We have not authorized anyone to provide you with information about the company; therefore, you should rely only on the information contained in this document or on documents to which we refer you. Although we believe we have provided you with all the information helpful to you in your decision to vote, events may occur at First National Community Bancorp, Inc. subsequent to printing this proxy statement that might affect your decision or the value of your stock.

Record Date, Quorum, Voting Rights

The company's Board of Directors fixed March 31, 2010 as the record date for the determination of shareholders entitled to notice of and to vote at the annual meeting. On the record date, the company had 16,300,000 outstanding shares of common stock, par value \$1.25 per share, the only authorized class of stock, which was held by approximately 1,650 shareholders.

Under Pennsylvania law and the company's by-laws, the presence of a quorum, in person or by proxy, is required for each matter to be acted upon at the annual meeting. The presence, in person or by proxy, of shareholders entitled to cast at least a majority of the votes which all shareholders are entitled to cast, constitutes a quorum for the transaction of business at the annual meeting. Votes withheld and abstentions will be counted in determining the presence of a quorum. Broker non-votes will not be counted in determining the presence of a quorum for the particular matter as to which the broker withheld authority.

Each holder of common stock is entitled to one vote, in person or by proxy, for each share of common stock held in his or her name in the company's books as of the record date. Assuming the presence of a quorum, the three (3) nominees for director receiving the highest number of votes will be elected at the annual meeting.

Solicitation of Proxies and Voting

The cost of preparing, assembling, printing, mailing and soliciting proxies, and any additional material that the company sends to its shareholders in connection with the annual meeting, will be paid by the company. In addition to solicitation by Registrar and Transfer Company, the directors, officers and employees of the company and First National Community Bank may solicit proxies from shareholders personally or by telephone, facsimile or other electronic means without additional compensation. Arrangements will be made with brokerage firms and other custodians, nominees and fiduciaries to forward proxy solicitation materials to the beneficial owners of the common stock held of record by these persons, and upon their request, the company will reimburse them for their reasonable forwarding expenses.

You can vote your shares by completing and returning a written proxy card. You may also vote your shares using the Internet. To do so, access www.proxyvotenow.com/fncb and follow the on screen instructions. Have your control number from your proxy card available when you access the web page. Telephone voting is also available, toll free, by calling 1-866-776-5650 from a touch tone phone.

You can also vote in person at the meeting. Submitting your voting instructions by returning a proxy card or by voting over the telephone or over the Internet will not affect your right to attend the meeting and vote. The method by which you vote will in no way limit your right to vote in person at the annual meeting, after giving notice to Michael J. Cestone, Jr., Secretary of the company.

If your shares are registered directly in your name with First National Community Bancorp, Inc.'s transfer agent, Registrar and Transfer Company, you are considered, with respect to those shares, the shareholder of record, and these proxy materials are being sent directly to you by the company. As the shareholder of record, you have the right to grant your voting proxy directly to the proxy holder, to cast your vote electronically or to vote in person at the meeting. The company has enclosed a proxy card for your use.

If your shares are held in a stock brokerage account or by a bank or other nominee, you are considered the "beneficial owner" of the shares held in street name, and these proxy materials are being forwarded to you by your broker or nominee which is considered, with respect to those shares, the shareholder of record. As the beneficial owner, you have the

right to direct your broker how to vote and are also invited to attend the meeting. However, because you are not the shareholder of record, you may not vote these shares in person at the meeting. Your broker or nominee has enclosed a voting instruction card for you to use in directing the broker or nominee how to vote your shares. Shares represented by a properly executed proxy, unless subsequently revoked, will be voted at the annual meeting in accordance with the instructions made by the shareholders. If a proxy is signed, executed and returned without indicating any voting instructions, the shares represented by the proxy will be voted in accordance with the recommendations of the Board of Directors.

Revocation of Proxies

A shareholder of the company who returns a proxy may revoke the proxy prior to the time it is voted in any one of the following ways:

- by giving written notice of revocation to Michael J. Cestone, Jr., Secretary of First National Community Bancorp, Inc., 102 East Drinker Street, Dunmore, Pennsylvania 18512-2491; or
 - by executing a later-dated proxy and giving written notice to the Secretary of the company; or
 - by voting in person after giving written notice to the Secretary of the company.

Attendance by a shareholder at the annual meeting will not itself constitute a revocation of the proxy.

You have the right to vote and, if desired, to revoke your proxy any time before the annual meeting. Should you have any questions, please contact Michael J. Cestone, Jr., Secretary of the company, at (570) 346-7667.

PROPOSALS 1 and 2:

ELECTION OF DIRECTORS

In accordance with Sections 9.2 and 9.3 of the company's by-laws, the company has a classified Board of Directors with staggered three-year terms of office. In a classified board, the directors are generally divided into separate classes of equal number. The terms of the separate classes expire in successive years. The company's Board of Directors is classified into three classes – Class A, Class B, and Class C. Thus, at each annual meeting of shareholders, successors to the class of directors whose term then expires are elected to hold office for a term of three years. Therefore, the term of office of one class of directors expires in each year. The Board of Directors is authorized to increase the number of directors that constitutes the whole Board of Directors provided that the total number of directors in each class remains relatively proportionate to the others.

Unless otherwise instructed, the proxy holder will vote the proxies received for the election of the one (1) nominee for Class B Director named below and three (3) nominees for Class C Director named below. If any nominee should become unavailable to serve for any reason, proxies will be voted in favor of a substitute nominee as designated by the Board of Directors. The Board of Directors currently believes that the nominees named will be able to serve, if elected. Any vacancy on the Board of Directors, including vacancies resulting from an increase in the number of directors, will be filled by a majority of the remaining members of the Board of Directors and each person so appointed will be a director until the expiration of the term of office of the class to which he or she was appointed. Assuming the presence of a quorum, the one (1) nominee for Class B Director and the three (3) nominees for Class C director receiving the highest number of votes will be elected at the annual meeting.

Cumulative voting rights do not exist with respect to the election of directors. Except as may otherwise be provided by statute or by the articles of incorporation, at every shareholders meeting, each shareholder entitled to vote has the right to one vote for each common share owned on the record date fixed for the meeting. For example, if a shareholder owns 100 shares of common stock, he or she may cast up to 100 votes for each of the nominees for director in the class to be elected.

Nomination of Directors

Pursuant to Section 9.1 of the company's by-laws, nominations for election to the Board of Directors may be made by the Board of Directors or any shareholder entitled to vote for the election of directors. Any shareholder who intends to nominate a candidate for election to the Board of Directors (other than a candidate proposed by the company's then existing Board of Directors) must notify the company's Secretary in writing not less than 60 days prior to the date of any shareholder meeting called for the election of directors. The notification must contain the following information to the extent known by the notifying shareholder:

- a) the name and address of each proposed nominee;
- b) the age of each proposed nominee;
- c) the principal occupation of each proposed nominee;
- d) the number of shares of the company's common stock owned by each proposed nominee;
- e) the total number of shares that, to the knowledge of the notifying shareholder, will be voted for each proposed nominee;
- f) the name and residential address of the notifying shareholder; and

g) the number of shares of the company's common stock owned by the notifying shareholder.

In compliance with the company's by-laws, shareholders wishing to nominate a candidate for election to the Board of Directors must notify the Secretary in writing not less than 60 days prior to the date of the meeting. Shareholders must deliver any proposals or nominations in writing to the Secretary of First National Community Bancorp, Inc. at its principal executive office, 102 E. Drinker Street, Dunmore, Pennsylvania 18512.

Any nomination for director not made in accordance with Section 9.1 will be disregarded by the presiding officer of the annual meeting, and votes cast for each such nominee will be disregarded by the judge of election. In the event that the same person is nominated by more than one shareholder, if at least one nomination for such person complies with Section 9.1, the nomination will be honored and all votes cast for the nominee will be counted.

You may obtain a copy of the full text of the by-law provision relating to nomination of directors by writing to Michael J. Cestone, Jr. Secretary, at 102 East Drinker St., Dunmore, PA 18512. A copy of our by-laws were filed with the Securities and Exchange Commission ("SEC") as exhibit 3.2 to the company's December 31, 2005 Annual Report on Form 10-K, filed March 15, 2006.

The Board of Directors has fixed the number of directors at 8. There is one (1) nominee for Class B director and three (3) nominees for Class C directors for the Board of Directors for election at the 2010 Annual Meeting. The Board of Directors has nominated the following person for election to the Board of Directors as Class B Director for a two year term:

William P. Conaboy

The Board of Directors has nominated the following 3 persons for election to the Board of Directors as Class C Directors each for a three year term:

Joseph Coccia
Dominick L. DeNaples
John P. Moses

Each of the nominees presently serves as a director of the Company.

THE BOARD OF DIRECTORS RECOMMENDS THAT YOU VOTE "FOR" THE ABOVE NOMINEES.

Shortly thereafter, the Federal Reserve Bank of Philadelphia and the Office of the Comptroller of the Currency suspended Mr. DeNaples from office and prohibited him from any participation in the affairs of the company or the bank, such suspension to remain in effect and enforceable (a) until final disposition of the criminal proceedings; or (b) until terminated by the Office of the Comptroller of the Currency.

- (2) Louis A. DeNaples, Jr. is the son of Louis A. DeNaples.

GOVERNANCE OF THE COMPANY

Our Board of Directors believes that the purpose of corporate governance is to ensure that we maximize shareholder value in a manner consistent with legal requirements and the highest standards of integrity. The Board has adopted and adheres to corporate governance practices which the Board and senior management believe promote this purpose, are sound and represent best practices. We continually review these governance practices, Pennsylvania law (the state in which we are incorporated), the rules and listing standards of NASDAQ, and SEC regulations, as well as best practices suggested by recognized governance authorities.

Currently, our Board of Directors has eight (8) members. The company evaluates the independence of directors under the SEC and NASDAQ standards for independence.

Only independent directors serve on our Audit Committees and Stock Option Administration Committee. Independence will be reviewed annually to determine whether all existing and potential members are “independent of management”. During 2009, Joseph Coccia, William P. Conaboy, Dominick L. DeNaples, Louis A. DeNaples, Jr., Joseph J. Gentile, and John P. Moses, met the standards for independence. This constitutes more than a majority of our Board of Directors.

In making its independence determinations, the Board considered that in the ordinary course of business the company and its subsidiaries may provide commercial banking and other services to some of the independent directors and to business organizations and to individuals associated with them. The Board also considered that in the ordinary course of business some business organizations with which an independent director is associated may provide products and services to the company and its subsidiaries. The Board has determined that, based on the information available to the Board, none of these relationships was material.

CODE OF ETHICS

In 2003, as required by law and regulation, we adopted our Code of Ethics to be applicable to our senior executive officers. The Code of Ethics is posted on our website at www.fnbc.com. We filed a copy of the Code of Ethics with the Securities and Exchange Commission as exhibit 14 to the company’s December 31, 2005 Annual Report on Form 10-K, filed March 15, 2006.

Shareholder Communications

Any shareholder who wishes to communicate with the Board of Directors may send correspondence to Michael J. Cestone, Jr., Secretary, at 102 East Drinker St., Dunmore, PA 18512, or by sending an electronic message to www.fnbc.com. Mr. Cestone will submit your correspondence to the Board of Directors or the appropriate committee as applicable.

Submission of Shareholder Proposals

In order for a shareholder proposal to be considered for inclusion in First National Community Bancorp, Inc.’s proxy statement for next year’s annual meeting, the written proposal must be received by the company no later than December 15, 2010. Any proposal must comply with Securities and Exchange Commission regulations regarding the

inclusion of shareholder proposals in company-sponsored proxy materials. If a shareholder proposal is submitted to the company after December 15, 2010, it is considered untimely; and, although the proposal may be considered at the annual meeting, the company is not obligated to include it in the 2011 proxy statement.

The Boards of Directors

During 2009, the company's Board of Directors held twenty-five meetings. Each of the directors attended at least 75% of the meetings of the company's Board of Directors of the corporation and of the committees of which they were members except Louis A. DeNaples who is suspended and prohibited from attending meetings. All of our directors attended the 2009 Annual Meeting of Shareholders. The company's attendance policy states that attendance at the Annual Meeting of Shareholders is strongly encouraged.

The company's directors generally function as a full board, except that the company maintains an Audit Committee and a Stock Option Administration Committee. In lieu of a nominating committee, the full board nominates the slate for the election of the Board of Directors. In lieu of a compensation committee, the full board appoints and sets compensation of officers and directors. In this manner, all decisions made represent the view of the Board as a whole, rather than a select group of directors serving on the respective committees.

Members of the Stock Option Administration Committee are Dominick L. DeNaples, Chairman, Joseph Coccia, William P. Conaboy, Louis A. DeNaples, Jr., Joseph J. Gentile, and John P. Moses. The principal duties of the Committee are to make recommendations regarding the issuance of stock options granted under the 2000 Employee Stock Incentive Plan and the 2000 Independent Directors Stock Option Plan. The Committee has the authority and discretion to interpret the Plans; to establish, amend and rescind any rules and regulations relating to the Plans; and to determine what, to whom, when and under what facts and circumstances awards should be made. The Committee met once during 2009.

AUDIT COMMITTEE

Information about the Company's Audit Committee and its Charter

Members of the Audit Committee are Dominick L. DeNaples, Chairman, Joseph Coccia, William P. Conaboy, Louis A. DeNaples, Jr., Joseph J. Gentile, and John P. Moses. Each member of the Audit Committee is independent, as that term is defined by the SEC and in the NASDAQ listing standards relating to audit committees. The Audit Committee met three times during 2009. A copy of the Audit Committee charter was filed with the Securities and Exchange Commission as Appendix A to the Company's 2007 Proxy Statement filed April 13, 2007. The principal duties of the Audit Committee, as set forth in its charter, include reviewing significant audit and accounting principles, policies and practices, reviewing performance of internal auditing procedures, reviewing reports of examination received from regulatory authorities, and recommending, annually, to the Board of Directors the engagement of an independent certified public accountant. The company has identified William P. Conaboy and John P. Moses as the audit committee financial experts. Mr. Conaboy qualifies as the financial expert based on his knowledge of financial statements, internal controls, and audit committee functions resulting from his role as President and Chief Executive Officer of Allied Services. Mr. Moses qualifies as the financial expert based on his knowledge of financial statements, internal controls, and audit committee functions resulting from his prior role as Chief Executive Officer of ALSAC/St. Jude Children's Research Hospital and his current position as Chairman, BlueCross of Northeastern Pennsylvania.

COMPENSATION DISCUSSION AND ANALYSIS

Overview

The Board of Directors' fundamental policy is to provide our executive officers with competitive compensation opportunities based upon their contribution to our development and financial success and their personal performance. The Board's objective is to have a portion of each executive officer's compensation contingent upon the bank's performance as well as upon each executive officer's level of performance.

The compensation package for each Named Executive Officer is comprised of five different elements: base salary, cash bonuses, long-term stock-based incentive awards, health and welfare benefits and pension benefits.

Base salary

The bank has established salary ranges that are competitive with the banking industry in our local region. Each job classification has been evaluated based upon the required skills, knowledge, responsibility and experience needed. The program ensures that employees receive consistent consideration through salary increases. Salary increases are based upon merit, performance, quality of work, and other job related factors. Salary increases are not guaranteed and a performance review may not guarantee an increase. The base salary for each Named Executive Officer is determined based upon experience, personal performance, salary levels in effect for comparable positions with and without the industry, internal base salary comparability considerations and the responsibilities assumed by the Named Executive Officer. The weights given to these factors differ from individual to individual as the Board believes appropriate.

Cash Bonuses

Cash bonuses represent the variable component of the executive compensation program that is tied to our performance and individual achievement. The bank's policy is to base a significant portion of executive officers' cash compensation on bonus. In determining bonuses, the Board of Directors considers factors such as relative performance of the company during the year (including the bank's gross revenue, net income and customer growth) and the individual's contribution to our performance, the need to attract, retain and motivate high quality executives as well as the degree to which the executive officer met or exceeded certain nonquantitative objectives established for him/her. Bonuses are not guaranteed or fixed by formula. The Board of Directors does not establish performance targets which when reached automatically provide a bonus, but uses its subjective business experience in reviewing the relevant information and determining whether and how much of a bonus is merited. The amount of each individual bonus is not affected by nor does it affect any other form of compensation.

Specifically, during a discussion regarding awarding bonuses to the named executive officers, a director, based upon his personal business and banking experience, proposed a bonus amount for a named executive officer. The Board of Directors discussed the proposed bonus amount as well as the relative performance of the company during the year (including the bank's gross revenue, net income and customer growth) and the individual's contribution to our performance, the need to retain and motivate high quality executives as well as the degree to which the executive officer met or exceeded certain nonquantitative objectives established for him/her. Based upon these discussions, the Board of Directors determined the specific amounts of the bonuses awarded for each named executive officer.

Long-term stock based incentive awards

The Stock Option Administration Committee is responsible for the administration of the long-term incentive plan. The long-term incentive plan is used to reward performance and drive an ownership culture. Long-term stock-based incentive awards strengthen the mutuality of interest between the executive officers and our shareholders. Long-term

incentives are provided through grants of stock options. The grants are designed to align the interests of each Named Executive Officer with those of the shareholders and provide each individual with a significant incentive to manage the company from the perspective of an owner with an equity stake. Each option grant allows the individual to acquire shares of our common stock at a fixed price per share over a specified period of time up to ten years.

The number of shares subject to each option grant is set at a level intended to create meaningful opportunity for appreciation based on the Named Executive Officer's current position with the company and the individual's personal performance in recent periods. Whether there will be an award of equity compensation is contingent upon the performance of the company. However, the company does not establish specific performance targets which must be met prior to making an award. The determination of the amount to award is premised upon the level of responsibility, the drivers of revenue generation (high performance), and levels of management. Nevertheless, the Board of Directors does not adhere to any specific guidelines as to the granting of options. Instead, the Board of Directors looks at all facets of company and individual performance and uses its business judgment in making awards. The Board reviews the survey referenced below under benchmarking to ascertain whether the grants awarded are fall within the range provided in the survey.

The grants are to be exercised at a fixed price of fair market value on the date of grant. The grant dates are based on the last company meeting of the year. The awards are not timed to the release of any information.

As incentive compensation, the granting of stock options is not taken into account when determining other factors of compensation for the Named Executive Officers.

There are no equity or other security ownership requirements or guidelines nor are there any policies regarding hedging the economic risk of ownership.

Health and Welfare Benefits

Group life insurance, group short term and long term disability, and health insurance are available to all eligible employees, including the Named Executive Officers. Such plans are standard in the industry and in the geographic area for all industries, as well as necessary to compete for talented employees at all levels of the Company.

Named Executive Officers also participate in the Company's supplemental executive life insurance plan which provides a split-dollar share of death benefits to the executive's beneficiary, depending upon the executive's eligibility to receive payments. The plan is funded with bank-owned life insurance (BOLI) and is used to provide an additional benefit to certain executives with a minimal cost to the Company. Split-dollar life insurance plans are widely available in the banking industry, because the Company will recover its plan costs upon the death of the executive, and the executive's beneficiary will receive a split of the insurance proceeds. This benefit provides further incentive for longevity with the Company.

Named Executive Officers also are provided excess life insurance and additional disability income. These policies are commonplace in the industry and an expected benefit for top executives. They also encourage longevity. Health and welfare plans are not tied to Company or individual performance. The costs of providing such benefits to all eligible employees are not taken into account when determining specific salaries of the Named Executive Officers and are seen as a cost of doing business which will help keep the employee productive and engaged.

Perquisites

The Company provides a company-owned vehicle to several of the Named Executive Officers, as their positions require travel offsite frequently for bank business. The provision of a Company vehicle to these individuals is viewed by the Board as a normal benefit in the highly competitive financial services industry.

Country Club Memberships are used as a vehicle to attract, retain and expand customer relationships. They are viewed as a necessity for certain Named Executive Officers to further the business of the bank.

Pension Benefits- Profit Sharing Plan

We currently provide retirement plans to our employees to provide long term financial security. The retirement plans are designed to assist our employees in providing for their own financial security in a manner that recognizes individual needs and preferences. The bank has adopted a Profit Sharing Plan and 401(k) plan whereby any employee who has attained the age of twenty-one is eligible to participate on the earlier of the first day of the seventh month or the first day of the plan year coinciding with or following the date on which he or she has met the eligibility requirements. By virtue of being employees, Named Executive Officers are eligible to participate in the plans once they have met the eligibility requirements. The amount of money which the bank contributes to the Profit Sharing and 401(k) plan is not taken into account when determining the amounts of other forms of compensation.

Deferred Compensation

The Named Executive Officers are eligible to participate in the Officers' Deferred Compensation Plan which allows Named Executive Officers who have been employed by the bank for ten or more years to defer up to twenty-five percent of their compensation, including base salary and cash bonuses. All other Named Executive Officers may defer up to fifteen percent of their compensation. The interest earned on the deferrals is tied to the one-year Treasury Bill. The deferred compensation plan is designed to account for some of the limitations with traditional pension plans and is designed to provide a long-term incentive to remain in the employ of the bank.

Internal Revenue Code Limits on the Deductibility of Compensation

Section 162(m) of the Internal Revenue Code of 1986, as amended, generally denies publicly-held corporations a federal income tax deduction for compensation exceeding \$1,000,000 paid to the Chief Executive Officer or any of the four other highest paid executive officers, excluding performance-based compensation. The Stock Option Incentive Plan has been designed and will be administered in a manner that will enable the company to deduct compensation attributable to options and without regard to such deduction limitation.

The Role of the Executive Officers in Setting Compensation

The Compensation Committee delegates to the President and Chief Executive Officer the responsibility of conducting annual reviews for the other executive officers. The President and Chief Executive Officer proposes increases based on his subjective analysis of the individual's contribution to the Company's strategic goals and objectives. In determining whether strategic goals have been achieved, the President and Chief Executive Officer considers numerous factors, including the following: the Company's performance as measured by earnings, return on assets, return on equity, asset and liability quality, and audit findings. Although the President and Chief Executive Officer measures the performance and increases in compensation in light of these factors, no direct correlation exists between any specific criterion and the employees' compensation. The President and Chief Executive Officer makes a subjective determination after review of all relevant information, including the above.

The President and Chief Executive Officer does not set or participate in the determination process of his annual base salary.

The full board of directors advises the President and Chief Executive Officer on compensation matters, determines the compensation of the President and Chief Executive Officer, reviews and takes action on the recommendation of the President and Chief Executive Officer as to the appropriate compensation of other officers and key personnel and approves the grants of bonuses to officers and key personnel.

Independent Consultant

The Senior Management Committee engages L.R. Webber Associates, Inc., a Pennsylvania based Human Resources and Compensation firm, to provide the committee with an annual salary and benefits survey. The survey was utilized to review the current salary ranges. The committee chose this firm because it is within our market area and the surveys conducted provide information by region and asset size. L.R. Webber's sole role and specific contribution to the determination of compensation is providing the survey.

Benchmarking

The survey provided by L.R. Webber Associates benchmarked salary and benefits from Pennsylvania financial institutions who participated in the survey. Survey results are reported by bank asset size and geographic region. Specific salary levels are not provided; only salary ranges are provided. The Board of Directors also considers salary levels for comparable positions in industries other than the financial services industry. The Board of Directors does not specifically benchmark salary to any specific company.

Triggering Events in Contracts

The triggering events contained in the long term incentive plan and officer's deferred compensation plan are disability, involuntary termination, retirement and death. The Board of Directors believes that the triggering events in these agreements are appropriate in that they provided benefits to the executive or his family when they are most needed. The contracts are designed to give the executive the security of knowing that if his employment is terminated in one of those scenarios the executive could receive some form of compensation.

Material Differences in Named Executive Officers' Compensation

The Named Executive Officers receive base salaries commensurate with their positions and responsibilities. In determining the appropriate types and amounts of compensation for the Chief Executive Officer each year, the Board of Directors evaluates both corporate and individual performance. The corporate factors include the financial performance of the company, including return on stockholders' equity, return on assets, asset quality and trends in the foregoing measures, the performance of the company's stock price, comparative results achieved by the company's peer group institutions, and progress in realizing the company's long-term business plan. The individual factors include initiation and implementation of successful business strategies, formation of an effective management team and various personal qualities, including leadership.

In determining the appropriate types and amounts of compensation for the Named Executive Officers, excluding the Chief Executive Officer, the Board of Directors takes into consideration the officer's experience, expected personal performance and salary levels for comparable positions.

First Quarter 2010

On January 5, 2010, the Bank entered into an agreement with Millward Consulting to, among other items, review the Bank's current compensation practices and related issues, recommend salary survey benchmarks in conjunction with relevant benchmark classifications, complete internal salary relationship analysis including the development of appropriate internal guidelines, systematically access each classification in relation to comparable classifications with other financial institutions, provide written documentation of assessment methodology and assessment for each job classification, develop externally competitive and internally equitable salary recommendations for each job classification included in the study, and recommend the vertical salary relationship differentials between salary ranges. The consultant reports directly to the board of directors.

Compensation Committee Report

The Board of Directors which functions as the Compensation Committee has reviewed and discussed the Compensation Discussion and Analysis with management, and based on the review and discussions, the Board of Directors has directed that the Compensation Discussion and Analysis be included in the company's proxy statement.

Board of Directors Interlocks and Insider Participation

During 2009, J. David Lombardi, former President and Chief Executive Officer of the company and the bank, was a member of both Boards of Directors. Mr. Lombardi made recommendations to the Board of Directors regarding employee compensation. Mr. Lombardi did not participate in conducting his own review. The entire Board of Directors votes to establish and approve compensation.

Board Leadership Structure

We separate the roles of CEO and Chairman of the Board in recognition of the differences between the two roles. The CEO is responsible for setting the strategic direction for the Company and the day to day leadership and performance of the Company, while the Chairman of the Board provides guidance to the CEO and sets the agenda for Board meetings and presides over meetings of the full Board.

The Board's Role in Risk Oversight

The Board's role in the Company's risk oversight process includes receiving regular reports from members of senior management on areas of material risk to the Company, including operational, financial, legal and regulatory, and strategic and reputational risks. The full Board (or the appropriate Committee in the case of risks that are under the purview of a particular Committee) receives these reports from the appropriate "risk owner" within the organization to enable it to understand our risk identification, risk management and risk mitigation strategies. When a Committee receives the report, the Chairman of the relevant Committee reports on the discussion to the full Board during the Committee reports portion of the next Board meeting. This enables to the Board and its Committees to coordinate the risk oversight role, particularly with respect to risk interrelationships. As part of its charter, the Audit Committee discusses our policies with respect to risk assessment and risk management.

Diversity

The Board does not have a formal policy with respect to diversity; however, they believe that it is essential that the Board members represent diverse viewpoints. During the beginning of 2010, the board of directors engaged an independent consultant to conduct an in-depth risk assessment of the bank's compensation program. Shown below is information concerning the annual compensation for services in all capacities to the company and the bank for the fiscal years ended December 31, 2009, 2008, and 2007 of those persons who were, at December 31, 2009,

PROPOSAL 3:

RATIFICATION OF INDEPENDENT AUDITORS

On January 4, 2010, the Audit Committee selected Demetrius & Company, L.L.C., Certified Public Accountants, as the principal independent auditor of the company for the year 2010, a capacity in which it has served since 1997.

Although shareholder approval of the selection of the independent auditor is not required by law, the company has determined that it is desirable to request the ratification of the shareholders of the Audit Committee’s appointment of Demetrius & Company, L.L.C. as the company’s independent auditor for the year ending December 31, 2010. In the event the shareholders fail to ratify the appointment, the Audit Committee will reconsider this appointment and make such determination as would be in the company’s and its shareholders’ best interests. Even if the appointment is ratified, the Audit Committee, in its discretion, may direct the appointment of a different independent auditor at any time during the year if the Audit Committee determines that such a change would be in the company’s and its shareholders’ best interests.

Representatives of Demetrius & Company, L.L.C. are expected to be present at the Annual Meeting of Shareholders. The representatives may, if they wish, make a statement and, it is expected, will be available to respond to appropriate questions.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE “FOR” PROPOSAL 3

PROPOSAL 4:

AMENDMENT TO ARTICLES OF INCORPORATION

The company is seeking to amend the Article 5 of its articles of incorporation to authorize the issuance of 20,000,000 shares of preferred stock, par value \$1.25 per share. On February 26, 2010, the Board of Directors of the company approved and adopted a resolution to amend the articles of incorporation authorizing the issuance of preferred stock and a resolution to submit the amendment to the shareholders of the company to approve and adopt the amendment with the recommendation of the Board of Directors. If shareholders approve and adopt this amendment, the company

will file with the Pennsylvania Department of State Articles of Amendment, to be effective upon filing, amending its articles of incorporation to authorize preferred stock consisting of up to 20,000,000 shares, \$1.25 par value per share. The full text of the proposed amendment is attached as Appendix A, which is incorporated by reference in its entirety into this section of the 2010 proxy statement.

Purpose of Preferred Stock

The Board of Directors believes that the amendment to the articles of incorporation is advisable and in the best interests of the company and its shareholders for several reasons. First, the authorization of preferred stock will supplement our authorized common stock by creating an undesignated class of preferred stock to increase our flexibility in structuring future capital-raising transactions, acquisitions, joint ventures, and strategic alliances. Also, preferred stock may be useful in connection with stock dividends or equity compensation plans. Furthermore, having the authority to issue preferred stock will enable us to issue equity securities with terms tailored to specific purposes and to avoid the possible delay and expense associated with calling and holding a special meeting of shareholders to authorize additional capital stock. The Board of Directors believes that the enhanced ability to respond to favorable capital market conditions and other opportunities before conditions or opportunities pass is in the best interests of the company and its shareholders.

Effect of Preferred Stock Upon Holders of Common Stock

The actual effect of the issuance of any shares of preferred stock upon the rights of holders of the common stock cannot be stated until the Board of Directors determines the specific terms of the issued preferred stock. However, the effects might include, among other things, restricting dividends on the common stock, diluting the voting power of the common stock, diluting the equity interest of the existing holders of common stock if the preferred stock is convertible into common stock, reducing the market price of the common stock, or impairing the liquidation rights of the common stock.

If shareholders approve and adopt this amendment to the company's articles of incorporation, the Board of Directors will have the authority to create and issue a class of preferred stock without further shareholder approval. Among other things, the Board of Directors will have the authority to establish the number of shares constituting a series, dividend rights, voting rights, conversion or exchange privileges, redemption features, sinking fund provisions, and rights in the event of a voluntary or involuntary liquidation or dissolution.

Furthermore, any issuance of preferred stock with voting rights could, under certain circumstances, have the effect of delaying or preventing a change in control of the company by increasing the number of outstanding shares entitled to vote on the matter, thereby increasing the number of votes required to approve a change in control. Preferred stock with voting rights or that is convertible into shares of common stock (or rights to purchase such shares) could be issued to render more difficult or discourage an attempt to obtain control of the company by means of a tender offer, proxy contest, merger or otherwise. The ability of the Board of Directors to issue additional shares of preferred stock, with the rights and preferences it deems advisable, could discourage an attempt by a party to acquire control of the company by tender offer or other means. These issuances could, therefore, deprive shareholders of benefits that could result from an attempt, such as the realization of a premium over the market price. However, the preferred stock is not being proposed for an anti-takeover-related purpose, and the company has no knowledge of any current efforts to obtain control of the company or to effect large accumulations of the company's voting stock.

Holders of common stock will not have preemptive rights with respect to the issuance of preferred stock. The company does not currently have any definitive plans, arrangements or understandings with respect to the issuance of any of the proposed shares of preferred stock.

Required Vote

Approval and adoption of the amendment to our articles of incorporation to authorize a class of preferred stock requires the affirmative vote of the holders of a majority of the votes cast at the annual meeting.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE “FOR” APPROVAL AND ADOPTION OF THE AMENDMENT TO THE COMPANY’S ARTICLES OF INCORPORATION TO AUTHORIZE PREFERRED STOCK.

These include examination of management’s assertion regarding compliance with minimum services standards and preparation of audited financial statements for the company’s profit sharing plan.

The Audit Committee has considered whether, and determined that, the provision of the non-audit services is compatible with maintaining Demetrius & Company’s independence.

Audit Committee Pre-Approval of Audit and Permissible Non-Audit Services of Independent Auditors

The Audit Committee has a policy for the pre-approval of services provided by the independent auditors. The policy requires the Audit Committee to pre-approve all audit and permissible non-audit services provided by the independent auditors. These services may include audit services, audit related services, tax services, and other services. Under the policy, pre-approval is generally provided for up to one year and any pre-approval is detailed as to the particular service or category of services and is subject to a specific budget. In addition, the Audit Committee may also pre-approve particular services on a case by case basis. For each proposed service, the independent auditor is required to provide detailed back-up documentation at the time of approval. None of the services related to the Audit Related Fees, Tax Fees, or All Other Fees described above was approved by the Audit Committee pursuant to the pre-approval waiver provisions set forth in applicable SEC rules.

Based on a review of copies of the reports we received, and on the statements of the reporting persons, we believe that all Section 16(a) filing requirements were complied with in a timely fashion during 2009.

APPENDIX A

AMENDMENT
TO ARTICLES OF INCORPORATION
OF FIRST NATIONAL COMMUNITY BANCORP, INC.

5. (a) The aggregate number of shares that the Corporation shall have authority to issue is Fifty Million (50,000,000) shares of Common Stock having a par value of \$1.25 per share (the “Common Stock”) and Twenty Million (20,000,000) shares of Preferred Stock having a par value of \$1.25 per share (the “Preferred Stock”).
- (b) The Preferred Stock may be issued from time to time by the Board of Directors as herein provided in one or more series. The designations, relative rights, preferences and limitations of the Preferred Stock, and particularly of the shares of each series thereof, may, to the extent permitted by law, be similar to or may differ from those of any other series. The Board of Directors of the Corporation is hereby expressly granted authority, subject to the provisions of this Article 5, to issue Preferred Stock, from time to time, in one or more series and to fix, from time to time, before issuance thereof, by filing a certificate pursuant to the Business Corporation Law, the number of shares in each such series of such class and all designations, relative rights (including the right, to the extent permitted by law, to convert into shares of any class or into shares of any series of any class), preferences and limitations of the shares in each such series, including, but without limiting the generality of the foregoing, the following:
- (i) The number of shares to constitute such series (which number may at any time, or from time to time, be increased or decreased by the Board of Directors, notwithstanding that shares of the series may be outstanding at the time of such increase or decrease, unless the Board of Directors shall have otherwise provided in creating such series) and the distinctive designation thereof;
- (ii) The dividend rate on the shares of such series, whether or not dividends on the shares of such series shall be cumulative, and the date or dates, if any, from which dividends thereon shall be cumulative;
- (iii) Whether or not the shares of such series shall be redeemable, and, if redeemable, the date or dates upon or after which they shall be redeemable and the amount or amounts per share (which shall be, in the case of each share, not less than its preference upon involuntary liquidation, plus an amount equal to all dividends thereon accrued and unpaid, whether or not earned or declared) payable thereon in the case of the redemption thereof, which amount may vary at different redemption dates or otherwise as permitted by law;
- (iv) The right, if any, of holders of shares of such series to convert the same into, or exchange the same for, Common Stock or other stock as permitted by law, and the terms and conditions of such conversion or exchange, as well as provisions for adjustment of the conversion rate in such events as the Board of Directors shall determine;
- (v) The amount per share payable on the shares of such series upon the voluntary and involuntary liquidation, dissolution or winding up of the Corporation;
- (vi) Whether the holders of shares of such series shall have voting power, full or limited, in addition to the voting powers provided by law, and, in case additional voting powers are accorded, to fix the extent thereof; and,

Generally to fix the other rights and privileges and any qualifications, limitations or restrictions of such rights (vii) and privileges of such series, provided, however, that no such rights, privileges, qualifications, limitations or restrictions shall be in conflict with the articles of incorporation of the Corporation or with the resolution or resolutions adopted by the Board of Directors providing for the issue of any series of which there are shares then outstanding.

(c) All shares of Preferred Stock of the same series shall be identical in all respects, except that shares of any one series issued at different times may differ as to dates, if any, from which dividends thereon may accumulate. All shares of Preferred Stock of all series shall be of equal rank and shall be identical in all respects, except that to the extent not otherwise limited in this Article 5 any series may differ from any other series with respect to any one or more of the designations, relative rights, preferences and limitations described or referred to in subparagraphs (b)(i) to (vii) inclusive of this Article 5.

(d) Dividends on the outstanding Preferred Stock of each series shall be declared and paid or set apart for payment before any dividends shall be declared and paid or set apart for payment on the Common Stock with respect to the same quarterly dividend period. Dividends on any shares of Preferred Stock shall be cumulative only if and to the extent set forth in a certificate filed pursuant to law. After dividends on all shares of Preferred Stock (including cumulative dividends if and to the extent any such shares shall be entitled thereto) shall have been declared and paid or set apart for payment with respect to any quarterly dividend period, then and not otherwise as long as any shares of Preferred Stock shall remain outstanding, dividends may be declared and paid or set apart for payment with respect to the same quarterly dividend period on the Common Stock out of the assets or funds of the Corporation legally available therefor.

(e) All shares of Preferred Stock of all series shall be of equal rank, preference and priority as to dividends irrespective of whether or not the rates of dividends to which the particular series of Preferred Stock shall be entitled are the same and when the stated dividends are not paid in full, the shares of all series of Preferred Stock shall share ratably in the payment thereof in accordance with the sums which would be payable on such shares if all dividends were paid in full, provided, however, that any two or more series of Preferred Stock may differ from each other as to the existence and extent of the right to cumulative dividends, as aforesaid.

(f) Except as otherwise specifically provided in the certificate filed pursuant to law with respect to any series of Preferred Stock or as otherwise provided by law, the Preferred Stock shall not have any right to vote for the election of directors or for any other purpose, and the Common Stock shall have the exclusive right to vote for the election of directors and for all other purposes. Each holder of Common Stock shall be entitled to one vote for each share thereof held. In all instances in which voting rights are granted to the Preferred Stock or any series thereof, such Preferred Stock or series shall vote with the Common Stock as a single class, except with respect to any vote for the approval of any merger, consolidation, liquidation or dissolution of the Corporation and except as otherwise provided in the certificate filed pursuant to law with respect to any series of the Preferred Stock or as otherwise provided by law.

(g) In the event of any liquidation, dissolution or winding up of the Corporation, whether voluntary or involuntary, each series of Preferred Stock shall have preference and priority over the Common Stock for payment of the amount to which each outstanding series of Preferred Stock shall be entitled in accordance with the provisions thereof and each holder of Preferred Stock shall be entitled to be paid in full such amount, or have a sum sufficient for the payment in full set aside, before any payments shall be made to the holders of Common Stock. If, upon liquidation, dissolution or winding up of the Corporation, the assets of the Corporation, or the proceeds thereof, distributable among the holders of the shares of all series of Preferred Stock shall be insufficient to pay in full the preferential amount aforesaid, then such assets, or the proceeds thereof, shall be distributed among such holders ratably in accordance with the respective amounts which would be payable if all amounts payable thereon were paid in full. After the holders of the Preferred Stock of each series shall have been paid in full the amounts to which they respectively shall be entitled, or a sum sufficient for the payment in full set aside, the remaining net assets of the Corporation shall be distributed pro rata to the holders of the Common Stock in accordance with their respective

rights and interests, to the exclusion of the holders of the Preferred Stock. A consolidation or merger of the Corporation with or into another corporation or corporations, or a sale, whether for cash, shares of stock, securities or properties, of all or substantially all of the assets of the Corporation, shall not be deemed or construed to be a liquidation, dissolution or winding up of the Corporation within the meaning of this Article 5.

(h) In the event that Preferred Stock of any series shall be made redeemable as provided in subparagraph (b)(iii) of this Article 5, the Corporation, at the option of the Board of Directors, may redeem at any time or times, from time to time, all or any part of any one or more series of Preferred Stock outstanding by paying for each share the then applicable redemption price fixed by the Board of Directors as provided herein, plus an amount equal to accrued and unpaid dividends to the date fixed for redemption, upon such notice and terms as may be specifically provided in the certificate filed pursuant to law with respect to such series of Preferred Stock.

(i) No holder of Preferred Stock of the Corporation shall be entitled, as such, as a matter of right, to subscribe for or purchase any part of any new or additional issue of stock of any class or series whatsoever, any rights or options to purchase stock of any class or series whatsoever, or any securities convertible into, exchangeable for or carrying rights or options to purchase stock of any class or series whatsoever, whether now or hereafter authorized, and whether issued for cash or other consideration or by way of dividend.”
