Each properly executed proxy received prior to the Annual Meeting and not revoked will be voted as specified thereon or, in the absence of specific instructions to the contrary, will be voted FOR the reelection of Terry A. Feick and Susan J. Insley as directors of Camco for terms expiring in 2007.

The directors, officers and other employees of Camco may solicit proxies in person or by telephone, telegraph or mail only for use at the Annual Meeting. Proxies may be revoked by (a) delivering a written notice expressly revoking the proxy to the Secretary of Camco at the above address prior to the Annual Meeting, (b) delivering a later dated proxy to Camco at the above address prior to the Annual Meeting, or (c) attending the Annual Meeting and voting in person. ELECTION OF DIRECTORS

The Board of Directors proposes the reelection of the following persons to terms that will expire in 2007:

Name	Age	Position(s) held	Director since
Terry A. Feick	54	Director	2000
Susan J. Insley	58	Director	2002

TERRY A. FEICK retired as the Superintendent of Schools for the Washington Court House City Schools in December 2001, a position he had held since 1991.

SUSAN J. INSLEY is the Executive Vice President and Principal of Cochran Public Relations, Inc., Columbus, Ohio, a position she has held since 1996.

Under Delaware law and Camco's Bylaws, the two nominees receiving the greatest number of votes will be elected as directors. Abstentions, shares not voted by brokers and votes withheld are not counted toward the election of directors.

In accordance with Section 3.13 of the Bylaws, nominees for election as directors may be proposed only by the directors or by a stockholder. Camco's Corporate Governance and Nominating Committee recommended to Camco's Board of Directors this year's director nominees. The Corporate Governance and Nominating

Edgar Filing: CAMCO FINANCIAL CORP - Form DEF 14A

Committee believes that candidates for director should have certain minimum qualifications, including being able to read and understand basic financial statements, having business experience, exhibiting high moral character and owning at least 100 shares of Camco stock; however, the Committee retains the right to modify these minimum qualifications from time to time. The Committee has a general process for choosing nominees, which process considers both incumbent directors and new candidates. In evaluating an incumbent director whose term of office is set to expire, the Committee reviews such director's overall service to Camco during his or her term, including the number of meetings attended, level of participation, quality of performance and any transactions of such director with Camco during his or her term. If the Committee chooses to evaluate new director candidates, the Committee uses its network of contacts to compile a list of potential candidates. Then, the Committee determines whether such candidates are independent, which determination is based upon applicable securities laws, the rules and regulations of the SEC, the rules of the National Association of Securities Dealers and the advice of counsel, if necessary. Finally, the Committee meets to discuss and consider all candidates' qualifications and then chooses a candidate by majority vote.

The Committee will consider director candidates recommended by stockholders, provided that the stockholder is entitled to vote for directors and has submitted a written nomination to the Secretary of Camco by the sixtieth day before the first anniversary of the most recent annual meeting of stockholders held for the election of directors. Each such written nomination must state the name, age, business and residence address of the nominee, the principal occupation or employment of the nominee, the number of each class of shares of Camco owned either beneficially or of record by each such nominee and the length of time such shares have been so owned. The Committee does not intend to alter the manner in which it evaluates candidates, including the minimum criteria set forth above, when evaluating a candidate who was recommended by a stockholder.

Camco has not implemented a formal policy regarding director attendance at the Annual Meeting. Typically, the Board of Directors holds a meeting immediately prior to the Annual Meeting, which results in most directors being able to attend the Annual Meeting. In 2003, all directors attended the Annual Meeting.

COMPENSATION COMMITTEE REPORT ON EXECUTIVE COMPENSATION

Camco's business consists primarily of the business of Advantage Bank and its subsidiaries and or affiliates. The financial results of Camco are primarily a function of Advantage Bank's achievement of its goals as set forth in its business plan. Executives are compensated for their contribution to the achievement of these goals, which benefits the stockholders, customers, employees, and the communities in which Camco operates.

During 2003, Larry A. Caldwell, the Chairman of the Board, received his compensation entirely from Camco. Richard C. Baylor, the President, Chief Executive Officer and Chief Operating Officer, and Mark A. Severson, the Treasurer and Chief Financial Officer, each received 50% of his compensation from Advantage Bank and 50% from Camco. Camco's Compensation Committee (the "Committee") recommends to Camco's Board of Directors the executive compensation for senior executive officers. Membership of the Committee is composed exclusively of directors who meet the independence criteria of Nasdaq. The Committee is dedicated to the philosophy of linking executive compensation to the achievement of Advantage Bank's goals and the resulting performance of Camco.

Executive Compensation Philosophy and Process

The compensation levels of the executive officers, including the Chief Executive Officer, are reviewed each year by the Committee. The Committee also assesses each executive officer's contribution to Camco, the skills and experience of each executive officer and the on-going potential of each executive officer. Total corporate return performance is also a consideration in determining executive officer compensation. The Committee's determinations are presented to the full board of directors, but directors who are also executive officers do not participate in discussions regarding their own compensation.

The overall objective of the executive compensation program is to provide competitive levels of compensation that will attract and retain qualified executives and will reward individual performance, initiative and achievement, while enhancing overall corporate performance and shareholder value. The program is designed to align senior management compensation with the goals of the Camco business plan by creating strong incentives to manage business successfully from both a financial and operating perspective. The executive compensation program is structured to accomplish the following specific objectives:

- 1) Align the interests of management with the interests of the stockholders;
- 2) Clearly motivate management to perform and succeed according to the goals outlined in the business plan;
- 3) Retain key personnel critical to Camco's long-term success;
- 4) Emphasize formula-based components, such as incentive plans, in order to better focus management efforts in its execution of the

Edgar Filing: CAMCO FINANCIAL CORP - Form DEF 14A

business plan;

- 5) Maintain pay for performance as an integral component of the program by utilizing incentive plans that emphasize corporate success;
- 6) Maintain a corporate environment which encourages stability and a long-term focus for both Camco and its management; and

7

- 7) Ensure that management: (a) fulfills its overall responsibility to its constituents, including stockholders, customers, employees, the community and government regulatory agencies; (b) conforms its business conduct to the highest ethical standards; (c) remains free from any influences that could impair or appear to impair the objectivity and impartiality of its judgement or treatment of Camco's constituents; and (d) continues to avoid any conflict between its responsibilities to Camco and each individual's personal interests.

The Committee utilizes independent compensation surveys of officers in the thrift industry, taking into account comparable asset bases and geographic locations. Performance comparisons include rankings based on return on average equity, return on average assets, efficiency ratio, asset quality and total return on a company's stock price, among other factors. Compensation data utilized for comparisons is generally annual cash compensation including base salary and most forms of cash bonus and annual incentive awards.

Components of the Program

The program's compensation elements include cash compensation, including base salary and an incentive-based bonus plan, and stock-based compensation. The incentive plans have been designed to reflect corporate performance, individual performance, and alignment with the interests of Camco's stockholders. Superior corporate or individual performance should result in compensation which, when combined with incentives, would place overall compensation at or above that of the peer group median.

Base salary forms the foundation of the compensation program as it represents income not at risk. The Committee believes that base salary should function as an anchor: large enough that the executive is comfortable remaining in Camco's employ, but not so large as to conflict with the executive's motivation to work diligently to increase shareholder value. An individual's base salary is directly related to his or her position, job responsibilities, accountability, performance and contribution to Camco.

Camco maintains both a short-term cash bonus plan and a long-term stock-based incentive plan. Bonus and incentive plan awards for the Named Executive Officers are based on the achievement of corporate performance objectives which are established by Camco's Compensation Committee at the beginning of each year. The performance objectives include four primary elements, consisting of return on average tangible equity, earnings per share growth, efficiency ratio improvement and net interest margin growth, which account for 60% of the total performance measurement. Secondary objectives, which account for 40% of the performance measurement, include deposit growth, loan volume and non-interest income growth.

The cash bonus amounts range from 0% to 25% of the officer's base salary, subject to the percentage of performance measurements achieved.

Edgar Filing: CAMCO FINANCIAL CORP - Form DEF 14A

Additional discretionary bonus amounts may also be awarded under the cash bonus plan in recognition of other achievements, such as merger and acquisition activities, which are not part of the established performance objectives.

The long-term incentive plan provides for the award of stock options of varying levels for each of the Named Executive Officers, ranging in amount from 0% to a maximum of between 100% and 200% of the officer's base salary, subject to the percentage of performance measurements achieved. Options are issued at market prices and typically vest at a rate of 20% each year beginning on the grant date and have a term of ten years. This element of the executive compensation program is designed to align the interests of the executive with corporate shareholder objectives since the price performance of Camco's common stock directly affects the value of these long-term awards.

8

Determination of CEO's Compensation

The Committee determined the compensation for Mr. Baylor for 2004 pursuant to the policies described above for executive officers. Additional factors considered included merger and acquisition activities, continued updating and implementation of Camco's strategic plan and subsidiary oversight and progress. The Committee increased Mr. Baylor's base compensation by \$5,794, or 2.5%, bringing his base salary to \$237,544 for 2004. Camco achieved 18.68% of the performance targets established by the Committee for 2003. Based on that level of achievement, Mr. Baylor was awarded a cash bonus of \$10,822 and he was awarded options for a number of Camco shares having a market value on the date of grant of \$86,571.

PERFORMANCE GRAPH

The following graph compares the cumulative total return on Camco's common stock with the cumulative total return of an index of companies whose shares are traded on Nasdaq, the Peer Group index, and the SNL All Bank & Thrift Index for the same period. Last year, Camco used the Peer Group Index as an indicator of how Camco compares to other peers in its line of business. However, several of the companies used for this index were acquired in the last year and are no longer appropriate peers of Camco. As a result, Camco believes that the SNL All Bank & Thrift Index is now a better index of peers to use as a comparison.

salary of \$125,000 and provides for the inclusion of Mr. Caldwell in any tax-qualified employee benefit, pension and profit-sharing plans for which senior management personnel are eligible. The agreement is terminable by Camco at any time. In the event of termination by Camco other than for just cause or in connection with a "change of control," as defined in the agreement, Mr. Caldwell will be entitled to a continuation of salary payments for the remainder of the term of his agreement. In the event of the voluntary or involuntary termination of Mr. Caldwell's employment for any reason other than just cause within one year after a "change of control", Mr. Caldwell would receive a change of control payment of \$374,999.

CHANGE OF CONTROL AGREEMENTS

Camco has change of control agreements with Edward D. Rugg, Mark A. Severson and David S. Caldwell. Each agreement is for a term of one year and provides for annual performance reviews by the Board of Directors, at which time the Board of Directors may extend the agreement for an additional one-year period.

Each agreement provides that if the officer is terminated by Camco or its successors for any reason other than just cause, within six months prior to a change of control, as defined in the agreement, or within one year after a change of control, Camco will pay (1) the officer an amount equal to two times the amount of his annual salary and (2) the premiums required to maintain coverage under the health insurance plan in which the officer is a participant immediately prior to the change of control until the

11

earlier of (i) the first anniversary of his termination or (ii) the date the officer is included in another employer's benefit plans. The officer will also be entitled to the above payments if he voluntarily terminates his employment within twelve months following a change of control if (1) the capacity or circumstances in which the officer is employed are changed; (2) the officer no longer holds his specified office; (3) the officer is required to move his personal residence, or perform his principal executive functions, more than thirty-five miles from his primary office as of the date of the agreement; or (4) Camco otherwise breaches the agreement. The maximum amount that the officer may receive under the agreement is limited to an amount which will not result in the imposition of a penalty tax pursuant to Section 280G(b)(3) of the Code.

SALARY CONTINUATION AGREEMENTS

Advantage Bank has entered into Salary Continuation Agreements with each of Richard C. Baylor, Edward D. Rugg, Mark A. Severson and David S. Caldwell (the "Salary Continuation Agreements"). Each Salary Continuation Agreement provides for continued monthly compensation to the employee, or his beneficiary, for a period of 15 years following the employee's termination of employment for any reason other than Early Termination or Termination for Cause (as defined in the Salary Continuation Agreement). Early Termination is defined in the Salary Continuation Agreements to mean termination of employment before age 65 for reasons other than death, Disability (as defined in the Salary Continuation Agreement), Termination for Cause or following a Change of Control (as defined in the Salary Continuation Agreement).

Upon termination of employment after the employee reaches age 65, each employee will receive the following maximum amounts, divided into 12 monthly payments, annually for 15 years: Mr. Baylor - \$410,100; Mr. Rugg - \$98,300; Mr. Severson - \$197,400; and Mr. David Caldwell - \$140,900. In the event of Early Termination, termination for Disability or upon a Change of Control, the

Edgar Filing: CAMCO FINANCIAL CORP - Form DEF 14A

employee will receive monthly payments for a period of 15 years, in an amount equal to the accrual balance, which amount increases annually at a specified rate until it reaches the maximums set forth above. If an employee is terminated upon a Change of Control, the employee may elect to have the present value of the monthly payments made in a single lump sum payment. An employee is not entitled to any payments upon Termination for Cause.

SALARY CONTINUATION PLAN

In connection with the termination of its non-contributory defined benefit pension plan in 1996, Camco implemented a non-qualified retirement plan (the "1996 Salary Continuation Plan") for the benefit of certain executive officers. Mr. Rugg is the only Named Executive Officer who is a participant in this plan. The 1996 Salary Continuation Plan provides for continued monthly compensation to Mr. Rugg, or his beneficiary, for 179 months following his retirement at age 65 from Advantage Bank. If Mr. Rugg retires after age 55 or after having completed 15 years of full-time service (the "Early Retirement Date"), and before age 65, the 1996 Salary Continuation Plan provides for a reduced benefit. Upon a change in control of Advantage Bank and the subsequent termination of Mr. Rugg's employment, he is entitled to a lump sum payment of a reduced amount. If Mr. Rugg's employment is terminated prior to the Early Retirement Date for any reason other than death, he is not entitled to receive any benefits under the 1996 Salary Continuation Plan.

SPLIT-DOLLAR PLAN

Flexible payment universal life insurance policies, which are carried on the books of Camco as tax-free earning assets, have been purchased on the lives of certain employees, including Messrs. Baylor, Rugg, Severson and D. Caldwell. Upon the death of the participating employee, a beneficiary named by

12

the employee will receive the lesser of (1) two times the employee's base salary for the 12 months preceding the month in which the employee dies up to a maximum of \$300,000, or (2) the total death proceeds of the life insurance policy. The balance of the life insurance proceeds will be payable to Camco or the applicable subsidiary and are expected to be sufficient to cover all investment costs associated with the policy.

EXECUTIVE DEFERRED COMPENSATION AGREEMENTS

Executives may elect to defer annually the payment of up to \$30,000 of their salary until a specified date or until they are no longer associated with Camco. Interest is credited on the deferral amounts at an annual rate equal to 75% of Camco's return on equity rate for the preceding year, not to exceed a return on equity of 20%.

Based on Camco's review of the copies of such forms it has received, Camco believes that its executive officers and directors complied with all filing requirements applicable to them with respect to transactions during the fiscal year ended December 31, 2003, except for the following: Mr. Rugg had one late Form 4 reporting one transaction; Mr. Leake had two late Forms 4 reporting one transaction each and another late Form 4 reporting two transactions; and Mr. Wright had one late Form 4 reporting one late transaction.

AUDIT COMMITTEE REPORT

The Audit Committee of the Board of Directors of Camco is comprised of three directors, all of whom are considered "independent" under Rule 4200(a)(15) of Nasdaq's listing standards. The Audit Committee is responsible for overseeing Camco's accounting functions and controls, as well as selecting an accounting firm to audit Camco's financial statements. The Audit Committee has adopted a charter, which is attached as Exhibit A.

Edgar Filing: CAMCO FINANCIAL CORP - Form DEF 14A

The Audit Committee received and reviewed the report of Grant Thornton, LLP ("Grant Thornton") regarding the results of their audit, as well as the written disclosures and the letter from Grant Thornton required by Independence Standards Board Standard No. 1. The Audit Committee determined that the provision by Grant Thornton of the services included in the table below under "All Other Fees" is compatible with maintaining Grant Thornton's independence. The Audit Committee reviewed the audited financial statements with the management of Camco. A representative of Grant Thornton also discussed with the Audit Committee the independence of Grant Thornton from Camco, as well as the matters required to be discussed by Statement of Auditing Standards 61, as may be amended from time to time. Discussions between the Audit Committee and the representative of Grant Thornton included the following:

- Grant Thornton's responsibilities in accordance with generally accepted auditing standards
- The initial selection of, and whether there were any changes in, significant accounting policies or their application
- Management's judgments and accounting estimates
- Whether there were any significant audit adjustments
- Whether there were any disagreements with management
- Whether there was any consultation with other accountants
- Whether there were any major issues discussed with management prior to Grant Thornton's retention
- Whether Grant Thornton encountered any difficulties in performing the audit
- Grant Thornton's judgments about the quality of Camco's accounting principles
- Grant Thornton's responsibilities for information prepared by management that is included in documents containing audited financial statements

14

Based on its review of the financial statements and its discussions with management and the representative of Grant Thornton, the Audit Committee did not become aware of any material misstatements or omissions in the financial statements. Accordingly, the Audit Committee recommended to the Board of Directors that the audited financial statements be included in the Annual Report on Form 10-K for the year ended December 31, 2003, to be filed with the SEC.

EXHIBIT A Camco Financial Corporation Audit Committee Charter

STATEMENT OF POLICY

The Audit Committee is responsible for overseeing the accounting and financial reporting processes and the audits of the financial statements of Camco Financial Corporation ("Camco") and its subsidiaries (collectively, the "Company"). In so doing, the Committee will maintain free and open means of communication between the directors, the independent accountant, the internal auditors, and the Company's financial management. While the Committee has the responsibilities and powers set forth in this Charter, it is not the duty of the Committee to plan or conduct audits or to determine that the Company's financial statements are complete and accurate and prepared in accordance with generally accepted accounting principles ("GAAP"). That is the responsibility of Company management. The Committee expects the Company's independent accountant, as part of its opinion audit performed in accordance with Generally Accepted Auditing Standards, to report any significant departures from GAAP and any deficiencies in the system of internal control defined in the auditing standards as a reportable condition.

ORGANIZATION

At least three independent directors of Camco shall serve on the Committee. A member of the Committee will be considered independent if such member meets the independence standards of The Nasdaq Stock Market, Inc. and applicable law and does not have a relationship which, in the opinion of Camco's Board, would impair the exercise of independent judgment in carrying out the responsibilities of such a member. All Committee members shall be able to read and understand the Company's fundamental financial statements, including the balance sheet, income statement and cash flow statement, and at least one member of the Committee shall have past employment experience in finance or accounting, requisite professional certification in accounting, or any other comparable experience or background which results in the individual's financial sophistication, including being or having been a chief executive officer, chief financial officer or other senior officer with financial oversight responsibilities. Satisfaction of these independence, financial literacy and experience requirements shall be determined in accordance with the applicable rules of the Securities and Exchange Commission and The Nasdaq Stock Market, Inc.

RESPONSIBILITIES

In carrying out its responsibilities and duties, the Committee shall:

1. Meet at least once per quarter.
2. Review and reassess the adequacy of this Charter periodically as conditions dictate, but at least annually.
3. Review and discuss with management the Company's annual financial statements and the independent accountant's opinion rendered with respect to such financial statements.
4. Select and determine funding for the independent accountant, considering independence and effectiveness, to audit the financial statements of the Company.
5. Evaluate the performance of the independent accountant, and, if so determined by the Committee, replace the independent accountant.

Edgar Filing: CAMCO FINANCIAL CORP - Form DEF 14A

6. Communicate to the independent accountant that they are ultimately accountable to the Committee, as the stockholders' representatives.

1

7. Ensure that the independent accountant submit to the Committee periodically a formal written statement delineating all relationships between the independent accountant and the Company, consistent with Independence Standards Board Standard 1 ("ISBS No. 1"), and engage in active dialog with the independent accountant about all disclosed relationships or services that may impact the objectivity and independence of the independent accountant.
8. Review the performance of the independent accountant and consult with the independent accountant out of the presence of management about internal controls and the completeness and accuracy of the Company's financial statements. The Committee's review should include the matters required to be discussed by Statement on Auditing Standards No. 61 ("SAS No. 61"), as may be amended from time to time, and an explanation from the independent accountant of the factors considered by the independent accountant in determining the audit's scope. The independent accountant should confirm that no limitations have been placed on the scope or nature of the audit.
9. Review with management, the independent accountant and the internal auditor any difficulties or disagreements encountered during the course of the audit, as well as any improvements that could be made in the audit or internal control procedures.
10. Receive communications, if any, from the independent accountant with respect to interim financial information before the filing of the Quarterly Report on Form 10-Q with the Securities and Exchange Commission and discuss such communications with management of the Company. The chair of the Committee may represent the entire Committee for purposes of this receipt of communications and discussion with management.
11. Prepare a report to be included in the Proxy Statement for the Company's annual meeting of stockholders. As required by the regulations of the Securities and Exchange Commission, the report must state whether the Committee has (i) reviewed and discussed the audited financial statements with management; (ii) discussed with the independent accountant the matters required to be discussed by SAS No. 61; (iii) received and discussed with the independent accountant the matters required by ISBS No. 1; and (iv) recommended to the Board that the audited financial statements be included in Camco's Annual Report on Form 10-K for the last fiscal year. The name of each Committee member must appear below the report.
12. Pre-approve all audit services and permissible non-audit services provided to the Company by financial and non-financial firms.
13. Engage and determine funding for independent counsel and other advisors as the Committee deems necessary to carry out its duties.
14. Establish procedures for the receipt, retention and treatment of

Edgar Filing: CAMCO FINANCIAL CORP - Form DEF 14A

complaints received by the Company regarding accounting, internal accounting controls, or auditing matters.

15. Establish procedures for the confidential, anonymous submission by employees of the Company of concerns regarding questionable accounting or auditing matters.
16. Perform any other activities consistent with this Charter, the Company's governing documents and applicable law, as the Committee or the Board deems necessary or appropriate.
17. Review on an ongoing basis all related party transactions for potential conflict of interest situations and approve all such related party transactions.

INTERNAL AUDIT

1. The Audit Committee will oversee the internal audit function. The Director of Internal Audit of the Company shall report directly to the Chair of the Audit Committee and shall be responsible for establishing, maintaining and executing appropriate audit programs, policies and procedures that govern the examination and audit of ledgers, records, procedures and operations of the Company and its affiliates. An appropriate executive officer shall provide administrative oversight.

2

2. In carrying out his or her responsibilities and duties, the Director of Internal Audit shall follow the FFIEC Interagency Guidance on the Internal Audit Function and its Outsourcing, as appropriate, considering the size and complexity of the Company.
