The approximate date on which this Proxy Statement and the accompanying proxy were first sent or given to shareholders was April 9, 2007. Each shareholder who signs and returns a proxy in the form enclosed with this Proxy Statement may revoke the same at any time prior to its use by giving notice of such revocation to the Company in writing, in open meeting or by executing and delivering a new proxy to the Secretary of the Company. Unless so revoked, the shares represented by each proxy will be voted at the Annual Meeting and at any adjournments thereof. Presence at the Annual Meeting of a shareholder who has signed a proxy does not alone revoke that proxy. Only shareholders of record at the close of business on March 19, 2007 (the Record Date) will be entitled to vote at the Annual Meeting or any adjournments thereof.

PROXIES AND VOTING

Only holders of record of the Company s Common Stock at the close of business on March 19, 2007, the Record Date for the Annual Meeting, are entitled to notice of and to vote at the Annual Meeting. On the Record Date, there were 10,150,189 shares of Common Stock outstanding. Each share of Common Stock entitles the holder thereof to one vote upon each matter to be presented at the Annual Meeting. A quorum, consisting of a majority of the outstanding shares of the Common Stock entitled to vote at the Annual Meeting, must be present in person or represented by proxy before action may be taken at the Annual Meeting.

Each proxy returned to the Company will be voted in accordance with the instructions indicated thereon. The election of each director under proposal one requires the affirmative vote of the holders of a plurality of the shares of the Company's common stock present in person or represented by proxy at the Annual Meeting. Adoption of each other proposal requires the affirmative vote of the holders of a majority of such shares.

Table of Contents

All shares represented by proxies will be voted for the election of the nominees for the Board of Directors named in this Proxy Statement and for ratification of Grant Thornton LLP's appointment as the Company's independent registered public accounting firm unless a contrary choice is specified. If any nominee for the Board of Directors should withdraw or otherwise become unavailable for reasons not presently known, the proxies which would have otherwise been voted for such nominee will be voted for such substitute nominee as may be selected by the Board of Directors. A shareholder who abstains with respect to any proposal is considered to be present and entitled to vote on such proposal and is in effect casting a negative vote, but a shareholder (including a broker) who does not give authority to a proxy to vote, or withholds authority to vote, on any proposal, shall not be considered present and entitled to vote on such proposal.

The Board of Directors unanimously recommends that you vote FOR the election of all nominees for the Board of Directors named in this Proxy Statement and FOR the ratification of Grant Thornton LLP as the independent registered public accounting firm of the Company for fiscal 2007.

While the Board of Directors knows of no other matters to be presented at the Annual Meeting or any adjournment thereof, all proxies returned to the Company will be voted on any such matter in accordance with the judgment of the proxy holders.

All forward-looking statements in this Proxy Statement are based on information currently available to us as of the date to which this Proxy Statement pertains, and we assume no obligation to update any forward-looking statements. Forward-looking statements involve known and unknown risks, uncertainties and other factors that may cause the actual results to differ materially from any future results, performance or achievements expressed or implied by such forward-looking statements. Such factors may include, among others, those factors listed in Item 1A of our most recent Annual Report on Form 10-K, and elsewhere in our Annual Report on Form 10-K, and our other filings with the Securities and Exchange Commission. The following discussion should be read in conjunction with Selected Financial Data (Item 6 of our Annual Report on Form 10-K) and our financial statements and related footnotes appearing elsewhere in our Annual Report on Form 10-K.

Overview

Famous Dave s of America, Inc. (Famous Dave s or the Company) was incorporated as a Minnesota corporation in March 1994 and opened its first restaurant in Minneapolis in June 1995. As of December 31, 2006, there were 145 Famous Dave s restaurants operating in 35 states, including 41 company-owned restaurants and 104 franchise-operated restaurants.

As of December 31, 2006, we employed approximately 2,600 associates, of which approximately 270 were full-time. The following individuals held executive positions within the Company at December 31, 2006 and participated in the Company s executive compensation plans:

Name	Title
David Goronkin ⁽¹⁾	President and CEO
Diana G. Purcel ⁽¹⁾	Chief Financial Officer
Christopher O. Donnell	Chief Operating Officer
Joleen Flory Lundgren	Executive Vice President Human Resources and Training
Glenn D. Drasher	Vice President Marketing
Corrie J. Kvasnicka	Vice President Procurement and Construction
Clark C. Grant	Vice President Finance

⁽¹⁾ These individuals were determined to be executive officers of the Company pursuant to Item 402(a)(3) of Regulation S-K (collectively, the Named Executive Officers).

General Compensation Philosophy

The Compensation Committee of the Board of Directors has direct oversight and responsibility for the Company s executive compensation policies and programs. The Company s executive compensation policies and programs are designed to provide:

competitive levels of compensation that integrate with the Company s annual objectives and long-term goals;

long-term incentives that are aligned with shareholder interests;
a reward system for above-average performance;
recognition for individual initiative and achievements; and
a means for the Company to attract and retain qualified executives.

Table of Contents

To that end, it is the view of the Compensation Committee that the total compensation program for executive officers should consist of the following three elements, all determined by individual and corporate performance:

Base salary compensation;

Annual incentive compensation (bonus); and

Stock incentive awards (Performance Shares).

In addition to the compensation program elements listed above, we have established a Deferred Stock Unit Plan and a Non-Qualified Deferred Compensation Plan in which certain executives are entitled to participate. The Compensation Committee believes that the availability of these plans, each of which are discussed below, adds to the attractiveness of the Company's overall compensation program and positively impacts the Company's ability to hire and retain qualified executives.

The Compensation Committee charter provides for access to resources it deems necessary or desirable to accomplish its responsibilities, including the sole authority to retain (with funding provided by the Company) independent experts in the field of executive compensation. The Compensation Committee has the sole authority to retain and to terminate such independent compensation experts, and to approve the fees and other retention terms. During fiscal 2006, the Compensation Committee utilized Towers Perrin as the independent compensation expert to advise the Compensation Committee with respect to development and implementation of the Company's compensation packages. The Compensation Committee approves, on an annual basis, the competitiveness of our overall executive compensation programs, including the appropriate mix between cash and non-cash compensation as well as annual and long-term incentives. Compensation tally sheets for each of the Named Executive Officers are prepared and reviewed annually by the Committee. These tally sheets affix dollar amounts to all components of the Named Executive Officers compensation, including salary, bonus, outstanding equity awards, and performance share grants.

Annual Compensation Plans

As referenced above, the Compensation Committee considers data from its independent compensation expert, on an annual basis, to ensure that we are providing a competitive compensation structure for our executives. Additionally, the Compensation Committee ensures that our programs are in accordance with established policies.

It is currently our objective to compensate our executives through a combination of salary and bonus eligibility within the mid-point to third quartile of the market for similar positions within companies of comparable size, growth and profitability in our respective industry. The Compensation Committee will continue to evaluate this position in order to remain competitive from a compensation perspective, and make changes to the plans as it deems desirable and in the best interests of the Company from time to time. Our Chief Executive Officer provides input to the Compensation Committee on executive compensation and participates in the ultimate determination of executive compensation. Our Chief Executive Officer has no direct involvement in the determination of his compensation, the determination and structure of which is the sole responsibility of the Compensation Committee.

Base Salary Compensation

Base salary compensation is determined by the potential impact each position has on the Company, the skills and experiences required by the position, the performance and potential of the incumbent in the position, and competitive market information.

Annual Incentive Compensation

The annual incentive compensation potential for executives of the Company is structured so that the executives are compensated on the same risk and reward basis as the Company's shareholders. Annual incentive compensation is calculated as a percentage of annual salary, and is based on competitive market information for similar positions and experience and the actual payouts are based on achieving Company earnings per share (EPS) targets. The actual payout is based on a linear scale representing 50% to 200% of the annual EPS target. If the Company achieves at least 80% of the annual EPS target, each executive will be entitled to receive a percentage of his or her annual

Table of Contents

incentive equal to the percentage of the EPS Goal achieved by the Company, up to the 200% maximum payout as illustrated below:

Payout as Percent of Target		% of EPS Target
200%	Maximum	150%
100%	Target	100%
50%	Minimum	80%

For fiscal 2004 and fiscal 2005, executives earned 83.3% and 66.7% payouts under the plan, respectively. During fiscal 2006, executives earned a 58.3% payout under the plan. In addition, the Committee granted a one-time discretionary bonus resulting from an adjustment for a non-cash impairment charge, and as a result, executives received a 100% payout for fiscal 2006.

Stock Incentive Awards Performance Shares

A key objective of our Compensation Committee is to align Company performance with shareholder expectations. In order to better align these objectives, in fiscal 2004 the Compensation Committee determined that, beginning in fiscal 2005, the Company would solely use performance shares as a long-term incentive award for executives, including Named Executive Officers, and would discontinue the use of stock options. The Compensation Committee believes that the use of performance shares as a long-term incentive award more closely aligns management's objectives with that of its shareholders, because these shares are earned based on the Company achieving specific cumulative EPS goals over a three year period, rather than awards of stock options that merely vest with the passage of time.

On an annual basis, based on data provided by an independent compensation expert, the Compensation Committee considers information pertaining to comparable organizations, so that the Committee can determine the recommended grant of stock incentives to the Company's executives. When determining the amount of a stock incentive grant to an executive for a particular year, the Compensation Committee does not take into account any gains realized that year by the executive as a result of his or her individual decision to exercise an option granted in a previous year, previous grants of performance shares, or any gains realized by him or her upon the ultimate grant of shares underlying a stock performance grant. Such gains are excluded from the determination because the decision as to whether the value of exercisable stock options will be realized in any particular year is determined by each individual executive's decision whether to exercise all or a portion of such stock options and not by the Compensation Committee.

To the extent earned after the applicable three year period, performance shares are paid in shares of the Company's common stock. Therefore, the value realizable from performance shares is dependent upon the extent to which the Company's performance is reflected in the market price of the Company's common stock at any particular point in time.

The Compensation Committee will continue to evaluate the appropriate form for Company stock incentive awards and make changes to the form of such awards as it deems desirable and in the best interests of the Company from time to time.

Performance Share Programs

The Company began awarding stock incentives in the form of performance shares in fiscal 2004 and as of December 31, 2006, had three approved performance share programs in progress, each with a three-year performance period; a 2004-2006 program (the 2004 Performance Share Program), a 2005-2007 program (the 2005 Performance

Share Program) and a 2006-2008 program (the 2006 Performance Share Program) (each a Performance Share Program). Under each Performance Share Program, the Company has granted recipients the right to receive a specified number of shares of the Company's common stock (Performance Shares) subject to the Company achieving a specified percentage of the cumulative total of the EPS goals for each of the fiscal years making up the three-year performance period (the Cumulative EPS Goal). The Compensation Committee determines the EPS goal for each fiscal year prior to the beginning of each fiscal year. The actual EPS for each fiscal year is based on the earnings per diluted share amount for that fiscal year as set forth in the audited financial

Table of Contents

statements filed with the Company's Annual Report on Form 10-K. The determination as to the number of Performance Shares to be received, if any, is determined after the Company files its Annual Report on Form 10-K for the last fiscal year of the applicable three-year performance period and the Performance Shares are issued following such filing if the applicable specified percentage of the Cumulative EPS Goal is achieved. The Performance Share grants for each recipient are contingent on the recipient remaining an employee of the Company until the filing of the Annual Report on Form 10-K for the applicable fiscal year and are subject to the recipient having signed and delivered a non-competition agreement to the Company.

Under the 2004 Performance Share Program, the Company granted certain employees, including Named Executive Officers, the right to receive Performance Shares, subject to the Company achieving a specified percentage of its Cumulative EPS Goal for fiscal 2004, fiscal 2005 and fiscal 2006. In order for any performance shares to be received under the 2004 Performance Share Program, the Company must achieve a percentage of the Cumulative EPS Goal that is based on a weighted average calculation that takes into account 100% of the fiscal 2004 earnings per share goal and 80% of the earnings per share goals for each of fiscal 2005 and 2006. If the Company achieves the specified percentage of the Cumulative EPS Goal, each recipient will be entitled to receive a percentage of his or her Performance Shares equal to the percentage of the Cumulative EPS Goal achieved by the Company, up to a maximum of 100%. Based on the actual, cumulative fiscal 2004-2006 results, determined as of March 16, 2007, recipients earned approximately 90% of the Performance Shares originally granted under this program.

The Performance Share Program was modified for the 2005 Performance Share Program. Under the 2005 Performance Share Program, the Company granted certain employees, including Named Executive Officers, the right to receive Performance Shares subject to the Company achieving at least 80% of its Cumulative EPS Goal for fiscal 2005, fiscal 2006 and fiscal 2007. If the Company achieves at least 80% of the Cumulative EPS Goal, each recipient will be entitled to receive a percentage of his or her Performance Shares equal to the percentage of the Cumulative EPS Goal achieved by the Company, up to a maximum of 100%. (e.g., if the Company achieves 90% of the Cumulative EPS Goal, then the recipient will be entitled to receive 90% of his or her Target Performance Share amount).

The Performance Share Program was modified again for the 2006 Performance Share Program to allow for upside opportunity for exemplary performance. Under the 2006 Performance Share Program, the Company granted certain employees, including Named Executive Officers, the right to receive Performance Shares, subject to the Company achieving at least 80% of its Cumulative EPS Goal for fiscal 2006, fiscal 2007 and fiscal 2008. If the Company achieves at least 80% of the Cumulative EPS Goal, each recipient will be entitled to receive a percentage of his or her Performance Shares equal to the percentage of the Cumulative EPS Goal achieved by the Company. If the Company achieves between 100% and 150% of the Cumulative EPS Goal, each recipient will be entitled to receive an additional percentage of the Target number of Performance Shares granted equal to twice the incremental percentage increase in the Cumulative EPS Goal over 100% (e.g., if the Company achieves 120% of the Cumulative EPS Goal, then the recipient will be entitled to receive 140% of his or her Target Performance Share amount as shown below).

Deferred Stock Unit Plan

We maintain an Executive Elective Deferred Stock Unit Plan (the "Deferred Stock Unit Plan"), in which executives can elect to defer all or part of their annual incentive compensation, or commission if applicable, for a specified period of time. The amount of compensation that is deferred is converted into a number of stock units, as determined by the share price of our common stock on the effective date of the election. These units are converted back into a cash amount at the expiration of the deferral period based on the share price of our common stock on the expiration date and paid to the executive in cash in accordance with the payout terms of the plan. Accordingly, we recognize compensation expense throughout the deferral period to the extent that the share price of our common stock increases, and reduce compensation expense throughout the deferral period to the extent that the share price of our common stock decreases.

Deferred Compensation Plan

The Company adopted a Non-Qualified Deferred Compensation Plan effective as of February 25, 2005 (the "Deferred Compensation Plan"). Selected employees who are at the director level and above are eligible to participate in the Deferred Compensation Plan. Participants must complete a deferral election each year and submit it to the Company prior to the beginning of the fiscal year for which the compensation pertains to indicate the level of compensation (salary, bonus and commissions) they wish to have deferred for the coming year. This deferral election is irrevocable except to the extent permitted by the Deferred Compensation Plan's administrator, and the applicable regulations promulgated by the Internal Revenue Service. The Company currently matches 50.0% of the first 4.0% contributed by participants and currently pays a declared interest rate of 8.0% on balances outstanding. The Board of Directors administers the Deferred Compensation Plan and can change the Company match, interest rate or any other aspects of the plan at any time.

Deferral periods are defined as the earlier of termination of employment or not less than three calendar years following the end of the applicable Deferred Compensation Plan Year. Extensions of the deferral period for a minimum of five years are allowed, provided the election is made at least one year before the first payment affected by the change. Payments can be in a lump sum or in equal payments over a two-, five- or ten-year period, plus interest from the commencement date.

The Deferred Compensation Plan assets are kept in an unsecured account that has no trust fund. In the event of bankruptcy, any future payments would have no greater rights than that of an unsecured general creditor of the Company and they confer no legal rights for interest or claim on any assets of the Company. Benefits provided by the Deferred Compensation Plan are not insured by the Pension Benefit Guaranty Corporation (PBGC) under Title IV of the Employee Retirement Income Security Act of 1974 (ERISA), because the pension insurance provisions of ERISA do not apply to the Deferred Compensation Plan.

Table of Contents

For the plan year ended December 31, 2006, Named Executive Officers contributed \$55,623 to the Plan and the Company provided matching funds and interest of \$19,480.

Stock Ownership Requirements

In accordance with the desire to better align the long-term objectives of our executives and Board of Directors with our shareholders, during fiscal 2006 the Company's Board of Directors adopted minimum stock ownership guidelines, setting forth the levels of ownership required of Board members and top executives of the Company. Board members must own shares of our common stock equal in value to at least \$100,000. Our Chief Executive Officer is required to own shares of our common stock and vested options equal in value to at least four times his annual salary, while our Chief Financial Officer and our Chief Operating Officer are required to own shares of our common stock and vested options equal in value to at least two times their respective annual salaries. Other Vice Presidents must own shares of our common stock and vested options equal in value to at least their respective annual salaries. For purposes of determining compliance with the minimum stock ownership guidelines, share ownership is defined to include stock owned directly by the director or executive and vested stock options. The determination does not include Performance Shares until those shares are actually earned and issued. Shares owned directly by directors and executives in compliance with the minimum ownership guidelines represent investments in our common stock. Therefore, gains or losses resulting from appreciation or depreciation of these shares are not taken into account when calculating compensation amounts reported in this proxy statement.

**RATIFICATION OF THE APPOINTMENT
OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM
(Proposal Two)**

The Board of Directors and management of the Company are committed to the quality, integrity and transparency of the Company's financial reports. Independent registered public accountants play an important part in the Company's system of financial control. In accordance with the duties set forth in its written charter, the Audit Committee of the Company's Board of Directors has appointed Grant Thornton LLP as the Company's independent registered public accounting firm for the 2007 fiscal year. A representative of Grant Thornton LLP is expected to attend this year's Annual Meeting and be available to respond to appropriate questions from shareholders, and will have the opportunity to make a statement if he or she desires to do so.

If the shareholders do not ratify the appointment of Grant Thornton LLP, the Audit Committee may reconsider its selection, but is not required to do so. Notwithstanding the proposed ratification of the appointment of Grant Thornton LLP by the shareholders, the Audit Committee, in its discretion, may direct the appointment of new independent auditors at any time during the year without notice to, or the consent of, the shareholders, if the Audit Committee determines that such a change would be in the best interests of the Company and its shareholders.

Fees Billed to Company by Its Independent Registered Public Accounting Firm

The following table presents fees for professional audit services and 401(k) audit services, tax services and other services rendered by Grant Thornton LLP during fiscal years 2006 and 2005.

	2006	2005
Audit Fees ⁽¹⁾⁽²⁾	\$ 283,000	\$ 230,300
Audit-Related Fees ⁽³⁾	12,000	9,700
Tax Fees ⁽⁴⁾	107,000	75,000
All Other Fees ⁽⁵⁾	5,000	4,000
Total Fees	\$ 407,000	\$ 319,000

(1) Audit Fees consist of fees for professional services rendered for the audit of the Company's consolidated annual financial statements and review of the interim consolidated financial statements included in quarterly reports and services that are normally provided in connection with statutory and regulatory filings or engagements.

(2) Includes fees of \$142,000 in each of fiscal 2005 and fiscal 2006 for work performed in connection with the requirements of Section 404 of the Sarbanes-Oxley Act of 2002.

(3) Audit-Related Fees consist principally of assurance and related services that are reasonably related to the performance of the audit or review of the Company's financial statements but not reported under the caption *Audit Fees* above including 401(k) audit.

(4) Tax Fees consist of fees for tax compliance, tax advice, and tax planning.

(5) All Other Fees typically consist of fees for permitted non-audit products and services provided.

The Audit Committee of the Board of Directors has reviewed the services provided by Grant Thornton LLP during fiscal year 2006 and the fees billed for such services. After consideration, the Audit Committee has determined that the receipt of these fees by Grant Thornton LLP is compatible with the provision of independent audit services. The Audit Committee discussed these services and fees with Grant Thornton LLP and Company management to determine that they are permitted under the rules and regulations concerning auditor independence promulgated by the U.S. Securities and Exchange Commission to implement the Sarbanes-Oxley Act of 2002, as well as the American Institute of Certified Public Accountants.

Pre-Approval Policy

The Company's Audit Committee charter (a copy of which is available at the Company's website at www.famousdaves.com) provides that all audit and non-audit accounting services that are permitted to be

performed by the Company's independent registered public accounting firm under applicable rules and regulations must be pre-approved by the Audit Committee or by designated members of the Audit Committee, other than with respect to de minimus exceptions permitted under the Sarbanes-Oxley Act of 2002. During fiscal 2006, all services performed by Grant Thornton LLP were pre-approved in accordance with the Audit Committee charter.

Prior to or as soon as practicable following the beginning of each fiscal year, a description of the audit, audit-related, tax, and other services expected to be performed by the independent registered public accounting firm in the following fiscal year is presented to the Audit Committee for approval. Following such approval, any requests for audit, audit-related, tax, and other services not presented and pre-approved must be submitted to the Audit Committee for specific pre-approval and cannot commence until such approval has been granted. Normally, pre-approval is provided at regularly scheduled meetings. However, the authority to grant specific pre-approval between meetings, as necessary, has been delegated to the Chairperson of the Audit Committee. The Chairperson must update the Audit Committee at the next regularly scheduled meeting of any services that were granted specific pre-approval. In addition, the Audit Committee has granted pre-approval for the Chief Executive Officer and the Chief Financial Officer to spend up to \$5,000 annually in additional permitted audit fees with Grant Thornton, which authority and amount will be reviewed and approved annually.

The Corporate Governance and Nominating Committee also considers and advises the full Board on matters of corporate governance and monitors and recommends the functions of, and membership on, the various committees of the Board.
