PROXY STATEMENT

DYNATRONICS CORPORATION
7030 Park Centre Drive
Salt Lake City, Utah 84121

This Proxy Statement is furnished to you and other shareholders of Dynatronics Corporation, a Utah corporation (the "Company" or "Dynatronics"), pursuant to Regulation 14A under the Securities Exchange Act of 1934 in connection with the solicitation of proxies in the enclosed form for use in voting at the Annual Meeting of Shareholders and any adjournment thereof. The Annual Meeting is scheduled to be held at 4:00 p.m. on Tuesday, November 23, 2004, at the corporate headquarters of the Company located at 7030 Park Centre Drive, Salt Lake City, Utah.

Edgar Filing: DYNATRONICS CORP - Form DEF 14A

Solicitation of Proxies

The accompanying proxy is solicited by and on behalf of the Board of Directors of the Company in connection with the Annual Meeting to be held at Dynatronics Corporation, 7030 Park Centre Drive, Salt Lake City, Utah, on November 23, 2004, at 4:00 p.m., Mountain Standard Time, or any adjournment thereof. This Proxy Statement, the Notice of Annual Meeting, the accompanying form of proxy, and the Annual Report to Shareholders will be mailed on or about October 27, 2004 to shareholders of record as of October 4, 2004.

Dynatronics will pay the cost of preparing and disseminating this information. In addition to the solicitation of proxies by use of the mails, the directors, officers and employees of Dynatronics, without receiving additional compensation therefore, may solicit proxies personally or by telephone or facsimile. Arrangements will be made with brokerage firms and other custodians, nominees and fiduciaries for the forwarding of solicitation materials to the beneficial owners of the shares of common stock held by such persons, and Dynatronics will reimburse such brokerage firms, custodians, nominees and fiduciaries for reasonable out-of-pocket expenses incurred by them in connection therewith.

Each proxy executed and returned by a shareholder may be revoked at any time thereafter by written notice to the Company's Secretary prior to the Annual Meeting, by execution of a written proxy bearing a later date, or by attending the Annual Meeting and voting in person. No such revocation will be effective, however, with respect to any matter or matters upon which, prior to such revocation, a vote shall have been cast pursuant to the authority conferred by such proxy.

Voting

The matters to be considered and voted upon at the Annual Meeting will be:

1. Election of six directors to serve until the next Annual Meeting of Shareholders and thereafter until their successors are elected and qualified;
2. Ratification of the selection of Tanner + Co. as the independent public accountants of Dynatronics for the fiscal year ending June 30, 2005; and
3. Such other business as may properly come before the Annual Meeting and at any adjournment thereof.

It is important that you act promptly to vote, sign, date, and return the enclosed proxy in the enclosed self-addressed envelope. Where instructions are indicated, proxies will be voted in accordance with the instructions indicated therein. If no instructions are indicated, proxies will be voted "FOR" the election of each of the six nominees for director, "FOR" the ratification of the appointment of Tanner + Co. as the independent public accountants of Dynatronics for the fiscal year ending June 30, 2005, and, in the discretion of the proxy holder, as to any other matters that may properly come before the Annual Meeting.

The Board of Directors has fixed the close of business on October 4, 2004 as the "Record Date" for determining shareholders entitled to receive notice of and to vote at the Annual Meeting. At the close of business on the

Edgar Filing: DYNATRONICS CORP - Form DEF 14A

Record Date, there were 8,958,938 shares of the Company's common stock, no par value, issued and outstanding, each such share entitled to one vote. Shareholders will not be allowed to cumulate their shares. A quorum of shareholders, present in person or by proxy, consists of the holders of a majority of the outstanding shares as of the Record Date for purposes of conducting any business at the Annual Meeting. Abstentions and broker non-votes will be counted as "represented" for the purpose of determining the presence or absence of a quorum, but will not be counted for any other purpose. Under Utah law, once a quorum is established, shareholder approval with respect to a particular proposal is generally obtained when the votes cast in favor of the proposal exceed the votes cast against the proposal.

PROPOSAL 1 - ELECTION OF DIRECTORS

Directors are elected at each Annual Meeting of the Shareholders and hold office until the next Annual Meeting when their respective successors are duly elected and qualified. The persons named in the enclosed proxy intend to vote for the election of the six nominees listed below, unless instructions to the contrary are given in the proxy. All of the nominees are currently directors. The six nominees have indicated that they are able and willing to continue to serve as directors. The Board of Directors has no reason to believe that any nominee named herein will be unable or unwilling to serve. However, if some unexpected occurrence should require the substitution of some other person or persons for any one or more of the nominees, the proxy holder will vote for such nominee or nominees as the Board of Directors may select. The affirmative vote of a plurality of votes cast at the Annual Meeting is required to elect each nominee.

Mr. Kelvyn H. Cullimore, one of seven current directors of the Company, will not stand for re-election to the Board at the Annual Meeting due to his upcoming leave of absence from the Company scheduled to commence in January 2005. At the Annual Shareholder Meeting, the total number of directors of the Company will be reduced from seven to six.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE "FOR" EACH NOMINEE.

The nominees are: Kelvyn H. Cullimore Jr., Larry K. Beardall, E. Keith Hansen, Howard L. Edwards, Val J. Christensen and Joseph H. Barton.

Directors hold office until the next Annual Meeting of Shareholders and until their successors have been elected or appointed and duly qualified. Executive officers are appointed by the Board of Directors at the first meeting after each Annual Meeting of Shareholders and hold office until their successors are elected or appointed and duly qualified. Vacancies on the Board which are created by the retirement, resignation or removal of a director may be filled by the vote of the remaining members of the Board, with such new director serving the remainder of the term or until his successor shall be elected and qualify. Mr. Kelvyn H. Cullimore, a current board member, will commence a leave of absence from the Company in January, 2005. Effective the date of the Annual Meeting, the number of directors constituting the full board will be reduced from seven to six, pursuant to action of the Board of Directors. The Board of Directors in its discretion may subsequently choose to increase the number of directors pursuant to the Company's Bylaws, and appoint a successor to Mr. Cullimore. At this time, however, the Board has not identified a successor to

Edgar Filing: DYNATRONICS CORP - Form DEF 14A

Mr. Cullimore and there are no immediate plans to name a successor.

Independence of the Board

The Board of Directors has determined, after considering all of the relevant facts and circumstances, that each of Mr. Hansen, Mr. Edwards, Mr. Christensen and Mr. Barton is an "independent director" within the meaning of the Nasdaq Marketplace Rules. This means that the Board has determined that none of those directors (1) is an officer or employee of the Company or its subsidiaries or (2) has any direct or indirect relationship with the Company that would interfere with the exercise of his independent judgment in carrying out the responsibilities of a director. As a result, the Board of Directors has determined that the Company has a majority of independent directors as required by the Nasdaq Marketplace Rules.

Committees of the Board of Directors

The Board of Directors has two standing committees: the Compensation Committee and the Audit Committee. The Board does not have a standing nominating committee or other committee that recommends qualified candidates to the Board of Directors for nomination or election as directors. For further information on director nominations, see "Director Nominations" below.

The Compensation Committee reviews and approves compensation matters for executive officers and has oversight responsibility for all benefit plans, including the Company's stock option plan. Members of the Compensation Committee are: Val J. Christensen (committee chairman), Dr. E. Keith Hansen, Howard L. Edwards, and Joseph H. Barton. The Board of Directors has determined that each member of the Compensation Committee is an "independent director" under the Nasdaq Marketplace Rules. The Compensation Committee held two meetings during the fiscal year ended June 30, 2004.

The Audit Committee, which has been established in accordance with requirements of Section 3(a)(58)(A) of the Securities Exchange Act of 1934, is comprised of: Howard L. Edwards (committee chairman), Joseph H. Barton and Val J. Christensen. The Board of Directors has determined that each member of the Audit Committee is an "independent director" and meets the financial literacy requirements of the Nasdaq Marketplace Rules, that each member of the Audit Committee meets the enhanced independence standards established by the Securities and Exchange Commission ("SEC") and that Mr. Edwards qualifies as an "audit committee financial expert" as that term is defined in the rules and regulations established by the SEC. The Audit Committee held four meetings during fiscal year 2004. According to its charter as adopted by the Board of Directors, the functions of the Audit Committee include (1) reviewing and approving the selection of, and all services performed by, the independent auditors, (2) reviewing and evaluating the Company's internal controls, and (3) reviewing and reporting to the Board of Directors with respect to the scope of audit procedures, accounting practices and internal accounting and financial controls of the Company.

Meetings of the Board of Directors

There were six regular meetings of the Board of Directors held during the fiscal year ended June 30, 2004. No director attended fewer than 75% of the aggregate of all meetings of the Board of Directors during the fiscal year and all meetings held by committees of the Board of Directors on which such Director

Edgar Filing: DYNATRONICS CORP - Form DEF 14A

served.

Although the Board of Directors does not have a formal policy regarding director attendance at annual meetings, the Board encourages the attendance of all directors and director nominees at each annual meeting and historically more than a majority have done so.

Executive Sessions of Independent Directors

The Board holds regularly scheduled executive sessions of its independent directors. Mr. Christensen will preside at these meetings as lead independent director. If Mr. Christensen is unable to participate, another non-management director designated by the remaining non-management directors will preside at these meetings.

Communications with the Board of Directors

Shareholders may communicate with the Board of Directors by writing to the Board in care of the Company's Secretary, Dynatronics Corporation, 7030 Park Centre Drive, Salt Lake City, Utah 84121. The Secretary will forward the communication to the director or directors to whom it is addressed, except for communications that are (1) advertisements or promotional communications, (2) solely related to complaints with respect to ordinary course of business customer service and satisfaction issues or (3) clearly unrelated to the Company's business, industry, management or Board or committee matters.

Code of Conduct and Ethics

The Company has established a Code of Business Ethics that applies to its officers, directors and employees. The Code of Business Ethics contains general guidelines for conducting the business of the Company consistent with the highest standards of business ethics, and is intended to qualify as a "code of ethics" within the meaning of Section 406 of the Sarbanes-Oxley Act of 2002 and the rules promulgated thereunder and as a "code of business conduct and ethics" within the meaning of the Nasdaq Marketplace Rules. The Code of Business Ethics is available on the Company's website at www.dynatronics.com. A copy may also be obtained from the Corporate Secretary at Dynatronics Corporation, 7030 Park Centre Drive, Salt Lake City, Utah 84121.

Director Nominations

The Board of Directors does not have a nominating committee or other committee that recommends qualified candidates to the Board for nomination or election as directors. The Board of Directors believes that, because of the Company's size and the Board's relatively small size and because of the historically few and infrequent vacancies on the Board, it is in the best interest of the Company to permit all of the independent directors to fully participate in the director nomination process. The Board of Directors has adopted a nominations process that provides that the Company's independent directors (as defined under the Nasdaq Marketplace Rules), acting by a majority vote, are authorized to recommend individuals to the Board of Directors for the Board's selection as director nominees.

The independent directors are responsible for reviewing and interviewing qualified candidates to serve on the Board of Directors, for making recommendations to the full Board for nominations to fill vacancies on the Board and for selecting the management nominees for the directors to be elected by the Company's shareholders at each annual meeting.

Director Qualifications

The independent directors have established certain criteria they

Edgar Filing: DYNATRONICS CORP - Form DEF 14A

consider as guidelines in considering nominations to the Board of Directors. The criteria include: (a) personal characteristics, including such matters as integrity, age, education, diversity of background and experience, absence of potential conflicts of interest with the Company or its operations, and the availability and willingness to devote sufficient time to the duties of a

6

director of the Company; (b) experience in corporate management, such as serving as an officer or former officer of a publicly held company; (c) experience in the Company's industry and with relevant social policy concerns; (d) experience as a board member of another publicly held company; (e) academic expertise in an area of the Company's operations; and (f) practical and mature business judgment. The criteria are not exhaustive and the independent directors and the full Board of Directors may consider other qualifications and attributes they believe are appropriate in evaluating the ability of an individual to serve as a member of the Board of Directors. The independent directors seek to assemble a Board of Directors that brings to the Company a variety of perspectives and skills derived from high-quality business and professional experience.

Identification and Evaluation of Nominees

The independent directors may use multiple sources for identifying and evaluating nominees for directors, including referrals from the Company's current directors and management as well as input from third parties, including executive search firms retained by the Board. The independent directors will obtain background information about candidates, which may include information from directors' and officers' questionnaires and background and reference checks, and will then interview qualified candidates. The Company's other directors will also have an opportunity to meet and interview qualified candidates. The independent directors will then determine, based on the background information and the information obtained in the interviews, whether to recommend to the Board of Directors that a candidate be nominated to the Board.

Shareholder Nominations

The independent directors may from time to time consider qualified nominees recommended by shareholders, who may submit recommendations to the independent directors through a written notice as described under "Shareholder Proposals" below. Nominees for director who are recommended by shareholders will be evaluated in the same manner as any other nominee for director.

Remuneration of Directors

Directors who are otherwise employed by and receive remuneration as officers of the Company, are paid \$100 per meeting for attendance at regular and special director's meetings. Outside directors are paid an annual director's fee of \$3,600. In addition, Dynatronics pays all expenses incurred by directors in connection with attendance at Board and committee meetings.

Each outside director also participates in an annual bonus program. The full annual bonus per director is an amount equal to one percent of the Company's pre-tax profits. A total of \$53,508 was paid to the outside directors under this plan for the fiscal year ended June 30, 2004.

Each outside director also receives a 3,000-share stock option grant each year for service on the Compensation Committee. The exercise price of the options granted to these directors in 2004 was \$1.70.

Compliance with Section 16(a) of the Securities Exchange Act of 1934

Edgar Filing: DYNATRONICS CORP - Form DEF 14A

Section 16(a) of the Securities Exchange Act of 1934, as amended, requires the executive officers and directors, and persons who own more than 10% of a registered class of the Company's equity securities ("Reporting Persons") to file initial reports of ownership and to report changes in ownership in reports filed with the Securities and Exchange Commission. Reporting Persons are required by regulation of the Securities and Exchange Commission to furnish Dynatronics with copies of all Section 16(a) forms they file.

Based solely on review of the copies of such forms furnished to Dynatronics during and with respect to the fiscal year ended June 30, 2004, Dynatronics believes that during fiscal year 2004 all Section 16(a) filings applicable to these Reporting Persons were timely filed with the exception a late Form 3 filing for Robert Cardon.

(1) Dynatronics provides automobiles or vehicle allowances for certain executive officers and pays all vehicle operating expenses. Dynatronics also provides life insurance for its officers, and Company matches of employee contributions to 401(k) retirement plans. The amount of this column includes the approximate value of these benefits to the Named Executive Officer.

Edgar Filing: DYNATRONICS CORP - Form DEF 14A

(2) 2003 was the first full year of employment with the Company for Mr. Hatch.

During the year ended June 30, 2004, Dynatronics made no awards under any long-term incentive plan. Dynatronics has never granted stock appreciation rights.

Employment Contracts

Dynatronics has entered into written employment contracts with two executive officers, Kelvyn H. Cullimore, Jr., President and Chief Executive Officer, and Larry K. Beardall, Executive Vice President. The initial terms of these contracts ran through the end of fiscal year 2003. Both contracts renewed automatically for additional terms of two years, subject to the right of either party to terminate the agreements upon 90 days notice made prior to the last day of the renewal term. Additional contract extensions would extend each contract for up to an additional ten years (five renewal terms of two years each). The compensation package under each contract includes an auto allowance, an annual bonus based on pre-tax operating profit (at rates established by the Compensation Committee), and stock options granted under the Company's 1992 Stock Option Plan, as amended and restated. Each officer also participates in the salary continuation plan and receives other welfare and employee benefits that are standard in such agreements, including, by way of example, health insurance and disability coverage, paid vacation and Company-paid life insurance. The contracts also contain a provision granting the executives certain rights and protections in the event of a change in control. Among other things, the change of control provision of the contracts provide for severance payments to the executives if their employment is discontinued as a result of the change of control of Dynatronics.

The employment contracts described above terminate upon the death or disability of the executive or termination of employment for cause. The contracts also contain covenants of the executives that, during the term of their employment and continuing for a specified period after the termination of their employment for any reason, with or without cause, they will not compete with Dynatronics or make use of or disclose confidential information of Dynatronics.

Bonus Plan

Dynatronics maintains a discretionary incentive bonus plan administered by the Compensation Committee. Pursuant to the plan, the Compensation Committee granted incentive cash bonuses to certain officers and employees during the year ended June 30, 2004. The total amount of bonuses paid for fiscal year 2004 was \$440,255, of which \$240,776 was paid to Named Executive Officers as a group. The individual bonus amounts are included under the "Bonus" heading in the Summary Compensation Table.

Salary Continuation Plan

During fiscal year 1988, the Board of Directors adopted a salary continuation agreement for certain Named Executive Officers. This agreement provides for a pre-retirement benefit to be paid to the officer's designated beneficiary in the event he dies before reaching age 65 and a retirement benefit to be paid upon reaching age 65. The pre-retirement benefit provides for payment of 50% of the officer's compensation at the time of death up to \$75,000 annually for a period of 15 years, or until the officer would have reached age 65, whichever is longer. The retirement benefit provides the officer \$75,000 annually for a period of 15 years. Presently, Kelvyn H. Cullimore, Jr. and Larry K. Beardall are covered under this plan.

Edgar Filing: DYNATRONICS CORP - Form DEF 14A

Funding for obligations arising in connection with the salary continuation agreement is provided by life insurance policies on the participating officers, of which Dynatronics is the owner and beneficiary. The face amounts of the policies have been determined so that sufficient cash values and death benefits under the policies will meet the obligations as they occur. In fiscal year 2004, Dynatronics expensed \$15,848 relating to salary continuation obligations under the salary continuation agreement.

401(k) Plan

Dynatronics has adopted a 401(k) Plan. Employees who are at least age 20 and have completed at least six months of service with the Company are eligible to participate in the 401(k) Plan.

Eligible employees may make contributions to the 401(k) Plan in the form of salary deferrals of up to 20% of total compensation, not to exceed \$13,000, the maximum allowable amount of salary deferrals for calendar 2003. Dynatronics matches annual employee contributions at 25% of employee contributions, up to a maximum of \$500 per employee per year.

Participants under the 401(k) Plan are fully vested in their salary deferral contributions and vest 20% per year after two years of participation in matching contributions by the Company. Amounts deferred by Named Executive Officers under the 401(k) Plan are included under "Salary" in the Summary Compensation Table. Matching contributions for each Named Executive Officer are included in the "Other Compensation" column in the table above.

Stock Options Exercised and Outstanding

The following table contains certain information, including the fiscal year-end value of unexercised stock options, held by the Named Executive Officers as of June 30, 2004.

common stock on June 30, 2004. The closing bid price of the common stock on June 30, 2004, the last trading date in the Company's fiscal year, as reported by NASDAQ, was \$2.22 per share. The exercise prices for the options listed above range between \$.78 and \$1.13 per share.

Amended and Restated Stock Option Plan of 1992

The following summary describes the material features of the Amended and Restated Stock Option Plan of 1992 (the "Plan"). The Plan contains two optional forms of awards that may be used at the sole discretion of the Compensation Committee (the "Committee"). Incentive awards under the Plan may take the form of stock options that may be incentive stock options ("ISOs") intended to qualify for special tax treatment or non-qualified stock options ("NSOs").

The Committee will determine the eligible participants who will be granted incentive awards, determine the amount and type of award, determine the terms and conditions of awards, construe and interpret the Plan, and make all other determinations with respect to the Plan, to the extent permitted by applicable law. Options may be granted under the Plan to directors, officers and employees of the Company, and to other key individuals such as consultants and non-employee agents to the Company who the Committee believes have made or will make an essential contribution to the Company; provided, however, that Incentive Stock Options may only be granted to employees.

The original term of the Plan was ten years from its effective date of August 18, 1992; the Board of Directors extended the term of the Plan on September 18, 2001 to expire September 18, 2011. The shareholders approved the amendment and extension of the Plan on November 20, 2001. Notwithstanding the extension of the Plan termination date, no option granted under the Plan, regardless of when granted, may be exercised more than ten years from the date of grant.

The Committee may grant ISOs and NSOs to eligible participants, subject to the terms and conditions of the Plan.

At the time an option is exercised, shares of Common Stock may be purchased using (1) cash; (2) shares of the Company's common stock owned by the optionee for at least one year; (3) a "cashless exercise" procedure (whereby a broker sells the shares or holds them as collateral for a margin loan, delivers the option price to the Company, and delivers the remaining sale or loan proceeds to the optionee); or (4) any combination of the foregoing or any other method of payment which the Committee may allow.

At June 30, 2004, there were approximately 1.7 million shares of the Company's common stock reserved for issuance under the Plan. As of the Record Date, options to purchase an aggregate of 723,884 shares were outstanding and 947,316 shares were available for future grant.

REPORT OF THE DYNATRONICS
BOARD OF DIRECTORS
COMPENSATION COMMITTEE

The Compensation Committee of the Board of Directors of the Company determines the Company's executive compensation policies. The Committee is comprised of four independent non-employee Directors. After evaluating the

Edgar Filing: DYNATRONICS CORP - Form DEF 14A

performance of the Company and its executive officers, the Committee recommends compensation programs and salary levels to the entire Board of Directors for approval. Set forth below is the report submitted by the Committee addressing the Company's compensation policies for the fiscal year ended June 30, 2004 as they affected the executive officers of the Company. Employment Contracts for the Company's Chief Executive Officer and President and for the Executive Vice President of the Company were approved by the Compensation Committee. The Compensation Committee approved the extension of those contracts in August 2003.

Compensation Philosophy

The goal of the Company is to be a significant provider of quality products in the markets it serves. To support this and other strategic objectives as approved by the Board of Directors and to provide adequate returns to shareholders, the Company must compete for, attract, develop, motivate and retain top quality executive management.

In designing and administering the executive compensation program, the Committee strives to balance short and long term incentive objectives and use prudent judgment in establishing performance criteria, evaluating performance and determining actual incentive awards. The Committee believes that stock ownership by executive officers is beneficial in aligning the common interests of management and shareholders to enhance shareholder value.

Compensation of Chief Executive Officer

In addition to the factors mentioned above, the Committee's general approach in setting Mr. Cullimore's annual compensation is to seek to be competitive with other companies in the Company's industry and to reward Mr. Cullimore's strategic management abilities in directing the Company's expansion efforts and its development exploitation of new markets and new business opportunities.

REPORT OF THE DYNATRONICS BOARD OF DIRECTORS AUDIT COMMITTEE

The Audit Committee has prepared this report of its activities for the year ended June 30, 2004. This report shall not be deemed incorporated by reference by any general statement incorporating this Proxy Statement into any other filing under the Securities Act of 1933 or under the Securities Exchange Act of 1934, except to the extent Dynatronics specifically incorporates this information by reference, and shall not otherwise be deemed filed under such statutes.

The Audit Committee is composed entirely of independent directors, and operates under a written charter adopted by the Board of Directors. The Audit Committee assists the Board of Directors in fulfilling their responsibility to shareholders, potential shareholders and the investment community relating to accounting and financial reporting practices.

The Audit Committee meets with management periodically to consider the adequacy of the Company's internal controls and the objectivity of its financial reporting. The Audit Committee discusses these matters with the independent auditors and with appropriate financial personnel.

As needed, the Audit Committee meets privately with both the independent auditors and the appropriate financial personnel, each of whom has unrestricted access to the members of the Audit Committee. The Audit Committee also selects and appoints the independent auditors and reviews periodically the auditors' performance and independence from management as well as the compensation paid to the auditors for services provided to the Company.

All members of the Audit Committee are "independent" for purposes of Rule 4200(a)(15) of The National Association of Securities Dealers' listing standards and applicable Marketplace Rules. That is, the Board of Directors has determined that none of the members of the Audit Committee has a relationship to Dynatronics that may interfere with their independence from Dynatronics and its management.

Management has primary responsibility for the Company's financial statements and the overall reporting process, including the Company's system of internal controls. The independent auditors audit the annual financial statements prepared by management, express an opinion as to whether those financial statements fairly present the financial position, results of operations and cash flows of Dynatronics in conformity with accounting principles generally accepted in the United States of America and discuss with us any issues they believe should be raised with the Committee.

For the fiscal year ended June 30, 2004, the Audit Committee reviewed the audited financial statements and met with both management and Tanner + Co., the independent auditors for fiscal year 2004, to discuss those financial statements. Management has represented to us that the financial statements were prepared in accordance with accounting standards generally accepted in the United States of America.

In discharging the Committee's oversight responsibility for the audit process, we have discussed with Tanner + Co. the matters required to be discussed by SAS 61 (Communications with Audit Committees). SAS 61 requires the Company's Independent Auditors to provide the Committee with additional information regarding the scope and results of their audit of the Company's financial statements, including with respect to (i) their responsibilities under generally accepted auditing standards, (ii) significant accounting policies, (iii) management judgments and estimates, (iv) any significant accounting adjustments, (v) any disagreements with management and (vi) any difficulties encountered in performing the audit.

The Committee has obtained from Tanner + Co. a letter providing the disclosures required by Independence Standards Board Standard No. 1 (Independence Discussion with Audit Committees) with respect to any relationship between Tanner + Co. and the Company which in their professional judgment may reasonably be thought to bear on independence. Tanner + Co. discussed its independence with the Committee, and has confirmed in its letter to the Committee that, in its professional judgment, it is independent of the Company within the meaning of the United States securities laws.

Based on these reviews and discussions, we recommended to the Board of Directors that Dynatronics' audited consolidated financial statements be

Edgar Filing: DYNATRONICS CORP - Form DEF 14A

included in the Company's Annual Report on Form 10-KSB for the fiscal year ended June 30, 2004.

The firm of Tanner + Co. served as independent public accountants for the Company during the year ended June 30, 2004. The firm of KPMG LLP served as independent public accountants for the Company during the year ended June 30, 2003. During the Company's fiscal years ended June 30, 2004 and 2003, there were no disagreements between the Company and its independent accountants on any accounting principles or practices, financial statement disclosure or auditing scope or procedure, which, if not resolved to the satisfaction of the independent accountants, would have caused them to make reference to the subject matter of the disagreement in connection with its report. None of the "reportable events" described in Item 304(a)(1)(v) of Regulation S-K have occurred during the fiscal years ended June 30, 2004 and June 30, 2003.

We did not consult with any independent accountants not formally engaged by the Company during fiscal years ended June 30, 2004 or 2003, on any matter which was the subject of any disagreement or any reportable event or on the application of accounting principles to a specified transaction, either completed or proposed.

PROPOSAL 2 - RATIFICATION OF SELECTION OF AUDITORS

The Audit Committee of the Board has selected the firm Tanner + Co. to serve as the Company's independent public accountants for the fiscal year ending June 30, 2005. The shareholders have been asked to ratify this appointment. If the shareholders fail to ratify the selection, the Audit Committee will reconsider its decision. Even if the selection is ratified, the Audit Committee, in its discretion, may direct the appointment of a different independent accounting firm at any time during the year if the Audit Committee feels that such a change would be in the Company's and its shareholders' best interests.

Representatives of Tanner + Co. will be present at the Annual Meeting, will have the opportunity to make a statement if they desire to do so, and will be available to respond to appropriate questions.

Financial Information Systems Design and Implementation Fees

The Company did not engage its Independent Auditors to provide any professional services in connection with (i) operating or supervising the operation of its information system or managing its local area network or (ii) designing or implementing a hardware or software system that aggregates source data underlying the financial statements or generates information that is significant to the Company's financial statements taken as a whole.

No amounts were paid to Tanner + Co. for any other matters in fiscal year 2003. The Company did not engage KPMG LLP on any matters not otherwise included in the above categories in either fiscal year 2004 or 2003.

The Audit Committee has advised the Company that it has determined that the non-audit services rendered by its Independent Auditors during its most recent fiscal year are compatible with maintaining their independence.

15

Audit Committee Policy Regarding Pre-Approval of Audit and Permissible Non-Audit Services of the Company's Independent Auditors

The Audit Committee has established a policy that all audit and permissible non-audit services provided by the independent auditors will be pre-approved by the Audit Committee. These services may include audit services, audit-related services, tax services and other services. The Audit Committee considers whether the provision of each non-audit service is compatible with maintaining the independence of the Company's auditors. Pre-approval is detailed as to the particular service or category of services and is generally subject to a specific budget. The independent auditors and management are required to periodically report to the Audit Committee regarding the extent of services provided by the independent auditors in accordance with this pre-approval, and the fees for the services performed to date.

THE BOARD RECOMMENDS THAT THE SHAREHOLDERS VOTE "FOR" PROPOSAL #2
RATIFYING THE SELECTION OF TANNER + CO. AS AUDITORS
FOR DYNATRONICS FOR THE FISCAL YEAR ENDING JUNE 30, 2005.

Change in Principal Accountant

Effective October 10, 2003, the Audit Committee approved the dismissal of the Company's independent accountants, KPMG LLP ("KPMG"), and the appointment of Tanner + Co. as the Company's independent accountants for the fiscal year ending June 30, 2004. The reports of KPMG for the two prior fiscal years

Edgar Filing: DYNATRONICS CORP - Form DEF 14A

contained no adverse opinions, disclaimer of opinion or qualification or modification as to uncertainty, audit scope or accounting principles except for the following change in accounting principles:

KPMG's report on the financial statements of the Company as of and for the years ended June 30, 2003 and 2002 contained a separate paragraph stating that "the Company adopted the provisions of the Financial Accounting Standards Board's Statement of Financial Accounting Standards No. 142, Goodwill and Other Intangible Assets, in 2003."

During the Company's fiscal years ended June 30, 2002 and 2003, and the subsequent interim period through October 10, 2003, there were no disagreements between the Company and KPMG on any accounting principles or practices, financial statement disclosure or auditing scope or procedure, which, if not resolved to the satisfaction of KPMG, would have caused them to make reference to the subject matter of the disagreement in connection with its report.

The Company did not consult with Tanner + Co. during the Company's fiscal years ended June 30, 2002 or 2003, or the subsequent interim period through October 10, 2003, on any matter which was the subject of any disagreement or any reportable event or on the application of accounting principles to a specified transaction, either completed or proposed.

OTHER MATTERS

The Board of Directors knows of no other matters to be presented at the Annual Meeting. If, however, any further business should properly come before the Annual Meeting, the persons named as proxies in the accompanying form will vote on such business in accordance with their best judgment.

SHAREHOLDER PROPOSALS

Regulations adopted by the Securities and Exchange Commission require that shareholder proposals must be furnished to Dynatronics a reasonable time in advance of the meeting at which the action is proposed to be taken. Shareholder proposals intended to be presented at next year's 2005 Annual Meeting of the Shareholders must be received by Dynatronics at its corporate headquarters on or before June 25, 2005, in order to be included in the Proxy Statement and Form of Proxy relating to that meeting. Receipt of a shareholder proposal does not necessarily guarantee that the proposal will be included in the proxy. If a shareholder intends to propose any matter for a vote at the Annual Meeting of Shareholders to be held in 2005, but fails to notify Dynatronics of such intention prior to the date indicated above, then a proxy solicited by the Board of Directors may be voted on such matter in the discretion of the proxy holder, without discussion of the matter in the proxy statement soliciting such proxy and without such matter appearing as a separate item on the proxy card.

16

ADDITIONAL INFORMATION

Dynatronics will provide, without charge, to each shareholder to whom this Proxy Statement is delivered, upon written or oral request, a copy of the Company's annual report on Form 10-KSB for the year ended June 30, 2004, including the financial statements and schedules thereto, as filed with the Securities and Exchange Commission. The requested document will be sent by first class mail or other equally prompt means. Written or oral requests for such information should be directed to Mr. Bob Cardon, Secretary/Treasurer, Dynatronics Corporation, 7030 Park Centre Drive, Salt Lake City, UT 84121.
