Wisconsin Energy/Integrys Energy Group Merger – State Regulatory Approvals 48. Wisconsin Energy/Integrys Energy Group Merger – Other Approvals 49. Disclosure of Full Forward-Looking Statements 50. Additional Information and Where to Find It

3 Second Quarter 2014 Earnings Conference Call – August 7, 2014 In this presentation, we make statements concerning our expectations, beliefs, plans, objectives, goals, strategies, and future events or performance. These statements are "forward-looking statements" within the meaning of Section 21E of the Securities Exchange Act of 1934, as amended. Forward-looking statements are not guarantees of future results and conditions. Although we believe that these forward-looking statements and the underlying assumptions are reasonable, we cannot provide assurance that such statements will prove correct. Forward-looking statements involve a number of risks and uncertainties. Some risks and uncertainties that could cause actual results to differ materially from those expressed or implied in forward-looking statements include those described in Item 1A of our Annual Report on Form 10-K for the year ended December 31, 2013, as may be amended or supplemented in Part II, Item 1A of our subsequently filed Quarterly Reports on Form 10-Q. Other risks and uncertainties are set forth in greater detail in the aforementioned filing with the United States Securities and Exchange Commission and in Slide 49 in the Appendix. You are encouraged to read and understand the disclaimers set forth in these filings. All forward-looking statements included in this presentation are based upon information presently available, and we, except to the extent required by the federal securities laws, undertake no obligation to publicly update or revise any forward-looking statements, whether as a result of new information, future events, or otherwise. Condensed Commentary on Forward-Looking Statements integrys

4 Second Quarter 2014 Earnings Conference Call – August 7, 2014 Non-GAAP Financial Information integrys We prepare financial statements in accordance with accounting principles generally accepted in the United States (GAAP). In addition, we disclose and discuss diluted earnings per share (EPS) – adjusted and adjusted earnings (loss), which are non-GAAP measures. Management uses these measures in its internal performance reporting and for reports to the Board of Directors. We disclose these measures in our quarterly earnings releases, on investor conference calls, and during investor conferences and related events. Management believes that diluted EPS – adjusted and adjusted earnings (loss) are useful measures for providing investors with additional insight into our operating performance. These measures allow investors to better compare our financial results from period to period, as they eliminate the effects of certain items that are not comparable. This additional information is not meant to be considered in isolation or as a substitute for our results of operations prepared and presented in conformance with GAAP. Tax impacts are calculated using the applicable combined federal and state statutory rate modified for any attributable permanent tax effect and/or tax credit. A reconciliation of non-GAAP information to GAAP information is included on the slide where the information appears.

5 Second Quarter 2014 Earnings Conference Call – August 7, 2014 Pending Sale of Retail Marketing Business of Integrys Energy Services integrys Highlight On July 30, 2014, Integrys Energy Group (NYSE: TEG) announced the divestiture of the retail marketing business of Integrys Energy Services, Inc. (TEGE) for \$60 million (plus adjusted net working capital at time of close) in an all-cash transaction with Exelon. Key Terms Purchase Consideration 100% Cash Purchase Price (million) \$60 Working Capital Assumption (million) \$183 * Expected Close 4Q14 or 1Q15 Regulatory Approvals Needed Hart Scott Rodino, Federal Energy Regulatory Commission Shareholder Approval Needed None Transition Services Minimal * Approximate adjusted working capital at May 31, 2014. Retail Natural Gas and Electric Marketing Businesses • Established on October 12, 1994 • Employs approximately 280 people • Retail energy services provider in 22 states and the District of Columbia • Serves over 1.2 million residential and commercial/industrial customers • Does not include energy asset business (solar business) • 2013 Highlights: • Delivered 21.3 million megawatt-hours of electricity (up 72% from 2011) and 183.6 BCF of natural gas (up 25% from 2011) • Over \$2.2 billion in revenue

6 Second Quarter 2014 Earnings Conference Call – August 7, 2014 Pending Sale of Upper Peninsula Power Company
integrys Pending Sale of Upper Peninsula Power Company (UPPCO) to Balfour Beatty Infrastructure Partners – Stock
purchase agreement signed: January 17, 2014 – Anticipated closing: Third quarter 2014 – Terms of transaction: •
Purchase price: \$298.8 million (subject to post-closing adjustments) • Expected net after-tax proceeds: \$220 million •
One-time after-tax gain expected: \$48 million or \$0.60 per share • Excludes UPPCO's ATC investment (approximately
\$15 million) • Includes transition service agreements with Integrys Business Support ranging from 18 to 30 months for
such services as accounting and information technology – Expected use of proceeds: reduce equity and debt financing
for generation and infrastructure investment at other regulated utilities – Regulatory approvals received: • Settlement
among parties approved by Michigan Public Service Commission on June 6, 2014 • On July 8, 2014, the Public
Service Commission of Wisconsin approved changes needed to facilitate the transfer of UPPCO's ATC membership to
Integrys Energy Group – Regulatory approvals needed: • Federal Energy Regulatory Commission – filed March 14, 2014
Balfour Beatty Infrastructure Partners Information • www.bbip.com • www.balfourbeatty.com (BBIP sponsor) Upper
Peninsula Power Company • Established in 1884 (acquired by Integrys Energy Group in 1998) • Regulated electric
utility • Operates in 10 of the 15 counties in the Upper Peninsula of Michigan • 118 employees • Serves approximately
52,000 electric retail customers in 118 communities • A firm peak demand was reached on August 20, 2013, with a
system demand of 101 megawatts • Electric property includes approximately 3,300 miles of electric distribution lines
and 57 distribution substations and 50.8 megawatts of generating capacity (based on summer ratings) • Rate
base/ROE/equity layer – \$161 million/10.15%/56.74% excluding deferred taxes in rate base • 2013 regulated utility
income (excluding ATC earnings): \$8.6 million

7 Second Quarter 2014 Earnings Conference Call – August 7, 2014 – Second Quarter 2014 Financial Results • Consolidated diluted EPS – adjusted of \$0.20 for the three months ended June 30, 2014 versus \$0.45 for the same period in 2013 • Consolidated diluted EPS – adjusted of \$1.94 for the six months ended June 30, 2014 versus \$2.20 for the same period in 2013 – 2014 Guidance • Consolidated diluted EPS – adjusted of \$3.33 to \$3.47 Second Quarter 2014 Financial Results; 2014 Guidance integrys

8 Second Quarter 2014 Earnings Conference Call – August 7, 2014 Regulated Utilities – Activities on track as planned
Natural Gas Segment • Accelerated main replacement moving forward • Acquisition of Alliant Energy's Minnesota
natural gas assets expected to close in the first quarter of 2015 Electric Segment • Columbia environmental upgrades
completed and in operation • Weston 3 ReACT™ installation proceeding as planned • System Modernization and
Reliability Project (SMRP) on track • Evaluating future generation options Rate Cases • Proceeding as anticipated (see
Slides 26 through 31) Operational Update integrys

23 Second Quarter 2014 Earnings Conference Call – August 7, 2014 – Effective January 1, 2014 – Qualifying property • Main and service pipe replacement, movement of inside meters to outside • Pipeline integrity – Rider QIP cumulative annual increase capped at 4% per year of base rates • i.e., maximum cumulative Rider QIP recovery in year 1 is 4%, year 2 is 8%, etc. • Maximum 5.5% increase in any given year • Filed third monthly surcharge with ICC in mid-April Reconciliation, including prudence review, in the following year – Sunset after 2023 Rider QIP Background Information integrys

24 Second Quarter 2014 Earnings Conference Call – August 7, 2014 – Return of investment, i.e., depreciation – Return on investment based on: • Cost of capital from most recent rate case • Multiplied by: – Plant placed in service – Less accumulated depreciation and accumulated deferred taxes on Rider QIP plant – Less "minimum spend" – Minimum spend will usually be met by non-QIP capital expenditures Cost Recovery Through Rider QIP integrys

25 Second Quarter 2014 Earnings Conference Call – August 7, 2014 Rider QIP Recovery Mechanism integrys One month cash flow lag, recovery recorded immediately • Example: Recovery of costs for property placed in service in January 2014 begins March 1, 2014. For accounting purposes, March revenue is accrued in January Half year problem from traditional rate cases avoided • Due to averaging convention, traditional rate case only recovers half of costs from additions in the test year, creating regulatory lag until the next rate case • In a test year, current year additions are recovered through Rider QIP, so no regulatory lag between rate cases

26 Second Quarter 2014 Earnings Conference Call – August 7, 2014 integrys Minnesota Energy Resources – 2013 General Rate Case – As Filed – Filed on September 30, 2013 (Docket No. 13-617) – Requested: • \$14.2 million, 5.52% increase in retail natural gas rates • Rate base – \$198.3 million retail natural gas • Return on Equity – 10.75% with equity component of 50.31% – Key reasons for rate increase request: • Inflation \$2.0 million • Return on equity \$0.9 million • Labor costs \$0.9 million • Conservation Improvement Program amortization \$0.8 million • Integrys Business Support customer relations system upgrade \$0.7 million • Property taxes \$0.7 million • Rate case expense \$0.4 million • Employee benefits \$(0.5 million) • Executive/non-executive incentives \$(0.7 million) • Depreciation \$(1.1 million) – Key Dates: • Interim rates effective: January 1, 2014 • Final order expected: October 2014 – Website: <https://www.edockets.state.mn.us/EFiling/edockets/searchDocuments.do?method=eDocketsResult&userType=public>

49 Second Quarter 2014 Earnings Conference Call – August 7, 2014 integrys In this presentation, we make statements concerning our expectations, beliefs, plans, objectives, goals, strategies, and future events or performance. These statements are "forward-looking statements" within the meaning of Section 21E of the Securities Exchange Act of 1934, as amended. Forward-looking statements are not guarantees of future results and conditions. Although we believe that these forward-looking statements and the underlying assumptions are reasonable, we cannot provide assurance that such statements will prove correct. Forward-looking statements involve a number of risks and uncertainties. Some risks and uncertainties that could cause actual results to differ materially from those expressed or implied in forward-looking statements include those described in Item 1A of our Annual Report on Form 10-K for the year ended December 31, 2013, as may be amended or supplemented in Part II, Item 1A of our subsequently filed Quarterly Reports on Form 10-Q, and those identified below:

- The timing and resolution of rate cases and related negotiations, including recovery of deferred and current costs and the ability to earn a reasonable return on investment, and other regulatory decisions impacting our regulated businesses;
- Federal and state legislative and regulatory changes, including deregulation and restructuring of the electric and natural gas utility industries, financial reform, health care reform, energy efficiency mandates, reliability standards, pipeline integrity and safety standards, and changes in tax and other laws and regulations to which we and our subsidiaries are subject;
- The possibility that the proposed merger with Wisconsin Energy Corporation (Wisconsin Energy) does not close (including, but not limited to, due to the failure to satisfy the closing conditions), disruption from the proposed merger making it more difficult to maintain our business and operational relationships, and the risk that unexpected costs will be incurred during this process;
- The risk that we may not complete the sales of Integrys Energy Services and Upper Peninsula Power Company;
- The risk of terrorism or cyber security attacks, including the associated costs to protect our assets and respond to such events;
- The risk of failure to maintain the security of personally identifiable information, including the associated costs to notify affected persons and to mitigate their information security concerns;
- Federal and state legislative and regulatory changes relating to the environment, including climate change and other environmental regulations impacting generation facilities and renewable energy standards;
- Costs and effects of litigation and administrative proceedings, settlements, investigations, and claims;
- The ability to retain market-based rate authority;
- The effects, extent, and timing of competition or additional regulation in the markets in which our subsidiaries operate;
- Changes in credit ratings and interest rates caused by volatility in the financial markets and actions of rating agencies and their impact on our and our subsidiaries' liquidity and financing efforts;
- The risk of financial loss, including increases in bad debt expense, associated with the inability of our and our subsidiaries' counterparties, affiliates, and customers to meet their obligations;
- The effects of political developments, as well as changes in economic conditions and the related impact on customer energy use, customer growth, and our ability to adequately forecast energy use for our customers;
- The ability to use tax credit and loss carryforwards;
- The investment performance of employee benefit plan assets and related actuarial assumptions, which impact future funding requirements;
- The risk associated with the value of goodwill or other intangible assets and their possible impairment;
- The timely completion of capital projects within estimates, as well as the recovery of those costs through established mechanisms;
- Potential business strategies, including acquisitions or dispositions of assets or businesses, which cannot be assured to be completed timely or within budgets (such as the proposed merger with Wisconsin Energy and the pending sales of Integrys Energy Services and Upper Peninsula Power Company);
- The risks associated with changing commodity prices, particularly natural gas and electricity, and the available sources of fuel, natural gas, and purchased power, including their impact on margins, working capital, and liquidity requirements;
- Changes in technology, particularly with respect to new, developing, or alternative sources of generation;
- Unusual weather and other natural phenomena, including related economic, operational, and/or other ancillary effects of any such events;
- The impact of unplanned facility outages;
- The financial performance of American Transmission Company and its corresponding contribution to our earnings;
- The timing and outcome of any audits, disputes, and other proceedings related to taxes;
- The effectiveness of risk management strategies, the use of financial and derivative instruments, and the related recovery of these costs from customers in rates;
- The effect of accounting pronouncements issued periodically by standard-setting bodies; and
- Other factors discussed in reports we file with the United States Securities and Exchange Commission. Except to the extent required by the federal securities laws, we undertake no

obligation to publicly update or revise any forward-looking statements, whether as a result of new information, future events, or otherwise. Disclosure of Full Forward-Looking Statements

50 Second Quarter 2014 Earnings Conference Call – August 7, 2014 integrys Additional Information and Where to Find It Additional Information and Where to Find It The proposed merger transaction involving Wisconsin Energy and Integrys will be submitted to the respective shareholders of Wisconsin Energy and Integrys for their consideration. In connection with the proposed merger transaction, Wisconsin Energy will prepare a registration statement on Form S-4 that will include a joint proxy statement/prospectus for the shareholders of Wisconsin Energy and Integrys to be filed with the Securities and Exchange Commission (the “SEC”), and each of Wisconsin Energy and Integrys will mail the joint proxy statement/prospectus to their respective shareholders and file other documents regarding the proposed merger transaction with the SEC. Integrys urges investors and shareholders to read the joint proxy statement/prospectus when it becomes available, as well as other documents filed with the SEC, because they will contain important information. Investors and security holders will be able to receive the registration statement containing the joint proxy statement/prospectus and other documents free of charge at the SEC’s website, <http://www.sec.gov>, from Wisconsin Energy at Corporate Secretary, 231 W. Michigan St., P.O. Box 1331, Milwaukee, WI 53201, or from Integrys at Integrys Energy Group, Inc., Investor Relations, 200 East Randolph Street, 23rd Floor, Chicago, IL 60601. Participants in Solicitation This communication is not a solicitation of a proxy from any investor or shareholder. Wisconsin Energy, Integrys and their respective directors and executive officers and other members of management and employees may be deemed to be participants in the solicitation of proxies from the respective shareholders of Wisconsin Energy and Integrys in favor of the proposed merger transaction. Information regarding the persons who may, under the rules of the SEC, be deemed participants in the solicitation of the respective shareholders of Wisconsin Energy and Integrys in connection with the proposed merger transaction will be set forth in the joint proxy statement/prospectus when it is filed with the SEC. You can find information about Wisconsin Energy’s executive officers and directors in its definitive proxy statement for its 2014 Annual Meeting of Stockholders, which was filed with the SEC on March 21, 2014. You can find more information about Integrys’ executive officers and directors in its definitive proxy statement for its 2014 Annual Meeting of Shareholders, which was filed with the SEC on March 27, 2014. You can obtain free copies of these documents from Wisconsin Energy and Integrys using the contact information above. Non-solicitation This communication shall not constitute an offer to sell or the solicitation of an offer to sell or the solicitation of an offer to buy any securities, nor shall there be any sale of securities in any jurisdiction in which such offer, solicitation or sale would be unlawful prior to registration or qualification under the securities laws of any such jurisdiction. No offer of securities shall be made except by means of a prospectus meeting the requirements of Section 10 of the Securities Act of 1933, as amended.
