ITEM 11. EXECUTIVE COMPENSATION.

Compensation Discussion and Analysis

Overview of Compensation Program

The Compensation Committee of the Board (for purposes of this section, the Committee) administers the compensation program for the Company's executive officers. The Committee reviews and determines all executive officer compensation, administers the Company's equity incentive plans (including reviewing and approving grants to the Company's executive officers), makes recommendations to shareholders with respect to proposals related to compensation matters and generally consults with management regarding employee compensation programs.

The Committee's charter reflects these responsibilities, and the Committee and the Board of Directors periodically review and, if appropriate, revise the charter. The Board of Directors determines the Committee's membership, which is composed entirely of independent directors. The Committee meets at regularly scheduled times during the year, and it may also hold specially scheduled meetings and take action by written consent. At Board meetings, the Chairman of the Committee reports on Committee actions and recommendations, as he deems appropriate. Executive compensation is reviewed at executive sessions of non-management and independent members of the Board.

Compensation Philosophy and Objectives

Historically, the Company's compensation program for executive officers consisted of a base salary, cash bonuses under an annual incentive program, periodic grants of equity awards and health and welfare benefits. The Committee believes that the most effective executive officer compensation program is one that is designed to align the interests of the executive officers with those of shareholders by compensating the executive officers in a manner that advances both the short- and long-term interests of the Company and its shareholders. The Committee believes that the Company's compensation program for executive officers is appropriately based upon the Company's performance, the performance and level of responsibility of the executive officer and the market, generally, with respect to executive officer compensation.

Pursuant to its authority under its charter to engage the services of outside advisors, experts and others to assist the Committee, during 2008, the Committee engaged the services of Johnson Associates, Inc., a third party compensation consultant, to meet with and advise the Committee with respect to establishing the Company's 2008 compensation program for Alan B. Levan, the Company's Chairman and Chief Executive Officer, John E. Abdo, the Company's Vice Chairman, and Seth M. Wise, the Company's President.

Messrs. Levan and Abdo hold executive positions at BFC and BankAtlantic Bancorp and receive compensation directly from those companies. In addition, John K. Grelle, the Company's Executive Vice President and Chief Financial Officer, also serves as Executive Vice President and Chief Financial Officer of BFC and receives compensation directly from BFC for his services. While the Committee does not determine the compensation paid by BFC to Messrs. Levan, Abdo and Grelle or by BankAtlantic Bancorp to Messrs. Levan and Abdo, the Committee considers the fact that Messrs. Levan, Abdo and Grelle devote time to the operations of those companies when determining the compensation the Company pays to them.

Table of Contents

Role of Executive Officers in Compensation Decisions

The Committee makes all compensation decisions for the Named Executive Officers (as defined in the introductory paragraph to the Summary Compensation Table below) and approves equity awards to all of the Company's employees. The Chief Executive Officer annually reviews the performance of each of the Named Executive Officers (other than himself, whose performance is reviewed by the Committee). The conclusions reached and recommendations based on these reviews, including those with respect to setting and adjusting base salaries, the payment of cash bonuses under the Company's annual incentive program and the granting of equity awards, are presented to the Committee. The Committee can exercise its discretion in modifying upward or downward any recommended amounts or awards to the Named Executive Officers. In 2008, the Committee accepted without modification the recommendations of the Chief Executive Officer with respect to the base salaries and bonuses paid or to be paid to the Named Executive Officers. During 2008, the Company did not grant any equity awards to the Named Executive Officers.

Executive Officer Compensation Components

For the fiscal year ended December 31, 2008, the principal components of compensation for the Named Executive Officers were base salary and cash bonuses under the Company's 2008 annual incentive program. Although no equity awards were granted during 2008, the Named Executive Officers compensation has historically also included long-term equity incentive compensation. Beginning in 2009, the compensation of certain of the Named Executive Officers will include, in lieu of cash bonuses under the formula-based component of the Company's annual incentive program, compensation based on returns realized by the Company on its investments. See New Compensation Program for Executives Commencing in 2009 below.

Base Salary

The Committee believes that the base salaries offered by the Company are competitive based on a review of market practices and the duties and responsibilities of each Named Executive Officer. In setting base salaries, the Committee periodically examines market compensation levels and trends observed in the market for executives of comparable experience and skills. Market information is used as an initial frame of reference for establishing and adjusting base salaries. The Committee believes that the Named Executive Officers' base salaries should be competitive with those of other executives with comparable experience at organizations similar to the Company.

In addition to examining market compensation levels and trends, the Committee makes base salary decisions for the Named Executive Officers based on an annual review by the Committee with input and recommendations from the Chief Executive Officer. The Committee's review includes, among other things, the functional and decision-making responsibilities of each position, the significance of each Named Executive Officer's specific area of individual responsibility to the Company's financial performance and achievement of overall goals, and the contribution, experience and work performance of each Named Executive Officer.

With respect to base salary decisions for the Chief Executive Officer, the Committee made an assessment of Mr. Levan's performance as Chief Executive Officer and its expectations as to his future contributions to the Company, as well as the factors considered in determining the compensation of the other Named Executive Officers, including reviewing market compensation levels and trends and evaluating his individual performance and the Company's financial condition, operating results and attainment of strategic objectives. As described above, during 2008, the Committee engaged Johnson Associates, Inc., a third party compensation consultant, to assist the Committee in establishing the compensation, including base salary, to be paid Mr. Levan (as well as to Messrs. Abdo and Wise). In evaluating the performance of Mr. Levan for purposes of not only his base salary, but also any cash bonus under the Company's annual incentive program and stock option awards under the Company's long-term equity incentive compensation program, the Committee considered Mr. Levan's overall performance and his critical assessment of the issues facing the Company during 2008.

Based on market conditions and the impact of these market conditions on the Company in 2007, at the request of Messrs. Levan and Abdo, their respective 2007 annual base salaries were decreased to \$1, effective October 1, 2007. Effective July 28, 2008, Messrs. Levan and Abdo's respective annual base salaries were increased to \$350,000.

Table of Contents

The 2008 annual base salary of Seth M. Wise, the Company's President, remained unchanged from its 2007 level of \$350,000. The annual base salary of John K. Grelle, who was appointed Executive Vice President and Chief Financial Officer of the Company on May 20, 2008, was set at \$235,200 for 2008.

For 2009, the annual base salaries of Messrs. Levan, Abdo, Wise and Grelle will remain unchanged from their respective 2008 levels.

Effective January 11, 2008, George P. Scanlon resigned as Executive Vice President and Chief Financial Officer of the Company. In connection with his resignation, the Company entered into an agreement with Mr. Scanlon pursuant to which Mr. Scanlon provided certain services to the Company through December 31, 2008, and the Company paid an aggregate of approximately \$170,000 and provided certain benefits to Mr. Scanlon during that period. Patrick M. Worsham, who served as acting Chief Financial Officer of the Company from January 11, 2008 through May 19, 2008, received compensation of approximately \$133,000 for his services during that period.

Annual Incentive Program

The Company's annual incentive program is a cash bonus plan designed to promote performance and achievement of corporate strategic goals and initiatives, encourage the growth of shareholder value and allow the Named Executive Officers to participate in the growth and profitability of the Company. This program may include elements tied to the achievement of pre-established, objective individual and company-wide annual financial performance goals established during the Company's annual budget cycle. The portion of a Named Executive Officer's cash bonus under the program that is related to financial performance goals may vary by individual and the impact that he has on the financial performance of the Company as a whole and of his respective division. The Company's annual incentive program also includes a discretionary element under which bonuses may be paid based on a subjective evaluation of the Named Executive Officer's overall performance in areas outside those that can be objectively measured from financial results. Each Named Executive Officer's bonus is intended to take into account corporate and individual components, which are weighted according to the Named Executive Officer's responsibilities.

The Committee established objective financial criteria for potential bonuses to Messrs. Levan and Abdo under the Company's 2008 annual incentive program tied to the achievement of goals relating to the Company's consolidated gross revenues, subject to reduction in the sole discretion of the Committee. Messrs. Levan and Abdo were also eligible to receive cash bonuses under the discretionary component of the Company's 2008 annual incentive program. The Committee determined that it would not be possible to establish objective financial criteria for Mr. Wise under the Company's 2008 annual incentive program but determined that Mr. Wise would be eligible for a discretionary bonus of up to 60% of his 2008 annual base salary. Mr. Grelle joined the Company in May 2008 at which point the objective financial criteria under the Company's 2008 annual incentive program had already been established. As a result, Mr. Grelle was only eligible to receive a discretionary cash bonus under the Company's 2008 annual incentive program. During 2008, a total of \$1,264,880 in cash bonuses was paid to the Named Executive Officers under the Company's 2008 annual incentive program as follows:

Alan B. Levan	\$ 500,000
John E. Abdo	\$ 500,000
Seth M. Wise	\$ 210,000
John K. Grelle	\$ 54,880

Each of these bonuses was paid under the discretionary component of the Company's 2008 annual incentive program based on a subjective evaluation of the Named Executive Officer's overall performance in areas outside those that can be objectively measured from financial results. The discretionary bonuses paid to each of Messrs. Levan, Abdo and Wise were approved by the Committee based on the recommendation of Johnson Associates, Inc. As described above, Mr. Scanlon resigned as Executive Vice President and Chief Financial Officer of the Company, effective January 11, 2008, and Mr. Worsham served as acting Chief Financial Officer of the Company from January 11, 2008 through May 19, 2008. Neither of Messrs. Scanlon or Worsham was eligible to receive a bonus under the Company's 2008 annual incentive program.

Table of Contents

Beginning in 2009, the Company has decided to discontinue its annual incentive program and instead has adopted the new compensation program discussed below under **New Compensation Program for Executives Commencing in 2009**. However, the Named Executive Officers will remain eligible to receive cash bonuses payable at the discretion of the Committee based upon a subjective evaluation of their performance and contribution to the success and growth of the Company in areas outside those that may be objectively measured based on specific financial goals. Decisions by the Committee regarding discretionary cash bonuses to the Named Executive Officers will generally be made based upon the recommendation of the Company's Chief Executive Officer (other than with respect to awards of discretionary cash bonuses to the Company's Chief Executive Officer), the Named Executive Officer's position with the Company, an evaluation of the Named Executive Officer's performance, the Named Executive Officer's other compensation, including compensation paid or to be paid under the new compensation program discussed below, and discussions with the Named Executive Officer.

Long-Term Equity Incentive Compensation

The Company's long-term equity incentive compensation program provides an opportunity for the Named Executive Officers to increase their stake in the Company through grants of options to purchase shares of the Company's Class A Common Stock (**Class A Stock**). This program encourages the Named Executive Officers to focus on the Company's long-term performance by aligning the Named Executive Officers' interests with those of the Company's shareholders, since the ultimate value of such compensation is directly dependent on the stock price. The Committee believes that providing its executives with opportunities to acquire an interest in the growth and prosperity of the Company through the grant of stock options enables the Company to attract and retain qualified and experienced executive officers and offer additional long-term incentives.

The Committee's grant of stock options to the Named Executive Officers is discretionary based on an assessment of the individual's contribution to the success and growth of the Company, subject in any event to the limitations set by the Company's Amended and Restated 2003 Stock Incentive Plan. Decisions by the Committee regarding grants of stock options to the Named Executive Officers are generally made based upon the recommendation of the Chief Executive Officer (other than with respect to decisions by the Committee regarding grants of stock options to the Chief Executive Officer), the level of the Named Executive Officer's position with the Company, an evaluation of the Named Executive Officer's past and expected future performance and the number of outstanding and previously granted stock options to the Named Executive Officer. Historically, stock options granted to the Named Executive Officers have an exercise price equal to the market value of such stock on the date of grant and vest on the fifth anniversary of the date of grant. The Committee believes that such stock options serve as a significant aid in the retention of the Named Executive Officers, since these stock option awards do not vest until five years after the grant date.

During 2008, the Company did not grant any stock options to the Named Executive Officers.

New Compensation Program for Executives Commencing in 2009

In place of the Company's annual incentive program described above, commencing in 2009, the Committee and the Board have approved the terms of a new compensation program for certain of the Company's employees, including Messrs. Levan, Abdo and Wise (for the purposes of this section, the **Named Executive Officer Participants**), pursuant to which a portion of each Named Executive Officer Participant's compensation will be based on the cash returns realized by the Company on its investments. Mr. Grelle is not a participant in this new compensation program.

Under the terms and conditions of the new compensation program, all of the Company's investments are or will be held by individual limited partnerships or other legal entities established for such purpose. The Named Executive Officer Participants and other participating employees will have interests in the entities, which will be the basis of their incentives under the programs. The Named Executive Officer Participants may have interests tied both to the performance of a particular investment as well as interests relating to the performance of the portfolio of investments as a whole. The Company, in its capacity as investor in the program, will be entitled to receive a return of its invested capital and a specified rate of return on its invested capital prior to the Named Executive Officer Participants being entitled to receive any portion of the realized profits. Once the Company receives its priority return of invested capital and the stated return as well as certain additional amounts, the remaining proceeds will be

Table of Contents

available for distribution among those employees directly responsible for the relevant investments and the Named Executive Officer Participants. The Committee will determine in advance the allocations for each Named Executive Officer Participant and, although the Committee may alter these allocations on a prospective basis, the total amount payable to each Named Executive Officer Participant cannot be changed. The program contains provisions which under certain circumstances require the Named Executive Officer Participants to return to the Company amounts previously distributed to them. These provisions, which are often times known as clawback provisions, are intended to reduce the risk that any Named Executive Officer Participant or other participating employee will be distributed amounts under the program prior to the Company's receipt of at least a return of its invested capital and the stated return. The Named Executive Officer Participants' clawback obligations relate to the performance of the portfolio of investments as a whole even if they participate in the performance of a particular investment. The program contemplates that the clawback obligations will be funded solely from holdback accounts established with respect to each Named Executive Officer Participant and other participating employee. A portion of the amount to which a Named Executive Officer Participant or other participating employee would otherwise be entitled to (which portion has initially been set at 25% but can be increased, when appropriate, to as high as 75%) will be deposited into holdback accounts or otherwise made available for the Company's benefit. There are also general vesting and forfeiture provisions applicable to each Named Executive Officer Participant's and other participating employee's right to receive any share of the realized profits under the program, the terms of which may vary by individual. The Committee and the Board approved this new compensation program based on their belief that the program appropriately aligns payments to the Named Executive Officer Participants and other participating employees with the performance of the Company's investments.

Internal Revenue Code Limits on Deductibility of Compensation

Section 162(m) of the Internal Revenue Code generally disallows a tax deduction to public corporations for compensation over \$1,000,000 paid for any fiscal year to the corporation's chief executive officer and four other most highly compensated executive officers as of the end of any fiscal year. However, the statute exempts qualifying performance-based compensation from the deduction limit if certain requirements are met.

Although the Committee has historically attempted to structure performance-based compensation, including stock option grants or performance-based restricted stock awards and annual bonuses, to executive officers who may be subject to Section 162(m) in a manner that satisfies the statute's requirements for full tax deductibility for the compensation, the Committee also recognizes the need to retain flexibility to make compensation decisions that may not meet Section 162(m) standards when necessary to enable the Company to meet its overall objectives, even if the Company may not deduct all of the compensation. The Committee approved the new compensation program described above based on its belief that the program appropriately aligns payments to the Named Executive Officers with the performance of the Company's investments, while recognizing that compensation paid under the new program will most likely not satisfy the requirements of Section 162(m) for full tax deductibility. As a result, there can be no assurance that all or any portion of the compensation that may be paid by the Company in 2009 or any future period, including compensation that may be paid by the Company under its new compensation program, will be deductible under Section 162(m).

- (1) The amounts for 2008 represent discretionary cash bonuses paid to or accrued on behalf of the Named Executive Officers under the Company's 2008 annual incentive program based on a subjective evaluation of their overall performance in areas outside those that can be objectively measured from financial results. The Company's 2008 annual incentive program is more fully described in the Compensation Discussion and Analysis section above.

- (2) All options are to purchase shares of Class A Stock. The amounts for 2008 represent the dollar amounts recognized for financial statement reporting purposes for the fiscal year ended December 31, 2008, in accordance with FAS 123(R), without taking into account an estimate of

forfeitures related to service-based vesting of stock option grants, including amounts from awards granted prior to 2008.

Assumptions used in the calculation of these amounts are included in footnote 6 to the Company's audited consolidated financial statements for the fiscal year ended December 31, 2008 included in the Original Form 10-K. In connection with Mr. Scanlon's resignation as the Company's Executive Vice President and Chief Financial Officer, effective January 11, 2008, Mr. Scanlon forfeited all of his unvested stock options pursuant to which he had the right to purchase an aggregate of 110,000 shares of Class A Stock. The Company did not grant any stock options to the Named Executive Officers during 2008.

- (3) The amounts for 2008 are comprised of the following. Each of

Messrs. Levan and Abdo received \$1,500 as reimbursement for insurance premiums for waiving participation in the Company's medical, dental and vision plans.

In addition, the amount for Mr. Abdo includes management fees of \$306,240 paid by the Company to Abdo Companies, Inc., of which Mr. Abdo is the principal shareholder and Chief Executive Officer. Mr. Wise received an automobile allowance in the amount of \$7,200.

As described below under Potential Payments upon Termination or Change-in Control, in connection with his resignation as the Company's Executive Vice President and Chief Financial Officer, effective January 11, 2008, the Company and Mr. Scanlon entered into an agreement pursuant to which the Company paid an aggregate of \$169,726 and provided certain

benefits to
Mr. Scanlon
during 2008 in
consideration for
Mr. Scanlon's
provision of
certain services to
the Company
during the year.

- (4) During 2008, each of Messrs. Levan and Abdo received options to acquire 50,000 shares of Bluegreen's common stock at an exercise price of \$9.31 per share, which options are scheduled to vest on May 21, 2013 and expire on May 21, 2018. Each of Messrs. Levan and Abdo were also granted during 2008 71,000 shares of restricted common stock of Bluegreen and options to purchase an additional 71,000 shares of Bluegreen's common stock at an exercise price of \$7.50 per share. These additional options and restricted shares are scheduled to vest on May 21, 2013 (and the options are scheduled to expire on May 21, 2015); however, in the event of a

change-in-control of Bluegreen at a price of at least \$12.50 per share of common stock, a percentage (of up to 100%) of the options and restricted shares will vest depending on both the timing of the change-in-control and the actual price for a share of Bluegreen's common stock in the transaction which results in the change-in-control. The aggregate grant date fair value of the options granted by Bluegreen to each of Messrs. Levan and Abdo during 2008 computed in accordance with FAS 123(R) was \$370,700. The grant date fair value of the restricted stock awards granted by Bluegreen to each of Messrs. Levan and Abdo during 2008 computed in accordance with FAS 123(R) was \$495,580.

(5) Mr. Wise was not a named executive officer of the Company during 2006.

(6)

Mr. Grelle was appointed Executive Vice President and Chief Financial Officer of the Company on May 20, 2008. Prior to that time, Mr. Grelle was not employed by the Company.

(7) Mr. Worsham served as acting Chief Financial Officer of the Company from January 11, 2008 through May 19, 2008. Other than with respect to that period of time, Mr. Worsham has not been employed by the Company.

(8) Mr. Scanlon resigned as Executive Vice President and Chief Financial Officer of the Company, effective January 11, 2008.

Option Exercises and Stock Vested 2008

During the fiscal year ended December 31, 2008, none of the Named Executive Officers exercised options to purchase shares of the Company's Class A Stock or Class B Common Stock (Class B Stock). In addition, none of the Named Executive Officers held any shares of restricted Class A Stock or Class B Stock which vested during the fiscal year ended December 31, 2008.

Potential Payments upon Termination or Change-in-Control

Effective January 11, 2008, Mr. Scanlon resigned as the Company's Executive Vice President and Chief Financial Officer. In connection with his resignation, the Company entered into an agreement with Mr. Scanlon pursuant to which Mr. Scanlon provided certain services to the Company through December 31, 2008 and, in consideration for his provision of such services, the Company paid an aggregate of approximately \$170,000 and provided certain benefits to Mr. Scanlon during that period.

Compensation of Directors

The Compensation Committee recommends director compensation to the Board based on factors it considers appropriate and based on the recommendations of management. Currently, each non-employee director receives \$100,000 per year for his service on the Board of Directors, payable in cash, restricted stock or non-qualified stock options, in such combinations as the director may elect, provided that no more than \$50,000 may be paid in cash. The restricted stock and stock options are granted in Class A Stock under the Company's Amended and Restated 2003 Stock Incentive Plan. Restricted stock vests monthly over a 12-month service period beginning on July 1 of each year and stock options are fully vested on the date of grant, have a ten-year term and have an exercise price equal to the closing market price of a share of the Class A Stock on the date of grant. The number of stock options and restricted stock granted is determined by the Company based on assumptions and formulas typically used to value these types of securities. In addition to compensation paid to directors for their service on the Board generally, the Company also provides compensation to directors for their service on the Board's committees. Currently, this compensation is comprised of the following. Each member of the Audit Committee, other than its Chairman, receives an annual fee of \$10,000 for his service on that committee. The Chairman of the Audit Committee receives an annual fee of \$15,000 for his service as Chairman. The Chairman of the Compensation Committee and the Chairman of the Nominating and Corporate Governance Committee each receive an annual fee of \$3,500 for their service as Chairmen. Other than the Chairmen, members of the Compensation Committee and the Nominating and Corporate Governance Committee do not receive additional compensation for their service on those committees. Each non-management director who serves on the Investment Committee receives an annual fee of \$15,000. Directors who are also officers of the Company do not receive additional compensation for their service as directors or for attendance at Board or committee meetings.

ITEM 13. CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS, AND DIRECTOR INDEPENDENCE.

Review, Approval or Ratification of Transactions with Related Persons

The Company has a policy for the review and approval of transactions in which the Company was or is to be a participant, the amount involved exceeded or will exceed \$120,000 annually and any of the Company's directors or executive officers, or their immediate family members, had or will have a direct or indirect material interest. Until February 2008, this policy provided for the Board of Directors or a designated committee thereof to review and, if deemed desirable, approve all such related person transactions. In reviewing related person transactions, the Board of Directors or the designated committee analyzed, among other factors it deemed appropriate, whether such related person transaction was or is to be for the benefit of the Company and upon terms no less favorable to the Company than if the related person transaction was with an unrelated party.

During February 2008, the Board of Directors delegated to the Nominating and Corporate Governance Committee the review and approval of related person transactions relating to directors, executive officers and their immediate family, other than related person transactions presenting issues regarding accounting, internal accounting controls or audit matters, the review and approval of which was delegated by the Board of Directors to the Audit Committee. In reviewing related person transactions, the Nominating and Corporate Governance Committee or the Audit Committee, as the case may be, evaluates the related party transaction based on, among other factors it deems appropriate, those factors described in the preceding paragraph.

During 2008, no related person transaction occurred where these policies were not followed.

Under its charter, the Audit Committee must review and pre-approve both audit and permitted non-audit services provided by the independent registered public accounting firm and shall not engage the independent registered public accounting firm to perform any non-audit services prohibited by law or regulation. Additionally, the Audit Committee must determine whether the independent registered public accounting firm's provision of services other than audit services is compatible with maintaining that firm's independence. Each year, the independent registered public accounting firm's retention to audit the Company's financial statements, including the associated fee, is approved by the Audit Committee. Under its current practices, the Audit Committee does not regularly evaluate potential engagements of the independent registered public accounting firm and approve or reject such potential engagements. At each Audit Committee meeting, the Audit Committee receives updates on the services actually provided by the independent registered public accounting firm, and management may present additional services for pre-approval. The Audit Committee may delegate to the Chairman of the Audit Committee the authority to evaluate and approve engagements on behalf of the Audit Committee in the event that a need arises for pre-approval between regular Audit Committee meetings. If the Chairman so approves any such engagements, he will report that approval to the full Audit Committee at the next Audit Committee meeting.

The Audit Committee has determined that the provision of the services described above are compatible with maintaining the independent registered public accounting firm's independence.
