When you return your proxy properly signed, your shares will be voted by the persons named as proxies in accordance with your directions. You are urged to specify your choices on the enclosed proxy card. If you sign and return your proxy without specifying choices, your shares will be voted in accordance with our Board's recommendations set forth above with respect to Proposals 1-4 and in the discretion of the persons named as proxies in the manner they believe to be in our company's best interests as to other matters that may properly come before the Annual Meeting.

Voting Procedures

You may vote either in person at the Annual Meeting or by proxy. To vote by proxy, you must:

Complete all of the required information on the proxy card.

Date and sign the proxy card.

Return the proxy card in the enclosed postage-paid envelope. We must receive the proxy card not later than October 10, 2011, the day before the Annual Meeting, for your proxy to be valid and for your vote to count.

If you are not a stockholder of record and you hold shares through a custodian, broker or other agent, such agent may have special voting instructions that you should follow.

Whether or not you expect to be present in person at the Annual Meeting, you are requested to complete, sign, date and return the enclosed form of proxy. The shares represented by your proxy will be voted in accordance with your instructions. If you attend the meeting, you may vote by ballot. If you want to vote in person at the Annual Meeting and you own your shares through a custodian, broker or other agent, you must obtain a proxy from that party in its capacity as owner of record for your shares and bring the proxy to the Annual Meeting.

Shares represented by proxies on the enclosed proxy card will be counted in the vote at the Annual Meeting if we receive your proxy card by October 10, 2011.

Your properly executed proxy card will appoint John W. Casella, our Chief Executive Officer, and David L. Schmitt, our Vice President and General Counsel, as proxy holders, or your representatives, to vote your shares in the manner directed therein by you. Your proxy permits you to direct the proxy holders to:

vote "FOR" or withhold your votes from either or both of the nominees for director;

vote "FOR," "AGAINST" or "ABSTAIN" from the non-binding resolution to approve the compensation of our named executive officers;

vote "Choice 1" (every year), "Choice 2" (every two years), "Choice 3" (every three years) or "ABSTAIN" from the non-binding resolution to determine the frequency of future executive compensation advisory votes; and

vote "FOR," "AGAINST" or "ABSTAIN" from the proposal to ratify the appointment of McGladrey & Pullen, LLP as our independent registered public accounting firm for fiscal 2012.

All shares entitled to vote and represented by properly executed proxies received by us prior to the Annual Meeting and not revoked will be voted in accordance with the instructions indicated on the proxy card. If you do not indicate how your shares are to be voted on a matter, the shares represented by your properly executed proxy will be voted "FOR" the election of both of the nominees for director (Proposal 1), "FOR" approval of the compensation of our named executive officers (Proposal 2), for "Choice 1" to recommend that a non-binding stockholder advisory vote to approve the compensation of our executive officers occur every year (Proposal 3) and "FOR" the ratification of the appointment of McGladrey & Pullen, LLP as our independent registered public accounting firm for fiscal 2012 (Proposal 4). In addition,

the shares represented by your properly executed proxy may be voted by the proxy holders on any other matters that are properly presented at the Annual Meeting for consideration, including a motion to adjourn the Annual Meeting to another time or place for the purpose of soliciting additional proxies, unless you withhold authorization therefor.

Revocation of Proxies

You may revoke your proxy at any time before it is used to cast a vote. To revoke a proxy, you must:

file with our Corporate Secretary, at or before the taking of the vote, a written notice of revocation bearing a later date than the proxy;

duly execute a later dated proxy relating to the same shares and deliver it to our Corporate Secretary before the taking of the vote; or

attend the Annual Meeting, revoke your proxy and vote in person. Attendance at the Annual Meeting, if you do not vote, is not sufficient to revoke your proxy. Shares represented by valid proxies, timely received and not revoked at or prior to the Annual Meeting, will be voted at the Annual Meeting. If your shares are held through a custodian, broker or other agent, you will need to obtain a proxy card from the holder of record in order to vote your shares at the Annual Meeting.

Any written notice of revocation or subsequent proxy should be sent to the following address: Casella Waste Systems, Inc., 25 Greens Hill Lane, Rutland, Vermont 05701, Attention: Corporate Secretary.

Stockholders Entitled to Vote

Our Board has fixed August 25, 2011 as the record date for the Annual Meeting. You are entitled to vote (in person or by proxy) at the Annual Meeting if you were a stockholder of record at the close of business on the record date. On August 25, 2011, there were 25,898,225 shares of Class A common stock and 988,200 shares of Class B common stock outstanding. Each share of Class A common stock entitles the record holder to one vote on each matter properly submitted for consideration at the Annual Meeting. Each share of Class B common stock entitles the record holder to ten votes on each matter properly submitted for consideration at the Annual Meeting.

Quorum

The presence, in person or by proxy, of shares representing a majority of the votes entitled to be cast at the Annual Meeting by the holders of Class A common stock and Class B common stock, voting together as a class, is necessary to constitute a quorum for the transaction of business at the Annual Meeting. Shares of common stock present in person or represented by proxy, including shares which abstain or do not vote with respect to one or more of the matters presented for stockholder approval and "broker non-votes" described below, will be counted for purposes of determining whether a quorum is present at the Annual Meeting. If a quorum is not present, we expect to adjourn the Annual Meeting until we obtain a quorum.

Votes Required

Election of Directors. Joseph Doody and Gregory B. Peters are the two director nominees. Under our By-laws, the holders of Class A common stock, voting separately as a class, are entitled to elect one director, whom we refer to as the Class A Director. Mr. Peters has been nominated as the Class A Director. The affirmative vote of the holders of shares representing a plurality of the votes cast by the holders of shares of Class A common stock, in person or by proxy, at the Annual Meeting is required to elect Mr. Peters. The affirmative vote of the holders of shares representing a plurality of the votes cast by the holders of shares of Class A common stock and Class B common stock, voting together as a class, in

Table of Contents

person or by proxy, at the Annual Meeting is required to elect Mr. Doody. The two director nominees, if elected, each will serve for a three-year term or until his respective successor has been duly elected and qualified. Shares represented by proxies received by the Board and not marked to withhold authority to vote for a nominee will be voted "FOR" the election of the nominee. If a stockholder properly withholds authority to vote for the nominee or abstains from voting, such stockholder's shares will not be counted toward the nominee's achievement of a plurality. Broker non-votes, if any, will also not be counted toward the nominee's achievement of a plurality.

Other Matters. The affirmative vote of the holders of shares of Class A common stock and Class B common stock, voting together as a class, representing a majority of votes cast on a matter is required for: approval of the advisory vote on executive compensation (Proposal 2) and approval of the ratification of the appointment of the independent registered public accounting firm for fiscal 2012 (Proposal 4). With respect to Proposal 3, we will consider the frequency option (one year, two years or three years) receiving the highest number of votes cast by holders of shares of Class A common stock and Class B common stock, voting together as a class, to be the frequency that has been recommended by our stockholders. However, as described in more detail in Proposal 3, because this proposal is non-binding, our Board may decide that it is in our best interest or the best interest of our stockholders to hold future executive compensation advisory votes more or less frequently. Abstentions and broker non-votes will not be counted as votes in favor of, or with respect to, these proposals and will also not be counted as votes cast. Accordingly, abstentions and broker non-votes will have no effect on the outcome of these proposals.

If you hold shares of Class A common Stock or Class B common stock through a broker, bank or other representative, your representative may under certain circumstances vote your shares if you do not return your proxy. Your broker, bank or representative has discretionary authority to vote customers' unvoted shares on routine matters. If you do not return a proxy to your representative to vote your shares, your representative may, on routine matters, either vote your shares or leave your shares unvoted. Your representative cannot vote your shares on any matter that is not considered routine. Proposal 4, ratification of the appointment of McGladrey & Pullen, LLP as our independent registered public accounting firm for fiscal 2012, is considered a routine matter. Each of Proposal 1, Proposal 2 and Proposal 3 is not considered a routine matter. If your representative does not timely receive instructions, your representative may only vote on those matters for which it has discretionary voting authority. If your representative cannot vote your shares on a particular matter because it does not have discretionary voting authority, this is a "broker non-vote" on a matter.

Table of Contents**BENEFICIAL OWNERSHIP OF VOTING STOCK**

The following table sets forth information as of July 31, 2011 regarding the beneficial ownership of our voting stock by (a) each person or entity known by us to own beneficially more than 5% of the outstanding shares of any class of our voting stock, (b) each of our directors and director nominees, (c) each of our principal executive officer, principal financial officer and our other executive officers who served during the year ended April 30, 2011, whom, collectively, we refer to as our named executive officers and (d) our directors and executive officers as a group.

We have determined beneficial ownership in accordance with the rules of the SEC. Shares of Class A common stock that an individual has a right to acquire within 60 days after July 31, 2011, including pursuant to options to purchase Class A common stock, Class B common stock convertible into Class A common stock and restricted stock awards subject to vesting, are deemed outstanding for purposes of computing the percentage of beneficial ownership owned by the person or entity holding such security, but are not deemed outstanding for purposes of computing the percentage beneficially owned by any other person or entity. Except as otherwise indicated by footnote, we believe that the persons named in this table, based on information provided by these persons, have sole voting and investment power with respect to the securities indicated. Unless otherwise indicated, the address of each beneficial owner listed in the table is care of Casella Waste Systems, Inc., 25 Greens Hill Lane, Rutland, Vermont 05701.

The "Total Ownership of Equity Securities" column reflects each listed individual's or entity's percent beneficial ownership with respect to all of our voting securities as of July 31, 2011. This column assumes the conversion of shares of Class B common stock into shares of Class A common stock. Holders of Class B common stock are entitled to ten votes for each share of Class B common stock that they beneficially own. Section 16(a) of the Exchange Act requires our directors, executive officers and holders of more than 10% of our common stock to file with the SEC initial reports of ownership and reports of changes in ownership of our common stock and other equity securities. Bohlig, John Casella and Douglas Casella.

Table of Contents**PROPOSAL 1 ELECTION OF DIRECTORS**

We have three classes of directors, currently consisting of three Class I director seats, three Class II director seats and three Class III director seats. At each Annual Meeting, directors are elected for a full term of three years to succeed those whose terms are expiring. The terms of the three classes are staggered in a manner so that stockholders elect only one class annually. At the recommendation of the Nominations and Governance Committee, our Board has nominated Gregory B. Peters, the designee of the holders of Class A common stock on our Board, and Joseph Doody for re-election as Class II directors. The two Class II director nominees are proposed for re-election at the Annual Meeting to serve as members of the Board until the 2014 Annual Meeting, or until their successors are elected and qualified. We currently have a vacancy on our Board as a result of the resignation of James W. Bohlig on March 1, 2011. Mr. Bohlig served as a Class II director. The Nominations and Governance Committee currently is evaluating candidates to fill this vacancy, and we intend to fill this vacancy by a vote of the majority of our remaining directors after the 2011 Annual Meeting, pursuant to our amended and restated by-laws.

The persons named in the enclosed proxy will vote at the Annual Meeting to elect Messrs. Peters and Doody as Class II directors unless the proxy is marked otherwise. Each of the nominees has indicated his willingness to serve, if elected; however, if any nominee should be unable to serve, the person acting under the proxy may vote the proxy for a substitute nominee designated by our Board. Our Board has no reason to believe that either of the nominees will be unable to serve if elected.

The Board believes that the election of the Class II director nominees is in the best interests of our stockholders and therefore recommends that our stockholders vote "FOR" the election of each of the Class II nominees.

Set forth below for each director, including the director nominees, is information as of July 31, 2011 with respect to (a) his name and age, (b) his position and offices at Casella, if any, (c) his principal occupation and business experience during at least the past five years, (d) his directorships, if any, of other publicly-held companies, held currently or during the past five years, and (e) the year he became a member of our Board. We have also included information below regarding each director's specific experience, qualifications, attributes and skills that led our Board to the conclusion that he should serve as a director of our company.

CORPORATE GOVERNANCE AND BOARD MATTERS

General

We have long believed that good corporate governance is important to ensure that our company is managed for the long-term benefit of our stockholders. This section describes key corporate governance policies and practices that we have adopted. We have adopted a code of business conduct and ethics, which applies to all of our directors, officers and employees, as well as charters for our Audit Committee, Compensation Committee and Nominations and Governance Committee, and corporate governance guidelines. Complete copies of our corporate governance guidelines, committee charters and code of conduct described below are available on the Investor Relations section of our website, www.casella.com. Alternatively, you can request a copy of any of these documents by writing to Casella Waste Systems, Inc., 25 Greens Hill Lane, Rutland, Vermont 05701, Attn: Corporate Secretary.

Corporate Governance Guidelines

Our Board has adopted corporate governance guidelines to assist in the exercise of its duties and responsibilities and to serve the best interests of our company and our stockholders. These guidelines, which provide a framework for the conduct of the Board's business, provide, among other matters, that:

the Board's principal responsibility is to oversee the management of Casella Waste Systems, Inc.;

a majority of the members of the Board shall be independent directors;

the independent directors shall meet regularly in executive session;

directors shall have full and free access to management and, as necessary and appropriate, independent advisors;

new directors are expected to participate in an orientation program and all directors are expected to participate in continuing director education on an ongoing basis; and

at least annually, our Board and its committees will conduct a self-evaluation to determine whether they are functioning effectively.

Stock Ownership Guidelines

Our Board believes that each non-employee director should acquire and hold shares of our stock in an amount that is meaningful and appropriate to such director. Accordingly, our Board has adopted stock ownership guidelines that require each non-employee director to attain a share ownership level of our Class A common stock equal to four times the annual cash retainer paid to non-employee directors for service on our Board, which does not include fees paid to non-employee directors based on meeting attendance or service as a committee chairman or Lead Director. Each non-employee director is required to attain such ownership levels not later than the later of (i) the third Annual Meeting following the 2008 Annual Meeting or (ii) the third Annual Meeting following the first Annual Meeting at which such non-employee director is elected to the Board.

Board Determination of Independence

Under NASDAQ rules, a director will only qualify as an "independent director" if, in the opinion of our Board, that person does not have a relationship which would interfere with the exercise of independent judgment in carrying out the responsibilities of a director. Our Board has determined that none of Messrs. Burke, Callahan, Chapple, Doody, McManus and Peters has a relationship which would interfere with the exercise of independent judgment in carrying out the responsibilities of a director and that each of these directors is an "independent director" as defined under Rule 5605(a)(2) of the NASDAQ Stock Market, Inc. Marketplace Rules.

Table of Contents

Board of Directors Meetings and Attendance

Our Board met seven times during fiscal 2011, either in person or by teleconference. During fiscal 2011, each director other than Mr. McManus attended at least 75% of the aggregate number of Board meetings and meetings of the committees on which he then served. Mr. McManus attended, either in person or by teleconference, four of seven Board meetings and five of six Compensation Committee meetings held during fiscal 2011.

Director Attendance at Annual Meeting of Stockholders

Messrs. Casella, Casella, Burke, Peters and Callahan attended the 2010 Annual Meeting of stockholders. We encourage, but have no policy with respect to, attendance of directors at the Annual Meeting.

Board Leadership Structure

We believe that Mr. John Casella, our Chief Executive Officer, is best situated to serve as Chairman of our Board because he is the director most familiar with our business and industry and is therefore best positioned, collectively with the Lead Director, to establish the Board's agenda and fulfill the other responsibilities of the Chairman of the Board. As our founder and our Chief Executive Officer since 1993, Mr. John Casella has been an integral part of the leadership of our Board and his strategic vision has helped to guide our growth and performance. In 2003, our Board established the position of Lead Director. Mr. Peters was elected Lead Director by the independent members of our Board in 2003 and he has served in that role ever since. The responsibilities of the Lead Director are included in our Corporate Governance Guidelines, which are posted on the Corporate Governance page of the Investor Relations section of our website, www.casella.com. The Lead Director chairs meetings of our independent directors, meets with any directors who are not adequately performing his or her duties as a member of our Board or any committee and facilitates communications between the Chairman of our Board and other directors. The Lead Director also works with the Chairman of our Board in preparing agendas for each meeting of our Board and consults with the Chairman of our Board on matters relating to corporate governance and board performance.

Our Board believes that its leadership structure is appropriate because it strikes an effective balance between strategy development and independent leadership and management oversight in the Board process.

Board Committees

Our Board has established three standing committees – Audit, Compensation and Nominations and Governance – each of which operates under a charter that has been approved by the Board. In addition, the Compensation Committee has designated two of its members to serve on the Stock Plan Subcommittee.

Our Board has determined that all of the members of each of the Board's three standing committees and its one subcommittee are independent as defined under the rules of the NASDAQ Stock Market, including, in the case of all members of the Audit Committee, the independence requirements contemplated by Rule 10A-3 under the Exchange Act. In addition, all of the members of the Audit Committee otherwise satisfy NASDAQ's eligibility requirements for Audit Committee membership.

Risk Oversight

Our Board administers its risk oversight function directly and through its Audit Committee and enterprise risk management program, and receives regular reports from members of senior management on areas of material risk to our company, including operational, financial, legal and regulatory, strategic and reputational risks. As part of its charter, our Audit Committee regularly discusses with management our major risk exposures, their potential financial impact on our company and the steps we take to manage them. In addition, our Compensation Committee assists the Board in fulfilling its oversight responsibilities with respect to the management of risks arising from our compensation policies and programs and succession planning. Our Nominations and Governance Committee assists the Board in fulfilling its oversight responsibilities with respect to the management of risks associated with board organization, membership and structure and corporate governance.

Communicating with the Independent Directors

Our Board will give appropriate attention to written communications that are submitted by stockholders, and will respond if and as appropriate. Our Lead Director, with the assistance of our General Counsel, is primarily responsible for monitoring communications from stockholders and for providing copies or summaries to the other directors as he considers appropriate.

Communications are forwarded to all directors if they relate to important substantive matters and include suggestions or comments that our Lead Director considers to be important for the directors to know. In general, communications relating to corporate governance and long-term corporate strategy are more likely to be forwarded than communications relating to ordinary business affairs, personal grievances and matters as to which we receive repetitive or duplicative communications.

Stockholders who wish to send communications on any topic to our Board should address such communications to: Board of Directors, c/o Corporate Secretary, Casella Waste Systems, Inc., 25 Greens Hill Lane, Rutland, Vermont 05701.

Compensation Committee Interlocks and Insider Participation

None of our executive officers serves as a member of the board of directors or compensation committee, or other committee serving an equivalent function, of any entity that has one or more executive officers who serve as members of our Board or Compensation Committee. None of the members of our Compensation Committee is a current or former officer or employee of our company.

Director Nominations Process

The Nominations and Governance Committee acts under a written charter that we have posted on our website, www.casella.com. The process followed by the Nominations and Governance Committee to identify and evaluate director candidates includes requests to Board members and others for recommendations, meetings from time to time to evaluate biographical information and background material relating to potential candidates and interviews of selected candidates by members of the Committee and the Board.

Criteria and Diversity

Although our Board does not have a formal diversity policy, in considering whether to recommend any particular candidate for inclusion in the Board's slate of recommended director nominees, the Nominations and Governance Committee applies the criteria set forth in our corporate governance guidelines. These criteria include the candidate's integrity, business acumen, knowledge of our business and industry, experience, diligence, absence of conflicts of interest and the ability to act in the interests of all stockholders. The Nominations and Governance Committee does not assign specific weights to

Table of Contents

particular criteria and no particular criterion is a prerequisite for each prospective nominee. We believe that the backgrounds and qualifications of our directors, considered as a group, should provide a composite mix of experience, knowledge and abilities that will allow our Board to fulfill its responsibilities to our stockholders.

The director biographies appearing above indicate each nominee's experience, qualifications, attributes and skills that led our Board to conclude that he should continue to serve as a member of our Board. Our Board believes that each of the nominees has substantial achievement in his professional pursuits, and possesses the background, talents and experience that our Board desires and that will contribute to the best interests of our company and to long-term stockholder value.

Stockholder Nominations

Stockholders may recommend individuals to the Nominations and Governance Committee for consideration as potential director candidates by submitting their names, together with appropriate biographical information and background materials to: Nominations and Governance Committee, c/o Corporate Secretary, Casella Waste Systems, Inc., 25 Greens Hill Lane, Rutland, Vermont 05701. The Nominations and Governance Committee has no obligation to consider individuals recommended by stockholders for nomination by the Committee as potential director candidates. However, assuming that appropriate biographical and background material has been provided on a timely basis, we expect that individuals recommended by stockholders would be so considered and evaluated by the Nominations and Governance Committee by following substantially the same process, and applying substantially the same criteria, as it follows for candidates identified by others.

Stockholders also have the right under our by-laws to directly nominate director candidates, without any action or recommendation on the part of the Nominations and Governance Committee or the Board, by following the procedures set forth under "Stockholder Proposals for the 2012 Annual Meeting."

At the Annual Meeting, stockholders will be asked to consider the re-election of Messrs. Peters and Doody, both of whom were proposed to our Board by our Nominations and Governance Committee, and nominated for re-election by our Board.

Risk Considerations in Executive Compensation

Our Compensation Committee has discussed the concept of risk as it relates to our executive compensation program and our compensation committee does not believe our executive compensation program encourages excessive or inappropriate risk taking. As described more fully below in "Compensation Discussion and Analysis," we structure our pay to consist of both fixed and variable compensation to motivate our executives to produce superior short- and long-term results that are in the best interests of our company and stockholders in order to attain our ultimate objective of increasing stockholder value. We believe that any risks that may arise from our compensation policies and practices for our employees are not reasonably likely to have a material adverse effect on our company.

Compensation of Directors

The form and amount of director compensation is determined by our Board in accordance with the policies and principles set forth below. The Compensation Committee conducts an annual review of the compensation of our directors. The Compensation Committee understands that questions as to directors' independence may be raised if director compensation and perquisites exceed customary levels, if we make substantial charitable contributions to organizations with which a director is affiliated or if we enter into consulting contracts or business arrangements with (or provide other indirect forms of compensation to) a director or an organization with which the director is affiliated.

Table of Contents

Forms of Director Compensation

Our Board believes that directors should be incentivized to focus on long-term stockholder value. Including equity as part of director compensation helps align the interest of directors with those of our stockholders.

We seek to attract exceptional talent to our Board. Therefore, our policy is to compensate directors at least competitively relative to comparable companies. Our Board believes that it is appropriate for the chairmen and members of the committees to receive additional compensation for their services in those positions.

Cash Compensation We reimburse non-employee directors for expenses incurred in attending Board and committee meetings. In addition, non-employee directors currently receive \$6,250 for each fiscal quarter that the non-employee director serves on the Board, an additional \$1,500 for each meeting of the Board that the non-employee director attends in person, an additional \$1,000 for each meeting of the Board that the non-employee director attends by telephone, an additional \$1,000 for each meeting of a committee or subcommittee of the Board that the non-employee director attends in person and an additional \$500 for each meeting of a committee or subcommittee of the Board that the non-employee director attends by telephone. The non-employee director serving as chairman of the Audit Committee received an additional \$15,000 for his service in fiscal 2011. Each non-employee director serving as a chairman of other committees of the Board receives an additional \$5,000 per fiscal year. In addition to the compensation described above, Mr. Peters receives an additional \$18,750 for each fiscal quarter that he serves as our Lead Director.

Equity Based Compensation Each new non-employee director receives shares of restricted Class A common stock on the date of such director's initial election to our Board having a value on the date of grant of \$50,000, vesting in three equal annual installments over the three year period following the date of grant. Each incumbent non-employee director, other than non-employee directors who were initially elected to our Board at an Annual Meeting or at any time after the prior year's Annual Meeting, receives an additional grant of shares of restricted Class A common stock having a value on the date of grant of \$50,000, vesting in three equal annual installments over the three year period following the date of grant, at the time of each Annual Meeting of stockholders. Our Board has adopted certain stock ownership guidelines for its non-employee directors as described above.

We have also entered into or engaged in certain transactions with our directors or affiliates of our directors. See "Certain Relationships and Related Party Transactions."

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

This section discusses the principles underlying our executive compensation policies and decisions and the most important factors relevant to an analysis of these policies and decisions. It provides qualitative information regarding the manner and context in which compensation is awarded to and earned by our executives and is intended to place in perspective the data presented in the tables and narrative that follow.

The Role of Our Compensation Committee

The Compensation Committee, including its Stock Plan Subcommittee, is responsible for overseeing the compensation of our executive officers. In this capacity, our Compensation Committee administers our bonus, incentive compensation and stock incentive plans, and approves the salaries and other benefits of our executive officers. In addition, the Compensation Committee consults with management regarding our benefit plans and compensation policies and practices.

To assist the Compensation Committee in discharging its responsibilities, the Committee has engaged Towers Watson, an independent global consulting firm. Towers Watson provides the Compensation Committee with relevant market data and alternatives to consider when making executive compensation decisions. The Compensation Committee also considers compensation information from other sources, including from publicly available industry compensation information and general economic trends in the areas in which our executive officers work and live.

Objectives and Philosophy of Our Executive Compensation Program

The Compensation Committee, including its Stock Plan Subcommittee, seeks to achieve three broad objectives in connection with our executive compensation program. First, the Compensation Committee seeks to reward executives for the achievement of business objectives. Second, the executive compensation program is intended to provide executives with equity incentives so as to link a portion of the executive's compensation with the future performance of our Class A common stock, thereby aligning the interests of our executives with those of our stockholders. Finally, the Compensation Committee structures its executive compensation program so as to enable us to attract and retain qualified and talented executives.

We have entered into employment agreements with each of our executive officers. These employment agreements establish annual base salary and annual bonus amounts that the Compensation Committee may increase. In general, the Compensation Committee has tied potential bonus compensation to performance factors, including the executive officer's efforts and contributions towards obtaining corporate objectives and our company's performance.

In making compensation decisions, the Compensation Committee considers a number of factors, including the compensation packages paid by a peer group of publicly traded companies in the waste management industry selected by the Committee. This peer group, which is periodically reviewed and updated by the Compensation Committee after consultation with an independent compensation consultant (Towers Watson served in this capacity in fiscal 2011), consists of companies we believe are generally comparable to us. The companies included in this peer group for fiscal 2011 were Waste Services, Inc. and WCA Waste Corp. The Compensation Committee looks to this information in order to obtain a general understanding of current compensation practices in the industry but does not formally use that information to benchmark its executive compensation. The Compensation Committee also relies on various other factors, including existing compensation paid to executives, experience level of the individual, market factors, general economic conditions, corporate performance and cost of living in the areas where our executives live.

Table of Contents

Components of our Executive Compensation Program

The primary elements of our executive compensation program are:

base salary;

annual cash incentive bonuses;

stock performance awards; and

severance and change-of-control benefits.

We do not have any policy or target for allocating compensation between long-term and short-term compensation, between cash and non-cash compensation or among the different forms of non-cash compensation. Instead, the Compensation Committee determines what it believes to be the appropriate level and mix of the various compensation components based on its review of compensation of similarly situated executives in our peer group, the advice of its compensation consultant and our compensation philosophy described previously.

Base Salary

Base salary is used to recognize the experience, skills, knowledge and responsibilities required of all our employees, including our executives. Base salaries are reviewed at least annually by our Compensation Committee. When establishing base salaries for fiscal 2011, the Compensation Committee began by reviewing the total base salary paid to each of our executives during the fiscal year ended April 30, 2010, which we refer to as fiscal 2010, and, for each executive officer, used that amount as a baseline for establishing fiscal 2011 base salary. The Compensation Committee then considered whether to make any increases or decreases to this baseline for fiscal 2011. Based primarily upon our operational and financial performance in fiscal 2010, the Compensation Committee decided not to increase the base salaries of our named executive officers in fiscal 2011, except for Mr. Massaro, whose salary was increased by 14%, from \$175,000 to \$200,000, effective July 2, 2010, as a result of Mr. Massaro's promotion from Director of Finance to Vice President and Controller. In fiscal 2011, our other named executive officers' annual base salaries were as follows: Mr. Casella, \$361,333; Mr. Johnson, \$300,000; Mr. Bohlig, \$344,784; and Mr. Larkin, \$280,000.

Annual Cash Incentive Bonus

The employment agreement of each of our executive officers provides that such executive officer will be eligible to receive a bonus consisting of cash, a stock award or a combination thereof in an amount, if any, to be determined by the Compensation Committee after the conclusion of each fiscal year.

The annual cash incentive bonuses for executive officers are intended to compensate for the achievement of company strategic, operational and financial goals. Amounts payable under the annual cash incentive bonus plan are calculated as a percentage, from zero to 150%, of a specified percentage of the applicable executive's base salary. For fiscal 2011, the specified percentage of fiscal 2011 annual base salary was 85% for each of Messrs. Douglas Casella, Johnson, Bohlig and Larkin, 100% for Mr. John Casella and 45% for Mr. Massaro. The fiscal 2011 bonus plan provided for the payment of a cash bonus based on (i) our earnings before interest and tax, or EBIT; (ii) our earnings before interest, tax, depreciation and amortization, severance and reorganization charges, goodwill impairment charge, environmental remediation charge, as well as development project charges, or Adjusted EBITDA; and (iii) net cash provided by operating activities less capital expenditures, payments on landfill operating lease contracts, and assets acquired through financing leases, plus proceeds from the sale of assets and property and equipment, or Free Cash Flow. In addition, for the purpose of calculating amounts payable under this bonus plan, Free Cash Flow is also adjusted for net effects of our financing as compared to target. An aggregate of 25% of the bonus was to be paid upon the achievement of each of the EBIT and Adjusted

Table of Contents

EBITDA target levels; and 50% was to be paid upon the achievement of Free Cash Flow target levels. A greater or lesser amount was payable in the event the targets were exceeded or not met.

Fiscal 2011 Bonus Plan

For fiscal 2011, the target levels for each metric were as set forth below. The target levels were determined following a review of internal projections. The Compensation Committee worked with our Chief Executive Officer to develop corporate goals that they believed could be reasonably achieved with hard work during the year, based on economic conditions in effect at the time the targets were adopted.

Target	Target Range
EBIT	\$46.8 million to \$48.8 million
Adjusted EBITDA	\$125.1 million to \$130.5 million
Free Cash Flow	\$0.9 million to \$13.0 million

In June 2011, the Compensation Committee determined that we had not met the corporate targets for fiscal 2011 set forth above, and we did not pay any cash bonuses to our named executive officers under the 2011 bonus plan. However, the Compensation Committee determined that in recognition of the value created through the successful divestiture of the non-integrated recycling assets and the steps taken to recapitalize our balance sheet at lower interest rates, it was appropriate to reward our named executive officers. Accordingly, in June 2011, the Compensation Committee granted discretionary bonuses to our named executive officers as follows: Mr. Casella, \$270,667; Mr. Johnson, \$252,938; Mr. Bohlig, \$148,257; Mr. Larkin, \$168,000; and Mr. Massaro, \$70,100.

Fiscal 2012 Bonus Plan

In June 2011, the Compensation Committee approved a cash bonus plan for fiscal 2012, pursuant to which our executive officers are eligible to receive an annual cash bonus upon our achievement of specified targets with respect to the following corporate goals for fiscal 2012: earnings before interest and tax, adjusted to exclude any accruals for incentive bonus and any one-time non-recurring gains or losses, or Pre-Bonus EBIT, and price growth from existing customers, or Price Growth. Under the Bonus Plan, each of Douglas Casella, Paul Larkin and Edwin Johnson is eligible to receive an annual cash bonus of up to 85% of his annual base salary for fiscal 2012, and John Casella is eligible to receive an annual cash bonus of up to 100% of his annual base salary for fiscal 2012. Mr. Bohlig ceased serving as an employee on March 1, 2011. As a result of Mr. Johnson's hiring, Mr. Massaro ceased serving as our principal financial and accounting officer in July 2010 and is not eligible to receive a bonus under the fiscal 2012 bonus plan.

For fiscal 2012, the aggregate percentage of the bonus to be paid upon achievement of the specified targets are as follows:

Target	Aggregate Percentage Payout Upon Achievement of Target
Pre-Bonus EBIT	85%
Price Growth	15%

The Compensation Committee worked with our Chief Executive Officer to develop corporate goals for fiscal 2012 that they believe can be reasonably achieved with hard work over the next year, taking into account the current economic environment.

Stock Awards Granted in Fiscal 2011

Our executive officers are also eligible to receive stock awards under our stock incentive plans. Historically, the use of stock options had been a significant element of the compensation packages of our executive officers. The stock options we have granted to our executives vest in equal, annual installments

Table of Contents

over a three or four year period of the ten-year option term, beginning on the first anniversary of the date of grant. Exercise rights generally cease shortly after termination of employment except in the case of death or disability, although in certain circumstances the exercise period may be extended if the Compensation Committee believes the extension is in our best interests. Prior to the exercise of an option, the holder has no rights as a stockholder with respect to the shares subject to such option, including voting rights and the right to receive dividends or dividend equivalents. It has been the policy of the Stock Plan Subcommittee to set the exercise price of the stock options at a price that is at least equal to the fair market value of a share of our Class A common stock as of the date of grant.

Beginning in 2009, the Compensation Committee began to issue restricted stock units in the belief that they would generally serve as a more effective equity incentive program than stock options. These restricted stock units, each of which represents the right to receive a share of our Class A common stock, are subject to vesting. For fiscal 2011, restricted stock units were granted subject to vesting conditions based 50% on continued employment and 50% on achievement of a target return on net assets. The 50% of restricted stock units which vest based on continued employment vest in equal annual installments over a three-year period. The 50% of restricted stock units which vest based on target return on net assets will vest upon the achievement of a target return for the fiscal year ended April 30, 2013, which we refer to as fiscal 2013, and the executive may receive a lesser or greater amount, up to 150% of the original portion of the grant that is subject to vesting based on the target return, if such target is not met or is exceeded. The restricted stock units will vest in full upon a change of control of the company. The Compensation Committee worked with our Chief Executive Officer to develop the target return on net assets for fiscal 2013 and believes that it is attainable.

For fiscal 2012, the Compensation Committee granted restricted stock units with vesting conditions based 50% on continued employment and 50% based on achievement of a target return on net assets. The 50% of restricted stock units which vest based on continued employment vest in equal annual installments over a three-year period. The 50% of restricted stock units which vest based on target return on net assets will vest upon the achievement of a target return for the fiscal year ended April 30, 2014, which we refer to as fiscal 2014, and the executive may receive a lesser or greater amount, up to 150% of the original portion of the grant that is subject to vesting based on the target return, if such target is not met or is exceeded. The restricted stock units will vest in full upon a change of control of the company. The Compensation Committee worked with our Chief Executive Officer to develop the target return on net assets and believes that the target return on net assets for fiscal 2014 is attainable.

We do not have a program, plan or practice of timing the grant of equity awards in coordination with the release of material non-public information. We typically make equity awards to our officers and employees when the person is first hired and thereafter once annually at a regularly scheduled Compensation Committee meeting at the commencement of the respective fiscal year.

Benefits and Other Compensation

We maintain broad based benefits that are provided to all employees, including health and dental insurance, life and disability insurance and a 401(k) plan. Our executive officers are eligible to participate in all of our employee benefit plans, in each case on the same basis as other employees.

Severance and Change-of-Control Benefits

Pursuant to employment agreements we have entered into with our executive officers, our executive officers are entitled to specified benefits in the event of the termination of their employment under specified circumstances, including termination following a change of control of our company. We have provided more detailed information about these benefits, along with estimates of their value under various circumstances, under the caption " Potential Payments Upon Termination or Change of Control" below.

Compliance with Internal Revenue Code Section 162(m)

Section 162(m) of the Internal Revenue Code of 1986, as amended, or the Code, generally disallows a tax deduction for compensation in excess of \$1.0 million paid to a company's chief executive officer and its three other officers (other than the chief financial officer) whose compensation is required to be reported to our stockholders pursuant to the Exchange Act by reason of being among our most highly paid executive officers. Certain compensation, including qualified performance based compensation, may be deducted if certain requirements are met. The Compensation Committee, including its Stock Plan Subcommittee, reviews the potential effect of Section 162(m) periodically and uses its judgment to authorize compensation payments that may be in excess of the limit when it believes such payments are appropriate and in the best interests of our stockholders, after taking into consideration changing business conditions and the performance of our employees. The potential compensation arising from the grant of performance stock units to executive officers in fiscal 2012 is subject to the limitations effected by Section 162(m).

Report of the Compensation Committee

Our Compensation Committee has reviewed and discussed the Compensation Discussion and Analysis required by Item 402(b) of Regulation S-K with management. Based on this review and discussion, our Compensation Committee recommended to our Board that the Compensation Discussion and Analysis be included in this proxy statement and incorporated by reference in our Annual Report on Form 10-K for the year ended April 30, 2011.

Potential Payments Upon Termination or Change of Control**Employment Agreements**

We have employment agreements with Messrs. John Casella, Larkin and Johnson, and we had an employment agreement with Mr. Bohlig prior to his resignation from our company on March 1, 2011. Our employment agreements with Messrs. Casella and Bohlig commenced as of December 8, 1999. Our employment agreement with Mr. Larkin commenced as of January 9, 2008, and our employment agreement with Mr. Johnson commenced on July 6, 2010. Each of Messrs. Casella's, Larkin's and Johnson's employment agreement has, and our employment agreement with Mr. Bohlig had, an initial term of three years from the commencement date and is automatically renewable for additional terms of one year unless terminated by either party pursuant to the terms of the agreement. In December 2008 and December 2010, we amended our employment agreements with Messrs. John Casella, Bohlig and Larkin to document compliance with, and, as applicable, exemption from, Section 409A of the Code. In connection with the divestiture of certain of our assets, on March 1, 2011, Mr. Bohlig resigned and terminated his employment agreement with us. He was not entitled to any severance benefits under his employment agreement. On March 1, 2011, Mr. Bohlig, along with other employees who resigned in connection with the asset divestiture, received the following benefits: full and immediate vesting of all unvested stock options, an 18-month period in which to exercise stock options, full vesting of all outstanding performance stock units and partial vesting of outstanding time-based restricted stock units.

Pursuant to the terms of their employment agreements, each of Messrs. Casella, Larkin and Johnson is entitled to a specified annual base salary, subject to adjustment as set forth in the agreement, an annual bonus consisting of cash, stock awards or a combination of cash and stock awards, in an amount determined by the Compensation Committee prior to the conclusion of each fiscal year, and a severance package upon the termination of employment. We have agreed to use our best efforts to assure that Mr. John Casella is elected to our Board for the duration of his term of employment. In addition, within 15 days of executing his employment agreement with us, Mr. Larkin received a stock option to purchase 50,000 shares of our Class A common stock and a one-time make whole benefit of \$200,000, one-half paid in cash and one-half paid in restricted stock units. Within 15 days of Mr. Johnson executing his employment agreement with us he received a stock option to purchase 250,000 shares of our Class A common stock. Mr. Casella also agreed not to compete with us for a period of two years after the termination of his employment within 300 miles of any facility operated by us during the term of his employment and not to solicit our customers, accounts or employees. In connection with our divestiture of certain assets and Mr. Bohlig's commencement of employment with the purchaser of such divested assets, Mr. Bohlig

Each of Messrs. Larkin and Johnson agreed not to compete with us for a period of one year after the termination of his employment within 100 miles of any facility operated by us during the term of his employment and not to solicit our customers, accounts or employees. In the event that Mr. Casella terminates his employment voluntarily and is not entitled to severance, the non-compete provisions of his agreement would not apply unless we continue to pay his base salary and any termination benefits or payments required under his agreement.

In the event Mr. Casella's employment is terminated by us other than for cause (as defined below), he will be entitled to payment of an amount equal to (a) three times the sum of (i) his highest base salary paid under the agreement and (ii) the higher of the most recent bonus paid to him under his agreement or 50% of his base salary immediately prior to such termination, plus (b) an amount in cash equal to the value of any accrued but unpaid base salary, bonus and vacation pay. In addition, Mr. Casella will continue to receive healthcare and other benefits for a period of three years from the date of termination, and any stock options or equity grants issued by us to him will become exercisable in full upon termination without cause. In the event that Mr. Casella terminates his employment with us for good reason or qualified good reason (as defined below), he will receive the maximum payments described in the preceding two sentences plus an additional payment intended to compensate him for excise taxes under Section 4999 of the Code payable in connection with the severance payments.

In addition, Mr. Johnson will continue to receive healthcare and other benefits for a period of two years from the date of termination. Any stock options or equity grants issued by us to Mr. Johnson will become exercisable in full upon termination without cause. In the event that Mr. Johnson terminates his employment with us for good reason, defined as the assignment of any duties inconsistent with his status as Senior Vice President and Chief Financial Officer, a material adverse alteration in the nature or status of his responsibilities from those provided in the agreement or the transfer of a significant portion of such responsibilities to one or more other persons, or a material diminution in his compensation, Mr. Johnson will receive the maximum payments and benefits described in the preceding three sentences and an additional payment intended to compensate him for excise taxes under Section 4999 of the Code payable in connection with the severance payments.

For purposes of each agreement discussed above, "cause" means the discharge of the employee resulting from (a) a conviction of a crime involving us; (b) an act or omission which has a material adverse effect on us; (c) fraud, misappropriation or embezzlement; or (d) the breach of confidentiality, non-competition or other material obligations by the employee. For the purposes of the employment agreements of Messrs. Casella and Larkin discussed above, "good reason" means the occurrence of (a) a change of control, accompanied by, or followed within the 12-month period after a change of control by (b) (i) the assignment to the employee of any duties inconsistent with his status prior to the change of control or which require travel significantly more time-consuming than that required at commencement of the agreement, or (ii) a material adverse alteration in the nature or status of the employee's responsibilities

Table of Contents

from those provided in the agreement or the transfer of a significant portion of such responsibilities to one or more other persons, or (iii) a material diminution in the employee's compensation. For the purposes of the employment agreements of Mr. Casella discussed above, "qualified good reason" means the occurrence of one of the events under clause (b)(i), (ii) or (iii) of the preceding definition of good reason.

The severance benefits described above were extended to Mr. Casella as an inducement to his decision to continue to remain employed by us and, in the case of Messrs. Larkin and Johnson, as an inducement to accept employment with us. At the time each of such agreements was entered into, the Board considered a number of factors, including severance arrangements offered by comparable companies, the importance of the respective employee to our ongoing success and the benefits of receiving a non-competition and non-solicitation covenant from the respective employee in exchange for the agreed severance. The Compensation Committee considers the severance benefits to be separate from the compensation payable to employees for their ongoing services and accordingly does not consider the value of the severance package when setting current compensation.

Summary of Potential Payments Upon Termination or Change of Control as of April 30, 2011

The following table quantifies the amounts that would be payable to our named executive officers other than Mr. Bohlig upon termination of their employment under the circumstances described above under "Employment Agreements." We calculated the amounts shown based upon each such named executive officer's employment agreement described above and upon the hypothetical assumption that we terminated each named executive officer effective April 30, 2011.

- (2) The amounts in this column reflect payments for monthly COBRA premiums for continued health and dental coverage as well as payments for life insurance and disability insurance premiums as of April 30, 2011. For Mr. Casella, payment of these benefits will continue for a period of three years, for Mr. Larkin, a period of one year and for Mr. Johnson, a period of two years from the date of termination.

CERTAIN RELATIONSHIPS AND RELATED PARTY TRANSACTIONS

We have adopted a written policy and have established procedures regarding approval of transactions between us and any employee, officer, director and other related persons, including those required to be reported under Item 404 of Regulation S-K. The policy requires that all related party transactions are reviewed by the Audit Committee and approved by our Board.

With respect to bidding projects in excess of \$500,000 in which a related party, including Casella Construction, Inc. is a bidder, the Audit Committee has established a specific procedure. This procedure requires us to solicit a minimum of three qualified bids. The bid package is required to be sufficiently detailed to allow for direct comparisons of costs between responsive bidders. Bids for work on which Casella Construction, Inc. or any other related party is bidding are required to be directed to a third party engineer for opening, compilation and tabulation. The bids are then evaluated by the project team based on price, performance references, qualifications, experience, alternate bid items, proposed schedule, subcontractors qualifications/references, technical compliance and other bid information that is in the best interest of the project. In the event that a construction contract is successfully bid by a related party, bids and recommendations are required to be submitted to our Chief Financial Officer and our President or Chief Executive Officer for submission to the Audit Committee for review and to our Board for approval. With respect to sole source bids (i.e. those less than \$500,000), the Audit Committee is required to be provided with documentation describing the reason for the work, a comparison of market or historical prices to the bid price, and senior management approval. Change orders relating to contracts with related parties are required to be forwarded to our Chief Financial Officer for submission to the Audit Committee for review and to our Board for approval before the change order is approved.

With respect to related party transactions involving aggregate consideration in excess of \$10.0 million or in excess of \$2.0 million if such transaction is not approved by a majority of disinterested directors, we are required by the terms of our debt instruments to obtain an opinion as to the fairness of such transactions from a financial point of view issued by an accounting, appraisal or investment banking firm of national standing.

Our related party policy also provides that transactions involving compensation of executive officers shall be reviewed and approved by the Compensation Committee in the manner specified in its charter.

We engage Casella Construction, Inc., a company owned by John W. Casella, our Chief Executive Officer and the Chairman of our Board, and Douglas R. Casella, the Vice Chairman of our Board, to provide construction services for us, including construction, closure and capping activities at our landfills. Total purchased services from Casella Construction, Inc. charged to operations or capitalized to landfills for fiscal 2011, 2010 and 2009 were \$6,053,320, \$9,296,728 and \$7,626,143, respectively, of which \$208,692, \$467,275 and \$562,829 were outstanding and included in either accounts payable or other current liabilities at April 30, 2011, 2010 and 2009, respectively. In addition, we have approved ongoing contracts with Casella Construction, Inc., which we expect will result in payments by us to Casella Construction, Inc.

We are also party to two real estate leases with Casella Associates, LLP, a Vermont limited liability company owned by Messrs. John Casella and Douglas Casella, relating to facilities we occupy. The leases, relating to Casella Waste Systems, Inc.'s corporate headquarters in Rutland, Vermont and our Montpelier, Vermont facility, were renewed in March 2008 and provide for aggregate monthly payments of \$24,996 and expire in April 2013. These leases have been classified by us as capital leases for financial reporting purposes.

From 1977 to 1992, we operated an unlined landfill located in Whitehall, New York owned by Bola, Inc., a corporation owned by Messrs. John Casella and Douglas Casella, which operated as a single-purpose real estate holding company. We paid the cost of closing this landfill in 1992, and have agreed to pay all post-closure obligations. In fiscal 2011, 2010 and 2009, we paid an aggregate of \$7,986, \$9,040 and

Table of Contents

\$9,785, respectively, pursuant to this arrangement. As of April 30, 2011, we had accrued \$94,232 for costs related to those post-closure obligations.

On March 2, 2000, we made a loan to Mr. Bohlig. The purpose of the loan was to assist Mr. Bohlig in meeting his repayment obligations under certain margin loans secured by his shares of our Class A common stock. The terms of the loan provided for the payment upon demand. The loan had no fixed repayment terms. Interest on the loan accrued monthly at the prime rate and was adjusted on a monthly basis. This loan to Mr. Bohlig was in the aggregate principal amount of \$400,000. On November 28, 2000, we made an additional loan to Mr. Bohlig. The terms of this loan are identical to the terms of the March 2000 loan. This latter loan to Mr. Bohlig was in the aggregate principal amount of \$616,000. As of July 31, 2011, an aggregate of \$576,298 in principal and interest was outstanding under these loans.

As described above, in connection with the divestiture of certain assets, on March 1, 2011, Mr. Bohlig resigned from the company. Following the termination of his employment, Mr. Bohlig agreed to surrender to us stock options that vested in connection with his resignation and the discretionary bonus that was awarded to him in June 2011, as described above, as payment against his outstanding loans with us. Such amounts, net of income taxes withheld, totaling \$582,858, were applied against the loans in the fiscal quarter ended July 31, 2011.

We have entered into employment agreements with each of our executive officers. See "Employment Agreements." For his service as President of Casella Waste Management, Inc., our wholly-owned subsidiary, Mr. Douglas Casella is paid an annual salary of \$206,000.

Report of the Audit Committee of the Board of Directors

The Audit Committee of our Board is composed of three members and acts under a written charter originally approved by our Board on September 24, 2003. On June 13, 2011 the Audit Committee reviewed, and on June 14, 2011 our Board amended and restated, the Audit Committee's Charter, a copy of which is attached as *Appendix A* to this proxy statement. All of the members of the Audit Committee are independent as defined by the rules of the NASDAQ Stock Market that apply to us and otherwise satisfy NASDAQ's eligibility requirements for Audit Committee membership. The Audit Committee met ten times during fiscal 2011.

The Audit Committee has reviewed our audited financial statements for fiscal 2011 and has discussed these financial statements with management and our independent auditors.

The Audit Committee has also received from, and discussed with, our independent auditors various communications that our independent auditors are required to provide to the Audit Committee, including the matters required to be discussed by the Public Company Accounting Oversight Board, or PCAOB, AU Section 380 (*Communication with Audit Committees*), as modified or supplemented.

PCAOB AU Section 380 requires our independent auditors to discuss with the Audit Committee, among other things, the following:

methods to account for significant unusual transactions;

the effect of significant accounting policies in controversial or emerging areas for which there is a lack of authoritative guidance or consensus;

the process used by management in formulating particularly sensitive accounting estimates and the basis for the auditors' conclusions regarding the reasonableness of those estimates; and

disagreements, if any, with management over the application of accounting principles, the basis for management's accounting estimates and the disclosures in the financial statements.

Our independent auditors also provided the Audit Committee with the written disclosures and the letter required by PCAOB Rule 3526 (*Communicating with Audit Committees Concerning Independence*), as modified or supplemented. The Audit Committee has discussed with the independent auditors their independence from us.

Based on its discussions with management and the independent auditors, and its review of the representations and information provided by management and the independent auditors, the Audit Committee recommended to our Board that the audited financial statements be included in our Annual Report on Form 10-K for the year ended April 30, 2011.

On July 21, 2010, we were notified that effective July 20, 2010, McGladrey & Pullen, LLP had acquired certain assets of Caturano and Company, Inc. (formerly Caturano and Company, P.C.), our independent registered public accounting firm, and substantially all of the officers and employees of Caturano and Company, Inc. joined McGladrey & Pullen, LLP. On July 21, 2010, our Audit Committee appointed McGladrey & Pullen, LLP as our independent registered public accounting firm. During the two fiscal years ended April 30, 2011, Caturano and Company, Inc. served as our independent registered public accounting firm from May 1, 2009 until July 21, 2010, and McGladrey & Pullen, LLP served as our independent registered public accounting firm from July 22, 2010 until April 30, 2011.

The following table summarizes the fees we paid to Caturano and Company, Inc. and McGladrey & Pullen, LLP for fiscal 2010 and fiscal 2011 for audit services and other services:

	Fiscal Year	Audit Fees (1)	Audit Related Fees (2)	Tax Fees	Total Fees

Caturano and Company, Inc.	2010	\$ 1,090,155	\$ 18,608	\$ 9,500	\$ 1,118,263

- (1) Audit fees consist of professional fees for the audit of our financial statements, the audit of our internal control over financial reporting, the review of the interim financial statements included in our quarterly reports on Form 10-Q, and other professional services provided in connection with statutory and regulatory filings or engagements. This amount includes reimbursement of out of pocket costs in fiscal year 2011 and 2010 of \$73,263 and \$60,541, respectively.
- (2) Audit related fees consist of fees for the audit of our 401(k) benefit plan. This amount includes reimbursement of out of pocket costs in fiscal year 2011 and 2010 of \$2,576 and \$2,128, respectively.
- (3) Tax fees consist of professional fees for tax return preparation and consulting.

Pre-Approval Policies and Procedures

Our Audit Committee has adopted policies and procedures relating to the approval of all audit and non-audit services that are to be performed by our independent registered public accounting firm. This policy generally provides that we will not engage our independent registered public accounting firm to render audit or non-audit services unless the service is specifically approved in advance by the Audit Committee.

The Audit Committee pre-approved 100% of the audit and non-audit services performed by our independent registered public accounting firm in fiscal 2011. No services were approved pursuant to the de minimis exception to the Audit Committee pre-approval requirements.

PROPOSAL 2 ADVISORY VOTE ON EXECUTIVE COMPENSATION

We are providing our stockholders the opportunity to vote to approve, on an advisory, non-binding basis, the compensation of our named executive officers as disclosed in this proxy statement in accordance with the SEC's rules. This proposal, which is commonly referred to as "say-on-pay," is required by the recently enacted Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010, which added Section 14A to the Exchange Act. Section 14A of the Exchange Act also requires that stockholders have the opportunity to cast an advisory vote with respect to whether future executive compensation advisory votes will be held every one, two or three years, which is the subject of Proposal 3.

We encourage stockholders to read closely the "Executive Compensation" section of this proxy statement beginning with the "Compensation Discussion and Analysis" on page 19, which describes in detail our executive compensation programs and the decisions made by our Compensation Committee and our Board with respect to fiscal 2011.

As we describe in the "Compensation Discussion and Analysis," we maintain an executive compensation program that consists almost entirely of base salary, an annual cash incentive bonus and annual equity awards. These elements of compensation have been selected by our Compensation Committee because the committee believes that they effectively achieve the fundamental goals of our compensation program, which are to attract, motivate and retain qualified and talented executives, who are critical to our success, motivating them to achieve our business goals and rewarding them for superior short- and long-term performance. The goal of our Compensation Committee is to ensure that our compensation programs are aligned with the interests of our stockholders and our business goals in order to attain our ultimate objective of increasing stockholder value. We believe that, consistent with these goals, the total compensation paid to each of our named executive officers is fair, reasonable and competitive. Further, we believe our programs do not encourage excessive risk-taking by management. Annual compensation decisions for executive officers are made by our compensation committee based on the achievement of specified performance goals as described under "Compensation Discussion and Analysis."

As an advisory vote, this proposal is not binding. However, our Compensation Committee and Board value the opinions expressed by our stockholders in their vote on this proposal and will consider the outcome of the vote when making future compensation decisions for named executive officers.

Unless otherwise indicated on your proxy, your shares will be voted "FOR" the approval of the compensation of our named executive officers. If your shares are held by your broker in "street name" and you do not vote your shares, your broker cannot vote your shares on Proposal 2.

Board Recommendation:

Our Board recommends that you vote to approve the compensation of our named executive officers by voting "FOR" Proposal 2.

**PROPOSAL 3 ADVISORY VOTE ON THE FREQUENCY OF FUTURE
EXECUTIVE COMPENSATION ADVISORY VOTES**

In Proposal 2, we are providing our stockholders the opportunity to vote to approve, on an advisory, non-binding basis, the compensation of our named executive officers. In this Proposal 3, we are asking our stockholders to cast a non-binding advisory vote regarding the frequency of future executive compensation advisory votes. Stockholders may vote for a frequency of every one, two or three years, or may abstain.

After careful consideration, our Board believes that an executive compensation advisory vote should be held every year. Our Board believes that an annual executive compensation advisory vote will facilitate more direct stockholder input about executive compensation. An annual executive compensation advisory vote is consistent with our policy of reviewing our compensation program annually, as well as seeking frequent input from our stockholders on corporate governance and executive compensation matters. We believe an annual vote would be the best governance practice for our company at this time.

The frequency option (one year, two years or three years) that receives the highest number of votes cast will be considered to be the preferred frequency of the stockholders with which we are to hold future non-binding stockholder advisory votes on executive compensation.

Our Board will take into consideration the outcome of this vote in making a determination about the frequency of future executive compensation advisory votes. However, because this vote is advisory and non-binding, our Board may decide that it is in the best interests of our stockholders and the company to hold the advisory vote to approve executive compensation more or less frequently.

Board Recommendation:

Our Board believes that holding the Executive Compensation Advisory Vote every year is in the best interests of the company and its stockholders and recommends voting for a frequency of every "One Year."

Stockholders are not voting to approve or disapprove the recommendation of our Board. Stockholders may choose among the four choices available.

**PROPOSAL 4 RATIFICATION OF THE
SELECTION OF REGISTERED PUBLIC ACCOUNTING FIRM**

Our Audit Committee appointed McGladrey & Pullen, LLP, an independent registered public accounting firm, to audit our books, records and accounts for fiscal 2012. This appointment is being presented to the stockholders for ratification at the Annual Meeting.

Proxies solicited by management will be voted for the ratification unless stockholders specify otherwise. Although we are not required to submit the appointment to a vote of the stockholders, our Board believes it is appropriate as a matter of policy to request that the stockholders ratify the appointment of McGladrey & Pullen, LLP as our independent registered public accounting firm. If the stockholders do not ratify the appointment, our Audit Committee will investigate the reasons for stockholder rejection and consider whether to retain McGladrey & Pullen, LLP or appoint another independent registered public accounting firm. Even if the appointment is ratified, our Board and our Audit Committee in their discretion may direct the appointment of a different independent registered public accounting firm at any time during the year if they determine that such a change would be in the best interests of our company and our stockholders.

A representative of McGladrey & Pullen, LLP is expected to be present at the Annual Meeting to respond to appropriate questions and to make a statement if he or she so desires.

Board Recommendation:

Our Board believes that the selection of McGladrey & Pullen, LLP as our independent registered public accounting firm is in the best interests of the company and of our stockholders and recommends a vote "FOR" this proposal.

If a stockholder makes timely notification, the proxies may still confer discretionary authority to the person named in the proxy under circumstances consistent with the SEC's proxy rules.
