ITEM 1. Changes in Control of Registrant.

On March 30, 2004 the Registrant completed its recapitalization transactions (the Transactions), consisting of (i) an investment of \$13 million made by CorrPro Investments, LLC (Purchaser), an affiliate of Wingate Partners III, L.P. (Wingate Partners), for 13,000 shares of Series B Cumulative Redeemable Voting Preferred Stock (the Series B Preferred Stock) and warrants to acquire approximately 12.1 million shares of common stock of the Registrant at a nominal exercise price (the Purchaser Warrant); (ii) a \$40 million senior secured credit facility (the Credit Facility) with CapitalSource Finance LLC and (iii) a \$14 million investment by American Capital Strategies Ltd. for secured subordinated notes (the Notes) and warrants to acquire approximately 3.9 million shares of common stock of the Registrant at a nominal exercise price (the American Capital Warrant).

The Credit Facility consists of a revolving credit line, a term loan with a five-year maturity and a letter of credit sub-facility. The Notes bear interest at an annual rate of 12.5%, payable monthly, in arrears.

Each share of Series B Preferred Stock entitles the holder thereof to vote on all matters voted on by the holders of common stock, voting together with the holders of common stock and all other voting stock of the Registrant as a single class at all annual, special and other meetings of the shareholders of the Registrant. Initially the Series B Preferred Stock will have approximately 51% of the total voting power of the Registrant. Such percentage is subject to adjustment based on shares outstanding in the future at any particular time. The percentage of voting power is calculated as follows: In any vote in which the holders of Series B Preferred Stock are entitled to vote with the holders of common stock, each share of Series B Preferred Stock shall entitle the holder thereof to cast that number of votes equal to the quotient of (i) the product of (A) 1.0408, multiplied by (B) the total number of votes that may be cast by the holders of all Post Transaction Fully Diluted Shares (as defined below) as of the record date for such vote, divided by (ii) 13,000. For purposes hereof the amount of Post Transaction Fully Diluted Shares means the aggregate amount of all of the following shares of common stock, without duplication: (i) the shares of common stock outstanding on March 30, 2004, (ii) the number of shares of common stock issuable upon exercise of the Registrant's existing warrants outstanding prior to March 30, 2004, (iii) the shares of common stock issuable upon exercise of the Purchaser Warrant, (iv) the shares of common stock issuable upon the exercise of the American Capital Warrant, (v) the shares of common stock, issuable upon exercise of the outstanding stock options and stock options that have been granted under option plans, but not to exceed 4,542,654 shares and (vi) the shares of common stock issuable due to the effects of any anti-dilution adjustment to any of the foregoing upon the issuance of the Purchaser Warrant and the American Capital Warrant or any of the securities contemplated in clauses (ii) through (v) above. As of March 30, 2004, the calculation of the Post Transaction Fully Diluted Shares yielded a total of 30,284,360 shares, comprised of the following amounts and percentages, corresponding to the categories expressed in the previous sentence: (i) 8,462,847 shares, or 28%; (ii) 1,228,148 shares, or 4%; (iii) 12,113,744 shares, or 40%; (iv) 3,936,967 shares, or 13%; and (v) 4,542,654 shares, or 15%.

The terms of the Series B Preferred Stock also provide that for so long as at least 40% of the shares of Series B Preferred Stock issued at the closing of the Transactions remains outstanding, the holders of Series B Preferred Stock will have the right to appoint a majority of the full Board of Directors of the Registrant (the Purchaser Designees).

As a result of the Transactions, Purchaser has acquired 100% of the outstanding shares of the Series B Preferred Stock, and by virtue of the Purchaser Warrant, will be deemed to have acquired beneficial ownership of approximately 40% of the Post Transaction Fully Diluted Shares, or 58.9% of the common stock of the Registrant assuming an aggregate of 20,576,591 shares of common stock of the Registrant to

be outstanding, being the sum of (i) the 8,462,847 shares actually issued and outstanding as of March 30, 2004 and (ii) the 12,113,744 shares issuable upon exercise of the Purchaser Warrant. In addition, Purchaser has the right to designate a majority of the full Board of Directors of the Registrant. Accordingly, Purchaser, Wingate Partners and its affiliates will likely be deemed to have acquired control of the Registrant.

According to the Schedule 13D filed by the Purchaser and certain of its affiliates on April 9, 2004, the source of Purchaser's consideration was contributions from its members.

As contemplated by the Transactions, the Registrant increased the size of its Board of Directors from seven to nine. Messrs. Jay I. Applebaum, James A. Johnson, and Jason H. Reed, executives affiliated with Wingate Partners, have become directors as Purchaser Designees, with Mr. Johnson serving as Chairman of the Board. Messrs. C. Richard Lynham, Harry W. Millis, Neal R. Restivo, Joseph W. Rog, and Dr. Warren F. Rogers will continue to serve on the Board, with Messrs. Lynham and Millis holding positions as designees of the Series B Preferred Stock. American Capital retains the right to designate a director to fill the remaining director vacancy.

The forgoing description of the Transactions and the terms of the operative documents executed in connection therewith is qualified in its entirety by the documents set forth as exhibits to this Current Report on Form 8-K.
