ITEM 12. DISCLOSURE OF RESULTS OF OPERATIONS AND FINANCIAL CONDITION.

On May 6, 2003, Granite Construction Incorporated released its first quarter 2003 financial results. Granite today announced net income of \$10.0 million, or \$0.25 per diluted share for the first quarter ended March 31, 2003 versus a net loss of \$1.6 million or (\$0.04) per share for the same period last year. Revenue for the quarter totaled \$302.2 million, an increase of 12.3% over the same period in 2002, including revenue from the newly consolidated Wilder Construction Company (Wilder), which became a majority-owned subsidiary on April 30, 2002.

Non-operating income for the quarter was \$18.0 million compared to \$0.9 million for the same quarter in 2002. Included in non-operating income is \$18.4 million related to the sale of the State Route 91 Tollroad Franchise by the California Private Transportation Corporation, of which Granite is a 22.2% limited partner. Granite completed construction of the \$60.4 million project in 1995 and has maintained an equity interest in the limited partnership since its

inception.

Backlog at March 31, 2003 totaled a record \$1.9 billion, a 39.7 percent increase over the backlog at March 31, 2002, including backlog from Wilder. New awards for the quarter totaled \$316.5 million, an increase of \$85.3 million over the same period last year. Awards for the quarter include a \$75.6 million toll road project in Texas, a \$12.3 million highway project in Arizona and an \$18.3 million airport project in Anchorage from our Wilder subsidiary.

General and administrative expenses for the quarter ended March 31, 2003 totaled \$36.6 million, an increase of \$6.1 million compared to the quarter ended March 31, 2002. The increase in general and administrative expenses primarily resulted from the inclusion of Wilder and our geographic expansion into Northern California.
