As previously reported, ABM Industries Incorporated (the Company) has experienced delays in completing the Company's financial statements for the fiscal year ended October 31, 2005 and management's assessment of internal control over financial reporting, the completion of which is a necessary prerequisite to the filing of its Annual Report on Form 10-K for 2005. The filing will not be made until after an ongoing investigation of accounting errors and related controls in the Company's security segment conducted under the supervision of the Audit Committee of the Company's Board of Directors is concluded. The Company anticipates filing its Quarterly Report on Form 10-Q for the fiscal quarter ended January 31, 2006, by the fifteenth calendar day following the filing of its Annual Report on Form 10-K for the fiscal year ended October 31, 2005.

If answer is no, identify reports o Yes xNo

The Company has been delayed in filing its Annual Report on Form 10-K for the fiscal year ended October 31, 2005.

(3) Is it anticipated that any significant change in results of operations from the corresponding period for the last fiscal year will be reflected by the earnings statements to be included in the subject report or portion thereof? x Yes oNo

If so, attach an explanation of the anticipated change, both narratively and quantitatively, and, if appropriate, state the reasons why a reasonable estimate of the results cannot be made.

The Company expects income from continuing operations to be approximately \$.07 per diluted share for the quarterly period ended January 31, 2006, which reflects losses associated with a security business the Company acquired in 2004 and higher than anticipated professional fees. The Company's unaudited financial results for the first quarter ended January 31, 2005, are being restated and will be included in the Annual Report on Form 10-K for the fiscal year ended October 31, 2005.
