- (1) Includes occupations for the five preceding years.
- (2) In accordance with Rule 13d-3(d)(1) under the United States *Securities Exchange Act of 1934*, as amended, the applicable ownership total for each person is based on the number of common shares in the capital of the Corporation ("**Common Shares**") held by such person as of the date of this Information Circular, plus any securities held by such person exercisable for or convertible into Common Shares within 60 days after the date of this Information Circular.
- (3) Member of Compensation Committee.
- (4) Member of Audit Committee.
- (5) Member of Corporate Governance Committee.
- (6) Represents Common Shares which may be acquired upon the exercise of immediately exercisable options.
- (7) Includes 97,465 Common Shares which may be acquired upon the exercise of immediately exercisable warrants and 70,000 Common Shares which may be acquired upon the exercise of immediately exercisable options.

The information as to the residence, principal occupation and number of Common Shares owned by the nominees listed in the above table is not within the knowledge of the management of the Corporation, and has been furnished by the individual appointees as of March 21, 2006.

There are no family relationships among any of the above directors of the Corporation. No directors of the Corporation are also directors of issuers with a class of securities registered under Section 12 of the United States *Securities Exchange Act of 1934* (the "**Exchange Act**") (or which otherwise are required to file periodic reports under the Exchange Act) except for Robert Quartermain, who is a director of Silver Standard Resources Inc., Canplats Resources Corporation and IAMGold Corp.

None of the above directors has entered into any arrangement or understanding with any other person pursuant to which he was, or is to be, elected as a director of the Corporation or a nominee of any other person, except that Mr. Quartermain was initially appointed to the Board of Directors as a nominee of the holders of the Corporation's convertible debentures issued as part of the private placement transaction that was completed in February and March, 2002. This nomination related only to Mr. Quartermain's initial appointment as a director. There is no subsequent arrangement or understanding pursuant to which Mr. Quartermain was, or is to be, elected as a director of the Corporation. The largest single holder of debentures, all of which have since been converted to equity pursuant to their terms, was Exploration Capital Partners 2000 Limited Partnership, whose General Partner, Resource Capital Investment Corp., is 90.1% owned by a trust of which A. Richards Rule is co-trustee. Mr. Rule is an indirect beneficial owner of approximately 4.9% of the Common Shares of the Corporation. (See "Ownership of the Corporation's Common Shares").

Additional information regarding the various committees of the Board of Directors, and the attendance of each director at meetings of the Board of Directors and its committees held during 2005, is set out below under "Corporate Governance Committees of the Board of Directors and Meetings".

Appointment of Auditor

Unless otherwise instructed, the proxies given pursuant to this solicitation will be voted for the re-appointment of PricewaterhouseCoopers LLP, Chartered Accountants, of Vancouver, British Columbia, as the auditor of the Corporation to hold office until the close of the next annual general meeting of the Corporation or until a successor is appointed. It is proposed that the remuneration to be paid to the auditor be fixed by the Audit Committee of the Board of Directors. PricewaterhouseCoopers LLP (then Coopers & Lybrand) was first appointed the auditor of the Corporation on June 28, 1985.

Representatives of PricewaterhouseCoopers LLP are expected to be present at the Meeting and to be available to respond to appropriate questions from persons present at the Meeting. If representatives of PricewaterhouseCoopers LLP are present at the Meeting, the Chairman of the Meeting will provide such representatives with the opportunity to make a statement if they so desire.

Fees Paid to Auditor and their Independence from the Corporation

The Corporation retained PricewaterhouseCoopers LLP to provide services which were billed for the years ended December 31, 2005 and 2004 in the following categories and amounts:

(in Canadian dollars)	2005	2004
Audit Fees ⁽¹⁾	\$ 124,000	\$ 124,500
Audit Related Fees ⁽²⁾	3,000	800
Tax Fees ⁽³⁾	64,086	26,500
All Other Fees ⁽⁴⁾	0	0
Totals	\$ 191,086	\$ 151,800

(1) "Audit Fees" represent fees for the audit of the Corporation's consolidated annual financial statements, review of the Corporation's interim financial statements, and review in connection with regulatory financial filings.

(2) "Audit Related Fees" represent fees for assistance regarding the application of accounting and financial reporting standards.

(3) "Tax Fees" represent fees for tax compliance, tax consulting and tax planning.

(4) For 2005 and 2004, no other fees were paid for legal compliance and business practice reviews, financial information systems design and implementation, or internal audit co-sourcing services.

The Audit Committee has adopted procedures requiring the Audit Committee to review and approve in advance of all particular engagements for services provided by the Corporation's independent auditor. Consistent with applicable laws, the procedures permit limited amounts of services, other than audit, review or attest services, to be approved by one or more members of the Audit Committee pursuant to authority delegated by the Audit Committee, provided the Audit Committee is informed of each particular service. All of the engagements and fees for 2005 were pre-approved by the Audit Committee. The Audit Committee reviews with PricewaterhouseCoopers LLP whether the non-audit services to be provided are compatible with maintaining the auditor's independence. The Board determined that, starting in 2004, fees paid to the independent auditors for non-audit services in any year will not exceed the fees paid for audit services during the year. Permissible non-audit services will be limited to fees for tax services, accounting assistance or audits in connection with acquisitions, and other services specifically related to accounting or audit matters such as audits of employee benefit plans.

Amendment to Stock Option Plan

At the Meeting, the shareholders will be asked to consider and, if thought appropriate, approve by way of an ordinary resolution an amendment to the terms of the Corporation's Stock Option Plan adopted on November 1, 1996 and amended as approved by the shareholders on May 10, 1999, May 2, 2003 and May 9, 2005 (the "**Current Plan**"), to increase the maximum number of Common Shares that may be reserved for

issuance upon the exercise of stock options issued to directors, officers and employees of the Corporation and its subsidiaries, and persons or companies engaged to provide ongoing consulting or other services for the Corporation or any of its subsidiaries (each, a "**Participant**"). As at the date of this Information Circular, the Corporation had three executive officers (one of whom is a director), four non-employee directors, nine employees and 12 consultants, all of whom were eligible to receive awards under the Current Plan. Additional information about the Current Plan is set out below under "Executive Compensation Stock Options". Pursuant to the Toronto Stock Exchange Company Manual, the Amended Plan (defined below) must be confirmed by disinterested shareholder approval every three years.

The Current Plan provides that the maximum number of Common Shares which may be issued under the Current Plan shall be 1,750,000 Common Shares. The proposed amendment to the Current Plan (the "**Amended Plan**") would increase the maximum number of Common Shares which may be issued under the Current Plan to a variable number equal to 10% of the total number of Common Shares issued and outstanding as of the date of the grant on a non-diluted basis. The maximum number of Common Shares that may be reserved for issuance to any individual is that number of Common Shares equal to 5% of the issued and outstanding Common Shares, from time to time. If options granted to an individual under the Amended Plan shall expire or terminate for any reason without having been exercised in respect of certain Common Shares, such Common Shares may be made available for purchase upon exercise of other options to be granted under the Amended Plan. The maximum number of Common Shares is subject to an adjustment mechanism to alter, as appropriate, the option price or number of shares issuable under the Current Plan upon a share reorganization, corporate reorganization or other such event not in the ordinary course of business which alters the share price or number of Common Shares outstanding.

The granting of options is discretionary and the Corporation cannot now determine the number of options that will be granted in the future to any particular person or group. As of the date of this Information Circular, there are 880,000 options outstanding (or 4.0% of the issued and outstanding Common Shares) and 1,233,187 Common Shares reserved for issuance pursuant to the exercise of options (or 5.8% of the issued and outstanding Common Shares) under the Current Plan. On March 21, 2006, the closing price of a Common Share, as reported on the Toronto Stock Exchange (the "**TSX**"), was Cdn.\$5.69 per share, and as reported on the American Stock Exchange (the "**AMEX**"), was U.S.\$5.03 per share.

The Board believes that the amendment to the Current Plan is necessary and in the best interests of the shareholders in order for the Corporation and its subsidiaries to continue to attract and retain capable and experienced directors, officers and employees, as well as to provide incentives to other key service providers. In order to attract personnel who are capable and experienced and to align their compensation with the interests of the shareholders, the Corporation needs to be in a position to offer options to acquire Common Shares without the necessity of obtaining shareholder approval for every significant increase in the number of options issued.

Shareholder approval of the proposed amendment to the Current Plan is required pursuant to the terms of the Current Plan and the rules and policies of the TSX. The rules and policies of the TSX further require that the amendment to the Current Plan must be approved by a majority of votes cast at the Meeting other than votes attaching to Common Shares beneficially owned by insiders to whom options under the Current Plan may be issued and their associates. As at March 21, 2006, the Corporation understands that no insiders or their associates beneficially own Common Shares. Consequently, all of the votes will be counted for the purposes of determining whether the required level of shareholder approval has been obtained for the amendment to the Current Plan.

The Corporation does not provide financial assistance to facilitate the purchase of Common Shares to directors, officers or employees of the Corporation or its subsidiaries, or persons or companies engaged to provide ongoing consulting or other services for the Corporation or any of its subsidiaries, who hold options granted under the Current Plan.

The text of the ordinary resolution to amend the Current Plan is set out in Schedule "B" to this Information Circular. The text of the Corporation's Amended Plan is set forth in Schedule "C" to this Information Circular.

U.S. Tax Information

Under U.S. tax law, a participant will not recognize taxable income upon the grant of a non-statutory stock option (i.e., an option that does not qualify as an "incentive stock option" under Section 422 of the U.S. Internal Revenue Code). Upon exercise of a non-statutory stock option, a participant generally will recognize ordinary compensation income in an amount equal to the excess of the fair market value of the common shares acquired through the exercise of the option ("**Option Shares**") on the exercise date over the exercise price.

With respect to any Option Shares, a participant will have a tax basis equal to the exercise price plus any income recognized upon the exercise of the option. Upon selling Option Shares, a participant generally will recognize capital gain or loss in an amount equal to the difference between the sale price of the Option Shares and the participant's tax basis in the Option Shares. This capital gain or loss will be a long-term gain or loss if the participant has held the Option Shares for more than one year prior to the date of the sale.

As to the Corporation, the grant of a stock option generally will have no United States income tax consequences, but the Corporation will be entitled to a business-expense deduction in the United States with respect to any ordinary compensation income recognized by a participant as a result of the exercise of a non-statutory stock option. The Corporation shall be entitled to the business-expense deduction during the year of the exercise.

Canadian Tax Information

The following is a general summary as at the date hereof of certain Canadian federal income tax consequences applicable to individuals who, at relevant times, for purposes of the *Income Tax Act* (Canada) are, or are deemed to be, resident in Canada and who receive Options under the Stock Option Plan by virtue of their employment with the Corporation and the exercise price of the Options is equal to the fair market value of the Common Shares on the date the Options are granted (a "**Canadian Resident Employee**").

This summary is based upon the current provisions of the *Income Tax Act* (Canada) and the regulations enacted thereunder (collectively referred to as the "**Canadian Tax Act**"), as well as the understanding of the current published administrative and assessing policies of the Canada Revenue Agency. This summary is not exhaustive of all possible Canadian federal income tax consequences and does not take into account provincial, territorial or foreign income tax considerations, nor does it take into account or anticipate any changes in law, whether by judicial, governmental or legislative decision or action except the specific proposal (the "**Tax Proposals**") to amend the Canadian Tax Act publicly announced by or on behalf of the Minister of Finance (Canada) before the date hereof. No assurance can be given that the Tax Proposals will be enacted into law in the manner proposed, or at all. **This summary is not intended to be nor should it be construed to be, legal or tax advice to a particular Canadian Resident Employee. Accordingly, Canadian Resident Employees should consult their own tax advisors with respect to their particular circumstances.**

A Canadian Resident Employee who receives options under the Stock Option Plan will not recognize a taxable benefit (the "**Benefit**") upon the grant of the option. Under section 7 of the Canadian Tax Act, the Benefit is recognized and, unless an election is filed by the Canadian Resident Employee under subsection 7(10) of the Canadian Tax Act, will be included in the employee's employment income, when the Option is exercised. The amount of the Benefit will be the excess of the fair market value of the Option Shares on the exercise date over the exercise price. In computing the employee's taxable income for

Canadian tax purposes, an offsetting deduction of one-half of the Benefit is generally available against the employee's total income subject to certain conditions.

An employee who makes a "qualifying acquisition" as defined in subsection 7(9) of the Canadian Tax Act may file an election before January 16 of the year following the year in which the Option is exercised to defer the recognition of the Benefit arising from the exercise of Options until the Option Shares are disposed of by the employee, the employee dies, or the employee becomes a non-resident of Canada for purposes of the Canadian Tax Act. The deferral is subject to an annual limit of \$100,000, based on the year in which the Option vested and on the value of the Common Shares when the Option was granted. A Canadian Resident Employee will be deemed to exercise identical Options in the order designated by the Canadian Resident Employee or in any other case, in the order in which the Options first became exercisable and, in the case of Options that first became exercisable at the same time, in the order in which those Options were acquired under the Stock Option Plan.

The employee's adjusted cost base of the Option Shares is equal to the exercise price plus the amount of the Benefit. Unless an election has been filed under subsection 7(10) in respect of the acquisition of Option Shares, the adjusted cost base of the Option Shares will be averaged with the adjusted cost base of all other Common Shares owned by the Canadian Resident Employee. Special rules in the Canadian Tax Act apply to determine the order in which Option Shares and any other Common Shares are disposed of. Upon the disposition of the Option Shares, the employee will generally recognize a capital gain or loss in amount equal to the difference between the proceeds of disposition of the Option Shares (less any reasonable costs of disposition) and the employee's adjusted cost base of the shares.

As for the Corporation, there are no Canadian income tax consequences with respect to the grant of the stock options. The Corporation will not be entitled to a deduction in Canada with respect to the exercise of stock options even though the employee is deemed to receive a Benefit from the employment.

Information About Proxies

Solicitation of Proxies

The solicitation for proxies will be conducted by mail and may be supplemented by telephone or other personal contact to be made, without special compensation, by officers and employees of the Corporation. **The Corporation may retain other persons or companies to solicit proxies on behalf of management, in which event the customary fees for such services will be paid. The cost of the solicitation will be borne by the Corporation.**

Appointment of Proxyholder

The person named in the enclosed form of proxy for the Meeting is a director and officer of the Corporation and a nominee of management. A shareholder has the right to appoint some other person, who need not be a shareholder, to represent such shareholder at the Meeting by striking out the name of the person designated in the accompanying form of proxy and by inserting that other person's name in the blank space provided. If a shareholder appoints the person designated in the accompanying form of proxy as a nominee and does not direct the said nominee to vote either for or against or withhold from voting on a matter or matters with respect to which an opportunity to specify how the Common Shares registered in the name of such shareholder shall be voted, the proxy shall be voted in favour of such matter or matters.

The instrument appointing a proxyholder must be in writing and signed by the shareholder, or such shareholder's attorney authorized in writing, or if the shareholder is a corporation, by a duly authorized officer, or attorney, of the corporation. An instrument of proxy will only be valid if it is duly completed, signed, dated and received at the office of the Corporation's registrar and transfer agent, Computershare Investor Services Inc. at 100 University Avenue, 9th Floor, Toronto, Ontario, M5J 2Y1, Attention: Proxy Department, before 4:30 p.m., Toronto time, on Thursday, May 4, 2006, or no later than 48 hours

(excluding Saturdays, Sundays and holidays) before any adjournment of the Meeting, unless the Chairman of the Meeting elects to exercise his discretion to accept proxies received subsequently.

Revocation of Proxy

A shareholder may revoke a proxy by delivering an instrument in writing executed by such shareholder or by the shareholder's attorney authorized in writing or, where the shareholder is a corporation, by a duly authorized officer or attorney of the corporation, either to the registered office of the Corporation at any time up to and including the last business day preceding the day of the Meeting or any adjournment thereof, with the Chairman of the Meeting on the day of the Meeting or any adjournment thereof, before any vote in respect of which the proxy is to be used shall have been taken, or in any other manner permitted by law.

Voting of Proxies

A shareholder may direct the manner in which his or her Common Shares are to be voted or withheld from voting in accordance with the instructions of the shareholder by marking the form of proxy accordingly. If the instructions in a proxy given to management are certain, the Common Shares represented by that proxy will be voted on any poll and where a choice has been specified in the proxy, the Common Shares will be voted on any poll in accordance with the specifications so made. **Where no choice is so specified with respect to any resolution or in the absence of certain instructions, the Common Shares represented by a proxy given to management will be voted in favour of the resolution. If more than one direction is made with respect to any resolution, such Common Shares will similarly be voted in favour of the resolution.**

Exercise of Discretion by Proxyholders

The enclosed form of proxy when properly completed and delivered and not revoked confers discretionary authority upon the proxyholders named therein with respect to amendments or variations of matters identified in the accompanying Notice of Meeting, and other matters not so identified which may properly be brought before the Meeting. At the date of this Information Circular, management of the Corporation knows of no such amendments, variations or other matters to come before the Meeting. If any other matter comes before the Meeting, the persons named in the proxy will vote in accordance with their judgement on such matter.

Securities Entitled to Vote

As of March 21, 2006, the authorized share capital of the Corporation is divided into an unlimited number of Common Shares, of which 21,957,287 Common Shares are issued and outstanding, and an unlimited number of preferred shares, none of which are issued. Every shareholder who is present in person and entitled to vote at the Meeting shall have one vote on a show of hands and on a poll shall have one vote for each Common Share of which the shareholder is the registered holder, and such shareholder may exercise such vote either in person or by proxy.

The Board of Directors of the Corporation has fixed the close of business on March 29, 2006 as the record date for the purpose of determining the shareholders entitled to receive notice of the Meeting, but the failure of any shareholder to receive notice of the Meeting does not deprive such shareholder of the entitlement to vote at the Meeting. Every shareholder of record at the close of business on March 29, 2006 who personally attends the Meeting will be entitled to vote at the Meeting or any adjournment thereof, except to the extent that:

- (a) such shareholder has transferred the ownership of any of his or her Common Shares after March 29, 2006; and

(b)

the transferee of those Common Shares produces properly endorsed share certificates, or otherwise establishes that he or she owns the Common Shares, and demands, not later than 10 days before the Meeting, that his or her name be included in the list of shareholders entitled to vote at the Meeting, in which case the transferee is entitled to vote those Common Shares at the Meeting.

The Corporation has no charter or by-law provisions that would delay, defer or prevent a change in control of the Corporation.

Quorum

Under By-Law No. 1 of the Corporation, the quorum for the transaction of business at the Meeting is two shareholders present in person or by proxy.

The ordinary resolution authorizing the Corporation to amend the Current Plan must be approved by a majority of more than 50% of the votes cast by shareholders who vote in person or by proxy at the Meeting with respect to this resolution. The rules and policies of the TSX further require that the amendment to the Current Plan must be approved by a majority of votes cast at the Meeting other than votes attaching to Common Shares beneficially owned by insiders to whom options under the Current Plan may be issued and their associates. As at the date of this Information Circular, the Corporation understands that no insiders or their associates beneficially own Common Shares. Consequently, all of the votes will be counted for the purposes of determining whether the required level of shareholder approval has been obtained for the amendment to the Current Plan. See "Particulars of Matters to be Acted Upon Amendment to Stock Option Plan".

Directors will be elected by a plurality of the votes cast by shareholders who vote in person or by proxy at the Meeting.

Abstentions will be counted as present for purposes of determining the presence of a quorum for purposes of these matters, but will not be counted as votes cast. Broker non-votes (shares held by a broker or nominee as to which the broker or nominee does not have the authority to vote on a particular matter) will not be counted as present for purposes of determining the presence of a quorum for purposes of these matters and will not be voted. Accordingly, neither abstentions nor broker non-votes will have any effect on the outcome of the votes on the matters to be acted upon at the Meeting.

Corporate Governance

The Corporation's Board of Directors and executive officers consider good corporate governance to be an important factor in the efficient and effective operation of the Corporation. Effective June 30, 2005, the

Canadian Securities Administrators implemented National Policy 58-201 *Corporate Governance Guidelines* and National Instrument 58-101 *Disclosure of Corporate Governance Practices* ("NI 58-101") in each of the provinces and territories of Canada. The AMEX has established guidelines for effective corporate governance. The Board of Directors is of the view that the Corporation's system of corporate governance meets or exceeds the majority of these guidelines and requirements.

Board of Directors

The present Board of Directors consists of five directors, three of whom qualify as unrelated directors who are independent of management and free from any interest or business relationship which could, or could be perceived to, materially interfere with their ability to act in the best interests of the Corporation. Michael B. Richings is a related director because of his management position with the Corporation. Robert A. Quartermain is the President and Chief Executive Officer of Silver Standard Resources, Inc., a company which, through a wholly-owned subsidiary, made an option payment of U.S.\$300,000 to the Corporation in 2003. As a result of this payment, the Corporate Governance Committee determined that Mr. Quartermain could no longer be considered unrelated.

The Board of Directors believes that adequate structures and processes are in place to facilitate the functioning of the Board of Directors independently of the Corporation's management. The Audit Committee, the Compensation Committee and the Corporate Governance Committee are entirely composed of directors who are unrelated to the Corporation's management. In addition, the Board of Directors meets periodically with the Corporation's auditor without management present.

A number of directors of the Corporation hold directorships with other issuers. Details of those other directorships can be found above in the table under the heading "Particular Matters to be Acted Upon Election of Directors".

The meeting attendance for the fiscal year ended December 31, 2005 is summarized in the table below:

Director	Board Meetings (Attended/Held)	Committee Meetings (Attended/Held)
John M. Clark	8/8	7/7
W. Durand Eppler	8/8	7/7
C. Thomas Ogryzlo	8/8	7/7
Robert A. Quartermain	7/8	
Michael B. Richings	8/8	

Board Mandate

Pursuant to the Yukon *Business Corporations Act*, the Board of Directors is required to manage or supervise the management of the affairs and business of the Corporation. The Board of Directors has adopted a written mandate, which defines its stewardship responsibilities in light of this statutory obligation. Under this mandate, the directors' principal responsibilities are to supervise and evaluate management, to oversee the conduct of the business, to set policies appropriate for the business and to approve corporate strategies and goals. In addition, the Board of Directors has also specifically assumed responsibility for succession planning and monitoring senior management, the Corporation's communications policy, and the integrity of the Corporation's internal control and management information systems. In carrying out these responsibilities, the Board of Directors is entitled to place reasonable reliance on management. The mandate and responsibilities of the Board of Directors are to be carried out in a manner consistent with the fundamental objective of protecting and enhancing the value of the Corporation and providing ongoing benefit to the shareholders.

Position Descriptions

The Board of Directors does not have a chair. The Board of Directors has not developed written position descriptions for the chair of the Board of Directors, the chair of each committee, or the Chief Executive Officer. Accordingly, the roles and responsibilities of those positions are currently delineated on the basis of customary practices. The Board of Directors intends to develop written position descriptions that will formally delineate the respective roles and responsibilities of these positions.

The chair of each committee of the Board of Directors is identified below under the heading "Committees of the Board of Directors and Meetings".

Orientation and Continuing Education

New Board members receive a director's orientation regarding the role of the Board of Directors, its committees and the directors, as well as, the nature and operations of the Corporation's business. As well, presentations are given, from time to time, to the Board of Directors on legal and other matters applicable to the Corporation and directors' duties.

Ethical Business Conduct

On December 19, 2003, the Board of Directors adopted a Code of Business Conduct and Ethics (the "**Code of Ethics**"), which has the fundamental principles of honesty, loyalty, fairness, forthrightness and use of common sense in general. An integral part of the Code of Ethics is to manage the Corporation with full transparency, and in the best interests of the shareholders and other stakeholders of the Corporation. The Code of Ethics is available on the Corporation's website at www.vistagold.com and on SEDAR at www.sedar.com. The Code of Ethics applies to all directors, officers and employees, including the principal executive, financial and accounting officers. The Board of Directors, through the Corporate Governance Committee, is responsible for monitoring compliance with the Code of Ethics. The Corporate Governance Committee reviews with management any issues with respect to compliance with the Code of Ethics.

The Board of Directors ensures, through the Corporate Governance Committee, that the directors exercise independent judgement in considering transactions and agreements in respect of which a director or executive officer has a material interest. The Code of Ethics sets out the procedure with respect to reporting conflicts of interest. Actual or potential conflicts of interests are reported to the Chair of the Corporate Governance Committee. Members of the Corporate Governance Committees are required to be particularly vigilant in reviewing and approving conflicts of interests.

Committees of the Board of Directors and Meetings

During fiscal 2005, there were three standing committees of the Board of Directors: the Audit Committee; the Corporate Governance Committee; and the Compensation Committee, each described below. Between meetings of the Board of Directors, certain of its powers may be exercised by these standing committees, and these committees, as well as the Board of Directors, sometimes act by unanimous written consent. All of the directors on each committee are "independent" within the meaning of the NI 58-101, and are "independent" within the meaning of AMEX listing standards.

Audit Committee

The Audit Committee is chaired by John M. Clark. Its other members as of the date of this Information Circular are C. Thomas Ogryzlo and W. Durand Eppler. The Audit Committee, under the guidance of the Audit Committee Charter approved by the Board of Directors, assists the Board of Directors in fulfilling its oversight responsibilities by reviewing (i) the financial statements, reports and other information provided to shareholders, regulators and others, (ii) the independent auditor's qualifications,

independence and performance, (iii) the internal controls that management and the Board have established, and (iv) the audit, accounting and financial reporting processes generally. The Audit Committee met four times during the fiscal year ended December 31, 2005. Additional information about the Audit Committee is contained below under the heading "Audit Committee Report".

Corporate Governance Committee

The Corporate Governance Committee is chaired by C. Thomas Ogryzlo. Its other members as of the date of this Information Circular are John M. Clark and W. Durand Eppler. The Corporate Governance Committee's functions are to review the Corporation's governance activities and policies, and also to review proposed nominees for the Board. The Corporate Governance Committee met once during the fiscal year ended December 31, 2005.

The Corporate Governance Committee recommends criteria for service as a director, reviews candidates and recommends appropriate governance practices and compensation for directors. The Committee believes candidates for the Board should have the ability to exercise objectivity and independence in making informed business decisions; extensive knowledge, experience and judgment; the highest integrity; loyalty to the interests of the Corporation and its shareholders; a willingness to devote the extensive time necessary to fulfill a director's duties; the ability to contribute to the diversity of perspectives present in board deliberations; and an appreciation of the role of the corporation in society. The Committee considers candidates meeting these criteria who are suggested by directors, management, shareholders and search firms hired to identify and evaluate qualified candidates. From time to time the Committee recommends highly qualified candidates who are considered to enhance the strength, independence and effectiveness of the Board. Shareholders may submit recommendations in writing by letter addressed to the Chief Executive Officer or the Chairman of the Corporate Governance Committee. In addition, qualified persons may nominate directors at the Annual General Meeting. Persons qualified to make a nomination must be either a shareholder entitled to vote at this meeting or a proxyholder with a proxy that specifically allows the proxyholder to nominate a director.

The Corporate Governance Committee reviews the size of the Board of Directors annually. A board must have enough directors to carry out its duties efficiently, while presenting a diversity of views and experience. The Board of Directors believes that its present size effectively fulfills this goal. The size of the Board, at five members, is the same as last year but smaller than in previous years, and allows the Board to react more quickly in changing market conditions.

The Corporation's Corporate Governance Committee Charter is available on the Corporation's website at www.vistagold.com. Shareholders may send communications to the Board, the Chairman, or one or more non-management directors by using the contact information provided on the Corporation's website under the headings "Corporate", "Governance" and "Contact the Corporation's Board". Shareholders also may send communications by letter addressed to the Chief Executive Officer of the Corporation at 7961 Shaffer Parkway, Suite 5, Littleton, CO 80127 or by contacting the Chief Executive Officer at (720) 981-1185. All communications addressed to the Chief Executive Officer will be received and reviewed by that officer. The receipt of concerns about the Corporation's accounting, internal controls, auditing matters or business practices will be reported to the Audit Committee. The receipt of other concerns will be reported to the appropriate Committee(s) of the Board.

The President and Chief Executive Officer is required to attend the Annual General Meeting; attendance by other directors is discretionary. All members of the Board of Directors attended the 2005 Annual General Meeting.

Compensation Committee

The Compensation Committee is chaired by John M. Clark. Its other members as of the date of this Information Circular are C. Thomas Ogryzlo and W. Durand Eppler. The Compensation Committee's

functions are to review and recommend compensation policies and programs to the Corporation as well as salary and benefit levels for its executives. The Compensation Committee met twice during the fiscal year ended December 31, 2005. Additional information about the Compensation Committee is contained under the heading "Executive Compensation Report of the Compensation Committee".

Audit Committee Report

The Audit Committee of the Board of Directors is responsible for providing independent, objective oversight of the Corporation's accounting functions and internal controls. The Audit Committee acts under a written charter first adopted and approved by the Board of Directors in 2001, as amended in 2005, which is reviewed annually. Each member of the Audit Committee is "independent" within the meaning of the AMEX listing standards. In accordance with Section 407 of the United States *Sarbanes-Oxley Act of 2002*, the Board of Directors has identified John M. Clark as the "Audit Committee Financial Expert." A copy of the Audit Committee charter is attached hereto as Schedule "A".

The responsibilities of the Audit Committee include recommending to the Board of Directors an accounting firm to be engaged as the Corporation's independent accountants. The Audit Committee is responsible for recommending to the Board of Directors that the Corporation's financial statements be included in its annual report. The Audit Committee took a number of steps in making this recommendation for fiscal year 2005. First, the Audit Committee discussed with PricewaterhouseCoopers LLP those matters required to be discussed by Statement on Auditing Standards No. 61, including information regarding the scope and results of the audit. These communications and discussions are intended to assist the Audit Committee in overseeing the financial reporting and disclosure process. Second, the Audit Committee discussed with PricewaterhouseCoopers LLP the independence of PricewaterhouseCoopers LLP and received from PricewaterhouseCoopers LLP the letter required by Independence Standards Board Standard No. 1, concerning its independence as required under applicable independence standards for auditors of public companies. This discussion and disclosure assisted the Audit Committee in evaluating such independence. Finally, the Audit Committee reviewed and discussed, with the Corporation's management and PricewaterhouseCoopers LLP, the Corporation's audited consolidated balance sheets at December 31, 2005, and consolidated statements of income, cash flows and shareholders' equity for the fiscal year ended December 31, 2005. Based on the discussions with PricewaterhouseCoopers LLP concerning the audit, the independence discussions, the financial statement review, and such other matters deemed relevant and appropriate by the Audit Committee, the Audit Committee recommended to the Board of Directors that the Corporation's financial statements be included in its 2005 Annual Report on Form 10-K.

Long-Term Incentive Plan

The Corporation does not presently have a long-term incentive plan for its Named Executive Officers.

Stock Options

The Corporation has established a Stock Option Plan which provides for grants to directors, officers, employees and consultants of the Corporation, or its subsidiaries, of options to purchase Common Shares. Subject to applicable stock exchange requirements, under the Stock Option Plan, a maximum of 1,750,000 Common Shares may be reserved, set aside and made available for issue under, and in accordance with, the Stock Option Plan, and the maximum number of Common Shares that may be reserved for issuance to any individual under the Stock Option Plan is that number of Common Shares that is equivalent to 5% of the Common Shares issued and outstanding from time to time. Under the Stock Option Plan, options may be exercised by the payment in cash of the option exercise price to the Corporation. All options are subject to the terms and conditions of an option agreement entered into by the Corporation and each participant at the time an option is granted.

The Stock Option Plan is administered by the Board of Directors which has full and final discretion to determine (i) the total number of optioned shares to be made available under the Stock Option Plan, (ii) the directors, officers, employees and consultants of the Corporation who are eligible to receive stock options under the Stock Option Plan ("**Optionees**"), (iii) the time when and the price at which stock options will be granted, (iv) the time when and the price at which stock options may be exercised, and (v) the conditions and restrictions on the exercise of options. Pursuant to the terms of the Stock Option Plan, the exercise price must not be less than the closing price of the Common Shares on either the AMEX or the TSX, at the Board of Directors' discretion, on the day preceding the date of grant. Options become exercisable only after they vest in accordance with the respective stock option agreement and must expire no later than ten years from the date of grant.

If an Optionee ceases to be an officer or employee of the Corporation, or its subsidiaries, as a result of termination for cause, all unexercised options will immediately terminate. If an Optionee ceases to be a director, officer or employee of the Corporation, or its subsidiaries, or ceases to be a consultant to the Corporation, for any reason other than termination for cause, the Optionee shall have the right to exercise his or her options at any time up to but not after the earlier of 30 days from the date of ceasing to be a director, officer, employee or consultant, or the expiry date. In the event of death of an Optionee, the legal representatives of such Optionee have the right to exercise the options at any time up to but not after the earlier of 90 days from the date of death, or the expiry date.

Options granted under the Stock Option Plan are non-transferable and non-assignable other than on the death of a Participant. An Optionee has no rights whatsoever as a shareholder in respect of unexercised options.

The Corporation did not grant any stock options to any of the Named Executive Officers during the financial year ended December 31, 2005. No stock appreciation rights ("**SARs**") are outstanding, and it is currently intended that none be issued.

In the case of either termination without cause or occurrence of the "substantial adverse change" without cause, Mr. Richings may elect to receive a lump sum payment equal to 12 months of salary, vacation pay, employer contribution to his retirement savings plan, and employer-paid benefits.

The contract between the Corporation and Mr. Marlier is for an unlimited term, provides for an annual bonus at the sole discretion of the Board of Directors and provides for the severance benefit described below. Under the terms of this contract, the employment of Mr. Marlier may be terminated by the Corporation without cause, provided that it continues to pay his base salary for a period of three months following termination, and by Mr. Marlier upon 30 days' notice to the Corporation. In addition, in the event of a "fundamental change" (as defined below) in Mr. Marlier's employment without cause, the Corporation must continue to pay his base salary and other employee benefits for a period of three months following the occurrence of the fundamental change. In the case of either termination without cause or occurrence of a "fundamental change" without cause, Mr. Marlier may elect to receive a lump sum payment equal to three months of salary, vacation pay, employer contribution to his retirement savings plan, and employer-paid benefits.

As used in the employment agreement, "fundamental change" means an adverse change in any of the duties, powers, salary or benefits of Mr. Marlier, or a diminution of his title, or a change in the metropolitan area in which Mr. Marlier is regularly required to carry out the terms of his employment, as compared to the status of such matters at the effective date of the agreement.

Other than as described above, the Corporation has no plan or arrangement in respect of compensation received or that may be received by Named Executive Officers to compensate such officers in the event of the termination of employment, resignation, retirement, change of control of the Corporation or in the event of a change in responsibilities following a change of control.

It is the responsibility of the Compensation Committee to review and recommend compensation policies and programs to the Corporation as well as salary and benefit levels for its executives. The committee makes recommendations to the Board of Directors which gives final approval on compensation matters.

The Corporation's compensation policies and programs are designed to be competitive with similar mining companies and to recognize and reward executive performance consistent with the success of the Corporation's business. These policies and programs are intended to attract and retain capable and experienced people.

In addition to industry comparables, the Compensation Committee considers a variety of factors when determining both compensation policies and programs and individual compensation levels. These factors include the long-range interests of the Corporation and its shareholders, overall financial and operating performance of the Corporation and the Compensation Committee's assessment of each executive's individual performance and contribution toward meeting corporate objectives. Superior performance is recognized through the Corporation's incentive policy.

The total compensation plan for executive officers is comprised of three components: base salary, an incentive payment and stock options. As a general rule for establishing base salaries, the Compensation Committee reviews competitive market data for each of the executive positions and determines placement at an appropriate level in a range. Compensation levels are typically negotiated with the candidate for the

position prior to his or her final selection as an executive officer. The compensation range for executives normally moves annually to reflect external factors such as inflation.

The Corporation's incentive policy generally allows executive officers and management personnel to earn an incentive payment to a maximum of 15% of his or her base salary, two-thirds of which is based upon individual performance and one-third of which is based upon the performance of the Corporation. All executive officers and management personnel participate in this policy, except the President and Chief Executive Officer. By contract, he is entitled to earn a bonus the amount of which is at the sole discretion of the Board of Directors. Following the end of each fiscal year, the Compensation Committee makes a recommendation to the Board of Directors as to the appropriate incentive payment for the executive officers and management personnel. No specific performance criteria or objectives are utilized by the Compensation Committee or the Board of Directors in making their determinations. In 2005, incentive payments totalling \$36,000 were paid to executive officers and employees of the Corporation.

The third element in the total compensation plan is the Stock Option Plan. This plan is intended to emphasize management's commitment to growth of the Corporation and enhancement of shareholders' wealth through, for example, improvements in operating results, resource base, and share price increments.

The compensation of the President and Chief Executive Officer of the Corporation is determined in the same manner as for other executive officers (as described above). Under the employment contract between the Corporation and Mr. Richings, Mr. Richings is entitled to receive a base salary, an annual discretionary incentive bonus, five weeks' vacation time and various minor perquisites. In addition, Mr. Richings is entitled to receive stock options under the Stock Option Plan. Mr. Richings received a cash bonus during 2005. Further details regarding the compensation received by Mr. Richings during 2005 are outlined above under "Executive Compensation Summary Compensation Table".

Indebtedness of Directors and Senior Officers

None of the directors, senior officers, nor any individual who was at any time during the most recently completed financial year a director, or any associates or affiliates of the foregoing persons is indebted to the Corporation.

Director and Officer Liability Insurance

The Corporation has purchased and maintains insurance in the amount of U.S. \$5 million for the benefit of the directors and officers of the Corporation against liabilities incurred by such persons as directors and officers of the Corporation and its subsidiaries, except where the liability relates to such person's failure to act honestly and in good faith with a view to the best interests of the Corporation. The annual premium paid by the Corporation for this insurance in respect of the directors and officers as a group is U.S.\$74,227. No premium for this insurance is paid by the individual directors and officers. The insurance contract underlying this insurance does not expose the Corporation to any liability in addition to the payment of the required premiums.

Interest of Management and Others in Material Transactions

Except as described below, no director or senior officer of the Corporation who has served in such capacity since the beginning of the last financial year, and to the best of the knowledge of the Corporation, no person that has direct or indirect beneficial ownership of more than 5% of the issued Common Shares of the Corporation and no associate or affiliate of any such person, had any material interest, directly or indirectly, in any transaction within the past year, or in any proposed transaction, which has affected or would materially affect the Corporation or any of its subsidiaries.

In September 2005, the Corporation completed a private placement transaction for gross proceeds of \$7.8 million. The Corporation retained Global Resource Investments Ltd. (defined above as "**Global**") and Quest Securities Corporation ("**Quest Securities**") to serve as finders in this transaction. The Corporation paid Global a cash finder's fee of \$468,463, being 6% of the gross proceeds of the private placement. As the finder's fee for Quest Securities, the Corporation issued to Quest Securities 216,881 warrants, that number being 10% of the number of units issued in the private placement. In addition, the Corporation paid Global and Quest Securities a total of \$18,757 and CDN\$18,939, respectively representing the legal costs incurred by each in connection with this private placement.

The Corporation understands that all of the outstanding shares of Global are beneficially owned by Mr. A. Richards Rule, and that at the time of the private placement Mr. Rule beneficially owned common share purchase warrants to acquire approximately 5% of the Common Shares of the Corporation. As well, the Corporation understands that Mr. Rule beneficially owns approximately 12% of the outstanding shares of Quest Capital Corporation. Quest Securities is a wholly-owned subsidiary of Quest Capital Corporation.

On June 9, 2003, the Corporation entered into an agreement granting Silver Standard Resources Inc. ("SSRI") an option to acquire the Corporation's interest in the silver resources hosted in the Maverick Springs project. Pursuant to this agreement, SSRI would pay \$1.5 million over four years, including a payment of \$300,000 that was made upon acceptance of the option agreement for filing on the TSX. The remaining \$1.2 million would be used to fund exploration programs, land holding costs and option payments. As of December 31, 2005, SSRI has paid the Corporation \$1,522,261 pursuant to this agreement thus satisfying its \$1.5 million payment obligation. Accordingly, all costs incurred for Maverick Springs are now being shared by the two corporations on the basis of Vista Gold 45% / SSRI 55%. SSRI and the Corporation have formed a committee to jointly manage exploration of the Maverick Springs project. Robert A. Quartermain is a director of both SSRI and the Corporation.

Management Contracts

There are no management functions of the Corporation which are to any substantial degree performed by persons other than the directors, senior officers or managers of the Corporation. The Corporation has entered into employment agreements with each of Michael B. Richings, President and Chief Executive Officer, and Gregory G. Marlier, Chief Financial Officer, as set forth above under "Termination of Employment, Change in Responsibilities and Employment Contracts."

Interest of Certain Persons in Matters to be Acted Upon

Other than as disclosed herein, no person who has been a director or officer of the Corporation at any time since the beginning of the last financial year or any proposed nominee for election as director, nor any associate or affiliate of such person, has an interest in the matters to be acted upon at the Meeting.

Shareholder Proposals

Under the Exchange Act, the deadline for submitting shareholder proposals for inclusion in the management information and proxy circular for an annual meeting of the Corporation is calculated in accordance with Rule 14a-8(e)(3) of Regulation 14A to that Act. If the proposal is submitted for a regularly scheduled annual meeting, the proposal must be received at the Corporation's principal executive offices not less than 120 calendar days before the date of the Corporation's management information and proxy circular released to the Corporation's shareholders in connection with the previous year's annual meeting. However, if the Corporation did not hold an annual meeting the previous year, or if the date of the current year's annual meeting has been changed by more than 30 days from the date of the previous year's meeting, then the deadline is a reasonable time before the Corporation begins to print and mail its proxy materials. Accordingly, unless the date of the next annual meeting is changed by more than 30 days from the date of this year's meeting the deadline for submitting shareholder proposals for inclusion in the management information and proxy circular for the next annual meeting of the Corporation will be December 29, 2006.

Other Matters

Management of the Corporation knows of no other matters, which will be brought before the Meeting other than those set forth in the Notice of Meeting. Should any other matters properly come before the Meeting, the Common Shares represented by the proxies solicited hereby will be voted on those matters in accordance with the best judgement of the persons voting such proxies.

Dissenters' Rights of Appraisal

No action is proposed herein for which the laws of the Yukon Territory, the Articles of Continuation or By-laws of the Corporation provide a right of a shareholder to dissent and obtain appraisal of or payment for such shareholder's Common Shares.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the United States *Securities Exchange Act of 1934* requires the Corporation's officers and directors, and persons who own more than 10% of the Corporation's Common Shares, to file reports of ownership and changes of ownership of such securities with the United States Securities and Exchange Commission. Based on a review of the Corporation's records, the Corporation believes that all filing requirements applicable to the Corporation's officers, directors and holders of more than 10% of Common Shares were complied with during the 2005 fiscal year.

Availability of Documents

The Corporation will provide to any person or corporation, upon request, one copy of any of the following documents:

- (a) **the Corporation's latest Form 10-K or annual information form, together with any document, or the pertinent pages of any document, incorporated therein by reference;**
- (b) **the comparative financial statements of the Corporation for the Corporation's most recently completed financial year in respect of which such financial statements have been issued, together with the report of the auditors thereon, and any interim financial statements of the Corporation subsequent to the financial statements for the Corporation's most recently completed financial year; and**
- (c) **the information circular of the Corporation in respect of the most recent annual meeting of shareholders of the Corporation which involved the election of directors.**

Copies of the above documents will be provided, upon request, by the Secretary of the Corporation at 1200 Waterfront Centre, 200 Burrard Street, Vancouver, British Columbia, Canada, V7X 1T2, free of charge to shareholders of the Corporation. The Corporation may require the payment of a reasonable charge from any person or corporation who is not a shareholder of the Corporation and who requests a copy of any such document. Additional information relating to the Corporation is on the System for Electronic Document Analysis and Retrieval ("SEDAR") at www.sedar.com and on the Electronic Data Gathering, Analysis, and Retrieval ("EDGAR") system at www.sec.gov/edgar.shtml.

Multiple Shareholders Sharing the Same Address

Recent changes in the regulations regarding the delivery of copies of proxy materials and annual reports to shareholders permit the Corporation and brokerage firms to send one annual report and proxy statement to multiple shareholders who share the same address under certain circumstances. Shareholders who hold their shares through a broker may have consented to reducing the number of copies of materials delivered to their address. In the event that a shareholder wishes to revoke such a consent previously provided to a broker, the shareholder must contact the broker to revoke the consent. In any event, if a shareholder wishes to receive a separate Information Circular and accompanying materials for the 2006 Annual General Meeting, or the Corporation's Annual Report on Form 10-K for the year ended December 31, 2005, the shareholder may receive copies by contacting the President and Chief Executive Officer of the Corporation at (720) 981-1185, 7961 Shaffer Parkway, Suite 5, Littleton, Colorado 80127. Shareholders receiving multiple copies of these documents at the same address can request delivery of a single copy of these documents by contacting the Corporation in the same manner. Persons holding shares through a broker can request a single copy by contacting the broker.

Board of Directors Approval

The undersigned hereby certifies that the contents and sending of this Information Circular to the shareholders of the Corporation have been approved by the Board of Directors.

DATED at Littleton, Colorado, this 21st day of March, 2006.

Each shall be independent from management, free from any interest and any business or other relationship that, in the opinion of the Board, would or would reasonably be perceived to materially interfere with the director's ability to act with a view to the best interests of the Company (other than relationships and interests arising from shareholding). The independence of each member will be determined by the Board based on the requirements of all applicable laws and regulations with respect to audit committee independence, including independence requirements of the American Stock Exchange ("AMEX"), the U.S. Sarbanes-Oxley Act of 2002 and regulations promulgated thereunder and Canadian Multilateral Instrument 52-110 "Audit Committees".

The Committee shall submit the minutes of all meetings of the Committee to, and, when requested, discuss the matters discussed at each Committee meeting with the Board.

Authority, Responsibilities and Duties

The Committee shall have the authority and responsibility to select, evaluate, retain and, where appropriate, replace the independent auditors or nominate the independent auditors for shareholder approval. The Committee shall approve all audit engagement terms and fees and all non-audit engagements with the independent auditors.

The Committee shall have the authority and funding to retain independent legal, accounting and other consultants to advise the Committee. The Company shall provide for appropriate funding, as determined by the Committee, in its capacity as a committee of the Board of Directors, for payment of compensation to any advisers employed by the Committee and to the independent auditor employed by the Company for the purpose of rendering or issuing an audit report or performing other audit, review or attest services and ordinary administrative expenses of the audit committee that are necessary or appropriate in carrying out its duties. The Committee may request any officer or employee of the Company or the Company's outside counsel or independent auditors to attend a meeting of the Committee or to meet with any members of, or consultants to, the Committee.

Without limiting the generality of the foregoing, to fulfill its responsibilities and duties, the Committee shall:

Schedule "C"

STOCK OPTION PLAN

1. **PURPOSE OF THE PLAN**

The purpose of the Stock Option Plan (the "Plan") is to assist Vista Gold Corp. (the "Corporation") in attracting, retaining and motivating directors, officers and employees of the Corporation and of its subsidiaries and other persons providing consulting or other services to the Corporation and to more closely align the personal interests of such persons with those of the shareholders by providing them with the opportunity to purchase Common Shares ("Shares") in the capital of the Corporation through options to purchase Shares ("Options").

2. **IMPLEMENTATION**

The Plan and the grant and exercise of any Options under the Plan are subject to compliance with all applicable securities laws and regulations and rules promulgated thereunder (including the requirements of section 16 of the Securities Exchange Act of 1934 (the "1934 Act") and Rule 16b-3 thereunder) and with the requirements of each stock exchange on which the Shares are listed at the time of the grant of any Options under the Plan and of any governmental authority or regulatory body to which the Corporation is subject (collectively "Securities Laws").

3. **ADMINISTRATION**

The Plan shall be administered by the Board of Directors of the Corporation which shall, without limitation, have full and final authority in its discretion, but subject to the express provisions of the Plan, to interpret the Plan, to prescribe, amend and rescind rules and regulations relating to it and to make all other determinations deemed necessary or advisable for the administration of the Plan.

4. **MAXIMUM NUMBER OF OPTIONED SHARES RESERVED UNDER THE PLAN**

Subject to the applicable requirements of each stock exchange on which the Shares are listed, the maximum number of Shares which may be issuable pursuant to Options granted under the Plan shall be equal to, but shall not exceed at any time, 10% of the total number issued and outstanding Shares of the Corporation as of the date of the grant on a non-diluted basis. The maximum number of Shares that may be reserved for issuance to any individual under the Plan is that number of Shares that is equivalent to 5% of the Shares issued and outstanding from time to time. If Options granted to an individual under the Plan shall expire or terminate for any reason without having been exercised in respect of certain Shares, such Shares may be made available for purchase upon exercise of other Options to be granted under the Plan.

5. **ELIGIBILITY**

Options may be granted under the Plan to such directors, officers and employees of the Corporation and of its subsidiaries and, subject to applicable Securities Laws, to such other persons providing consulting or other services to the Corporation as the Board of Directors may from time to time designate as participants (collectively the "Participants" and individually a "Participant") under the Plan. Subject to the provisions of the Plan, the total number of Shares to be made available under the Plan and to each Participant, the time or times and price or prices at which Options shall be granted, the time or times at which such Options are exercisable, and any conditions or restrictions on the exercise of Options, shall be in the full and final discretion of the Board of Directors.

6. TERMS AND CONDITIONS

All Options under the Plan shall be granted upon and subject to the terms and conditions hereinafter set forth.

6.1 Option Agreement

All Options shall be granted under the Plan by means of an agreement (the "Option Agreement") between the Corporation and each Participant substantially in the form set out in Schedule A attached hereto, and which shall first be approved by the Board of Directors with such changes to such form as the Board of Directors may approve, such approval to be conclusively evidenced by the execution of the Option Agreement by the President or any two directors or officers of the Corporation.

6.2 Exercise Price

The price (the "Exercise Price") payable in cash at the time of exercise of an Option by a Participant for any Optioned Share will be not less than the price of an Optioned Share as recorded at the close of business on the Toronto Stock Exchange or the American Stock Exchange, as selected by the Board of Directors, on the last trading day preceding the date a resolution of the Board of Directors was passed or consented to in writing granting the Option and authorizing the Corporation to enter into the Option Agreement. Subject to regulatory approval and applicable Securities Laws, the Exercise Price under any Option may be amended at any time with the consent of the Participant by resolution of the Board of Directors, in which event the relevant Option Agreement shall be deemed to be amended accordingly.

6.3 Length of Grant

Subject to paragraphs 6.8 through 6.12 inclusive, all Options granted under the Plan shall expire not later than that date which is 10 years from the date such Options were granted.

6.4 Non-Assignability of Options

An Option granted under the Plan shall not be transferable or assignable (whether absolutely or by way of mortgage, pledge or other charge) by a Participant other than by will or other testamentary instrument or the laws of succession or administration and may be exercisable during the lifetime of the Participant only by such Participant.

6.5 Exercise of Options

Each Participant, upon becoming entitled to exercise the Option in respect of any Shares in accordance with the Option Agreement relating thereto, shall thereafter be entitled to exercise the Option to purchase such Shares at any time or times after such Options vest and become exercisable in accordance with the Option Agreement relating thereto and prior to the expiration or other termination of the Option in accordance with the Option Agreement.

6.6 Exercise and Payment

Any Option granted under the Plan may be exercised in whole or in part by a Participant or, if applicable, the legal representative of a Participant by delivering to the Corporation at its registered office written notice specifying the number of Shares in respect of which such Option is being exercised, accompanied by payment (by cash or certified cheque payable to the Corporation) of the entire Exercise Price (determined in accordance with the Option Agreement) for the number of Shares specified in the notice. Upon the exercise of an Option by a Participant the Corporation shall cause the transfer agent and registrar of Shares of the Corporation to promptly deliver to that Participant or the legal representative of that Participant, as the case may be, a share certificate in the name of that Participant or the legal

representative of that Participant, as the case may be, representing the number of Shares specified in the written notice.

6.7 Rights of Participants

The Participants shall have no rights whatsoever as shareholders in respect of any of the Shares (including, without limitation, voting rights or any right to receive dividends, warrants or rights under any rights offering) other than Shares in respect of which Participants have exercised their Options and which have been issued by the Corporation.

6.8 Third Party Offer

If at any time when an Option granted under the Plan remains unexercised with respect to any Shares, an offer to purchase all of the outstanding common shares in the capital of the Corporation is made by a third party, the Corporation may, upon giving each Participant written notice to that effect, require the acceleration of the time for the exercise of the unexercised Options granted under the Plan and of the time for the fulfilment of any conditions or restrictions on such exercise.

6.9 Alterations in Shares

In the event of a stock dividend, subdivision, redivision, consolidation, share reclassification, amalgamation, merger, consolidation, corporate arrangement, reorganization, liquidation or the like of or by the Corporation, the Board of Directors may, subject to any required prior regulatory approval, make adjustments, if any, to the number of Shares that may be purchased upon exercise of unexercised Options or to the Exercise Price therefor, or both, as it shall deem appropriate and may amend the Option Agreements relating to those Options to give effect to such adjustments and may adjust the maximum number of Shares available under the Plan as may be appropriate. If because of a proposed merger, amalgamation or other corporate arrangement or reorganization, the exchange or replacement of Shares for shares or other securities in another company is imminent, the Board of Directors may, in a fair and equitable manner and subject to prior regulatory approval, determine the manner in which all unexercised Options granted under the Plan shall be treated including, for example, requiring the acceleration of the time for the exercise of such Options by the Participants and of the time for the fulfilment of any conditions or restrictions on such exercise.

6.10 Termination for Cause

Subject to paragraph 6.11 and section 7, if a Participant is dismissed as an officer or employee by the Corporation or by one of its subsidiaries for cause, all unexercised Options of that Participant under the Plan shall immediately be deemed to be terminated and shall lapse notwithstanding the original term of the Option granted to such Participant under the Plan. Nothing contained in the Plan shall be deemed to give an officer or employee the right to be retained in the employ of the Corporation, or to interfere with the right of the Corporation to terminate the employment of an officer or employee at any time.

6.11 Termination Other Than for Cause

If a Participant ceases to be a director, officer or employee of the Corporation or of one of its subsidiaries or ceases to provide consulting or other services to the Corporation for any reason other than as a result of having been dismissed for cause as provided in paragraph 6.10 or as a result of the Participant's death, such Participant shall have the right for a period of 30 days (or until the normal expiry date of the Option rights of such Participant if earlier) from the date of ceasing to be a director, officer, employee or provider of services to exercise the Options of such Participant to the extent they were then exercisable. Upon the expiration of such 30 day period all unexercised Options of that Participant shall

immediately be terminated notwithstanding the original term of the Option granted to such Participant under the Plan.

6.12 Deceased Participant

In the event of the death of a Participant, the legal representatives of the deceased Participant shall have the right for a period of 90 days (or until the normal expiry date of the Options of such Participant if earlier) from the date of death of the deceased Participant to exercise the deceased Participant's Options to the extent they were exercisable on the date of death. Upon the expiration of such period all unexercised Options of the deceased Participant shall immediately terminate and shall lapse notwithstanding the original term of the Options granted to the deceased Participant under the Plan.

7. AMENDMENT AND DISCONTINUANCE OF PLAN AND OPTIONS

The Board of Directors may from time to time, subject to any applicable Securities Laws and any required prior regulatory approval, suspend, terminate or discontinue the Plan at any time, or amend or revise the terms of the Plan or of any Option granted under the Plan and the Option Agreement relating thereto, provided that no such amendment, revision, suspension, termination or discontinuance shall in any manner adversely affect any Options previously granted to a Participant under the Plan without the consent of that Participant.

8. NO FURTHER RIGHTS

Nothing contained in the Plan nor in any Option granted hereunder shall give any Participant or any other person any interest or title in or to any Shares or any rights as a shareholder of the Corporation or any other legal or equitable right against the Corporation whatsoever other than as set forth in the Plan and pursuant to the exercise of any Option, nor shall it confer upon the Participants any right to continue as an employee or executive of the Corporation or of its subsidiaries.
