In February 2003, the Company entered into a consulting agreement with Richard Keates, M.D., a director of the Company. Pursuant to this agreement, Dr. Keates receives a monthly retainer of \$5,000, plus a fee of \$1,500 per day for consulting work performed. Through December 31, 2003 consulting fees and related expenses totaling \$118,000 and \$24,581, respectively, were recorded pursuant to this agreement, of which \$14,721 is included in accounts payable at December 31, 2003.

In January 2004, the Company revised the contract with Dr. Keates increasing his monthly consulting fees to \$15,000 and reimbursement of related business expenses. Through December 31, 2004, consulting fees and related expenses totaling \$180,000 and \$26,784, respectively, were recorded pursuant to this agreement, of which \$30,398 is included in accounts payable at December 31, 2004.

In February 2003, the Company paid consulting fees in the amount of \$110,000 to a corporation controlled by Peter Lewis and David Eisenberg, two shareholders, each of whom own beneficially in excess of 5% of the outstanding shares of common stock of the Company, related to services provided in connection with the finalization of the Merger Agreement. In April 2003, the Company entered into a consulting agreement with this corporation, pursuant to which it is entitled to receive a monthly fee of \$15,000; however, payment of accrued fees is not due until such time as the Company has a minimum cash balance of \$2.5 million. During 2003, the Company recorded finders' fee expenses totaling \$30,000 for amounts earned by Peter Lewis and the corporation in connection with private equity placements by the Company. Of the total finders' fees earned, \$15,000 was paid during 2003 and \$15,000 is included in accrued expenses at December 31, 2003. Through December 31, 2004 a total of \$315,000 in fees has been expensed and accrued pursuant to this agreement.

In July 2003, Richard H. Keates, M.D., a director of the Company,

Edgar Filing: VISIJET INC - Form PRE 14A

purchased 100,000 shares of the Company's common stock in a private placement of equity securities for \$100,000. In connection with this investment, Dr. Keates also received 100,000 5-year warrants to purchase common stock at an exercise price of \$2.25.

In November 2003, directors Richard H. Keates, M.D., Norman Schwartz, and Adam Krupp were granted 200,000, 75,000 and 25,000 10-year options, respectively, to purchase shares of the company's common stock at an exercise price of \$1.10. In October 2004, directors Richard H. Keates, M.D., Norman Schwartz, and Adam Krupp were granted 200,000, 100,000 and 25,000 10-year options, respectively, to purchase shares of the company's common stock at an exercise price of \$0.40.

REPORT OF THE AUDIT COMMITTEE OF THE BOARD OF DIRECTORS

The Audit Committee consists of Dr. Richard H. Keates, Adam Krupp and Norman Schwartz. The primary focus of the Audit Committee is to assist the Board of Directors in its general oversight of the Company's financial reporting, internal control and audit functions. Management is responsible for the preparation, presentation and integrity of the Company's financial statements, accounting and financial reporting principles, internal controls and procedures designed to assure compliance with accounting standards, applicable laws and regulations. The Company's independent auditing firm is responsible for performing an independent audit of the consolidated financial statements in accordance with auditing standards generally accepted in the United States of America.

The Committee serves an oversight role to the Board of Directors in which it provides advice, counsel and direction to management and the auditors on the basis of the information it receives, discussions with management and the auditors, and the experience of the Committee's members in business, financial and accounting matters. The Committee members are not professional auditors and their functions are not intended to duplicate or to certify the activities of management and the independent auditors.

In this context, members of the Audit Committee have reviewed and discussed with management the audited financial statements of the Company for the fiscal year ended December 31, 2004. Management represented to the Audit Committee that the financial statements were prepared in accordance with generally accepted accounting principles, which was affirmed by the Company's independent auditors, Peterson & Co., LLP. The Audit Committee has also reviewed the matters required by Statement on Auditing Standards No. 61, "Communication with Audit Committee."

11

The Audit Committee has received and reviewed the written disclosures and the letter from Peterson & Co., LLP required by Independence Standards Board Standard No. 1, "Independence Discussions with Audit Committees," and the Audit Committee discussed with Peterson & Co., LLP the firm's independence.

Based on these actions, the Audit Committee recommended that the Board of Directors include the audited financial statements in the Company's Annual Report on Form 10-KSB for the year ended December 31, 2004, as filed with the Securities and Exchange Commission.

AUDIT AND OTHER FEES

Summarized below is the aggregate amount of professional fees billed by our principal accountants, Peterson & Co., LLP with respect to the last two fiscal years:

	2004	2003
	-----	-----
Audit fees	\$ 105,182	\$ 94,348
Audit - related fees	14,145	12,913
Tax fees	4,040	12,163
All other fees, including tax consultation and preparation	--	--
	-----	-----
	\$ 123,367	\$ 119,424

All audit fees were approved by our audit committee and board of directors. Peterson & Co. did not provide any non-audit services other than tax services to the Company. Audit fees include fees for the annual audit and review of financial statements included in that year's Form 10-QSB filings, as well as fees for any other services normally provided by the principal accountant in connection with statutory or regulatory filings, including SEC filings, or engagements.

PROPOSAL 2--NAME CHANGE

The Board of Directors has determined that it is advisable and recommends that the stockholders approve an amendment to the Company's Restated Certificate of Incorporation to change the name of the Company to "Advanced Refractive Technologies, Inc."

The Board of Directors believes the proposed new name more accurately reflects the Company's business focus on a broad range of refractive technologies, beyond waterjet applications. As the Company has commenced commercialization of its products, the Board believes that now would be an appropriate time to effect the name change. The Company has already commenced use of Advanced Refractive Technologies as a trade name.

The change of the Company's name will not affect, in any way, the validity of currently outstanding stock certificates, nor will it be necessary for the Company's stockholders to surrender or exchange any stock certificates that they currently hold as a result of the name change. If the name change is approved at the Meeting, the Company intends to promptly file an amendment to its Restated Certificate of Incorporation effecting the name change. In connection with the name change, the Company may seek to change the trading symbol for its common stock on the NASD Over-The-Counter Bulletin Board.

Stockholders will not be entitled to rights of appraisal or similar rights of dissenters in connection with the proposed name change.

The Board of Directors recommends a vote "FOR" approval of the name change.

Edgar Filing: VISIJET INC - Form PRE 14A

The Board of Directors has approved the 2005 Advanced Refractive Technologies, Inc. Stock Option Plan (the "2005 STOCK OPTION PLAN"), an incentive and non-qualified stock option plan which authorizes the issuance of up to 5,000,000 shares of our common stock. The 2005 Stock Option Plan was approved by the Board of Directors subject to stockholder approval. If the 2005 Stock Option Plan is approved, the shares of common stock being authorized will be used to grant non-qualified stock options to our employees, directors, officers and consultants and incentive and non-qualified stock options to our employees.

With respect to incentive stock options, the 2005 Stock Option Plan provides that the exercise price of each such option must be at least equal to 100% of the fair market value of our common stock on the date of grant (110% in the case of stockholders who, at the time the option is granted, own more than 10% of the outstanding common stock), and requires that all such options have an expiration date not later than ten years from the date of the grant (or the fifth anniversary of the date of grant, in the case of 10% stockholders). Pursuant to the provisions of the 2005 Stock Option Plan, the aggregate fair market value, determined as of the date(s) of grant, for which incentive stock options are first exercisable by an option holder during any one calendar year cannot exceed \$100,000.

With respect to non-qualified stock options, the 2005 Stock Option Plan requires that the exercise price of all such options be at least equal to 100% of the fair market value of our common stock on the date such option is granted and requires that all such options have an expiration date not later than ten years from the date of the grant of the option.

The Board of Directors believes that the Company and its stockholders have benefited from the grant of stock options in the past and that similar benefits will result from the adoption of the 2005 Stock Option Plan. It is believed that stock options play an important role in providing eligible employees with an incentive and inducement to contribute fully to our Company's growth and development because of the opportunity to acquire a proprietary interest in the Company on an attractive basis.

Options granted under the 2005 Stock Option Plan terminate on the date the optionee's relationship with us is terminated except if termination is by reason of death or disability. In such event, the option remains exercisable for three months after the optionee's death or termination of employment by reason of disability (twelve months in the case of incentive stock options). If an optionee's employment or service is terminated within three months following a Stock Option Change of Control (as defined in the Plan), then the options will remain exercisable for three months after the optionee's termination.

The Board of Directors has a limited right to modify or amend the 2005 Stock Option Plan, which does not include the right to increase the number of shares available for the grant of options.

During the term of the 2005 Stock Option Plan, our eligible employees will receive, for no consideration prior to exercise, the opportunity to profit from any rise in the market value of our common stock. This will dilute the equity interest of our other stockholders. The grant and exercise of the options also may affect our ability to obtain additional capital during the term of any options.

The 2005 Stock Option Plan will be administered by the Board of Directors, or by any Stock Option Committee or Compensation Committee that may be established by the Board of Directors. The description of the proposed 2005 Stock Option Plan set forth above is a summary of various provisions of the 2005 Stock Option Plan and is not a complete description of the plan. The Plan is

Edgar Filing: VISIJET INC - Form PRE 14A

attached to this proxy statement as Appendix A.

Federal Income Tax Consequences

The following is a summary of the federal income tax treatment of the stock options which may be granted under the 2005 Stock Option Plan based upon the current provisions of the Internal Revenue Code. This summary does not purport to be a complete and detailed description of all possible tax

13

consequences to the recipient of a stock option. It describes the federal tax consequences in effect as of the date of this Proxy Statement. Each holder of a stock option is advised to consult his or her tax advisor because tax consequences may vary depending on the individual circumstances of the holder.

An option holder who exercises a non-qualified stock option will recognize taxable compensation at the date of exercise with respect to the difference between the fair market value of the option shares at exercise and the exercise price paid to purchase such shares. The Company is entitled to a corresponding deduction for such compensation. At such time as the option stock is sold, the option holder will recognize either short-term or long-term capital gain income (depending upon the length of time such stock has been held) with respect to the excess of the stock sale price over the exercise price paid to purchase such shares.

An option holder who exercises an incentive stock option will not realize any regular taxable income. At the date of exercise, the option holder may, depending on his or her personal tax situation, be subject to Alternative Minimum tax ("AMT") because the difference between the fair market value of the shares at exercise and the exercise price represents an AMT preference item.

The tax consequences of a disposition of an incentive stock option depend upon the length of time the stock has been held by the employee. If the employee holds the option stock for at least two years after the option is granted and one year after the exercise of the option, any gain realized on the sale is long-term capital gain. In order to receive long-term capital gain treatment, the employee must remain in our employ from the time the option is granted until three months before its exercise (twelve months in the event of termination due to disability of the employee). We will not be entitled to a deduction in this instance.

If the incentive option stock is not held for the requisite holding period described above, a "disqualifying disposition" will occur. A disqualifying disposition results in the employee recognizing ordinary compensation income to the extent of the lesser of: (1) the fair market value of the option stock on the date of exercise less the exercise price (the "spread") or (2) the amount realized on disposition of the option stock less the exercise price. If the amount realized on the disposition is greater than the fair market value of the stock on the date the stock option was exercised, such excess will be treated as a capital gain, which will be a long-term capital gain if the stock was held for the appropriate holding period (currently more than one year). We will be entitled to a deduction at this time for such ordinary compensation income. The option holder's basis in such shares will be the fair market value on the date of exercise.

The Board of Directors recommends a vote "FOR" APPROVAL of the 2005 Stock Option Plan.

Edgar Filing: VISIJET INC - Form PRE 14A

The Board is not aware of any matters not set forth herein that may come before the Meeting. If, however, further business properly comes before the Meeting, the persons named in the proxies will vote the shares represented thereby in accordance with their judgment.

8. AMENDMENT, SUSPENSION OR TERMINATION.

The Board may amend, suspend or terminate the Plan, including, but not limited to, such amendments as may be necessary or desirable resulting from changes in the federal income tax laws and other applicable laws, but may not, without approval by the holders of a majority of all outstanding shares entitled to vote on the subject at a meeting of stockholders of the Company, increase the total number of shares of Stock that may be optioned or granted under the Plan.

9. TAX WITHHOLDING.

The Company shall have the right to (i) require that shares of Stock be withheld in an amount sufficient to satisfy withholding of any federal, state or local taxes required by law and (ii) take such other action as may be necessary or appropriate to satisfy any such withholding obligations. The Committee may determine the manner in which such tax withholding shall be satisfied. The date the Option is exercised shall be the date used for purposes of determining the Fair Market Value of the shares of Stock used to satisfy the required tax withholding.

10. EFFECTIVE DATE AND DURATION OF THE PLAN.

The Plan shall be effective on the date of the approval of the Plan by the shareholders of the Company in the manner prescribed by law, and shall terminate on the tenth anniversary of the effective date. The Plan shall be null and void and of no effect if the foregoing condition is not fulfilled, and in such event each Stock Option granted hereunder shall, notwithstanding any of the preceding provisions of the Plan, be null and void and of no effect.
