless authorized by our policies or an appropriate official of Pac-West.

Inquiries for Information

Inquiries from the government, the financial/analyst community or the media must be brought to the attention of appropriate Pac-West personnel so that we can properly and thoroughly respond. If a representative of a governmental agency seeking an interview or making a non-routine request for documents contacts you, you should immediately contact our General Counsel so that appropriate arrangements can be made to fully comply with our legal obligations. Even if you believe you can respond to questions, no employee is authorized to speak with analysts or members of the media unless specifically authorized. All inquiries from the financial/analyst community and the media should be referred to our Investor Relations Department.

Reporting of Illegal or Unethical Behavior

Generally. Our employees are encouraged to talk to supervisors, managers, or any member of our Senior Leadership Team about the best course of action in a particular situation. Unresolved issues or concerns should be escalated to the General Counsel without hesitation. Our officers and directors should discuss such matters with our General Counsel. Pac-West is committed to providing a workplace conducive to open discussion of its business practices, including potential illegal or unethical behavior. In particular, employees and officers are encouraged to report either orally or in writing all evidence of activity by one or more of our departments or employees or officers that the reporting person believes may constitute a violation of law, unethical business conduct and or a violation of this Code.

If an employee would like to report an alleged improper activity they should contact their immediate supervisor, or the supervisor's manager. In the case of oral reports the person receiving the report shall immediately generate a written summary of the report. The receiving supervisor shall confirm the accuracy of the written summary of any oral report with the reporting employee within one business day unless the report was submitted anonymously. If the report is filed other than with the General Counsel, the person with whom it is filed shall, without exception, promptly inform the General Counsel of the filing of the report and provide a copy thereof or of the summary thereof to the General Counsel. If the report is being made by an officer or director it shall be made directly to the General Counsel.

Employees, officers and directors are encouraged to provide as much specific information as possible including names, dates, places, and events that took place, their perception of why the incident(s) may be a violation, and what action they recommend be taken. Anonymous written or telephonic communications will be accepted. Every report will be thoroughly and promptly investigated by management with the cooperation of the reporting employee (unless the report was made anonymously), officer or director. Information collected during any investigation will be shared with others who have a business related need to know. Unless the report is made anonymously, the results will be communicated to the reporting employee, officer or director.

Complaints about Accounting, Internal Accounting Controls or Audit Matters. Employees or officers with complaints about accounting, internal accounting controls or audit matters may report those issues confidentially to the Audit Committee of the Board of Directors by going to the internal posting of this

document, clicking on <http://pacwest.com>, and then clicking the hyperlink (hyperlink to be determined). After the reporting person completes the form that will appear on the website, an e-mail from the website will be sent to the Committee Chair, and the General Counsel. The reporting person will not be identified and no reply can be sent unless the reporting person types in his or her name and contact information. Awards may be granted to such Employees, Directors or Consultants who are residing in foreign jurisdictions as the Administrator may determine from time to time.

6. *Terms and Conditions of Awards.*

(a) *Type of Awards.* The Administrator is authorized under the Plan to award any type of arrangement to an Employee, Director or Consultant that is not inconsistent with the provisions of the Plan and that by its terms involves or might involve the issuance of (i) Shares, (ii) an Option, a SAR or similar right with a fixed or variable price related to the Fair Market Value of the Shares and with an exercise or conversion privilege related to the passage of time, the occurrence of one or more events, or the satisfaction of performance criteria or other conditions, or (iii) any other security with the value derived from the value of the Shares. Such awards include, without limitation, Options, sales or bonuses of Restricted Stock, SARs, Dividend Equivalent Rights, Performance Units or Performance Shares, and an Award may consist of one such security or benefit, or two (2) or more of them in any combination or alternative.

(b) *Designation of Award.* Each Award shall be designated in the Award Agreement. In the case of an Option, the Option shall be designated as either an Incentive Stock Option or a Non-Qualified Stock Option. However, notwithstanding such designation, to the extent that the aggregate Fair Market Value of Shares subject to Options designated as Incentive Stock Options which become exercisable for the first time by a Grantee during any calendar year (under all plans of the Company or any Parent or Subsidiary) exceeds \$100,000, such excess Options, to the extent of the Shares covered thereby in excess of the foregoing limitation, shall be treated as Non-Qualified Stock Options. For this purpose, Incentive Stock Options shall be

Table of Contents

taken into account in the order in which they were granted, and the Fair Market Value of the Shares shall be determined as of the grant date of the relevant Option.

(c) *Conditions of Award.* Subject to the terms of the Plan, the Administrator shall determine the provisions, terms, and conditions of each Award including, but not limited to, the Award vesting schedule, repurchase provisions, rights of first refusal, forfeiture provisions, form of payment (cash, Shares, or other consideration) upon settlement of the Award, payment contingencies, and satisfaction of any performance criteria. The performance criteria established by the Administrator may be based on any one of, or combination of, increase in share price, earnings per share, total shareholder return, return on equity, return on assets, return on investment, net operating income, cash flow, revenue, economic value added, personal management objectives, or other measure of performance selected by the Administrator. Partial achievement of the specified criteria may result in a payment or vesting corresponding to the degree of achievement as specified in the Award Agreement.

(d) *Acquisitions and Other Transactions.* The Administrator may issue Awards under the Plan in settlement, assumption or substitution for, outstanding awards or obligations to grant future awards in connection with the Company or a Related Entity acquiring another entity, an interest in another entity or an additional interest in a Related Entity whether by merger, stock purchase, asset purchase or other form of transaction.

(e) *Deferral of Award Payment.* The Administrator may establish one or more programs under the Plan to permit selected Grantees the opportunity to elect to defer receipt of consideration upon exercise of an Award, satisfaction of performance criteria, or other event that absent the election would entitle the Grantee to payment or receipt of Shares or other consideration under an Award. The Administrator may establish the election procedures, the timing of such elections, the mechanisms for payments of, and accrual of interest or other earnings, if any, on amounts, Shares or other consideration so deferred, and such other terms, conditions, rules and procedures that the Administrator deems advisable for the administration of any such deferral program.

(f) *Award Exchange Programs.* The Administrator may establish one or more programs under the Plan to permit selected Grantees to exchange an Award under the Plan for one or more other types of Awards under the Plan on such terms and conditions as determined by the Administrator from time to time.

(g) *Separate Programs.* The Administrator may establish one or more separate programs under the Plan for the purpose of issuing particular forms of Awards to one or more classes of Grantees on such terms and conditions as determined by the Administrator from time to time.

(h) *Individual Option and SAR Limit.* The maximum number of Shares with respect to which Options and SARs may be granted to any Grantee in any fiscal year of the Company shall be five hundred thousand (500,000) Shares. In connection with a Grantee's commencement of Continuous Service, a Grantee may be granted Options and SARs for up to an additional five hundred thousand (500,000) Shares which shall not count against the limit set forth in the previous sentence. The foregoing limitations shall be adjusted proportionately in connection with any change in the Company's capitalization pursuant to Section 11(a), below. To the extent required by Section 162(m) of the Code or the regulations thereunder, in applying the foregoing limitations with respect to a Grantee, if any Option or SAR is canceled, the canceled Option or SAR shall continue to count against the maximum number of Shares with respect to which Options and SARs may be granted to the Grantee. For this purpose, the repricing of an Option (or in the case of a SAR, the base amount on which the stock appreciation is calculated is reduced to reflect a reduction in the Fair Market Value of the Common Stock) shall be treated as the cancellation of the existing Option or SAR and the grant of a new Option or SAR.

(i) *Early Exercise.* The Award Agreement may, but need not, include a provision whereby the Grantee may elect at any time while an Employee, Director or Consultant to exercise any part or all of the Award prior to full vesting of the Award. Any unvested Shares received pursuant to such exercise may be subject to a repurchase right in favor of the Company or a Related Entity or to any other restriction the Administrator determines to be appropriate.

Table of Contents

(j) *Term of Award.* The term of each Award shall be the term stated in the Award Agreement, provided, however, that the term shall be no more than ten (10) years from the date of grant thereof. However, in the case of an Incentive Stock Option granted to a Grantee who, at the time the Option is granted, owns stock representing more than ten percent (10%) of the voting power of all classes of stock of the Company or any Parent or Subsidiary, the term of the Incentive Stock Option shall be five (5) years from the date of grant thereof or such shorter term as may be provided in the Award Agreement.

(k) *Non-Transferability of Awards.* Awards may not be sold, pledged, assigned, hypothecated, transferred, or disposed of in any manner other than by will or by the laws of descent or distribution and may be exercised, during the lifetime of the Grantee, only by the Grantee.

(l) *Time of Granting Awards.* The date of grant of an Award shall for all purposes be the date on which the Administrator makes the determination to grant such Award, or such other date as is determined by the Administrator. Notice of the grant determination shall be given to each Employee, Director or Consultant to whom an Award is so granted within a reasonable time after the date of such grant.

7. Award Exercise or Purchase Price, Consideration, Taxes and Reload Options.

(a) *Exercise or Purchase Price.* The exercise or purchase price, if any, for an Award shall be as follows:

(i) In the case of an Incentive Stock Option:

(A) granted to an Employee who, at the time of the grant of such Incentive Stock Option owns stock representing more than ten percent (10%) of the voting power of all classes of stock of the Company or any Parent or Subsidiary, the per Share exercise price shall be not less than one hundred ten percent (110%) of the Fair Market Value per Share on the date of grant; or

(vi) Notwithstanding the foregoing provisions of this Section 7(a), in the case of an Award issued pursuant to Section 6(d), above, the exercise or purchase price for the Award shall be determined in accordance with the principles of Section 424(a) of the Code.

(b) *Consideration.* Subject to Applicable Laws, the consideration to be paid for the Shares to be issued upon exercise or purchase of an Award including the method of payment, shall be determined by the Administrator (and, in the case of an Incentive Stock Option, shall be determined at the time of grant). In addition to any other types of consideration the Administrator may determine, the Administrator is authorized to accept as consideration for Shares issued under the Plan the following:

(i) cash;

(ii) check;

(iii) delivery of Grantee's promissory note with such recourse, interest, security, and redemption provisions as the Administrator determines as appropriate;

(iv) if the exercise or purchase occurs on or after the Registration Date, surrender of Shares or delivery of a properly executed form of attestation of ownership of Shares as the Administrator may require (including withholding of Shares otherwise deliverable upon exercise of the Award) which have a Fair Market Value on the date of surrender or attestation equal to the aggregate exercise price of the Shares as to which said Award shall be exercised (but only to the extent that such exercise of the Award would not result in an accounting compensation charge with respect to the Shares used to pay the exercise price unless otherwise determined by the Administrator);

(v) with respect to Options, if the exercise occurs on or after the Registration Date, payment through a broker-dealer sale and remittance procedure pursuant to which the Grantee (A) shall provide written instructions to a Company designated brokerage firm to effect the immediate sale of some or all of the purchased Shares and remit to the Company, out of the sale proceeds available on the settlement date, sufficient funds to cover the aggregate exercise price payable for the purchased Shares and (B) shall provide written directives to the Company to deliver the certificates for the purchased Shares directly to such brokerage firm in order to complete the sale transaction; or

(vi) any combination of the foregoing methods of payment.

(c) *Taxes.* No Shares shall be delivered under the Plan to any Grantee or other person until such Grantee or other person has made arrangements acceptable to the Administrator for the satisfaction of any foreign, federal, state, or local income and employment tax withholding obligations, including, without limitation, obligations incident to the receipt of Shares or the disqualifying disposition of Shares received on exercise of an Incentive Stock Option. Upon exercise of an Award the Company shall withhold or collect from Grantee an amount sufficient to satisfy such tax obligations.

(d) *Reload Options.* In the event the exercise price or tax withholding of an Option is satisfied by the Company or the Grantee's employer withholding Shares otherwise deliverable to the Grantee, the Administrator may issue the Grantee an additional Option, with terms identical to the Award Agreement under which the Option was exercised, but at an exercise price as determined by the Administrator in accordance with the Plan.

8. *Exercise of Award.*

(a) *Procedure for Exercise; Rights as a Shareholder.*

(i) Any Award granted hereunder shall be exercisable at such times and under such conditions as determined by the Administrator under the terms of the Plan and specified in the Award Agreement but in the case of an Option, in no case at a rate of less than twenty percent (20%) per year over five (5) years from the date the Option is granted, subject to reasonable conditions such as continued employment. Notwithstanding the foregoing, in the case of an Option granted to an Officer, Director or Consultant, the Award Agreement may provide that the Option may become exercisable, subject to

reasonable conditions such as such Officer s, Director s or Consultant s Continuous Service, at any time or during any period established in the Award Agreement.

(ii) An Award shall be deemed to be exercised when written notice of such exercise has been given to the Company in accordance with the terms of the Award by the person entitled to exercise the Award and full payment for the Shares with respect to which the Award is exercised, including, to the extent selected, use of the broker-dealer sale and remittance procedure to pay the purchase price as provided in Section 7(b)(v). Until the issuance (as evidenced by the appropriate entry on the books of the Company or of a duly authorized transfer agent of the Company) of the stock certificate evidencing such Shares, no right to vote or receive dividends or any other rights as a shareholder shall exist with respect to Shares subject to an Award, notwithstanding the exercise of an Option or other Award. No adjustment will be made for a dividend or other right for which the record date is prior to the date the stock certificate is issued, except as provided in the Award Agreement or Section 11(a), below.

(b) *Exercise of Award Following Termination of Continuous Service.* In the event of termination of a Grantee s Continuous Service for any reason other than Disability or death (but not in the event of a Grantee s change of status from Employee to Consultant or from Consultant to Employee), such Grantee may, but only during the Post-Termination Exercise Period (but in no event later than the expiration date of the term of such Award as set forth in the Award Agreement), exercise the Award to the extent that the Grantee was entitled to exercise it at the date of such termination or to such other extent as may be determined by the Administrator. The Grantee s Award Agreement may provide that upon the termination of the Grantee s Continuous Service for Cause, the Grantee s right to exercise the Award shall terminate concurrently with the termination of Grantee s Continuous Service. In the event of a Grantee s change of status from Employee to Consultant, an Employee s Incentive Stock Option shall convert automatically to a Non-Qualified Stock Option on the day three (3) months and one day following such change of status. To the extent that the Grantee is not entitled to exercise the Award at the date of termination, or if the Grantee does not exercise such Award to the extent so entitled within the Post-Termination Exercise Period, the Award shall terminate.

(c) *Disability of Grantee.* In the event of termination of a Grantee s Continuous Service as a result of his or her Disability, Grantee may, but only within at least twelve (12) months from the date of such termination (and in no event later than the expiration date of the term of such Award as set forth in the Award Agreement), exercise the Award to the extent that the Grantee was otherwise entitled to exercise it at the date of such termination; provided, however, that if such Disability is not a disability as such term is defined in Section 22(e)(3) of the Code, in the case of an Incentive Stock Option such Incentive Stock Option shall automatically convert to a Non-Qualified Stock Option on the day three (3) months and one day following such termination. To the extent that the Grantee is not entitled to exercise the Award at the date of termination, or if Grantee does not exercise such Award to the extent so entitled within the time specified herein, the Award shall terminate.

(d) *Death of Grantee.* In the event of a termination of the Grantee s Continuous Service as a result of his or her death, or in the event of the death of the Grantee during the Post-Termination Exercise Period, the Grantee s estate or a person who acquired the right to exercise the Award by bequest or inheritance may exercise the Award, but only to the extent that the Grantee was entitled to exercise the Award as of the date of termination, within at least twelve (12) months from the date of such termination (but in no event later than the expiration of the term of such Award as set forth in the Award Agreement). To the extent that, at the time of death, the Grantee was not entitled to exercise the Award, or if the Grantee s estate or a person who acquired the right to exercise the Award by bequest or inheritance does not exercise such Award to the extent so entitled within the time specified herein, the Award shall terminate.

(e) *Buyout Provisions.* The Administrator may at any time offer to buy out for a payment in cash or Shares, an Award previously granted, based on such terms and conditions as the Administrator shall establish and communicate to the Grantee at the time that such offer is made.

(a) the right to repurchase must be exercised, if at all, within ninety (90) days of the termination of the Grantee's Continuous Service (or in the case of Shares issued upon exercise of Awards after the date of termination of the Grantee's Continuous Service, within ninety (90) days after the date of the Award exercise);

(b) the consideration payable for the Shares upon exercise of such repurchase right shall be made in cash or by cancellation of purchase money indebtedness within the ninety (90) day periods specified in Section 10(a);

(d) the right to repurchase Shares, other than the right to repurchase Shares at the original purchase price pursuant to clause (i) of Section 10(c), shall terminate on the Registration Date.

Such adjustment shall be made by the Administrator and its determination shall be final, binding and conclusive. Except as the Administrator determines, no issuance by the Company of shares of stock of any class, or securities convertible into shares of stock of any class, shall affect, and no adjustment by reason hereof shall be made with respect to, the number or price of Shares subject to an Award.

13. *Amendment, Suspension or Termination of the Plan.*

(c) Any amendment, suspension or termination of the Plan (including termination of the Plan under Section 12, above) shall not affect Awards already granted, and such Awards shall remain in full force and effect as if the Plan had not been amended, suspended or terminated, unless mutually agreed otherwise between the Grantee and the Administrator, which agreement must be in writing and signed by the Grantee and the Company.

14. *Reservation of Shares.*

(a) The Company, during the term of the Plan, will at all times reserve and keep available such number of Shares as shall be sufficient to satisfy the requirements of the Plan.
