ITEM 2. ACQUISITION OR DISPOSITION OF ASSETS.

On January 31, 2002, Koger Equity, Inc. (the "Company") acquired Three Ravinia Drive (the "Property"), an 805,972 square foot office building located in Atlanta, Georgia, for approximately \$125 million. The funds required for this acquisition were drawn from the Company's existing cash reserves and from its secured revolving credit facility. The Property was acquired from Ravinia III Associates, Limited Partnership, a Georgia limited partnership, an unrelated third party. Reference is made to the Company's Form 8-K, dated January 8, 2002, which disclosed that the Company had entered into a contract to purchase the Property, which Form 8-K is incorporated herein by reference.

The Company considered various factors in determining the price to be paid for this acquisition. Factors considered included the nature of the tenants and terms of leases in place, opportunities for alternative and new tenancies, historical and expected cash flows, occupancy rates, current operating costs on the Property and anticipated changes therein under Company ownership, the

physical condition and location of the Property, the need for capital improvements, the anticipated effect on the Company's financial results, and other factors. The Company took into consideration capitalization rates at which it believed other comparable properties had recently sold. However, the Company determined the price it was willing to pay primarily on the factors discussed above relating to the Property itself and its fit into the Company's existing operations. No separate independent appraisal was obtained in connection with this acquisition. The Company, after investigation, is not aware of any material factors, other than those discussed above, that would cause the financial information reported not to be necessarily indicative of future operating results. The Company intends to lease office space in the Property to tenants and manage the Property as it does the other office buildings contained in its portfolio.

Upon the completion of the audit and within 75 days of the reportable event described above, the Company will file the audited Statement as an amendment to Form 8-K.
