Proxy Statement for Annual Meeting of Stockholders

To Be Held on April 27, 2005

GENERAL INFORMATION

This proxy statement is furnished in connection with the solicitation of proxies by the Board of Directors of Federal Signal Corporation (the Company) for use at the Annual Meeting of Stockholders to be held at the Doubletree Guest Suites and Conference Center, 2111 Butterfield Road, Downers Grove, Illinois on Wednesday, April 27, 2005 at 11:00 a.m., local time, and any adjournment thereof for the following purposes:

1. To elect two directors of the Company;
2. To approve the Federal Signal Corporation 2005 Executive Incentive Compensation Plan, the reservation of 4,000,000 shares of Federal Signal Corporation Common Stock for future issuance under the plan and the performance criteria and limits under the plan for purposes of Internal Revenue Code Section 162(m);
3. To approve the Federal Signal Corporation Executive Incentive Performance Plan;
4. To ratify the appointment of Ernst & Young LLP as the Company's independent registered public accounting firm for 2005; and
5. To transact such other business as may properly come before the meeting or any adjournment thereof.

This proxy statement, the notice of annual meeting and the accompanying proxy card were first mailed to stockholders on or about March 22, 2005.

The accompanying proxy card permits a stockholder to direct whether his or her shares are to be voted for or withheld from the vote for the nominees for director and to vote for, against or abstain with regard to the approval of the other proposals listed above. Each proxy will be voted as the stockholder directs on the proxy. If no such direction is given on a proxy, it is the present intention of the persons named in the proxy card to vote the proxy for the election of the named nominees as directors, for the approval of the Federal Signal Corporation 2005 Executive Incentive Compensation Plan, including its performance criteria and limits, for the approval of the Federal Signal Corporation Executive Incentive Performance Plan and for the ratification of Ernst & Young LLP as the Company's independent registered public accounting firm for 2005. If the appointment of Ernst & Young LLP is not ratified, the Board will consider whether it should select another independent registered public accounting firm.

Solicitation Costs

The costs of solicitation of proxies for the Annual Meeting will be borne by the Company. Following the original solicitation of proxies by mail, certain officers and regular employees of the Company may solicit proxies by correspondence, telephone, e-mail, or in person, but without extra compensation. The Company will reimburse brokers and other nominee holders for their reasonable expenses incurred in forwarding the proxy materials to the beneficial owners.

Table of Contents

Voting Securities

Only the holders of record of the Common Stock of the Company at the close of business on February 28, 2005 will be entitled to vote at the meeting. On the record date, there were 48,727,511 shares of Common Stock issued and outstanding.

A majority of the outstanding shares, present in person or by proxy, will constitute a quorum at the meeting. For purposes of determining if a quorum is present, a designation on the proxy that the stockholder is withholding authority to vote for a nominee or nominees or abstaining from any proposal will be counted as a share represented at the meeting, but broker non-votes will not be counted. A broker non-vote occurs when a nominee holding shares for a beneficial owner does not vote on a particular proposal because the nominee does not have discretionary voting power with respect to that item and has not received instructions from the beneficial owner. Abstentions are counted as votes cast, whereas broker non-votes are not counted as votes cast for determining whether a proposition has been approved. Each stockholder of record will be entitled to one vote for each share of Common Stock standing in the name of the holder on the books of the Company on the record date.

A plurality of the votes cast is required for the election of directors, which means that the nominees with the two highest vote totals will be elected as directors. As a result, a designation on the proxy that the stockholder is withholding authority for a nominee or nominees and broker non-votes do not have an effect on the results of the vote for the election of directors.

The approval of a majority of votes cast at the meeting is required for approval of the Federal Signal Corporation 2005 Executive Incentive Compensation Plan, including approval of the plan's criteria and limits, provided that the total votes cast on the proposal represents over 50 percent of the total outstanding shares of Common Stock entitled to vote on the proposal at the Annual Meeting. Therefore, broker non-votes will have the effect of a vote against this proposal to the extent that the total vote does not exceed 50 percent of the outstanding shares of Common Stock. Shares subject to abstentions will have no effect on this proposal.

The approval of a majority of the shares of Common Stock present in person or by proxy and entitled to vote at the Annual Meeting is required for the approval of the Federal Signal Corporation Executive Incentive Performance Plan, ratification of Ernst & Young LLP as the Company's independent registered public accounting firm and for all other matters submitted to stockholders for a vote. Therefore, abstentions and broker non-votes will have no effect on these proposals.

Revocability of Proxy

A proxy may be revoked at any time before it is voted by filing a written notice of revocation or a later-dated proxy card with the Secretary of the Company or by attending the Annual Meeting and voting the shares in person. Attendance alone at the Annual Meeting will not revoke a proxy.

In connection with making this determination, the Board of Directors reviewed information including director questionnaires and other certifications concerning the relationships between the directors and the Company and any director relationships.

Committees of the Board of Directors

Pursuant to its By-Laws, the Company has established standing audit, nominating and governance, compensation and benefits, and executive committees.

Audit Committee. The Audit Committee of the Board of Directors is responsible for monitoring:

Table of Contents

the performance of the Company's internal audit function and independent registered public accounting firm; and

the compliance by the Company with legal and regulatory requirements, including the Company's Code of Business Conduct for all employees and Code of Ethics for the Chief Executive Officer and senior financial officers.

In fulfilling its role, the Audit Committee reviews the design and operation of internal control processes and the manner in which the Company controls its major financial risk exposures. The Audit Committee has direct and regular access to the Company's financial executives, including the internal auditor, the Chief Financial Officer, and the independent registered public accounting firm. The Audit Committee has the sole authority to appoint or replace the independent registered public accounting firm and is directly responsible for the compensation and oversight of the work of the independent registered public accounting firm. In addition, the Audit Committee considers and approves the performance of non-audit services by the Company's independent registered public accounting firm, taking into consideration the effect that the performance of these services may have upon the independence of the independent registered public accounting firm.

The Company's By-Laws prohibit a director who is also an employee of the Company from serving on the Audit Committee. The Board of Directors has determined that all of the members of the Audit Committee are independent as defined under the applicable New York Stock Exchange and Securities and Exchange Commission rules. The members of the Audit Committee are Joan Ryan (Chair), Charles Campbell and Robert Hamada. The Board of Directors has determined that Mr. Campbell and Ms. Ryan qualify as audit committee financial experts as defined by the Securities and Exchange Commission. None of the Audit Committee members serves on more than three audit committees.

Nominating and Governance Committee. The Nominating and Governance Committee is responsible for recommending guidelines to the Board of Directors for the governance of the Company, including the structure and function of the Board of Directors and its committees and the management of the Company, as well as identification and recommendation to the Board of Directors of candidates to be elected as directors.

Stockholders can nominate candidates for election as directors at stockholder meetings by giving at least 30 days advance written notice to the Secretary of the Company along with setting forth the following information with respect to the nominee: name, age, business and residence addresses, principal occupation or employment, the number of Company shares beneficially owned and a consent to serve as a director if elected that would be required for a nominee under the Securities and Exchange Commission rules. No procedure has been adopted by the Committee for considering the recommendation of director nominees by stockholders, but the Committee will consider stockholder nominees for new directorship on the same basis as other nominees.

The Committee has set no specific minimum qualification for a nominee to the Board of Directors, but the Committee considers the current make-up of the Board of Directors, the skills and business experience of the particular nominee, and the potential value the nominee would add to the Board of Directors. The Board of Directors has determined that all of the members of the Nominating and Governance Committee are independent as defined under the applicable New York Stock Exchange rules. The members of the Nominating and Governance Committee are Robert Hamada (Chairman), James Janning and Paul Jones. Walden O. For 2004, each non-employee director received an annual stock option grant to purchase 4,000 shares of Common Stock. These options vest three years from the date of grant. The total equity compensation to each non-employee director shall be comprised of equity awards equivalent to approximately \$40,000, which amount shall be split equally between stock awards and stock options. The stock awards and stock options will have a three year pro-rata vesting schedule. For 2005, the stock award portion of the equity award to each non-employee director will be 1,230 shares of Common Stock, calculated based on a closing price of \$16.26 per share on the date of the award. The stock option portion of the equity award, which will be made on the date of the Annual Meeting, will be comprised of a stock option grant for the number of shares of Common Stock having a value of approximately \$20,000 based on a Black Scholes calculated value, which option shall have an exercise price equal to the closing market price of the Common Stock on the date of the Annual Meeting.

For his service as Chairman of the Board of the Company, Mr. Janning is entitled to receive an annual retainer of \$59,000, a \$2,000 meeting fee for each Board meeting attended, and a per diem fee of \$2,500 (up to a maximum of \$150,000 per year). Table of Contents**Retirement Plans**

The Company's Retirement Plan provides retirement benefits for many salaried and hourly employees, including officers. Contributions are made on an actuarial group basis, and no specific amount of contributions is set aside for any individual participant. The following table sets forth the approximate annual pension benefit based on years of service and compensation and reflects dollar limitations under the Internal Revenue Code, as amended, which limits the annual benefits which may be paid from a tax-qualified retirement plan. The Company also maintains supplemental pension plans under which amounts in excess of the qualified plan limitations will be paid from the general funds of the Company, pursuant to the terms of the supplemental plans. No named executive officer is currently eligible to receive amounts pursuant to this supplemental plan.

The amount of pension benefits in the above table is reduced by one-half of the amount of available individual Social Security benefits. Estimated credited years of service are as follows: Mr. Welding, 0; Ms. Kushner, 2; Ms. Dickens, 0; Mr. Craig, 0; and Ms. Sherman, 9.

The maximum benefit under the qualified Retirement Plan is \$102,500 less one-half of social security payments. For purposes of the Retirement Plan, an employee's compensation is his Annual Compensation as set forth in the Summary Compensation Table.

Ms. Kushner may receive a supplemental payment upon retirement on or after age 57. She is entitled to a \$25,000 annual supplemental payment after five years of employment with the Company. This annual supplemental payment will increase by \$5,000 for each year she works after five years of employment up to a maximum of \$50,000 per year as a supplemental payment beginning on or after age 57.

EMPLOYMENT AGREEMENTS AND OTHER AGREEMENTS**Employment Agreement with Robert D. Welding**

The Company has an employment agreement with Mr. Welding. The agreement continues until the December 31st following Mr. Welding's 65th birthday subject to earlier termination by either the Company or the employee. Mr. Welding's annual salary is approved by the Compensation and Benefits Committee, but may not be less than \$600,000 or such higher minimum annual rate as determined by the Committee. In the discretion of the Board of Directors, Mr. Welding's annual compensation may be increased during the term of the agreement. In the event of death prior to termination of employment, Mr. Welding's estate is entitled to receive in monthly installments an amount equal to one year's minimum compensation. The agreement provides that, during Mr. Welding's employment and for a period of 36 months after termination of employment, Mr. Welding will not compete with the Company.

Table of Contents

The agreement's provisions obligating the Company to make certain payments to Mr. Welding upon termination of Mr. Welding's employment in the event of a change of control of the Company have been superseded by the Company's change-in-control agreement with Mr. Welding described below. The agreement's provisions relating to termination of Mr. Welding's employment without cause have been superseded by the Company's severance program described below.

Employment Termination Agreement with Stephanie K. Kushner

During 2004, the Company had an employment termination agreement with Ms. Kushner pursuant to which, upon any termination by the Company of Ms. Kushner's employment without cause, Ms. Kushner would be entitled to receive an amount equal to one year of her then current annual salary. Pursuant to the agreement, Ms. Kushner agreed not to solicit employees of the Company for a period of one year following termination of her employment, not to disclose confidential information and not to compete with the Company for a period of two years after payments were made to Ms. Kushner upon her termination by the Company without cause. The provisions of the agreement relating to termination of Ms. Kushner's employment without cause have been superseded by the Company's severance program described below.

Other Agreements

The Company is party to separate change-in-control severance agreements with each of Messrs. Welding and Craig and Mss. Kushner, Dickens and Sherman. Each of these agreements generally provides that if the executive officer's employment is terminated within two years after a change in control transaction without cause or for good reason, he or she will be entitled to a lump-sum cash payment equal to three times his or her annual compensation, including a bonus based upon his or her current annual target bonus opportunity established under the bonus plan in which the executive participates. In each case, the terminated executive will also be entitled to: (1) vesting and cash-out of all outstanding cash-based long-term incentive awards to the executive; (2) immediate and full vesting and lapse of restrictions on all outstanding equity-based long term incentive awards to the executive, including stock options and restricted stock awards; and (3) the continuation of the executive's health and welfare benefits for a period of up to three years following the date of termination.

If the value of the cash payments and the continuation or acceleration of benefits upon termination under any of the severance agreements would subject the executive officer to the payment of a federal excise tax as excess parachute payments, the Company will be required to make an additional gross-up payment to cover the full cost of any excise tax and all of the executive's additional federal, state and local income, excise and employment taxes owed by the executive.

Under the severance agreements, a change in control transaction is generally defined as:

an acquisition by any one person or group of beneficial ownership of 40 percent or more of the combined voting power of the Company's then outstanding securities;

the replacement of the majority of the directors of the Company during any period of twenty-four consecutive months;

consummation of a merger or consolidation with another corporation, other than (1) a merger or consolidation in which the combined voting securities of the Company immediately prior to such merger or consolidation continue to represent more than sixty percent of the combined voting power of the voting securities of the Company or the surviving entity outstanding immediately after such merger or consolidation; or (2) a merger or consolidation effected to implement a recapitalization of the Company or similar transaction in which no person or group acquires more than 40 percent of the combined voting power of the Company's then outstanding securities;

approval by the stockholders of a plan or an agreement for the sale or disposition of all or substantially all of the Company's assets; or

any other transaction that the Board of Directors designates as being a change in control.

Table of Contents

Cause generally means: (1) the executive officer's willful and continued failure to substantially perform his or her duties; (2) the executive's conviction of a felony; or (3) the executive's willful engagement in conduct that is demonstrably and materially injurious to the Company, monetarily or otherwise. Good reason generally means: (1) the assignment of the executive officer to duties materially inconsistent with the executive's authority and duties prior to the change in control or a material reduction in the executive's duties and authorities; (2) a reduction in or cancellation of the executive's salary, bonus, compensation or other benefit plans; (3) relocation of the executive to a new location in excess of 50 miles from the executive's principal office immediately prior to the change in control; or (4) any material breach of the severance agreement by the Company.

Severance Program

The Compensation and Benefits Committee has adopted a severance program effective January 1, 2005 under which certain employees and executive officers of the Company receive severance benefits. This severance program supersedes any previous severance agreements with the employees and executive officers covered under the policy. Under the severance program, the Named Executive Officers receive severance benefits upon termination of their employment by the Company without cause or their voluntary termination of employment for good reason. These benefits for the Named Executive Officers include (1) payment of twelve months of their base salary, (2) payment of a pro rata portion of their targeted bonus for the year of termination, and (3) a continuation of health benefits for 18 months after termination. The program requires executive officers to agree to certain restrictive covenants regarding noncompetition, nonsolicitation and confidentiality following termination of employment with the Company. Unvested long-term incentive award grants held by the executives are forfeited.

COMPENSATION AND BENEFITS COMMITTEE REPORT ON EXECUTIVE COMPENSATION

The Compensation and Benefits Committee of the Board of Directors consists of four independent outside directors. The Committee is responsible for setting and administering the policies that govern base salary, annual bonus, long-term incentives, and stock ownership programs for the executive officers of the Company.

Compensation Philosophy

The Company's compensation programs are designed to drive and reinforce the Company's articulated business goals and strategies. The Company has adopted a value-based management philosophy that emphasizes entrepreneurship and rewards managers and employees that think and act like owners. The pay programs are designed to encourage collaboration and the maximization of long-term stockholder value. Key elements of the Company's executive compensation philosophy are summarized below:

To attract, motivate, and retain highly experienced executives who are vital to the Company's short- and long-term success, profitability, and growth;

To create alignment with executives and business performance by rewarding executives for the achievement of strategic goals that successfully drive the operations of the Company;

To differentiate executive rewards based on actual performance; and

To provide targeted compensation levels that are consistent with the 50th percentile of competitive market practice for base salary, annual incentives and long-term incentives.

Components of Compensation

The major components of the Company's executive compensation program are base salary, annual incentives, long-term incentives, and certain other benefits. Annual incentive plans include performance measures that are relevant to the Company's operations and financial performance with respect to creating economic value. Long-term incentives may include various types of awards as appropriate, including but not

Table of Contents

limited to stock options, stock appreciation rights, restricted stock, and performance shares/units. Additionally, certain executive benefits and perquisites may be utilized when determined to be appropriate based on corporate initiatives and competitive practices.

Total compensation levels for the Company's executives are compared to the compensation paid to executives at a specified peer group of companies using external market data. The peer group is comprised of industrial manufacturing companies of comparable size with whom the Company competes for attracting and retaining executive talent. External market data from these peer companies, as provided by an independent consulting firm, is used to benchmark targeted pay levels by executive position for base pay, annual bonus, long-term incentives, and total compensation. The Committee also may utilize published survey data to supplement the determination of competitive levels of compensation in the marketplace.

Base Salaries

The Committee annually evaluates the individual performance of the executive officers based on performance reviews conducted by the Chief Executive Officer. In evaluating each executive officer, the Committee qualitatively reviewed the significance of the position held by the officer and the officer's experience and performance on the job, which is based on an assessment of the officer's management skills, judgment, application of knowledge and information, and support of corporate values and priorities.

Base salaries are targeted to be at the 50th percentile of competitive market practice, but may be adjusted to recognize varying levels of responsibility, prior experience, breadth of knowledge, and internal equity issues, as well as external pay practices. For 2004, the Committee set base salary levels for the executive officers and the Chief Executive Officer based primarily on external market data and the performance of each executive officer during the previous year. Mr. Welding, Ms. Dickens, and Mr. Craig were new hires to the Company, and Ms. Sherman was promoted to General Counsel. Accordingly, the Committee set base salary levels for these executive officers based primarily on external market data. Ms. Kushner's base salary was determined based on her performance during the previous year in addition to external market data.

Annual Incentives

2004 Annual Incentive Awards. The Company's executive officers are eligible to participate in an annual cash bonus plan. Cash bonus opportunities for executive officers in fiscal 2004 were principally tied to the Company's financial performance and individual performance goals. Target annual incentive amounts were established by the Committee at the beginning of the fiscal year for each executive officer based on his or her level of responsibility. At the end of fiscal 2004, bonus awards were determined based on a review of performance against combinations of the following financial performance metrics and goals set at both the corporate and individual business unit level:

Return on capital;

Net income growth (over prior year);

Working capital management (business unit measurement only); and

Operating income (business unit measurement only).

Cash bonuses were paid to executive officers that were below the target amounts set at the beginning of the year. The Company's financial performance did not meet the goals established by the Committee at the beginning of the fiscal year. Incentive awards paid to Mr. Welding, Ms. Kushner, and Ms. Sherman in 2004 were based solely on individual discretionary performance goals set at the beginning of the fiscal year. Ms. Dickens and Mr. Craig received pre-established bonus payments in connection with the Company's bonus policy pursuant to an offer letter.

Redesign for 2005. In accordance with the Company's goal to strengthen the linkages between pay and financial performance, the Company redesigned its annual incentive program for fiscal 2005. Going forward,

Table of Contents

bonuses will be based exclusively on the increases in economic value of the Company and/or individual business units over the prior year. Economic value will be determined by a formula taking into account the after-tax operating income and the average operating investment of the Company or business unit.

Eligible executives will be assigned threshold, target, and maximum bonus levels. If the threshold level of economic value creation is not met, no bonus will be paid.

To encourage a longer-term perspective while continuing to reward participants for the achievement of annual goals, the bonus plan for executives includes a Carry Forward Bonus feature. Carry Forward Bonus allows participants in the bonus plan to earn over the two year period following the year of the bonus opportunity any bonus opportunity (up to specified maximum limits) that was not attained during the current Plan Year. Executives can earn the balance of the attained bonus opportunity whenever cumulative value targets are achieved during the subsequent two year period. No Carry Forward Bonus from a prior year is earned if the target level of performance for the current year is not achieved.

To maintain alignment with the Company's updated executive compensation philosophy, the target annual incentive for each executive officer will be targeted at the 50th percentile for similar positions as reported within the comparative group. In a given year, Carry Forward Bonus from prior years may increase the annual bonus opportunity of the executive officers above the regular target levels.

Although annual bonuses depend primarily on the achievement of performance objectives as described above, the Committee may reduce, but not increase, awards based on other financial or non-financial actions that the Committee believes will benefit long-term stockholder value.

Long-Term Incentives

To give executives an incentive to increase stockholder value and to compensate them in accordance with such increases in stockholder value, the Committee generally grants to executives on an annual basis additional stock options and restricted stock awards. The compensation that executives received from stock options and awards in fiscal 2004 was negatively affected by the performance of the Company's stock price.

Long-term incentives are provided under the Company's long-term incentive plans. A combination of stock options, stock appreciation rights, restricted stock, performance shares/units, or other types of awards may be used, as determined appropriate to attract, retain, and motivate key executives. In prior years, the Committee has subjectively determined the number of shares to be granted and there has been no mechanical relationship between the number of options and restricted share awards granted.

In accordance with the Company's updated compensation philosophy and goal to strengthen the relationship between pay and performance when granting long-term incentives, the Company will consider the executive's level of responsibility, prior experience, historical award data, individual performance, and compensation practices at peer companies. The Committee's objective is to provide annualized long-term incentive award opportunities at the 50th percentile of competitive market practice for long-term incentives, based on economic value at grant.

The Company maintains stock ownership guidelines for officers at and above the Group President level. These guidelines are maintained in order to strengthen the link between long-term corporate performance and executive rewards. Individual stock ownership targets are based on a multiple of the executive's base salary. The executives have between three and five years from the date they become subject to the stock ownership guidelines to meet the guidelines. Both direct and indirect forms of ownership are recognized in achieving the requirements. Direct ownership will be in the form of shares of the Company's Common Stock owned. Indirect ownership includes unvested restricted shares, 401(k) funds invested in the Company's Common Stock, and deferred compensation invested in the Company's common share equivalents. For 2004, the target ownership level for Mr. Welding was set at five times his base salary. Target ownership levels for other executives were set at three times their base salaries.

Table of Contents

Other Benefits

The Company provides to its employees a qualified defined contribution plan benefit (401(k) savings plan). All employees of Federal Signal Corporation and its affiliated subsidiaries are eligible to participate in this 401(k) savings plan.

The Company provides to certain executives a non-qualified deferred compensation plan benefit. This supplemental retirement plan provides participants restoration of the benefits they would have received under the 401(k) savings plan if it were not for the limitation imposed by the Internal Revenue Code. In addition, the plan allows participants to defer part of their cash compensation. The plan is secured by a rabbi trust that is fully funded using the Company's Common Stock and plan benefits are paid out of the trust to avoid variable accounting treatment.

Executives currently participate in the Company's broad-based employee health and welfare benefits programs. Additional life insurance and long-term disability benefits are available to executives through voluntary programs. Mr. Welding receives an additional executive life insurance benefit through his employment contract. Executives receive a monthly vehicle allowance benefit in an amount that is consistent with the executives' position and level in the organization, and prevailing market practices.

During 2004, the Compensation and Benefits Committee adopted a severance program. Under the program, the Named Executive Officers receive severance benefits upon termination of their employment by the Company without cause or their voluntary termination of employment for good reason. These benefits include (1) payment of twelve months of their base salary, (2) payment of a pro rata portion of their targeted bonus for the year of termination, and (3) a continuation of health benefits for 18 months after termination.

The Company provides a broad-based relocation program to executive officers, directors, managers, and other employees that pays moving expenses and guarantees a minimum payment of the appraised value of the executive's home regardless of the sale price. In certain circumstances, the executive may also be entitled to an additional payment equal to demonstrable losses incurred by the executive in the sale of a home that was purchased in the five years prior to relocation.

2004 Compensation for the CEO

The Committee meets without the Chief Executive Officer present to evaluate his performance and establish his compensation. Compensation for the Company's Chief Executive Officer is based on the same basic factors as described above for the other members of senior management. Mr. Welding participates in the same executive compensation plans available to other executive officers.

In establishing Mr. Welding's base salary, cash incentive awards, and stock awards, the Committee considered the Company's overall performance and other factors. In 2004, Mr. Welding's first full year as Chief Executive Officer, the Company's net sales declined by 6% and the Company reported an operating loss. In establishing Mr. Welding's compensation, the Committee recognized the negative financial effect of the Company's announced restructuring activities, and Mr. Welding's achievement of individual performance goals and efforts in pursuing the strategic and operational goals of the Company. Mr. Welding's total cash compensation in 2004 was \$744,000. Mr. Welding had a base salary of \$600,000 and received a 0% salary adjustment in 2004. Mr. Welding earned an annual bonus of \$144,000 for services rendered in 2004. This represented a payout below targets set by the Committee and is the result of the Company failing to meet its financial performance targets set prior to the start of 2004. The Committee approved a 5% base salary adjustment for Mr. Welding in 2005. In 2004, Mr. Welding was granted a nonqualified stock option for 50,000 shares of the Company's Common Stock, and was also granted 50,000 restricted shares of the Company's Common Stock. The stock options vest 50 percent after two years and 100 percent after three years. The restricted stock awards vest 25% per year. For 2005, the Committee has approved a grant to Mr. Welding of options to purchase 136,200 shares of the Company's Common Stock and 48,600 restricted shares of the Company's Common Stock. These grants were made in accordance with the Company's compensation philosophy of providing targeted compensation levels consistent with the 50th percentile of

Table of Contents

competitive market practice. The stock options vest at 33 percent per year. The restricted stock awards vest 100% in the third year following the date of grant.

In connection with a number of actions taken in 2005 to improve the financial health of the Company, in February 2005, Mr. Welding announced that he would be taking a 15% reduction in his 2005 base salary for a 90 day period and that each of the other Named Executive Officers will be taking a 10% reduction in their 2005 base salary for a 90 day period. In addition, implementation of base salary adjustments for Mr. Welding and each of the other Named Executive Officers will be delayed for a 90 day period.

Deductibility of Executive Compensation

Section 162(m) of the Internal Revenue Code provides that compensation in excess of \$1 million paid to the chief executive officer and the other most highly compensated executive officers of a public company will generally be non-deductible for federal income tax purposes, subject to certain exceptions. The Committee intends to structure compensation arrangements in a manner that will avoid the deduction limitations imposed by Section 162(m) in appropriate circumstances. However, the Committee believes that it is important and necessary that the Committee retain the right and flexibility to provide and revise compensation arrangements, such as base salary and cash bonus incentive opportunities, that may not qualify under Section 162(m) if, in the Committee's view, such arrangements are in the best interests of the Company and its stockholders.

Summary

The Committee believes that the caliber and motivation of the Company's key employees and the quality of their leadership make a significant difference in the long-term performance of the Company. In the past year, the Committee has developed new pay strategies and refined the design of the Company's pay programs in order to strengthen the alignment of the interests of the Company's executives and employees with those of its stockholders. This continues to be a focus as the Company successfully completes its announced restructuring activities and improves financial performance.

AUDIT COMMITTEE REPORT

The Audit Committee of the Company's Board of Directors is currently comprised of three directors, none of whom are officers or employees of the Company. All members are independent under rules adopted by the New York Stock Exchange and the Sarbanes-Oxley Act. The Board of Directors has adopted a revised charter for the Audit Committee, which is included as Appendix A to this proxy statement and is available on the Company's website.

In accordance with its written charter, the Audit Committee assists the Board in fulfilling its responsibility for monitoring the integrity of the accounting, auditing and financial reporting practices, and compliance with legal and regulatory requirements of the Company, including its code of business ethics. In addition, for each fiscal year, the Audit Committee selects the independent registered public accounting firm to audit the financial statements of the Company and its subsidiaries, subject to approval of the Board of Directors. In fulfilling its oversight responsibilities, the Committee reviewed the audited financial statements in the Annual Report with management, including a discussion of the quality, not just the acceptability, of the accounting principles, the reasonableness of significant judgments, and the clarity of disclosures in the financial statements. The Committee also reviewed disclosures made by the Company's management during the certification process for the Form 10-K and Form 10-Q about any significant deficiencies in the design or operation of internal controls or material weaknesses therein and any fraud involving management or other employees who have a significant role in the Company's internal controls.

The Committee reviewed with the independent accountants, who are responsible for expressing an opinion on the conformity of those audited financial statements with generally accepted accounting principles, their judgments as to the quality, not just the acceptability, of the Company's accounting principles and such

Table of Contents

other matters as are required to be discussed with the Committee under generally accepted auditing standards (including Statement on Auditing Standards No. 61). In addition, the Committee has discussed with the independent accountants the accountants' independence from management and the Company, including the matters in the written disclosures required by the Independence Standards Board (including under Independence Standards Board Standard No. 1), and considered the compatibility of non-audit services with the accountants' independence.

The Committee has adopted a policy for the pre-approval of all services and fees to be provided by the Company's independent accountants for audit, audit-related, tax and all other services, which are allowable under applicable rules and regulations. The Committee annually pre-approves general and specific services and fees. The Committee periodically approves changes in such authorization and also delegates such periodic approval to the Committee Chairman, who reports any such authorizations to the Committee at its next meeting.

The Committee discussed with the Company's internal auditors and independent accountants the overall scope and plans for their respective audits. The Committee meets with the internal auditors and independent accountants, with and without management present, to discuss the results of their examinations, their evaluations of the Company's internal controls, and the overall quality of the Company's financial reporting.

In reliance on the reviews and discussions referred to above, the Committee recommended to the Board of Directors (and the Board has approved) that the audited financial statements be included in the Annual Report on Form 10-K for the year ended December 31, 2004 for filing with the Securities and Exchange Commission.

**PROPOSAL 2 APPROVAL OF THE FEDERAL SIGNAL CORPORATION
2005 EXECUTIVE INCENTIVE COMPENSATION PLAN**

The success of the Company depends, in large measure, on its ability to recruit and retain directors, officers, and key employees with outstanding ability and experience. The Board of Directors also believes there is a need to align stockholder and employee interests by encouraging employee stock ownership and to motivate employees with compensation conditioned upon achievement of the Company's financial goals.

In order to accomplish these objectives, the Board of Directors has adopted, subject to approval by the stockholders, the Federal Signal Corporation 2005 Executive Incentive Compensation Plan (the "Plan"). The Plan authorizes the issuance of up to 4,000,000 shares of the Company's Common Stock, which amount the Company currently anticipates will be adequate for the Company's equity-based incentive awards over the next four to five years. As part of this proposal, stockholders are also being asked to approve the performance criteria and limits under the plan for purposes of Internal Revenue Code Section 162(m). The approval of a majority of votes cast at the Annual Meeting is required for approval of the Plan and its performance criteria and limits, provided, that the total vote cast on the proposals represents over 50% of the total outstanding shares of Common Stock entitled to vote on the proposal at the Annual Meeting.

The Board of Directors recommends that stockholders vote for the approval of the Plan and its performance criteria and limits.

Summary Description of the Plan

The following summary of the terms of the Plan is qualified in its entirety by reference to the text of the Plan, which is attached as Appendix B to this proxy statement. If approved by the Company's stockholders, the Plan will be effective as of the date of approval. The Plan will be administered by the Compensation Committee of the Board of Directors (the "Committee").

Eligibility. All employees and directors of the Company and its subsidiaries are eligible to participate in the Plan. Approximately 300 employees of the Company and its subsidiaries and six nonemployee directors will currently be eligible to participate; however, because the Plan provides for broad discretion in selecting

Table of Contents

participants and in making awards, the total number of persons who will participate and the respective benefits to be accorded to them cannot be determined at this time.

Stock Available for Issuance Through the Plan. The Plan provides for a number of forms of stock-based compensation, as further described below. Up to 4,000,000 shares of the Company's Common Stock will be authorized for issuance through the Plan. As of February 28, 2005, the market value of a share of the Company's stock on the New York Stock Exchange was \$15.74.

Description of Awards Under the Plan. The Committee may award to eligible participants incentive and nonqualified stock options, stock appreciation rights, restricted stock, restricted stock units, performance units, performance shares, and other stock-based awards.

Stock Options. The Committee will have discretion to award incentive stock options (ISOs), which are intended to comply with Section 422 of the Internal Revenue Code (the Code), or nonqualified stock options (NQSOs), which are not intended to comply with Section 422 of the Code.

Options granted to participants under the Plan will expire at such times as the Committee determines at the time of the grant; provided, however, that no option will be exercisable later than ten years from the date of grant. Subject to the specific terms of the Plan, the Committee will have discretion to set such additional terms and conditions on option grants as it deems appropriate. The price at which the option is granted must be at least 100% of the fair market value of the shares of stock underlying the option on the date the option is granted.

Upon the exercise of an option under the Plan, the option price is payable to the Company in full by any method approved by the Committee at the time of grant, including payment in cash or its equivalent or by tendering previously acquired shares having an aggregate fair market value at the time of exercise equal to the total option price (provided, however, that the Company may require that the shares being tendered must have been held by the participant for at least six months prior to their tender to satisfy the option price or have been purchased on the open market). The Committee also may allow a cashless exercise, subject to applicable legal restrictions.

Stock Appreciation Rights. The Committee may grant stock appreciation rights, or SARs, under the Plan. Upon exercise of a SAR, the participant will receive an amount equal to the excess of the fair market value of one share of stock on the date of exercise over the exercise price, multiplied by the number of shares of stock covered by the SAR. The price at which a SAR is granted must be at least 100% of the fair market value of the shares of stock underlying the SAR on the date the SAR is granted.

A SAR may be granted in tandem with stock options, freestanding and unrelated to options, or any combination of these forms. The form of payment of a SAR may be made in cash or shares of the Company's Common Stock. If granted other than in tandem, the Committee will determine the number of shares of Common Stock covered by and the exercise period for the SAR. If a SAR is granted in tandem with an option, the exercise of the tandem SAR will require forfeiture of the related option (and when a share is purchased under the option, the tandem SAR shall similarly be cancelled). The Committee may limit the exercise period of a tandem SAR, except that the tandem SAR's exercise period may not exceed that of the related option.

Restricted Stock and Restricted Stock Units. The Committee is also authorized to award shares of restricted Common Stock and restricted stock units under the Plan upon such terms and conditions as the Committee establishes at the time of grant. Restricted stock units are similar to restricted stock, except that no shares are actually awarded to the participant on the date of grant. The award agreements relating to restricted stock and restricted stock units will specify the terms and period(s) of restriction, the number of shares of restricted Common Stock or restricted stock units, and such other provisions and terms as the Committee determines. Participants who are granted restricted stock or restricted stock units may be required to pay a purchase price for each share of restricted stock or restricted stock unit granted. Restricted stock units will be paid in cash, shares of stock or a combination thereof as determined by the Committee.

Table of Contents

Performance Units and Performance Shares. The Committee will also have discretion to award performance units and performance shares under the Plan upon such terms and conditions as it shall establish. Performance units will have an initial value as determined by the Committee, while each performance share will have an initial value equal to the fair market value of one share of Common Stock of the Company on the date of grant. The payout on the number and value of the performance units and performance shares will be a function of the extent to which the corresponding performance goals are met.

Other Stock-Based Awards. The Committee will also have discretion to award other stock-based awards under the Plan upon such terms and conditions as it shall establish. Each stock-based award shall have a value as may be determined by the Committee. The Committee may establish performance goals for such awards in its discretion and determine payout in its discretion.

Performance Criteria. The Committee may grant awards under the Plan to eligible employees subject to the attainment of certain specified performance measures. The performance measures are:

net earnings or net income (before or after taxes);

earnings per share;

net sales or revenue growth;

net operating profit;

return measures (including, but not limited to, return on assets, capital, invested capital, equity, sales, or revenue);

cash flow (including, but not limited to, operating cash flow, free cash flow, cash flow return on equity, and cash flow return on investment);

earnings before or after taxes, interest, depreciation, and/or amortization;

gross or operating margins;

productivity ratios;

share price (including, but not limited to, growth measures and total shareholder return);

expense targets;

margins;

operating efficiency;

market share;

customer satisfaction;

working capital targets; and

economic value added (net operating profit after tax minus the sum of capital multiplied by the cost of capital).

The number of performance-based awards granted to any participant in any year is determined by the Committee in its sole discretion. Following the end of a performance period, the Committee will determine the value of the performance-based awards granted for the period based on the attainment of the preestablished objective performance goals. The Committee may reduce, but not increase, the value of a performance-based award to a covered employee. Section 162(m) of the Internal Revenue Code, as amended, defines covered employees as the

chief executive officer of the Company or an individual acting in that capacity and those employees whose compensation the Company is required by the Securities Exchange Act of 1934, as amended, to report to shareholders because the employee is among the four other highest paid officers for the taxable year.

Table of Contents

Award Limits. Unless the Committee determines that an award to a covered employee is not designed to qualify as performance-based compensation, the following limits apply to grants of such awards under the plan:

the maximum number of shares subject to options granted in a plan year to a participant is 500,000 plus the amount of the participant's unused limit for the previous plan year;

the maximum number of Shares subject to SARs granted in a plan year to a participant is 500,000 plus the amount of the participant's unused limit for the previous year;

the maximum aggregate grant of restricted stock or restricted stock units in a plan year to a participant is 250,000 plus the amount of the participant's unused limit for the previous plan year;

the maximum aggregate award of performance units or performance shares that a participant can receive in a plan year is 250,000 shares, or equal to the value of 250,000 shares determined as of the vesting or payout date, plus the amount of the participant's unused limit for the previous year; and

the maximum aggregate grant of other stock-based awards in a plan year to a participant is 250,000 plus the amount of the participant's unused limit for the previous year.

Adjustment and Amendments. The Plan provides for appropriate adjustments in the number of shares of Common Stock subject to awards and available for future awards in the event of changes in outstanding Common Stock by reason of a merger, stock split, or certain other events.

The Plan may be modified or amended by the Committee at any time and for any purpose which the Committee deems appropriate. However, no amendment may adversely affect any outstanding awards without the affected holder's consent. No amendment of the Plan will occur without stockholder approval if such approval is required under any law, regulation or rule applicable to the Plan.

Change of Control. The treatment of awards upon a change of control of the Company may be determined by the Committee in connection with the grant of the award, as reflected in the applicable award agreement.

Duration of the Plan. The Plan will remain in effect, subject to the right of the Committee or the Company's Board of Directors to amend or terminate the Plan at any time, for a period of ten years from the effective date.

Forfeiture. An award agreement will set forth the extent to which a participant will retain or exercise rights with respect to the award following termination of the participant's employment with the Company. The termination provisions will be determined within the discretion of the Committee, may differ among participants, and may reflect distinctions based on the reasons for termination of employment. The Committee may specify in an award agreement the extent to which the rights and benefits of an award are subject to reduction, forfeiture, cancellation or recoupment upon future events.

Federal Income Tax Consequences

Options. With respect to options which qualify as ISOs, a Plan participant will not recognize income for federal income tax purposes at the time options are granted or exercised. If the participant disposes of shares acquired by exercise of an ISO either before the expiration of two years from the date the options are granted or within one year after the issuance of shares upon exercise of the ISO (the "holding periods"), the participant will recognize in the year of disposition: (a) ordinary income, to the extent that the lesser of either (1) the fair market value of the shares on the date of option exercise, or (2) the amount realized on disposition, exceeds the option price; and (b) capital gain, to the extent the amount realized on disposition exceeds the fair market value of the shares on the date of option exercise. If the shares are sold after expiration of the holding periods, the participant generally will recognize capital gain or loss equal to the difference between the amount realized on disposition and the option price. The Company receives no tax deduction for compensation expense with respect to ISOs unless the holding period requirements are not fulfilled by the participant.

Table of Contents

With respect to NQSOs, the participant will recognize no income upon grant of the option and, upon exercise, will recognize ordinary income to the extent of the excess of the fair market value of the shares on the date of option exercise over the amount paid by the participant for the shares. Upon a subsequent disposition of the shares received under the option, the participant generally will recognize capital gain or loss to the extent of the difference between the fair market value of the shares at the time of exercise and the amount realized on the disposition. The Company will receive a tax deduction for compensation expense with respect to NQSOs upon the exercise of the option in an amount equal to the spread.

SARs. The recipient of a grant of SARs will not realize taxable income and the Company will not be entitled to deduction with respect to such grant on the date of such grant. Upon the exercise of an SAR, the recipient will realize ordinary income, and the Company will be entitled to a corresponding deduction, equal to the amount of cash or stock received.

Restricted Stock and Restricted Stock Units. A participant holding restricted stock will, at the time the shares vest, realize ordinary income in an amount equal to the fair market value of the shares and any cash received at the time of vesting, and the Company will be entitled to a corresponding deduction for federal income tax purposes.

A participant holding restricted stock units will not be taxed until those units are actually paid out (whether in the form of shares or cash), at which time the participant will realize ordinary income in an amount equal to the fair market value of the units and any cash received at the time of payout, and the Company will be entitled to a corresponding deduction for federal income tax purposes.

Performance Units and Performance Shares. The recipient of a grant of performance units and/or performance shares will not realize taxable income and the Company will not be entitled to a deduction with respect to a grant on the date of the grant. Upon the payout of such award, the recipient will realize ordinary income and the Company will be entitled to a corresponding deduction, equal to the amount of cash received or the value of any stock received.

Other Stock-Based Awards. The recipient of a grant of other stock-based awards will not realize taxable income and the Company will not be entitled to a deduction with respect to such grant on the date of such grant. Upon the payout of such award, the recipient will realize ordinary income and the Company will be entitled to a corresponding deduction, equal to the amount of cash received or the value of any stock received.

PROPOSAL 3 APPROVAL OF THE FEDERAL SIGNAL CORPORATION

EXECUTIVE INCENTIVE PERFORMANCE PLAN

The Board is proposing the Federal Signal Corporation Executive Incentive Performance Plan (the Incentive Plan) for approval by the stockholders. The affirmative vote of a majority of the shares of Common Stock present in person or by proxy and entitled to vote at the Annual Meeting is required for approval of the Plan.

The following description of the material features of the Plan is a summary and is qualified in its entirety by reference to the Plan, a copy of which is attached to this proxy statement as Appendix C.

The Board of Directors recommends that stockholders vote for the approval of the Plan.

Summary Description of the Plan

The objective of the Incentive Plan is to provide for the payment of qualified performance-based compensation (including awards made pursuant to any of the Company's other stock-based or cash compensation plans) that is not subject to the deduction limitation contained in Section 162(m) of the Internal Revenue Code of 1986, as amended (the Code). Employees who are covered employees for purposes of Section 162(m) or who may be a covered employee as of the end of the tax year for which the Company would claim a tax deduction in connection with payment of compensation to that employee are eligible for awards under the Incentive Plan.

Section 162(m) defines covered employees as the chief executive officer of the Company or an individual acting in that capacity and those employees whose compensation the Company is required by the Securities Exchange Act of 1934, as amended, to report to shareholders because the employee is among the four other highest paid officers for the taxable year. Currently, there are 10 employees who would be eligible under the Incentive Plan. If the Incentive Plan is not approved by stockholders, no amounts will be paid under the Incentive Plan.

Administration of the Plan

The Incentive Plan will be administered by the Compensation and Benefits Committee of the Board. The Committee at all times will consist of persons who are outside directors as that term is defined in the regulations adopted under Section 162(m). The Committee, in its sole and absolute discretion, may modify, amend, terminate or suspend the Incentive Plan.

Plan Participants

The Committee will determine annually the employees who will participate in the Incentive Plan. The Committee may withdraw approval for a participant's participation at any time, at which time the employee involved will cease to be a participant in the Incentive Plan. Participants may be granted awards subject to a maximum dollar amount of \$2,000,000 for the fiscal year ending December 31, 2005, which maximum dollar amount for each subsequent fiscal year shall be increased by four percent of the maximum dollar amount for the preceding fiscal year.

Performance Criteria

The Committee will establish objective performance criteria for the attainment of each participant's maximum dollar amount for any fiscal year which shall include one or more of the following criteria:

net earnings or net income (before or after taxes);

earnings per share;

net sales or revenue growth;

net operating profit;

Table of Contents

- return measures (including, but not limited to, return on assets, capital, invested capital, equity, sales, or revenue);
- cash flow (including, but not limited to, operating cash flow, free cash flow, cash flow return on equity, and cash flow return on investment);
- earnings before or after taxes, interest, depreciation, and/or amortization;
- gross or operating margins;
- productivity ratios;
- share price (including, but not limited to, growth measures and total shareholder return);
- expense targets;
- margins;
- operating efficiency;
- market share;
- customer satisfaction;
- working capital targets; and

economic value added (net operating profit after tax minus the sum of capital multiplied by the cost of capital).

The Committee establishes the performance criteria for a Participant at the beginning of the period set by the Committee for achievement of the criteria. Following the period set for achievement of the criteria, the Committee will certify in writing whether the goals were met by the participant. Amounts will be paid to that participant under the Incentive Plan only to the extent the goals are met by the participant.

Federal Income Tax Consequences

Assuming compliance with Section 162(m) of the Code, the Company is entitled to a tax deduction at the time the participant realizes taxable income. Section 162(m) and the regulations adopted thereunder limit the deductibility of non-qualifying compensation in excess of \$1,000,000 paid to covered employees. However, the statute exempts qualifying performance-based compensation from the deduction limit if certain requirements are met. The Committee's policy is to maximize the tax deductibility of executive compensation without compromising the essential framework of the existing total compensation program. The Committee may elect to forgo deductibility for federal income tax purposes if such action is, in the opinion of the Committee, necessary or appropriate to further the goals of the Company's executive compensation program, or otherwise is in the Company's best interests.

New Plan Benefits

The benefits that will be received under the Plan by particular individuals or groups are not determinable at this time.

(b) Subject to the limit set forth in Section 4.1(a) on the number of Shares that may be issued in the aggregate under this Plan, the maximum number of Shares that may be issued pursuant to ISOs shall be: 4,000,000 Shares that may be issued pursuant to Awards in the form of ISOs.

Any Shares related to Awards which terminate by expiration, forfeiture, cancellation, or otherwise without the issuance of such Shares, are settled in cash in lieu of Shares, or are exchanged with the Committee's permission, prior to the issuance of Shares, for Awards not involving Shares, shall be available again for grant under this Plan. Moreover, if the Option Price of any Option granted under this Plan or the tax withholding requirements with respect to any Award granted under this Plan are satisfied by tendering Shares to the Company (by either actual delivery or by attestation), or if an SAR is exercised, only the number of Shares issued, net of the Shares tendered, if any, will be deemed delivered for purposes of determining the maximum number of Shares available for delivery under this Plan. The Shares available for issuance under this Plan may be authorized and unissued Shares or treasury Shares.

4.3 Annual Award Limits. Unless and until the Committee determines that an Award to a Covered Employee shall not be designed to qualify as Performance-Based Compensation, the following limits (each an Annual Award Limit and, collectively, Annual Award Limits) shall apply to grants of such Awards under this Plan:

4.4 *Adjustments in Authorized Shares.* In the event of any corporate event or transaction (including, but not limited to, a change in the Shares of the Company or the capitalization of the Company) such as a merger, consolidation, reorganization, recapitalization, separation, stock dividend, stock split, reverse stock split, split up, spin-off, or other distribution of stock or property of the Company, combination of Shares, exchange of Shares, dividend in kind, or other like change in capital structure or distribution (other than normal cash dividends) to shareholders of the Company, or any similar corporate event or transaction, the Committee, in its sole discretion, in order to prevent dilution or enlargement of Participants' rights under this Plan, shall substitute or adjust, as applicable, the number and kind of Shares that may be issued under this Plan or under particular forms of Awards, the number and kind of Shares subject to outstanding Awards, the Option Price or Grant Price applicable to outstanding Awards, the Annual Award Limits, and other value determinations applicable to outstanding Awards.

The Committee, in its sole discretion, may also make appropriate adjustments in the terms of any Awards under this Plan to reflect or related to such changes or distributions and to modify any other terms of outstanding Awards, including modifications of performance goals and changes in the length of Performance Periods. The determination of the Committee as to the foregoing adjustments, if any, shall be conclusive and binding on Participants under this Plan.

Subject to the provisions of Article 20, without affecting the number of Shares reserved or available hereunder, the Committee may authorize the issuance or assumption of benefits under this Plan in connection with any merger, consolidation, acquisition of property or stock, or reorganization upon such terms and conditions as it may deem appropriate, subject to compliance with the ISO rules under Section 422 of the Code, where applicable.

Article 5. Eligibility and Participation

5.1 *Eligibility.* Individuals eligible to participate in this Plan include all Employees and Directors.

5.2 *Actual Participation.* Subject to the provisions of this Plan, the Committee may, from time to time, select from all eligible individuals, those individuals to whom Awards shall be granted and shall determine, in its sole discretion, the nature of, any and all terms permissible by law, and the amount of each Award.

Article 6. Stock Options

6.1 *Grant of Options.* Subject to the terms and provisions of this Plan, Options may be granted to Participants in such number, and upon such terms, and at any time and from time to time as shall be determined by the Committee, in its sole discretion; provided that ISOs may be granted only to eligible Employees of the Company or of any parent or subsidiary corporation (as permitted by Section 422 of the Code and the treasury regulations thereunder).

Table of Contents

as the Committee shall determine which are not inconsistent with the terms of this Plan. The Award Agreement also shall specify whether the Option is intended to be an ISO or a NQSO.

6.3 *Option Price.* The Option Price for each grant of an Option under this Plan shall be as determined by the Committee and shall be specified in the Award Agreement. The Option Price shall be determined by the Committee, in its discretion; provided, however, the Option Price on the date of grant must be at least equal to one hundred percent (100%) of the FMV of the Shares on the date of grant.

6.4 *Term of Options.* Each Option granted to a Participant shall expire at such time as the Committee shall determine at the time of grant; provided, however, no Option shall be exercisable later than the tenth (10th) anniversary date of its grant. Notwithstanding the foregoing, for Nonqualified Stock Options granted to Participants outside the United States, the Committee has the authority to grant Nonqualified Stock Options that have a term greater than ten (10) years.

6.5 *Exercise of Options.* Options granted under this Article 6 shall be exercisable at such times and be subject to such restrictions and conditions as the Committee shall in each instance approve, which terms and restrictions need not be the same for each grant or for each Participant.

6.6 *Payment.* Options granted under this Article 6 shall be exercised by the delivery of a notice of exercise to the Company or an agent designated by the Company in a form specified or accepted by the Committee, or by complying with any alternative procedures which may be authorized by the Committee, setting forth the number of Shares with respect to which the Option is to be exercised, accompanied by full payment for the Shares.

A condition of the issuance of the Shares as to which an Option shall be exercised shall be the payment of the Option Price. The Option Price of any Option shall be payable to the Company in full either: (a) in cash or its equivalent; (b) by tendering (either by actual delivery or attestation) previously acquired Shares having an aggregate Fair Market Value at the time of exercise equal to the Option Price (provided that except as otherwise determined by the Committee, the Shares that are tendered must have been held by the Participant for at least six (6) months (or such other period as the Committee may permit) prior to their tender to satisfy the Option Price or have been purchased on the open market); (c) by a combination of (a) and (b); or (d) any other method approved or accepted by the Committee in its sole discretion, including, without limitation, if the Committee so determines, a cashless (broker-assisted) exercise.

Subject to any governing rules or regulations, as soon as practicable after receipt of written notification of exercise and full payment (including satisfaction of any applicable tax withholding), the Company shall deliver to the Participant evidence of book entry Shares, or upon the Participant's request, Share certificates in an appropriate amount based upon the number of Shares purchased under the Option(s).

Unless otherwise determined by the Committee, all payments under all of the methods indicated above shall be paid in United States dollars.

6.7 *Restrictions on Share Transferability.* The Committee may impose such restrictions on any Shares acquired pursuant to the exercise of an Option granted under this Article 6 as it may deem advisable, including, without limitation, minimum holding period requirements, restrictions under applicable federal securities laws, under the requirements of any stock exchange or market upon which such Shares are then listed and/or traded, or under any blue sky or state securities laws applicable to such Shares.

6.8 *Termination of Employment.* Each Participant's Award Agreement shall set forth the extent to which the Participant shall have the right to exercise the Option following termination of the Participant's employment or provision of services to the Company, its Affiliates, and/or its Subsidiaries, as the case may be. Such provisions shall be determined in the sole discretion of the Committee, shall be included in the Award Agreement entered into with each Participant, need not be uniform among all Options issued pursuant to this Article 6, and may reflect distinctions based on the reasons for termination.

6.9 *Notification of Disqualifying Disposition.* If any Participant shall make any disposition of Shares acquired pursuant to the exercise of an ISO under the circumstances described in Section 421(b) of the Code

Table of Contents

(relating to certain disqualifying dispositions), such Participant shall notify the Company of such disposition within ten (10) days thereof.

A Tandem SAR may be exercised only with respect to the Shares for which its related Option is then exercisable.

Notwithstanding any other provision of this Plan to the contrary, with respect to a Tandem SAR granted in connection with an ISO: (a) the Tandem SAR will expire no later than the expiration of the underlying ISO; (b) the value of the payout with respect to the Tandem SAR may be for no more than one hundred percent (100%) of the excess of the Fair Market Value of the Shares subject to the underlying ISO at the time the Tandem SAR is exercised over the Option Price of the underlying ISO; and (c) the Tandem SAR may be exercised only when the Fair Market Value of the Shares subject to the ISO exceeds the Option Price of the ISO.

7.6 *Settlement of SAR Amount.* Upon the exercise of an SAR, a Participant shall be entitled to receive payment from the Company in an amount determined by multiplying:

(a) The excess of the Fair Market Value of a Share on the date of exercise over the Grant Price; by

(b) The number of Shares with respect to which the SAR is exercised.

The payment upon SAR exercise shall be in cash or in Shares.

7.7 *Termination of Employment.* Each Award Agreement shall set forth the extent to which the Participant shall have the right to exercise the SAR following termination of the Participant's employment with or provision of services to the Company, its Affiliates, and/or its Subsidiaries, as the case may be. Such provisions shall be determined in the sole discretion of the Committee, shall be included in the Award Agreement entered into with Participants, need not be uniform among all SARs issued pursuant to this Plan, and may reflect distinctions based on the reasons for termination.

8.2 *Restricted Stock or Restricted Stock Unit Agreement.* Each Restricted Stock and/or Restricted Stock Unit grant shall be evidenced by an Award Agreement that shall specify the Period(s) of Restriction, the number of Shares of Restricted Stock or the number of Restricted Stock Units granted, and such other provisions as the Committee shall determine.

8.3 *Other Restrictions.* The Committee shall impose such other conditions and/or restrictions on any Shares of Restricted Stock or Restricted Stock Units granted pursuant to this Plan as it may deem advisable including, without limitation, a requirement that Participants pay a stipulated purchase price for each Share of Restricted Stock or each Restricted Stock Unit, restrictions based upon the achievement of specific performance goals, time-based restrictions on vesting following the attainment of the performance goals, time-based restrictions, and/or restrictions under applicable laws or under the requirements of any stock exchange or market upon which such Shares are listed or traded, or holding requirements or sale restrictions placed on the Shares by the Company upon vesting of such Restricted Stock or Restricted Stock Units.

To the extent deemed appropriate by the Committee, the Company may retain the certificates representing Shares of Restricted Stock in the Company's possession until such time as all conditions and/or restrictions applicable to such Shares have been satisfied or lapse.

Except as otherwise provided in this Article 8, Shares of Restricted Stock covered by each Restricted Stock Award shall become freely transferable by the Participant after all conditions and restrictions applicable to such Shares have been satisfied or lapse (including satisfaction of any applicable tax withholding obligations), and Restricted Stock Units shall be paid in cash, Shares, or a combination of cash and Shares as the Committee, in its sole discretion shall determine.

8.4 *Certificate Legend.* In addition to any legends placed on certificates pursuant to Section 8.3, each certificate representing Shares of Restricted Stock granted pursuant to this Plan may bear a legend such as the following or as otherwise determined by the Committee in its sole discretion:

The sale or transfer of Shares of stock represented by this certificate, whether voluntary, involuntary, or by operation of law, is subject to certain restrictions on transfer as set forth in the Federal Signal Corporation 2005 Executive Incentive Compensation Plan, and in the associated Award Agreement. A copy of this Plan and such Award Agreement may be obtained from Federal Signal Corporation.

8.5 *Voting Rights.* Unless otherwise determined by the Committee and set forth in a Participant's Award Agreement, to the extent permitted or required by law, as determined by the Committee, Participants holding Shares of Restricted Stock granted hereunder may be granted the right to exercise full voting rights with respect to those Shares during the Period of Restriction. A Participant shall have no voting rights with respect to any Restricted Stock Units granted hereunder.

8.6 *Termination of Employment.* Each Award Agreement shall set forth the extent to which the Participant shall have the right to retain Restricted Stock and/or Restricted Stock Units following termination of the Participant's employment with or provision of services to the Company, its Affiliates, and/or its Subsidiaries, as the case may be. Such provisions shall be determined in the sole discretion of the Committee, shall be included in the Award Agreement entered into with each Participant, need not be uniform among all

18.2 *Adjustment of Awards Upon the Occurrence of Certain Unusual or Nonrecurring Events.* The Committee may make adjustments in the terms and conditions of, and the criteria included in, Awards in recognition of unusual or nonrecurring events (including, without limitation, the events described in Section 4.4 hereof) affecting the Company or the financial statements of the Company or of changes in applicable laws, regulations, or accounting principles, whenever the Committee determines that such adjustments are appropriate in order to prevent unintended dilution or enlargement of the benefits or potential benefits intended to be made available under this Plan. The determination of the Committee as to the foregoing adjustments, if any, shall be conclusive and binding on Participants under this Plan.

18.3 *Awards Previously Granted.* Notwithstanding any other provision of this Plan to the contrary, no termination, amendment, suspension, or modification of this Plan or an Award Agreement shall adversely affect in any material way any Award previously granted under this Plan, without the written consent of the Participant holding such Award; however, notwithstanding the preceding, the Committee may amend any Award Agreement or the Plan without the consent of a Participant if the Committee deems it necessary to avoid adverse tax consequences to a Participant under Code Section 409A.

Article 19. Withholding

19.1 *Tax Withholding.* The Company shall have the power and the right to deduct or withhold, or require a Participant to remit to the Company, the minimum statutory amount to satisfy federal, state, and local taxes, domestic or foreign, required by law or regulation to be withheld with respect to any taxable event arising as a result of this Plan.

19.2 *Share Withholding.* With respect to withholding required upon the exercise of Options or SARs, upon the lapse of restrictions on Restricted Stock and Restricted Stock Units, or upon the achievement of performance goals related to Performance Shares, or any other taxable event arising as a result of an Award granted hereunder, Participants may elect, subject to the approval of the Committee, to satisfy the withholding requirement, in whole or in part, by having the Company withhold Shares having a Fair Market Value on the date the tax is to be determined equal to the minimum statutory total tax that could be imposed on the transaction. All such elections shall be irrevocable, made in writing, and signed by the Participant, and shall be subject to any restrictions or limitations that the Committee, in its sole discretion, deems appropriate.

21.4 *Severability.* In the event any provision of this Plan shall be held illegal or invalid for any reason, the illegality or invalidity shall not affect the remaining parts of this Plan, and this Plan shall be construed and enforced as if the illegal or invalid provision had not been included.

21.5 *Requirements of Law.* The granting of Awards and the issuance of Shares under this Plan shall be subject to all applicable laws, rules, and regulations, and to such approvals by any governmental agencies or national securities exchanges as may be required.

21.6 *Delivery of Title.* The Company shall have no obligation to issue or deliver evidence of title for Shares issued under this Plan prior to:

(a) Obtaining any approvals from governmental agencies that the Company determines are necessary or advisable; and

(b) Completion of any registration or other qualification of the Shares under any applicable national or foreign law or ruling of any governmental body that the Company determines to be necessary or advisable.

21.7 *Inability to Obtain Authority.* The inability of the Company to obtain authority from any regulatory body having jurisdiction, which authority is deemed by the Company's counsel to be necessary to the lawful issuance and sale of any Shares hereunder, shall relieve the Company of any liability in respect of the failure to issue or sell such Shares as to which such requisite authority shall not have been obtained.

21.8 *Investment Representations.* The Committee may require any individual receiving Shares pursuant to an Award under this Plan to represent and warrant in writing that the individual is acquiring the Shares for investment and without any present intention to sell or distribute such Shares.

Subsidiaries operate or have Employees or Directors, the Committee, in its sole discretion, shall have the power and authority to:

(a) Determine which Affiliates and Subsidiaries shall be covered by this Plan;

(c) Modify the terms and conditions of any Award granted to Employees and/or Directors outside the United States to comply with applicable foreign laws;

Any subplans and modifications to Plan terms and procedures established under this Section 20.9 by the Committee shall be attached to this Plan document as appendices; and

(e) Take any action, before or after an Award is made, that it deems advisable to obtain approval or comply with any necessary local governmental regulatory exemptions or approvals.

Notwithstanding the above, the Committee may not take any actions hereunder, and no Awards shall be granted, that would violate applicable law.

21.10 *Uncertificated Shares.* To the extent that this Plan provides for issuance of certificates to reflect the transfer of Shares, the transfer of such Shares may be effected on a noncertificated basis, to the extent not prohibited by applicable law or the rules of any stock exchange.

21.11 *Unfunded Plan.* Participants shall have no right, title, or interest whatsoever in or to any investments that the Company, and/or its Subsidiaries, and/or its Affiliates may make to aid it in meeting its obligations under this Plan. Nothing contained in this Plan, and no action taken pursuant to its provisions, shall create or be construed to create a trust of any kind, or a fiduciary relationship between the Company and any Participant, beneficiary, legal representative, or any other individual. To the extent that any person acquires a right to receive payments from the Company, its Subsidiaries, and/or its Affiliates under this Plan, such right shall be no greater than the right of an unsecured general creditor of the Company, a Subsidiary, or an Affiliate, as the case may be. All payments to be made hereunder shall be paid from the general funds of the Company, a Subsidiary, or an Affiliate, as the case may be and no special or separate fund shall be established and no segregation of assets shall be made to assure payment of such amounts except as expressly set forth in this Plan.

21.12 *No Fractional Shares.* No fractional Shares shall be issued or delivered pursuant to this Plan or any Award. The Committee shall determine whether cash, Awards, or other property shall be issued or paid in lieu of fractional Shares or whether such fractional Shares or any rights thereto shall be forfeited or otherwise eliminated.

21.13 *Retirement and Welfare Plans.* Neither Awards made under this Plan nor Shares or cash paid pursuant to such Awards may be included as compensation for purposes of computing the benefits payable to any Participant under the Company's or any Subsidiary's or Affiliate's retirement plans (both qualified and non-qualified) or welfare benefit plans unless such other plan expressly provides that such compensation shall be taken into account in computing a Participant's benefit.

21.14 *No Deferred Compensation.* No deferral of compensation shall be permitted under this Plan. However, the Committee may permit deferrals of compensation pursuant to a separate plan or a subplan which meets the requirements of Code Section 409A and the regulations thereunder. Notwithstanding any provision herein to the contrary, to the extent an Award would be subject to the requirements of Code Section 409A and the regulations thereunder, then the Award Agreement and the Plan shall be construed and administered such that the Award complies with Code Section 409A, and the Committee may revise such Award Agreement and/or the Plan so that the Award shall be in compliance with Code Section 409A. Additionally, to the extent any Award is subject to Code Section 409A, notwithstanding any provision herein to the contrary, the Plan does not permit the acceleration of the time or schedule of any distribution related to

Table of Contents

such Award, except as permitted by Code Section 409A, the regulations thereunder, and/or the Secretary of the United States Treasury.

21.15 *Nonexclusivity of this Plan.* The adoption of this Plan shall not be construed as creating any limitations on the power of the Board or Committee to adopt such other compensation arrangements as it may deem desirable for any Participant.

21.16 *No Constraint on Corporate Action.* Nothing in this Plan shall be construed to: (i) limit, impair, or otherwise affect the Company's or a Subsidiary's or an Affiliate's right or power to make adjustments, reclassifications, reorganizations, or changes of its capital or business structure, or to merge or consolidate, or dissolve, liquidate, sell, or transfer all or any part of its business or assets; or, (ii) limit the right or power of the Company or a Subsidiary or an Affiliate to take any action which such entity deems to be necessary or appropriate.

21.17 *Governing Law.* The Plan and each Award Agreement shall be governed by the laws of the State of Delaware, excluding any conflicts or choice of law rule or principle that might otherwise refer construction or interpretation of this Plan to the substantive law of another jurisdiction. Unless otherwise provided in the Award Agreement, recipients of an Award under this Plan are deemed to submit to the exclusive jurisdiction and venue of the federal or state courts of Delaware, to resolve any and all issues that may arise out of or relate to this Plan or any related Award Agreement.

21.18 *Indemnification.* Subject to requirements of Delaware law, each individual who is or shall have been a member of the Board, or a Committee appointed by the Board, or an officer of the Company to whom authority was delegated in accordance with Article 3, shall be indemnified and held harmless by the Company against and from any loss, cost, liability, or expense that may be imposed upon or reasonably incurred by him in connection with or resulting from any claim, action, suit, or proceeding to which he may be a party or in which he or she may be involved by reason of any action taken or failure to act under this Plan and against and from any and all amounts paid by him in settlement thereof, with the Company's approval, or paid by him in satisfaction of any judgement in any such action, suit, or proceeding against him, provided he shall give the Company an opportunity, at its own expense, to handle and defend the same before he undertakes to handle and defend it on his own behalf, unless such loss, cost, liability, or expense is a result of his own willful misconduct or except as expressly provided by statute.

The foregoing right of indemnification shall not be exclusive of any other rights of indemnification to which such individuals may be entitled under the Company's Certificate of Incorporation or Bylaws, as a matter of law, or otherwise, or any power that the Company may have to indemnify them or hold them harmless.

ARTICLE III. ELIGIBILITY AND PARTICIPATION

Edgar Filing: FEDERAL SIGNAL CORP /DE/ - Form DEF 14A

3.1 *Eligibility.* The Participants in this Plan for any Performance Period shall be comprised of each employee of the Company who is a covered employee for purposes of Section 162(m) of the Code, or who may be such a covered employee as of the end of a tax year for which the Company would claim a tax deduction in connection payment of compensation to such employee, during such Performance Period and

who is designated individually or by class to be a Participant for such Performance Period by the Committee at the time a Target Award is established for such employee.

3.2 *Participation.* Participation in the Plan will be determined annually by the Committee. Employees approved for participation will be notified of their selection as soon after approval as practicable.

3.3 *Termination of Approval.* The Committee may withdraw approval for a Participant's participation at any time. A Participant who is withdrawn from participation under this Section will not receive any award for the Performance Period under this Plan.

ARTICLE IV. PERFORMANCE CRITERIA

4.1 *Target Awards.* The Committee shall establish objective performance criteria for the Target Award of each Participant for each Performance Period in writing. Such formula shall be based upon one or more of the following criteria, individually or in combination, as the Compensation Committee in its discretion shall determine: (a) net earnings or net income (before or after taxes); (b) earnings per share; (c) net sales or revenue growth; (d) net operating profit; (e) return measures (including, but not limited to, return on assets, capital, invested capital, equity, sales, or revenue); (f) cash flow (including, but not limited to, operating cash flow, free cash flow, cash flow return on equity, and cash flow return on investment); (g) earnings before or after taxes, interest, depreciation, and/or amortization; (h) gross or operating margins; (i) productivity ratios; (j) share price (including, but not limited to, growth measures and total shareholder return); (k) expense targets; (l) margins; (m) operating efficiency; (n) market share; (o) customer satisfaction; (p) working capital targets; and (q) economic value added or EVA (net operating profit after tax minus the sum of capital multiplied by the cost of capital).

Such formula shall be sufficiently detailed and objective so that a third party having knowledge of the relevant performance results could calculate the award amount to be granted to the Participant pursuant to such Target Award formula.

Such Target Award shall be established in writing by the Committee no later than 90 days after the beginning of such Performance Period (but no later than the time prescribed by Section 162(m) of the Code or the regulations thereunder in order for the level to be considered pre-established).

4.2 *Grant of Award.* As a condition to the right of a Participant to receive any award under this Plan, the Committee shall first be required to certify in writing, by resolution of the Committee or other appropriate action, that the performance criteria of the Target Award have been achieved and that the award amount of such Target Award has been accurately determined in accordance with the provisions of this Plan. For this purpose, approved minutes of a meeting of the Committee in which the certification is made shall be treated as written certification.

The Committee shall have the right to reduce the amount granted pursuant to a Target Award of a Participant in its sole discretion at any time and for any reason before the Target Award is granted to the Participant, based on such criteria as it shall determine. Notwithstanding any contrary provision of this Plan, the Committee may not adjust upwards the amount granted pursuant to a Target Award subject to this Plan, nor may it waive the achievement of the performance criteria established pursuant to this Plan for the applicable Performance Period.

The award amount so determined by the Committee shall be granted to the Participant as soon as administratively practical after the amount of the award had been determined and documented as provided above. The amount of the award granted under this Plan shall be the sole award granted to each Participant with respect to a Performance Period.

The amount granted pursuant to a Target Award may be paid in the form of cash, an award under any benefit plan of the Company or any other form of payment approved by the Committee; provided that the

Table of Contents

value of such payments at the time the payment, credit or award is made, does not exceed the dollar amount of the Target Award.

4.3 *Maximum Award.* The maximum award amount to be granted to each Participant for the 2005 year Performance Period shall be \$2,000,000. Thereafter, the maximum award amount for each subsequent Performance Period shall be increased by 4% over the maximum award amount for the immediately preceding Performance Period.

The Committee shall have the power to impose such other restrictions on Target Awards and awards subject to this Plan as it may deem necessary or appropriate to ensure that such awards satisfy all requirements for performance-based compensation within the meaning of Section 162(m) of the Code, the regulations promulgated thereunder, and any successors thereto.

ARTICLE V. RIGHTS OF PARTICIPATION

5.1 *Employment.* Nothing in this Plan will interfere with or limit in any way the right of the Employer to terminate a Participant's employment at any time, nor confer upon any Participant any right to continue in the employ of an Employer.
