INFORMATION STATEMENT

We are required to deliver this information statement to holders of our Common Stock in order to inform them that certain holders of greater than two-thirds (2/3) of the voting power of our outstanding Common Stock, without holding a meeting of shareholders at which shareholders would be entitled to vote, have taken certain actions that would normally require such a meeting. July 19, 2006 has been fixed as the record date for the determination of shareholders who are entitled to receive this information statement.

THIS INFORMATION STATEMENT IS FIRST BEING SENT OR GIVEN TO THE HOLDERS OF OUR COMMON STOCK ON OR ABOUT JULY 24, 2006.

WE ARE NOT ASKING YOU FOR A PROXY AND YOU ARE REQUESTED NOT TO SEND US A PROXY.

**ISSUANCE OF SECURITIES
FORWARD STOCK SPLIT**

On June 8, 2006, our Board of Directors (the Board) voted to ratify, approve and accept a subdivision of the issued and outstanding Common Stock of the Company (a forward split) at a ratio of two shares (2) shares for each share of Common Stock issued and outstanding. It is anticipated that this forward split will become effective on or promptly after August 14, 2006 (Effective Date) for shareholders of record as of the close of business on July 19, 2006 (or as soon thereafter as approved by Nasdaq), effective at the close of business the same date. Mechanically, the transfer agent effects the forward split immediately on the books of the Company's transfer agent as of the Effective Date. Existing certificates held by shareholders will continue to represent pre-split shares and the effect of the forward split will occur electronically. Additionally, certificates representing the post-split shares will be sent out to the shareholders of record by the Company's stock transfer agent.

REASONS FOR THE FORWARD STOCK SPLIT

The Board believes that by giving effect to a forward split, the resulting increase in the number of shares outstanding is likely to improve the volume and liquidity of the Company's shares.

POTENTIAL RISKS OF THE FORWARD STOCK SPLIT

There can be no assurance that the price of our Common Stock will continue at a level in proportion to the increase in the number of outstanding shares resulting from the forward stock split and that the market price of the post-split Common Stock will be maintained. The market price of our Common Stock will also be based on our performance and other factors, many of which are unrelated to the number of shares outstanding. If the forward stock split is effected and the market price of our Common Stock declines, the percentage decline as an absolute number and as a percentage of our overall capitalization may be greater than would occur in the absence of a forward stock split.

Pursuant to the forward stock split, each holder of shares of our Common Stock as of the Effective Date will become a holder of a greater number of shares our Common Stock after consummation of the forward stock split.

ACCOUNTING MATTERS

The forward stock split will not affect the par value of our Common Stock. As a result, on the effective date of the forward stock split, the stated par value capital on our balance sheet attributable to our Common Stock will be reduced and the additional paid-in capital account shall be credited with the amount by which the stated capital is reduced. The per share net income or loss and net book value per share of our Common Stock will be decreased because there will be greater shares of our Common Stock outstanding.

**EFFECT ON AUTHORIZED AND OUTSTANDING SHARES;
AMENDMENT TO ARTICLES OF INCORPORATION**

As of the record date the Company will have the authority to issue a maximum of 10,000,000 shares of Common Stock. As of the record date, there will be approximately 8,350,000 shares of our Common Stock issued and outstanding, or held as treasury shares. Our present number of authorized shares is insufficient to issue the shares issuable upon the stock split. Therefore, the Board of Directors and shareholders have approved an amendment to the Articles of Incorporation to increase the number of authorized shares, subject to the notice provisions disclosed herein. The number of shares of Common Stock issued and outstanding, or held as treasury shares, will be increased as a result of the forward stock split to a number that will be approximately equal to the number of shares of our Common Stock issued and outstanding, or held as treasury shares, immediately prior to the effectiveness of the forward stock split.

As a result of the forward stock split, there is normally a decrease in the number of authorized shares which would be unissued and available for future issuance after the forward stock split. However, this condition will not exist in this case due to the Board of Directors and shareholders simultaneous action approving an Amendment to our Articles of Incorporation to increase our authorized Common Stock to 20,000,000 shares. The increase in available shares could be used for any proper corporate purpose approved by the Board including, among other purposes, financing future transactions.

The Board of Directors on June 8, 2006 voted to increase the amount of authorized shares from 10,000,000 to 20,000,000 shares and to approve an amendment to the Company's Articles of Incorporation to effect such increase, subject to shareholder consent. Such shareholder consent has been received, subject to the notice provisions of the Illinois Business Corporation Act for shareholder consents executed by less than all shareholders entitled to vote thereon.

With the exception of the number of shares issued and outstanding, or held as treasury shares, the rights and preferences of the shares of our Common Stock prior and subsequent to the forward stock split will remain the same. Following the Effective Date of the forward stock split, it is not anticipated that our financial condition, the percentage ownership of management, the number of our shareholders, or any aspect of our current business would materially change as a result of the forward stock split.

With respect to the incremental shares authorized that are not being used for the proposed forward split (approximately 1,650,000 shares), the Company has no plans or intentions to utilize such incremental shares authorized for any corporate purpose at this time.

The forward stock split will be effected simultaneously for all of our Common Stock and the exchange ratio will be the same for all of our Common Stock. The forward stock split will affect all of our shareholders uniformly and will not affect any shareholder's percentage ownership interests in the Company. Fully paid and non-assessable Common Stock issued and outstanding prior to the forward stock split will remain fully paid and non-assessable after such split.

Our Common Stock is currently registered under Section 12(g) of the Securities Exchange Act of 1934, as amended (the Exchange Act), and as a result, we are subject to periodic reporting and other

requirements. The proposed forward stock split will not affect the registration of our Common Stock under the Exchange Act.

INCREASE OF SHARES OF COMMON STOCK AVAILABLE FOR FUTURE ISSUANCE

As a result of a forward stock split, there is normally an increase in the number of shares of Common Stock issued and outstanding, or held as treasury shares, and an associated decrease in the number of authorized shares which would be unissued and available for future issuance after the forward stock split. However, because we are increasing the number of shares authorized for issuance, we will not experience such a decrease.

POTENTIAL ANTI-TAKEOVER EFFECT

Although the increased proportion of unissued authorized shares to issued shares could, under certain circumstances, have an anti-takeover effect (for example, by permitting issuances that would dilute the stock ownership of a person seeking to effect a change in composition of our Board or contemplating a tender offer or other transaction for the combination of the Company with another company), the forward stock split proposal is not being proposed in response to any effort of which we are aware to accumulate our shares of Common Stock or obtain control of us, nor is it part of a plan by management to recommend a series of similar amendments to our Board and shareholders. Other than the forward stock split proposal, our Board does not currently contemplate recommending the adoption of any other amendments to our Articles of Incorporation that could be construed to affect the ability of third parties to take over or change the control of the Company.

FRACTIONAL SHARES

We will not issue fractional shares in connection with the forward stock split. No fractional shares will result from the forward stock split.

CERTAIN FEDERAL INCOME TAX CONSEQUENCES

The following discussion summarizing certain federal income tax consequences is based on the Internal Revenue Code of 1986, as amended, the applicable Treasury Regulations promulgated thereunder, judicial authority and current administrative rulings and practices in effect on the date of this Information Statement. This discussion is for general information only and does not discuss consequences that may apply to special classes of taxpayers (e.g., non-resident aliens, broker-dealers, or insurance companies). Shareholders are urged to consult their own tax advisors to determine the particular consequences to them.

The receipt of the Common Stock following the effective date of the forward stock split, solely in exchange for the Common Stock held prior to the forward stock split will not generally result in a recognition of gain or loss to the shareholders. The adjusted tax basis of a shareholder in the Common Stock received after the forward stock split will be the same as the adjusted tax basis of the Common Stock held prior to the forward stock split exchanged therefore, and the holding period of the Common Stock received after the forward stock split will include the holding period of the Common Stock held prior to the forward stock split exchanged therefore. No gain or loss will be recognized by the Company as a result of the forward stock split.

APPRAISAL RIGHTS

No appraisal rights are available under the Illinois Business Corporation Act or under our Articles of Incorporation or by-laws to any shareholder who dissents from the proposal to approve the amendment to the Articles of Incorporation to effect the forward stock split.

NO DISSENTERS RIGHTS

Illinois law does not provide for dissenter's rights in connection with the approval of the actions described in this information statement.

NO ACTION IS REQUIRED

No other votes are necessary or required. Lifeway anticipates that the shareholder consent described in this information statement will become effective on or promptly after August 14, 2006.
