AAON REPORTS SECOND QUARTER
RECORD SALES AND LOWER EARNINGS

Tulsa, OK, July 20, 2004 - AAON, Inc. (NASDAQ-AAON) today announced operating results for the second quarter and six-month period ended June 30, 2004.

In the quarter, revenues reached a record level, \$43,019,000, up 15.6% from \$37,222,000 during the corresponding period in 2003, and net income decreased 53.2% to \$1,571,000 or \$0.12 per share compared to \$3,357,000 or \$0.25 per share for the same period a year ago.

Norman H. Asbjornson, President and CEO, pointed out that "the higher sales were attributable to a record backlog and a small (1%) contribution of revenues from AAON Canada, Inc., acquired on May 5, 2004, despite closings of the Company's Tulsa plant for four days during the period due to computer and electrical outages. The lower earnings resulted from the continued impact of higher steel and copper prices and startup costs associated with a new coil project, equipment failures at the Company's Longview, Texas plant, which prevented coil production needed by the Tulsa facility, and the above-referenced plant closings, all of which combined to reduce margins from 23.7% in the second quarter of 2003 to 14.8% in 2004; and AAON Canada, Inc., incurred a loss of approximately \$100,000."

Net sales for the first six months of 2004 were up 14.9%, \$80,513,000, compared to \$70,078,000 in 2003, whereas earnings were down 43.0% from \$6,852,000 or \$0.51 per share, compared to \$3,908,000 or \$0.30 per share. All per share earnings are on a diluted basis.

Mr. Asbjornson said that, "the outlook is for higher sales and improved earnings during the last half of 2004, compared to the first half year results."

Certain statements in this news release may be "forward-looking statements" within the meaning of Section 27A of the Securities Act of 1933. Statements regarding future prospects and developments are based upon current expectations and involve certain risks and uncertainties that could cause actual results and developments to differ materially from the forward-looking statements.
