PROXY STATEMENT
ANNUAL MEETING OF SHAREHOLDERS
Tuesday, November 22, 2005

This Proxy Statement is furnished in connection with the solicitation of proxies by the Board of Directors of Dycom Industries, Inc. (the Company) for use at the Annual Meeting of Shareholders to be held on Tuesday, November 22, 2005, at the City Club of the Palm Beaches, 11780 U.S. Highway 1, Suite 600, Palm Beach Gardens, Florida 33408, at 11:00 a.m., local time, or at any adjournments thereof (the Annual Meeting), for the purposes set forth in the accompanying Notice of Annual Meeting of Shareholders.

Only shareholders of record at the close of business on October 3, 2005 (the Record Date) will be entitled to notice of and to vote at the Annual Meeting. On October 3, 2005, the Company had 48,874,294 shares of common stock, par value \$0.33¹/₃, issued and outstanding. This number does not reflect the Company's purchase of 8,763,451 shares of its common stock in its recently completed tender offer. Shares were not purchased in the tender offer until after the record date. All shares outstanding on the record date are entitled to vote, even if they were subsequently purchased in the tender offer. Each share of common stock entitles the holder thereof to one vote.

A proxy card that is properly marked, signed, dated and returned in time for the Annual Meeting will be voted in accordance with the instructions contained therein. If no instructions are indicated, each share of common stock represented by proxy will be voted for the election of the listed nominee directors.

This Proxy Statement and the accompanying proxy card are being mailed to shareholders on or about October 26, 2005. Any shareholder giving a proxy has the power to revoke the proxy prior to its use. The proxy can be revoked by filing an instrument of revocation with the Secretary of the Company or by submitting a proxy bearing a later date than the proxy being revoked prior to the Annual Meeting. Additionally, shareholders who attend the Annual Meeting may revoke a previously granted proxy and vote in person.

The presence in person or by proxy of the holders of a majority of the common stock will constitute a quorum. A quorum is necessary to transact business at the Annual Meeting. With the exception of the election of directors, which requires a plurality of the votes cast, the affirmative vote of a majority of the shares of common stock represented at the Annual Meeting is required to approve any other proposals. Shares of common stock represented by proxies that reflect abstentions or broker non-votes (i.e., shares held by a broker or nominee which are represented at the Annual Meeting, but with respect to which such broker or nominee is not empowered to vote on a particular proposal) will be counted as shares that are present and entitled to vote for purposes of determining the presence of a quorum.

A copy of the Company's Annual Report to Shareholders, including financial statements for the fiscal years ended July 30, 2005 and July 31, 2004, is enclosed with this Proxy Statement, but such documentation does not constitute a part of the proxy soliciting material.

PROPOSAL 1
ELECTION OF DIRECTORS

The Company's Articles of Incorporation provides that the Board of Directors shall be divided into three classes, with each director having a three year term and the number of directors in each class as equal as possible. On May 23, 2005, the Board of Directors approved a resolution to increase the number of board members from seven to eight. In February 2005, due to increased demands on her time, Kristina M. Johnson announced her intention not to stand for re-election to the Board of Directors when her term expired at the Annual Meeting.

Four director nominees have been nominated for election at the Annual Meeting. The nominees are Jack H. Smith, Thomas G. Baxter, Charles B. Coe, and Tony G. Werner. Werner have each been nominated for a three-year term expiring at the fiscal year 2008 Annual Meeting of Shareholders. Thomas G. Baxter has been nominated for a two-year term expiring at the fiscal year 2007 Annual Meeting of Shareholders and Jack H. Smith has been nominated for a one-year term expiring at the fiscal year 2006 Annual Meeting of Shareholders. If any director nominees become unable to accept nomination or election, which is not anticipated, the persons acting under such proxies will vote for the election of such other person as the Board of Directors may recommend.

CORPORATE GOVERNANCE

The Company is committed to sound corporate governance, and to full compliance with New York Stock Exchange (NYSE), Securities and Exchange Commission (SEC) and other regulatory and legal requirements. In furtherance of these goals the Board of Directors has adopted a Business Code of Conduct and Ethics, a Code of Ethics for Senior Financial Officers, Corporate Governance Guidelines and written charters for each of its Corporate Governance Committee, Compensation Committee and Audit Committee, all of which are available on the Company's Internet website at www.dycomind.com. Copies of each may also be obtained, without charge, upon written request to the Company at 11770 U.S. Highway 1, Suite 101, Palm Beach Gardens, Florida 33408. The Company periodically reviews these documents in light of corporate governance developments and modifies the documents as appropriate.

Board of Directors and Its Committees

The Board of Directors has established five committees; an Audit Committee, a Compensation Committee, a Corporate Governance Committee, an Executive Committee and a Finance Committee.

Audit Committee. The Audit Committee currently consists of Charles M. Brennan, III, Stephen C. Coley, Kristina M. Johnson and Joseph M. Schell. The Board of Directors has determined that each of the members of the Audit Committee is independent within the meaning of the NYSE Corporate Governance listing standards and the Company's Corporate Governance Guidelines. The Audit Committee operates in accordance with an Audit Committee Charter, a copy of which is available on the Company's internet website at www.dycomind.com. A copy may also be obtained, without charge, upon written request to the Secretary of the Company at 11770 U.S. Highway 1, Suite 101, Palm Beach Gardens, Florida 33408.

The principal function of the Audit Committee is to oversee the accounting and financial reporting processes of the Company and audits of the Company's financial statements. The Audit Committee is also responsible for assisting the Board of Directors in the oversight of (1) the quality and integrity of the Company's financial statements and related disclosures, (2) the Company's compliance with legal and regulatory requirements, (3) the independent auditor's qualifications and independence, and (4) the performance of the Company's internal audit function and independent auditors. The Audit Committee met seven times during fiscal 2005.

The members of the Audit Committee are independent, as independence is defined in the listing standards of the NYSE. In addition, the Board of Directors has determined that the Chairman of the Audit Committee, Charles M. Brennan, III, qualifies as an audit committee financial expert within the meaning of applicable regulations of the SEC, promulgated pursuant to the Sarbanes Oxley Act of 2002.

The SEC has indicated that the designation of Mr. Brennan as an audit committee financial expert does not make him an expert for any purpose, impose on him any duties, obligations or liability that are greater than the duties, obligations or liability imposed on him as a member of the Audit Committee and the Board of Directors in the absence of such designation, or affect the duties, obligations or liability of any other member of the Audit Committee or Board of Directors.

Compensation Committee. The Compensation Committee currently consists of Stephen C. Coley, Kristina M. Johnson and Tony G. Werner. The Board of Directors has determined that each of the members of the Compensation Committee is independent within the meaning of the NYSE Corporate Governance listing standards and the Company's Corporate Governance Guidelines. The Compensation Committee operates in accordance with a Compensation Committee Charter, a copy of which is available on the

Company's Internet website at www.dycomind.com. A copy may also be obtained, without charge, upon written request to the Secretary of the Company at 11770 U.S. Highway 1, Suite 101, Palm Beach Gardens, Florida 33408.

The Corporate Governance Committee operates in accordance with a Corporate Governance Committee Charter, a copy of which is available on the Company's Internet website at www.dycomind.com. A copy may also be obtained, without charge, upon written request to the Secretary of the Company at 11770 U.S. Highway 1, Suite 101, Palm Beach Gardens, Florida 33408.

The Executive Committee did not meet during fiscal 2005.

Finance Committee. The Finance Committee currently consists of Charles M. Brennan, III, Joseph M. Schell and Tony G. Werner. The principal functions of the Finance Committee are to set policy for short-term investments; to review borrowing arrangements; and to recommend changes in the capital structure and operating budget of the Company. The Finance Committee met twice during fiscal 2005.

The Board of Directors held seven meetings in the fiscal year ended July 30, 2005. All of the directors attended more than 75% of the aggregate number of meetings held by the Board of Directors and its respective committees on which they served, other than Mr. Werner, who attended 71% of such meetings during the fiscal year.

Board Independence

In accordance with the Company's Corporate Governance Guidelines, the Board of Directors monitors the independence of its members on an ongoing basis using standards set forth in the guidelines. The guidelines reflect the requirements set forth in the NYSE Corporate Governance listing standards. Under these standards, the Board of Directors has determined that each of the seven non-management members of the Board of Directors, including the three director nominees that are currently members of the Board of Directors, is independent and that such group constitutes a majority of the Company's directors. Mr. Nielsen, who serves as the Company's President and Chief Executive Officer, is not independent.

Code of Ethics for Senior Financial Officers

The Company has adopted a Code of Ethics for Senior Financial Officers and a Business Code of Conduct and Ethics, each of which is a code of ethics as that term is defined in Item 406(b) of Regulation S-K. The Code of Ethics for Senior Financial Officers applies to the Company's Chief Executive Officer, Chief Financial Officer, Controller and other employees performing similar functions. The Business Code of Conduct and Ethics applies to all officers, managers and employees of the Company. Each code is available on the Company's Internet website at www.dycomind.com. Copies of each may also be obtained, without charge, upon written request to the Secretary of the Company at 11770 U.S Highway 1, Suite 101, Palm Beach Gardens, Florida 33408. The Company intends to satisfy the requirement under Item 10 of Form 8-K regarding disclosure of an amendment to, or a waiver from, provisions of the Code of Ethics for Senior Financial Officers by posting such information on its website at the address specified above.

Executive Sessions of Non-Management Directors

In accordance with the Company's Corporate Governance Guidelines, the Company's non-management directors meet without management present at regularly scheduled executive sessions (at least quarterly). The Lead Non-Management Director, who is currently Stephen Coley, presides at such sessions.

Communications with the Board of Directors

The Company has adopted a formal process by which shareholders and other interested parties may communicate with one or more of the Company's directors, the Company's non-management directors as a group, a committee or the full Board of Directors. Shareholders who wish to communicate with a director or director group should direct their communications in writing to Dycom Industries, Inc., c/o Richard B. Vilsoet, General Counsel and Secretary, 11770 U.S Highway 1, Suite 101, Palm Beach Gardens, Florida 33408. The Company's Secretary is primarily responsible for monitoring director-related communications from shareholders and other interested parties and forwarding collected communications to the intended recipient provided it meets certain criteria. In general, communications are forwarded to the intended director or director group as long as the communications do not relate to ordinary business, legal or administrative matters or other non-substantive or inappropriate matters further described in the Company's Internal Process for Handling Communications to Directors. All concerns and complaints relating to accounting, internal accounting controls or auditing matters as well as complaints regarding violations of the Company's Business Code of Conduct and Ethics or Code of Ethics for Senior Financial Officers will be referred to the Company's Audit Committee in accordance with the Company's Whistleblower Policy and Procedures. Both the Internal Process for Handling Communications to Directors and the Whistleblower Policy and Procedures are available on the Company's Internet website at www.dycomind.com.

Director Candidates

Pursuant to its charter and the Company's Corporate Governance Guidelines, the Corporate Governance Committee is responsible for recommending to the Board of Directors the director nominees for election by the Company's shareholders, including those nominees that are recommended by shareholders in accordance with the procedures set forth in the Company's By-Laws. The process followed by the Corporate Governance Committee to identify and evaluate director candidates includes requests to directors and others for recommendations, engagements of third-party search firms, meetings from time to time to evaluate biographical information and background materials relating to potential candidates, and interviews of selected candidates by members of the Corporate Governance Committee and the Board of Directors.

In considering whether to recommend any particular candidate for inclusion in the slate of recommended director nominees, the Corporate Governance Committee will consider numerous attributes, including the candidate's integrity, business acumen, knowledge of the Company's business and industry, age, experience and conflicts of interest. The Corporate Governance Committee does not assign specific weights to particular criteria, and no particular criterion is a prerequisite for each prospective nominee. The Corporate Governance Committee believes that the backgrounds and qualifications of the Company's directors, considered as a group, should provide a composite mix of experience, knowledge and abilities that will allow the Board of Directors to fulfill its responsibilities and operate effectively.

The Corporate Governance Committee considers director nominee candidates from many sources, including shareholders. If a shareholder wishes to recommend a nominee for director, written notice should be sent to the Company's Secretary in accordance with the instructions set forth later in this Proxy Statement under "Proposals for Year 2006 Annual Meeting of Shareholders." Assuming that appropriate biographical and background material has been provided on a timely basis, the Corporate Governance Committee will evaluate shareholder-recommended candidates by following substantially the same process, and applying substantially the same criteria, as it follows for candidates submitted by others.

Certain Relationships and Related Transactions

Neither the Company nor any of its subsidiaries is engaged in any related party transaction with any director or executive officer of the Company, any nominee for director or any security holder known to the Company to own more than five percent of the Company's common stock.

Director Compensation

Directors who are employees of the Company do not receive fees for service on the Board of Directors or any committee of the Board of Directors. Non-employee directors receive an \$18,000 annual fee for service. The Audit Committee chair receives an additional annual fee of \$5,000 for service and each of the Corporate Governance Committee and Compensation Committee chairs receive an additional annual fee of \$2,500 for their service. Non-employee directors receive a fee of \$2,250 for each regular or special meeting of the Board of Directors attended in person, while the fee for telephonic meetings is \$1,000. Non-employee directors receive a fee of \$1,250 for regular meetings attended in person of the Audit, Corporate Governance, Finance, and Executive Committees, while the fee for telephonic meetings is \$750. Non-employee directors receive a fee of \$1,250 for Compensation Committee meetings at which executive or director compensation is being approved, whether attended in person or telephonically, and receive a fee of \$750 for all other meetings, whether attended in person or telephonically. All directors are reimbursed for reasonable expenses incurred in connection with all meetings.

In addition, under the 2001 Directors Stock Option Plan, directors who are not employees of the Company receive an initial grant of 6,000 stock options upon first becoming a director or upon reelection or appointment to the Board of Directors following a period during which a director did not serve on the Board of Directors. Thereafter, such directors will receive an annual grant of 2,000 stock options each year at the annual meeting if continuing their service as a director or a grant of 6,000 stock options upon their reelection to the Board of Directors for at least a three-year term. Stock options granted under the 2001 Directors Stock Option Plan vest in equal installments on each of the first four anniversaries of the date of grant.

Pursuant to the 2002 Directors Restricted Stock Plan, non-employee directors who do not beneficially own at least 7,500 shares of Company common stock must elect to receive at least 60% of their annual fees in restricted shares of Company common stock and may elect to receive up to 100% of such fees in restricted shares of Company common stock. Non-employee directors who own at least 7,500 shares of Company common stock must elect to receive at least 25% of their annual fees in restricted shares of Company common stock and may elect to receive up to 100% of such fees in restricted shares of Company common stock. The number of restricted shares of Company common stock to be granted to a non-employee director will be determined by (i) dividing (a) the U.S. dollar amount of the director's annual fees elected to be received in the form of restricted stock by (b) the fair market value of a share of common stock on the date such fees are payable and (ii) rounding up to the nearest whole share of common stock.

AUDIT COMMITTEE REPORT

The Audit Committee (the Committee) consists of four independent directors and operates in accordance with a written charter adopted by the Board of Directors on November 24, 2003. A copy of the charter is available on the Company's website at www.dycomind.com. Each member of the Audit Committee is independent as defined by the current listing standards of the New York Stock Exchange and the applicable rules of the Securities and Exchange Commission. On behalf of the Board of Directors, the Committee oversees the quality and integrity of the accounting, auditing and financial reporting practices and internal controls and procedures of the Company. The Committee also appoints the independent auditors and approves the fees paid for their services.

Management has the primary responsibility for preparing the Company's consolidated financial statements and the overall financial reporting process, including maintaining the Company's system of internal accounting controls. The Company's independent auditors, Deloitte & Touche LLP, have the responsibility for auditing the Company's financial statements, and for auditing the effectiveness of the Company's internal control over financial reporting and management's assessment of the effectiveness of the Company's internal control over financial reporting.

The Committee reviewed the Company's audited consolidated financial statements and the results of the audits relating to the Company's internal control over financial reporting for fiscal 2005, and discussed those matters with management and the independent auditors. During fiscal year 2005, the Committee also discussed the interim financial information contained in each quarterly earnings announcement with management and the independent auditors prior to public release. In addition, the Committee discussed with management, the internal auditors and the independent auditors the quality and adequacy of the Company's internal controls and the internal audit function's organization, responsibilities, budget and staffing. The Committee reviewed with both the independent and internal auditors their audit plans, audit scope, and the identification of audit risks. The Committee also discussed with the independent auditors all matters required by Statement on Auditing Standards No. 61 (Communication with Audit Committees).

As part of the Committee's oversight responsibilities of the audit process, the Committee obtained a written statement from the Company's independent auditors as required by Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees), and discussed with the independent auditors any relationships that may impact their objectivity and independence. The Committee concluded that Deloitte & Touche LLP's provision of audit and non-audit services to the Company and its subsidiaries are compatible with Deloitte & Touche LLP's independence.

Based on the aforementioned reviews and discussions, the Committee recommended to the Board of Directors that the audited consolidated financial statements be included in the Company's Annual Report on Form 10-K for the year ended July 30, 2005 for filing with the Securities and Exchange Commission. The Committee also approved the appointment of Deloitte & Touche LLP as the Company's independent auditors for the 2006 fiscal year.

REPORT ON EXECUTIVE COMPENSATION

The Compensation Committee (the Committee) of the Board of Directors is a standing committee of the Board of Directors and is composed of outside directors within the meaning of Section 162(m) of the Code. In addition, each member of the Committee is independent as defined in the current listing standards of the New York Stock Exchange and the applicable rules of the Securities and Exchange Commission. The primary purpose of the Committee is to discharge the responsibilities of the Board relating to all compensation, including equity compensation, of the Company's Chief Executive Officer and other senior executives. The Committee also has overall responsibility for evaluating and making recommendations to the Board regarding the compensation of the Company's directors and with respect to the equity based incentive plans and other compensation programs and policies of the Company. The Committee from time to time retains independent consultants to assist the Committee in fulfilling its responsibilities. The Committee operates under a written charter adopted by the Board. A copy of the charter is available on the Company's website at www.dycomind.com. The Committee's recommendations are subject to approval by the full Board of Directors. The following report is submitted by the Committee regarding compensation paid during fiscal year 2005.

Compensation Policy

The compensation program of the Company is designed to (1) allow the Company to attract, motivate and retain the highest quality executives, (2) align their financial interests with those of the Company's shareholders and (3) reward behaviors that enhance shareholder return. The program is intended to place a substantial amount of executive compensation at risk based on the performance of the Company, its subsidiaries and the executive.

The Company's compensation program for its executive officers and key employees consists of three major components: (i) annual salary; (ii) short-term performance-based incentives; and (iii) long-term equity-based incentives. The Committee believes that the Company's mix of cash and equity-based compensation appropriately aligns the executives' interests with that of the Company's shareholders and promotes equity ownership in the Company among executive officers and key employees. Short-term performance-based incentives consist of annual cash awards based on the achievement of certain pre-established individual and company performance goals. Long-term, equity-based compensation for executive officers and key employees is in the form of stock options and/or restricted stock awards that are granted under the 2003 LTIP.

Each year the Committee reviews recommendations for the base salary, annual incentive bonus awards and equity-based compensation for each of the Company's senior officers. The recommended levels of

compensation are submitted by the Chief Executive Officer and reflect the competitive pay practices of other companies, job responsibility, past performance and the need to attract, retain and reward executive talent. The Committee then assesses the performance of the Company and each respective senior officer to set actual compensation relative to the recommendations. The Committee consults with compensation consultants from time to time to determine the extent to which the Company's executive compensation levels are competitive with those of its peers.

Executive Officer Compensation Guidelines

Base Salary Adjustments

The Committee reviews, on an annual basis, salary recommendations for the Company's senior officers. In making these decisions, the Committee reviews each executive's performance, market compensation levels for comparable positions, the Company's performance goals and objectives and other relevant information. The recommendations are submitted by the Chief Executive Officer and are based on the individual's performance and general market conditions. Salary levels are intended to recognize the challenge of different positions taking into consideration the type of activity of the position, the responsibility associated with the job and the relative size of the operation.

Performance-Based Annual Incentive Bonus Awards

In addition to paying a base salary, the Company provides for cash incentive compensation as a component of overall compensation for the Company's senior officers. Incentive compensation as a component of overall compensation is tied to individual performance and the Company's financial performance, usually with a heavy emphasis on the profitability of the Company. In fiscal year 2005, the target incentive compensation pool was established by formula based upon the Company's consolidated financial performance. The fiscal year 2005 key financial performance measures were total revenue and income before income taxes. Individual incentive compensation awards are recommended by the Chief Executive Officer for consideration and approval by the Committee.

Equity-Based Compensation

The Committee's policy is that a portion of each senior officer's compensation should be at risk based on the performance of the Company, its subsidiaries and the respective officer so as to align the financial interests of the Company's senior officers with those of the Company's shareholders and the performance of the Company's common stock. The Committee believes that providing senior officers with an opportunity to acquire a financial interest in the Company's performance (through grants of stock options and other equity-based compensation) will incent and reward senior officers for job performance which enhances shareholder returns. The Company adopted its 2003 LTIP at its 2003 Annual Shareholders Meeting on November 25, 2003 and amended such plan on August 30, 2004. Under the plan, the Committee may award equity-based compensation to officers and key employees. Participants are selected based on their significant contributions or anticipated contributions to the Company. Awards under the plan may be in the form of either statutory or non-statutory stock options, restricted stock units, performance share units, or other awards that are based on the value of the Company's common shares. The Company grants stock options with an exercise price per share which is equal to the fair market value per share on the date of grant so that the employee is rewarded only to the extent that the Company's share price increases following the date of grant. Subject to employment requirements, the options generally become exercisable in equal installments over a period of four years after the date of grant.

Other Considerations with Respect to the Chief Executive Officer's Compensation

In establishing Mr. Nielsen's compensation for 2005, we applied the principles outlined above in the same manner as they were applied to the other executives. The annual total compensation for the Company's Chief Executive Officer and President is set by the Committee with the goal of providing him with a competitive base salary amount and an annual cash incentive award which is consistent with individual and Company performance. The base salary amount is set forth in the Nielsen Employment Agreement (as described herein) and is based upon a comparison with other peer group companies with which the Company competes for executive talent pursuant to information provided to the Committee by the compensation consultants. The annual incentive award is based upon a pre-established combination of the Company's overall financial performance and Mr. Nielsen's individual performance. The fiscal year 2005 pre-established financial performance measures were total revenue, operating cash flow, profit before income taxes and net income, both of the latter two measures being adjusted for asset impairments. Mr. Nielsen's annual incentive award was calculated as a specified percentage (the Annual Incentive Payout Ratio) of the amount by which income before taxes, adjusted for asset impairments, exceeds a preset threshold of contract revenues. This threshold is set at or above the level of long-term performance of the Company's peer companies. The Annual Incentive Payout Ratio was determined by assessing operating cash flow relative to net income, adjusted for asset impairments, with a lower payout associated with lower ratios. Mr. Nielsen receives an annual incentive award only if the award as calculated according to the foregoing guidelines equals or exceeds 10% of his 2005 base salary. The maximum annual incentive award payable to Mr. Nielsen for fiscal year 2005 is 125% of his base salary. The Compensation Committee may, in its discretion, reduce the amount of any incentive compensation award determined by the above calculation.

In accordance with the criteria outlined above and in connection with Nielsen Employment Agreement, the Committee increased Mr. Nielsen's base salary from the \$575,000 per annum level which had been in effect since November 25, 2003 to \$600,000 per annum, effective as of August 1, 2004, which represents a 4.3% increase. The Compensation Committee also approved the payment to Mr. Nielsen of an annual cash incentive award for the fiscal year 2005 in the amount of \$484,220, an 11.8% decrease from 2004, based on the performance criteria outlined above. As described above, the Committee believes that a portion of the compensation for the Chief Executive Officer, like the compensation of other executive officers of the Company, should be in the form of annual performance-based incentives that align investors' and the Chief Executive Officer's interests through common share ownership in the Company. In 2005, we granted Mr. Nielsen 75,000 stock options under the 2003 LTIP.

Compensation Deductibility Policy

Section 162(m) of the Code precludes a public corporation from taking a deduction for compensation in excess of \$1 million for its chief executive officer or any of its four other highest paid executive officers, unless certain specific performance criteria are satisfied. The Company believes that the cash bonuses paid to executive officers under the Annual Incentive Plan will be fully deductible under Section 162(m). The Committee's policy is to seek to maximize the deductibility of compensation in excess of \$1 million per taxable year, in accordance with the requirements of Section 162(m) of the Code (and any regulations promulgated thereunder), paid to any of the executive officers, except to the extent that the Committee determines that compliance is not in the best interest of the Company or compliance with the requirements of Section 162(m) rules conflicts with the Company's compensation philosophy of attracting and retaining key personnel by compensating them at competitive market rates, in which case the Committee will abide by the compensation philosophy, regardless of the tax impact of such actions. Any salary or other annual

compensation paid or imputed to the individual executive officers covered by Section 162(m) that causes non-performance-based compensation to exceed the \$1 million limit will not be deductible by the Company.

Option Acceleration

On July 21, 2005, the Committee approved the accelerated vesting of all unvested stock options granted under the 1998 Stock Option Plan and the 2003 LTIP to current employees and officers with per share exercise prices equal to or greater than \$23.92 (the closing market price of a share of Company common stock on the NYSE Composite Transaction Tape on July 21, 2005), so that each such option became fully vested and exercisable on such date. In the case of officers of the Company at or above the level of Senior Vice President, the Committee imposed a holding period that will require such officers to refrain from selling Company common stock acquired upon the exercise of these options (other than shares needed to cover the exercise price and satisfying withholding taxes) until the date on which the exercise would have been permitted under the option's original vesting terms. The primary purpose of the accelerated vesting was to eliminate future compensation expense the Company would otherwise recognize in its consolidated statement of operations with respect to these accelerated options upon the adoption of Financial Accounting Standards Board Statement of Financial Accounting Standards No. 123 (Revised 2004), Share-Based Payment (SFAS 123(R)). SFAS No. 123(R) is effective for the Company beginning in the first quarter of fiscal 2006, and will require that compensation expense associated with stock options be recognized in the statement of operations, rather than as footnote disclosure in the Company's consolidated financial statements. The Company believes the maximum aggregate future expense that will be eliminated as a result of the acceleration of vesting of these options is approximately \$21.9 million on a pre-tax basis. The acceleration of the vesting of these options did not result in a charge based on accounting principles generally accepted in the United States.

Review of all Components of Executive Compensation

The Committee has reviewed all components of the compensation of the Company's Chief Executive Officer and the other executive officers, including base salary, bonus, annual incentive awards, and equity-based compensation, the dollar value to the executive and the cost to the Company of all perquisites and other personal benefits, the actual projected payout obligations under the Company's executive retirement savings plan and under several potential severance and change-in-control scenarios.

The Committee's Conclusion

Based on this review, the Committee finds the total compensation (and, in the case of the severance and change-in-control scenarios, the potential payouts) of the Company's Chief Executive Officer and the other executive officers in the aggregate to be reasonable and not excessive.

SECTION 16(a)
BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities and Exchange Act of 1934 requires the Company's directors and executive officers, and persons who own more than ten percent (10%) of the Company's common stock, to file with the SEC initial reports of ownership and reports of changes in ownership of common stock and other equity securities of the Company. Our officers, directors and greater than ten percent (10%) shareholders are required by SEC regulations to furnish the Company with all Section 16(a) forms they file. Based on the Company's review of such reports, the Company believes that all such Section 16(a) filing requirements were satisfied during fiscal year 2005 except that Mr. Werner, a director, was late in reporting one transaction involving the purchase of 50 shares of common stock on Form 4.

The Audit Committee has appointed Deloitte & Touche LLP to serve as the Company's independent auditors for the next fiscal year. Representatives of Deloitte & Touche LLP are expected to be present at the Annual Meeting for the purposes of responding to shareholders' questions and making statements that they consider appropriate.
