PROXY STATEMENT

The enclosed proxy is solicited by the Board of Directors (the *Board*) of Fidelity National Financial, Inc. (the *Company* or *FNF*) for use at the Annual Meeting of Stockholders to be held June 22, 2005 at 9:00 a.m., Eastern Daylight Time, or at any adjournment thereof, for the purposes set forth herein and in the accompanying Notice of Annual Meeting of Stockholders. The meeting will be held in the Peninsular Auditorium at 601 Riverside Avenue, Jacksonville, Florida.

It is anticipated that such proxy, together with this proxy statement, will be first mailed on or about April 29, 2005 to all stockholders entitled to vote at the meeting.

The Company's principal executive offices are located at 601 Riverside Avenue, Jacksonville, Florida 32204, and its telephone number at that address is (904) 854-8100.

I. GENERAL INFORMATION ABOUT THE ANNUAL MEETING

Your shares can be voted at the annual meeting only if you vote by proxy or if you are present and vote in person. Even if you expect to attend the annual meeting, please vote by proxy to assure that your shares will be represented.

Who is entitled to vote? All record holders of FNF common stock as of the close of business on April 25, 2005 are entitled to vote. On that day, 172,719,198 shares were issued and outstanding and eligible to vote. Each share is entitled to one vote on each matter presented at the annual meeting.

What shares are covered by the proxy card? The proxy card covers all shares held by you of record (*i.e.*, shares registered in your name), and any shares held for your benefit in FNF's employee 401(k) plan and Employee Stock Purchase Plan.

What if I am a beneficial holder rather than an owner of record? If you hold your shares through a broker, bank, or other nominee, you will receive separate instructions from the nominee describing how to vote your shares.

How do I vote? There are three ways to vote by proxy, other than by attending the annual meeting and voting in person:

by mail, using the enclosed proxy card and return envelope;

by telephone, using the telephone number printed on the proxy card and following the instructions on the proxy card; or

by internet, using a unique password printed on your proxy card and following the instructions on the proxy card.

What does it mean to vote by proxy? It means that you give someone else the right to vote your shares in accordance with your instructions. In this case, we are asking you to give your proxy to our Chief Executive Officer and Chairman of the Board and to our Vice-Chairman of the Board, who are sometimes referred to as the proxy holders. By giving your proxy to the proxy holders, you assure that your vote will be counted even if you are unable to attend the annual meeting. If you give your proxy but do not include specific instructions on how to vote on a particular proposal described in this proxy statement, the proxy holders will vote your shares in accordance with the recommendation of the Board of Directors for such proposal.

Table of Contents

On what am I voting? You will be asked to consider two proposals at the annual meeting.

Proposal No. 1 asks you to elect four members of our Board for the next three years.

Proposal No. 2 asks you to ratify the appointment of KPMG LLP as the Company's independent auditors for the 2005 fiscal year.

What happens if other matters are raised at the meeting? Although we are not aware of any matters to be presented at the annual meeting other than those contained in the Notice of Annual Meeting, if other matters are properly raised at the meeting in accordance with the procedures specified in FNF's charter and bylaws, all proxies given to the proxy holders will be voted in accordance with their best judgment.

What if I submit a proxy and later change my mind? If you have submitted your proxy and later wish to revoke it, you may do so by doing one of the following: giving written notice to the Corporate Secretary; submitting another proxy bearing a later date (in any of the permitted forms); or casting a ballot in person at the annual meeting.

Who will count the votes? FNF's solicitor, Morrow & Co., will serve as proxy tabulator and count the votes, and the results will be certified by the inspector of election.

How many votes must each proposal receive to be adopted? The following votes must be received:

For Proposal No. 1 regarding the election of directors, the four people receiving the largest number of votes cast at the annual meeting will be elected as directors.

For Proposal No. 2, under Delaware law the affirmative vote of a majority of the shares present or represented by proxy and entitled to vote would be required for approval.

What constitutes a quorum? A quorum is present if a majority of the outstanding shares of common stock entitled to vote is represented. Broker non-votes and abstentions will be counted for purposes of determining whether a quorum is present.

What are broker non-votes? Broker non-votes occur when nominees, such as banks and brokers holding shares on behalf of beneficial owners, do not receive voting instructions from the beneficial holders at least ten days before the meeting. If that happens, the nominees may vote those shares only on matters deemed "routine" by the NYSE, such as election of directors or ratification of auditors. Nominees cannot vote on non-routine matters, unless they receive voting instructions from beneficial holders, resulting in so-called "broker non-votes." For purposes of the NYSE requirement that the total votes cast represent over fifty percent of all shares entitled to vote on a proposal, broker non-votes will not count as votes cast. For purposes of the Delaware law requirement that the proposals receive the affirmative vote of a majority of the shares present or represented by proxy and entitled to vote, broker non-votes will have no effect.

What effect does an abstention have? With respect to Proposal No. 1, abstentions or directions to withhold authority will not be included in vote totals and will not affect the outcome of the vote. With respect to Proposal No. 2, for purposes of the Delaware law requirement that a proposal receive the affirmative vote of a majority of the shares present or represented by proxy and entitled to vote, abstentions will have the effect of a vote against the proposals.

Who pays the cost of soliciting proxies? We pay the cost of the solicitation of proxies, including preparing and mailing the Notice of Annual Meeting of Stockholders, this proxy statement and the proxy card. Following the mailing of this proxy statement, directors, officers and employees of the Company may solicit proxies by telephone, facsimile transmission or other personal contact, for which services such persons will receive no additional compensation. Brokerage houses and other nominees, fiduciaries and custodians who are holders of record of shares of common stock will be requested to forward proxy soliciting material to the beneficial owners of such shares and will be reimbursed by the Company for their charges and expenses in connection therewith at customary and reasonable rates. In addition, the Company has retained Morrow & Co. to assist in the solicitation of proxies for an estimated fee of \$10,000 plus reimbursement of expenses.

What if I share a household with another stockholder? We have adopted a procedure approved by the SEC called householding. Under this procedure, stockholders of record who have the same address and last name and do not participate in electronic delivery of proxy materials will receive only one copy of our Annual Report and Proxy Statement unless one or more of these stockholders notifies us that they wish to continue receiving individual copies. This procedure will reduce our printing costs and postage fees. Stockholders who participate in householding will continue to receive separate proxy cards. Also, householding will not in any way affect dividend check mailings. If you are eligible for householding, but you and other stockholders of record with whom you share an address currently receive multiple copies of our Annual Reports and/or Proxy Statements, or if you hold stock in more than one account, and in either case you wish to receive only a single copy of the Annual Report or Proxy Statement for your household, please contact our transfer agent, Continental Stock Transfer & Trust (in writing: 17 Battery Place, 8th Floor, New York, NY 10004; by telephone: (212) 509-4000). Beneficial stockholders can request information about householding from their banks, brokers or other holders of record. The Company hereby undertakes to deliver promptly upon written or oral request, a separate copy of the annual report to stockholders, or proxy statement, as applicable, to a Company stockholder at a shared address to which a single copy of the document was delivered.

Retirement Benefits

We maintain an employee stock purchase plan and a 401(k) profit sharing plan covering substantially all of our employees. These plans do not discriminate in favor of directors or executive officers in the nature or level of benefits provided to participants. Additionally, in connection with our merger with Chicago Title, we assumed Chicago Title's noncontributory defined benefit pension plan (the *Pension Plan*). The Pension Plan covered certain Chicago Title employees and the benefits thereunder were based on years of service and the employee's average monthly compensation in the highest 60 consecutive calendar months during the 120 months ending at retirement or termination. Effective as of December 31, 2001, the Pension Plan was frozen and there will be no future credit given for years of service or changes in salary. None of the named executive officers were ever participants in the Pension Plan.

Employee Stock Purchase Plan. In 1987, the stockholders approved the adoption of an Employee Stock Purchase Plan (the *ESPP*). Under the terms of the ESPP and subsequent amendments, eligible employees may voluntarily purchase, at current market prices, shares of the Company's common stock through payroll deductions. Pursuant to the ESPP, employees may contribute an amount between 3% and 15% of their base salary and certain commissions. The Company contributes varying amounts as specified in the ESPP.

401(k) Profit Savings Plan. The Company offers a 401(k) Profit Sharing Plan (the *401(k) Plan*), which is a qualified voluntary contribution savings plan, to substantially all of its employees. Eligible employees may contribute up to 15% of their pretax annual compensation, subject to annual limitations imposed by the Internal Revenue Service. The Company matches 50% of each dollar of employee contribution up to 6% of the employee's total compensation.

Report of the Compensation Committee

This report summarizes the philosophical principles, specific program objectives, and other factors considered by the Compensation Committee in reaching its determinations regarding the compensation of executive officers in 2004, including the basis for compensation of the Chief Executive Officer.

Purpose of the Compensation Committee. The Compensation Committee's primary function is to assist the Board of Directors in discharging its responsibilities related to the compensation of the Company's executive officers and other executives as designated by the Board. The Committee seeks to ensure that the Company's compensation policies and practices are consistent with the Company's values and support the successful recruitment, development, and retention of executive talent in order to achieve the Company's business objectives and optimize long-term financial returns. The Committee's actions and decisions are presented to the full Board for its consideration.

During 2004, the Compensation Committee was composed entirely of independent directors, as defined under current New York Stock Exchange listing standards and the Company's Corporate Governance Guidelines. The Committee engages its own independent consultant to (a) advise it regarding best practices in executive compensation, (b) annually review market data to assess the Company's competitive position and the reasonableness of base salary, annual incentives, long-term incentives and perquisites, and (c) advise it with respect to specific executive compensation decisions. The Committee reviews perquisites as well as employment, severance, or similar arrangements for Company executives and also monitors compliance with the Company's Stock Ownership Guidelines. After each regular meeting, the Committee holds an executive session of only Committee members.

The Compensation Committee’s Charter provides greater detail concerning the Committee’s responsibilities and procedures. A copy of the Compensation Committee’s Charter is posted on the Company’s web site at www.fnf.com. Stockholders also may obtain a copy by writing to the Corporate Secretary at the address set forth on the first page of this Proxy Statement.

Compensation Philosophy. Below is a brief summary of certain basic elements of the Company’s executive compensation philosophy:

1. *Linkage to Company Performance.* An essential part of the Company’s executive compensation program is the linkage of compensation to Company performance. Our approach is based on the belief that the interests of executives should be closely aligned with those of the Company’s stockholders. A significant portion of each executive’s total compensation is linked to accomplishing specific, measurable results intended to create value for stockholders in both the short- and long-term. Compensation plans are developed to motivate executives to improve the overall performance and profitability of the Company, and the specific region/unit to which they are assigned. Executives generally will be rewarded only when and if the business goals previously established by management and the Committee have been achieved. Each executive’s individual performance and contribution will be reflected through differentiated salary adjustments and the amount of incentive awards paid, if any. Long-term incentive awards are paid in stock options and restricted stock, further reinforcing the link between the executives’ and stockholders’ interests. Moreover, total compensation must be set at competitive levels to attract the best talent to the Company, motivate employees to perform at their highest levels, reward outstanding achievement, and retain those individuals with the leadership abilities and skills necessary for building long-term stockholder value. A significant part of an executive’s total compensation is variable, at material risk, and tied to both the annual and long-term financial performance of the Company, such as profit, growth, returns, and stockholder value. Stock ownership is also emphasized, so that executives manage from an owner’s perspective. The Committee believes that material stock ownership by executives effectively aligns the interests of those employees with those of stockholders and strongly motivates executives to build long-term share value.

2. *Stock Ownership Guidelines.* The Committee and the Board feel strongly that the best way to reinforce the link between executives and stockholders is to require that executives own a significant amount of Company common stock. As a result, the Committee has established formal stock ownership guidelines for all corporate officers, including the named executive officers, and members of the Board. A copy of the Company’s stock ownership guidelines is posted on the Company’s website at www.fnf.com. As evidence of their commitment to these guidelines, each named executive officer currently holds more than their respective guideline amount. The guidelines, including those applicable to non-employee directors, are as follows:

Position	Minimum Aggregate Value
Chairman and CEO	5 times base salary
Other Officers	2 times base salary
Members of the Board	2 times annual retainer

3. *Expensing of Stock Options.* The Company elected, beginning in 2003, to treat stock options and restricted stock as an expense under Financial Accounting Standard 123. The Committee and Board believe that this treatment reflects greater accuracy and transparency of the cost of these incentives and promotes better corporate governance.

4. *Repricing of Stock Options.* The Company’s policy is to prohibit the repricing of stock options. Our compensation plans contain that prohibition.

5. *Dilution from Equity-Based Compensation.* The Compensation Committee reviews potential shareholder dilution that may occur as a result of grants under our equity-based compensation programs. Based on a discussion with our compensation consultant and Institutional Shareholder Services (ISS) and a review of competitive market data, we believe that the potential dilution is within the range prevailing among other public companies relevant to compare to the Company.

Table of Contents

6. *Perquisites.* It is our philosophy to provide few perquisites to executives. In general, the perquisites we provide are intended to help executives be more productive and efficient or to protect the company and the executive from certain business risks and potential terrorist threats. In 2004, certain executive officers received the following perquisites: assistance with financial planning, reimbursement for an automobile lease payment, personal use of a Company airplane, country club membership, and an annual physical exam. Our review of competitive market data indicates that the perquisites provided to executives are reasonable and within market practice.
7. *Employment Contracts.* Certain senior officers, including those reported in the Summary Compensation Table, have employment agreements with the Company. The main purpose of the employment agreements is to protect the Company from certain business risks (threats from competitors, loss of confidentiality or trade secrets, disparagement, solicitation of customers and employees) and to define the Company's right to terminate the employment relation. The employment agreements also protect the executive from certain risks, such as a change in control of the Company and death or disability.
8. *Compensation Deductibility Policy.* Section 162(m) of the Internal Revenue Code limits the Company from deducting compensation paid in any year to a named executive officer in excess of \$1 million, but does not subject performance-based compensation to this limit. The Committee continues to emphasize performance-based compensation for executives, thus minimizing the effect of Section 162(m). However, the Committee believes that its primary responsibility is to provide a compensation program that attracts, retains, and rewards the executive talent necessary for the Company's success. Consequently, in any year the Committee may authorize nonperformance-based compensation that is not fully deductible under Section 162(m).

Components of Executive Compensation. The main components of the executive compensation program are base salary, annual performance bonus plan, stock options, and restricted stock. The Compensation Committee determines the amount of compensation under each component based on the appropriate ratio between performance-based compensation and other forms of compensation, the level of responsibility and individual contribution of the executive officer, and competitive practice in the marketplace for similar executives from companies of similar size and complexity as FNF.

1. *Base salary.* When establishing base salaries for executives, consideration is given to compensation paid for similar positions at companies included in compensation surveys. In addition, other factors such as individual performance, potential for future advancement, specific job responsibilities, and length of time in their current position will influence the final determination for individual executives.
2. *Annual performance bonus.* Annual performance incentive awards for executive officers are provided in order to promote the achievement of the Company's short-term business objectives that are important to executing its business strategy. For 2004, the Committee established a fixed percentage of base salary as an executive's target annual incentive opportunity, which ranged from 75% to 160% of base salary. For each executive, actual payout may range from zero to two times (three times for Mr. Foley) the target incentive opportunity, depending on achievement of goals, with payments increasing as performance improves. No bonus payment will be made to the executive officer, however, if a defined, minimum performance threshold is not attained. At the beginning of each year, the Committee establishes performance targets and also sets a minimum performance level that must be achieved before any awards can be paid, giving consideration to the Company's prior year's performance and objectives as well as to investor expectations for the Company in the upcoming year. Additionally, individual performance goals may be established for each executive. Annual incentive awards for 2004 were based on meeting weighted objectives for return on equity, revenue growth, and other key strategic objectives. As in previous years, management recommended that the Compensation Committee establish aggressive performance targets for 2004. At the end of 2004, we reviewed the Company's overall operating performance and determined that financial results for the performance goals were above target.

performance requirements. The Company had another year of outstanding performance for 2004. Shareholder return (i.e., stock price appreciation plus dividends) was over 30% for 2004. For the two year period of 2003 and 2004, shareholder

Table of Contents

return was over 95%. The Company increased its market capitalization by over \$2.0 billion for 2004. For 2003 and 2004, market capitalization increased by over \$5.5 billion. Furthermore, the Company outperformed its peers in the title industry on key dimensions of financial performance and shareholder return. The management team also initiated the major elements of its recapitalization strategy.

3. *Stock options and restricted stock.* Key objectives of the stock-based incentive plans are to help FNF attract and retain outstanding employees and to promote the growth and success of the Company's business by aligning the financial interests of these employees with the Company's stockholders. The plans authorize the Compensation Committee to grant stock options, restricted stock, stock appreciation rights, and other stock awards to employees of FNF. The plans also authorize the payment of dividends or dividend equivalents on any grants of restricted stock or stock options.

In 2004, the Compensation Committee authorized a grant of stock options to the executive officers. These options have an exercise price equal to the market price of the Company's common stock on the grant date, vest over three years based on continued employment, and expire eight years after the grant date. Stock options encourage executives to become owners of FNF, which further aligns their interests with those of the stockholders. Furthermore, these options have value to the executives only if the price of the Company's stock appreciates after the options are granted. In contrast, restricted stock grants were made to executives in 2003 instead of stock options. The 2003 restricted stock grants vest over four years. The Compensation Committee believes that the stock option grant, in combination with the 2003 restricted stock grant, provides a balanced approach with regard to equity-based compensation and maintains a reasonable level of equity dilution for our stockholders. Executives have the right to dividends payable on the restricted stock and the stock-based incentive plans allow the Company to pay dividends on certain stock options held by executives.

We have also authorized benefit programs for executive officers, which are intended to be comparable in scope to benefits provided by public companies of the size and character of FNF.

Chief Executive Officer Compensation. The Chief Executive Officer participates in the same programs and receives compensation based on the same factors as the other executive officers. However, Mr. Foley's overall compensation reflects his greater degree of policy and decision-making authority and higher level of responsibility with respect to the strategic direction and financial and operational results of the Company.

In determining Mr. Foley's compensation, the Compensation Committee and the Board focused on competitive levels of compensation for CEOs managing companies of similar size and complexity and the importance of retaining a chief executive officer with the strategic, financial, and leadership skills to ensure the continued growth and success of the Company. Mr. Foley's base salary and annual incentive target opportunity are close to the marketplace average for companies of similar size and complexity (based on compensation surveys). His equity-based compensation for 2004 was above the marketplace average, allowing him to earn above average compensation if supported by the Company's performance.

During 2004, Mr. Foley continued to demonstrate strong leadership and vision for the Company, to implement key strategic initiatives that strengthen FNF and increase stockholder value, and to enhance the Company's competitiveness. The Company had another year of outstanding performance for 2004. Shareholder return was over 30% for 2004. For the two year period of 2003 and 2004, shareholder return was over 95%. Further, under his leadership, the Company increased its market capitalization by approximately \$2.25 billion for 2004. For 2003 and 2004, market capitalization increased by approximately \$6 billion. Furthermore, the Company outperformed its peers in the title industry on key dimensions of financial performance and shareholder return. Mr. Foley also led the implementation of major elements of the Company's recapitalization strategy.

For 2004, Mr. Foley's base salary was increased approximately 5%, from \$950,000 to \$1,000,000 per year. His 2004 annual incentive was higher than his 2003 level, reflecting the outstanding achievements of FNF (some of which are described in the prior paragraph) and Mr. Foley personally. He was granted 1,000,000 stock options at fair market value, which vest over a three year period. The grant reflects the Compensation Committee's view of the value of his long-term contribution to and leadership of FNF, the Compensation

Committee's and the Board's desire to retain Mr. Foley and foster his desire to exceed our expectations, and competitive marketplace practices.

Compensation Committee Interlocks and Insider Participation

The Compensation Committee is currently composed of Cary H. Thompson, Daniel D. (Ron) Lane, William A. Imparato and Willie D. Davis. During fiscal 2004, no member of the Compensation Committee was a former or current officer or employee of the Company or any of its subsidiaries, other than Mr. Imparato, who was President of a subsidiary of the Company from June 1990 to December 1993. In addition, during 2004, no executive officer of the Company served (i) as a member of the compensation committee or board of directors of another entity, one of whose executive officers served on the Compensation Committee, or (ii) as a member of the compensation committee of another entity, one of whose executive officers served on the Board of Directors.

Terry N. Christensen was a member of the Compensation Committee until April 2004. Mr. Christensen is the managing partner of the law firm Christensen, Miller, Fink, Jacobs, Glaser, Weil & Shapiro, LLP. During 2004, Christensen Miller represented the Company and its subsidiaries in various lawsuits. The total fees received by Christensen Miller during 2004 were approximately \$1.98 million. In the opinion of management, the terms of these transactions were fair to the Company and substantially the same as could have been obtained in transactions with unaffiliated parties.

VII. CORPORATE GOVERNANCE AND RELATED MATTERS

Corporate Governance Guidelines

Our Board of Directors adopted a set of Corporate Governance Guidelines in April 2004 to provide, along with the charters of the Board committees, a framework for the functioning of the Board and its committees and to establish a common set of expectations as to how the Board should perform its functions. The Corporate Governance Guidelines address the composition of the Board, the selection of directors, the functioning of the Board, the committees of the Board, the evaluation and compensation of directors and the expectations of directors, including ethics and conflicts of interest. These guidelines specifically provide that a majority of the members of the Board must be outside directors who the Board has determined have no material relationship with the Company and who otherwise meet the independence criteria established by the New York Stock Exchange (the *NYSE*). The Board intends to review these guidelines and other aspects of the Company's governance at least annually. A copy of the Company's Corporate Governance Guidelines is available for review on the Company's website at www.fnf.com. Stockholders may also obtain a copy by writing to the Corporate Secretary at the address set forth on the first page of this Proxy Statement.

Code of Ethics and Business Conduct

Our Board of Directors has adopted a Code of Ethics for Senior Financial Officers, which is applicable to our chief executive officer, our chief financial officer and our chief accounting officer, and a Code of Business Conduct and Ethics, which is applicable to all directors, officers and employees of the Company. The purpose of these codes is to (i) promote honest and ethical conduct, including the ethical handling of conflicts of interest; (ii) promote full, fair, accurate, timely and understandable disclosure; (iii) promote compliance with applicable laws and governmental rules and regulations; (iv) ensure the protection of the Company's legitimate business interests, including corporate opportunities, assets and confidential information; and (v) deter wrongdoing. Our codes of ethics and business conduct were adopted to reinvigorate and renew our commitment to the Company's longstanding standards for ethical business practices. Our reputation for integrity is one of our most important assets and each of our employees and directors is expected to contribute to the care and preservation of that asset. Under our codes of ethics, an amendment to or a waiver or modification of any ethics policy applicable to our directors or executive officers must be disclosed to the extent required under SEC and/or NYSE rules.

Copies of our Code of Business Conduct and Ethics and our Code of Ethics for Senior Financial Officers are available for review on our website at www.fnf.com. Stockholders may also obtain a copy of any of these codes by writing to the Corporate Secretary at the address set forth on the first page of this Proxy Statement.

The Board and Its Committees

During 2004, nine of the eleven members of our Board of Directors (i.e., all directors other than Mr. Foley and Mr. Willey) were non-employees. Based on the recommendations of the Corporate Governance and Nominating Committee, the Board determined that all of the non-employee members of the Board during 2004 were independent under the criteria established by the NYSE and our Corporate Governance Guidelines. Mr. Hagerty was appointed to the Board on January 25, 2005 and the Board has not yet made a determination concerning his independence. Our Board met ten times in 2004 and each member of the Board of Directors attended all of the meetings, except for Mr. Koll and Mr. Lyon, who attended 80% of the meetings. Our non-management directors also met periodically in executive sessions without management. In accordance with our Corporate Governance Guidelines, at each meeting a member of the Governance and Nominating Committee is designated by the other non-management directors to preside as the lead director during that session. In the past, we have not as a general matter required our Board members to attend our annual meeting of stockholders, although three of our directors did attend our 2004 annual meeting. Under our Corporate Governance Guidelines, which were adopted in April of 2004, directors are now encouraged to attend our annual meeting of stockholders.

The Board has four standing committees, namely an Audit Committee, a Compensation Committee, a Corporate Governance and Nominating Committee and an Executive Committee. The charter of each of the

Audit, Compensation and Corporate Governance and Nominating Committees is available on our website at www.fnf.com. Stockholders also may obtain a copy of any of these charters by writing to the Corporate Secretary at the address set forth on the first page of this Proxy Statement.

Corporate Governance and Nominating Committee

The members of the Corporate Governance and Nominating Committee in 2004 were Daniel D. (Ron) Lane, Terry N. Christensen, Willie D. Davis and Donald M. Koll. Each of Messrs. Lane, Christensen, Davis and Koll was deemed to be independent by the Board, as required by the NYSE. The Corporate Governance and Nominating Committee met two times in 2004, and each of the members of the committee attended each meeting. The primary functions of the Corporate Governance and Nominating Committee, as identified in its charter, are:

identifying individuals qualified to become members of the Board and making recommendations to the Board regarding nominees for election;

developing and recommending to the Board a set of corporate governance principles applicable to the Company and reviewing such principles at least annually;

developing and recommending to the Board standards to be applied in making determinations as to the absence of material relationships between the Company and a director;

adopting, revising and overseeing the Board's criteria for selecting new directors;

establishing procedures for the Corporate Governance and Nominating Committee to exercise oversight of the evaluation of the Board and management;

evaluating, at least annually, the performance of the Corporate Governance and Nominating Committee;

considering nominees recommended by stockholders; and

assisting management in the preparation of the disclosure in the Company's annual proxy statement regarding the operations of the Corporate Governance and Nominating Committee.

In fulfilling its duty to recommend nominees for election as directors, the committee considers, among other things, the following criteria:

personal qualities and characteristics, accomplishments and reputation in the business community;

current knowledge and contacts in the communities in which the Company does business and in the Company's industry or other industries relevant to the Company's business;

ability and willingness to commit adequate time to Board and committee matters;

the fit of the individual's skills and personality with those of other directors and potential directors in building a Board that is effective, collegial and responsive to the needs of the Company; and

diversity of viewpoints, background, experience and other demographics.

The Corporate Governance and Nominating Committee would consider qualified candidates for directors suggested by our stockholders. To date, no such suggestions have been received. Stockholders can suggest qualified candidates for director to the Corporate Governance and Nominating Committee by writing to our Corporate Secretary at 601 Riverside Avenue, Jacksonville, Florida 32204. The submission should provide a brief description of the qualifications of the candidate. Submissions that meet the criteria outlined above and in the Corporate Governance Guidelines will be forwarded to the Chairman of the Corporate Governance and Nominating Committee for further

review and consideration.

Audit Committee

The members of the Audit Committee in 2004 were John F. Farrell, Jr. (Chairman), William A. Imparato and Philip G. Heasley. Farrell and Heasley is an audit committee financial expert, as defined by the rules of the SEC. The primary functions of the Audit Committee include:

appointing, compensating and overseeing the Company's independent auditor;

The members of the Compensation Committee in 2004 were Cary H. Thompson (Chairman), Daniel D. (Ron) Lane, Terry N. Christensen, William A. Imparato and Willie D. Davis. Mr. Christensen served until April 2004, when the Board restructured the membership of the Committee by adding Mr. Imparato and Mr. Davis. Each of Messrs. Thompson, Lane, Christensen, Imparato and Davis was deemed to be independent by the Board, as required by the NYSE. The Compensation Committee met six times in 2004, and each of the members of the committee attended each meeting. The functions of the Compensation Committee include the following:

discharging the Board's responsibilities relating to compensation of the Company's executives;

reviewing and approving corporate goals and objectives relevant to the Chief Executive Officer's compensation, evaluating the Chief Executive Officer's performance in light of those goals and objectives, and setting the Chief Executive Officer's compensation level based on this evaluation;

Contacting the Board of Directors

Any stockholder or other interested person who desires to contact any member of the Board of Directors or the non-management members of the Board of Directors as a group may do so by writing to: Board of Directors, c/o Corporate Secretary, Fidelity National Financial, Inc., 601 Riverside Avenue, Jacksonville, FL 32204. Communications received are distributed by the Corporate Secretary to the appropriate member or members of the Board.

Directors' Compensation

Directors who also are officers of the Company do not receive any compensation for acting as directors, except for reimbursement of reasonable expenses, if any, incurred in attending Board meetings. Non-employee directors participate in a compensation program that is designed to achieve the following goals: fairly pay directors for work required by a company of FNF's size, complexity, and scope; align directors' interest with the long-term interests of the Company's stockholders; provide a level of pay that is competitive with the marketplace for companies of similar size and complexity to FNF; and maintain a simple format that is transparent and easy for shareholders to understand. For 2004, non-employee directors received the following:

An annual retainer of \$30,000;

A per meeting fee of \$2,500 for each Board meeting attended;

An annual retainer of \$5,000 for service on any Board committee (except Audit) or a \$7,500 annual retainer if chair of any committee (except Audit);

An annual retainer of \$7,500 for service on the Audit committee or a \$15,000 annual retainer if chair of the Audit committee;

A per meeting fee of \$1,500 for each committee meeting attended (except Audit which has a per meeting fee of \$3,000);

Expenses of attending Board and committee meetings; and

In addition, on October 15, 2004, each non-employee director received options to acquire 16,250 shares of the Company's common stock. The options were granted at an exercise price of \$36.60, which was the closing price of the Company's common stock on the New York Stock Exchange on the date of grant. The options vest in three equal annual installments beginning on the first anniversary of the date of grant and are exercisable for a period of eight years. Vesting is accelerated upon a change in control of the Company.

The Company also adopted stock ownership guidelines for its directors. Each director is encouraged to own shares of Company common stock with a value equal to two times the annual retainer.

Report of the Audit Committee

The Audit Committee of the Board of Directors submits the following report on the performance of certain of its responsibilities for the year 2004:

The primary function of our Audit Committee is oversight of the Company's financial reporting process, public financial reports, internal accounting and financial controls, and the independent audit of the annual consolidated financial statements. Our Audit Committee acts under a written charter, which was amended in 2004 and subsequently approved by our Board of Directors. We review the adequacy of our charter at least annually. Our Audit Committee is comprised of the three directors named below, each of whom has been determined by the Board to be independent as defined by the recently revised New York Stock Exchange independence standards. In addition, our Board of Directors has designated each of John F. Farrell, Jr. and Philip G. Heasley as an audit committee financial expert as defined by SEC rules.

In performing our oversight function, we reviewed and discussed with management and KPMG LLP, our independent auditors, the audited financial statements of the Company as of and for the year ended December 31, 2004. Management and KPMG LLP reported to us that the Company's consolidated financial statements present fairly, in all material respects, the consolidated financial position and results of operations and cash flows of the Company and its subsidiaries in conformity with generally accepted accounting principles. We also discussed with KPMG LLP matters covered by the Statement on Auditing Standards No. 61 (Communication with Audit Committees). Additionally, we reviewed and discussed management's report on internal controls over financial reporting and the related audit performed by KPMG LLP, which confirmed the effectiveness of the Company's internal controls over financial reporting.

We have received and reviewed the written disclosures and the letter from KPMG LLP required by Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees), and have discussed with them their independence. In addition, we have considered whether KPMG LLP's provision of non-audit services to the Company is compatible with their independence.

SEC rules require that, before a company's independent auditor is engaged to provide any audit or permissible non-audit services, the engagement must be pre-approved by the audit committee or entered into pursuant to pre-approval policies and procedures established by the audit committee. The Company's Audit Committee has not established a pre-approval policy at this time. Rather, the Audit Committee as a whole reviews and pre-approves all audit and permissible non-audit services to be provided by KPMG LLP.

Finally, we discussed with the Company's internal auditors and KPMG LLP the overall scope and plans for their respective audits. We met with KPMG LLP at each meeting, both with and without management present. Our discussions with them included the results of their examinations, their evaluations of the Company's internal controls and the overall quality of the Company's financial reporting.

Based on the reviews and discussions referred to above, we recommended to our Board of Directors that the audited financial statements referred to above be included in the Company's Annual Report on Form 10-K for the fiscal year ended 2004 and that KPMG LLP be appointed independent auditors for the Company for 2005.

In carrying out our responsibilities, we look to management and the independent auditors. Management is responsible for the preparation and fair presentation of the Company's financial statements and for maintaining effective internal control. Management is also responsible for assessing and maintaining the effectiveness of internal control over the financial reporting process in compliance with Sarbanes-Oxley Section 404 requirements. The independent auditors are responsible for auditing the Company's annual financial statements and expressing an opinion as to whether the statements are fairly stated in conformity with generally accepted accounting principles. In addition, the independent auditors are responsible for auditing the Company's internal controls over financial reporting and for expressing opinions on both the effectiveness of controls and management's assertion as to this effectiveness. The independent auditors perform their responsibilities in accordance with the standards of the Public Company Accounting Oversight Board. Our members are not professionally engaged in the practice of accounting or auditing, and are not experts under the Securities Act of 1933 in either of those fields or in auditor independence.

Based solely upon a review of the copies of the reports received by it, the Company believes that all such filing requirements were satisfied.
