Report of Independent Auditors

Pre-Tax Savings Plan Committee
Cooper Tire & Rubber Company
Pre-Tax Savings Plan (Bowling Green Seal)

We have audited the accompanying statements of assets available for benefits of the Cooper Tire & Rubber Company Pre-Tax Savings Plan (Bowling Green Seal) (the Plan) as of December 31, 2001 and 2000, and the related statement of changes in assets available for benefits for the year ended December 31, 2001. These financial statements are the responsibility of the Plan s management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the assets available for benefits of the Plan at December 31, 2001 and 2000, and the changes in its assets available for benefits for the year ended December 31, 2001, in conformity with accounting principles generally accepted in the United States.

Our audits were performed for the purpose of forming an opinion on the financial statements taken as a whole. The accompanying supplemental schedule of assets (held at end of year) as of December 31, 2001 is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor s Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The supplemental schedule is the responsibility of the Plan s management. The supplemental schedule has been subjected to the auditing procedures applied in our audits of the financial statements and, in our opinion, is fairly stated in all material respects in relation to the financial statements taken as a whole.

2. Summary of Significant Accounting Policies (continued)

Investment Valuation and Recognition

Investment contracts are recorded at their contract values, which represent contributions and reinvested income, less any withdrawals plus accrued interest, because these investments have fully benefit-responsive features. There are no reserves against contract values for credit risk of contract issues or otherwise. The average yield was approximately 5.9% in 2001. The crediting interest rate for these investment contracts is reset monthly by the issuer but cannot be less than zero and ranged from 2.4% to 6.9% at December 31, 2001.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Administrative Expenses

The Company pays the administrative expenses of the Plan.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

3. Investments

During 2001, the Plan s investments (including investments purchased, sold as well as held during the year) appreciated (depreciated) in fair value as follows:

Investment income is allocated to the Plan based on its pro-rata share in the net assets of the Investment Trust.

At December 31, 2001 and 2000, the Plan s interest in the net assets of the Investment Trust was approximately 0.4% and 0.5%, respectively.
