Safe Harbor Statement

3

Forward-Looking Language

This presentation contains forward-looking statements that are made pursuant to the safe harbor provisions of The Private Securities Litigation Reform Act of 1995. These statements speak only as of the date of this presentation and are made on the basis of management's views and assumptions regarding future events and business performance. Words such as believe, anticipate, expect and similar expressions are intended to identify forward-looking statements. Forward-looking statements (including oral representations) involve risks and uncertainties that may cause actual results to differ materially from any future results, performance or achievements expressed or implied by such statements. These risks and uncertainties are based on a number of factors, including but not limited to: our ability to complete the acquisition of access lines from Verizon; our ability to successfully integrate the Verizon operations and to realize the synergies from the acquisition; failure to obtain, delays in obtaining or adverse conditions contained in any required regulatory approvals for the merger; the failure to obtain our stockholders' approval; the receipt of an IRS ruling approving the tax-free status of the transaction; reductions in the number of our access lines and high-speed internet subscribers; the effects of competition from cable, wireless and other wireline carriers (through voice over internet protocol (VOIP) or otherwise); reductions in switched access revenues as a result of regulation, competition and/or technology substitutions; the effects of greater than anticipated competition requiring new pricing, marketing strategies or new product offerings and the risk that we will not respond on a timely or profitable basis; the effects of changes in both general and local economic conditions on the markets we serve, which can impact demand for our products and services, customer purchasing decisions, collectability of revenue and required levels of capital expenditures related to new construction of residences and businesses; our ability to effectively manage service quality; our ability to successfully introduce new product offerings, including our ability to offer bundled service packages on terms that are both profitable to us and attractive to our customers; our ability to sell enhanced and data services in order to offset ongoing declines in revenue from local services, switched access services and subsidies; changes in accounting policies or practices adopted voluntarily or as required by generally accepted accounting principles or regulators; the effects of ongoing changes in the regulation of the communications industry as a result of federal and state legislation and regulation, including potential changes in state rate of return limitations on our earnings, access charges and subsidy payments, and regulatory network upgrade and reliability requirements; our ability to effectively manage our operations, operating expenses and capital expenditures, to pay dividends and to reduce or refinance our debt; adverse changes in the credit markets and/or in the ratings given to our debt securities by nationally accredited ratings organizations, which could limit or restrict the availability, and/or increase the cost, of financing; the effects of bankruptcies and home foreclosures, which could result in increased bad debts; the effects of technological changes and competition on our capital expenditures and product and service offerings, including the lack of assurance that our ongoing network improvements will be sufficient to meet or exceed the capabilities and quality of competing networks; the effects of increased medical, retiree and pension expenses and related funding requirements; changes in income tax rates, tax laws, regulations or rulings, and/or federal or state tax assessments; further declines in the value of our pension plan assets, which could require us to make contributions to the pension plan beginning in 2010, at the earliest; the effects of state regulatory cash management policies on our ability to transfer cash among our subsidiaries and to the parent company; our ability to successfully renegotiate union contracts expiring in 2009 and thereafter; our ability to pay dividends in respect of our common shares, which may be affected by our cash flow from operations, amount of capital expenditures, debt service requirements, cash paid for income taxes (which will increase in 2009) and our liquidity; the effects of increased cash taxes in 2009 and thereafter; the effects of any unfavorable outcome with respect to any of our current or future legal,

governmental, or regulatory proceedings, audits or disputes; the possible impact of adverse changes in political or other external factors over which we have no control; and the effects of hurricanes, ice storms or other severe weather. These and other uncertainties related to our business are described in greater detail in our filings with the Securities and Exchange Commission (SEC), including our reports on Forms 10-K and 10-Q. There also can be no assurance that the proposed transaction will in fact be consummated. We undertake no obligation to publicly update or revise any forward-looking statement or to make any other forward-looking statements, whether as a result of new information, future events or otherwise unless required to do so by securities laws.

Additional Information and Where to Find it

This material is not a substitute for the prospectus/proxy statement the Company will file with the SEC. We urge investors to read the prospectus/proxy statement, which will contain important information, including detailed risk factors, when it becomes available. The prospectus/proxy statement and other documents which will be filed by the Company with the SEC will be available free of charge at the SEC's website, www.sec.gov, or by directing a request when such a filing is made to Frontier Communications Corporation, 3 High Ridge Park, Stamford, CT 06905-1390, Attention: Investor Relations.

This material shall not constitute an offer to sell or the solicitation of an offer to buy securities, nor shall there be any sale of securities in any jurisdiction in which such offer, solicitation or sale would be unlawful prior to registration or qualification under the securities laws of such jurisdiction.

The Company and certain of its directors, executive officers and other members of management and employees may, under SEC rules, be deemed to be participants in the solicitation of proxies in connection with the proposed transactions. Information about the directors and executive officers of the Company is set forth in the proxy statement for the Company's 2009 annual meeting of stockholders filed with the SEC on April 6, 2009.

This material shall not constitute an offer to sell or the solicitation of an offer to buy any securities, nor shall there be any sale of securities in any jurisdiction in which such offer, solicitation or sale would be unlawful prior to registration or qualification under the securities laws of any such jurisdiction. No offering of securities shall be made except by means of a prospectus meeting the requirements of Section 10 of the Securities Act.

Frontier Communications is

Frontier Communications Corporation (NYSE: FTR) is one of the nation's largest rural local exchange carriers, offering local and long-distance telephone service, Internet access, wireless Internet access, DISH satellite TV and more ..

Driving Customer Revenues ¹

Notes

1.

Customer revenue is defined as total revenue less access services. Access services include switched network access and subsidies.

2.

The reduction in Average monthly Customer Revenue / Average access line between Q1 07 and Q2 07 was due in part to the acquisition of Commonwealth Telephone

Transaction Overview & Financial Highlights

The New Frontier .

TRANSFORMATIONAL TRANSACTION for Frontier

Frontier becomes the largest pure rural provider of voice,
broadband and video services with more than 7 million access lines
in 27 states

Delivers substantial long-term shareholder value

**Improves balance sheet strength; increases financial
and operational flexibility**

**Creates a strong platform for continued growth and
improves the company's overall strategic position**

Transaction Overview

13

Transaction Structure

Reverse Morris Trust

Simultaneous tax-free spin-off of SpinCo and merger with Frontier

Valuation

SpinCo Enterprise Value: \$8.6B

Implied purchase multiple of 4.5x SpinCo's FY 2008 EBITDA

Financing

Equity consideration based on Frontier's 30 day average share price at
time of close

Subject to a collar of \$7.00 - \$8.50, 66% - 71% VZ stockholder ownership

Fixed number of shares outside the collar

\$3,208M of debt to be raised prior to closing

Proceeds to be paid to Verizon

Governance

Maggie Wilderotter, Chairman & Chief Executive Officer

Frontier management leadership

12 member board (Verizon elects 3 new members to Frontier existing board)

Post Closing Dividend Policy

Annual dividend of \$0.75 per share

Estimated Synergies

Revenue upside from broadband, long distance, video and bundles

\$500M of cash OpEx savings (21% of 2008 SpinCo cash OpEx)

Required Approvals

Hart Scott Rodino

Frontier shareholder approval

Verizon IRS ruling

FCC and certain state and local regulatory approvals

Expected Closing

Approximately 12 months

Transaction Rationale

14

Rural Profile

SpinCo properties have an average of 37 households per sq. mile

70% of lines in rural areas

Less than 1% of lines in urban areas

Complementary Footprint

Frontier currently has operations in 11 of the 14 states in which SpinCo operates

Attractive Demographics

Properties have a similar profile to Frontier's current footprint

Median income of \$50.1K, 74% home ownership, average age of 48

Upside for Organic Growth

Ability to implement Frontier's proven go-to-market strategy

Local engagement model will improve customer loyalty and drive revenue performance

Ability to Leverage Scale

Leverage scalability of common support functions (e.g. IS, Accounting)

Ability to achieve synergies from operating and capital expenditures

Reasonable Capital Investment

Currently, broadband is only available to ~60% of households

Opportunity to expand broadband deployment

Free Cash Flow Accretive

The transaction drives significant free cash flow per share accretion in year 2 and beyond

Improves Dividend Payout Ratio

Edgar Filing: FRONTIER COMMUNICATIONS CORP - Form 425

\$0.75 per share dividend after closing

Payout ratio declines based on new dividend policy and increased cash flow

Serving Rural America IS our business

Frontier becomes the largest pure rural communications provider

The New Frontier .

What differentiates this transaction from previous RBOC line purchases?

System Conversion Experience

13 states run on a separate billing platform that comes with SpinCo in the acquisition; Only one state, representing 13% of SpinCo access lines, required to be converted by closing

Deleveraging Transaction

This is a deleveraging transaction. FY 2008 pro forma combined leverage of 2.6x approaching investment grade

Strong Rural Markets

Substantially the same rural profiles as Frontier has today. Predominately rural markets (37 households / sq. mile); less than 1% of the footprint is urban

Track Record of Successful Integrations

Frontier management successfully operates a 2M + access line business, generating \$2.2B of revenue in 24 states. We have successfully integrated Rochester Telephone, Commonwealth Telephone and Global Valley Networks realizing greater than anticipated synergies, and have consolidated 5 billing systems in the past 5 years

Substantial Revenue & Cost Saving Opportunities
