Item 1.01 Entry into a Material Definitive Agreement. Amended and Restatement of U.S. Bank Credit Facility

On May 31, 2007, we entered into a Second Amended and Restated Credit Agreement dated May 31, 2007 to further amend and restate our U.S. Bank Facility. The material changes to the U.S. Bank Facility increase the amount of the facility from \$300.0 million to \$400.0 million, which may be increased by an additional \$25.0 million upon the exercise of an accordion feature, and extend the term of the facility by a little over one year to May 31, 2012. Interest on the amounts borrowed under the U.S. Bank Facility continues to be based on (i) a base rate, which is the greater of (a) U.S. Bank s prime rate and (b) the federal funds rate plus 50 basis points, or (ii) an adjusted Eurodollar rate, plus, in either case (i) or (ii), the applicable margin within a range based on our consolidated leverage ratio. In connection with the amendment and restatement of the U.S. Bank Facility, the applicable margin ranges were reduced to zero at all times (from zero to 25 basis points) for base rate borrowings and decreased to 62.5 to 150 basis points (from 75 to 175 basis points) for Eurodollar borrowings.
