**NOTES TO THE UNAUDITED CONDENSED INTERIM CONSOLIDATED FINANCIAL STATEMENTS**

**NOTE 1. BASIS OF PRESENTATION**

**Interim Financial Data**

The accompanying unaudited condensed interim consolidated financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America for interim financial information and with instructions to Form 10-QSB and Regulation S-B. Accordingly, they do not include all of the information and footnotes required by accounting principles generally accepted in the United States of America for complete financial statements. However, management believes the accompanying unaudited condensed interim consolidated financial statements contain all adjustments, consisting of only normal recurring adjustments, necessary to present fairly the consolidated financial position of Consulier Engineering, Inc. ( Consulier ) as of June 30, 2004, the results of its operations for the three and six months ended June 30, 2004 and 2003 and cash flows for the six months ended June 30, 2004 and 2003. The results of operations and cash flows for the period are not necessarily indicative of the results of operations or cash flows that can be expected for the year ending December 31, 2004. For further information, refer to the consolidated financial statements and footnotes thereto included in Consulier's annual report on Form 10-KSB for the year ended December 31, 2003.

**Basis of Consolidation**

The condensed interim consolidated financial statements include Consulier, and its wholly-owned subsidiaries, Consulier International, Inc., ( CII ) and C-6 Products, Inc., ( C-6 ) (collectively known as the Company ). All intercompany balances and transactions between Consulier and its wholly-owned subsidiaries have been eliminated.

**Inventories**

Inventories, stated at the lower of cost (first-in, first-out basis) or market, consist of Captain Cra-Z Soap finished goods.

NOTES TO THE UNAUDITED CONDENSED INTERIM CONSOLIDATED FINANCIAL STATEMENTS**

**NOTE 1. BASIS OF PRESENTATION (CONTINUED)**

**Partnership and Limited Liability Companies Investments**

The Company's partnership and limited liability companies ( LLC ) investments, all of which are less than 50% interests, are accounted for using the equity method. The Company owns less than 20% in the partnership investment, however, the Company has the ability to significantly influence this investee in conjunction with a general partner (a related party who is the primary stockholder of Consulier). Income or loss is allocated to Consulier based on the partnership and LLC agreements. The Company reviews its partnership and limited liability companies investments for other than temporary declines in value on a monthly basis by analyzing the underlying investee's actual revenue, earnings capacity and estimated future undiscounted cash flows.

**Use of Estimates**

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

**NOTE 2. DISCONTINUED OPERATIONS**

Effective December 31, 2002, the Company sold 70% of the common stock of its wholly-owned subsidiary, Southeast Automotive Acquisition Corporation ( Southeast ), to executive officers of Southeast, in exchange for 45,000 shares of the Company's common stock, and a promissory note (the Note ) of approximately \$1,600,000 payable to the Company by Southeast for its pre-existing debt to the Company, collateralized by Southeast's assets, the common stock in Southeast and the purchasers' personal guarantees, limited to the cash in Southeast at December 31, 2002 of approximately \$228,000. The Note bears interest at 6% and is payable in monthly installments of principal and interest of approximately \$9,600 beginning February 20, 2003 through January 2033. Southeast's activities included primarily the sales of automobile parts in the automotive after-market.

**Table of Contents**

**CONSULIER ENGINEERING, INC. AND SUBSIDIARIES**  
**NOTES TO THE UNAUDITED CONDENSED INTERIM CONSOLIDATED FINANCIAL STATEMENTS**

**NOTE 2. DISCONTINUED OPERATIONS (CONTINUED)**

On June 29, 2003, the Company transferred its remaining 30% ownership of the common stock of Southeast to the former executive officers of Southeast in consideration of their agreement to amend the Note to reflect an original principal balance of \$1,764,581 with a term of 40 years from June 2003, with a balloon payment of \$206,916 due on May 20, 2043; the remaining terms of the Note were unchanged. On June 30, 2003, the Company sold and assigned the Note to the majority stockholder of Consulier, together with its security interest for the consideration of \$1,762,575, the then current unpaid principal balance and accrued interest due on the Note.

Since the Note was sold and assigned, the Company is no longer considered to be the primary beneficiary. As such, Southeast is considered to be divested as of the assigned date of the Note, June 30, 2003, and as a result the Company reflected the operations and disposal of Southeast as discontinued operations. Net sales for Southeast during the three and six months ended June 30, 2003 totaled \$574,228 and \$1,019,783, respectively.

**NOTE 3. PARTNERSHIP AND LIMITED LIABILITY COMPANIES INVESTMENTS**

The limited partnership and limited company interests consist of Consulier's investments in AVM, L.P., BioSafe Systems, LLC and Systems Technologies, LLC.

**AVM, L.P.**

Consulier owns approximately 10% of AVM, L.P.'s (AVM) capital as of June 30, 2004 and 2003. Based on capital and earnings distributions provided in the partnership agreement, Consulier was allocated approximately 8.5% of AVM's earnings during the three-month and six-month periods ended June 30, 2004 and 2003. Under the partnership agreement, Consulier may withdraw all or any portion of its capital account upon 30 days written notice. AVM's general partner may also expel Consulier from the partnership through payment of the balance of Consulier's capital account. Following is a summary of the result of operations of AVM and the income allocated to the Company:

**Systems Technologies, LLC**

During August 2002, Consulier purchased a 14.25% interest in Systems Technologies, LLC, a Nevada limited liability company ( ST, LLC ). Consulier made additional contributions of \$4,057,005 to increase its investment during 2003. During the six months ended June 30, 2004, Consulier made additional contributions of \$2,500,000 to increase its investment in ST, LLC. As of June 30, 2004, Consulier's interest in ST, LLC totaled 34%. ST, LLC is a member of Patient Care Technology Systems, LLC, a California limited liability company ( PCTS ). ST, LLC's primary asset is its approximate 75% (at June 30, 2004) investment in PCTS. The original ST, LLC operating agreement provided that the losses from ST, LLC be allocated to ST, LLC's initial members and then to Consulier based on investment percentage. Effective April 1, 2003, this agreement was amended and provides that Consulier receives allocated losses to the extent of capital contributions from inception. Consequently, the loss allocated to Consulier is greater than 34%. Consulier's principal stockholder owns approximately 51% of ST, LLC, and together with Consulier's 34%, the combined ownership aggregates 85%. Consulier can require Consulier's principal stockholder to purchase its interest in ST, LLC for cash equal to Consulier's capital account balance in ST, LLC at any time with 60 days written notice. Management has evaluated ST, LLC's (primarily PCTS's) projections and related assumptions regarding their

operations. In this regard, management periodically compares actual results to these projections. Should actual results be significantly less than the projection, a write down might be necessary. Following is a summary of operations of PCTS and the losses allocated to Consulier:

**RESULTS OF OPERATIONS**

The following compares the results of operations for the three and six months ended June 30, 2004 compared with the three and six months ended June 30, 2003:

During the quarter ended June 30, 2004, sales decreased \$5,891 from the comparable amounts recorded during the quarter ended June 30, 2003. Loss from continuing operations for the second quarter of 2004 was \$568,076, or \$.12 per share, compared to a loss of \$330,331, or \$.07 per share, for the second quarter of 2003 from continuing operations.

During the six months ended June 30, 2004, sales decreased \$9,757 from the comparable amounts recorded during the quarter ended June 30, 2003. Loss from continuing operations for the six months ended June 30, 2003 was \$972,205, or \$.20 per share, compared to a loss of \$50,635, or \$.01 per share, for the six months ended June 30, 2003 from continuing operations.

During the quarter ended June 30, 2004, other income (loss) increased by approximately \$516,000 from the comparable amounts for the quarter ended June 30, 2003. This was primarily a result of the increase in loss from equity investment in ST, LLC of \$487,000.

Investment in BioSafe Systems, LLC ( BioSafe ) Equity in the income of BioSafe was approximately \$15,000 in the second quarter of 2004, compared to 2003 quarter's loss of approximately \$43,000. This represents the Company's 40% interest in BioSafe's net income of approximately \$33,000 in the second quarter of 2004, compared to a loss of approximately \$108,000 in the second quarter of 2003.

Investment in Systems Technologies, LLC ( ST, LLC ) Equity in the loss of ST, LLC was approximately \$1,497,000 in the second quarter of 2004, compared to a loss of approximately \$1,010,000 in the second quarter of 2003. This additional loss relates primarily to ST, LLC's continued activities in regards to obtaining new contracts and implementation in new sites. Management continues to monitor these activities as it relates to budget amounts. Should actual results be significantly less than the projected amounts, a write down of the investment might be necessary. See liquidity and capital resources and future outlook sections below. The Company maintains an open option to sell its shares to the primary stockholder of the Company, at cost, as noted in the accompanying financial statements.

Household and Tool Products C-6 Products, Inc. incurred a net loss of \$7,426 in the three months ended June 30, 2004 consisting mostly of storage costs, compared to a net loss of \$6,188 in the three months ended June 30, 2003. Consulier International incurred a net loss of \$14,622 in the three months ended June 30, 2004. Consulier International did not begin operations until the 4th quarter of 2003.

LIQUIDITY AND CAPITAL RESOURCES**

At June 30, 2004, Consulier s cash totaled \$427,453 as compared to \$1,002,613 at December 31, 2003. Net cash provided by operations was \$455,893 for the six months ended June 30, 2004 compared to \$1,065,959 of net cash used in the six months ended June 30, 2003. Net cash used in investing activities was primarily additional investments in ST, LLC of \$2,500,000 offset by the distribution of approximately \$1,441,000 from AVM during the six months ended June 30, 2004.

The ability of Consulier to continue to generate cash flow in excess of its normal operating requirements depends almost entirely on the performance of its limited partnership investment in AVM. Consulier cannot, with any degree of assurance, predict whether there will be a continuation of the net return experienced in the period that the AVM limited partnership interest has been owned. However, Consulier does not expect that the rate of return will decline to the point where Consulier has negative cash flow. Furthermore, although AVM has given Consulier no indication of any intention on its part to redeem the partnership interest, there can be no assurance that AVM will not do so in the future.

The Company has a \$2,000,000 line of credit from a bank available, which has not been used. It is anticipated that the cash requirements for ST, LLC will reduce in the future as the sales increase within that limited liability company.

**FUTURE OUTLOOK**

Based on AVM s recent operations and operating results over the past five years, management expects continued annualized returns in 2004 on Consulier s limited partnership investments. However, there is no guarantee that the annualized return in the second quarter of 2004 will be maintained.

Consulier International, Inc. has been developing new retail and distribution outlets locally, nationally and internationally, There are several trade shows scheduled for marketing the Captain Cra-Z Hand and All Purpose Cleaner throughout 2004 and the internet web site continues to be a good lead generator with applications for distribution being received through the site from countries all over the world and new marketing materials are being developed.

BioSafe continues to remain optimistic that 2004 growth, projected over the 2003 reported volumes, can be maintained at historic year-to-year growth rates. Second quarter 2004 volumes were 41% ahead of the similar period in the prior year. Strong performances in their Agricultural and Post Harvest market segments, combined with the substantial initial success of the GreenClean granular Aquatic algaecide product to account for the substantial sales growth experienced in the quarter. Additionally, the more concentrated, professional grade

product has been introduced during the period. Sales are anticipated to increase as the product gains acceptance in the market.

The Company intends to substantially increase its investment in ST, LLC over the next three to five years. While the exact amount of the Company's future investment has not been quantified at this time, it is expected that the investment is to be between \$5 million and \$7 million. The exact amount will be based upon market acceptance of Patient Care Technology Systems, LLC's (PCTS) Amelior™ products and the need for investment funds. PCTS currently has contracts for 5 additional installations which are scheduled to be in place during the 3rd and 4th quarters of 2004. The new installations which should serve approximately 200,000 patients annually would bring the estimated number of patients served to approximately 380,000 annually. During 2004, PCTS plans to expand its product scope to incorporate solutions for departments in addition to Emergency Room, such as Operating Room, ICU and Labor & Delivery. PCTS plans to implement their expansion plans in the acute care market through a wider product offering by developing strategic partnerships with vendors that offer unique technologies and augment their core emergency department information system.

**ITEM 3. CONTROLS AND PROCEDURES**

Our management has conducted an evaluation of the effectiveness of our disclosure controls and procedures (as defined in Rule 13a-15e and 15d-15(e) promulgated under the Securities and Exchange Act of 1934, as amended), as of the end of the fiscal quarter covered by this report. Based upon that evaluation, our management has concluded that our disclosure controls and procedures are effective for timely gathering, analyzing and disclosing the information we are required to disclose in our reports filed under the Securities and Exchange Act of 1934, as amended. There have been no significant changes made in our internal controls or in other factors that could significantly affect our internal controls during the fiscal quarter covered by this report.
