Item 1.01 – Entry into a Material Definitive Agreement

On August 8, 2013, Vishay Intertechnology, Inc. ("Vishay" or the "Company") and certain of its subsidiaries entered into an Amended and Restated Credit Agreement with a consortium of banks led by JPMorgan Chase Bank, N.A., as administrative agent and the lenders and other parties thereto (the "Amended and Restated Credit Facility"), which provides an aggregate commitment of \$640 million of revolving loans available until August 8, 2018. The original credit facility was scheduled to expire on December 1, 2015. The Amended and Restated Credit Facility also provides for the ability of Vishay to request up to \$50 million of incremental revolving commitments, subject to the satisfaction of certain conditions.

Borrowings under the Amended and Restated Credit Facility will bear interest at LIBOR plus an interest margin. The applicable interest margin is based on Vishay's leverage ratio. Based on Vishay's current leverage ratio, borrowings bear interest at LIBOR plus 1.75%. Vishay is also required to pay facility fees on the entire commitment amount, which fees are also based on Vishay's leverage ratio. The facility fee, based on Vishay's current leverage ratio, is 0.35% per annum.

The Amended and Restated Credit Facility also removes certain restrictions related to the incurrence and repayment of certain intercompany indebtedness, mergers, liquidations, and transfers of ownership of wholly owned subsidiaries. These changes enable the Company to streamline its complex subsidiary structure and provide greater operating flexibility.

Except as discussed above, the Amended and Restated Credit Facility is substantially similar to the original credit agreement.

Similar to the original credit agreement, the borrowings under the Amended and Restated Credit Facility are secured by a lien on substantially all assets, including accounts receivable, inventory, machinery and equipment, and general intangibles (but excluding real estate, intellectual property registered or licensed for use in, or arising under the laws of, any country other than the United States, assets located outside of the United States and bank and securities accounts), of Vishay and certain significant subsidiaries located in the United States, and pledges of stock in certain significant domestic and foreign subsidiaries; and are guaranteed by certain significant subsidiaries. Certain of the Company's subsidiaries continue to be permitted to borrow under the Amended and Restated Credit Facility, subject to the satisfaction of specified conditions. Any borrowings by these subsidiaries under the Amended and Restated Credit Facility are guaranteed by Vishay and certain subsidiaries. The Amended and Restated Credit Facility also continues to limit or restrict the Company and its subsidiaries, from, among other things, incurring indebtedness, incurring liens on its respective assets, making investments and acquisitions, making asset sales, and paying cash dividends and making other restricted payments, and requires the Company to comply with other covenants, including the maintenance of specific financial ratios.

Similar to the original credit agreement, the Amended and Restated Credit Facility also contains customary events of default, including, but not limited to, failure to pay principal or interest, failure to pay or default under other material debt, material misrepresentation or breach of warranty, violation of certain covenants, a change of control, the commencement of bankruptcy proceedings, the insolvency of Vishay or certain of its significant subsidiaries, and the rendering of a judgment in excess of \$25 million against Vishay or certain of its significant subsidiaries. Upon the occurrence of an event of default under the Amended and Restated Credit Facility, Vishay's obligations under the credit facility may be accelerated and the lending commitments under the credit facility terminated.

The description of the Amended and Restated Credit Facility set forth in this Item 1.01 is qualified in its entirety by reference to the text of the credit agreement incorporated by reference in this report as Exhibit 10.1.
