PROXY STATEMENT

FOR

ANNUAL MEETING OF SHAREHOLDERS

May 16, 2019

INTRODUCTION

This proxy statement is furnished in connection with the solicitation of proxies for use at the 2019 Annual Meeting of Shareholders (the “Meeting”) of American River Bankshares (the “Company”) to be held on Thursday, May 16, 2019, at 4:00 p.m. Pacific Time, at the Sacramento Marriott Rancho Cordova, Folsom Room, 112111 Point East Drive, Rancho Cordova, CA for the following purposes and at any and all postponements or adjournments thereof. Only shareholders of record on March 25, 2019 (the “Record Date”) will be entitled to notice of the Meeting and to vote at the Meeting. At the close of business on the Record Date, the Company had outstanding and entitled to be voted 5,887,962 of the Company’s no par value common stock. Directions to the Meeting can be found later in this proxy statement. This proxy statement together with our Annual Report for 2018 will be mailed to shareholders on or about April 5, 2019.

Revocability of Proxies

A proxy for voting your shares at the Meeting is enclosed. Any shareholder who executes and delivers such proxy has the right to and may revoke it at any time before it is exercised by filing with the Secretary of the Company an instrument revoking it or a duly executed proxy bearing a later date. In addition, a proxy will be revoked if the shareholder executing such proxy is in attendance at the Meeting and such shareholder votes in person. Subject to such revocation, all shares represented by a properly executed proxy received in time for the Meeting will be voted by the proxyholders in accordance with the instructions specified on the proxy.

Unless otherwise directed in the accompanying proxy, the shares represented by your executed proxy will be voted “FOR” the nominees for election of directors named herein, “FOR” the ratification of the selection of Crowe LLP as the Company’s independent registered public accounting firm for the 2019 fiscal year, and “FOR” approval on an advisory (non-binding) basis of the Company’s named executive officer compensation. If any other business is properly presented at the Meeting and at any and all postponements or adjournments thereof, the proxy will be voted in accordance with the recommendations of management.

Solicitation of Proxies

This solicitation of proxies is being made by the Board of Directors of the Company. The expenses of preparing, assembling, printing, and mailing this proxy statement and the materials used in this solicitation of proxies will be borne by the Company. It is contemplated that proxies will be solicited principally through the use of the mail, but directors, officers, and employees of the Company may solicit proxies personally or by telephone, without receiving special compensation. The Company will reimburse banks, brokerage houses and other custodians, nominees and fiduciaries for their reasonable expenses in forwarding the proxy statement and materials to shareholders whose stock in the Company is held of record by such entities. In addition, the Company may use the services of individuals or

companies it does not regularly employ in connection with this solicitation of proxies, if management determines it advisable.

***Important Notice Regarding the Availability of Proxy Materials for the Shareholder Meeting to Be Held on May 16, 2019.***

The Company's Proxy Statement and Annual Report on Form 10-K for the fiscal year ended December 31, 2018 are available free of charge at [www.envisionreports.com/AMRB](http://www.envisionreports.com/AMRB).

We are furnishing materials to our shareholders primarily via the internet instead of mailing printed copies of those materials to our shareholders. By doing so, we save costs and reduce the environmental impact of the Meeting. On April 5, 2019, the Company mailed a Notice of Internet Availability of Proxy Materials ("Notice") to shareholders. The Notice contains instructions about how to access our proxy materials and vote online or by telephone. If you would like to receive a paper copy of our proxy materials, please follow the instructions included in the Notice.

## Voting Securities

On any matter submitted to the vote of the shareholders, each holder of common stock will be entitled to one vote, in person or by proxy, for each share of common stock he or she held of record on the books of the Company as of the Record Date.

A majority of the shares entitled to vote, represented either in person or by a properly executed proxy, will constitute a quorum at the Meeting. If, by the time scheduled for the Meeting, a quorum of shareholders of the Company is not present or if a quorum is present but sufficient votes in favor of any of the proposals have not been received, the Meeting may be held for purposes of voting on those proposals for which sufficient votes have been received, and the persons named as proxyholders may propose one or more adjournments of the Meeting to permit further solicitation of proxies with respect to any of the proposals as to which sufficient votes have not been received.

Votes cast will be counted by the Inspector of Election for the Meeting. Approval of any proposal (other than the election of directors) requires the affirmative vote of a majority of the shares represented and voting at the Annual Meeting which also constitutes a majority of the required quorum (unless a greater number is required as described in a proposal). In the election of directors, the nine (9) nominees receiving the highest number of affirmative votes will be elected. Shares represented by proxies that reflect abstentions or “broker non-votes” will be treated by the Inspector of Election as shares present and entitled to vote for purposes of determining the presence of a quorum; however, broker non-votes will not be treated as shares voted on any proposal and therefore will have no effect upon the outcome of any proposal. Abstentions will not be treated as affirmative votes on any proposal at the Meeting and will have the same effect as a vote “against” a proposal (other than the election of directors proposal) if the affirmative votes in favor of a proposal are less than a majority of the required quorum. “Broker non-votes” means shares held by brokers or nominees as to which instructions have not been received from the beneficial owners or persons entitled to vote and the broker or nominee does not have discretionary voting power under applicable rules of the stock exchange or other self-regulatory organization of which the broker or nominee is a member.

Any shareholder may choose to vote shares of common stock by telephone by calling the toll-free number (at no cost to the shareholder) indicated on the proxy. Telephone voting is available 24 hours per day. Easy to follow voice prompts allow a shareholder to vote shares and to confirm that instructions have been properly recorded. The Company’s telephone voting procedures are designed to authenticate the identity of shareholders by utilizing individual control numbers. *If a shareholder votes by telephone, there is no need to return the proxy.*

Any shareholder may choose to vote shares of common stock electronically by using the Internet, as indicated on the proxy. Internet voting procedures are designed to authenticate the identity of a shareholder and to confirm that instructions have been properly recorded. The Company believes these procedures are consistent with the requirements of applicable law. *If a shareholder votes electronically by using the Internet, there is no need to return the proxy.*

**If you vote by telephone or Internet, your vote must be received by 1:00 a.m., Eastern Time, on May 16, 2019 to ensure that your vote is counted.**

Our Board of Directors has determined that each of our non-employee directors (excluding David E. Ritchie, Jr.) is independent. Each of our Audit, Nominating and Compensation Committees is composed only of independent directors.

Our Board of Directors has adopted certain standards to assist it in assessing the independence of each of our directors. A director who otherwise meets the definition of independence under applicable NASDAQ listing standards may be deemed "independent" by the Board of Directors after consideration of all of the relationships between the Company and the director, or any of his or her immediate family members (as defined in the NASDAQ listing rules), or any entity with which the director or any of his or her immediate family members is affiliated by reason of being a partner, officer or a significant shareholder thereof. However, ordinary banking relationships (such as depository,

lending, and other services readily available from other financial institutions) are not considered by the Board of Directors in determining a director's independence, as the Board of Directors considers these relationships to be immaterial. A banking relationship is considered "ordinary" if:

- the relationship is on substantially the same terms as those prevailing at the time for comparable transactions with non-affiliated persons;
- with respect to an extension of credit, it has been made in compliance with applicable law, including Regulation O of the Board of Governors of the Federal Reserve System and Section 13(k) of the Securities Exchange Act of 1934;
- no event of default has occurred and is continuing beyond any period of cure; and
- the relationship has no other extraordinary characteristics.

In assessing the independence of our directors, our Board of Directors carefully considered all of the business relationships between the Company and our directors or their affiliated companies, other than ordinary banking relationships. This review was based primarily on responses of the directors to questions in a directors' and officers' questionnaire regarding employment, business, familial, compensation and other relationships with the Company and our management. Where business relationships other than ordinary banking relationships existed, the Board of Directors determined that, except in the case of Mr. Ritchie, none of the relationships between the Company and the directors or the directors' affiliated companies impair the directors' independence because the amounts involved are immaterial to the directors or to those companies when compared to their annual income or gross revenues. The Board of Directors also determined for all of the relationships between the Company and our directors or the directors' affiliated companies, that none of the relationships had unique characteristics that could influence the director's impartial judgment as a director of the Company.

## Code of Ethics

The Company has adopted a Code of Ethics that complies with the rules promulgated by the Securities and Exchange Commission pursuant to the Sarbanes-Oxley Act of 2002 and applicable NASDAQ listing rules. The Code of Ethics requires that the Company's directors, officers (including the principal executive, financial and accounting officers, or controller and persons performing similar functions) and employees conduct business in accordance with the highest ethical standards and in compliance with all laws, rules and regulations applicable to the Company. The Code of Ethics is intended to supplement the provisions of any other personnel policies of the Company or codes of conduct, which may establish additional standards of ethical behavior applicable to the Company's directors, officers and employees.

The Code of Ethics was filed as Exhibit 14.1 to the Company's 2003 Annual Report on Form 10-K and may be accessed through the Company's website by following the instructions for accessing reports filed with the Securities and Exchange Commission hereafter in this proxy statement under the heading "Website" or a copy is available, free of charge, upon written request to Mitchell A. Derenzo, American River Bankshares, 3100 Zinfandel Drive, Suite 450, Rancho Cordova, CA 95670.

## Leadership Structure

The positions of the Chairman of the Board of Directors and the President and Chief Executive Officer ("CEO") are filled by different persons. Mr. Fite, an independent director, serves as the Board of Directors Chairman, while Mr. Ritchie serves as President and CEO. The Board of Directors believes that separating the roles of Chairman and President and CEO is preferable and in the best interests of shareholders because it enhances the Board of Directors' ability to fulfill its oversight responsibilities, inclusive of senior management. Separating the positions also provides an independent viewpoint and focus at meetings of the Board of Directors, and improves communication between management and the Board of Directors by giving our President and CEO a single initial source for Board of Directors-level communication and input on significant decisions.

## Risk Oversight

Risk management is the responsibility of management and risk oversight is the responsibility of the Board of Directors. The Board of Directors administers its risk oversight function principally through its division of responsibility within its committee structure, with each committee being responsible for overseeing risk within its area of responsibility. For example, the Loan Committee of American River Bank (the "Loan Committee") plays an important role in overseeing our loan functions and monitoring related risks. Responsibilities of our various committees are discussed under each committee in this proxy statement. Significant risk oversight matters considered by the committees are reported to and considered by the Board of Directors. Some significant risk oversight matters are reported directly to the Board of Directors, including matters not falling within the area of the responsibility of any committee. Types of risks with the potential to adversely affect the Company include cybersecurity, credit, interest rate, liquidity, and compliance risks, and other risks relating to our operations and reputation.

Management regularly provides the Board of Directors and its various committees with a significant amount of information regarding a wide variety of matters affecting the Company. Matters presented to the Board of Directors and its committees generally include information with respect to risk. The Board of Directors and its committees consider the risk aspects of such information and often request additional information with respect to issues that involve risks to the Company. The Board of Directors and its committees also raise risk issues on their own initiative.

To assist the Company with respect to enterprise risk management, and to assist the Board of Directors and its committees with respect to risk oversight, the Company has an Enterprise Risk Management Committee made up of appropriate management personnel that works to identify and assess risks across all operations of the Company. The Enterprise Risk Management Committee reports to the Board of Directors and all of its members attend either Board of Directors and/or other committee meetings as needed.

Cyber-security incidents compromising non-public personal financial information may produce material effects to the business, including but not limited to, reputational harm, loss of intellectual property, disruption of key business operations, governmental fines/penalties, and litigation/remediation costs. Under the direction of its Chief Operating Officer, the Company maintains a formal information security management program. The program leverages industry frameworks and standards to ensure appropriate controls are established and are frequently assessed for adequacy. Major components of the program include Safeguarding Customer Information, third party vendor oversight and incident response. The Board and the Company's Enterprise Risk Management Committee receive reports and briefings from executive management relating to a full range of cyber security issues, the Company's risk posture to protect against cyber security threats, and policies that adequately implement the program. Annually, the Board reviews and approves the formal written information security program policy including information security risk appetite; obtaining assurance that the plan addresses the dynamic changes in the threat landscape and whenever there is a material change in the Company's cyber security risks. Executive management periodically keeps the Board abreast of efforts relating to compliance, risk assessments, results of audits, examinations, penetration and vulnerability testing, security breaches or violations and recommended changes to the Company's information security program.

The Company does not believe the risk oversight function of the Board of Directors has had a significant effect on the leadership structure, although a change in leadership structure could result in changes in the implementation of the risk oversight function.

### **Review of Risk Associated With Compensation Plans**

The Company develops and implements compensation plans that provide strategic direction to the participants and engages them in the Company's success, which contributes to shareholder value. We believe our approach to goal setting, establishing targets with payouts at multiple levels of performance, evaluation of performance results and our discretion to approve or disapprove the payout of incentive compensation helps to mitigate excessive risk-taking that could harm Company value or reward poor judgment by our executive officers. Compensation policies and practices are determined by reviewing compensation analyses including industry/market benchmarking reports to determine competitive pay packages. The Company's variable pay programs are designed to reward outstanding individual and team performance while mitigating risk taking behavior that might affect financial results. Performance incentive compensation rewards for all plans continue to be focused on results that possibly impact earnings, profitability, credit quality, loan growth, deposit growth, sound operations and compliance, sustainable culture, and leadership excellence. Incentive compensation plans, which are reviewed and revised on an annual basis, have defined terms and conditions which enable the Company to adjust the final scoring and payments under the plans. Generally, there is more oversight of plans that have a higher degree of risk, larger payouts, and that could have the greatest negative impact on the Company and American River Bank's safety and soundness, such as credit related risks. Plan reviews and approvals increase before any payments are made as the risks associated with a plan increase.

The Compensation Committee met with senior management officers, including the Human Resources Officer, of the Company to review the 2018 incentive compensation plans and concluded that, based on the controls described above and elsewhere in this proxy statement, those plans do not present risks that are reasonably likely to have a material adverse effect on the Company.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Securities Exchange Act of 1934, as amended, requires the Company's directors, executive officers and any persons beneficially owning ten percent or more of the Company's common stock to timely file initial reports of ownership and reports of changes in that ownership with the Securities and Exchange Commission. Such persons are required by Securities and Exchange Commission regulations to send copies of such reports to the Company. To the Company's knowledge, based solely on a review of the copies of such reports furnished to the Company and written representations that no other reports were required during the fiscal year ended December 31, 2018, the Company believes all such filing requirements applicable to its directors, executive officers and ten percent shareholders were met.

## Committees of the Board of Directors

***Nominating Committee.*** The Nominating Committee, whose members are Charles D. Fite (Chairman), Stephen H. Waks and Michael A. Ziegler, has the responsibility to assist the Board of Directors by (a) establishing criteria for candidates and identifying, evaluating, and recommending candidates, including candidates proposed by shareholders, for election to the Board of Directors, and (b) periodically reviewing and making recommendations on the composition of the Board of Directors. The Nominating Committee met once in 2018. All members of the Nominating Committee are “independent,” as that term is defined under applicable NASDAQ listing rules, including Director Fite from whom the Company has leased one of its bank premises since 1985. The current lease terms and the Company’s policy are disclosed under “Transactions with Related Persons” on page 37 of this proxy statement. Candidates are selected in accordance with a Nominating Charter. The Nominating Charter includes a policy for consideration of candidates proposed by shareholders. Any recommendations by shareholders will be evaluated by the Board of Directors in the same manner as any other recommendation and in each case in accordance with the Nominating Charter. Shareholders that desire to recommend candidates for consideration by the Company’s Board of Directors should mail or deliver written recommendations to the Company addressed as follows: Board of Directors, American River Bankshares, 3100 Zinfandel Drive, Suite 450, Rancho Cordova, CA 95670. Each recommendation should include biographical information indicating the background and experience of the candidate that qualifies the candidate for consideration as a director for evaluation by the Board of Directors. In addition to minimum standards of independence for non-employee directors and financial literacy, the Board of Directors considers various other criteria including the candidate’s experience and expertise, financial resources, ability to devote the time and effort necessary to fulfill the responsibilities of a director and involvement in community activities in the market areas served by the Company that may enhance the reputation of the Company. The provisions of our Nominating Committee Charter regarding diversity, as a matter of practice, may seek or favor a candidate with particular areas of expertise that complement our existing Board of Directors composition or satisfy legal requirements. In general, our objective is for the Board of Directors to reflect a diversity of perspectives and a broad range of experiences through individuals that possess the background, skills, expertise, and commitment necessary to make a significant contribution to our Company. Qualified candidates are considered without regard to race, color, religion, sex, ancestry, national origin, disability, or any other factor that qualifies the candidate as a member of a protected class under applicable law.

The Company operates in a highly regulated industry and is subject to the supervision, regulation and periodic examination by state and federal banking regulatory authorities including the Board of Governors of the Federal Reserve System, California Department of Business Oversight and Federal Deposit Insurance Corporation. Directors of the Company are subject to certain rules and regulations and potential liabilities not otherwise applicable to directors of non-banking organizations. Consequently, evaluation of candidates by the Company’s Board of Directors may include more extensive inquiries into personal background information including confirmation of the accuracy and completeness of background information by (a) requiring candidates to complete questionnaires to elicit information of the type required to be disclosed by the Company in reports filed with the Securities and Exchange Commission, NASDAQ, or such state and federal banking regulatory authorities, (b) conducting background investigations by qualified independent organizations experienced in conducting criminal and civil investigatory reviews, and (c) such other personal and financial reviews and analyses as the Board of Directors may deem appropriate in connection with the consideration of candidates.

Shareholders who wish to nominate a candidate for election to the Company’s Board of Directors, as opposed to recommending a potential nominee for consideration by the Board of Directors, are required to comply with the advance notice and any other requirements of the Company’s bylaws, applicable laws and regulations. The Board of Directors may elect to use third parties in the future to identify or evaluate candidates for consideration by the Board of Directors. The Nominating Charter adopted by the Board of Directors can be accessed through the Company’s website [www.americanriverbank.com](http://www.americanriverbank.com) by accessing the *Investor Relations* link, then the *Corporate Information* link, then the *Governance Documents* link located at that address. **Compensation Committee Interlocks and Insider Participation**

None of the current members of the Compensation Committee has ever been an officer or employee of the Company or any of its subsidiaries. During the last fiscal year, none of our executive officers served on the board of directors or on the compensation committee of any other entity, any officers of which served on either our Board or our Compensation Committee.

The CEO is a non-voting invited guest to the Compensation Committee meetings and can be present at discussions regarding compensation matters relative to non-CEO executive officers or directors. The CEO cannot be present during deliberations or voting on CEO compensation matters.

The Board of Directors has determined that all members of the Compensation Committee are "independent," as that term is defined under applicable NASDAQ listing rules including Director Fite from whom the Company has leased one of its bank premises since 1985. The current lease terms and the Company's policy are disclosed under "Transactions with Related Persons" on page 37 of this proxy statement.

**Audit Committee.** The Audit Committee, whose members are William A. Robotham (Chairman), Nicolas C. Anderson and Philip A. Wright, oversees the Company's independent registered public accounting firm, analyzes the results of internal and regulatory examinations and monitors the financial and accounting organization and reporting. Director Robotham has been designated by the Board of Directors as an "audit committee financial expert" as defined under rules promulgated by the Securities and Exchange Commission pursuant to the Sarbanes-Oxley Act of 2002. The Audit Committee met six (6) times in 2018 and held one (1) "executive session" which only the non-employee directors attended, each of whom is "independent" as defined under applicable NASDAQ listing rules. In addition, each other member of the Audit Committee is "financially literate" as defined under applicable NASDAQ listing rules. Ziegler, has the responsibility to (a) oversee asset liability management and the investment portfolio including recommending to the Board of Directors the annual investment strategy; (b) recommend to the Board of Directors the annual operating budget for the Company; and (c) review premises leases and capital expenditures over \$100,000 for recommendation to the Board of Directors. David E. Ritchie, Jr. serves an alternate committee member. The Finance and Capital Committee met five (5) times during 2018.

**Executive Committee.** The Executive Committee, whose members include Charles D. Fite (Chairman), David E. Ritchie, Jr., William A. Robotham, Stephen H. Waks, and Michael A. Ziegler oversees long range planning, formulates and recommends broad policy positions for the Board of Directors to consider and is responsible for evaluating and recommending to the Board of Directors matters pertaining to mergers and acquisitions. The Executive Committee did not have a meeting in 2018.

**Loan Committee of American River Bank.** The Loan Committee has the responsibility for establishing loan policy, approving loans which exceed certain dollar limits and reviewing the outside loan review firm's examinations of the loan portfolios. The Loan Committee includes Kimberly A. Box (Chairman), Nicolas C. Anderson (who joined the Loan Committee in May, 2018) Charles D. Fite, Stephen H. Waks, and Philip A. Wright. David E. Ritchie, Jr. serves as an alternate committee member. The Loan Committee met seventeen (17) times during 2018.

During 2018, the Company's Board of Directors held twelve (12) regular meetings. In addition, the Company's Board of Directors held three (3) "executive sessions" which only the non-employee directors attended, each of whom is "independent" as defined under applicable NASDAQ listing rules. All directors attended at least 75% of the aggregate of the total number of meetings of the Board of Directors and the number of meetings of the committees on which they served.

See "Detail of Director Compensation Elements – Cash Compensation" on page 13 of this proxy statement for information regarding fees paid to directors during 2018 for Board of Directors and committee meetings.

## **Shareholder Communications**

A majority of the members of the Board of Directors, each of whom is "independent" as defined under applicable NASDAQ listing rules, has established procedures for receipt and delivery of shareholder communications addressed to the Board of Directors. Any such shareholder communications, including communications by employees of the Company solely in their capacity as shareholders, should be mailed or delivered to the Company addressed as follows: Board of Directors, American River Bankshares, 3100 Zinfandel Drive, Suite 450, Rancho Cordova, CA 95670.

**Annual Meeting Attendance**

## **DIRECTOR COMPENSATION**

### **Director Compensation Program**

The Compensation Committee of the Board of Directors (the “Compensation Committee”) oversees the Company’s director compensation program. The compensation program includes elements that are designed specifically for the non-employee directors (excluding David E. Ritchie, Jr.). Additionally, the Compensation Committee is charged with the review, and recommendation to the Board of Directors, of all annual compensation decisions relating to the directors.

The Compensation Committee’s compensation philosophy was developed to balance and align the interests of the directors and shareholders. The three primary elements of compensation for our directors are cash compensation, long-term equity-based incentive compensation, and retirement benefits.

In 2017, the Compensation Committee, upon approval of the Board of Directors, consulted with McLagan Consulting, a business unit of AON PLC. (“McLagan”), a compensation and benefits consulting firm, to evaluate the Board of Directors compensation for 2018. McLagan served as an independent compensation consultant to advise the Compensation Committee on all matters related to the Board of Directors compensation and general compensation programs including guidance on industry best practices. Based on discussions with McLagan, the Compensation Committee recommended, and the Board of Directors approved, changes were made to the cash retainers and meeting attendance fees for the director’s effective April 1, 2018. The elements of director compensation are described below.

For the analysis of the 2018 director compensation, the Compensation Committee, with the help of McLagan, selected twenty publicly-traded banking companies headquartered on the West Coast (the “Peer Group”). The Peer Group is used to benchmark compensation levels against companies that are similar in breadth and scope to our Company. The following twenty companies have assets between \$334 million and \$1.25 billion as of March 31, 2017 and comprise the Peer Group: 1<sup>st</sup> Capital Bank, Anchor Bancorp, Bancorp 34 Inc., Bank of Commerce Holdings, Broadway Financial Corp, California Bank of Commerce, Communities First Financial, Community West Bancshares, First Financial Northwest Inc., First Northern Community Bancorp, FNB Bancorp, Idaho Independent Bank, Oak Valley Bancorp, Plumas Bancorp, Provident Financial Holdings, Riverview Bancorp Inc., Sound Financial Bancorp Inc., Summit State Bank, United Security Bancshares, and Valley Republic Bancorp.

The Company targets total compensation to be at or above the Peer Group average. The goal of the cash compensation is to be close to the Peer Group average, while long-term incentive compensation and retirement benefits are targeted at or above the Peer Group averages. The decisions by the Board of Directors about director compensation are based on analysis of the Peer Group averages, the directors’ completion of continuing education programs, attendance at Board of Directors and committee meetings and prompt responses to management’s requests for information required to complete and timely file regulatory filings.

The use of these compensation elements enables us to reinforce our pay for performance philosophy, as well as strengthen our ability to attract and retain highly qualified directors.

**· Detail of Director Compensation Elements**

The Compensation Committee believes the total compensation and benefits program for the directors should consist of the following: cash compensation, long-term incentive compensation and retirement benefits.

**o Cash Compensation**

The cash compensation paid to non-employee directors of American River Bankshares from January 1, 2018 to March 31, 2018 included a retainer of \$1,500.00 per month, a fee of \$300.00 for attendance at each committee meeting, other than the Loan Committee whose outside director members received a fee of \$400.00 for each meeting attended. The fee for attendance at each American River Bank Board of Directors meeting was \$275.00.

In addition to the fees received as non-employee directors in connection with the attendance at Board of Directors and committee meetings, the Chairman of the Board of Directors received an additional retainer fee of \$1,000.00 per month, and the Chairman of the Audit Committee, the Chairman of the Finance and Capital Committee, the Chairman of the Compensation Committee, and the Chairman of the Loan Committee each received an additional retainer fee of \$375 per month and the Chairman of the Nominating Committee received an additional retainer of \$291.67 per month.

Effective April 1, 2018, the retainer fee increased from \$1,500.00 per month to \$1,833.33 per month and the additional retainer received by the Chairman of the Audit Committee, the Chairman of the Finance and Capital Committee, the Chairman of the Compensation Committee, and the Chairman of the Loan Committee increased from \$375.00 per month to \$416.67 per month. In addition, the fee for attendance at each committee meeting, other than the Loan Committee increased from \$300.00 for attendance at each committee meeting, to \$450.00 for attendance at each committee meeting and the Loan Committee whose outside director members fees increased from \$400.00 for attendance at each Loan Committee meeting to \$500.00 for attendance at each Loan Committee meeting. The fees paid in 2018 by American River Bankshares and American River Bank to all directors are disclosed in the "Director Compensation Table" on page 15 of this proxy statement.

### o **Long-Term Incentive Compensation**

The long-term incentive compensation element has historically been provided in the form of stock options that vest and become exercisable ratably over five years. In 2010, restricted stock was added as another form of long-term incentive compensation. The Compensation Committee believes the use of stock options and restricted stock, rather than other forms of long-term incentive compensation, creates value for the director if the shareholder value is increased. A stock option's value increases only if the stock price increases after it is awarded and a restricted stock's value increases after vesting if the stock price subsequently increases. The Compensation Committee believes that this creates strong alignment between the interests of the directors and shareholders.

On March 17, 2010, the Board of Directors adopted the 2010 Equity Incentive Plan (the "2010 Plan"). The 2010 Plan was approved by the Company's shareholders on May 20, 2010 and succeeded the American River Bankshares 2000 Stock Option Plan which terminated (other than with respect to preexisting grants) in April, 2010. Both plans allow for performance-related awards for directors, executive officers and other key employees. The fair value related to stock option and restricted stock awards to directors is shown in the "Director Compensation Table" on page 15 of this proxy statement.

Awards to the directors and are generally made annually, at the same time as awards to the general eligible officer population. Award recommendations are made at Compensation Committee meetings scheduled in advance to meet appropriate deadlines for compensation related decisions. The Compensation Committee then recommends the awards to the Board of Directors for their approval. The Board of Directors approves all awards of equity compensation at regularly scheduled meetings. The meetings are held after the close of the U.S. stock markets and the Board of Directors sets the exercise price for each stock option, or in the case of restricted stock, the total value of the award, using the closing price of the Company's common stock on the date of the award, with the exception of the 2017 performance-based stock awards which use the thirty (30) calendar-day trailing average closing stock price to set the target value of each award. See also the "Long-Term Incentive Compensation" on page 24 of this proxy statement for more information regarding performance-based restricted stock awards.

There is a limited term in which the director can exercise stock options, known as the option term. The option term is generally ten years from the date of award. At the end of the option term, the right to purchase any unexercised options expires. Option holders generally forfeit any unvested options upon separation with the Company. In certain instances, stock options may vest on an accelerated schedule. Restricted stock awarded to the director will fully vest after a one-year term. A change in control may trigger accelerated vesting. In this instance, all unvested options and restricted stock will vest as of the date of the change in control.

Director equity awards are made after review of their performance for the preceding calendar year. The targeted awards are made based on factors including: (a) attendance at Board of Directors and committee meetings (30% of award target), (b) completion of a specified number of continuing education hours (40% of award target), and (c) prompt responses to management's requests for information required to complete and timely file regulatory filings (30% of award target). On May 17, 2018, Directors Box, Owensby, Robotham, Waks, Wright and Ziegler were each awarded 1,155 shares of restricted stock with a value of \$17,990 and Director Fite was awarded 1,605 shares of restricted stock with a value of \$24,999, in each case based on the Company's closing stock price on May 17, 2018 of \$15.576 per share. See also the "Director Compensation Table" on page 15 and the "Grants of Plan-Based Awards Table" for Directors on page 16 of this proxy statement for more information regarding director equity awards.

### o **Retirement Benefits**

Effective December 20, 2001, a Deferred Fee Plan was established for the purpose of providing the directors an opportunity to defer tax on director fees. Participating directors may elect to defer a portion, up to 100%, of their monthly cash compensation. The Company bears the administration costs and pays interest on the deferred balances at a rate equal to the five-year U.S. Treasury Bond plus 4.0%, but does not make contributions to the deferred account balances. For 2018, the rate credited was 6.20%. The amounts deferred and the earnings thereon are unfunded and unsecured and subject to the claims of general creditors. During 2018, only Director Ziegler participated in the Deferred Fee Plan and deferred \$33,400.

In January 2003, the Board of Directors approved a Directors Retirement Plan and in June 2004, this Directors Retirement Plan was replaced with a Director Emeritus Plan, whereby each non-employee director (excluding David Ritchie) is entitled, upon full retirement from the Board of Directors of the Company or its subsidiaries, to receive installment payments over a 24 month period following retirement which are equal to the total Board of Director and committee fees received by a director for such service during the two full calendar years prior to retirement. To qualify for the payments, a director participating in the Director Emeritus Plan must continue to support the Company by making himself/herself available for consultation with management and/or the Board of Directors, continue to be a referral source for business to the Company and attend Company functions such as annual meetings for a period of two years after retirement. The Director Emeritus Plan contains a ten-year vesting component. A director vests 10% for each year of service on the Board of Directors of the Company or its subsidiaries. During 2018, \$40,967 in payments were made under the Director Emeritus Plan to two retired directors. Effective July 1, 2012, benefit accruals were suspended under the Director Emeritus Plan, but the benefits that had been previously earned continued in effect and there have been no new participants in the Director Emeritus Plan after July 1, 2012.

**COMPENSATION DISCUSSION AND ANALYSIS****Oversight of Executive Compensation Program**

The Compensation Committee of the Board of Directors (the "Compensation Committee") oversees the Company's compensation programs. The compensation programs include elements that are designed specifically for the executive officers, which include the Chief Executive Officer ("CEO"), Chief Financial Officer ("CFO") and the other executive officers named in the "Summary Compensation Table" on page 33 of this proxy statement. Additionally, the Compensation Committee is charged with the review and recommendation to the Board of Directors of all annual compensation decisions relating to the executive officers.

The Compensation Committee is composed entirely of non-employee members of the Board of Directors. The Board of Directors has determined that each member of the Compensation Committee is independent under applicable NASDAQ listing rules. No Compensation Committee member participates in any of the Company's employee

compensation programs. The CEO of the Company was not present during the Compensation Committee voting or deliberations regarding his compensation.

Over the years, the Compensation Committee has taken the following actions to improve the links between executive officer pay and performance including:

If the Compensation Committee determines that any risks are presented which are reasonably likely to have a material adverse effect on the Company, then the Compensation Committee will recommend to the Board of Directors alternative compensation incentives, strategies and objectives intended to mitigate such risks.

Review and recommend to the Board of Directors changes to the structure and design of the compensation elements for executive officers including annual base salary, annual cash incentive compensation, long-term equity incentive compensation, retirement plans (e.g. 401(k), deferred compensation, and salary continuation agreements), and change in control benefits and severance.

## Overview of Compensation Philosophy

The Compensation Committee's compensation philosophy was developed to balance and align the interests of the executive officers and shareholders. The philosophy is intended to attract, motivate, reward and retain the most qualified management talent required to achieve corporate objectives and increase shareholder value, while at the same time the compensation philosophy seeks to make the most efficient use of shareholder resources. To this end, the compensation philosophy emphasizes alignment with and rewards for performance.

The three primary components of compensation for the executive officers are base salary, annual cash incentive compensation and long-term, equity-based incentive compensation. The Company also provides the executive officers with retirement benefits that are earned over time.

To be effective, the compensation philosophy must reflect the corporate mission, culture, and long-term goals of the Company. In order to recruit and retain the most qualified and competent individuals as executive officers, the Company strives to maintain a compensation program that is competitive in its peer industry labor market. The purpose of the compensation program is to reward individual performance tied to the achievement of Company objectives. The following objectives are considered in setting the compensation programs for the executive officers:

- reward performance which supports the Company's core values of performance, integrity, teamwork, and advancement opportunities;
- provide a significant percentage of total compensation that is at-risk, or variable, based on predetermined performance criteria;
- design competitive total compensation and rewards programs to enhance the Company's ability to attract and retain knowledgeable and experienced executive officers; and
- set compensation and incentive compensation levels that reflect competitive market practices.

### **Compensation Consultant**

In 2017, the Compensation Committee, engaged McLagan, a business unit of AON plc. ("McLagan"), a compensation and benefits consulting firm, to evaluate executive officer compensation for 2018. McLagan served as an independent compensation consultant to advise the Compensation Committee on all matters related to the executive officers' compensation. McLagan also provided guidance on industry best practices and assisted the Compensation Committee by providing comparative market data on compensation practices and programs for the executive officers based on an analysis of peer competitors. McLagan advised the Compensation Committee in (1) determining base salaries, (2) setting performance goals and award levels for the Company's Executive Incentive Compensation Plan (the "Incentive Compensation Plan"), (3) determining the appropriateness of individual grant levels for equity awards, (4) evaluating the retirement plans and benefit amounts, (5) evaluating the perquisite program and allowances provided, and (6) determining the appropriateness of the change in control and termination benefits.

Other than compensation related consulting, McLagan did not provide any other services. The Board of Directors and management do not believe the services provided by McLagan created a conflict of interest. No compensation services performed by McLagan exceeded in the aggregate, more than \$120,000 in the last fiscal year.

### **Peer Group and Benchmark Targets**

For the analysis of the 2018 executive officer compensation, the Compensation Committee, with the help of McLagan, selected and approved twenty publicly-traded banking companies headquartered on the West Coast (the "Peer Group"). The Peer Group was used to benchmark executive officer compensation levels against companies that have executive officer positions with responsibilities similar in breadth and scope to the Company and that compete with the Company for executive officer talent. The following twenty companies had assets between \$334 million and \$1.25 billion as of March 31, 2017 and comprise the Peer Group: 1<sup>st</sup> Capital Bank, Anchor Bancorp, Bancorp 34 Inc., Bank

of Commerce Holdings, Broadway Financial Corp, California Bank of Commerce, Communities First Financial, Community West Bancshares, First Financial Northwest Inc., First Northern Community Bancorp, FNB Bancorp, Idaho Independent Bank, Oak Valley Bancorp, Plumas Bancorp, Provident Financial Holdings, Riverview Bancorp Inc., Sound Financial Bancorp Inc., Summit State Bank, United Security Bancshares, and Valley Republic Bancorp. The Compensation Committee reviews data obtained from McLagan to ensure that the total executive officer compensation program continues to be fair to the shareholders and competitive for the executive officers.

### Compensation Benchmarking Relative to Market

Using the data provided by McLagan, the Compensation Committee considered “market” at the median of this data. The Compensation Committee targets total compensation at-market, tied to excellent Company and individual performance. Base compensation, annual incentive compensation, long-term incentive compensation, retirement and other benefits are targeted at close to market.

Decisions by the Compensation Committee about the compensation elements are based on data provided by McLagan as well as Company performance and the executive officers level of responsibility, skill level, experience, performance and contributions to the Company.

### Review of Executive Officer Performance

The Compensation Committee reviews, on an annual basis, each compensation element for the executive officers. In each case, the Compensation Committee takes into account the scope of responsibilities and years of experience and balances these against competitive salary levels. The Compensation Committee has the opportunity to interact with the executive officers at various times during the year, which allows the Compensation Committee to form its own assessment of each individual’s performance.

In addition, each year the CEO presents to the Compensation Committee an evaluation of each executive officer, which includes a review of individual contributions, performance against specific targets, and strengths and weaknesses. Following this presentation and discussions with the compensation consultant, the Compensation Committee makes its own assessments and approves the compensation for each executive officer.

At the 2017 Annual Meetings of Shareholders, the Board of Directors recommended and shareholders approved proposals for an advisory vote to (a) approve the compensation of the executive officers and (b) establish an annual frequency for future advisory votes on compensation for the executive officers. At the 2018 Annual Meeting of Shareholders, the shareholders of the Company approved the advisory vote proposal to approve the compensation of the executive officers with 78% of our shareholders present and eligible to vote at the meeting, voting in favor of the proposal. This proxy statement also includes “Proposal No. 3, Advisory (Non-binding) Vote to Approve Named Executive Officer Compensation” at page 40 of this proxy statement. The Compensation Committee, as well as the Board of Directors, reviews and considers the results of these shareholder advisory votes on the compensation for the executive officers in connection with the implementation of Company compensation programs for executive officers.

In 2017, based on review of the data provided by McLagan, the Compensation Committee recommended to the Board of Directors increases to the base salary effective April 1, 2018, but no changes were recommended to the long-term incentive compensation or retirement benefits nor were any modifications made to the award opportunities for the executive officers under the Company’s Annual Cash Incentive Compensation Plan. See also the “Long-Term Incentive

Compensation” on page 24 of this proxy statement for more information regarding the performance-based restricted stock awards.

The employment agreements are described in more detail on page 28 of this proxy statement.</li> </ul>

The use of the above compensation elements enables the Company to reinforce its pay for performance philosophy, as well as strengthen the ability to attract and retain highly qualified executive officers. The Compensation Committee believes that this combination of the compensation elements provides an appropriate mix of fixed and variable pay, balances short-term operational performance with long-term shareholder value, and encourages recruitment and maximizes retention of the executive officers.

## Detail of Executive Officer Compensation Elements

The Compensation Committee believes the total compensation and benefits program for the executive officers should consist of the following: base salary, annual cash incentive compensation, long-term incentive compensation, retirement plans, health and welfare benefits, perquisite allowance payments and change in control benefits, as more fully described below. In 2017, Mr. Ritchie was hired to the position of Chief Executive Officer. At that time, the Compensation Committee, based on market data and guidance provided by McLagan, negotiated an employment agreement with Mr. Ritchie. The employment agreement was structured to encourage Mr. Ritchie to join the Company as its new CEO. The employment agreement included a competitive market based salary of \$265,000, a guaranteed bonus for 2017 and 2018 of \$160,000 each year, a grant of restricted stock equal to a market value of \$109,700 that vests over a three year period, and other benefits, including the use of a Company owned vehicle, reimbursement of expenses associated with his relocation and vacation and medical and retirement benefits similar to what is made available to other executive officers. While Mr. Ritchie was only employed by the Company for a portion of 2017, the Compensation Committee believed it was necessary to provide Mr. Ritchie with a guaranteed bonus and an initial restricted stock grant to compensate him for joining the team and assuming the role and responsibilities of the Company's CEO.

### ***Base Salary***

Increases to base salaries, if any, are driven primarily by individual performance, roles and responsibilities and compensation information provided by McLagan to the Compensation Committee, including an analysis of the data from the Peer Group discussed on page 19 of this proxy statement. Individual performance is evaluated by reviewing each executive officer's contributions and success in achieving business results, promoting core values, focusing on the keys to business success and demonstrating leadership abilities.

In setting the base salary of the executive officers for fiscal year 2018, the Compensation Committee reviewed the compensation information provided by McLagan. The Compensation Committee also considered the Company's level of success in its short- and long-term goals to:

- achieve specific profitability, growth and asset quality targets;
- communicate strategy and financial results effectively; and
- increase emphasis on employee satisfaction.

The Compensation Committee based its compensation decisions on the Company's performance related to the objectives listed above. The Compensation Committee does not rely solely on predetermined formulas or a limited set of criteria when it evaluates the performance of the executive officers. The Compensation Committee reviews the information provided by the compensation consultant, general economic conditions and marketplace compensation trends. The Compensation Committee usually adjusts base salaries for executive officers when:

- the current compensation demonstrates a significant deviation from the data from the Peer Group;
- recognizing outstanding individual performance; or
- recognizing an increase in responsibilities.

In line with the compensation philosophy outlined above, the Compensation Committee strives to reward the successful Company's executive officers with a total compensation package in which a majority of the incentive compensation portion is based upon the variable portion of the compensation elements. The base salaries paid to the executive officers during fiscal year 2018 are shown in the "Summary Compensation Table" on page 33 of this proxy statement.

***Annual Cash Incentive Compensation***

The annual cash incentive compensation is administered under the Incentive Compensation Plan and provides executive officers with the opportunity to earn cash incentive compensation based on the achievement of specific Company-wide, division, and individual performance goals. The Compensation Committee designs the annual incentive compensation component to align executive officers' compensation with the achievement of annual (short-term) performance results. Incentive compensation payments are generally paid in cash in March of each year for the prior fiscal year's performance provided that the executive officer remains in the Company's employ at the time of payment.

The Compensation Committee approves a target incentive compensation payout as a percentage of the base salary earned during the incentive compensation period for each executive officer. These targets are based on competitive practices for each comparable position and the compensation information provided by the consultant to the Compensation Committee. The incentive compensation target percentage in the table below represents the executive officer's annual incentive compensation opportunity if the annual performance goals are achieved.

<b>Messrs.</b>	Derenzo	Bender	McGregor	Raymond				
Target Incentive Compensation (% of Base Salary) *	30	%	30	%	30	%	30	%

\*Mr. Ritchie's employment agreement set his incentive compensation for 2018 at \$160,000; beginning January 1, 2019, the target will be set at 50% of his base salary.

The Compensation Committee establishes and approves a set of metrics for the Incentive Compensation Plan that are selected to drive annual performance. Each metric has a weight assigned to it within the Incentive Compensation Plan, and the sum of the weightings is 100%.

Several financial metrics are commonly referenced in defining Company performance for executive officer compensation. These metrics and their use in the Incentive Compensation Plan are further described below.

**· Profitability Measures**

**o Pretax/Pre-Provision for Loan and Lease Losses and Net Income**

Overall profitability is a key measure of the Company's performance. Both income before taxes and loan loss provision and net income are metrics in the Incentive Plan that allows the Company to reward Executives for meeting targets related to profitability achieved each year. The Company believes that pretax/pre-provision for loan and lease losses and net income are key drivers for earnings per share.

**o Return on Equity Relative to Internal Targets**

To ensure compensation is proportional to the return on investment earned by shareholders, we use a return on equity target as a metric in the Incentive Compensation Plan. The return on equity is measured against an internal target set each year. Return on equity is a key driver for earnings per share.

**· Asset Quality Measures**

o **Nonperforming Assets to Total Assets**

The Company believes that the quality of its loans and the level of nonperforming assets such as other real estate owned (“OREO”) is a key to the Company’s overall future success. Poor asset quality will deteriorate the Company’s future earning capacity. The nonperforming assets to total assets metric of the Incentive Plan measures the amount of problem loans and OREO as a percentage of the Company’s assets.

· **Risk Management Measures**

o **Quality of Bank Performance**

To ensure long-term growth of the Company, the quality of bank performance is essential. The Incentive Compensation Plan metrics for quality of bank performance are based upon how well the Company performs during independent examinations of key risk management areas.

Incentive Compensation Plan Weightings for 2018

The following chart indicates the weight of each metric as a percent of the total incentive compensation opportunity.

Messrs. (1)	Derenzo	Bender	McGregor	Raymond
Pretax/Pre-Provision for Loan and Lease Losses	25.00 %	25.00 %	25.00 %	25.00 %
Net Income	25.00 %	25.00 %	25.00 %	25.00 %
ROE Relative to Internal Target	20.00 %	20.00 %	20.00 %	20.00 %
Nonperforming Assets to Total Assets	15.00 %	15.00 %	15.00 %	15.00 %
Quality of Bank Performance	15.00 %	15.00 %	15.00 %	15.00 %

(1) Mr. Ritchie is not included in this chart as his incentive compensation target for 2018 was guaranteed per his employment agreement as part of his new hire compensation package.

The amount of incentive compensation paid to each executive officer under the Incentive Compensation Plan is adjusted based on how well the Company performs against the approved performance goal of each metric. If the Company results exceed the target by 115%, the award opportunity increases to 45% of base salary in the case of Messrs. Derenzo, Bender, McGregor, and Raymond. If the Company attains 85% of the target goals, the amount available decreases to 15% of base salary in the case of Messrs. Derenzo, Bender, McGregor, and Raymond. The Incentive Compensation Plan also establishes minimum funding thresholds. If performance on any metric falls below 85%, no incentive compensation will be paid for that metric and if the results of the Quality of Bank Performance metric is not met then no incentive compensation will be earned for any of the metrics. The Incentive Compensation Plan requires the executive officer to be employed by the Company on the date of payment. Mr. McGregor joined the Company on May 15, 2018 and earned an amount equal to his pro-rated portion of the incentive compensation for the time worked during the performance period.

For 2018, the Company's actual results compared to target are as follows:

Metric	Result as a Percentage of Target
Pretax/Pre-Provision for Loan and Lease Losses	Actual of 99.63% did not meet the target but exceeded the minimum
Net Income	Actual of 103.24% exceeded the target
ROE Relative to Internal Target	Actual of 110.04 exceeded the target
Nonperforming Assets to Total Assets	Actual of 150.00% exceeded the target
Quality of Bank Performance	Actual of 100% met the target

As a result of meeting or exceeding certain of the Company targets, incentive compensation was earned in 2018 for each of the executive officers as listed below.

The table below represents the 2018 target amount of cash compensation available for each metric and the amount earned by Messrs. Derenzo, Bender, McGregor, and Raymond. Mr. Ritchie is not included in this table as his incentive compensation target for 2018 was set at \$160,000 per the terms of his employment agreement. Beginning January 1, 2019, Mr. Ritchie's incentive compensation will be tied to the metrics annually established by the Compensation Committee and approved by the Board of Directors.

*Long-Term Incentive Compensation*

An important objective of the long-term incentive compensation program is to strengthen the relationship between the long-term value of the Company's stock performance and the potential financial gain for employees. The Compensation Committee has granted executive officers a combination of stock options and restricted stock as these forms of equity create value for the executive officers when shareholder value is increased through an increased stock price. The Compensation Committee believes that this creates strong alignment between the interests of the executive officers and shareholders. The stock options and restricted stock help the Company attract and retain talented executive officers.

Stock options provide the executive officers with the opportunity to purchase obtain the Company's common stock at a price fixed on the date of award regardless of future market prices by exercising vested options. Restricted stock provides the executive officers with shares of stock upon meeting vesting requirements. The Compensation Committee's objective is to provide the executive officers with awards that are consistent with the market data and compensation information provided by the compensation consultant and based on each executive officer's individual performance and contributions to the Company's success. Restricted stock delivers value to executives when the shares vest. Restricted stock serves as strong retention tools and provide an incentive for the executive officer to remain employed by the Company. In addition, restricted stock links a portion of each executive officer's compensation to the success of the Company and shareholders' interests by providing an incentive to deliver increased shareholder value.

In 2018, restricted stock awards were made to Messrs. Ritchie, Derenzo, and Bender in 2018, subject to a three-year vesting period. Additional information on restricted stock awards is shown in the "Summary Compensation Table," in the "Grants of Plan-Based Awards Table" and in the "Outstanding Equity Awards at Fiscal Year-End Table" on pages 33, 34 and 35, respectively, in this proxy statement.

The executive officers are eligible to receive awards of equity compensation annually. Award recommendations are made at Compensation Committee meetings scheduled in advance to meet appropriate deadlines for compensation related decisions. The Company's practice is that the Compensation Committee approves all equity compensation awards to executive officers at regularly scheduled meetings. The meetings are held after the close of the U.S. stock markets and the Compensation Committee sets the exercise price for each stock option, or in the case of restricted stock, the total value of the award, using the closing price per share of the Company's common stock on the date of the award.

Typically, restricted stock will vest over a three to five-year period, with the exception of the performance-based stock awards granted in 2017, which vest one year and one day after the end of the performance period. Holders of restricted stock generally forfeit any unvested awards if their employment with the Company terminates.

In February 2017, the Compensation Committee approved a performance-based restricted stock awards program for the executive officers. Restricted stock awards were to be earned based upon the share price increase of Company common stock, adjusted for stock splits or stock and cash dividends (the "Total Return") compared to the Total Return of the financial institutions included within a group of financial institutions (the "Peer Group") selected by the Company's Compensation Committee ("Compensation Committee"). The Compensation Committee selected the following financial institutions to comprise the Peer Group for the 2017-2018 Performance Periods: 1<sup>st</sup> Capital Bank, Anchor Bancorp, Bank of Commerce Holdings, Broadway Financial Corp, Central Valley Community Bancorp, Community West Bancshares, First Financial Northwest Inc., First Northern Community Bancorp, FNB Bancorp, Idaho Independent Bank, Oak Valley Bancorp, Pacific Financial Corp, Pacific Mercantile Bancorp, Plumas Bancorp, Riverview Bancorp Inc., Sound Financial Bancorp Inc., Summit State Bank and United Security Bancshares. If any company in the Peer Group is acquired or otherwise ceases to conduct business as an independent entity during the Performance Period (described below), such company will be excluded from the Total Return calculations of the Peer Group. The Performance Period was two (2) years commencing January 1, 2017 and ending on December 31, 2018.

The Total Return was calculated for the Company and the Peer Group by reference to the stock prices prior to the commencement of each Performance Period and at the end of each Performance Period. The beginning stock prices for the Company and the Peer Group was set using the thirty (30) calendar-day trailing average closing stock prices prior to the commencement of a Performance Period. The ending stock prices were set using the thirty (30) calendar-day trailing average closing stock prices at the end of the Performance Period. The calculation of Total Return for the Company and the Peer Group resulted in placement of the Company within the overall ranking of the results for the Company and the Peer Group. The Company's performance during the Performance Period from January 1, 2017 to December 31, 2018, did not meet the minimum target and resulted in Messrs. Derenzo and Bender each forfeiting the 2,659 shares of restricted stock awarded to them on February 15, 2017. Messrs. Derenzo and Bender were the only two executive officers still employed by the Company that received the restricted stock awarded on February 15, 2017.

In February 2018, the Compensation Committee, based on data provided by McLagan, awarded time-vested restricted stock to the executive officers. Mr. Ritchie received an award of 4,330 shares of common stock equivalent to 25% of his annual salary. Messrs. Derenzo and Bender each received an award of 2,810 shares of common stock equivalent to 20% of their respective annual salary. The restricted stock awarded to these three executive officers vests in equal installments over a three-year period.

## ***Retirement Benefits***

The Company offers retirement programs that are intended to supplement the employee's retirement savings and social security benefits. The programs include the American River Bankshares 401(k) Plan ("401(k) Plan") and the American River Bankshares Deferred Compensation Plan ("Deferred Compensation Plan"); Messrs. Derenzo and Bender are covered under Salary Continuation Agreements ("SCAs"). All employees working at least twenty (20) hours per week, including the executive officers, are generally eligible to participate in the 401(k) Plan. Only the executive officers and a limited number of selected senior managers are eligible for the Deferred Compensation Plan. The SCAs are intended to provide retirement benefits for executive officers and certain key employees.

### **American River Bankshares 401(k) Plan**

The Company adopted the 401(k) Plan to enable employees to save for retirement through a tax-advantaged combination of employee and Company contributions and to provide employees the opportunity to directly manage their retirement plan assets through a variety of investment options. The 401(k) Plan allows eligible employees, including the executive officers, to elect to contribute from 1% to 100% of their eligible compensation to an investment trust. Eligible compensation generally means all wages, salaries and fees for services from the Company. Employee contributions are matched in cash by the Company at the rate of \$1.00 per \$1.00 of employee contribution for the first 3% and \$0.50 per \$1.00 of employee contribution for the next 2% of the employee's salary. Such contributions vest immediately. The 401(k) Plan provides for multiple investment options, for which the participant has sole discretion in determining how both the employer and employee contributions are invested. The 401(k) Plan does not provide the employees the option to invest directly in the Company's common stock. The 401(k) Plan offers in-service withdrawals in the form of loans, hardship distributions, after-tax account distributions and age 59.5 distributions. The 401(k) Plan benefits are payable pursuant to the participant's election in the form of a single lump sum.

### **American River Bankshares Deferred Compensation Plan**

Effective May 1, 1998, the American River Bank Deferred Compensation Plan was established for the purpose of providing the executive officers and selected senior managers, an opportunity to defer compensation. Effective December 20, 2000, the Deferred Compensation Plan was renamed the American River Bankshares Deferred Compensation Plan. Participants in the Plan may elect to defer annually a minimum of \$5,000 or up to a maximum of eighty percent of their base salary and all of their annual cash incentive compensation. At the time of election to defer compensation, the participants must also elect a distribution method as described in the Plan. The Plan permits distributions upon reaching a specified age; upon passage of a specified number of years; upon separation from service, or upon the earlier or later to occur of (A) separation from service or (B) passage of a specified number of years, in each case as elected by the participant. The participant shall also elect to receive all amounts payable to him or her in a lump sum or in equal monthly installments over a designated period of sixty (60), one hundred twenty (120) or one hundred eighty (180) months. The Company bears all administration costs but does not make contributions to the Deferred Compensation Plan. The Deferred Compensation Plan requires the Company to pay interest on the deferred balances at a rate equal to the five-year U.S. Treasury Bond plus 4.0%, set annually at the beginning of each year. For 2017, the rate credited was 6.20%. The amounts deferred and the earnings thereon are

unfunded and unsecured and subject to the claims of general creditors.

### **·Salary Continuation Agreements**

In 2003, a Salary Continuation Agreement was entered into to provide retirement benefits to Mr. Derenzo. The terms of the agreement include the amounts Mr. Derenzo will receive upon the occurrence of certain specified events, including formal retirement on or after a specified age. The agreement generally provide for annual retirement benefit payments of Fifty Thousand Dollars (\$50,000) to Mr. Derenzo. The annual retirement benefit amount is payable in equal monthly installments over a fifteen (15) year period. In the event of death, all remaining amounts due are anticipated to be paid to their respective designated beneficiaries over the remaining payout period. Other events which may alter when payment of the annual retirement benefit is to begin, or the amount which is to be paid, include termination following a "change in control," in which case the annual benefit payment is payable in equal monthly installments for fifteen (15) years beginning with the seventh (7<sup>th</sup>) month following the termination in connection with the "change in control" equal to Thirty-Two Thousand Four Hundred and Eighty-Five Dollars (\$32,485) for Mr. Derenzo. In 2007, the Company modified the agreement to include an annual vesting provision whereby the annual retirement benefit described above vests at a rate of 5% per year for Mr. Derenzo, effective January 1, 2007. If the amount vested is greater than the change in control benefit, then the amount vested would be paid.

In 2007, the Company entered into a Salary Continuation Agreement to provide retirement benefits to Mr. Bender. The terms of the agreement include the amounts Mr. Bender will receive upon the occurrence of certain specified events, including formal retirement on or after a specified age. The agreement generally provides for annual retirement benefit payments of Fifty Thousand Dollars (\$50,000) to Mr. Bender. On December 31, 2012, Mr. Bender's agreement was modified to increase the annual retirement benefit period from equal monthly installments payable over a ten (10) year period to equal monthly installments payable over fifteen (15) years. The annual benefit described above vests at a rate of 5% per year. In the event of Mr. Bender's death, all remaining amounts due are anticipated to be paid to Mr. Bender's designated beneficiary over the remaining payout period. Other events which may alter when payment of the annual retirement benefit is to begin, or the amount which is to be paid, include termination following a "change in control," in which case he is entitled to receive the annual benefit payment in equal monthly installments for fifteen (15) years beginning with the seventh (7<sup>th</sup>) month following the termination in connection with the "change in control" equal to Thirty-Two Thousand Four Hundred and Eighty-Five Dollars (\$32,485). If the amount vested is greater than the change in control benefit, then the amount vested would be paid.

### *Health and Welfare Benefits*

The Company offers a variety of health and welfare programs to all eligible employees. The executive officers generally are eligible for the same benefit programs on the same basis as the rest of the broad-based employees. The health and welfare programs are intended to protect employees against catastrophic loss and encourage a healthy lifestyle. The health and welfare programs include medical, pharmacy, dental, vision, life insurance, accidental death and disability, paid vacation and personal absence time. Coverage under the life and accidental death and disability programs offer benefit amounts specific to each executive officer.

The Company contributes a set dollar amount for employees, including the executive officers, who elect medical coverage based on the coverage tier selected. For the period October 1, 2017 through September 30, 2018, the Company made the following monthly contributions by coverage tier: Employee Only, \$617.96; Employee + Spouse, \$1,104.16; Employee + Child(ren), \$1,004.19; and Family, \$1,371.31. For the period October 1, 2018 through September 30, 2019, the Company monthly contributions by coverage tier are as follows: Employee Only, \$646.17; Employee + Spouse, \$1,154.23; Employee + Child(ren), \$1,049.34; and Family, \$1,433.39. Benefit premiums over and above those contributed by the Company are paid by the employees, including the executive officers, through payroll deduction.

The Company contribution for executive officers was 70% of health benefits elected for the employee and their dependents. For the period January 1, 2018 through December 31, 2018, the following annual Company contributions were made on behalf of each of the following executive officers: Mr. Ritchie \$17,410, Mr. Bender \$18,849, Mr. McGregor \$9,534 and Mr. Raymond \$19,595. Mr. Derenzo has chosen not to cover his dependents and therefore has elected to stay on the Company contribution schedule available to all employees as set forth above, in the previous paragraph. During 2018, the Company contributed \$7,527 towards Mr. Derenzo's health benefits.

During 2018, the Company offered voluntary long-term disability programs that provides income replacement to employees and executive officers. All executive officers participated in the voluntary plan and are eligible, after a 90-day disability period, to receive benefits at a rate of 50%-60%, depending on each executive officer's plan election, of their basic monthly earnings up to a maximum of between \$5,000 and \$10,000, depending on each executive officer's plan election, until age 65 or recovery per the terms and conditions of the program. The program is contributory and all participating employees, including executive officers, pay premiums through payroll deduction.

#### *Perquisites and Perquisite Allowance Payments*

The Compensation Committee annually reviews the perquisite program and allowances provided to each executive officer to determine if adjustments are appropriate. Mr. Ritchie is provided a Company owned vehicle for his use to attend various events in the Company's market area, for business development purposes on behalf of the Company, and for incidental personal use, including commuting to and from his home. The perquisites do not exceed \$10,000 per year individually or in the aggregate.

#### *Other Payments*

In October 2017, the Company entered into an employment agreement with Mr. Ritchie. This agreement included a reimbursement for relocation and moving expenses for up to \$50,000, net of taxes, as incurred. During 2018, these expenses totaled \$63,815, on a pretax basis.

*Employment Agreements; Change in Control and Termination Benefits*

Mr. Ritchie's employment agreement provides for an initial term of two years subject to automatic one-year extensions thereafter unless terminated in accordance with the terms of the agreement. The agreement provides for a base salary which is disclosed in the "Summary Compensation Table" on page 33 of this proxy statement and a guaranteed bonus of \$160,000 per year for each of the fiscal years ending December 31, 2017 and December 31, 2018. Commencing in 2019, Mr. Ritchie is eligible to receive an annual incentive pursuant to the Incentive Compensation Plan. The amount of the incentive and the performance goals applicable to the incentive will be determined by the Board upon recommendation of the Compensation Committee.

Mr. Ritchie's employment agreement may be terminated with or without cause, but if the agreement is terminated without cause including, without limitation, automatic termination due to the occurrence of circumstances that make it impossible or impractical for the Company to conduct or continue its business, or the Company's breach of the terms of the agreement, Mr. Ritchie is entitled to receive severance compensation equal to twelve (12) months of the existing base salary, less applicable withholding deductions (in addition to salary, incentive compensation, or other payments, if any, due to Mr. Ritchie), a pro-rated portion of his prior year's incentive compensation, and reimbursement for health insurance coverage for a period of eighteen (18) months. The agreement further provides that in the event of a "change in control" as defined therein and within a period of two years following consummation of such change in control (i) his employment is terminated; or (ii) any adverse change occurs in the nature and scope of his salary or benefits; or (iii) any event occurs which reasonably constitutes a constructive termination of employment, by resignation or otherwise, then he will be entitled to receive severance compensation in an amount equal to twenty-four (24) months of his annual base salary, less applicable withholding deductions (in addition to salary, incentive compensation, or other payments, if any, due to him), an incentive compensation payment in an amount equal to the average of the previous three year incentive compensation amounts, and reimbursement for health insurance coverage for a period of eighteen (18) months (or \$1,957 per month for a total of \$35,226). Mr. Ritchie's annual salary at December 31, 2018 was \$265,000. Also, in the event of a change in control, certain equity awards may become fully vested, as described under "Long-Term Incentive Compensation" on page 24 of this proxy statement and disclosed in the table on page 35 of this proxy statement titled "Outstanding Equity Awards at Fiscal Year-End." Based on the December 31, 2018 stock price of \$13.95 the value of restricted stock that has not yet vested would be approximately \$128,605.

In September 2006, the Company entered into employment agreements with Messrs. Derenzo and Bender. The agreements have no stated term and can be terminated at any time by the Company or by the employee, with or without cause. The agreements provide a base salary which is disclosed in the "Summary Compensation Table" on page 33 of this proxy statement. The agreements may be terminated with or without cause, but if an agreement is terminated without cause, including, without limitation, automatic termination due to the occurrence of circumstances that make it impossible or impractical for the Company to conduct or continue its business, or the Company's breach of the terms of an agreement, Messrs. Derenzo and Bender each would be entitled to receive severance compensation equal to six (6) months of their existing base salary. The agreements further provide that in the event of a "change in control" as defined therein and within a period of two years following consummation of such change in control (i) their employment is terminated; or (ii) any adverse change occurs in the nature and scope of their salary or benefits; or (iii) any event occurs which reasonably constitutes a constructive termination of employment, by resignation or otherwise, then they would be entitled to receive severance compensation in an amount equal to twelve (12) months of their annual base salary, less applicable withholding deductions (in addition to salary, incentive compensation, or other

payments, if any, due the employee). The salaries for Messrs. Derenzo and Bender at December 31, 2018 were each \$226,000. Also, in the event of a change in control, certain equity awards may become fully vested, as described under “Long-Term Incentive Compensation” on page 24 of this proxy statement and disclosed in the table on page 35 of this proxy statement titled “Outstanding Equity Awards at Fiscal Year-End.” Based on the December 31, 2018 stock price of \$13.95 the value of unexercised stock options would be approximately \$70,573 for Mr. Derenzo and approximately \$73,046 for Mr. Bender and the value of restricted stock that has not yet vested would be approximately \$53,638 for Mr. Derenzo and approximately \$52,550 for Mr. Bender. In addition, vesting under Messrs. Derenzo’s and Bender’s salary continuation agreements will accelerate in accordance with provisions of the agreement upon such a change in control as described under “Salary Continuation Agreements” on page 26 of this proxy statement which would result in a payment of \$32,485 for each of them.

In December 2017, the Company entered into an employment agreement with Mr. Raymond. The agreement has no stated term and can be terminated at any time by the Company or Mr. Raymond, with or without cause. The agreement provides a base salary which is disclosed in the “Summary Compensation Table” on page 33 of this proxy statement. The agreement may be terminated with or without cause, but if the agreement is terminated without cause, including, without limitation, automatic termination due to the occurrence of circumstances that make it impossible or impractical for the Company to conduct or continue its business, or the Company’s breach of the terms of an agreement, Mr. Raymond is entitled to receive severance compensation equal to six (6) months of his existing base salary. The agreement further provides that in the event of a “change in control” as defined therein and within a period of two years following consummation of such change in control (i) his employment is terminated; or (ii) any adverse change occurs in the nature and scope of his salary or benefits; or (iii) any event occurs which reasonably constitutes a constructive termination of his employment, by resignation or otherwise, then he will be entitled to receive severance compensation in an amount equal to twelve (12) months of his annual base salary, less applicable withholding deductions (in addition to salary, incentive compensation, or other payments, if any, due to him). Mr. Raymond’s salary at December 31, 2018 was \$210,000. Also, in the event of a change in control, certain equity awards may become fully vested, as described under “Long-Term Incentive Compensation” on page 24 of this proxy statement and disclosed in the table on page 35 of this proxy statement titled “Outstanding Equity Awards at Fiscal Year-End;” however as of December 31, 2018, Mr. Raymond has not yet been awarded any stock options or restricted stock.

In May 2018, the Company entered into an employment agreement with Mr. McGregor. The agreement has no stated term and can be terminated at any time by the Company or Mr. McGregor, with or without cause. The agreement provides a base salary which is disclosed in the “Summary Compensation Table” on page 33 of this proxy statement. The agreement may be terminated with or without cause, but if the agreement is terminated without cause, including, without limitation, automatic termination due to the occurrence of circumstances that make it impossible or impractical for the Company to conduct or continue its business, or the Company’s breach of the terms of an agreement, Mr. McGregor is entitled to receive severance compensation equal to six (6) months of his existing base salary. The agreement further provides that in the event of a “change in control” as defined therein and within a period of two years following consummation of such change in control (i) his employment is terminated; or (ii) any adverse change occurs in the nature and scope of his salary or benefits; or (iii) any event occurs which reasonably constitutes a constructive termination of his employment, by resignation or otherwise, then he will be entitled to receive severance compensation in an amount equal to twelve (12) months of his annual base salary, less applicable withholding deductions (in addition to salary, incentive compensation, or other payments, if any, due to him). Mr. McGregor’s salary at December 31, 2018 was \$200,000. Also, in the event of a change in control, certain equity awards may become fully vested, as described under “Long-Term Incentive Compensation” on page 24 of this proxy statement and disclosed in the table on page 35 of this proxy statement titled “Outstanding Equity Awards at Fiscal Year-End;” however as of December 31, 2018, Mr. McGregor has not yet been awarded any stock options or restricted stock.

### ***Tax Deductibility and Executive Compensation***

Section 162(m) of the Internal Revenue Code generally limits the corporate tax deduction for compensation paid to our executive officers in any fiscal year to \$1 million per individual. For our fiscal year 2018 and later fiscal years, this limitation applies to compensation paid to or with respect to anyone who had been an executive officer in fiscal year 2017 or any later fiscal year, even if the individual is not an executive officer in the year for which deduction would be taken. Prior to 2018, this deduction limitation did not apply to compensation that met certain requirements to be considered performance-based. As a result of amendments made to Section 162(m) by the Tax Cuts and Jobs Act of 2017, performance-based compensation is now included in compensation subject to the \$1 million annual deduction limitation. At present, the California Revenue and Taxation Code has not been conformed to the recent amendments to Section 162(m), so that, unless and until the California law also is changed, performance-based compensation may continue to be deductible in determining the Company's California franchise tax liability without regard to the \$1 million limitation. For this reason, the Compensation Committee may continue to provide performance-based compensation that meets the pre-amendment requirements of Section 162(m), to the extent, if any, that California tax law may continue to exempt such compensation from its \$1 million annual deduction limitation. The Compensation Committee believes that shareholder interests are best served if it has discretion and flexibility to award compensation to our executives that is not performance-based for tax deduction purposes and that is not restricted to \$1 million annually, even though some compensation awards may result in non-deductible compensation expenses. The Compensation Committee will continue to review and modify our compensation practices and programs as necessary to maintain our ability to attract and retain key executives while taking into account the deductibility of compensation programs.

### **Pay Ratio Disclosure**

The annual total compensation for 2018 was \$56,530 for our median employee and \$523,913 for CEO Ritchie. The resulting ratio comparing the annual total compensation for 2018 earned by CEO Ritchie and by our median employee is 9.3 to 1.

We identified the median employee by examining the 2018 total compensation for all individuals (excluding Mr. Ritchie) who were employed by us on December 31, 2018, the last day of our payroll year. We included all employees, whether employed on a full-time, part-time or seasonal basis and we annualized the compensation for

full-time employees that were not employed by us for all of 2018.

We calculated the median employee's annual total compensation using the same methodology we use for our named executive officers as set forth in the Summary Compensation Table in this proxy statement. Our median employee participated in a cash incentive compensation plan that paid periodically during 2018 or earned incentive compensation in 2017 that was paid in 2018 and we used these amounts received in 2018 for median employee annual total compensation. CEO Ritchie earned incentive compensation of \$160,000 in 2018. The incentive payment to Mr. Ritchie was used to calculate the respective annual total compensation for 2018. We excluded from Mr. Ritchie's 2018 annual total compensation the reimbursement of the one-time relocation expenses of \$63,815.

## TRANSACTIONS WITH RELATED PERSONS

The Company has a policy that it does not enter into any transactions covered under Item 404 of Regulation S-K with the exception of loans made by the Company's subsidiary, American River Bank, (see "Indebtedness of Management" immediately following this section) and a lease transaction described below that was entered into in 1985, and subsequently renewed, with Bradshaw Plaza, Associates, Inc., a California corporation doing business as Bradshaw Plaza, which is owned in part by Charles D. Fite, a director of the Company, in addition to ownership by other family members.

American River Bank leases the premises at 9750 Business Park Drive, Sacramento, California and uses the premises for one of its branch locations. The lease term is 3 years and expires on November 30, 2019. The premises consist of

3,711 square feet on the ground floor. The current monthly rent is \$6,308. The approximate aggregate rental payments for the period from January 1, 2019 through the lease term expiring on November 30, 2019 will be \$69,400. The Board of Directors has evaluated this transaction and the lease relationship and has determined that it does not impair the independence of Mr. Fite, as defined under applicable NASDAQ listing rules. The Board of Directors also determined that they would not expand the existing lease relationship nor would they enter into any new leases for any location other than the current location with Mr. Fite or any of his related companies.

Other than the lease transaction with Director Fite, there have been no transactions, or series of similar transactions, since January 1, 2018, or any currently proposed transaction, or series of similar transactions, to which American River Bankshares or American River Bank was or is to be a party, in which the amount involved exceeded or will exceed \$120,000 and in which any director, director-nominee or executive officer of American River Bankshares or American River Bank, any shareholder owning of record or beneficially 5% or more of American River Bankshares common stock, or any member of the immediate family of any of the foregoing persons, had, or will have, a direct or indirect material interest except as described below.

## Indebtedness of Management

American River Bankshares, through American River Bank, has had, and expects in the future to have banking transactions in the ordinary course of its business with many of American River Bankshares' directors and officers and their associates, including transactions with corporations of which such persons are directors, officers or controlling shareholders, on substantially the same terms (including interest rates and collateral) as those prevailing for comparable transactions with unrelated persons. Management believes that in 2018 such transactions comprising loans did not involve more than the normal risk of collectability or present other unfavorable features. Loans to executive officers of American River Bankshares and American River Bank are subject to limitations as to amount and purposes prescribed in part by the Federal Reserve Act, as amended, and the regulations of the Federal Deposit Insurance Corporation.

## PROPOSAL NO. 2

### RATIFICATION OF THE SELECTION OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The independent registered public accounting firm of Crowe LLP ("Crowe") served the Company as its independent registered public accountants and auditors for the fiscal years ended December 31, 2018 and 2017, at the direction of the Audit Committee and the Board of Directors of the Company. Crowe does not have any interests, financial or otherwise, in the Company. The services rendered by Crowe during the 2018 and 2017 fiscal years were audit services, consultation in connection with various accounting matters, and preparation of the Company's income tax returns.

The table below summarizes the services rendered to the Company by Crowe during and for the 2018 and 2017 fiscal years.

	2018	2017
Audit Fees (1)	\$228,800	\$233,800
Audit-Related Fees (2)	13,200	12,900
Tax Fees (3)	21,900	21,900
All Other Fees (4)	500	—
Total Accounting Fees	\$264,400	\$268,600

Audit fees consisted of services rendered by Crowe for the audit of the Company's consolidated financial statements included in the Annual Report on Form 10-K and for reviews of the financial statements included in the (1) Company's quarterly reports on Form 10-Q for fiscal years 2018 and 2017. These fees also included the audit of the Company's internal control over financial reporting, based on criteria established in Internal Control – Integrated Framework: (2013) issued by the Committee of Sponsoring Organizations of the Treadway Commission ("COSO").  
(2)

Audit-related fees represent fees for professional services in connection with the audit of the Company's 401(k) plan.

- (3) Tax fees consisted principally of services rendered by Crowe for assistance relating to tax compliance and reporting for fiscal years 2018 and 2017.
- (4) All other fees, if any, are professional services related to consultation.

The Audit Committee approved each professional service rendered by Crowe during the 2018 and 2017 fiscal years and considered whether the provision of such services is compatible with Crowe maintaining its independence. The approval of such professional services included pre-approval of all audit and permissible non-audit services provided by Crowe. These services included audit, tax and other services described above. The Audit Committee Charter, which can be found on the Company's website [www.americanriverbank.com](http://www.americanriverbank.com) by accessing the *Investor Relations* link, then the *Corporate Information* link, then the *Governance Documents* link located at that address, includes a policy of pre-approval of all services provided by the Company's independent registered public accountants. The Audit Committee approved one hundred percent (100%) of all such professional services provided by Crowe during the 2018 and 2017 fiscal years. It is anticipated that one or more representatives of Crowe will be present at the Meeting and will be able to make a statement if they so desire and answer appropriate questions from shareholders.

The ratification of the selection of Crowe as the Company's independent registered public accountants requires approval of a majority of the total number of shares voting at the Meeting. If our shareholders do not ratify the selection of independent accountants, the Audit Committee will reconsider the appointment. However, even if our shareholders ratify the selection, the Audit Committee may still appoint new independent accountants at any time during the year if it believes that such a change would be in the best interests of the Company.

## **Recommendation of Management**

**The Board of Directors recommends that shareholders vote “FOR” the ratification of the selection of Crowe, LLP as the Company’s independent registered public accountant for the fiscal year ended December 31, 2019.**

## **AUDIT COMMITTEE REPORT**

The Company’s independent registered public accountants report directly to the Audit Committee.

The Audit Committee has reviewed and discussed the audited financial statements of the Company for the fiscal year ended December 31, 2018 with management and Crowe LLP, the Company’s independent registered public accountants. ### **PROPOSAL NO. 3**

#### **ADVISORY (NON-BINDING) VOTE TO APPROVE NAMED EXECUTIVE OFFICER COMPENSATION**

The Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010 (the “Dodd-Frank Act”) provides shareholders with the opportunity to vote on an advisory (non-binding) basis, to approve the compensation of our named executive officers as further described in the “Compensation Discussion and Analysis” and “Executive Compensation” sections of this proxy statement, including the related compensation tables and narrative discussion. This proposal, commonly known as a “Say on Pay” proposal, provides our shareholders the opportunity to express their views on our executive officer compensation program, as it relates to our named executive officers. This vote is not intended to address any specific item of compensation, but rather the overall compensation of our named executive officers and the philosophy, policies and practices described in this proxy statement.

We ask our shareholders to indicate their support for our executive officer compensation program for our named executive officers and vote “FOR” the following resolution at the Meeting:

“RESOLVED, that the Company’s shareholders approve, on an advisory basis, the compensation paid to the Company’s named executive officers as disclosed in this proxy statement pursuant to Item 402 of Regulation S-K, including the discussion in the “Compensation Discussion and Analysis” and “Executive Compensation” sections of this proxy statement and the related compensation tables and narrative discussion.”

Because your vote is advisory, it will not be binding upon the Board of Directors or the Compensation Committee and may not be construed as overruling any decision by the Board of Directors or the Compensation Committee. However, the Board of Directors and the Compensation Committee may, in their respective sole discretion, take into account the outcome of the vote when considering future executive officer compensation arrangements.

Shareholders are encouraged to carefully review the “Compensation Discussion and Analysis” and “Executive Compensation” sections of this proxy statement and the related compensation tables and narrative discussion for a detailed discussion of the Company’s executive officer compensation program for our named executive officers.

The 2020 Annual Meeting of Shareholders will be held on May 21, 2020. The deadline for shareholders to submit proposals for inclusion in the proxy statement and form of proxy for the 2020 Annual Meeting of Shareholders is December 7, 2019. The proposals must be in a form compliant with our Bylaws and applicable law. Management of the Company will have discretionary authority to vote proxies obtained by it in connection with any shareholder proposal not submitted on or before the deadline. All proposals should be submitted by Certified Mail - Return Receipt Requested, to Stephen H. Waks, Secretary, American River Bankshares, 3100 Zinfandel Drive, Suite 450, Rancho Cordova, CA 95670. For any proposal that is not submitted for inclusion in next year's proxy statement (as described in the preceding paragraph), but is instead sought to be presented directly at next year's annual meeting, SEC rules permit management to vote proxies in its discretion if the Company (a) receives notice of the proposal before the close of business on February 19, 2020 and advises shareholders in next year's proxy statement about the nature of the matter and how management intends to vote on the matter, or (b) does not receive notice of the proposal prior to the close of business on February 19, 2020.

## OTHER MATTERS

The Board of Directors knows of no other matters, which will be brought before the Meeting, but if such matters are properly presented to the Meeting, proxies solicited hereby will be voted in accordance with the discretion of the persons holding such proxies. All shares represented by duly executed proxies will be voted at the Meeting and at any and all postponements or adjournments thereof in accordance with the terms of such proxies.
