**VULCAN INTERNATIONAL CORPORATION**  
**NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS**  
**UNAUDITED**

The accompanying condensed consolidated financial statements reflect all adjustments that are, in the opinion of management, necessary to reflect a fair presentation of financial position, results of operations and cash flows for the interim periods. All such adjustments are of a normal recurring nature.

### USE OF ESTIMATES

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

### MARKETABLE SECURITIES

The Company's investments in marketable securities have been classified as available-for-sale securities and reported at their fair value as determined by quoted market prices as follows:

	<u>Cost</u>	Gross Unrealized <u>Gains</u>	Gross Unrealized <u>Losses</u>	Fair <u>Value</u>
March 31, 2005				
Current	\$ 2,863,738	11,041,279	20,926	13,884,091
Long-term	3,288,803	53,219,920	-	56,508,723
	\$ 6,152,541	64,261,199	20,926	70,392,814
December 31, 2004				
Current	\$ 2,863,738	11,413,061	9,655	14,267,144
Long-term	3,288,803	59,106,699	-	62,395,502
	\$ 6,152,541	70,519,760	9,655	76,662,646

During the quarter ended March 31, 2005, the Company reclassified one of its marketable securities from current assets to long-term assets based on management's intent to hold that security on a long-term basis. Marketable securities and related deferred income taxes, at December 31, 2004 have been reclassified to conform to the current year presentation.

EARNINGS PER COMMON SHARE

Basic earnings per share is calculated by dividing net income by the weighted average number of common shares outstanding during the period. Diluted earnings per share is adjusted for the dilutive effects of stock options. The diluted average number of common shares outstanding has been increased for the assumed exercise of stock options with proceeds used to purchase treasury shares at the average market price for the period. The computations were as follows for the three months ended March 31:

	<u>2005</u>	<u>2004</u>
Net income from continuing operations	\$ 241,152	478,262

**INCOME TAX**

The Company is classified as a Personal Holding Company ("PHC") under Internal Revenue Service regulations. The Company has accrued approximately \$49,000 of PHC tax for the quarter ended March 31, 2005. The Company was not liable for PHC tax in 2004. The tax benefit in 2005 and 2004 differs from the statutory rates primarily due to the dividends received deduction.

**LEGAL MATTERS**

CCBA reached a settlement of its real estate tax assessment in May, 2004. CCBA had recorded a liability of approximately \$145,500 related to this issue based on the value asserted by the local school board. CCBA agreed to pay \$15,500 in connection with the settlement. The reversal of this liability resulted in recognition of approximately \$130,000 of income in 2004 and is reported as an offset to operating expenses in the condensed statement of income.

The Company is involved in other litigation matters and claims which are normal in the course of operations. Management believes that the resolution of these matters will not have a material effect on the Company's business or financial condition.

DISCONTINUED OPERATIONS

Brunswick Bowling & Billiards Corporation purchased the Company's 50% interest in its Joint Venture for \$2,000,000 and also purchased the Company's bowling pin business for approximately \$720,000. The Company recognized a gain on these transactions of approximately \$2,172,000 during the first quarter 2004. The gain has been reported as a gain on sale of discontinued operations in 2004 net of tax of approximately \$630,000.

Net sales and income from discontinued operations for the three months ended March 31, 2004 are as follows:

Net sales	\$ 391,546

**STOCK OPTIONS**

Options to purchase 50,000 shares of treasury stock, that were modified in 2003 to provide an exercise price of \$33.20 per share, were granted to the President of the Company in 2001 and will expire in 2008. The closing price of the stock at March 31, 2005 was \$47.40, resulting in additional compensation expense of \$12,500 related to these stock options during the first quarter of 2005 as compared to \$42,500 in 2004. No options were exercised under this grant in 2004 or 2005.

The Company applies APB No. 25 and related interpretations in accounting for stock options. Had compensation expense for the stock option been determined based on the fair value at the grant or modification dates in accordance with SFAS No. 123, the Company's net income and earnings per share would have been adjusted to the pro forma amounts as follows:

	Three months ended

**REVIEW BY INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM**

The condensed consolidated financial statements at March 31, 2005, and for the three month period then ended have been reviewed, prior to filing, by the Registrant's independent registered public accounting firm, J.D. Cloud & Co. L.L.P., whose report covering their review of the financial statements is included in this report.

**REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM**

To the Board of Directors

Vulcan International Corporation

Wilmington, Delaware

We have reviewed the accompanying condensed consolidated balance sheet of Vulcan International Corporation and subsidiaries as of March 31, 2005, and the related condensed consolidated statements of income and cash flows for the three month periods ended March 31, 2005 and 2004. These financial statements are the responsibility of the Company's management.

We conducted our review in accordance with the standards of the Public Company Accounting Oversight Board (United States). A review of interim financial information consists principally of applying analytical procedures to financial data and making inquiries of persons responsible for financial and accounting matters. It is substantially less in scope than an audit conducted in accordance with the standards of the Public Company Accounting Oversight Board (United States), the objective of which is the expression of an opinion regarding the financial statements taken as a whole. Accordingly, we do not express such an opinion.

Based on our review, we are not aware of any material modifications that should be made to the accompanying condensed consolidated financial statements for them to be in conformity with U.S. generally accepted accounting principles.

We previously audited, in accordance with the standards of the Public Company Accounting Oversight Board (United States), the consolidated balance sheet of Vulcan International Corporation and subsidiaries as of December 31, 2004, and the related consolidated statements of income, shareholders' equity, and cash flows for the year then ended (not presented herein); and in our report dated February 18, 2005, we expressed an unqualified opinion on those consolidated financial statements. In our opinion, the information set forth in the accompanying condensed

consolidated balance sheet as of December 31, 2004, is fairly stated, in all material respects, in relation to the consolidated balance sheet from which it has been derived.

## **PART I - FINANCIAL INFORMATION**

**(Continued)**

### **Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations.**

Net sales revenue of the Rubber and Foam Products for the three months ended March 31, 2005, decreased \$1,298,006 or 54.0% over the corresponding period in 2004. Cost of sales decreased \$888,008 or 44.8% and operating expenses decreased \$13,613 or 4.2% during the three months ended March 31, 2005 compared to the corresponding three month period in 2004. The decreases were mainly due to the continued falloff in sales of uncured, custom-mix rubber in shoe manufacturers for use in military footwear, primarily from the continued reduced purchases by the U.S. Defense Department from such manufacturers. These changes in the Company's Rubber and Foam segment resulted in an increased loss in that segment.

Net sales revenue in Real Estate Operations increased \$38,043 or 36.3% primarily due to the acquisition of a building in 2005. The operating profit (before taxes) in the Real Estate Operations decreased from \$114,477 in 2004 to \$106,249 in 2005. The settlement of the real estate tax assessment resulted in income of \$130,000 in 2004. Operating expenses increased in 2005 due to the additional startup cost with the purchase of the building on January 18, 2005 in downtown Cincinnati.

General and administrative expenses increased \$16,906 or 3.8% in the three months ended March 31, 2005 as compared to the corresponding period in 2004. The increase is due to increases in overall expenses.

Interest expense for the three months ended March 31, 2005 increased \$8,878. The increase is primarily due to increasing interest rates and an increase in short term borrowing.

Net gains on the sales of assets, excluding timber sales were \$27,521 for the three months ended March 31, 2005, as compared to \$192,495 for the corresponding period in 2004. Gains in 2005 and 2004 were primarily the result of the sale of option contracts and marketable securities. Timber sales were \$151,932 in 2005 and \$133,491 in 2004.

Income from discontinued operations, net of income taxes, for the three months ended March 31 2004, was \$38,086, as compared to \$0 in 2005. Included in income from discontinued operations for the three months ended March 31, 2004, is an after-tax gain of \$1,542,852 on the sale of the bowling pin division.
