PROXY STATEMENT
FOR THE
ANNUAL MEETING OF STOCKHOLDERS
TO BE HELD JUNE 13, 2002

=====

GENERAL SOLICITATION AND VOTING INFORMATION

PROXY SOLICITATION

This Proxy Statement is furnished to the holders of Common Stock, par value \$.01 per share (the "Common Stock"), of Metrotek Technologies, Inc., a Delaware corporation (the "Company"), in connection with the solicitation of proxies by the Board of Directors of the Company for use at the Annual Meeting of Stockholders of the Company to be held at The Warwick Hotel, 1776 Grant Street, Denver, Colorado, on Thursday, June 13, 2002 at 10:30 a.m., local time, and at any adjournments or postponements thereof (the "Annual Meeting"), for the purposes set forth in the accompanying Notice of Annual Meeting of Stockholders. This Proxy Statement, the accompanying proxy card and the Notice of Annual Meeting of Stockholders are being first mailed to stockholders on or about May 10, 2002.

The solicitation of proxies will initially be made by mail and may thereafter be made in person or by mail, telephone, facsimile, electronic communication or other means of communication by the directors, officers and regular employees of the Company for no additional or special compensation. In addition, brokerage houses, banks, nominees, trustees, custodians and other fiduciaries will be requested by the Company to forward proxy solicitation materials for shares of Common Stock held of record by them to the beneficial owners of such shares, and such fiduciaries will, upon request, be reimbursed by the Company for their reasonable out-of-pocket expenses incurred in connection

Edgar Filing: METRETEK TECHNOLOGIES INC - Form DEF 14A

therewith. The cost of the solicitation of proxies for use at the Annual Meeting will be borne by the Company.

VOTING RIGHTS AND PROCEDURES

Only holders of record of the Company's Common Stock as of the close of business on May 3, 2002 (the "Record Date") are entitled to notice of and to vote at the Annual Meeting. As of the close of business on the Record Date, 6,077,074 shares of Common Stock of the Company were issued and outstanding. Each share of Common Stock outstanding on the Record Date entitles the holder thereof to one vote on each matter to be voted upon at the Annual Meeting. The presence, in person or by proxy, at the Annual Meeting of the holders of a majority of the shares of Common Stock outstanding as of the Record Date is necessary to constitute a quorum for the transaction of business at the Annual Meeting.

Directors will be elected by a plurality of the votes cast by the holders of shares of Common Stock present, in person or by proxy, and entitled to vote at the Annual Meeting. The affirmative vote of the holders of a majority of the shares of Common Stock present, in person or by proxy, and entitled to vote at the Annual Meeting is required to ratify the appointment of Deloitte & Touche LLP as the Company's independent auditors for the fiscal year ending December 31, 2002 (the "Auditors Proposal").

Abstentions and "broker non-votes" (shares held of record by brokers or nominees which are not voted on a particular matter because the broker or nominee has not received voting instructions from the beneficial owner of such shares and does not have discretionary voting power with respect to that matter) will be treated as present for purposes of determining the presence of a quorum for the transaction of business at the Annual Meeting. Abstentions on a matter will be treated as present on such matter and, accordingly, (i) will have no effect on the outcome of the election of directors, and (ii) will have the same effect as votes against the Auditors Proposal. Broker non-votes on a matter will not be treated as present on such matter and, accordingly, will have no effect on the outcome of the election of directors or the Auditors Proposal.

If a proxy card is properly signed and returned to the Company at or prior to the Annual Meeting, unless subsequently properly revoked, the shares represented by that proxy card will be voted at the Annual Meeting in accordance with the instructions specified thereon. If a proxy card is properly signed and returned to the Company at or prior to the Annual Meeting without voting instructions, it will be voted (i) FOR the election as directors of the persons named herein as nominees, and (iii) FOR the Auditors Proposal. If any other matters are properly presented at the Annual Meeting or any adjournments or postponements thereof, the persons appointed as proxies in the proxy card will have the discretionary authority to vote or act thereon in accordance with their best judgment.

Any stockholder may revoke a proxy at any time before it is exercised, either by delivering to the Secretary of the Company a written notice of revocation or a properly signed proxy bearing a later date, or by attending the Annual Meeting and voting in person. Attendance at the Annual Meeting will not in and of itself constitute the revocation of a proxy.

PROPOSAL NO. 1

ELECTION OF DIRECTORS

The Board of Directors of the Company currently consists of five members and is divided into three classes, designated Class I, Class II and Class III, with members of each class serving staggered three year terms. Upon the unanimous recommendation of the Board of Directors in March 2001, the size of the Board was reduced from nine members to five members at the 2001 annual meeting of stockholders. Of the remaining five members of the Board of Directors, four members have been elected by the holders of the Company's Common Stock and one member has been elected by the holders of the Company's Series B Preferred Stock, par value \$.01 per share (the "Series B Preferred Stock"). The holders of Series B Preferred Stock, voting separately as a class, are entitled to designate and elect one director of the Company to serve so long as at least 2,000 shares of Series B Preferred Stock remain outstanding. In March 2000, the holders of the Series B Preferred Stock elected Kevin P. Collins as their designee to serve on the Board of Directors. Mr. Collins will continue to serve as a director at the pleasure of the holders of the Series B Preferred Stock.

The term of the sole Class II director expires at the Annual Meeting. One Class II director is to be elected at the Annual Meeting, to serve for a term of three years and until his successor is duly elected and qualified. The Board of Directors has nominated A. Bradley Gabbard to be re-elected as the Class II director. All other directors will continue in office until the expiration of their respective terms, as indicated below, and until their respective successors are duly elected and qualified.

The Class II director will be elected by a plurality of the votes cast by the holders of shares of Common Stock present, in person or by proxy, and entitled to vote at the Annual Meeting. If properly signed and returned to the Company at or prior to the Annual Meeting, the accompanying proxy card will be voted for the election of the nominee listed below, unless contrary instructions are specified. Although the Board of Directors has no reason to believe that the nominee listed below will decline or be unable to serve as a director, should that occur, the persons appointed as proxies in the accompanying proxy card intend to vote, unless the number of nominees or directors is further reduced by the Board of Directors, for such other nominee as the Board of Directors may designate.

THE BOARD OF DIRECTORS RECOMMENDS THAT STOCKHOLDERS VOTE FOR THE ELECTION AS DIRECTOR OF THE PERSON LISTED BELOW AS "NOMINEE". PROXY CARDS SIGNED AND TIMELY RETURNED TO THE COMPANY WILL BE SO VOTED, UNLESS CONTRARY INSTRUCTIONS ARE SPECIFIED THEREON.

EMPLOYMENT AGREEMENTS, CHANGE IN CONTROL ARRANGEMENTS AND OTHER COMPENSATION ARRANGEMENTS

In December 1991, the Company entered into employment agreements, which subsequently were amended several times, with W. Phillip Marcum, the President, Chief Executive Officer and Chairman of the Board of the Company, and A. Bradley Gabbard, the Executive Vice President and Chief Financial Officer of the Company. Under the most recent amendments to these employment agreements, the employment terms of Messrs. Marcum and Gabbard were extended and renewed until December 31, 2003, with automatic additional one-year renewal periods when the terms expire, unless either the Company or the officer gives six months prior written notice of termination.

The base salaries under these employment agreements, which are subject to annual upward adjustments at the discretion of the Board of Directors, are currently set at \$295,000 for Mr. Marcum and \$175,000 for Mr. Gabbard. In addition to the base annual compensation, the employment agreements provide, among other things, for standard benefits

8

commensurate with the management levels involved. The employment agreements also provide for the Company to establish an incentive compensation fund, to be administered by the Company's Compensation Committee, to provide for incentive compensation to be paid to each officer or employee (including Messrs. Marcum and Gabbard) deemed by the Compensation Committee to have made a substantial contribution to the Company in the event of a change of control of the Company or of the sale of substantially all of the assets of the Company or similar transactions. The total amount of incentive compensation from the fund available for distribution will be determined by a formula based on the amount by which the fair market value per share of the Common Stock exceeds \$10.08, multiplied by a factor ranging from 10-20% depending upon the ratio of the fair market value to \$10.08. In the case of the sale of a significant subsidiary or substantially all of the assets of a significant subsidiary, a similar pro rata distribution is required. As amended, the employment agreements with Messrs. Marcum and Gabbard provide that if the employment period expires without being renewed, then the executive is entitled to receive a lump-sum severance payment equal to 12 months, for Mr. Marcum, and six months, for Mr. Gabbard, of his then base salary, and continued participation in all insurance plans of the Company for such additional period. The employment agreements also contain certain restrictions on each executive's ability to compete, use of confidential information and use of inventions and other intellectual property.

As amended, the employment agreements with Messrs. Marcum and Gabbard also include "change in control" provisions designed to provide for continuity of management in the event of a change in control of the Company. The agreements provide that if within three years after a change in control, the executive is terminated by the Company for any reason other than for "cause", or if the executive terminates his employment for "good reason" (as such terms are defined in the employment agreements), then the executive is entitled to receive a lump-sum severance payment equal to two times, for Mr. Marcum, and one times, for Mr. Gabbard, the amount of his then annual base salary, together with certain other payments and benefits, including continued participation in all insurance plans of the Company for a period of two years for Mr. Marcum and one year for Mr. Gabbard. Under these employment agreements, a "change in control"

Edgar Filing: METRETEK TECHNOLOGIES INC - Form DEF 14A

will be deemed to have occurred only if: (i) any person or group becomes the beneficial owner of 50% or more of the Company's Common Stock; (ii) a majority of the Company's present directors are replaced, unless the election of any new director is approved by a two-thirds vote of the current (or properly approved successor) directors; (iii) the Company approves a merger, consolidation, reorganization or combination, other than one in which the voting securities of the Company outstanding immediately prior thereto continue to represent more than 50% of the total voting power of the Company or of the surviving corporation following such a transaction and the directors of the Company prior to the transaction continue to represent a majority of the directors of the Company or of the surviving corporation following such transaction; or (iv) the Company approves a sale of all or substantially all of its assets.

STOCK OPTION GRANTS

The following table sets forth certain information with respect to stock options granted during fiscal 2001 to the Named Executive Officers. The Company did not grant any stock appreciation rights, alone or in tandem with stock options, in fiscal 2001.

OPTION GRANTS IN LAST FISCAL YEAR

NAME -----	INDIVIDUAL GRANTS		
	NUMBER OF SECURITIES UNDERLYING OPTIONS GRANTED -----	% OF TOTAL OPTIONS GRANTED TO EMPLOYEES IN FISCAL YEAR (1) -----	EXERCISE PRICE (2) -----
W. Phillip Marcum.....	200,000 (4)	25.8%	\$1.50
A. Bradley Gabbard.....	200,000 (4)	25.8%	1.50
Ronald W. McKee.....	35,000 (5)	4.5%	1.50

(1) Based upon options to purchase an aggregate of 775,000 shares of Common Stock granted to employees during fiscal 2001.

(2) The exercise price of these options is the fair market value of the Common Stock on the date of grant, based upon the last sale price of the Common Stock on such date as reported on the Nasdaq National Market.

9

(3) These options may terminate before their terms expire due to the termination of the optionee's employment or the optionee's disability or death.

(4) These options are incentive stock options granted under the Company's 1998 Stock Incentive Plan (the "1998 Stock Plan"), have ten year terms and vest in three equal installments: one-third upon grant, one-third after one year and one-third after two years.

Edgar Filing: METRETEK TECHNOLOGIES INC - Form DEF 14A

- (5) These options are non-qualified stock options granted under the 1998 Stock Plan, have five year terms and were fully vested as of December 31, 2001.

STOCK OPTION EXERCISES AND VALUES

The following table sets forth information with respect to stock options exercised by the Named Executive Officers during fiscal 2001 and stock options held by the Named Executive Officers on December 31, 2001. The Named Executive Officers did not exercise any stock options during fiscal 2001.

AGGREGATED OPTION EXERCISES IN LAST FISCAL YEAR AND FISCAL YEAR-END OPTION VALUES

NAME -----	NUMBER OF SECURITIES UNDERLYING UNEXERCISED OPTIONS AT FISCAL YEAR-END		VALUE OF U IN-THE-MONEY FISCAL Y
	EXERCISABLE	UNEXERCISABLE	EXERCISABLE
W. Phillip Marcum.....	186,667	133,333	\$0
A. Bradley Gabbard.....	116,167	133,333	0
Ronald W. McKee.....	79,167	3,333	0

- (1) For purposes of this table, the "Value of Unexercised In-the-Money Options" is calculated based upon the difference between \$0.61, the closing sale price of the Common Stock on December 31, 2001, as reported on the Nasdaq National Market, and the option exercise price. An option is "in-the-money" if the fair market value of the underlying shares of Common Stock exceeds the exercise price of the option. Because the exercise price of all options in this table exceeded \$0.61, none of the options were "in-the-money" on December 31, 2001.

DIRECTOR COMPENSATION

Directors who are also officers or employees of the Company or any of its subsidiaries do not receive any additional compensation for serving on the Board of Directors. All directors are reimbursed for out-of-pocket costs of attending meetings of the Board of Directors and its committees. Directors who are not officers or employees of the Company or any of its subsidiaries ("Non-Employee Directors") currently receive a fee of \$1,000 for each meeting of the Board of Directors attended in person and a fee of \$500 for each meeting attended telephonically. Non-Employee Directors also receive stock options under a formula ("Formula Options"). Until June 1998, Formula Options were granted under the Company's Directors' Stock Option Plan (the "Directors' Plan"). Since June 1998, Formula Options have been granted under the Company's 1998 Stock Plan. Under the formula for these stock option grants, each person who is first elected or appointed to serve as a Non-Employee Director is automatically granted an option to purchase 5,000 shares of Common Stock. On the date of the annual meeting of stockholders each year, each Non-Employee Director (who has been such for at least six months) is automatically granted an option to purchase 2,500 shares of Common Stock. All Formula Options vest and become exercisable immediately upon grant. Additional, non-formula options can be granted to Non-Employee Directors under the 1998 Stock Plan in the discretion of the Board of Directors.

Edgar Filing: METRETEK TECHNOLOGIES INC - Form DEF 14A

All Formula Options granted to Non-Employee Directors are non-qualified stock options exercisable at a price equal to the fair market value of the Common Stock on the date of grant and have ten year terms, subject to earlier termination in the event of the termination of the optionee's status as a director or the optionee's death. Formula Options remain exercisable for one year after a Non-Employee Director dies and for that number of years after a Non-Employee Director leaves the Board of Directors (for any reason other than death or removal for cause) equal to the number of full or partial years that the Non-Employee Director served as a director, but not beyond the ten year term of the Formula Options. Any other options granted to directors may contain different terms at the discretion of the Board of Directors.

10

In March 2001, the Board of Directors unanimously decided to reduce the size of the Board from nine members to five members, effective as of the 2001 annual meeting of stockholders. To accomplish that goal, Robert Lloyd did not seek re-election to the Board when his term expired, and Stephen E. McGregor, Ronald W. McKee and Albert F. Thomasson resigned their positions on the Board, thereby reducing the size of the Board of Directors to five. In connection therewith, options to purchase 35,000 shares of Common Stock were granted to each of the four directors who voluntarily either resigned from or did not seek re-election to the Board of Directors at the 2001 annual meeting. These options were granted under the 1998 Stock Plan, are non-qualified stock options and are fully vested and exercisable at an exercise price of \$1.50 per share until June 11, 2006. In June 2001, options to purchase 100,000 shares of Common Stock were granted under the 1998 Stock Plan to each of the three continuing Non-Employee Directors: Messrs. Briggs, Collins and Pell. These options are non-qualified stock options, vest in three equal annual increments commencing on the date of grant and are exercisable at an exercise price of \$1.50 per share for ten years after the date of grant.

As of December 31, 2001, options to purchase 65,000 shares of Common Stock were outstanding to Non-Employee Directors under the Directors' Plan and options to purchase 458,841 shares of Common Stock were outstanding to Non-Employee Directors under the 1998 Stock Plan, at exercise prices ranging from \$1.50 to \$17.38 per share

However, the Board of Directors is submitting the appointment to the stockholders for ratification as a matter of good corporate practice. If the stockholders fail to ratify the appointment of Deloitte & Touche LLP, then the Audit Committee and the Board of Directors will reconsider the appointment. Even if the appointment is ratified by the stockholders, the Audit Committee and the Board of Directors may, in their discretion, appoint different independent auditors for fiscal 2002 at any time during the year if they determine that such a change would be in the best interests of the Company and its stockholders.

INSTRUCTIONS ARE SPECIFIED THEREON.

REPORT OF THE AUDIT COMMITTEE

The Audit Committee of the Board of Directors of the Company consists of three members of the Board of Directors. The members of the Audit Committee meet the structure and membership requirements, including the definition of independent director, of the applicable listing standards of the Nasdaq Stock Market. The Audit Committee operates under a formal written charter adopted by the Board of Directors on June 12, 2000 that outlines the Audit Committee's responsibilities. A copy of the Audit Committee Charter was attached to the Company's Proxy Statement relating to the 2001 annual meeting of stockholders.

The Company's management has the primary responsibility for the Company's financial statements and the Company's financial reporting process, including the system of internal controls, the audit process, and the process for monitoring compliance with laws and regulations and ethical business standards. Deloitte & Touche LLP, as the Company's independent auditors, is responsible for performing an independent audit of the Company's consolidated financial statements in accordance with generally accepted auditing standards, and issuing a report thereon. The responsibility of the Audit Committee is to monitor and oversee these processes on behalf of the Board of Directors.

In discharging its oversight responsibilities as to the audit process, the Audit Committee has reviewed and has met and held discussions with management and the independent auditors regarding the audited financial statements. Management represented to the Audit Committee that the Company's consolidated financial statements were prepared in accordance with generally accepted accounting principles. The Audit Committee has also discussed with the independent auditors the matters required to be discussed by Statement on Accounting Standards No. 61 (Communication with Audit Committees), as modified or supplemented. The Audit Committee discussed with the independent auditors and the internal auditors their audit plans and scope. The Audit Committee met with the independent auditors, with and without management present, to discuss the results of their examination and their evaluation of the Company's internal controls. The Audit Committee also considered and discussed with management and the independent auditors other areas of oversight relating to the financial reporting and audit process that the Audit Committee determined appropriate.

In addition, the Audit Committee received from the independent auditors the written disclosures and the letter required by Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees), as modified or supplemented, and the Audit Committee discussed with the independent auditors their independence from the Company and its management. The Audit Committee considered whether the provision by Deloitte & Touche LLP of non-audit services is compatible with maintaining the auditors' independence, and concluded that the provision of such services is compatible with such independence.

12

Based upon the reviews and discussions with management and the independent auditors referred to above, the Audit Committee recommended to the Board of Directors that the audited financial statements of the Company be included in the Company's Annual Report on Form 10-KSB for the fiscal year ended December 31, 2001 for filing with the Securities and Exchange Commission. The Audit Committee also recommended to the Board of Directors the reappointment, subject to stockholder approval, of Deloitte & Touche LLP as the independent auditors of the Company for the fiscal year ending December 31, 2002, and the

Edgar Filing: METRETEK TECHNOLOGIES INC - Form DEF 14A

Board of Directors concurred in such recommendation.

STOCKHOLDER PROPOSALS

Stockholders of the Company may submit proper proposals for consideration at the Company's annual meetings of stockholders by submitting their proposals in writing to the Company in a timely manner and otherwise in compliance with federal and state laws and regulations and the Company's By-Laws. In order to be considered for inclusion in the Company's proxy materials for the 2003 annual meeting of stockholders, stockholder proposals must be received by the Secretary of the Company on or before January 8, 2003, and must otherwise comply with the requirements of Rule 14a-8 of the Exchange Act ("Rule 14a-8"). The timely submission of a stockholder proposal does not guarantee that it will be included in the Company's proxy materials for the 2003 annual meeting.

In addition, the Company's By-Laws establish an advance notice procedure that stockholders must follow in order to nominate directors or to bring other business before an annual meeting of stockholders without complying with Rule 14a-8. These advance notice procedures require that, among other things, notice of a director nomination or other business must be submitted in writing to the Secretary of the Company not less than 45 days nor more than 150 days prior to the anniversary of the date on which the Company first mailed its proxy materials for the prior annual meeting, unless the date of the annual meeting is changed by more than 30 days from the anniversary of the date of the prior annual meeting. For director nominations or other business to be properly brought before the 2003 annual meeting, a stockholder must deliver written notice to the Secretary of the Company no sooner than December 9, 2002 and no later than March 24, 2003; provided, however, that if the date of the 2003 annual meeting is changed by more than 30 days from the date of the 2002 annual meeting, notice must be received not later than the later of 75 days before the date of the 2003 annual meeting or 10 days following the date on which public announcement of the date of the 2003 annual meeting is first made. The notice

Edgar Filing: METRETEK TECHNOLOGIES INC - Form DEF 14A

must contain the information specified in the By-Laws concerning the matters to be brought before such annual meeting and concerning the stockholder proposing such matters, including the name, address, number of shares beneficially owned and any material interest of the stockholder making the proposal. Notice of a director nomination must include information on various matters regarding the nominee, including the nominee's name, age, business and residence addresses, principal occupation and security holdings and any arrangements between the stockholder and the nominee. Notice of other business must include a description of the proposed business, the reasons therefor and other specified matters. A copy of the relevant provisions of the Company's By-Laws may be obtained by a stockholder, without charge, upon written request to the Secretary of the Company.

13

All notices of proposals by stockholders, whether or not to be included in the Company's proxy materials, must be sent to Metrotek Technologies, Inc., 303 East 17th Avenue, Denver, Colorado 80203, attention: Secretary. Any stockholder proposal must also comply with all other applicable provisions of the Company's Second Restated Certificate of Incorporation and By-Laws, the Exchange Act (including the rules and regulations thereunder), and Delaware law. The Chairman of the meeting may exclude any stockholder proposal that is not in compliance with the foregoing requirements. If the Chairman does not exclude the proposal, then the persons appointed as proxies in the proxy card solicited by the Board of Directors of the Company for the 2003 annual meeting may exercise discretionary voting authority to vote in accordance with their best judgment on any such proposal submitted outside of Rule 14a-8.
