Disclosure Regarding Forward-Looking Information

Some of the matters discussed in this Current Report on Form 8-K (including the exhibit hereto) may contain forward-looking statements that reflect our plans, estimates and beliefs. Any statements contained herein (including, but not limited to, statements to the effect that Michaels Stores, Inc. (the "Company") or its management "anticipates," "plans," "estimates," "expects," "believes," and other similar expressions) that are not statements of historical fact should be considered forward-looking statements and should be read in conjunction with Management's Discussion and Analysis of Financial Condition and Results of Operations, Risk Factors, and our consolidated financial statements and related notes in our Annual Report on Form 10-K for the fiscal year ended January 28, 2006, and in our Quarterly Report on Form 10-Q for the quarter ended July 29, 2006. Our actual results could differ materially from those discussed in these forward-looking statements. Some of the factors that we believe could affect our results include:

our ability to remain competitive in the areas of merchandise quality, price, breadth of selection, customer service, and convenience;

our ability to anticipate and/or react to changes in customer demand and preferences for products and supplies used in creative activities and the related potential impact to merchandise inventories in categories that represent a significant portion of our business;

changes in consumer confidence resulting in a reduction in consumer spending on items perceived to be discretionary;

unexpected consumer responses to our promotional programs;

unusual weather conditions;

the execution and management of our store growth, including new concepts, the impact of new competitor stores in locations near our existing stores, and the availability of acceptable real estate locations for new store openings;

the effective optimization and maintenance of our perpetual inventory and automated replenishment systems and related impacts to inventory levels;

the identification and implementation of enhancements to our supply chain to enable us to distribute additional SKUs through our distribution centers;

delays in the receipt of merchandise ordered from suppliers due to vendor payment delays associated with recently implemented systems or delays in connection with either the manufacture or shipment of such merchandise;

transportation delays (including dock strikes and other work stoppages) and increases in transportation costs due to fuel surcharges and transportation regulations;

restrictive actions by foreign governments or changes in United States laws and regulations affecting imports or domestic distribution;

significant increases in inflation or commodity prices, such as petroleum, natural gas, electricity, steel, and paper, which may adversely affect our costs, including cost of merchandise;

Edgar Filing: MICHAELS STORES INC - Form 8-K

significant increases in tariffs or duties levied on imports which may limit the availability of certain merchandise from our foreign suppliers;

changes in political, economic, and social conditions;

significant fluctuations in exchange rates;

Edgar Filing: MICHAELS STORES INC - Form 8-K

financial difficulties of any of our key vendors, suppliers, or insurance providers;

the design and implementation of new management information systems as well as the maintenance and enhancement of existing systems, particularly in light of our continued store growth and the addition of new concepts;

our ability to maintain the security of electronic and other confidential information;

our ability to maintain effective internal controls over our newly implemented financial reporting system;

our ability to attract and retain qualified personnel to successfully execute our operating plans; and

the seasonality of the retail business.
