EXPLANATORY NOTE

This quarterly report on Form 10-Q/A ("Form 10-Q/A") is being filed to amend and restate in its entirety the Company's quarterly report on Form 10-Q for the quarter ended March 31, 2003, which was filed with the SEC on May 9, 2003 ("Original Form 10-Q"). Accordingly, pursuant to rule 12b-15 under the Securities Exchange Act of 1934, as amended, the Form 10-Q/A contains the complete text of items 1, 2, 4 and 6, as amended, as well as certain currently dated certifications.

In October 2003, Roto-Rooter, Inc. ("Company"), in consultation with its independent accountants, reevaluated its accounting for Yellow Pages costs and concluded these costs did not qualify for capitalization as direct-response advertising under Statement of Position 93-7, Reporting on Advertising Costs, which for the Company was effective January 1, 1995. In its previously-filed financial statements, the Company capitalized and amortized these costs over the lives of the directories, typically 12 months.

Accordingly, the Company's consolidated financial statements as of and for the three months ended March 31, 2003 and 2002 and as of December 31, 2002 have been restated to recognize Yellow Pages advertising expenses when the directories are placed in circulation rather than to capitalize and amortize such costs.

The amendments contained herein reflect changes resulting from the foregoing adjustments with regard to deferred advertising and the related income tax effect. The Company has not updated the information contained herein for events and transactions occurring subsequent to May 9, 2003, the filing date of the Original Form 10-Q, except to reflect the restatement of the Company's financial statements for the periods indicated above and except for the following:

- On May 19, 2003, the shareholders of Chemed Corporation approved changing the Company's name to Roto-Rooter, Inc.
- In the second quarter of 2003, the Company redefined its segments to merge the Roto-Rooter Group and corporate office overhead into a single segment now called the Plumbing and Drain Cleaning segment. All segment data have been reclassified to reflect this change.
- Disclosures in Management's Discussion and Analysis of Financial Condition and Results of Operations have been expanded.

Events have taken place that would have been reflected

in the Original Form 10-Q if they had taken place prior to the date of the

original filing. The Company recommends this report be read in conjunction with the Company's reports filed subsequent to May 9, 2003.

## ROTO-ROOTER, INC. AND SUBSIDIARY COMPANIES Notes to Unaudited Financial Statements

1. On May 19, 2003, shareholders of Chemed Corporation approved changing the company's name to Roto-Rooter, Inc. As used herein, the term Company refers to Roto-Rooter, Inc. or Roto-Rooter, Inc. and its subsidiaries.

The accompanying unaudited consolidated financial statements have been prepared in accordance with Rule 10-01 of SEC Regulation S-X. Consequently, they do not include all the disclosures required under generally accepted accounting principles for complete financial statements. However, in the opinion of the management of the Company, the financial statements presented herein contain all adjustments, consisting only of normal recurring adjustments, necessary to present fairly the financial position, results of operations and cash flows of the Company. For further information regarding the Company's accounting policies, refer to the consolidated financial statements and notes included in the Company's Amendment No. 1 to Form 10-K/A for the year ended December 31, 2002.

The Company uses Accounting Principles Board Opinion No. 25 ("APB 25"), Accounting for Stock Issued to Employees, to account for stock-based compensation. Since the Company's stock options qualify as fixed options under APB 25 and since the option price equals the market price on the date of grant, there is no compensation expense for stock options. Stock awards are expensed during the period the related services are provided.

The following table illustrates the effect on net income and earnings per share if the Company had applied the fair-value-recognition provisions of Financial Accountings Standards Board Statement No. 123, Accounting for Stock-Based Compensation (in thousands, except per share date):

2. In October 2003, the Company, in consultation with its independent accountants, reevaluated its accounting for Yellow Pages costs and concluded these costs did not qualify for capitalization as direct-response advertising under Statement of Position 93-7, Reporting on Advertising Costs, which for the Company was effective January 1, 1995. In its previously filed financial statements the Company capitalized and amortized these costs over the life of the directories, typically 12 months.

Accordingly, the Company's consolidated financial statements as of and for three months ended March 31, 2003 and 2002 and as of December 31, 2002 have been restated to recognize Yellow Pages advertising expenses when the directories are placed in circulation rather than to capitalize and amortize such costs.

3. During the second quarter of 2003, the administrative functions for employee benefits, retirement services, risk management, public

## Edgar Filing: ROTO-ROOTER INC - Form 10-Q/A

relations, cash management and taxation of the corporate office and the Plumbing and Drain Cleaning business were combined to enable the Company to benefit from economies of scale. In May 2003 the shareholders of the Company approved changing the corporation's name from Chemed Corporation to Roto-Rooter Inc. Due to this administrative function combination and the changing composition of businesses comprising the Company over the past several years, management re-evaluated the Company's segment reporting as it relates to corporate office administrative expenses. The discontinuance of businesses in 1997 (Omnia Group and National Sanitary Supply), 2001 (Cadre Computer) and 2002 (Patient Care), results in more than 80% of the Company's business represented by Roto-Rooter's Plumbing and Drain Cleaning business.

To better reflect how executive management evaluates its operations, the costs of the administrative functions of the corporate office have been combined with the operating results of the Plumbing and Drain Cleaning business (formerly the Roto-Rooter Group) to form the Plumbing and Drain Cleaning segment. The Service America segment remains essentially unchanged. Data for the former Roto-Rooter Group and corporate office overhead for all prior periods have been restated for comparability purposes.

As in the past, unallocated investing and financing income and expense includes interest income and expense, dividend income and other nonoperating income and expense related to unallocated corporate assets and liabilities.

6. In March 2003, the Company and a corporate officer reached agreement providing for termination of the officer's employment in exchange for payment under her employment contract. The payments comprise a \$1,000,000 lump sum payment made in March 2003 and monthly payments of \$52,788 beginning March 2003 and ending May 2007. The present value of these payments (\$3,627,000) is included in general and administrative expenses.
7. The Company had total comprehensive income of \$1,157,000 and \$5,662,000 for the three months ended March 31, 2003 and 2002, respectively. The

## Edgar Filing: ROTO-ROOTER INC - Form 10-Q/A

difference between the Company's net income and comprehensive income relates to the cumulative unrealized appreciation/depreciation on its available-for-sale securities.

8. During 2003, one purchase business combination was completed within the Roto-Rooter segment for a purchase price of \$574,000 (\$168,000 in cash and a note payable for \$406,000). The business acquired provides drain cleaning and plumbing services under the Roto-Rooter name. The results of operations of this business are not material to the consolidated operations of the Company.

The purchase price was allocated as follows (in thousands):

Goodwill	\$	474
Other assets		100
		-----
Total	\$	574
		=====

9. In the normal course of business the Company enters into various guarantees and indemnifications in its relationships with customers and others. Examples of these arrangements would include guarantees of service and product performance. These guarantees and indemnifications would not materially impact the Company's financial condition or results of operations.

Page 12 of 20

10. In August 2001, the Financial Accounting Standards Board ("FASB") approved the issuance of Statement of Financial Accounting Standards ("SFAS") No. 143, Accounting for Asset Retirement Obligations. This statement became effective for fiscal years beginning after June 15, 2002, and requires recognizing legal obligations associated with the retirement of tangible long-lived assets that result from the acquisition, construction, development or normal operation of a long-lived asset. Since the Company has no material asset retirement obligations, the adoption of SFAS No. 143 in 2003 did not have a material impact on the Company's financial statements.
11. In July 2002, the FASB approved the issuance of SFAS No. 146, Accounting for Costs Associated with Exit or Disposal Activities. Generally, SFAS No. 146 stipulates that defined exit costs (including restructuring and employee termination costs) are to be recorded on an incurred basis rather than on a commitment basis as previously required. This statement is effective for exit or disposal activities initiated after December 31, 2002. The adoption of SFAS No. 146 in 2003 did not have a material impact on the Company's financial statements.
12. In November 2002, the FASB approved the issuance of FASB Interpretation ("FIN") No. 45, Guarantor's Accounting and Disclosure for Guarantees, Including Indirect Guarantees of Indebtedness of Others. The initial

## Edgar Filing: ROTO-ROOTER INC - Form 10-Q/A

recognition and initial measurement provisions of the Interpretation are applicable to guarantees issued or modified after December 31, 2002. The adoption of FIN No. 45 in 2003 did not have a material impact on the Company's financial statements.

13. In January 2003, the FASB approved the issuance of FIN No. 46, Consolidation of Variable Interest Entities. It is effective for variable interest entities created after January 31, 2003, and for variable interest entities in which an enterprise obtains an interest after that date. Because the Company has no such investments, the adoption of this statement did not have a material impact on the Company's financial statements.

Page 13 of 20

### Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations

#### FINANCIAL CONDITION

-----

The decline in other investments from \$37,326,000 at December 31, 2002 to \$32,789,000 is due to the sale of various available-for-sale securities in the first quarter of 2003. The decline in other current liabilities from \$23,513,000 at December 31, 2002 to \$18,515,000 is primarily due to the payment of incentive compensation, discretionary thrift plan contributions for 2002 and accrued advertising expenses in the first quarter of 2003. There are no other significant changes in the balance sheet accounts during the first three months of 2003.

At March 31, 2003, the Company had cash and cash equivalents of \$43.6 million and approximately \$53.4 million of unused lines of credit with various banks. Management believes its liquidity and sources of capital are satisfactory for the Company's needs in the foreseeable future.

#### RESULTS OF OPERATIONS

##### FIRST QUARTER 2003 VERSUS FIRST QUARTER 2002-CONSOLIDATED RESULTS

-----

The Company's service revenues and sales for the first quarter of 2003 declined 4% versus revenues for the first quarter of 2002. This \$3,208,000 decline comprised the following (dollar amounts in thousands):

Edgar Filing: ROTO-ROOTER INC - Form 10-Q/A

	Increase/ (Decrease)	
	Amount	Percentage
Service America		
Service contracts	\$ (2,001)	( )
Demand services	(653)	( )
Plumbing and Drain Cleaning		
Plumbing	(203)	
Drain cleaning	(419)	
Other	68	
	-----	
Total	\$ (3,208)	
	=====	

The decline in Service America's service contract revenues is attributable to selling insufficient new service contracts to replace contracts canceled or not renewed. The annualized value of contracts in place during the first quarter of 2003 was 17.1% lower than the 2002 quarter. As revenues from demand services are largely dependent upon service contract customers, the decline in service contracts was largely responsible for the decline in demand services in 2003.

The decline in plumbing revenues for the first quarter of 2003 versus 2002 comprises a 1.9% increase in the number of jobs performed and a 2.7% decline in the average price per job. The decrease in drain cleaning revenues for the first quarter of 2003 versus 2002 comprised a 4.1% decrease in the number of jobs combined with a 2.6% increase in the average price per job.

The consolidated gross margin was 40.6% in the first quarter of 2003 and 40.0% in the first quarter of 2002. On a segment basis, the Plumbing and Drain Cleaning segment's gross margin increased .8%

Page 14 of 20

points and Service America's gross margin declined 3.2% points. Of this decline, approximately 70% is due to higher liability insurance costs (as a percent of sales) in 2003 and 20% is due to higher labor costs (as a percent of sales) in the 2003 first quarter.

General and administrative expense for the first quarter of 2003 increased \$3,870,000 (30.6%) versus first quarter of 2002. This increase is primarily due to higher costs in the Plumbing and Drain Cleaning segment in 2003 as the cost of a severance arrangement with a corporate officer (\$3,627,000) was recorded in March 2003.

Selling and marketing expense ("Selling") for the first quarter of 2003 declined \$1,073,000 (10.1%) versus the first quarter of 2002 (in thousands):

Plumbing and Drain Cleaning	\$ 574
Service America	499
	-----
Total	\$ 1,073
	=====

## Edgar Filing: ROTO-ROOTER INC - Form 10-Q/A

The decline in Plumbing and Drain Cleaning Selling is due primarily to lower advertising costs in 2003. The decline in Service America's Selling is due primarily to a reduction in employees in 2003.

Depreciation expense declined \$440,000 (12.6%) in the first quarter of 2002 as compared with the first quarter of 2003. Of this decline \$230,000 relates to the Plumbing and Drain Cleaning segment and \$210,000 relates to the Service America segment. Both declines are attributable to lower depreciation on service vans in 2003.

Income from operations declined \$3,209,000 from \$5,593,000 in the first quarter of 2002 to \$2,384,000 in the first quarter of 2003. This decline is largely attributable to charges incurred for the settlement of an employment contract with a corporate officer in March 2003 (\$3,627,000). The amount of the charge represents the present value of payments beginning in March 2003 and ending in May 2007.

Interest expense declined from \$773,000 in the first quarter of 2002 to \$539,000 in 2003, as the result of lower debt levels during 2003.

Other income-net increased from \$2,589,000 in the first quarter of 2002 to \$4,262,000 in the first quarter of 2003 primarily due to higher capital gains on the sales of investments in the 2003 quarter. These gains totaled \$3,544,000 in the 2003 first quarter versus \$1,141,000 in 2002.

Income before income taxes declined \$1,300,000 from \$7,139,000 in the first quarter of 2002 to \$5,839,000 in the first quarter of 2003 due to the following (in thousands):

Severance charges in March 2003	\$ 3,627
Larger gains on the sales of investments in 2003	(2,403)
Other	76
	-----
Total	\$ 1,300
	=====

The effective income tax rate during the first quarter of 2003 was 39.1% as compared with 34.1% in the first quarter of 2002. The higher

effective rate in 2003 versus the rate for 2002 is primarily attributable to a higher effective state income tax rate in 2003 related to gains on the sales of investments and to favorable tax adjustments in the first quarter of 2002.

Income from continuing operations declined from \$4,707,000 (\$.48 per share) in the first quarter of 2002 to \$3,557,000 (\$.36 per share) in 2003. Income for 2003 included aftertax severance charges of \$2,358,000 (\$.24 per share) and aftertax gains on the sales of investments of \$2,151,000 (\$.22 per share). Income for 2002 included aftertax gains on the sales of investments of \$775,000 (\$.08 per share).

Net income declined from \$5,574,000 (\$.57 per share and \$.56 per diluted share) in the first quarter of 2002 to \$3,557,000 (\$.36 per share) in 2003. Income for 2003 included aftertax severance charges of \$2,358,000 (\$.24 per share) and aftertax gains on the sales of investments of \$2,151,000 (\$.22 per share). Income for 2002 included aftertax gains on the sales of investments of

\$775,000 (\$.08 per share) and discontinued operations of \$867,000 (\$.09 per share and \$.08 per diluted share).

FIRST QUARTER 2003 VERSUS FIRST QUARTER 2002-SEGMENT RESULTS

Data relating to (a) the decrease in service revenues and sales and (b) aftertax earnings as a percent of service revenues and sales for each segment are set forth below:

THREE MONTHS ENDED MARCH 31, -----	SERVICE REVENUES AND SALES - PERCENT DECREASE	AFTERTAX EARNING OF REVENUES (AF
	2003 VS. 2002 -----	2003 -----
Plumbing and Drain Cleaning	( 1)%	1.6%
Service America	(17)	0.3
Total	(4)	1.4

The aftertax margin of the Plumbing and Drain Cleaning segment during the first quarter of 2003 was 1.6% as compared with 5.2% in the first quarter of 2002. This decline is attributable to severance charges (\$2,358,000 or 3.6% of revenues) incurred in the 2003 quarter.

The aftertax margin of the Service America segment was .3% in the first quarter of 2003 as compared with 2.1% in the first quarter of 2002. This decline is attributable to a decline in the gross profit margin (3.2 percentage points) in the 2003 quarter, partially offset by lower operating expenses as a percent of sales (.6 percentage points). The lower gross margin is primarily due to higher casualty insurance costs and higher labor costs (as a percent of revenues) in 2003.

Unallocated Investing and Financing+net, which includes financing expense and investment income, increased \$1,521,000 from \$971,000 during the first quarter of 2002 to \$2,492,000 in the first quarter of 2003. The increase is due to higher capital gains (\$1,376,000 aftertax) and lower interest expense (\$164,000 aftertax) during the 2003 quarter as compared to the 2002 quarter.

RECENT ACCOUNTING STATEMENTS

In August 2001, the Financial Accounting Standards Board ("FASB") approved the issuance of Statement of Financial Accounting Standards ("SFAS")No. 143, Accounting for Asset Retirement Obligations. This statement became effective for fiscal years beginning after June 15, 2002, and requires recognizing legal obligations associated with the retirement of tangible long-lived assets that result from the acquisition, construction, development or normal operation of a long-lived asset. Since the Company has no material asset

retirement obligations, the adoption of SFAS No. 143 in 2003 did not have a material impact on the Company's financial statements.

In July 2002, the FASB approved the issuance of SFAS No. 146, Accounting for Costs Associated with Exit or Disposal Activities. Generally, SFAS No. 146 stipulates that defined exit costs (including restructuring and employee termination costs) are to be recorded on an incurred basis rather than on a commitment basis as previously required. This statement is effective for exit or disposal activities initiated after December 31, 2002. The adoption of SFAS No. 146 in 2003 did not have a material impact on the Company's financial statements.

In November 2002, the FASB approved the issuance of FASB Interpretation ("FIN") No. 45, Guarantor's Accounting and Disclosure for Guarantees, Including Indirect Guarantees of Indebtedness of Others. The initial recognition and initial measurement provisions of the Interpretation are applicable to guarantees issued or modified after December 31, 2002. The adoption of FIN No. 45 in 2003 did not have a material impact on the Company's financial statements.

In January 2003, the FASB approved the issuance of FIN No. 46, Consolidation of Variable Interest Entities. It is effective for variable interest entities created after January 31, 2003, and for variable interest entities in which an enterprise obtains an interest after that date. Because the Company has no such investments, the adoption of this statement did not have a material impact on the Company's financial statements.

### SAFE HARBOR STATEMENT UNDER THE PRIVATE SECURITIES LITIGATION REFORM ACT OF 2005 REGARDING FORWARD-LOOKING INFORMATION

-----  
In addition to historical information, this report contains forward-looking statements and performance trends that are based upon assumptions subject to certain known and unknown risks, uncertainties, contingencies and other factors. Variances in any or all of the risks, uncertainties, contingencies, and other factors from the Company's assumptions could cause actual results to differ materially from these forward-looking statements and trends. The Company's ability to deal with the unknown outcomes of these events, many of which are beyond the control of the Company, may affect the reliability of its projections and other financial matters.
