PROXY STATEMENT

This Proxy Statement is furnished in connection with the solicitation of proxies by the Board of Directors (the "Board" or the "Board of Directors") of Crompton Corporation (the "Company") for use at the annual meeting of the stockholders of the Company (the "Annual Meeting") to be held at 11:15 a.m. on April 26, 2005, at the Sheraton Stamford Hotel, 2701 Summer Street, Stamford, Connecticut, and at any adjournment thereof.

The Company's annual report for the fiscal year ended December 31, 2004, accompanies this Proxy Statement. The annual report is not proxy soliciting material, nor is it incorporated herein by reference.

This Proxy Statement and the enclosed form of proxy are first being sent to stockholders on or about March 29, 2005.

ABOUT THE MEETING

Q: What is the purpose of the Annual Meeting?

A: At the Annual Meeting, the Company's stockholders will be asked to vote on the matters listed in the accompanying notice of annual meeting, namely:

- * the election of Messrs. Robert A. Fox and Robert L. Wood as directors;
- * the approval of the 2005 Crompton Corporation Short-Term Incentive Plan; and
- * the ratification of KPMG LLP as the Company's independent auditors for 2005.

Stockholders will also transact such other business that may properly come before the meeting. The Company's management will be present at the meeting to report on the Company's performance during 2004 and will answer stockholder questions.

Q: Who is entitled to vote?

A: Stockholders as of the close of business on the record date, February 25, 2005, are entitled to vote their shares of the Company's common stock. Each outstanding share of common stock is entitled to one vote. At the close of business on the record date, there were 117,185,760 shares of the Company's common stock outstanding. The Company has no other voting securities issued and outstanding.

Q: How many shares must be present to hold the meeting?

A: A quorum must be present at the meeting for business to be conducted. A quorum is reached when there are present at the meeting, in person or by proxy, the holders of a majority of the shares of the Company's common stock outstanding on the record date. Abstentions and withhold-authority votes will be included for purposes of determining a quorum and for purposes of calculating the vote, but will not be considered to have been voted in favor of the item voted upon. Broker non-votes will be included for purposes of determining a quorum, but will not be considered to be represented at the meeting for purposes of calculating the vote, and thus, they will not affect the outcome of any proposal.

Q: What if a quorum is not present at the meeting?

A: If a quorum is not present at the time of the meeting, the stockholders who are represented may adjourn the meeting until a quorum is present. The time and place of the adjourned meeting will be announced at the time the adjournment is taken, and no other notice will be given.

Q: How do I vote?

A: You may vote in any of three ways:

* **You may vote by mail** if you complete, sign and date the accompanying proxy card and return it in the prepaid envelope. Your shares will be voted confidentially and in accordance with your instructions;

* **You may vote by telephone or via the Internet** in accordance with the instructions found on your proxy card; and

* **You may vote in person** if you are a registered stockholder and attend the meeting and deliver your completed proxy card in person. At the meeting, the Company will also distribute written ballots to registered stockholders who wish to vote in person at the meeting. Beneficial owners of shares held in "street name" who wish to vote at the meeting will need to obtain a proxy form from the institution that holds their shares.

Q: How many votes does it take to approve the items to be voted upon?

A: Directors are elected by a plurality of votes. This means that, assuming a quorum is

present at the meeting, director nominees will be elected if the nominees receive the greatest number of affirmative votes cast for the election of directors. The affirmative vote of a majority of the shares having voting power present in person or represented by proxy at the meeting is needed to approve the 2005 Crompton Corporation Short-Term Incentive Plan and to ratify the selection of KPMG LLP as the Company's independent auditors for 2005.

Q: Can I revoke my proxy before it is exercised?

A: Yes, you may revoke your proxy and change your vote at any time before the polls close at the meeting by using any of the following methods:

- * by signing another proxy with a later date;
- * by voting by telephone or via the Internet after the date and time of your last telephone or Internet vote; or
- * if you are a registered stockholder, by giving written notice of such revocation to the Secretary of the Company prior to or at the meeting or by voting in person at the meeting.

Attendance at the meeting will not automatically revoke a previously granted proxy.

Q: Who will count the votes?

A: The Company's transfer agent, Mellon Investor Services LLC, will tabulate and certify the votes and act as inspector of election at the meeting.

Q: How are shares in the Crompton Employee Savings Plan, Crompton Employee Stock Ownership Plan, Crompton Employee Stock Purchase Plan and Crompton Dividend Reinvestment Plan voted?

A: The shares of Company common stock held by the trustee under the Crompton Employee Savings Plan and the Crompton Employee Stock Ownership Plan and in each employee's account under the Crompton Employee Stock Purchase Plan and Crompton Dividend Reinvestment Plan will be voted according to each employee's voting instructions. If no instructions are received, the shares in the Crompton Employee Savings Plan, Crompton Employee Stock Ownership Plan and Crompton Employee Stock Purchase Plan will not be voted while an individual's shares in the Crompton Dividend Reinvestment Plan will be voted in the same manner that such person's shares held of record are voted.

Q: Who is soliciting my vote and who pays the cost?

A: The Company has retained Mellon Investor Services LLC to assist in the distribution of proxy materials and the solicitation of votes for a fee of \$5,000, excluding out-of-pocket expenses. The Company will pay the entire cost of the solicitation and

will reimburse banks, brokerage firms, custodians, nominees and fiduciaries for their reasonable expenses in sending proxy materials to the beneficial owners of the Company stock. Proxies may be solicited personally, by mail, by telephone, by facsimile or by telegraph, by the directors, officers or other employees of the Company, without remuneration other than regular compensation.

Q: When are the year 2006 stockholder proposals due?

A: If a stockholder wants a proposal to be included in the Company's proxy statement for the 2006 annual meeting of stockholders, the proposal, in writing and addressed to the Company's Secretary, must be received by the Company no later than November 28, 2005. If a stockholder wishes to recommend nominees to the Board of Directors, or to bring other business before the 2006 annual meeting, the proposal, in writing and addressed to the Company's Secretary, must be received by the Company no later than January 27, 2006, or not later than ten days after notice of the date of the 2006 annual meeting is given to stockholders, whichever date is earlier.

Q: What other information about the Company is available?

A: Interested parties may request a copy of the Company's Annual Report on Form 10-K and our quarterly financial news releases by fax or through the mail. This and other important information about the Company is also available on our web site at www.cromptoncorp.com.

CORPORATE GOVERNANCE

Role of the Board of Directors

The Board of Directors of the Company is elected by the stockholders with the responsibility to oversee and direct the management of the Company so as to enhance stockholder value. The Board works with management to select and approve a corporate philosophy and mission, and in connection therewith the Board reviews, approves and monitors management's strategic and business plans and the Company's financial objectives, plans and actions. The Board approves the Company's material transactions, significant capital allocations and expenditures and measures the performance of management in relation to the performance of peer companies and the specialty chemical industry as a whole. The Board also periodically reviews the performance of the Chief Executive Officer.

The Board adopts policies of corporate conduct, including compliance with applicable laws and regulations, auditing and accounting principles and financial controls, and the Company's own governing documents. The Board assesses its own effectiveness in fulfilling these and other Board responsibilities and performs such other functions as are prescribed by law or assigned to the Board in the Company's governing documents.

Role of the Organization, Compensation and Governance Committee

The Organization, Compensation and Governance Committee makes recommendations to the Board with respect to the organization, size and composition of the Board, including the assignment of directors to committees and committee chairmanships. The Audit Committee also selects the independent auditor after discussion with the Board, evaluates the auditor's qualifications, independence and performance, has responsibility for approving all audit and non-audit services provided by the independent auditor, considers the possible effect of providing such non-audit services on the auditor's independence, and reviews the range of fees of the auditor for both audit and non-audit services. The Audit Committee also reviews earnings press releases and financial information and earnings guidance provided to rating agencies, establishes procedures for handling

complaints about accounting and auditing matters, and periodically reviews the Company's Code of Business Conduct and Ethics.

The separately designated standing Audit Committee is established in accordance with Section 3(a)(58)(A) of the Securities Exchange Act of 1934 (the "Exchange Act"), and the members of the Audit Committee are listed in the above table.

The Board of Directors has determined that Mr. Bruce F. Wesson, the Chairman of the Audit Committee, meets the requirements of *audit committee financial expert* and that Mr. Wesson is *independent* under applicable NYSE and Securities and Exchange Commission rules.

The Organization, Compensation and Governance Committee is responsible for the administration of the Company's compensation plans, including approval of the level of compensation for senior executive officers named in the proxy statement and adoption of bonus and deferred compensation plans and arrangements for executive officers. The Committee reviews and approves the corporate goals and objectives relevant to the Chief Executive Officer's compensation and sets his compensation based on this evaluation. The Committee also makes recommendations with respect to the organization, size and composition of the Board, identifies suitable candidates for Board membership and reviews their qualifications, proposes a slate of directors for election by the stockholders at each annual meeting, and assists the Board in providing for orderly succession of the top management of the Company. The Committee makes an annual assessment of the performance of the Board and reviews its Corporate Governance Principles.

The Safety, Health and Environment Committee provides guidance to and oversight of management with respect to safety, health and environmental matters, including the review of the Company's safety, health and environmental performance, policies, standards, procedures, management systems and strategic plans. The Committee also recommends actions and policies that will enable the Company to achieve a high level of safety, health and environmental performance compared with its peers in the chemical industry and to maintain good relations with the Company's neighbors.

Stockholder Recommendations of Director Nominees

The Organization, Compensation and Governance Committee will consider qualified candidates recommended by stockholders for Board membership in accordance with the procedure set forth in the Company's By-laws. Any stockholder

entitled to vote in the election of directors may recommend one or more persons for election as a director at a meeting if written notice of such stockholder's intent to make such recommendation or recommendations has been given, either by personal delivery or by mail, postage prepaid, to the Secretary of the Company not later than 90 days prior to the anniversary date of the immediately preceding annual meeting or the close of business on the tenth day following the date on which notice of such meeting is first given to stockholders, whichever is earlier. Notwithstanding the foregoing sentence, in the event that the number of directors to be elected to the Board is increased and there is no public announcement by the Company naming all of the nominees or specifying the size of the increased Board at least 70 days prior to the first anniversary of the preceding year's annual meeting, a stockholder's notice shall be considered timely, but only with respect to nominees for new positions created by such increase, if delivered to the Secretary not later than the close of business on the tenth day following the date on which such public announcement is first made by the Company. Each such notice shall set forth (i) the name and address of the stockholder who intends to make the recommendation and of the person or persons to be recommended; (ii) a representation that the stockholder is a holder of record of stock of the Company entitled to vote at such meeting having a value of at least \$1,000 and intends to appear in person or by proxy at the meeting to nominate the person or persons specified in the notice; (iii) a description of all arrangements or undertakings between the stockholder and each recommended nominee and any other person or persons (naming such person or persons) pursuant to which the nomination or nominations are to be made by the stockholder; (iv) such other information regarding each nominee recommended by such stockholder as would be required to be included in a proxy statement filed pursuant to the proxy rules of the Securities and Exchange Commission; and (v) the consent of each recommended nominee to serve as a director of the Company, if so elected. The candidates recommended by stockholders will receive the same consideration that candidates recommended by the Committee will receive.

The Company's Corporate Governance Principles require that all candidates for Board membership, whether proposed by a stockholder or otherwise, possess the following qualifications: (i) unquestionable personal and professional ethics and integrity; (ii) policy-making experience in business, education, technology or government; (iii) expertise that is useful to the Company and complementary to that of other Board members; (iv) a willingness to serve on the Board for a period of at least several years and to devote the time required to meet the responsibilities and perform the duties of a director, including attendance at all Board and applicable committee meetings; (v) a commitment to represent the best interests of all stockholders and to objectively appraise the performance of the Company and of management; and (vi) involvement only in activities that do not create a conflict with the director's responsibilities to the Company and its stockholders. The Company uses an outside consultant to assist in identifying and evaluating potential nominees to the Board.

**REPORT OF THE ORGANIZATION,
COMPENSATION AND GOVERNANCE COMMITTEE**

Role of the Organization, Compensation and Governance Committee in Corporate Governance

The Organization, Compensation and Governance Committee of the Board of Directors (the "Committee") makes recommendations to the Board with respect to the organization, size and composition of the Board, including the assignment of directors to committees and committee chairmanships. The Committee identifies suitable candidates for Board membership, reviews their qualifications and proposes a slate of directors for election by the stockholders at each annual meeting.

The Committee makes an annual assessment of the performance of the Board and reviews the Board's Corporate Governance Principles, recommends with the advice of an outside compensation consultant the compensation of directors, the Chief Executive Officer and other senior management, and advises the Board with respect to the selection and performance of the Chief Executive Officer. The Committee, consisting entirely of outside directors, establishes Company performance goals, base salary pay levels and target annual bonus awards, approves annual bonus payments and establishes and approves long-term incentives for the executive officers of the Company. The Committee assists the Board in providing for the orderly succession in the top management of the Company.

Executive Compensation Philosophy

The compensation program for the Company's executive officers is administered in accordance with a pay for performance philosophy to link executive compensation with the values, objectives, business strategy, management initiatives and financial performance of the Company. In addition, a significant portion of each executive officer's compensation is contingent upon the creation of shareholder value.

The goals of the Company's executive compensation program are to (i) attract and retain talented executives; (ii) motivate executives to deliver strong business results in line with shareholder expectations; (iii) foster and drive a results oriented culture; and (iv) align executive interests with shareholder interests by encouraging executives to earn and own Company stock.

The compensation of the Company's executive officers comprises cash and equity components and is designed to be competitive and highly leveraged based upon corporate financial performance and shareholder returns. The compensation program targets are at the median (50th percentile) of the competitive market for base salary, annual variable compensation and longer-term variable compensation. The target levels of variable compensation are calibrated with challenging but achievable performance goals. The Committee *emphatically* believes in differentiation in pay based on performance, for all types of compensation, including individual salary levels, annual variable compensation and longer-term variable compensation. The relationship between pay and performance is leveraged, and an executive officer's performance which significantly exceeds expectations will be rewarded with incentive pay well above competitive levels (i.e., at the 75th percentile or above). Similarly, performance that does not meet the Company's plans or its commitments to its investors, employees or its communities, will reduce incentive payments substantially (i.e., between 50th percentile of target and zero).

The Committee believes that stock ownership by management and performance compensation plans based on Company stock serves to align the interests of management and other stockholders in the enhancement of shareholder value. To that end, executive officers are encouraged to retain the shares they earn through the compensation programs.

Executive Compensation Practices

The Committee uses the services of an outside compensation consultant to review the competitiveness of the Company's compensation program. The competitive data is drawn from broad external data and the consultant's database that it considers as an appropriate group of companies against which to compare the Company for compensation purposes. For purposes of shareholder return comparisons elsewhere in this Proxy Statement, the Committee uses an index focused on the Specialty Chemicals industry, based on its belief that an industry index is an appropriate peer group for investment comparisons. The companies chosen for the shareholder return comparisons are not necessarily those represented in the compensation comparator group. The Committee believes that the Company's competitors for executive talent are a broader group of companies and not limited only to the companies in the investment comparison.

Salary

The Committee reviewed the base salaries of each of the executive officers in comparison to the size adjusted salaries paid for comparable jobs in the comparator group. Generally, the Committee found that the salaries of executive officers were within the competitive salary range as determined by the external compensation consultant. The Committee approved salary adjustments for the executive officers based on their individual performance and their salaries relative to the external market.

Performance Based Compensation

In 2004, the Company established a five-part plan to further its success. The Company made measurable progress in completing this plan. The Company refinanced its revolving credit facility and other long-term debt and made significant progress in resolving its legal issues relating to antitrust matters. The Company generated improved business results with pricing discipline and improved earnings and cash flow, despite more than \$102.8 million in higher raw material and energy costs. The Company continues to restructure its business portfolio to focus resources on our core business. The Company restructured its organization to eliminate work, reduce the number of positions in the Company and centralize functions to improve effectiveness and efficiency. The progress that the Company's management made in improving performance at the Company in 2004 and positioning the business for future performance was recognized by the external market in increasing market capitalization in excess of \$500 million during 2004.

In spite of its progress in resolving business and legal issues, the Company did not fully meet financial and non-financial goals established for 2004 under the 2004 Management Incentive Plan. After consideration, the Committee agreed to fund performance awards based on attainment of individual goals established in the 2004 Management Incentive Plan. On the basis of the overall performance during 2004 in relation to financial and non-financial goals under the 2004 Management Incentive Plan, the Committee separately established a reduced bonus pool of 65% of the original target bonus pool based on the Company's level of attainment of the five-part plan described above. In combination with the 2004 Management Incentive Plan awards, the Committee awarded 2004 annual variable incentives for the executive officers at a range of 0 to 175% of the target. The Committee recognized Mr. Wood's extraordinary leadership and progress in resolving the issues facing the Company with a bonus of \$728,000 based on the foregoing considerations.

Equity and Stock Ownership

The Committee believes that long-term incentives should mainly be in the form of equity, which focuses executives on the total performance of the Company in the eyes of the investors and rewards executives when investors are rewarded. Stock options and restricted stock will be the Company's primary devices for providing equity ownership opportunities and for focusing executives on long-term financial performance. In 2004, the Committee granted stock options and restricted stock to executive officers. The options were granted at the fair market value on the day of grant and will vest one-third in each of November 2005, 2006, and 2007 and have a ten year and one month term. The Committee granted a group of executive officers restricted stock in January 2004. This stock is scheduled to vest 25% in January 2005, 25% in January 2006 and 50% in January 2007. In addition, the Committee granted a group of executive officers restricted stock in November 2004. This stock is scheduled to vest 50% in November 2008 and 50% in November 2009. The second restricted

stock grant reduced the number of stock options that would otherwise have been granted at that time.

The Committee believes it is important that executives be owners of the Company and maintain significant levels of share ownership in the Company. The Company's guidelines support this principle and the Committee will review them periodically to ensure they are appropriate given prevailing marketplace conditions. The Company has adopted stock ownership goals for its executive officers which range from five times the salary for the Chief Executive Officer to two or three times the salary for the remaining officers.

The Committee will regularly review the group of employees who are eligible to receive annual stock options or other equity grants. The Committee believes that participation in these programs is primarily for executives and other leaders of the business, but the Committee recognizes that it may be appropriate to grant options and restricted stock on a limited basis to reward performance and leadership to other employees or for purposes of attracting or retaining individual employees.

Tax Deductibility of Executive Compensation

The Committee's policy on the tax deductibility of compensation is to maximize deductibility to the extent possible without abdicating all of its discretionary power. To this end, the Committee has submitted qualified plans to stockholders, including a plan submitted to stockholders this year; however, the Committee has occasionally taken actions that result in non-deductible compensation and may do so again in the future when it determines that such actions are in the Company's best interests.

The Committee has included in this Proxy Statement the Crompton 2005 Short-Term Incentive Plan, a plan qualified under Section 162(m) of the Internal Revenue Code and designed to maximize the deductibility of performance-based compensation. An affirmative vote by a majority of the shares having voting power will cause this plan to take effect January 1, 2005.

Compensation of Chief Executive Officer

The Committee reviews and approves the corporate goals and objectives relevant to the Chief Executive Officer's compensation and annually evaluates the Chief Executive Officer's performance in light of those goals and objectives. In 2004, the base salary, incentive compensation, stock option and restricted stock awards for the Chief Executive Officer were determined by the Board of Directors based on the recommendations of the Committee using the principles outlined above. Mr. Wood received a base salary of \$760,001 during 2004. In addition, Mr. Wood received stock options for 500,000 shares and 330,000 shares of restricted stock when he joined the Company in January 2004. Mr. Calarco received \$599,036 in salary and accrued vacation pay through June 2004 when he retired from the Company. Mr. Calarco received a bonus in the amount of \$89,000 for 2004. Mr. Calarco was not granted equity compensation during 2004.

Organization, Compensation and Governance Committee

Decisions on compensation of the Company's executive officers are made by the Organization, Compensation and Governance Committee, a committee of the Board of Directors composed of the persons listed below, all of whom are non-employee directors and are independent, as such term is defined in the New York Stock Exchange listing standards. The Committee has retained an independent executive compensation consultant who has access to independent compensation data to evaluate the Company's executive compensation program.

A copy of the written charter of the Organization, Compensation and Governance Committee is attached as Appendix A to this Proxy Statement. A copy of the charter is also available on the Company's website at www.cromptoncorp.com.

REPORT OF THE AUDIT COMMITTEE

A copy of the written charter of the Audit Committee, as adopted by the Board of Directors, is attached as Appendix B to this Proxy Statement. The Company's Audit Committee consists of four members of the Board that meet the independence and experience requirements of the New York Stock Exchange, Section 10A(m)(3) of the Exchange Act and the rules and regulations of the Securities and Exchange Commission.

The Audit Committee has reviewed and discussed the audited financial statements for the fiscal year ended December 31, 2004, with management. The Audit Committee has also discussed with the Company's independent auditors, KPMG LLP, the matters required to be discussed by SAS 61. In addition, the Audit Committee has received the written disclosure from KPMG LLP required by Independence Standards Board Standard No. 1 and has discussed with KPMG LLP such auditing firm's independence. Based upon these reviews and discussions, the Audit Committee recommended that the audited financial statements be included in the Company's Annual Report on Form 10-K for the last fiscal year for filing such report with the Securities and Exchange Commission.

The Audit Committee:

Bruce F. Wesson, Chairman
Robert A. Fox
C. A. Piccolo
Patricia K. Woolf, Ph.D.

The following information presents the aggregate fees for professional services billed to the Company by KPMG LLP during fiscal years 2004 and 2003. Certain prior year amounts have been reclassified to conform to current presentation.

Audit Fees

The aggregate fees for professional services rendered by KPMG LLP for audit services for fiscal years 2004 and 2003 were \$7.7 million and \$3.5 million, respectively. Audit fees include fees for professional services associated with audits of the Company's annual consolidated financial statements included in its Forms 10-K, reviews of the Company's quarterly consolidated financial statements included in its Forms 10-Q, and for services that are normally provided by KPMG LLP in connection with statutory and regulatory filings, including in 2004, compliance with certain requirements of the Securities and Exchange Commission associated with the Sarbanes-Oxley Act of 2002.

Audit-Related Fees

The aggregate fees for professional services rendered by KPMG LLP for audit-related services for fiscal years 2004 and 2003 were \$1.0 million and \$2.8 million, respectively. All Other Fees

KPMG LLP did not render professional services other than for services rendered under the categories Audit Fee, Audit-Related Fees and Tax Fees for fiscal years 2004 and 2003.

The Audit Committee has considered whether the non-audit services provided by KPMG LLP to the Company are compatible with maintaining the independence of KPMG LLP and concluded that the independence of KPMG LLP is not compromised by providing such services.

The Audit Committee has adopted policies and procedures for pre-approving all audit and non-audit services performed by KPMG LLP. Specifically, the Audit Committee has pre-approved the use of KPMG LLP for detailed, specific types of services, which include the following categories of non-audit services: acquisition and divestiture services; tax services; advice regarding internal controls; and consultation regarding the application of Generally Accepted Accounting Principles and new regulatory pronouncements. In each case, the Audit Committee has set a specific limit on these services. Approval is further required for services in excess of these thresholds or to retain KPMG LLP for any additional services. All audit and non-audit services performed by KPMG LLP during fiscal 2004 were pre-approved by the Audit Committee pursuant to the policies and procedures outlined above.

Compensation Committee Interlocks and Insider Participation

Messrs. Higdon, Jr. and Piccolo served as members and Mr. Headrick served as Chairman of the Organization, Compensation and Governance Committee during the last completed fiscal year. No member of the Organization, Compensation and Governance Committee is a current or former officer or employee of the Company or any of its subsidiaries.

Retirement Plans

Messrs. Calarco and Ingulli were and Mr. Ackley is each a party to a supplemental retirement agreement with the Company.

Supplemental Retirement Agreement with Vincent A. Calarco. In the case of Mr. Calarco, the executive's total annual benefit payable under the supplemental retirement agreement to the executive for life was 60% of the average total compensation (including salary and bonus) paid to the executive during the highest five years of the last ten years prior to the executive's normal retirement age. Mr. Calarco retired on June 30, 2004, and the supplemental retirement agreement became effective. In connection with his retirement, Mr. Calarco received a lump sum payment of \$11,817,226 in full satisfaction of the Company's obligation to Mr. Calarco under his Supplemental Retirement Agreement.

Supplemental Retirement Agreement with Alfred F. Ingulli. In the case of Mr. Ingulli, the executive's retirement benefit under the supplemental agreement supplements the benefit paid to the executive under a Uniroyal Chemical Company, Inc. ("Uniroyal") defined benefit pension plan so that the total annual benefit payable to the executive will be 55% of the average total compensation (including salary and bonus) paid to the executive during the highest five years of the last ten years prior to the executive's retirement or, at his election, Mr. Ingulli may receive a lump sum payment earned under a previous supplemental retirement agreement with Uniroyal. Mr. Ingulli retired on December 31, 2004, and the supplemental retirement agreement became effective. Mr. Ingulli received a lump sum payment of \$2,897,195 in full satisfaction of the Company's obligation to Mr. Ingulli under his Supplemental Retirement Agreement.

Supplemental Retirement Agreement with Robert W. Ackley. In the case of Mr. Ackley, the executive's retirement benefit under the supplemental agreement supplements the amount paid to the executive under a retirement plan that was terminated in 1982 so that the aggregate benefit paid to the executive annually will equal 50% of the average total compensation (including salary and bonus) paid to the executive during his highest five years of the last ten years prior to his normal retirement age. Mr. Ackley will receive an estimated aggregate annual benefit of \$232,562 under his supplemental retirement agreement, assuming payment of such benefit in the form of a life annuity.

Provisions for Payments under the Supplemental Retirement Agreements. A supplemental benefit in a reduced amount may be payable in the event of termination of employment prior to normal retirement age. At any time after the date on which benefit payments commence, the executive may elect to receive a single lump sum equal to 90% of the actuarial equivalent of the benefit otherwise payable to the executive or an unreduced lump sum if the executive elects at least six months prior to supplemental benefit commencement date and during a calendar year that precedes the calendar year in which the supplemental benefit commencement date occurs.

Messrs. Calarco and Ingulli have elected to receive their retirement payments as a lump sum in accordance with these provisions. An executive may elect to have the executive's supplemental benefit under the agreement paid in a form which will provide for the continuation of benefits, to a beneficiary selected by the executive, upon the executive's death after retirement. Each agreement also provides for the payment of a reduced benefit to the executive's beneficiary in the event of the executive's death prior to normal retirement age and for the payment of disability benefits in addition to those available under the Company's regular disability insurance program. Benefits under each agreement are not payable if the executive voluntarily terminates the executive's employment, unless such termination is the result of the executive's retirement (in the case of Mr. Calarco, on or after reaching age 62) or is with approval of the Board, and meets certain other conditions set forth in the agreement.

Employment and Related Agreements

Employment Agreement with Robert L. Wood. Mr. Wood is employed pursuant to an employment agreement which was entered into in January 2004. The agreement provides for Mr. Wood's employment as President and Chief Executive Officer for a term of three years, with automatic annual one-year extensions of the term unless the Company gives notice at least 60 days prior to the anniversary of the date of the agreement that the term will not be extended.

The agreement calls for a base salary of not less than \$780,000 and for Mr. Wood's participation in employee benefit plans and other fringe benefit arrangements. In the event Mr. Wood's employment is terminated by the Company without cause (as defined in the agreement), or terminated by Mr. Wood upon the Company's continued and material breach, which breach is not cured within thirty (30) days of the Company receiving written notice of breach, the Company's obligations shall consist of: (1) the payment over the course of normal pay periods to Mr. Wood of his salary for the lesser of a period of two years following the date of termination, or through the end of the then-current term; (2) the payment to Mr. Wood, over the course of normal pay periods, of his annual incentive bonus, with Mr. Wood being deemed to have met targets for the lesser of a period of two years following the date of termination, or through the end of the then-current term; and (3) continuation at Company cost of the other benefits provided to Mr. Wood under the agreement for the lesser of a period of two years following the date of termination, or through the end of the then-current term.

Employment Agreement and other Agreements with Vincent A. Calarco. Mr. Calarco was employed pursuant to an employment agreement which was amended and restated in May 1999. The agreement provided for Mr. Calarco's employment as Chairman of the Board, President and Chief Executive Officer for a term of three years, with automatic annual one-year extensions of the term unless the Company gives notice at least 60 days prior to the anniversary of the date of the

agreement that the term will not be extended. The amended agreement provided that in the event Mr. Calarco's employment is terminated by the Company other than for cause, disability, or death or by Mr. Calarco for good reason (as defined in the agreement), the Company would be obligated to pay Mr. Calarco his salary to the date of termination, incentive compensation in an amount no less than the bonus paid to him for the prior year pro-rated to that date, and a lump sum termination payment equal to three times the sum of his then current salary and the highest bonus paid to him during the three years preceding his termination, to continue certain employee and fringe benefits provided under the agreement for a period of three years or until he obtains other employment and certain other benefits for the life of Mr. Calarco and his spouse, and to make certain additional payments to cover any excise tax imposed under the Internal Revenue Code on the amounts payable as a result of his termination and any legal fees incurred by Mr. Calarco in enforcing the Company's obligations under the agreement.

Mr. Calarco retired on June 30, 2004. Because Mr. Calarco retired, none of the foregoing provisions in Mr. Calarco's amended employment agreement relating to termination was triggered, and the Company does not have any obligation to provide any such payments or benefits.

Mr. Calarco entered into a consultancy agreement with the Company, pursuant to which he provided consulting and other services from July 1, 2004 through December 31, 2004, in exchange for a fee of \$250,000, payable in equal monthly installments, in arrears, on the last business day of each month. Mr. Calarco is prohibited from competing with the Company or soliciting its employees, consultants or agents, both during the term of the agreement and for a period of one year following expiration of the agreement.

In connection with Mr. Calarco's retirement, the Company has entered into an agreement pursuant to which the Company agreed to provide him with payment of his benefits under the Company's pension, savings, employee stock ownership and benefit equalization plans, and to provide, at Company expense, medical and dental insurance coverage for him and his spouse for their respective lifetimes. In addition, Mr. Calarco is entitled under this agreement to receive an amount in cash equal to 50% of his bonus level as though he had met all of his personnel objectives under the 2004 Management Incentive Plan, and to full vesting of previously granted options to purchase 372,500 shares of Company common stock. The Company has also agreed to transfer to him title to his Company automobile and to reimburse him for financial planning services, in an amount not to exceed \$5,000 per year, through 2009.

Employment Agreements with Karen R. Osar, Myles S. Odaniell and Robert W. Ackley. The Company has entered into employment agreements with certain other key management employees, including Ms. Osar and Messrs. Odaniell and Ackley. Each agreement is operative upon the occurrence of a change in control (as defined in the agreement) and is intended to encourage the executive to remain in the employ of the Company by providing the executive with greater employment security. Absent

a change in control, the agreements do not require the Company to retain the executive or to pay the executive any specified level of compensation or benefits.

In the event of a change in control, the agreements provide that there will be no change, without the executive's consent, in the salary, bonus opportunity, benefits, duties, and location of employment of the executive for a period of two years after the change in control. If, during such period, the executive's employment is terminated by the Company other than for cause, disability, or death or the executive resigns for good reason (as defined in the agreements), the Company will pay the executive his or her salary to the date of termination, incentive compensation in an amount no less than the bonus paid to the executive for the prior year pro-rated to that date, and a lump sum severance payment equal to two times the sum of the executive's base salary and the highest bonus paid to the executive during the two years preceding the executive's termination and will continue other employee benefits similar to those provided to the executive prior to the executive's termination for a period of two years or until the executive's earlier employment with another employer.

Separation Agreement with Alfred F. Ingulli. Mr. Ingulli retired on December 31, 2004. In connection with Mr. Ingulli's retirement, the Company entered into an agreement pursuant to which the Company agreed to provide him with a separation payment equal to one year's base pay of a \$410,040 and a payment of benefits under the Company's pension, savings, employee stock ownership and benefit equalization plans, and to participate in a plan providing for retiree medical and dental benefits. In addition, Mr. Ingulli is entitled under this agreement to receive an amount in cash equal to 100% of his bonus under the 2004 Management Incentive Plan, if paid, and to full vesting of previously granted options to purchase 72,500 shares of Company common stock and previously granted 25,000 shares of restricted stock. The Company has also agreed to transfer to him title to his Company automobile and certain home office equipment, and to reimburse him for financial planning services, in an amount not to exceed \$5,000 per year, through 2009. Mr. Ingulli is prohibited from competing with the Company or soliciting its employees, customers and others with a business relationship to the Company for a period of one year following termination of employment.

**APPROVAL OF THE
2005 CROMPTON CORPORATION
SHORT-TERM INCENTIVE PLAN**

The Board of Directors has, subject to approval by the stockholders, approved the 2005 Crompton Corporation Short-Term Incentive Plan (the "Plan"). The purpose of the Plan is to enable the Company to attract, retain and motivate key employees of outstanding ability by providing such employees with pre-established, objective performance goals and by further providing such key employees with opportunities to earn financial rewards based on the achievement of such performance goals. The Plan is intended to constitute a qualified performance-based compensation plan under section 162(m)(4)(C) of the Internal Revenue Code of 1986, as amended (the "Code") and shall be administered and interpreted so as to ensure such qualification.

Section 162(m) of the Code prohibits the deduction by publicly held corporations of compensation other than qualifying performance-based employee compensation, exceeding \$1 million that is paid during a year to the Company's Chief Executive Officer and the next four most highly compensated executives ("Covered Employees"). To be deductible, such compensation must be paid solely on account of one or more performance goals established by, and the achievement must be certified by, a compensation committee consisting of two or more outside directors. In addition, the material terms of the performance goals used to determine the maximum compensation for Covered Executives must be disclosed to and approved by the stockholders of the corporation paying the compensation prior to payment.

The following is a summary of certain material features of the Plan. The full Plan is attached hereto as Appendix C to this Proxy Statement and is herein incorporated by reference. Stockholders are urged to read the Plan in its entirety before casting their votes.

Eligibility; Administration

The Organization, Compensation and Governance Committee (the "Committee") shall determine and designate from among the key employees of the Company and its subsidiaries those individuals who receive awards under the Plan. The Committee shall determine the amount, terms and conditions of such awards including their exercisability, vesting, and payment or settlement, and shall establish the rules for administering and interpreting the Plan.

Performance Period; Performance-Based Awards

The performance period shall be one year or such shorter period as determined by the Committee. As an award intended to qualify as "performance-based compensation" within the meaning of Section 162(m) of the Code, an award will be subject to the attainment of one or more pre-established objective performance goals. The Committee may use the following business criteria in establishing performance goals for such awards: (i) earnings; (ii) net income; (iii) net income applicable to stock; (iv) revenue; (v) cash flow; (vi) return on assets; (vii) return on net assets; (viii) return on invested capital; (ix) return on equity; (x) profitability; (xi) economic value added; (xii) operating margins or profit margins; (xiii) income before income taxes; (xiv) income before interest and income taxes; (xv) income before interest, income taxes, depreciation and amortization; (xvi) total stockholder return; (xvii) book value; (xviii) expense management; (xix) capital structure; (xx) strategic business criteria, consisting of one or more objectives based on meeting specified revenue, gross profit, market penetration, geographic business expansion, cost targets or goals relating to acquisitions or divestitures; (xxi) costs; (xxii) employee morale or productivity; (xxiii) customer satisfaction or loyalty; (xxiv) customer service; (xxv) compliance programs; and (xxvi) safety. The levels of performance required with respect to such business criteria may be expressed in absolute or relative terms, including, without limitation, per share amounts and comparisons to the performance of a published or special index deemed appropriate by the Committee. Performance goals may differ for awards to different participants and the Committee shall specify the weighting to be given to each business criterion for purposes of determining the final payout amount. For awards that are intended to be performance-based compensation, no more than 200% of an eligible participant's incentive target may be paid to the participant for any performance period.

Incentive Award Scale; Incentive Target

The Committee will establish an incentive award scale that describes the relationship between actual results and performance goals, including a payout threshold and maximum. The Committee will also establish, in writing, incentive targets for each Plan participant which will be the percentage of a participant's base pay to be awarded when the Company meets the performance goals. The incentive award scale and the incentive targets will be established by the Committee no later than the earlier of (i) 90 days after the beginning of the performance period or

(ii) the date of which 25% of the performance period has been completed, or such other date as may be required or permitted under Section 162(m) of the Code.

Payment of Awards

The Committee will certify in writing at the end of each performance period the extent to which the performance goals were met and the amount of each participant's award for the period. At the discretion of the Committee, awards may be paid in cash, or in stock through the Crompton Corporation 1998 Long Term Incentive Plan, or partly in both, as determined by the Committee at the time the award is granted. At the discretion of the Committee, individuals may elect to defer payment of these incentive awards.

Employment; Termination of Employment

The granting of an award does not create any rights in the participant with respect to his or her continued employment with the Company or any affiliate of the Company. A participant whose employment terminates prior to the end of a performance period shall not be eligible to receive an award, except upon approval of the Committee if such termination is due to an involuntary termination not for cause or a termination by reason of death, disability or retirement.

Effective Date of Plan

The Plan is effective on January 1, 2005, subject to approval of the stockholders of the Company at the 2005 annual meeting of stockholders, and unless terminated sooner by the Board, the Plan shall continue until March 31, 2010.

Amendment, Suspension or Termination: Nontransferability; Withholding Taxes; Governing Law

The Board may, at any time, suspend, terminate or amend the Plan in such respects as the Board deems to be in the best interest of the Company. No right or interest of any participant in the Plan shall be assignable or transferable except as designated by the participant by will or by the laws of descent and distribution. All distributions under the Plan are subject to withholding of all applicable taxes. The Plan, and all agreements thereunder, shall be governed and construed in accordance with the laws of the State of Connecticut.

The Board of Directors recommends a vote FOR approval of this proposal, and unless otherwise directed, proxies will be voted in favor of this selection. The affirmative vote of the holders of a majority of the shares of the Company represented and entitled to vote at the meeting is required for such approval.

**APPROVAL OF SELECTION
OF INDEPENDENT AUDITOR**

The Board of Directors has, subject to approval by the stockholders, selected the firm of KPMG LLP to act as auditor for the fiscal year 2005. The Board of Directors recommends a vote FOR approval, and unless otherwise directed, proxies will be voted in favor of this selection. The affirmative vote of the holders of a majority of the shares of the Company represented and entitled to vote at the meeting is required for such approval.

Representatives of KPMG LLP will be present at the annual meeting, with the opportunity to make a statement if they desire to do so and to respond to appropriate questions raised at the meeting.

**SECTION 16(a) BENEFICIAL OWNERSHIP
REPORTING COMPLIANCE**

Section 16(a) of the Exchange Act requires the Company's officers and directors, and stockholders who own more than ten percent of a registered class of the Company's equity securities, to file reports of ownership and changes in ownership with the Securities and Exchange Commission and the New York Stock Exchange. Officers, directors and stockholders who own more than ten percent of such of the Company's securities are required by SEC regulations to furnish the Company with copies of all Section 16(a) forms they file.

Based solely on its review of the copies of such forms received by it, or written representations from certain reporting persons that no Forms 5 were required for those persons, the Company believes that during fiscal year 2004, all filings required of its officers, directors and covered stockholders were made in compliance with applicable SEC regulations, except as to a Form 3 filing by Ms. Osar pertaining to ownership of Company restricted stock that was inadvertently filed late.

Where a choice is specified on the proxy with respect to a matter to be voted upon, the shares represented by the proxy will be voted in accordance with the specification so made. 2005 CROMPTON CORPORATION SHORT-TERM INCENTIVE PLAN
(effective January 1, 2005, subject to stockholder approval)

1. Purpose of the Short-Term Incentive Plan. The purpose of the 2005 Crompton Corporation Short-Term Incentive Plan (the "Plan") is to advance the interests of Crompton Corporation (the "Company") by enabling the Company to attract, retain, and motivate key employees of outstanding ability, by focusing such key employees on pre-established, objective performance goals and by providing such key employees with opportunities to earn financial rewards based on the achievement of such performance goals. The Plan is intended to constitute a qualified performance-based compensation plan under Section 162(m)(4)(C) of the Internal Revenue Code of 1986, as amended (the "Code") and shall be administered and interpreted so as to ensure such compliance.

2. Eligibility to Participate. Subject to the terms and conditions of the Plan, the Committee (as defined below) shall determine and designate, from time to time, from among the Eligible Employees, those persons who will be granted one or more Awards under the Plan, and thereby become "Participants" in the Plan. For purposes of this Plan, the term "Award" means any award or benefit granted under the Plan. The term "Eligible Employee" means any key employee of the Company or a Subsidiary. The term "Subsidiary" means any corporation in an unbroken chain running down from the parent company where each corporation other than the last in the chain owns stock possessing fifty percent or more of the total combined voting power of all classes of stock in one of the other corporations in the chain.

3. Administration.

a. *Committee.* The Plan shall be administered by the Organization, Compensation and Governance Committee (the "Committee") of the Crompton Corporation Board of Directors (the "Board"), consisting of at least two members of the Board, each of whom qualify as outside directors under Section 162(m) of the Code. From time to time, the Board may remove a member of the Committee or appoint other members in substitution for, or in addition to, members previously appointed to the Committee for any reason or no reason, and it may fill vacancies, however caused, in the Committee.

b. *Process.* One of the Committee members shall act as chair. No member of the Committee shall be eligible for Awards under this Plan. The Committee may adopt rules and regulations that it deems necessary for governing its affairs. Except with respect to matters that under Section 162(m) of the Code and Treasury Regulation Section 1.162-27(e) are required to be determined or established by the Committee to qualify Awards as performance-based compensation, it may take action either by a majority vote of its members in attendance provided there are at least two members present and voting, or by an instrument in writing signed by all members without a meeting. Members of the Committee shall not be liable for any act or omission in their capacities as such members, except for bad faith or gross negligence.

c. *Purpose.* The Committee will administer, construe and interpret the Plan and will establish rules for handling situations involving changes during the performance cycle in employee status such as involuntary separation, retirement, disability, death, job loss due to restructuring or sale of a business, new hires and changes from full to part-time employment. Except with respect to matters that under Section 162(m) of the Code and Treasury Regulation Section 1.162-27(e) are required to be determined or established by the Committee to qualify Awards as performance-based compensation, the Committee shall have the power to delegate to any officer or employee of the Company the Committee's authority to administer and interpret the procedural aspects of the Plan, subject to the terms of the Plan, including adopting and enforcing rules to decide procedural and administrative issues. The Committee shall make any and all factual and legal determinations in connection with the administration and interpretation of the Plan. The Committee's decisions will be final and binding on all parties, including the Company, any Subsidiary, the respective employees thereof, and the Company's stockholders.

4. Performance Period. For purposes of the Plan, the applicable "Performance Period" shall be a calendar year, or such shorter period as designated by the Committee with respect to which an Award may be earned.

5. Performance-Based Awards. The Committee may designate any Award, the exercisability, vesting, payment or settlement of which is subject to the attainment of one or more pre-established performance goals, as a performance-based Award intended to qualify as "performance-based compensation" within the meaning of Section 162(m) of the Code. The performance goals for an Award subject to this Section 5 shall consist of one or more business criteria, identified below, and a targeted level or levels of performance with respect to such criteria, as specified by the Committee. Performance goals shall be objective and shall otherwise meet the requirements Section 162(m)(4)(C) of the Code.

a. *Business Criteria.* The following business criteria for the Company, on a consolidated basis, and/or for specified business units of the Company, may be used by the Committee in establishing performance goals for such Awards: (i) earnings; (ii) net income; (iii) net income applicable to stock; (iv) revenue; (v) cash flow; (vi) return on assets; (vii) return on net assets; (viii) return on invested capital; (ix) return on equity; (x) profitability; (xi) economic value added; (xii) operating margins or profit margins; (xiii) income before income taxes; (xiv) income before interest and income taxes; (xv) income before interest, income taxes, depreciation and amortization; (xvi) total stockholder return; (xvii) book value; (xviii) expense management; (xix) capital structure and working capital; (xx) strategic business criteria, consisting of one or more objectives based on meeting specified revenue, gross profit, market penetration, geographic business expansion, cost targets or goals relating to acquisitions or divestitures; (xxi) costs; (xxii) employee morale or productivity; (xxiii) customer satisfaction or loyalty; (xxiv) customer service; (xxv) compliance programs; and (xxvi) safety.

b. *Levels of Performance.* The levels of performance required with respect to such business criteria may be expressed in absolute or relative terms, including, without limitation, per share amounts and comparisons to the performance of a published or special index deemed applicable by the Committee, such as the Standard & Poor's 500 Stock Index or the performance of one or more comparator companies. In establishing the levels of performance to be attained, the Committee may disregard or offset the effect of such factors as extraordinary and/or nonrecurring events as determined by the Company's independent certified public accountants in accordance with generally accepted accounting principles and changes in or modifications to accounting standards as may be required by the Financial Accounting Standards Board.

c. *Performance Goals.* Performance goals may differ for Awards to different Participants. The Committee shall specify the weighting to be given to each business criterion for purposes of determining the final amount payable with respect to any such Award. The Committee may reduce or increase the amount of a payout otherwise to be made in connection with an Award subject to this Section 5 but may not exercise its discretion to increase such amount for a named executive officer as defined in Section 162(m) of the Code. The Committee may consider other performance criteria in exercising such negative or positive discretion, to the extent permitted under Section 162(m) of the Code. All determinations by the Committee as to the attainment of performance goals shall be in writing. The Committee may not delegate any responsibility with respect to an Award that is intended to qualify as "performance-based compensation" within the meaning of Section 162(m) of the Code.

d. *Limitations.* For Awards that are intended to be performance-based compensation, no more than 200% of an eligible Participant's incentive target as described in section 7 below, may be paid to any one Participant pursuant to such Awards granted to that Participant for any Performance Period.

6. Incentive Award Scale. As soon as practicable, but no later than the earlier of (i) 90 days after the beginning of the Performance Period or (ii) the date on which 25% of the Performance Period has been completed, or such other date as may be required or permitted under applicable regulations under Code section 162(m), the Committee will establish in writing, the Eligible Employees who shall be Participants during the applicable Performance Period (which may be amended during the Performance Period for new Participants), and an incentive award scale that describes the relationship between actual results and performance goals, including a payout threshold and maximum.

7. Incentive Targets. As soon as practicable, but no later than the earlier of (i) 90 days after the beginning of the Performance Period or (ii) the date on which 25% of the Performance Period has been completed, or such other date as may be required or permitted under applicable regulations under Code section 162(m), the Committee will establish in writing, incentive targets for each Participant. The

incentive target will be the percentage of a Participant's base pay to be awarded when the Company meets the performance goals. Where the applicable Performance Period is the calendar year, "base pay" will be a Participant's base pay as of April 1 of the Performance Period. Where the applicable Performance Period is other than a full calendar year, "base pay" will be a Participant's base pay as of the end of the Performance Period.

8. Payment of Awards. As soon as practicable after the end of each Performance Period, the Committee shall certify in writing the extent to which the performance goals for such Performance Period were met, including, without limitation, the satisfaction of specific target objective(s) and any other material terms of the Awards, and the Committee shall certify the amount of each Participant's Award for the applicable Performance Period. Awards earned under the terms of this Plan may at the discretion of the Committee be paid in cash, or in stock through the Crompton Corporation 1998 Long Term Incentive Plan or any successor plan or plans (the "1998 LTIP"), or partly in both, as determined by the Committee at the time the Award is granted. Payment will be made not later than the 2^{1/2} months following the close of the applicable Performance Period. The Committee, in its discretion, may provide that individuals may elect to defer payment of these incentive awards, in accordance with such procedures to be established by the Committee, in accordance with Section 409A of the Code, the regulations thereunder, and other applicable law.

9. Implied Rights.

a. *Right in or Title to Assets.* Neither a Participant nor any other person shall, by reason of participation in the Plan, acquire any right in or title to any assets, funds or property of the Company or any Subsidiary whatsoever, including, without limitation, any specific funds, assets, or other property which the Company or any Subsidiary, in its sole discretion, may set aside in anticipation of a liability under the Plan. A Participant shall have only a contractual right to such stock or amounts, if any, payable under the Plan, unsecured by any assets of the Company or any Subsidiary, and nothing contained in the Plan shall constitute a guarantee that the assets of the Company or any Subsidiary shall be sufficient to pay any benefits to any person.

b. *Employment; Plan Benefits; Shareholder Rights.* The Plan does not constitute a contract of employment, and selection as a Participant will not give any participating employee the right to be retained in the employ of the Company or any Subsidiary, nor any right or claim to any benefit under the Plan, unless such right or claim has specifically accrued under the terms of the Plan. Except as otherwise provided in the Plan, no Award under the Plan shall confer upon the holder thereof any rights as a shareholder of the Company prior to the date on which the individual fulfills all conditions for receipt of such rights.

10. Change of Control. The occurrence of a Change in Control shall have the effect, if any, with respect to any Award, to the extent not prohibited by the Plan, as

determined by the Committee. For purposes of the Plan, the term "Change of Control" shall have the meaning given to such term in the 1998 LTIP.

11. Termination of Employment. Any Participant whose employment with the Company or any Subsidiary terminates before the end of a Performance Period other than (i) due to an involuntary termination not for Cause, or (ii) by reason of death, Disability or Retirement, shall not receive any Award for such Performance Period. The termination of a Participant's employment before the end of a Performance Period due to an event described in (i) or (ii) of this paragraph shall have the effect, if any, with respect to any Award, as provided by the Committee, to the extent not prohibited by the Plan. For purposes of the Plan, the term "Cause" shall have the meaning given to it by the Committee; *provided, however*, that the termination of any Participant due to a violation of the Company's Code of Business Conduct shall be deemed for Cause. A Participant shall be considered to have a "Disability" during the period in which the Participant is unable, by reason of a medically determinable physical or mental impairment, to engage in any substantial gainful activity, which condition, in the opinion of a physician selected by the Committee, is expected to have a duration of not less than 120 days. The term "Retirement" means the termination of a Participant's employment, other than for Cause, at or after age 55 with at least five years of service.

12. Effective Date of the Plan. The Plan will take effect on January 1, 2005, subject to approval of the stockholders of the Company at the 2005 annual stockholders meeting. Unless terminated earlier by the Board, the Plan shall continue until March 31, 2010 (Five years after shareholder approval).

13. Amendment, Suspension, or Termination. The Board may, at any time, suspend, terminate or amend the Plan in such respects as the Board deems to be in the best interest of the Company. No amendment will adversely affect any right of any grantee, or his successors in interest, under the terms of any Award made hereunder before the effective date of the amendment. Award deferrals in effect as of the Plan's termination will remain in effect according to their original terms.

14. Nontransferrability. No right or interest of any Participant in the Plan shall be assignable or transferable except as designated by the Participant by will or by the laws of descent and distribution, or subject to any lien, directly, by operation of law, or otherwise, including, but not limited to execution, levy, garnishment pledge and bankruptcy.

15. Withholding Taxes. All distributions under the Plan are subject to withholding of all applicable taxes, and the Committee may condition the delivery of any shares or other benefits under the Plan on satisfaction of the applicable withholding obligations.

16. Governing Law. The Plan, and all agreements hereunder, shall be governed by and construed in accordance with the laws of the State of Connecticut, applicable to contracts executed and performed in that State.
