Item 7.01 Regulation FD Disclosure

The Timken Company recently received approximately \$92.6 million under the U.S. Continued Dumping and Subsidy Offset Act (CDSOA) for 2006. Timken will apply the entire amount toward funding the company's U.S. pensions.

CDSOA provides the authority for U.S. Customs to distribute antidumping duties to U.S. producers harmed by unfair trade that have continued to invest in their technology, equipment and people. A leading provider of friction management and power transmission solutions, Timken received a distribution under CDSOA based on the company's consistent investments to remain competitive in the face of continued dumping of bearings.
