Report of Independent Registered Public Accounting Firm

The Plan Administrator  
Wintrust Financial Corporation  
Retirement Savings Plan

We have audited the accompanying statements of net assets available for benefits of Wintrust Financial Corporation Retirement Savings Plan as of December 31, 2007 and 2006, and the related statements of changes in net assets available for benefits for the years then ended. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. We were not engaged to perform an audit of the Plan's internal control over financial reporting. Our audits included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan at December 31, 2007 and 2006, and the changes in its net assets available for benefits for the years then ended, in conformity with U.S. generally accepted accounting principles.

Our audits were performed for the purpose of forming an opinion on the financial statements taken as a whole. The accompanying supplemental schedule of assets (held at end of year) as of December 31, 2007, is presented for purposes of additional analysis and is not a required part of the financial statements, but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. This supplemental schedule is the responsibility of the Plan's management. The supplemental schedule has been subjected to the auditing procedures applied in our audits of the financial statements and, in our opinion, is fairly stated in all material respects in relation to the financial statements taken as a whole.

Wintrust Financial Corporation Retirement Savings Plan  
Notes to Financial Statements  
Years Ended December 31, 2007 and 2006

**1. Description of the Plan**

The following brief description of the Wintrust Financial Corporation Retirement Savings Plan (the Plan) provides only general information. Participants should refer to the Plan Agreement for a more comprehensive description of the Plan's provisions.

The Plan is a participant-directed, defined-contribution plan covering all eligible employees, as defined in the Plan, of Wintrust Financial Corporation and its eligible subsidiaries (the Company). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The Company is the Plan Administrator and has appointed a committee of its authorized representatives to administer the Plan.

All full-time employees who have completed at least three months of employment and are at least 18 years of age are eligible to participate in the Plan.

The Hinsbrook Bank 401(k) Plan and the State Bank of The Lakes Profit Sharing and Savings Plan were merged into the Plan in 2007 and 2006, respectively.

**Contributions**

The Plan allows participants to contribute up to the maximum allowable by the Internal Revenue Code (the Code), which during 2007 was \$15,500, plus an additional \$5,000 for participants over the age of 50. During 2006, participant maximum contributions were \$15,000, plus an additional \$5,000 for participants over the age of 50. Participant contributions are tax deferred under the provisions of the Code Section 401(k), subject to certain limitations. Effective August 1, 2007, the Plan introduced a Roth Option which allows participants to make contributions which are not tax deferred. Participant contributions and earnings thereon are fully vested.

The Company may elect to make matching contributions to the Plan on behalf of all eligible participants. Generally, participants must be employed on the last day of the Plan year to be eligible for matching contributions. For 2007 and 2006, the Company's matching contribution was 60% of a participant's contributions up to a maximum of \$4,000 per participant. Additional amounts may be contributed at the discretion of the Company.

**1. Description of the Plan (continued)**

**Investment of Plan Assets**

A trust fund was established for the purposes of holding and investing the Plan's assets in accordance with the terms of the Trust Agreement between the Company and the Trustee, Wayne Hummer Trust Company, N.A., a subsidiary of the Company and a party in interest.

**Participant Loans**

Participants may borrow from their fund accounts up to the lesser of \$50,000 or 50% of their account balances. Loan terms are established by the Plan Administrator, in accordance with the Plan Agreement. The loans are secured by the balance in the participants' accounts and bear interest at a rate commensurate with local prevailing rates, as determined by the Plan Administrator.

**Participant Accounts**

Each participant's account is credited with the participant's contributions and allocations of (a) the Company's contributions, if any, and (b) the Plan's earnings/losses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

**Payment of Benefits**

On termination of service due to death, disability or retirement, a participant (or his beneficiary) may elect to receive either a lump-sum amount equal to the value of the participant's account or installments payments. Distributions due to retirement generally begin upon the attainment of age 65. Upon termination of service due to other reasons, a participant may receive the value of the participant's account as a lump-sum distribution. A participant may also receive in-service distributions upon the attainment of age 59 1/2 in the form of a lump sum or installment payments. Hardship distributions can be made from a participant's account balance with the approval of the Plan Administrator, if specific criteria are met.

**1. Description of the Plan (continued)**

**Plan Termination**

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions, if any, at any time and to terminate the Plan subject to the provisions of ERISA.

**2. Summary of Significant Accounting Policies**

**Basis of Presentation**

The accompanying financial statements are prepared under the accrual basis of accounting. Purchases and sales of securities are recorded on a trade-date basis.

As described in Financial Accounting Standards Board Staff Position, AAG INV-1 and SOP 94-4-1, *Reporting of Fully Benefit-Responsive Investment Contracts Held by Certain Investment Companies Subject to the AICPA Investment Company Guide and Defined-Contribution Health and Welfare and Pension Plans* (the FSP), investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan invests in an investment contract through a collective trust. As required by the FSP, the statements of net assets available for benefits present the fair value of the investment in the collective trust, as well as the adjustment of the investment in the collective trust from fair value to contract value relating to the investment contract. The statements of changes in net assets available for benefits are prepared on a contract value basis.

**Reclassification**

Certain 2006 amounts have been reclassified to conform to the 2007 presentation.

**Use of Estimates**

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

**2. Summary of Significant Accounting Policies (continued)**

**Investment Valuation and Income Recognition**

Investments are reported at fair value. Quoted market prices are used to value investments. Shares of mutual funds are valued at quoted market prices, which represent the net asset values of shares held by the Plan at year end. The Wintrust Financial Corporation common stock is a unitized fund composed principally of Wintrust Financial Corporation common stock and is valued at the daily unit closing price. Participant loans are reported at their outstanding balances, which approximate fair value. The Plan's interest in the Metlife Stable Value Fund, which is a collective trust, is based on fair value of the underlying investments as determined by the fund's sponsor. Interest income is recorded on the accrual basis, and dividend income is recorded on the ex-dividend date. For the Metlife Stable Value Contract, the average yield earned was 5.77% and 6.07% for 2007 and 2006, respectively, and the average yield credited to participant accounts was 5.10% in 2007 and 5.02% in 2006.

**Administrative Expenses**

Administrative expenses of the Plan are paid by the Plan.

**Recent Accounting Pronouncements**

In September 2006, the Financial Accounting Standards Board issued Statement No. 157, *Fair Value Measurements*. This Statement defines fair value, establishes a framework for measuring fair value, and expands disclosures about fair value measurements. This Statement establishes a fair value hierarchy about the assumptions used to measure fair value and clarifies assumptions about risk and the effect of a restriction on the sale or use of an asset. The Statement is effective for fiscal years beginning after November 15, 2007. The impact of adoption of FASB Statement No. 157 on the Plan's net assets available for benefits and changes in net assets available for benefit is not anticipated to be material.

Other income:	
Adjustment from contract value to fair value for common collective trust	\$ (9,679)
Other income per Form 5500	\$ (9,679)

**5. Income Tax Status**

The underlying nonstandardized prototype plan has received an opinion letter from the Internal Revenue Service (IRS) dated November 27, 2001, stating that the form of the plan is qualified under Section 401 of the Code, and therefore, the related trust is tax-exempt. In accordance with Revenue Procedure 2002-6 and Announcement 2001-77, the Plan Sponsor has determined that it is eligible to and has chosen to rely on the current IRS prototype plan opinion letter. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. The Plan Sponsor has indicated that it will take the necessary steps, if any, to bring the Plan's operations into compliance with the Code.

**6. Terminated Participants**

Included in net assets available for benefits are amounts allocated to individuals who have withdrawn from the Plan and requested a distribution prior to year-end. Amounts allocated to these participants were approximately \$54,150 and \$0 at December 31, 2007 and 2006, respectively.
