Upon the occurrence of a Change of Control, each holder of shares of Series A Preferred Stock will have the right (subject to our election to redeem the Series A Preferred Stock in whole or in part, as described above, prior to the Change of Control Conversion Date (as defined herein)) to convert some or all of the shares of Series A Preferred Stock held by such holder on the Change of Control Conversion Date into a number of shares of our common stock per share of Series A Preferred Stock equal to the lesser of:

PROSPECTUS SUPPLEMENT SUMMARY

This summary description of us, our manager and our business highlights selected information about us and our manager contained elsewhere in this prospectus supplement or the accompanying prospectus or the documents incorporated by reference herein or therein. This summary does not contain all of the information about us that you should consider before deciding whether to invest in the Series A Preferred Stock. You should read carefully this entire prospectus supplement and the accompanying prospectus, including each of the documents incorporated herein and therein by reference, before making an investment decision.

Our Company

We are a specialized real estate finance company that invests in a diversified portfolio of structured finance assets in the multi-family and commercial real estate markets. We invest primarily in real estate-related bridge and mezzanine loans, including junior participating interests in first mortgages, preferred and direct equity and, in limited cases, discounted mortgage notes and other real estate-related assets, which we refer to collectively as structured finance investments. We also hold investments in mortgage-related securities and real property. Our principal business objective is to maximize the difference between the yield on our investments and the cost of financing these investments to generate cash available for distribution, facilitate capital appreciation and maximize total return to our stockholders.

We are organized to qualify as a REIT for federal income tax purposes. A REIT is generally not subject to federal income tax on that portion of its REIT taxable income, or Taxable Income, that is distributed to its stockholders, provided that at least 90% of Taxable Income is distributed and certain other REIT qualification requirements are met. Certain of our assets that produce non-qualifying income are held in taxable REIT subsidiaries. Unlike other subsidiaries of a REIT, the income of a taxable REIT subsidiary is subject to federal and state income taxes.

We conduct substantially all of our operations and investing activities through our operating partnership, Arbor Realty Limited Partnership, and its subsidiaries, including Arbor Realty SR, Inc., a subsidiary REIT. We serve as the general partner of our operating partnership, and currently own 100% of its partnership interests.

We are externally managed and advised by Arbor Commercial Mortgage, LLC, a national commercial real estate finance company that specializes in debt and equity financing for multi-family and commercial real estate, pursuant to the terms of a management agreement.

We are a Maryland corporation formed in June 2003. Our principal executive offices are located at 333 Earle Ovington Boulevard, Suite 900, Uniondale, New York 11553. Our telephone number is (516) 506-4200. Our website is located at www.arborrealtytrust.com. The information contained on or accessible through our website is not a part of this prospectus.

Recent Developments

On January 28, 2013, we closed our second collateralized loan obligation, or CLO, pursuant to which two newly-formed subsidiaries of Arbor issued approximately \$177 million of investment grade-rated notes. Arbor retained an equity interest in the portfolio of approximately \$83 million. The notes were issued on a floating rate basis at an initial weighted average spread of approximately 235 basis points over one-month LIBOR, excluding fees and transaction costs. The facility has a two-year replenishment period that allows the principal proceeds from repayments of the collateral assets to be reinvested in qualifying replacement assets, subject to certain conditions. The face value of the collateral in the initial portfolio is approximately \$260 million and consists entirely of first mortgage bridge loans

and cash. The \$260 million includes \$50 million of additional capacity to finance future loans for a period of up to 90 days from the closing date of the CLO. Arbor intends to own the portfolio until its maturity and will account for this transaction on its balance sheet as a financing. Arbor intends to use the proceeds of this offering to repay borrowings under its current credit facilities, pay transaction expenses and to fund future loans and investments.

On December 31, 2012, we entered into an Equity Distribution Agreement with JMP Securities LLC pursuant to which we may sell up to 6 million shares of our common stock through JMP Securities LLC, as sales agent, in an "at-the-market" offering program, or an ATM program. In January 2013, the Company issued an aggregate of 787,700 shares of common stock pursuant to this ATM program for net proceeds after sales commissions of approximately \$5.5 million.

RISK FACTORS

Investment in the Series A Preferred Stock involves a high degree of risk. You should consider carefully the specific risks described below and under the caption "Risk Factors" in our Annual Report on Form 10-K for the fiscal year ended December 31, 2011, which is incorporated by reference into this prospectus supplement as well as the other information contained or incorporated by reference into this prospectus supplement, before making an investment decision. Each of the risks described could materially adversely affect our business, financial condition, results of operations, prospects and the market price of the Series A Preferred Stock and the common stock into which the Series A Preferred Stock, in certain circumstances, are convertible, and could result in a complete loss of your investment. For more information, see "Where You Can Find More Information" and "Incorporation of Certain Documents By Reference." In connection with the forward-looking statements that appear in this prospectus supplement, you should also carefully review the cautionary statements in the section of this prospectus supplement entitled "Cautionary Statement Regarding Forward-Looking Statements."

Risks Related to the Series A Preferred Stock and this Offering

The Series A Preferred Stock effectively ranks junior to all indebtedness and other liabilities of us and our subsidiaries.

In the event of our bankruptcy, liquidation, dissolution or winding-up of our affairs, our assets will be available to pay obligations on the Series A Preferred Stock only after all of our indebtedness and other liabilities have been paid. The rights of holders of the Series A Preferred Stock to participate in the distribution of our assets will rank junior to the prior claims of our current and future creditors and any future series or class of preferred stock we may issue that ranks senior to the Series A Preferred Stock. In addition, the Series A Preferred Stock effectively ranks junior to all existing and future indebtedness and other liabilities of (as well as any preferred equity interests held by others in) our existing subsidiaries and any future subsidiaries in that the Series A Preferred Stock is structurally subordinated to these types of indebtedness and other liabilities. Our existing subsidiaries and any future subsidiaries would be separate legal entities and have no legal obligation to pay any amounts to us in respect of dividends due on the Series A Preferred Stock. If we are forced to liquidate our assets to pay our creditors, we may not have sufficient assets to pay amounts due on any or all of the Series A Preferred Stock then outstanding. We and our subsidiaries have incurred and may in the future incur substantial amounts of debt and other obligations that will rank senior to the Series A Preferred Stock. At September 30, 2012, we had approximately \$1.3 billion of indebtedness and other liabilities ranking senior to the Series A Preferred Stock, consisting of borrowings under our repurchase agreements, credit facilities, collateralized debt and loan obligations, junior subordinated notes, notes payable and mortgage note payable real estate owned. Certain of our existing or future debt instruments may restrict the authorization, payment or setting apart of dividends on the Series A Preferred Stock.

Future offerings of debt or senior equity securities may adversely affect the market price of the Series A Preferred Stock. If we decide to issue debt or senior equity securities in the future, it is possible that these securities will be governed by an indenture or other instrument containing covenants restricting our operating flexibility. Additionally, any convertible or exchangeable securities that we issue in the future may have rights, preferences and privileges more favorable than those of the Series A Preferred Stock and may result in dilution to owners of the Series A Preferred Stock. We and, indirectly, our stockholders, will bear the cost of issuing and servicing such securities. Because our decision to issue debt or equity securities in any future offering will depend on market conditions and other factors

Table of Contents

beyond our control, we cannot predict or estimate the amount, timing or nature of our future offerings. Thus holders of the Series A Preferred Stock will bear the risk of our future offerings reducing the market price of the Series A Preferred Stock and diluting the value of their holdings in us.

We may issue additional shares of Series A Preferred Stock and additional series of preferred stock that rank on parity with the Series A Preferred Stock as to dividend rights, rights upon liquidation or voting rights.

We are allowed to issue additional shares of Series A Preferred Stock and additional series of preferred stock that would rank equally to the Series A Preferred Stock as to dividend payments and rights upon our liquidation, dissolution or winding up of our affairs pursuant to our charter, including the articles supplementary for the Series A Preferred Stock, without any vote of the holders of the Series A Preferred Stock. The issuance of additional shares of Series A Preferred Stock and additional series of parity preferred stock could have the effect of reducing the amounts available to the holders of the Series A Preferred Stock issued in this offering upon our liquidation or dissolution or the winding up of our affairs. It also may reduce dividend payments on the Series A Preferred Stock issued in this offering if we do not have sufficient funds to pay dividends on all Series A Preferred Stock outstanding and other classes of stock with equal priority with respect to dividends.

In addition, although holders of shares of Series A Preferred Stock are entitled to limited voting rights, as described in "Description of the Series A Preferred Stock Voting Rights," with respect to such matters, the Series A Preferred Stock will vote separately as a class along with all other classes or series of our preferred stock that we may issue upon which like voting rights have been conferred and are exercisable. As a result, the voting rights of holders of shares of Series A Preferred Stock may be significantly diluted, and the holders of such other series of preferred stock that we may issue may be able to control or significantly influence the outcome of any vote.

Future issuances and sales of parity preferred stock, or the perception that such issuances and sales could occur, may cause prevailing market prices for the Series A Preferred Stock and our common stock to decline and may adversely affect our ability to raise additional capital in the financial markets at times and prices favorable to us.

Our ability to pay dividends is limited by the requirements of Maryland law.

Our ability to pay dividends on the Series A Preferred Stock is limited by the laws of Maryland. Under applicable Maryland law, a Maryland corporation may not make a distribution if, after giving effect to the distribution, the corporation would not be able to pay its debts as the debts become due in the usual course of business, or, except in limited circumstances, the corporation's total assets would be less than the sum of its total liabilities plus, unless the charter provides otherwise, the amount that would be needed, if the corporation were dissolved at the time of the distribution, to satisfy the preferential rights upon dissolution of stockholders whose preferential rights are superior to those receiving the distribution. Accordingly, we may not make a distribution on our Series A Preferred Stock if, after giving effect to the distribution, we would not be able to pay our debts as they become due in the usual course of business or, except in limited circumstances, our total assets would be less than the sum of our total liabilities plus, unless the charter provides otherwise, the amount that would be needed to satisfy the preferential rights upon dissolution of the holders of shares of any class or series of preferred stock then outstanding, if any, with preferences senior to those of our Series A Preferred Stock.

The change of control conversion rights described in this prospectus supplement may not adequately compensate you in the event of a change of control of our Company. These change of control conversion rights may also make it more difficult for a party to acquire us or discourage a party from acquiring us.

Upon the occurrence of a Change of Control, each holder of shares of Series A Preferred Stock will have the right (unless, prior to the Change of Control Conversion Date, we have provided notice of our election to redeem some or all of the shares of Series A Preferred Stock held by such holder as described under "Description of the Series A Preferred Stock Redemption Optional Redemption" or " Special Optional Redemption," in which case such holder will have the right only with respect to shares of Series A Preferred Stock that are not called for redemption) to convert some or all of such holder's shares of Series A Preferred Stock into our shares of common stock (or under specified circumstances certain alternative consideration). Notwithstanding that we generally may not redeem the Series A Preferred Stock prior to February , 2018, we have a special optional redemption right to redeem the Series A Preferred Stock in the event of a Change of Control, and holders of the Series A Preferred Stock will not have the right to convert any shares that we have elected to redeem prior to the Change of Control Conversion Date. See "Description of the Series A Preferred Stock Redemption Special Optional Redemption" and "Description of the Series A Preferred Stock Conversion Rights."

If we do not elect to redeem the Series A Preferred Stock prior to the Change of Control Conversion Date, then upon an exercise of the conversion rights described in this prospectus supplement, the holders of Series A Preferred Stock will be limited to a maximum number of shares of our common stock (or, if applicable, the Alternative Conversion Consideration (as defined herein)) equal to the lesser of (a) the quotient obtained by dividing (i) the sum of the \$25.00 liquidation preference per share of Series A Preferred Stock plus the amount of any accumulated and unpaid dividends thereon to, but not including, the Change of Control Conversion Date (unless the Change of Control Conversion Date is after a dividend record date and prior to the corresponding dividend payment date for the Series A Preferred Stock, in which case no additional amount for such accrued and unpaid dividend will be included in this sum) by (ii) the Common Stock Price (as defined herein); and (b) , multiplied by the number of shares of Series A Preferred Stock converted. If the Common Stock Price is less than \$ (which is 50% of the per share closing sale price of our common stock reported on the NYSE on January , 2013), subject to adjustment in certain circumstances, the holders of the Series A Preferred Stock will receive a maximum of shares of our common stock per share of Series A Preferred Stock, which may result in a holder receiving shares of common stock (or Alternative Conversion Consideration, as applicable) with a value that is less than the liquidation preference of the Series A Preferred Stock plus any accumulated and unpaid dividends.

In addition, the Change of Control conversion feature of the Series A Preferred Stock may have the effect of discouraging a third party from making an acquisition proposal for us or of delaying, deferring or preventing certain of our change of control transactions under circumstances that otherwise could provide the holders of our common stock and Series A Preferred Stock with the opportunity to realize a premium over the then-current market price of such stock or that stockholders may otherwise believe is in their best interests.

Table of Contents

The trading price of the Series A Preferred Stock could be substantially affected by various factors.

If the Series A Preferred Stock is approved for listing, the trading price of the Series A Preferred Stock will depend on many factors, which may change from time to time, including:

prevailing interest rates, increases in which may have an adverse effect on the market price of the Series A Preferred Stock;

market prices of common and preferred equity securities issued by REITs and other real estate companies;

the annual yield from distributions on the Series A Preferred Stock as compared to yields on other financial instruments;

general economic and financial market conditions;

government action or regulation;

the financial condition, performance and prospects of us and our competitors;

changes in financial estimates or recommendations by securities analysts with respect to us, our competitors or our industry;

our issuance of additional common equity or debt securities;

our issuance of additional series or classes of preferred securities; and

actual or anticipated variations in quarterly operating results of us and our competitors.

As a result of these and other factors, investors who purchase the Series A Preferred Stock in this offering may experience a decrease, which could be substantial and rapid, in the trading price of the Series A Preferred Stock, including decreases unrelated to our operating performance or prospects.

Our charter, including the articles supplementary establishing the terms of the Series A Preferred Stock, contains restrictions upon ownership and transfer of the Series A Preferred Stock, which may impair the ability of holders to convert Series A Preferred Stock into our common stock.

Our charter, including the articles supplementary establishing the terms of the Series A Preferred Stock, contains restrictions on ownership and transfer of the Series A Preferred Stock intended, among other things, to assist us in maintaining our qualification as a REIT for federal income tax purposes. For example, our charter provides that no person may own, or be deemed to own by virtue of applicable attribution provisions of the Internal Revenue Code, more than 5.0% (by value or by number of shares, whichever is more restrictive) of the outstanding shares of our common stock or 5.0% by value of our outstanding shares of capital stock, subject to certain exceptions. See "Description of the Series A Preferred Stock Restrictions on Ownership and Transfer" in this prospectus supplement. Given that shares of the Series A Preferred Stock owned or treated as owned by you will be counted as our capital stock for purposes of the 5.0% ownership limitation applicable to our capital stock, you should consider this ownership limitation prior to your purchase of the Series A Preferred Stock. Notwithstanding any other provision of the Series A Preferred Stock, no holder of shares of Series A Preferred Stock will be entitled to convert such stock into our common stock to the extent that receipt of our common stock would cause the holder to exceed the ownership limitations contained in our charter, including the articles supplementary for the Series A Preferred Stock. In addition, these restrictions could have takeover defense effects and could

reduce the possibility that a third party will attempt to acquire control of us, which could adversely affect the market price of the Series A Preferred Stock.

As a holder of shares of Series A Preferred Stock, you will have extremely limited voting rights.

Your voting rights as a holder of shares of Series A Preferred Stock will be limited. Our common stock is the only class of our securities that carries full voting rights. Voting rights for holders of shares of Series A Preferred Stock exist primarily with respect to the ability to elect, voting together with the holders of any other class or series of our preferred stock having similar voting rights, two additional directors to our board of directors, in the event that six quarterly dividends (whether or not consecutive) payable on the Series A Preferred Stock are in arrears, and with respect to voting on amendments to our charter, including the articles supplementary relating to the Series A Preferred Stock, that materially and adversely affect the rights of the holders of shares of Series A Preferred Stock or authorize, increase or create additional classes or series of our stock that are senior to the Series A Preferred Stock. Other than the limited circumstances described in this prospectus supplement, holders of shares of Series A Preferred Stock will not have any voting rights. See "Description of the Series A Preferred Stock Voting Rights."

The Series A Preferred Stock is a new issue of securities and does not have an established trading market, which may negatively affect its value and your ability to transfer and sell your shares.

The Series A Preferred Stock is a new issue of securities and currently no market exists for the Series A Preferred Stock. We have applied to list the Series A Preferred Stock on the NYSE. However, the Series A Preferred Stock may not be approved for listing on the NYSE. Even if so approved, trading of the Series A Preferred Stock on the NYSE is not expected to begin until sometime during the period ending 30 days after the date of initial issuance of the Series A Preferred Stock and, in any event, a trading market on the NYSE for the Series A Preferred Stock may never develop or, even if one develops, may not be maintained and may not provide you with adequate liquidity. The underwriters have advised us that they intend to make a market in the Series A Preferred Stock prior to the commencement of any trading on the NYSE, but are not obligated to do so and may discontinue market making at any time without notice. The liquidity of any market for the Series A Preferred Stock that may develop will depend on a number of factors, including prevailing interest rates, the dividend rate on our common stock, our financial condition and operating results, the number of holders of the Series A Preferred Stock, the market for similar securities and the interest of securities dealers in making a market in the Series A Preferred Stock. As a result, the ability to transfer or sell the Series A Preferred Stock and the amount you receive upon any sale or transfer of the Series A Preferred Stock could be adversely affected.

If our common stock is delisted, your ability to transfer or sell your shares of the Series A Preferred Stock may be limited and the market value of the Series A Preferred Stock will likely be materially adversely affected.

Other than in connection with a Change of Control, the Series A Preferred Stock does not contain rights that are intended to protect you if our common stock is delisted from the NYSE. Because the Series A Preferred Stock has no stated maturity date, you may be forced to hold your shares of the Series A Preferred Stock and receive stated dividends on the Series A Preferred Stock when, as and if authorized by our board of directors and paid by us with no assurance as to ever receiving the liquidation value thereof. In addition, if our common stock

is delisted from the NYSE, it is likely that the Series A Preferred Stock will be delisted from the NYSE as well. Accordingly, if our common stock is delisted from the NYSE, your ability to transfer or sell your shares of the Series A Preferred Stock may be limited and the market value of the Series A Preferred Stock will likely be materially adversely affected.

The Series A Preferred Stock has not been rated.

We have not sought to obtain a rating for the Series A Preferred Stock. One or more rating agencies could independently determine to issue a rating. A rating, if issued, could adversely affect the market price of the Series A Preferred Stock. In addition, we may elect in the future to obtain a rating for the Series A Preferred Stock, which could adversely affect the market price of the Series A Preferred Stock. Ratings only reflect the views of the rating agency or agencies issuing the ratings and such ratings could be revised downward, placed on a watch list or withdrawn entirely at the discretion of the issuing rating agency if in its judgment circumstances so warrant. Any such downward revision, placing on a watch list or withdrawal of a rating could have an adverse effect on the market price of the Series A Preferred Stock.

Our net proceeds from the sale of the Series A Preferred Stock will be approximately \$ _____, after deducting the underwriting discount and estimated offering expenses payable by us. If the underwriters' over-allotment option is exercised in full, our net proceeds from the offering will be approximately \$ _____, after deducting the underwriting discount and estimated offering expenses payable by us.

We plan to use all of the net proceeds from this offering to make investments relating to our business, to repurchase or pay liabilities and for general corporate purposes.

RATIO OF EARNINGS TO COMBINED FIXED CHARGES AND PREFERRED DIVIDENDS

The following table sets forth our ratio of earnings to combined fixed charges and preferred stock dividends for each of the periods presented on an actual basis. The ratio of earnings to combined fixed charges and preferred dividends was computed by dividing earnings by our combined fixed charges and preferred dividends. For purposes of calculating this ratio, (i) earnings represent "Net income (loss) from continuing operations" from our consolidated statements of operations, as adjusted for fixed charges and loss (income) and distributions from equity affiliates, and (ii) fixed charges represent "Interest expense" from our consolidated statements of operations as adjusted for capitalized interest. The ratios are based solely on historical financial information.

DESCRIPTION OF THE SERIES A PREFERRED STOCK

This description of certain terms of the Series A Preferred Stock supplements, and, to the extent inconsistent therewith, replaces, the description of the general terms and provisions of our preferred stock set forth in the accompanying prospectus. The description of certain terms of the Series A Preferred Stock in this prospectus supplement does not purport to be complete and is in all respects subject to, and qualified in its entirety by references to the relevant provisions of our charter, including the articles supplementary classifying and designating the Series A Preferred Stock, our bylaws and Maryland law. Copies of our charter and our bylaws are available from us upon request.

Pursuant to our charter, we are currently authorized to classify, designate and issue up to 100,000,000 shares of preferred stock, par value \$0.01 per share, in one or more classes or series and, subject to the limitations prescribed by our charter and Maryland law, with such preferences, conversion or other rights, voting powers, restrictions, limitations as to dividends or other distributions, qualifications, or terms or conditions of redemption and the number of shares constituting any class or series as our board of directors may determine, without any vote or action by our stockholders. As of the date of this prospectus supplement, we have no preferred stock issued and outstanding. In connection with this offering, our board of directors will, as permitted by our charter, classify authorized but unissued shares of preferred stock into a new series of preferred stock with the rights set forth herein consisting of up to _____ shares, including up to _____ shares which may be issued upon exercise of the underwriters' over-allotment option, designated as _____ % Series A Cumulative Redeemable Preferred Stock, which we refer to in this prospectus supplement as the Series A Preferred Stock, and adopt articles supplementary setting forth the terms of the Series A Preferred Stock, or the articles supplementary. Subsequent to the completion of this offering, we will have available for issuance _____ authorized but unissued shares of preferred stock (or _____ shares if the underwriters exercise their over-allotment option in full). Our board of directors may, without the approval of holders of the Series A Preferred Stock or our common stock, designate additional classes or series of authorized preferred stock ranking junior to or on parity with the Series A Preferred Stock or designate additional shares of the Series A Preferred Stock and authorize the issuance of such shares. Our board of directors may, with the affirmative vote or consent of the holders of at least two-thirds of the shares of the Series A Preferred Stock outstanding at the time, classify and designate equity securities ranking senior to the Series A Preferred Stock.

We have applied to list the shares of the Series A Preferred Stock on the NYSE under the symbol "ABR PrA". If our listing application is approved, we expect trading to commence within 30 days after the initial delivery of the shares of Series A Preferred Stock.

The registrar, transfer agent and dividend and redemption price disbursing agent in respect of the Series A Preferred Stock will be American Stock Transfer & Trust Company, LLC, the principal business address of which is 6201 15th Avenue, Brooklyn, New York 11219.

Maturity

The Series A Preferred Stock has no stated maturity and will not be subject to any sinking fund or mandatory redemption. Shares of the Series A Preferred Stock will remain outstanding indefinitely unless we decide to redeem or otherwise repurchase them or they become convertible and are converted as described below under " Conversion Rights." We are not required to set aside funds to redeem the Series A Preferred Stock.

Ranking

The Series A Preferred Stock will rank, with respect to rights to the payment of dividends and the distribution of assets upon our liquidation, dissolution or winding up:

(1) senior to all classes or series of our common stock and to all other equity securities issued by us other than equity securities referred to in clauses (2) and (3) below;

(2) on a parity with all equity securities issued by us with terms specifically providing that those equity securities rank on a parity with the Series A Preferred Stock with respect to rights to the payment of dividends and the distribution of assets upon our liquidation, dissolution or winding up;

(3) junior to all equity securities issued by us with terms specifically providing that those equity securities rank senior to the Series A Preferred Stock with respect to rights to the payment of dividends and the distribution of assets upon our liquidation, dissolution or winding up (see " Voting Rights" below); and

(4) effectively junior to all of our existing and future indebtedness (including indebtedness convertible to our common stock or preferred stock), and to the indebtedness of our existing subsidiaries and any future subsidiaries.

Dividends

Holders of shares of the Series A Preferred Stock are entitled to receive, when, as and if authorized by our board of directors and declared by us, out of funds legally available for the payment of dividends, cumulative cash dividends at the rate of % of the \$25.00 per share liquidation preference per annum (equivalent to \$ per annum per share). Dividends on the Series A Preferred Stock shall accrue daily and be cumulative from, and including, the date of original issue and shall be payable quarterly in arrears on the last day of each February, May, August and November (each, a "dividend payment date"); provided that if any dividend payment date is not a business day, as defined in the articles supplementary, then the dividend which would otherwise have been payable on that dividend payment date may be paid on the next succeeding business day and no interest, additional dividends or other sums will accrue on the amount so payable for the period from and after that dividend payment date to that next succeeding business day. The first dividend on the Series A Preferred Stock is scheduled to be paid on May 31, 2013 in the amount of \$ per share, and that dividend will be paid to the persons who are the holders of record of the Series A Preferred Stock at the close of business on the corresponding record date, which will be May 15, 2013. Any dividend payable on the Series A Preferred Stock, including dividends payable for any partial dividend period, will be computed on the basis of a 360-day year consisting of twelve 30-day months. Dividends will be payable, when, as and if authorized by our board of directors and declared by us, to holders of record as they appear in our stock records for the Series A Preferred Stock at the close of business on the applicable record date, which shall be the fifteenth day of the calendar month, whether or not a business day, in which the applicable dividend payment date falls (each, a "dividend record date").

No dividends on shares of Series A Preferred Stock shall be authorized by our board of directors or paid or set apart for payment by us at any time when the terms and provisions of any agreement of ours, including any agreement relating to our indebtedness, prohibit the authorization, payment or setting apart for payment thereof or provide that the authorization, payment or setting apart for payment thereof would constitute a breach of the agreement or a default under the agreement, or if the authorization, payment or setting apart for payment shall be restricted or prohibited by law. You should review the information appearing above under "Risk Factors Our ability to pay dividends is limited by the requirements of Maryland law" for information as to, among other things, other circumstances under which we may be unable to pay dividends on the Series A Preferred Stock.

Table of Contents

Notwithstanding the foregoing, dividends on the Series A Preferred Stock will accrue whether or not we have earnings, whether or not there are funds legally available for the payment of those dividends and whether or not those dividends are declared. No interest, or sum in lieu of interest, will be payable in respect of any dividend payment or payments on the Series A Preferred Stock which may be in arrears, and holders of shares of Series A Preferred Stock will not be entitled to any dividends in excess of full cumulative dividends described above. Any dividend payment made on the Series A Preferred Stock shall first be credited against the earliest accumulated but unpaid dividend due with respect to those shares.

Future distributions on our common stock and preferred stock, including the Series A Preferred Stock offered pursuant to this prospectus supplement, will be at the discretion of our board of directors and will depend on, among other things, our results of operations, cash flow from operations, financial condition and capital requirements, the annual distribution requirements under the REIT provisions of the Internal Revenue Code, any debt service requirements, applicable law and any other factors our board of directors deems relevant. Accordingly, we cannot guarantee that we will be able to make cash distributions on our preferred stock or what the actual distributions will be for any future period.

Unless full cumulative dividends on the Series A Preferred Stock have been or contemporaneously are declared and paid or declared and a sum sufficient for the payment thereof is set apart for payment for all past dividend periods, (i) no dividends (other than in shares of common stock or in shares of any class or series of preferred stock that we may issue ranking junior to the Series A Preferred Stock as to dividends and upon liquidation) shall be declared and paid or declared and set apart for payment upon shares of our common stock or preferred stock that we may issue ranking junior to or on a parity with the Series A Preferred Stock as to dividends or upon liquidation; (ii) no other distribution shall be declared and made upon shares of our common stock or preferred stock that we may issue ranking junior to or on a parity with the Series A Preferred Stock as to dividends or upon liquidation; and (iii) no shares of our common stock or preferred stock that we may issue ranking junior to or on a parity with the Series A Preferred Stock as to dividends or upon liquidation shall be redeemed, purchased or otherwise acquired for any consideration (or any moneys be paid to or made available for a sinking fund for the redemption of any such shares) by us (except (x) by conversion into or exchange for our other capital stock that we may issue ranking junior to the Series A Preferred Stock as to dividends and upon liquidation, (y) for transfers made pursuant to the provisions of our charter relating to restrictions on ownership and transfers of our capital stock or (z) pursuant to a purchase or exchange offer made on the same terms to holders of all outstanding shares of Series A Preferred Stock and any preferred stock that we may issue ranking on parity with the Series A Preferred Stock as to dividends or upon liquidation).

When dividends are not paid in full (or a sum sufficient for such full payment is not so set apart) upon the Series A Preferred Stock and the shares of any other class or series of preferred stock that we may issue ranking on a parity as to dividends with the Series A Preferred Stock, all dividends declared upon the Series A Preferred Stock and any other class or series of preferred stock ranking on a parity that we may issue as to dividends with the Series A Preferred Stock shall be declared pro rata so that the amount of dividends declared per share of Series A Preferred Stock and such other class or series of preferred stock that we may issue shall in all cases bear to each other the same ratio that accrued dividends per share on the Series A Preferred Stock and such other class or series of preferred stock that we may issue (which shall not include any accrual in respect of unpaid dividends for prior dividend periods if such preferred stock does not have a cumulative dividend) bear to each other. No interest, or sum of money in lieu of interest, shall be payable in respect of any dividend payment or payments on the Series A Preferred Stock which may be in arrears.

Liquidation Preference

In the event of our voluntary or involuntary liquidation, dissolution or winding up, the holders of shares of Series A Preferred Stock will be entitled to be paid out of the assets we have legally available for distribution to our stockholders, subject to the preferential rights of the holders of any class or series of our stock we may issue ranking senior to the Series A Preferred Stock with respect to the distribution of assets upon liquidation, dissolution or winding up, a liquidation preference of \$25.00 per share, plus an amount equal to any accumulated and unpaid dividends to, but not including, the date of payment, before any distribution of assets is made to holders of our common stock or any other class or series of our stock we may issue that ranks junior to the Series A Preferred Stock as to liquidation rights.

In the event that, upon any such voluntary or involuntary liquidation, dissolution or winding up, our available assets are insufficient to pay the amount of the liquidating distributions on all outstanding shares of Series A Preferred Stock and the corresponding amounts payable on all shares of other classes or series of our capital stock that we may issue ranking on a parity with the Series A Preferred Stock in the distribution of assets, then the holders of the Series A Preferred Stock and all other such classes or series of capital stock shall share ratably in any such distribution of assets in proportion to the full liquidating distributions to which they would otherwise be respectively entitled.

Holders of shares of Series A Preferred Stock will be entitled to written notice of any such liquidation no fewer than 30 days and no more than 60 days prior to the payment date. After payment of the full amount of the liquidating distributions to which they are entitled, the holders of shares of Series A Preferred Stock will have no right or claim to any of our remaining assets. The consolidation or merger of us with or into any other corporation, trust or entity or of any other entity with or into us, or the sale, lease, transfer or conveyance of all or substantially all of our property or business, shall not be deemed to constitute a liquidation, dissolution or winding up of us (although such events may give rise to the special optional redemption and contingent conversion rights described below).

In determining whether a distribution (other than upon voluntary or involuntary liquidation), by dividend, redemption or other acquisition of shares of our stock or otherwise, is permitted under the Maryland General Corporation Law, amounts that would be needed, if we were to be dissolved at the time of distribution, to satisfy the preferential rights upon dissolution of holders of shares of the Series A Preferred Stock will not be added to our total liabilities.

Redemption

The Series A Preferred Stock is not redeemable by us prior to February 1, 2018, except as described below under "Special Optional Redemption" and except that, as provided in our charter, we may purchase or redeem shares of the Series A Preferred Stock prior to that date in order to preserve our qualification as a REIT for federal income tax purposes. See below and "Description of Capital Stock Transfer Restrictions" in the accompanying prospectus.

Optional Redemption. On and after February 1, 2018, we may, at our option, upon not less than 30 nor more than 60 days' written notice, redeem the Series A Preferred Stock, in whole or in part, at any time or from time to time, for cash at a redemption price of \$25.00 per share, plus any accumulated and unpaid dividends thereon to, but not including, the date fixed for redemption. If we elect to redeem any shares of Series A Preferred Stock as described in this paragraph, we may use any available cash to pay the redemption price, and we will not be required to pay the redemption price only out of the proceeds from the issuance of other equity securities or any other specific source.

Special Optional Redemption. Upon the occurrence of a Change of Control, we may, at our option, upon not less than 30 nor more than 60 days' written notice, redeem the Series A Preferred Stock, in whole or in part, within 120 days after the first date on which such Change of Control occurred, for cash at a redemption price of \$25.00 per share, plus any accumulated and unpaid dividends thereon to, but not including, the date fixed for redemption. If, prior to the Change of Control Conversion Date, we have provided notice of our election to redeem some or all of the shares of Series A Preferred Stock (whether pursuant to our optional redemption right described above under " Optional Redemption" or this special optional redemption right), the holders of shares of Series A Preferred Stock will not have the Change of Control Conversion Right (as defined below) described below under " Conversion Rights" with respect to the shares called for redemption.

A "Change of Control" is deemed to occur when, after the original issuance of the Series A Preferred Stock, the following have occurred and are continuing:

the acquisition by any person, including any syndicate or group deemed to be a "person" under Section 13(d)(3) of the Securities Exchange Act of 1934, as amended, or the Exchange Act, of beneficial ownership, directly or indirectly, through a purchase, merger or other acquisition transaction or series of purchases, mergers or other acquisition transactions of our stock entitling that person to exercise more than 50% of the total voting power of all our stock entitled to vote generally in the election of our directors (except that such person will be deemed to have beneficial ownership of all securities that such person has the right to acquire, whether such right is currently exercisable or is exercisable only upon the occurrence of a subsequent condition); and

following the closing of any transaction referred to in the bullet point above, neither we nor the acquiring or surviving entity has a class of common securities (or American Depositary Receipts representing such securities) listed on the NYSE, the NYSE MKT or Nasdaq, or listed or quoted on an exchange or quotation system that is a successor to the NYSE, the NYSE MKT or Nasdaq.

Redemption Procedures. In the event we elect to redeem Series A Preferred Stock, the notice of redemption will be mailed to each holder of record of Series A Preferred Stock called for redemption at such holder's address as it appears on our stock transfer records and will state the following:

the redemption date;

the number of shares of Series A Preferred Stock to be redeemed;

the redemption price;

the place or places where certificates (if any) for the Series A Preferred Stock are to be surrendered for payment of the redemption price;

that dividends on the shares to be redeemed will cease to accumulate on the redemption date;

whether such redemption is being made pursuant to the provisions described above under " Optional Redemption" or " Special Optional Redemption;"

if applicable, that such redemption is being made in connection with a Change of Control and, in that case, a brief description of the transaction or transactions constituting such Change of Control; and

if such redemption is being made in connection with a Change of Control, that the holders of the shares of Series A Preferred Stock being so called for redemption will not be able to tender such shares of Series A Preferred Stock for conversion in connection with the Change of Control and that each share of Series A Preferred Stock tendered for

Table of Contents

conversion that is called, prior to the Change of Control Conversion Date (as defined below), for redemption will be redeemed on the related date of redemption instead of converted on the Change of Control Conversion Date.

If less than all of the shares of Series A Preferred Stock held by any holder are to be redeemed, the notice mailed to such holder shall also specify the number of shares of Series A Preferred Stock held by such holder to be redeemed. No failure to give such notice or any defect thereto or in the mailing thereof shall affect the validity of the proceedings for the redemption of any shares of Series A Preferred Stock, except as to the holder to whom notice was defective or not given.

Holders of Series A Preferred Stock to be redeemed shall surrender the Series A Preferred Stock at the place designated in the notice of redemption and shall be entitled to the redemption price and any accumulated and unpaid dividends payable upon the redemption following the surrender. If notice of redemption of any shares of Series A Preferred Stock has been given and if we have irrevocably set apart the funds necessary for redemption in trust for the benefit of the holders of the shares of Series A Preferred Stock so called for redemption, then from and after the redemption date (unless we default in providing for the payment of the redemption price plus accumulated and unpaid dividends, if any), dividends will cease to accrue on those shares of Series A Preferred Stock, those shares of Series A Preferred Stock shall no longer be deemed outstanding and all rights of the holders of those shares will terminate, except the right to receive the redemption price plus accumulated and unpaid dividends, if any, payable upon redemption. If any redemption date is not a business day, then the redemption price and accumulated and unpaid dividends, if any, payable upon redemption may be paid on the next business day and no interest, additional dividends or other sums will accrue on the amount payable for the period from and after that redemption date to that next business day. If less than all of the outstanding Series A Preferred Stock is to be redeemed, the Series A Preferred Stock to be redeemed shall be selected pro rata (as nearly as may be practicable without creating fractional shares) or by any other equitable method we determine but that will not result in the automatic transfer of any shares of Series A Preferred Stock to a trust as described below under " Restrictions on Ownership and Transfer."

Immediately prior to any redemption of Series A Preferred Stock, we shall pay, in cash, any accumulated and unpaid dividends through and including the redemption date, unless a redemption date falls after a dividend record date and prior to the corresponding dividend payment date, in which case each holder of shares of Series A Preferred Stock at the close of business on such dividend record date shall be entitled to the dividend payable on such shares on the corresponding dividend payment date notwithstanding the redemption of such shares before such dividend payment date. Except as provided above, we will make no payment or allowance for unpaid dividends, whether or not in arrears, on shares of the Series A Preferred Stock to be redeemed.

Unless full cumulative dividends on all shares of Series A Preferred Stock have been or contemporaneously are declared and paid or declared and a sum sufficient for the payment thereof has been or contemporaneously is set apart for payment for all past dividend periods, no shares of Series A Preferred Stock shall be redeemed unless all outstanding shares of Series A Preferred Stock are simultaneously redeemed and we shall not purchase or otherwise acquire directly or indirectly any shares of Series A Preferred Stock (except by exchanging it for our capital stock ranking junior to the Series A Preferred Stock as to dividends and upon liquidation); provided, however, that the foregoing shall not prevent the purchase or acquisition by us of shares of Series A Preferred Stock to preserve our REIT status for federal income tax purposes or pursuant to a purchase or exchange offer made on the same terms to holders of all outstanding shares of Series A Preferred Stock.

Table of Contents

Subject to applicable law, we may purchase shares of Series A Preferred Stock in the open market, by tender or by private agreement. Any shares of Series A Preferred Stock that we acquire will become authorized but unissued shares of preferred stock, without designation as to class or series, and may thereafter be reissued as any class or series of preferred stock.

Conversion Rights

Upon the occurrence of a Change of Control, each holder of shares of Series A Preferred Stock will have the right (unless, prior to the Change of Control Conversion Date, we have provided notice of our election to redeem some or all of the shares of Series A Preferred Stock held by such holder as described above under " Optional Redemption" or " Special Optional Redemption," in which case such holder will have the right only with respect to shares of Series A Preferred Stock that are not called for redemption) to convert some or all of the Series A Preferred Stock held by such holder, or the Change of Control Conversion Right, on the Change of Control Conversion Date into a number of shares of our common stock per share of Series A Preferred Stock, or the Common Stock Conversion Consideration, equal to the lesser of:

the quotient obtained by dividing (i) the sum of the \$25.00 liquidation preference per share of Series A Preferred Stock plus the amount of any accumulated and unpaid dividends thereon to, but not including, the Change of Control Conversion Date (unless the Change of Control Conversion Date is after a dividend record date and prior to the corresponding dividend payment date for the Series A Preferred Stock, in which case no additional amount for such accrued and unpaid dividend will be included in this sum) by (ii) the Common Stock Price, as defined below (such quotient, the Conversion Rate); and

, or the Share Cap, subject to certain adjustments as described below.

Anything in the articles supplementary to the contrary notwithstanding and except as otherwise required by law, the persons who are the holders of record of shares of Series A Preferred Stock at the close of business on a dividend record date will be entitled to receive the dividend payable on the corresponding dividend payment date notwithstanding the conversion of those shares after such dividend record date and on or prior to such dividend payment date and, in such case, the full amount of such dividend shall be paid on such dividend payment date to the persons who were the holders of record at the close of business on such dividend record date. Except as provided above, we will make no allowance for unpaid dividends that are not in arrears on the shares of Series A Preferred Stock to be converted.

The Share Cap is subject to pro rata adjustments for any share splits (including those effected pursuant to a distribution of our common stock to existing holders of our common stock), subdivisions or combinations (in each case, a Share Split) with respect to our common stock as follows: the adjusted Share Cap as the result of a Share Split will be the number of shares of our common stock that is equivalent to the product obtained by multiplying (i) the Share Cap in effect immediately prior to such Share Split by (ii) a fraction, the numerator of which is the number of shares of our common stock outstanding immediately after giving effect to such Share Split and the denominator of which is the number of shares of our common stock outstanding immediately prior to such Share Split.

For the avoidance of doubt, subject to the immediately succeeding sentence, the aggregate number of shares of our common stock (or equivalent Alternative Conversion Consideration (as defined below), as applicable) issuable or deliverable, as applicable, in connection with the exercise of the Change of Control Conversion Right will not exceed _____ shares of our common stock (or equivalent Alternative Conversion Consideration,

Table of Contents

as applicable), subject to proportionate increase to the extent the underwriters' over-allotment option to purchase additional shares of Series A Preferred Stock is exercised, not to exceed _____ shares of our common stock in total (or equivalent Alternative Conversion Consideration, as applicable), or the Exchange Cap. The Exchange Cap is subject to pro rata adjustments for any Share Splits on the same basis as the corresponding adjustment to the Share Cap and will also be increased on a pro rata basis with respect to any additional shares of Series A Preferred Stock designated and authorized for issuance pursuant to any subsequent articles supplementary.

In the case of a Change of Control pursuant to which our common stock is or will be converted into cash, securities or other property or assets (including any combination thereof), or the Alternative Form Consideration, a holder of shares of Series A Preferred Stock will receive upon conversion of such Series A Preferred Stock the kind and amount of Alternative Form Consideration which such holder would have owned or been entitled to receive upon the Change of Control had such holder held a number of shares of our common stock equal to the Common Stock Conversion Consideration immediately prior to the effective time of the Change of Control, or the Alternative Conversion Consideration; the Common Stock Conversion Consideration or the Alternative Conversion Consideration, whichever shall be applicable to a Change of Control, is referred to as the Conversion Consideration.

If the holders of our common stock have the opportunity to elect the form of consideration to be received in the Change of Control, the Conversion Consideration in respect of such Change of Control will be deemed to be the kind and amount of consideration actually received by holders of a majority of the outstanding shares of our common stock that made or voted for such an election (if electing between two types of consideration) or holders of a plurality of the outstanding shares of our common stock that made or voted for such an election (if electing between more than two types of consideration), as the case may be, and will be subject to any limitations to which all holders of our common stock are subject, including, without limitation, pro rata reductions applicable to any portion of the consideration payable in such Change of Control.

We will not issue fractional shares of our common stock upon the conversion of the Series A Preferred Stock in connection with a Change of Control. Instead, we will make a cash payment equal to the value of such fractional shares based upon the Common Stock Price used in determining the Common Stock Conversion Consideration for such Change of Control.

Within 15 days following the occurrence of a Change of Control, unless we have, prior to the expiration of such 15-day period, provided notice of our election to redeem all shares of Series A Preferred Stock pursuant to the redemption provisions described above, we will provide to holders of shares of Series A Preferred Stock a notice of occurrence of the Change of Control that describes the resulting Change of Control Conversion Right. This notice will state the following:

the events constituting the Change of Control;

the date of the Change of Control;

the last date on which the holders of Series A Preferred Stock may exercise their Change of Control Conversion Right;

the method and period for calculating the Common Stock Price;

the Change of Control Conversion Date;

that if, prior to the Change of Control Conversion Date, we have provided notice of our election to redeem all or any shares of Series A Preferred Stock, holders will not be able to convert the shares of Series A Preferred Stock called for redemption and such shares will be redeemed on the related redemption date, even if such shares have

Table of Contents

already been tendered for conversion pursuant to the Change of Control Conversion Right;

if applicable, the type and amount of Alternative Conversion Consideration entitled to be received per share of Series A Preferred Stock;

the name and address of the paying agent, transfer agent and conversion agent for the Series A Preferred Stock;

the procedures that the holders of shares of Series A Preferred Stock must follow to exercise the Change of Control Conversion Right (including procedures for surrendering shares for conversion through the facilities of a Depositary (as defined below)), including the form of conversion notice to be delivered by such holders as described below; and

the last date on which holders of shares of Series A Preferred Stock may withdraw shares surrendered for conversion and the procedures that such holders must follow to effect such a withdrawal.

Under such circumstances, we will also issue a press release containing such notice for publication on Dow Jones & Company, Inc., Business Wire, PR Newswire or Bloomberg Business News (or, if these organizations are not in existence at the time of issuance of the press release, such other news or press organization as is reasonably calculated to broadly disseminate the relevant information to the public), and post a notice on our website, in any event prior to the opening of business on the first business day following any date on which we provide the notice described above to the holders of shares of Series A Preferred Stock.

To exercise the Change of Control Conversion Right, the holders of shares of Series A Preferred Stock will be required to deliver, on or before the close of business on the Change of Control Conversion Date, the certificates (if any) representing the shares of Series A Preferred Stock to be converted, duly endorsed for transfer (or, in the case of any shares of Series A Preferred Stock held in book-entry form through a Depositary, to deliver, on or before the close of business on the Change of Control Conversion Date, the shares of Series A Preferred Stock to be converted through the facilities of such Depositary), together with a written conversion notice in the form provided by us, duly completed, to our transfer agent. The conversion notice must state:

the relevant Change of Control Conversion Date;

the number of shares of Series A Preferred Stock to be converted; and

that the Series A Preferred Stock is to be converted pursuant to the applicable provisions of the Series A Preferred Stock.

The "Change of Control Conversion Date" is the date the Series A Preferred Stock is to be converted, which will be a business day selected by us that is no fewer than 20 days nor more than 35 days after the date on which we provide the notice described above to the holders of shares of Series A Preferred Stock.

The "Common Stock Price" is (i) if the consideration to be received in the Change of Control by the holders of our common stock is solely cash, the amount of cash consideration per share of our common stock or (ii) if the consideration to be received in the Change of Control by holders of our common stock is other than solely cash (x) the average of the closing sale prices per share of our common stock (or, if no closing sale price is reported, the average of the closing bid and ask prices per share or, if more than one in either case, the average of the average closing bid and the average closing ask prices per share) for the ten consecutive trading days immediately preceding, but not including, the date on which such Change of Control occurred as reported on the principal U.S. securities exchange on which

our common stock is then traded, or (y) the average of the last quoted bid prices for our common stock in the over-the-counter market as reported by Pink OTC Markets Inc. or similar organization for the ten consecutive trading days immediately preceding, but not including, the date on which such Change of Control occurred, if our common stock is not then listed for trading on a U.S. securities exchange.

Holders of shares of Series A Preferred Stock may withdraw any notice of exercise of a Change of Control Conversion Right (in whole or in part) by a written notice of withdrawal delivered to our transfer agent prior to the close of business on the business day prior to the Change of Control Conversion Date. The notice of withdrawal delivered by any holder must state:

the number of withdrawn shares of Series A Preferred Stock;

if certificated Series A Preferred Stock has been surrendered for conversion, the certificate numbers of the withdrawn shares of Series A Preferred Stock; and

the number of shares of Series A Preferred Stock, if any, which remain subject to the holder's conversion notice.

Notwithstanding the foregoing, if any shares of Series A Preferred Stock are held in book-entry form through The Depository Trust Company, or DTC, or a similar depository (each, a "Depository"), the conversion notice and/or the notice of withdrawal, as applicable, must comply with applicable procedures, if any, of the applicable Depository.

Series A Preferred Stock as to which the Change of Control Conversion Right has been properly exercised and for which the conversion notice has not been properly withdrawn will be converted into the applicable Conversion Consideration in accordance with the Change of Control Conversion Right on the Change of Control Conversion Date, unless prior to the Change of Control Conversion Date we have provided notice of our election to redeem some or all of the shares of Series A Preferred Stock, as described above under " Optional Redemption" or " Special Optional Redemption," in which case only the shares of Series A Preferred Stock properly surrendered for conversion and not properly withdrawn that are not called for redemption will be converted as aforesaid. If we elect to redeem shares of Series A Preferred Stock that would otherwise be converted into the applicable Conversion Consideration on a Change of Control Conversion Date, such shares of Series A Preferred Stock will not be so converted and the holders of such shares will be entitled to receive on the applicable redemption date the redemption price described above under " Optional Redemption" or " Special Optional Redemption," as applicable.

We will deliver all securities, cash and any other property owing upon conversion no later than the third business day following the Change of Control Conversion Date. Notwithstanding the foregoing, the persons entitled to receive any shares of our common stock or other securities delivered on conversion will be deemed to have become the holders of record thereof as of the Change of Control Conversion Date.

In connection with the exercise of any Change of Control Conversion Right, we will comply with all federal and state securities laws and stock exchange rules in connection with any conversion of Series A Preferred Stock into shares of our common stock or other property. Notwithstanding any other provision of the articles supplementary, no holder of shares of Series A Preferred Stock will be entitled to convert such Series A Preferred Stock into shares of our common stock to the extent that receipt of such common stock would cause such holder (or any other person) to violate the restrictions on ownership and transfer of our stock contained in our charter, including the articles supplementary, unless we provide an exemption from such restrictions to such holder. See " Restrictions on Ownership and Transfer" below and "Description of Capital Stock Transfer Restrictions" in the accompanying prospectus.

The Change of Control conversion feature may make it more difficult for a third party to acquire us or discourage a party from acquiring us. See "Risk Factors The change of control conversion rights described in this prospectus supplement may not adequately compensate you in the event of a change of control of our Company. These change of control conversion rights may also make it more difficult for a party to acquire us or discourage a party from acquiring us."

Except as provided above in connection with a Change of Control, the Series A Preferred Stock is not convertible into or exchangeable for any other securities or property.

Voting Rights

Holders of the Series A Preferred Stock will not have any voting rights, except as set forth below.

Whenever dividends on any shares of Series A Preferred Stock are in arrears for six or more quarterly dividend periods, whether or not consecutive, the number of directors constituting our board of directors will be automatically increased by two (if not already increased by two by reason of the election of directors by the holders of any other class or series of our preferred stock we may issue upon which like voting rights have been conferred and are exercisable and with which the Series A Preferred Stock is entitled to vote as a class with respect to the election of those two directors) and the holders of shares of Series A Preferred Stock (voting together as a single class with all other classes or series of preferred stock we may issue upon which like voting rights have been conferred and are exercisable and which are entitled to vote as a class with the Series A Preferred Stock in the election of those two directors) will be entitled to vote for the election of those two additional directors at a special meeting called by us at the request of the holders of record of at least 25% of the outstanding shares of Series A Preferred Stock or by the holders of any other class or series of preferred stock upon which like voting rights have been conferred and are exercisable and which are entitled to vote as a class with the Series A Preferred Stock in the election of those two directors (unless the request is received less than 90 days before the date fixed for the next annual or special meeting of stockholders, in which case, such vote will be held at the earlier of the next annual or special meeting of stockholders), and at each subsequent annual meeting until all dividends accumulated on the Series A Preferred Stock for all past dividend periods and the then current dividend period shall have been fully paid or declared and a sum sufficient for the payment thereof set apart for payment. In that case, the right of holders of the Series A Preferred Stock to elect any directors will cease and, unless there are other classes or series of our preferred stock upon which like voting rights have been conferred and are exercisable, the term of any directors elected by holders of the Series A Preferred Stock shall immediately terminate and the number of directors constituting the board of directors shall be reduced accordingly. For the avoidance of doubt, in no event shall the total number of directors elected by holders of the Series A Preferred Class (voting together as a single class with all other classes or series of preferred stock we may issue upon which like voting rights have been conferred and are exercisable and which are entitled to vote as a class with the Series A Preferred Stock in the election of such directors) pursuant to these voting rights exceed two.

Table of Contents

If a special meeting is not called by us within 30 days after request from the holders of Series A Preferred Stock as described above, then the holders of record of at least 25% of the outstanding Series A Preferred Stock may designate a holder to call the meeting at our expense.

On each matter on which holders of shares of Series A Preferred Stock are entitled to vote, each share of Series A Preferred Stock will be entitled to one vote, except that when shares of any other class or series of our preferred stock have the right to vote with the Series A Preferred Stock as a single class on any matter, the Series A Preferred Stock and the shares of each such other class or series will have one vote for each \$25.00 of liquidation preference (excluding accumulated dividends).

So long as any shares of Series A Preferred Stock remain outstanding, we will not, without the affirmative vote or consent of the holders of at least two-thirds of the shares of the Series A Preferred Stock outstanding at the time, given in person or by proxy, either in writing or at a meeting, voting together as a single class with other classes or series of our preferred stock we may issue upon which like voting rights have been conferred and are exercisable and which are entitled to vote as a class with the Series A Preferred Stock, (a) authorize or create, or increase the number of authorized or issued shares of, any class or series of capital stock ranking senior to the Series A Preferred Stock with respect to payment of dividends or the distribution of assets upon liquidation, dissolution or winding up or reclassify any of our authorized capital stock into shares of such class or series, or create, authorize or issue any obligation or security convertible into or evidencing the right to purchase any such shares; or (b) amend, alter or repeal the provisions of our charter, whether by merger, consolidation or otherwise, so as to materially and adversely affect any right, preference, privilege or voting power of the Series A Preferred Stock, each, an Event; provided, however, with respect to the occurrence of any Event set forth in (b) above, so long as the Series A Preferred Stock remains outstanding with the terms thereof materially unchanged or the holders of shares of Series A Preferred Stock receive securities of a successor person or entity with substantially identical rights as those of the Series A Preferred Stock, taking into account that, upon an occurrence of an Event, we may not be the surviving entity, the occurrence of any such Event shall not be deemed to materially and adversely affect such rights, preferences, privileges or voting power of the Series A Preferred Stock and, provided further, that any increase in the number of authorized shares of preferred stock, including the Series A Preferred Stock, or the creation or issuance of any additional Series A Preferred Stock or other class or series of preferred stock that we may issue, or any increase in the number of authorized shares of such class or series, in each case ranking on a parity with or junior to the Series A Preferred Stock that we may issue with respect to payment of dividends or the distribution of assets upon liquidation, dissolution or winding up, shall not be deemed to materially and adversely affect such rights, preferences, privileges or voting powers.

The foregoing voting provisions will not apply if, at or prior to the time when the act with respect to which such vote would otherwise be required shall be effected, all outstanding shares of Series A Preferred Stock shall have been redeemed or called for redemption upon proper notice and sufficient funds shall have been deposited in trust to effect such redemption.

Except as expressly stated in the articles supplementary, the Series A Preferred Stock will not have any relative, participating, optional or other special voting rights or powers and the consent of the holders thereof shall not be required for the taking of any corporate action.

Information Rights

During any period in which we are not subject to Section 13 or 15(d) of the Exchange Act and any shares of Series A Preferred Stock are outstanding, we will use our best efforts to (i) post to our website or transmit by mail (or other permissible means under the Exchange Act) to all holders of shares of Series A Preferred Stock, as their names and addresses appear on our record books and without cost to such holders, copies of the annual reports on Form 10-K and quarterly reports on Form 10-Q that we would have been required to file with the SEC pursuant to Section 13 or 15(d) of the Exchange Act if we were subject thereto (other than any exhibits that would have been required) and (ii) promptly, upon request, supply copies of such reports to any holders or prospective holder of shares of Series A Preferred Stock. We will use our best effort to post to our website or mail (or otherwise provide) the information to the holders of the Series A Preferred Stock within 15 days after the respective dates by which a report on Form 10-K or Form 10-Q, as the case may be, in respect of such information would have been required to be filed with the SEC, if we were subject to Section 13 or 15(d) of the Exchange Act, in each case, based on the dates on which we would be required to file such periodic reports if we were a "non-accelerated filer" within the meaning of the Exchange Act.

Restrictions on Ownership and Transfer

In order for us to qualify as a REIT under the Internal Revenue Code, our shares of stock must be owned by 100 or more persons during at least 335 days of a taxable year of 12 months or during a proportionate part of a shorter taxable year. Also, not more than 50% of the value of the outstanding shares of stock may be owned, directly or indirectly, by five or fewer individuals (as defined in the Internal Revenue Code to include certain entities) during the last half of a taxable year.

Our charter contains restrictions on the ownership and transfer of our outstanding stock such as the Series A Preferred Stock. The relevant sections of our charter provide that, subject to the exceptions described below, no person or entity may own, or be deemed to own, by virtue of applicable constructive ownership provisions of the Internal Revenue Code, more than 5.0% (by value or by number of shares, whichever is more restrictive) of the outstanding shares of our common stock or 5.0% by value of our outstanding capital stock.

The constructive ownership rules under the Internal Revenue Code are complex and may cause stock owned actually or constructively by a group of related individuals and/or entities to be owned constructively by one individual or entity. As a result, the acquisition of less than 5.0% of our outstanding common or capital stock (or the acquisition of an interest in an entity that owns, actually or constructively, less than 5.0% of our outstanding common or capital stock) by an individual or entity, could, nevertheless, cause that individual or entity, or another individual or entity, to own constructively in excess of these limits on our outstanding stock and thereby subject the stock to the applicable ownership limit.

Shares of our stock that would otherwise be directly or indirectly acquired or held by a person in violation of the ownership limitations are, in general, automatically transferred to a trust for the benefit of a charitable beneficiary, and the purported owner's interest in such shares is void. In addition, any person who acquires shares in excess of these limits is obliged to immediately give written notice to us and provide us with any information we may request in order to determine the effect of the acquisition on our status as a REIT under the Internal Revenue Code. Our board of directors may, in its sole discretion, waive the ownership limit with respect to a particular stockholder if it determines that any exemption from the ownership limit will not jeopardize our status as a REIT under the Internal Revenue Code. The

Table of Contents

stockholder must also agree that any violation of a required representation or undertaking provided with respect to the exemption or other action contrary to the ownership and transfer restrictions will result in the automatic transfer of the shares causing the violation to a trust.

Our charter provisions further prohibit:

any person from beneficially or constructively owning shares of our stock that would result in us being "closely held" under Section 856(h) of the Internal Revenue Code or otherwise cause us to fail to qualify as a REIT; and

any person from transferring our shares of stock after January 29, 2004 if such transfer would result in our shares of stock being beneficially owned by fewer than 100 persons (determined without reference to any rules of attribution).

Any person who acquires or attempts or intends to acquire beneficial or constructive ownership of our shares of Series A Preferred Stock that will or may violate any of the foregoing restrictions on transferability and ownership will be required to give written notice immediately to us (or, in the case of a proposed or attempted acquisition, to give at least 15 days prior written notice to us) and provide us with such other information as we may request in order to determine the effect of such transfer on our qualification as a REIT. The foregoing provisions on transferability and ownership will not apply if our board of directors determines that it is no longer in our best interests to attempt to qualify, or to continue to qualify, as a REIT or that compliance is no longer required for REIT qualification.

Pursuant to our charter, if any transfer of our shares of Series A Preferred Stock or conversion of Series A Preferred Stock into shares of our common stock upon a Change of Control would, if effective, result in our shares of stock being beneficially owned by fewer than 100 persons, such transfer will be null and void and the intended transferee will acquire no rights in such shares. In addition, if any purported transfer of our shares of stock or any other event would otherwise result in any person violating the ownership limits or such other limit established by our board of directors or in our being "closely held" under Section 856(h) of the Internal Revenue Code or otherwise failing to qualify as a REIT, then that number of shares (rounded up to the nearest whole share) that would cause us to violate such restrictions will be automatically transferred to, and held by, a trust for the exclusive benefit of one or more charitable organizations selected by us and the intended transferee will acquire no rights in such shares. The automatic transfer will be effective as of the close of business on the business day prior to the date of the violative transfer or other event that results in a transfer to the trust. Any dividend or other distribution paid to the purported record transferee, prior to our discovery that the shares had been automatically transferred to a trust as described above, must be repaid to the trustee upon demand for distribution to the beneficiary by the trust. If the transfer to the trust as described above is not automatically effective, for any reason, to prevent a violation of the applicable ownership limits or our being "closely held" under Section 856(h) of the Internal Revenue Code or otherwise failing to qualify as a REIT, then our charter provides that the transfer of the shares will be void.

Shares of stock transferred to the trustee are deemed offered for sale to us, or our designee, at a price per share equal to the lesser of (1) the price paid by the purported record transferee for the shares (or, if the event that resulted in the transfer to the trust did not involve a purchase of such shares of stock at market price, the last reported sales price reported on the NYSE (or other applicable exchange) on the day of the event which resulted in the transfer of such shares of stock to the trust) and (2) the market price on the date we, or our designee, accepts such offer. We have the right to accept such offer until the trustee has sold the shares of stock held in the trust pursuant to the clauses discussed below. Upon a sale to us, the interest of the charitable beneficiary in the shares sold terminates, the trustee must

Table of Contents

distribute the net proceeds of the sale to the purported record transferee and any dividends or other distributions held by the trustee with respect to such shares of stock will be paid to the charitable beneficiary.

If we do not buy the shares, the trustee must, within 20 days of receiving notice from us of the transfer of shares to the trust, sell the shares to a person or entity designated by the trustee who could own the shares without violating the ownership limits or as otherwise permitted by our board of directors. After that, the trustee must distribute to the purported record transferee an amount equal to the lesser of (1) the price paid by the purported record transferee or owner for the shares (or, if the event which resulted in the transfer to the trust did not involve a purchase of such shares at market price, the last reported sales price reported on the NYSE (or other applicable exchange) on the day of the event which resulted in the transfer of such shares of stock to the trust) and (2) the sales proceeds (net of commissions and other expenses of sale) received by the trust for the shares. Any net sales proceeds in excess of the amount payable to the purported record transferee will be immediately paid to the beneficiary, together with any dividends or other distributions thereon. In addition, if prior to discovery by us that shares of stock have been transferred to a trust, such shares of stock are sold by a purported record transferee, then such shares will be deemed to have been sold on behalf of the trust and to the extent that the purported record transferee received an amount for or in respect of such shares that exceeds the amount that such purported record transferee was entitled to receive, such excess amount will be paid to the trustee upon demand. The purported beneficial transferee or purported record transferee has no rights in the shares held by the trustee.

The trustee will be designated by us and will be unaffiliated with us and with any purported record transferee or purported beneficial transferee. Prior to the sale of any shares by the trust, the trustee will receive, in trust for the beneficiary, all dividends and other distributions paid by us with respect to the excess shares, and may also exercise all voting rights with respect to the excess shares.

Subject to Maryland law, effective as of the date that the shares have been transferred to the trust, the trustee will have the authority, at the trustee's sole discretion:

to rescind as void any vote cast by a purported record transferee prior to our discovery that the shares have been transferred to the trust; and

to recast the vote in accordance with the desires of the trustee acting for the benefit of the beneficiary of the trust.

However, if we have already taken irreversible action, then the trustee may not rescind and recast the vote.

Every owner of 5.0% or more (or such lower percentage as required by the Internal Revenue Code or the regulations promulgated thereunder) of our stock, within 30 days after the end of each taxable year, is required to give us written notice, stating his name and address, the number of shares of each class and series of our stock which he beneficially owns and a description of the manner in which the shares are held. Each such owner shall provide us with such additional information as we may request in order to determine the effect, if any, of his beneficial ownership on our status as a REIT and to ensure compliance with the ownership limits. In addition, each shareholder shall upon demand be required to provide us with such information as we may request in good faith in order to determine our status as a REIT and to comply with the requirements of any taxing authority or governmental authority or to determine such compliance.

Preemptive Rights

No holders of the Series A Preferred Stock will, as holders of Series A Preferred Stock, have any preemptive rights to purchase or subscribe for our common stock or any other security.

Book-Entry Procedures

DTC will act as securities depository for the Series A Preferred Stock. We will issue one or more fully registered global securities certificates in the name of DTC's nominee, Cede & Co. These certificates will represent the total aggregate number of shares of Series A Preferred Stock. We will deposit these certificates with DTC or a custodian appointed by DTC. We will not issue certificates to you for the shares of Series A Preferred Stock that you purchase, unless DTC's services are discontinued as described below.

Title to book-entry interests in the Series A Preferred Stock will pass by book-entry registration of the transfer within the records of DTC in accordance with its procedures. Book-entry interests in the securities may be transferred within DTC in accordance with procedures established for these purposes by DTC. Each person owning a beneficial interest in shares of the Series A Preferred Stock must rely on the procedures of DTC and the participant through which such person owns its interest to exercise its rights as a holder of the Series A Preferred Stock.

DTC has advised us that it is a limited-purpose trust company organized under the New York Banking Law, a member of the Federal Reserve System, a "clearing corporation" within the meaning of the New York Uniform Commercial Code and a "clearing agency" registered under the provisions of Section 17A of the Exchange Act. DTC holds securities that its participants, or Direct Participants, deposit with DTC. DTC also facilitates the settlement among Direct Participants of securities transactions, such as transfers and pledges, in deposited securities through electronic computerized book-entry changes in Direct Participants' accounts, thereby eliminating the need for physical movement of securities certificates. Direct Participants include securities brokers and dealers, banks, trust companies, clearing corporations, and certain other organizations. Access to the DTC system is also available to others such as securities brokers and dealers, including the underwriters, banks and trust companies that clear through or maintain a custodial relationship with a Direct Participant, either directly or indirectly, or Indirect Participants. The rules applicable to DTC and its Direct and Indirect Participants are on file with the SEC.

When you purchase shares of Series A Preferred Stock within the DTC system, the purchase must be by or through a Direct Participant. The Direct Participant will receive a credit for the Series A Preferred Stock on DTC's records. You will be considered to be the "beneficial owner" of the Series A Preferred Stock. Your beneficial ownership interest will be recorded on the Direct and Indirect Participants' records, but DTC will have no knowledge of your individual ownership. DTC's records reflect only the identity of the Direct Participants to whose accounts shares of Series A Preferred Stock are credited.

You will not receive written confirmation from DTC of your purchase. The Direct or Indirect Participants through whom you purchased the Series A Preferred Stock should send you written confirmations providing details of your transactions, as well as periodic

statements of your holdings. The Direct and Indirect Participants are responsible for keeping an accurate account of the holdings of their customers like you.

Transfers of ownership interests held through Direct and Indirect Participants will be accomplished by entries on the books of Direct and Indirect Participants acting on behalf of the beneficial owners.

Conveyance of notices and other communications by DTC to Direct Participants, by Direct Participants to Indirect Participants, and by Direct Participants and Indirect Participants to beneficial owners will be governed by arrangements among them, subject to any statutory or regulatory requirements as may be in effect from time to time.

We understand that, under DTC's existing practices, in the event that we request any action of the holders, or an owner of a beneficial interest in a global security, such as you, desires to take any action which a holder is entitled to take under our charter (including the articles supplementary classifying and designating the Series A Preferred Stock), DTC would authorize the Direct Participants holding the relevant shares to take such action, and those Direct Participants and any Indirect Participants would authorize beneficial owners owning through those Direct and Indirect Participants to take such action or would otherwise act upon the instructions of beneficial owners owning through them.

Any redemption notices with respect to the Series A Preferred Stock will be sent to Cede & Co. If less than all of the outstanding shares of Series A Preferred Stock are being redeemed, DTC will reduce each Direct Participant's holdings of shares of Series A Preferred Stock in accordance with its procedures.

In those instances where a vote is required, neither DTC nor Cede & Co. itself will consent or vote with respect to the shares of Series A Preferred Stock. Under its usual procedures, DTC would mail an omnibus proxy to us as soon as possible after the record date. The omnibus proxy assigns Cede & Co.'s consenting or voting rights to those Direct Participants whose accounts the shares of Series A Preferred Stock are credited to on the record date, which are identified in a listing attached to the omnibus proxy.

Dividends on the Series A Preferred Stock will be made directly to DTC's nominee (or its successor, if applicable). DTC's practice is to credit participants' accounts on the relevant payment date in accordance with their respective holdings shown on DTC's records unless DTC has reason to believe that it will not receive payment on that payment date.

Payments by Direct and Indirect Participants to beneficial owners will be governed by standing instructions and customary practices, as is the case with securities held for the accounts of customers in bearer form or registered in "street name." These payments will be the responsibility of the participant and not of DTC, us or any agent of ours.

DTC may discontinue providing its services as securities depository with respect to the Series A Preferred Stock at any time by giving reasonable notice to us. Additionally, we may decide to discontinue the book-entry only system of transfers with respect to the Series A Preferred Stock. In that event, we will print and deliver certificates in fully registered form for the Series A Preferred Stock. If DTC notifies us that it is unwilling to continue as securities depository, or it is unable to continue or ceases to be a clearing agency registered under the Exchange Act and a successor depository is not appointed by us within 90 days after receiving such notice or becoming aware that DTC is no longer so registered, we will issue the Series A Preferred Stock in definitive form, at our expense, upon registration of transfer of, or in exchange for, such global security.

ADDITIONAL FEDERAL INCOME TAX CONSIDERATIONS

The following discussion supplements the summary of certain federal income tax considerations as contained in the accompanying prospectus set forth under the heading "Federal Income Tax Considerations." For purposes of this section under the heading "Additional Federal Income Tax Considerations," references to "Arbor Realty," "we," "our" and "us" mean only Arbor Realty Trust, Inc. and not its subsidiaries or other lower-tier entities, except as otherwise required by the context. However, our indirect subsidiary, Arbor Realty SR, Inc. ("SR Inc."), like Arbor Realty, has also elected to be taxed as a REIT. To the extent that the discussion below relates to the tax requirements for, and consequences of, qualifying as a REIT, it also applies to SR Inc.'s election to be taxed as a REIT.

In connection with this offering of Series A Preferred Stock, we expect to receive an opinion of the law firm of Skadden, Arps, Slate, Meagher & Flom LLP to the effect that, commencing with Arbor Realty's initial taxable year ended December 31, 2003, Arbor Realty was organized in conformity with the requirements for qualification as a REIT under the Internal Revenue Code, and its actual method of operation through the date hereof has enabled, and its proposed method of operation will enable, it to meet the requirements for qualification and taxation as a REIT. It must be emphasized that an opinion of counsel is expressed as of the date given, is based on various assumptions relating to the organization and operation of Arbor Realty and its affiliates, and is conditioned upon representations and covenants made by the management of Arbor Realty and affiliated entities regarding their organization, assets and the past, present and future conduct of their business operations. Qualification and taxation as a REIT depends on our ability to meet, on a continuing basis, through actual operating results, distribution levels, and diversity of stock ownership, various qualification requirements imposed upon REITs by the Internal Revenue Code and the Treasury regulations issued thereunder, including requirements relating to the nature and composition of our assets and income. Our ability to comply with the REIT asset requirements also depends, in part, upon the fair market values of assets that we own directly or indirectly. Such values may not be susceptible to a precise determination.

Taxation of Taxable U.S. Stockholders

In the case of U.S. stockholders, as defined in the accompanying prospectus, distributions with respect to Series A Preferred Stock and gains and losses from dispositions of Series A Preferred Stock are subject to the same U.S. federal income tax rules described under the heading "Federal Income Tax Considerations" in the accompanying prospectus with respect to distributions with respect to our common stock and gains and losses from dispositions of our common stock, except that in determining the extent to which a distribution will be treated as made from our earnings and profits, our earnings and profits will be allocated, on a pro rata basis, first to distributions with respect to the Series A Preferred Stock and then to our common stock.

Redemptions. A redemption of the Series A Preferred Stock will be treated as a distribution with respect to stock as described in "Taxation of Taxable U.S. Stockholders Distributions" in the accompanying prospectus unless the redemption satisfies one or more of the tests that enable the redemption to be treated as a sale or exchange of the redeemed Series A Preferred Stock. A redemption will satisfy such tests if it: (i) is "substantially disproportionate" with respect to the U.S. stockholder; (ii) results in a "complete termination" of the U.S. stockholder's stock interest in us; or (iii) is "not essentially equivalent to a dividend" with respect to the U.S. stockholder, all within the meaning of Section 302(b) of the Internal Revenue Code. In determining whether any of these tests have been met, shares considered to be owned by the U.S. stockholder by reason of certain constructive ownership

Table of Contents

rules set forth in the Internal Revenue Code, as well as shares actually owned, must generally be taken into account. Because the determination as to whether any of the alternative tests of Section 302(b) of the Internal Revenue Code is satisfied with respect to any particular holder of the Series A Preferred Stock will depend upon the facts and circumstances as of the time the determination is made, prospective investors are advised to consult their tax advisors to determine such tax treatment.

If a redemption of the Series A Preferred Stock is treated as a distribution that is taxable as a dividend, the amount of the distribution would be measured by the amount of cash and the fair market value of any property received by the U.S. stockholders. The U.S. stockholder's adjusted tax basis in such redeemed Series A Preferred Stock would, in that case, be transferred to the holder's remaining stockholdings in us. If, however, the U.S. stockholder has no remaining stockholdings in us, such basis may, under certain circumstances, be transferred to a related person, or it may be lost entirely.

Under proposed Treasury regulations, if any portion of the amount received by a U.S. stockholder on a redemption of the Series A Preferred Stock is treated as a distribution with respect to the Series A Preferred Stock but not as a taxable dividend, then such portion will be allocated to the Series A Preferred Stock held by the redeemed holder just before the redemption on a pro-rata, share-by-share, basis. The amount applied to each share will first reduce the redeemed U.S. stockholder's basis in that share and any excess after the basis is reduced to zero will result in taxable gain. If the redeemed U.S. stockholder has different bases in its shares, then the amount allocated could reduce some of the basis in certain shares while reducing all the basis and giving rise to taxable gain in others. Thus the redeemed U.S. stockholder could have gain even if such U.S. stockholder's basis in all its shares of the redeemed class exceeded such portion.

The proposed Treasury regulations permit the transfer of basis in the redeemed Series A Preferred Stock to the redeemed U.S. stockholder's remaining, unredeemed shares of Series A Preferred Stock (if any), but not to any other class of stock held (directly or indirectly) by the redeemed U.S. stockholder. If all shares of Series A Preferred Stock held by the redeemed U.S. stockholder are redeemed, any unrecovered basis in the redeemed shares of Series A Preferred Stock would be treated as a deferred loss to be recognized when certain conditions are satisfied. The proposed Treasury regulations would be effective for transactions that occur after the date the regulations are published as final Treasury regulations. There can, however, be no assurance as to whether, when and in what particular form such proposed Treasury regulations will ultimately be finalized.

If a redemption of the Series A Preferred Stock is not treated as a distribution taxable as a dividend to a particular U.S. stockholder, it will generally be treated as to that holder as a taxable sale or other disposition, in accordance with the treatment of dispositions of our common stock in "Taxation of Taxable U.S. Stockholders Dispositions of Stock" in the accompanying prospectus.

Conversion of the Series A Preferred Stock. Except as provided below, (i) a U.S. stockholder generally will not recognize gain or loss upon the conversion of the Series A Preferred Stock into our common stock, and (ii) a U.S. stockholder's basis and holding period in our common stock received upon conversion generally will be the same as those of the converted Series A Preferred Stock (but the basis will be reduced by the portion of the adjusted tax basis allocated to any fractional share exchanged for cash). Cash received upon conversion in lieu of a fractional share generally will be treated as a payment in a taxable exchange for such fractional share, and gain or loss will be recognized on the receipt of cash in an amount equal to the difference between the amount of cash received and the adjusted

Table of Contents

tax basis allocable to the fractional share deemed exchanged. This gain or loss will be long-term capital gain or loss if the U.S. stockholder has held the Series A Preferred Stock for more than one year at the time of conversion. U.S. stockholders are urged to consult with their tax advisors regarding the U.S. federal income tax consequences of any transaction by which such holder exchanges shares received on a conversion of Series A Preferred Stock for cash or other property.

In addition, if a U.S. stockholder receives the Alternative Form Consideration (in lieu of shares of our common stock) in connection with the conversion of the U.S. stockholder's shares of Series A Preferred Stock, the tax treatment of the receipt of any such other consideration will depend on a number of factors, including the nature of the consideration and the structure of the transaction that gives rise to the Change of Control, and it may be a taxable exchange. U.S. stockholders converting their shares of Series A Preferred Stock should consult their tax advisors regarding the U.S. federal income tax consequences of any such conversion and of the ownership and disposition of the consideration received upon such conversion.

Taxation of Non-U.S. Stockholders

In the case of non-U.S. holders, as defined in the accompanying prospectus, distributions with respect to Series A Preferred Stock and gains and losses from dispositions of Series A Preferred Stock are subject to the same U.S. federal income tax rules described under the heading "Taxation of Non-U.S. Stockholders" in the accompanying prospectus with respect to distributions with respect to our common stock and gains and losses from dispositions of our common stock, except that in determining the extent to which a distribution will be treated as made from our earnings and profits, our earnings and profits will be allocated, on a pro rata basis, first to distributions with respect to the Series A Preferred Stock and then to our common stock. We anticipate that the Series A Preferred Stock will be, and our common stock will continue to be, "regularly traded" on an established securities market.

Redemptions. A redemption of the Series A Preferred Stock will be treated as a distribution with respect to stock as described in "Taxation of Non-U.S. Stockholders Ordinary Dividends," "Taxation of Non-U.S. Stockholders Non-dividend Distributions," and "Taxation of Non-U.S. Stockholders Capital Gain Dividends," in the accompanying prospectus unless the redemption satisfies one or more of the tests that enable the redemption to be treated as a sale or exchange of the redeemed Series A Preferred Stock. A redemption will satisfy such tests if it: (i) is "substantially disproportionate" with respect to the non-U.S. holder; (ii) results in a "complete termination" of the non-U.S. holder's stock interest in us; or (iii) is "not essentially equivalent to a dividend" with respect to the non-U.S. holder, all within the meaning of Section 302(b) of the Internal Revenue Code. In determining whether any of these tests have been met, shares considered to be owned by the non-U.S. holder by reason of certain constructive ownership rules set forth in the Internal Revenue Code, as well as shares actually owned, must generally be taken into account. Because the determination as to whether any of the alternative tests of Section 302(b) of the Internal Revenue Code is satisfied with respect to any particular non-U.S. holder of the Series A Preferred Stock will depend upon the facts and circumstances as of the time the determination is made, prospective investors are advised to consult their tax advisors to determine such tax treatment.

If a redemption of the Series A Preferred Stock is treated as a distribution that is taxable as a dividend, the amount of the distribution would be measured by the amount of cash and the fair market value of any property received by the non-U.S. holders. The non-U.S. holder's adjusted tax basis in such redeemed Series A Preferred Stock would, in that case, be

Table of Contents

transferred to the non-U.S. holder's remaining stockholdings in us. If, however, the non-U.S. holder has no remaining stockholdings in us, such basis may, under certain circumstances, be transferred to a related person, or it may be lost entirely.

If a redemption of the Series A Preferred Stock is not treated as a distribution taxable as a dividend to a particular non-U.S. holder, it will generally be treated as to that non-U.S. holder as a taxable sale or other disposition, in accordance with the discussion in "Taxation of Non-U.S. Stockholders Dispositions of Stock" in the accompanying prospectus.

Conversion of the Series A Preferred Stock. Except as provided below, a non-U.S. holder generally will not recognize gain or loss upon the conversion of the Series A Preferred Stock into our common stock, provided the Series A Preferred Stock does not constitute a USRPI (as defined in "Taxation of Non-U.S. Stockholders Non-dividend Distributions" in the accompanying prospectus). Even if the Series A Preferred Stock does constitute a USRPI, provided our common stock also constitutes a USRPI, a non-U.S. holder generally will not recognize gain or loss upon a conversion of the Series A Preferred Stock into our common stock provided certain reporting requirements are satisfied. If the Series A Preferred Stock does constitute a USRPI and such requirements are not satisfied, however, a conversion will be treated as a taxable exchange of Series A Preferred Stock for common stock. Such a deemed taxable exchange will be subject to tax at the rate of tax, including any applicable capital gains rates, that would apply to a U.S. stockholder of the same type (e.g., an individual or a corporation, as the case may be) on the excess, if any, of the fair market value of such non-U.S. holder's common stock received over such non-U.S. holder's adjusted basis in its Series A Preferred Stock. Collection of such tax will be enforced by a withholding tax at a rate of 10% of the value of the common stock and such tax is refundable to the extent that it exceeds the non-U.S. holder's actual tax liability. It is not currently anticipated that our stock will constitute a USRPI. However, we cannot assure you that our stock will not become a USRPI.

If a non-U.S. holder does not recognize gain or loss upon the conversion of the Series A Preferred Stock into our common stock, the non-U.S. holder's basis and holding period in our common stock received upon conversion generally will be the same as those of the converted Series A Preferred Stock (but the basis will be reduced by the portion of the adjusted tax basis allocated to any fractional share exchanged for cash). Cash received upon conversion in lieu of a fractional share generally will be treated as a payment in a taxable exchange for such fractional share, and gain or loss will be recognized on the receipt of cash in an amount equal to the difference between the amount of cash received and the adjusted tax basis allocable to the fractional share deemed exchanged and treated in accordance with the sections of this discussion relating to sales or other dispositions of our stock by non-U.S. holders. Non-U.S. holders are urged to consult with their tax advisors regarding the U.S. federal income tax consequences of any transaction by which such holder exchanges shares received on a conversion of Series A Preferred Stock for cash or other property.

Recent Legislation

Recently enacted legislation resulted in an increase in the highest marginal tax rates applicable to individuals and other non-corporate taxpayers. As of January 1, 2013, capital gain income (including capital gain dividends that we pay) and ordinary income (including dividends that we pay which are not capital gain dividends) are generally taxable at top marginal rates of 20% and 39.6%, respectively. Certain U.S. stockholders who are individuals, trusts or estates and whose income exceeds certain thresholds are required to pay a 3.8% Medicare tax on our dividends and gain from the sale of the Series A Preferred Stock. The top tax rate on "qualified dividend income" received by U.S. stockholders taxed at individual rates

Table of Contents

is 20% but, with limited exceptions, our dividends are generally not eligible for taxation at such preferential rates as described in "Taxation of Taxable U.S. Stockholders" in the accompanying prospectus. We urge you to consult your tax advisors regarding the impact of this legislation on the purchase, ownership and sale of the Series A Preferred Stock.

Withholding Rules Pursuant to the Foreign Account Tax Compliance Act

Legislation enacted in 2010 and existing guidance issued thereafter will require, after December 31, 2013, withholding at a rate of 30% on dividends in respect of, and after December 31, 2016, gross proceeds from the sale of, shares of our common stock and the Series A Preferred Stock held by or through certain foreign financial institutions (including investment funds), unless such institution enters into an agreement with the Treasury to report, on an annual basis, information with respect to shares in, and accounts maintained by, the institution to the extent such shares or accounts are held by certain U.S. persons or by certain non-U.S. entities that are wholly or partially owned by U.S. persons. An intergovernmental agreement between the United States and an applicable foreign country, or future Treasury regulations or other guidance may modify these requirements. Accordingly, the entity through which our shares are held will affect the determination of whether such withholding is required. Similarly, dividends in respect of, and gross proceeds from the sale of, our shares held by an investor that is a non-financial non-U.S. entity which does not qualify under certain exceptions will be subject to withholding at a rate of 30% beginning after the dates noted above, unless such entity either (i) certifies to us that such entity does not have any "substantial U.S. owners" or (ii) provides certain information regarding the entity's "substantial U.S. owners," which we will in turn provide to the Treasury. We will not pay any additional amounts to stockholders in respect of any amounts withheld. U.S. stockholders intending to hold our common stock or Series A Preferred Stock through foreign financial institutions and non-U.S. holders are encouraged to consult with their tax advisors regarding the possible implications of these rules on their investment in our common stock and Series A Preferred Stock.

Treatment of Loan Modifications and Distressed Debt by REITs

The Internal Revenue Service, or the IRS, issued Revenue Procedure 2011-16, which contains provisions that are relevant where a REIT holds a mortgage loan which is modified in a transaction that is treated as the issuance of a new loan. In general, a modified loan will not be treated as less than fully secured by real property, and therefore will not give rise to interest income that does not qualify for purposes of the 75% gross income test or cause a portion of the loan to be a non-qualifying asset for purposes of the 75% asset test applicable to REITs, provided that the value of the real estate collateral was at least as great as the amount of the loan at the time it was originally acquired by the REIT and the modification was occasioned by default or we reasonably believed at the time of the modification that there was a significant risk of default and the modified loan presented a substantially reduced risk of default. Moreover, for purposes of the REIT asset tests, a loan, whether or not it is modified, will generally not be treated as less than fully secured by real property provided that the value of the real estate collateral is at least as great as the value of the loan at the time that it is originally acquired by the REIT.

Distributions in Stock or Cash

Prior temporary guidance by the IRS, as summarized in the accompanying prospectus, permitted publicly traded REITs to pay dividends in either stock or cash, at the election of stockholders, with the aggregate amount of cash capped at not less than 10% of the total

Table of Contents

distribution, and with the distribution eligible for the deduction for dividends paid. This temporary guidance generally does not apply to any dividends paid in 2012 and future taxable years. Accordingly, it is unclear whether and to what extent we will be able to pay taxable dividends payable in cash and stock in 2012 and later years. The accompanying prospectus also describes a contractual obligation by us to pay any dividends in stock to the maximum extent permitted under the tax rules governing REITs. This contractual obligation has also terminated. We have subsequently paid dividends in cash, and we have no current intention to make a taxable dividend payable in our stock.

Income Tests

As described in the accompanying prospectus, in order to maintain our qualification as a REIT, we must satisfy the 75% and 95% gross income requirements each year. In 2009 through 2011, Arbor Realty did not report any gross income because SR Inc. did not pay any dividends on its common stock. Although there are no authorities addressing this situation, we do not believe that Arbor Realty's lack of gross income will adversely affect its qualification as a REIT for federal income tax purposes. No assurance can be given, however, that the IRS will not assert a contrary position. For a discussion of the consequences of Arbor Realty failing to qualify as a REIT, see "Federal Income Tax Considerations Taxation of Arbor Realty" in the accompanying prospectus.

SR Inc.'s Ability to Offset Deferred Cancellation of Indebtedness Income with Net Operating Loss Carryforwards

SR Inc. has elected to defer the recognition of approximately \$306 million of cancellation of indebtedness, or COD, income under section 108(i) of the Internal Revenue Code. The deferred COD income will be recognized ratably over the 2014 through 2018 taxable years. SR Inc. has also generated approximately \$179 million of net operating loss, or NOL, carryforwards that may be available to offset the deferred COD income. However, SR Inc.'s ability to utilize NOL carryforwards to offset deferred COD or other income will be significantly limited in the event that SR Inc. undergoes, or has undergone, an "ownership change" within the meaning of Section 382 of the Internal Revenue Code. In general, an "ownership change" occurs with respect to a corporation if 5% stockholders increase their aggregate ownership interest in the corporation by more than 50 percentage points within a prescribed testing period (generally three years). We do not believe that SR Inc. has experienced an "ownership change" to date, and we believe that the 5% ownership limit applicable to the stock of Arbor Realty reduces the likelihood that SR Inc. will experience an "ownership change" in the future. However, no assurance can be provided that SR Inc. will not experience an ownership change. In that event, SR Inc. would be limited in its ability to offset its deferred COD income with its NOL carryforwards, which could result in SR Inc. or Arbor Realty not having sufficient cash from operations to satisfy the 90% distribution requirement, or paying corporate-level tax with respect to some or all of the COD income in lieu of paying a deductible dividend.

UNDERWRITING

Deutsche Bank Securities Inc., JMP Securities LLC, Ladenburg Thalmann & Co. Inc. and MLV & Co. LLC are acting as representatives of the several underwriters named below. Subject to the terms and conditions stated in the underwriting agreement dated the date of this prospectus supplement, each underwriter named below has severally agreed to purchase, and we have agreed to sell to that underwriter, the number of shares of the Series A Preferred Stock set forth opposite the underwriter's name.

Underwriter	Number of Shares
Deutsche Bank Securities Inc.	
JMP Securities LLC	
Ladenburg Thalmann & Co. Inc.	
MLV & Co. LLC	
Maxim Group LLC	
Total	

The underwriting agreement provides that the obligations of the several underwriters to purchase shares of the Series A Preferred Stock offered hereby are subject to certain conditions precedent and that the underwriters will purchase all of the shares of the Series A Preferred Stock offered by this prospectus supplement, other than those covered by the underwriters' option described below, if any of these shares are purchased.

We have been advised by the representatives of the underwriters that the underwriters propose to offer the shares of the Series A Preferred Stock to the public at the public offering price set forth on the cover of this prospectus supplement and to dealers at a price that represents a concession not in excess of \$ _____ per share. The underwriters may allow, and such dealers may reallow, a concession not in excess of \$ _____ per share to other dealers. If all the shares of the Series A Preferred Stock are not sold at the public offering price, the representatives may change the public offering price and other selling terms.

We have agreed to reimburse the underwriters for their expenses in an amount of up to \$5,000, which may be incurred in connection with review by the Financial Regulatory Authority, Inc. of the terms of the shares of Series A Preferred Stock offered hereby.

We have granted to the underwriters an option, exercisable not later than 30 days after the date of this prospectus supplement, to purchase up to _____ additional shares of Series A Preferred Stock at the public offering price less the underwriting discount set forth on the cover page of this prospectus supplement. To the extent that the underwriters exercise this option, each of the underwriters will become obligated, subject to certain conditions, to purchase approximately the same percentage of these additional shares of the Series A Preferred Stock as the number of shares of the Series A Preferred Stock to be purchased by it in the above table bears to the total number of shares of Series A Preferred Stock offered by this prospectus supplement. We will be obligated to sell these additional shares of the Series A Preferred Stock to the underwriters to the extent the option is exercised. If any additional shares of the Series A Preferred Stock are purchased, the underwriters will offer the additional shares on the same terms as those on which the _____ shares are being offered.

We have applied to list the Series A Preferred Stock on the NYSE under the symbol "ABR PrA." If the application is approved, trading of the Series A Preferred Stock on the NYSE is expected to begin within 30 days after the initial delivery of the Series A Preferred Stock. The underwriters have informed us that they intend to make a market in the Series A Preferred

Stock prior to the commencement of any trading on the NYSE. The underwriters will have no obligation to make a market in the Series A Preferred Stock, however, and may cease market-making activities, if commenced, at any time.

The underwriting discount per share is equal to the public offering price per share of Series A Preferred Stock less the amount paid by the underwriters to us per share of Series A Preferred Stock. The following table shows the per share and total public offering price, underwriting discount and proceeds, before expenses, to us, assuming either no exercise or full exercise by the underwriters of the underwriters' option described above:

	Per Share	Without Exercise of Option	With Full Exercise of Option
Public offering price	\$ 25.00	\$	\$
Underwriting discount	\$	\$	\$
Proceeds, before expenses, to us	\$	\$	\$

We estimate that our portion of the total expenses of this offering, not including the underwriting discount, will be _____.

We have agreed that, for a period of 30 days from the date of this prospectus supplement, we will not, without the prior written consent of the representatives, offer, sell or otherwise dispose of any additional shares of the Series A Preferred Stock or any securities convertible into or exchangeable or exercisable for shares of the Series A Preferred Stock. The representatives of the underwriters, in their sole discretion, may release any of the securities subject to this lock-up agreement at any time without notice.

In connection with the offering, the underwriters may purchase and sell shares of the Series A Preferred Stock in the open market. These transactions may include short sales, purchases to cover positions created by short sales and stabilizing transactions.

Short sales involve the sale by the underwriters of a greater number of shares than they are required to purchase in the offering. Covered short sales are sales made in an amount not greater than the underwriters' option to purchase additional shares of the Series A Preferred Stock from us in the offering. The underwriters may close out any covered short position by either exercising their option to purchase additional shares or purchasing shares in the open market. In determining the source of shares to close out the covered short position, the underwriters will consider, among other things, the price of shares available for purchase in the open market as compared to the price at which they may purchase shares through the underwriters' option to purchase up to _____ shares of the Series A Preferred Stock.

Naked short sales are any sales in excess of the underwriters' option to purchase up to _____ shares of the Series A Preferred Stock. The underwriters must close out any naked short position by purchasing shares in the open market. A naked short position is more likely to be created if underwriters are concerned that there may be downward pressure on the price of the shares in the open market prior to the completion of the offering.

Stabilizing transactions consist of various bids for or purchases of the Series A Preferred Stock made by the underwriters in the open market prior to the completion of the offering.

The underwriters may impose a penalty bid. This occurs when a particular underwriter repays to the other underwriters a portion of the underwriting discount received by it because the representatives of the underwriters have repurchased shares sold by or for the account of that underwriter in stabilizing or short covering transactions.

Table of Contents

Purchases to cover a short position and stabilizing transactions may have the effect of preventing or slowing a decline in the market price of the Series A Preferred Stock. Additionally, these purchases, along with the imposition of the penalty bid, may stabilize, maintain or otherwise affect the market price of the Series A Preferred Stock. As a result, the price of the Series A Preferred Stock may be higher than the price that might otherwise exist in the open market. These transactions may be effected on the NYSE, in the over-the-counter market or otherwise.

Neither we nor the underwriters make any representation or prediction as to the direction or magnitude of any effect that the transactions described above may have on the price of the Series A Preferred Stock. In addition, neither we nor the underwriters make any representation that the underwriters will engage in those transactions or that those transactions, once commenced, will not be discontinued without notice.

We have agreed to indemnify the underwriters against some specified types of liabilities, including liabilities arising under the Securities Act, and to contribute to payments the underwriters may be required to make in respect of any of these liabilities.

A prospectus in electronic format may be made available on web sites maintained by one or more underwriters. Other than the prospectus in electronic format, the information on any underwriter's web site and any information contained in any other web site maintained by an underwriter is not part of this prospectus supplement or the accompanying prospectus.

In the ordinary course of their businesses, the underwriters and/or their respective affiliates may engage in financial transactions with, and perform investment banking, lending, asset management and/or financial advisory services for, us and/or our affiliates. They have received and may receive customary fees and reimbursements of expenses for these transactions and services. We have entered into an equity distribution agreement with JMP Securities LLC, one of the underwriters in this offering, pursuant to which we have offered and sold, and may again in the future offer and sell, additional shares of our common stock from time to time. JMP Securities LLC is entitled to be paid commissions with respect to any such sales.

In the ordinary course of their various business activities, the underwriters and their respective affiliates may make or hold a broad array of investments and actively trade debt and equity securities (or related derivative securities) and financial instruments (including bank loans) for their own account and for the accounts of their customers, and such investment and securities activities may involve securities and instruments of ours or our affiliates. If any of the underwriters or their affiliates has a lending relationship with us, certain of those underwriters or their affiliates routinely hedge, and certain other of those underwriters or their affiliates may hedge, their credit exposure to us consistent with their customary risk management policies. Typically, such underwriters and their affiliates would hedge such exposure by entering into transactions which consist of either the purchase of credit default swaps or the creation of short positions in our securities, any of which could adversely affect future trading prices of the Series A Preferred Stock offered hereby. The underwriters and their respective affiliates may also make investment recommendations or publish or express independent research views in respect of such securities or financial instruments and may at any time hold, or recommend to clients that they acquire, long or short positions in such securities and instruments.

SUMMARY

The following summary highlights information contained elsewhere in this prospectus. You should read the entire prospectus, including "Risk Factors," before making a decision to invest in our securities. In this prospectus, unless the context indicates otherwise, (a) the words "we," "us," "our," "Arbor," and similar references refer to Arbor Realty Trust, Inc. and its subsidiaries, including Arbor Realty Limited Partnership, our operating partnership, and Arbor Realty SR Inc., (b) "our board of directors" refers to the board of directors of Arbor Realty Trust, Inc. and (c) the words "Arbor Commercial Mortgage," "ACM" or "our manager" refer to Arbor Commercial Mortgage, LLC.

Arbor Realty Trust, Inc.

We are a specialized real estate finance company that invests in a diversified portfolio of structured finance assets in the multi-family and commercial real estate market. We invest primarily in real estate-related bridge and mezzanine loans, including junior participating interests in first mortgages, and preferred equity and, in limited cases, discounted mortgage notes and other real estate-related assets, which we refer to collectively as structured finance investments. We also invest in mortgage-related securities and equity interests in real property. Our principal business objective is to maximize the difference between the yield on our investments and the cost of financing these investments to generate cash available for distribution, facilitate capital appreciation and maximize total return to our stockholders.

We are organized to qualify as a real estate investment trust ("REIT") for federal income tax purposes. A REIT is generally not subject to federal income tax on that portion of its REIT taxable income that is distributed to its stockholders, provided that various qualification requirements are met. Certain of our assets that produce non-qualifying income are held in taxable REIT subsidiaries. Unlike other subsidiaries of a REIT, the income of a taxable REIT subsidiary is generally subject to federal income tax.

We conduct substantially all of our operations and investing activities through Arbor Realty SR, Inc., our majority-owned indirect subsidiary ("SR Inc."), and its subsidiaries. SR Inc. has also elected to be taxed as a REIT.

We are externally managed and advised by Arbor Commercial Mortgage, LLC, a national commercial real estate finance company that specializes in debt and equity financing for multi-family and commercial real estate, pursuant to the terms of a management agreement.

We are a Maryland corporation formed in June 2003. Our principal executive offices are located at 333 Earle Ovington Boulevard, Suite 900, Uniondale, New York 11553. Our telephone number is (516) 506-4200. Our website is located at www.arborrealtytrust.com. The information contained on our website is not a part of this prospectus.

RISK FACTORS

You should consider the specific risks described in our Annual Report on Form 10-K for the year ended December 31, 2009, the risk factors described under the caption "Risk Factors" in any applicable prospectus supplement and any risk factors set forth in our other filings with the SEC, pursuant to Sections 13(a), 13(c), 14 or 15(d) of the Securities Exchange Act of 1934, before making an investment decision. Each of the risks described in these documents could materially and adversely affect our business, financial condition, results of operations and prospects, and could result in a partial or complete loss of your investment. See "Where You Can Find More Information" in this prospectus. You should also carefully review the cautionary statement referred to under "Cautionary Statement Regarding Forward-Looking Statements."

Table of Contents

CAUTIONARY STATEMENT REGARDING FORWARD-LOOKING STATEMENTS

The information contained in this prospectus is not a complete description of our business or the risks associated with an investment in Arbor Realty Trust, Inc. We urge you to carefully review and consider the various disclosures made by us in this prospectus, including the documents incorporated by reference herein.

This prospectus contains certain "forward-looking statements" within the meaning of the Private Securities Litigation Reform Act of 1995. Such forward-looking statements relate to, among other things, the operating performance of our investments and financing needs. Forward-looking statements are generally identifiable by use of forward-looking terminology such as "may," "will," "should," "potential," "intend," "expect," "endeavor," "seek," "anticipate," "estimate," "overestimate," "underestimate," "believe," "could," "project," "predict," "continue" or other similar words or expressions. Forward-looking statements are based on certain assumptions, discuss future expectations, describe future plans and strategies, contain projections of results of operations or of financial condition or state other forward-looking information. Our ability to predict results or the actual effect of future plans or strategies is inherently uncertain. Although we believe that the expectations reflected in such forward-looking statements are based on reasonable assumptions, our actual results and performance could differ materially from those set forth in the forward-looking statements. These forward-looking statements involve risks, uncertainties and other factors that may cause our actual results in future periods to differ materially from forecasted results. Factors that could have a material adverse effect on our operations and future prospects include, but are not limited to, changes in economic conditions generally and the real estate market specifically; adverse changes in the financing markets we access affecting our ability to finance our loan and investment portfolio; changes in interest rates; the quality and size of the investment pipeline and the rate at which we can invest our cash; impairments in the value of the collateral underlying our loans and investments; changes in the markets; legislative/regulatory changes; completion of pending investments; the availability and cost of capital for future investments; competition within the finance and real estate industries; and other risks detailed from time to time in our SEC reports. Readers are cautioned not to place undue reliance on any of these forward-looking statements, which reflect our management's views as of the date of this prospectus. The factors noted above could cause our actual results to differ significantly from those contained in any forward-looking statement. For a discussion of our critical accounting policies, see "Management's Discussion and Analysis of Financial Condition and Results of Operations of Arbor Realty Trust, Inc. and Subsidiaries Significant Accounting Estimates and Critical Accounting Policies" under Item 7 of our Annual Report on Form 10-K for the year ended December 31, 2009 and "Management's Discussion and Analysis of Financial Condition and Results of Operations of Arbor Realty Trust, Inc. and Subsidiaries Critical Accounting Policies" under Item 2 of our Quarterly Report on Form 10-Q for the three months ended March 31, 2010.

Although we believe that the expectations reflected in the forward-looking statements are reasonable, we cannot guarantee future results, levels of activity, performance or achievements. We are under no duty to update any of the forward-looking statements after the date of this prospectus to conform these statements to actual results.

Table of Contents**USE OF PROCEEDS**

Unless otherwise set forth in a prospectus supplement, we intend to use the net proceeds of any offering of securities to invest in real estate debt securities and loans and for general corporate purposes. We will have significant discretion in the use of any net proceeds. The net proceeds may be invested temporarily in interest-bearing accounts and short-term interest-bearing securities that are consistent with our qualification as a REIT until they are used for their stated purpose. We may provide additional information on the use of the net proceeds from the sale of the offered securities in an applicable prospectus supplement relating to the offered securities.

RATIO OF EARNINGS TO FIXED CHARGES

The following table sets forth our ratio of earnings to combined fixed charges and preferred share dividends and our ratio of earnings to fixed charges for each of the periods indicated:

	Three Months Ended	Year Ended December 31,				
	March 31, 2010	2009(1)	2008(2)	2007	2006	2005
Ratio of Earnings to Fixed Charges	2.5x	x	x	2.0x	1.6x	2.4x

For purposes of calculating the above ratios, (i) earnings represent "Net income (loss) from continuing operations" from our consolidated statements of operations, as adjusted for fixed charges and loss (income) and distributions from equity affiliates, and (ii) fixed charges represent "Interest expense" from our consolidated statements of operations as adjusted for capitalized interest. We had not issued any preferred stock in any period presented, and therefore, there were no preferred dividends included in our calculation of the ratio of earnings to combined fixed charges and preferred stock dividends for those periods. The ratios are based solely on historical financial information.

-
- (1) Due to a loss in 2009, earnings were insufficient to cover fixed charges by \$193.8 million.
- (2) Due to a loss in 2008, earnings were insufficient to cover fixed charges by \$72.9 million.

DESCRIPTION OF DEBT SECURITIES

As used in this prospectus, debt securities means the debentures, notes, bonds and other evidences of indebtedness that we may issue from time to time. The debt securities will either be senior debt securities or subordinated debt securities. Senior debt securities will be issued under a "Senior Indenture" and subordinated debt securities will be issued under a "Subordinated Indenture." This prospectus sometimes refers to the Senior Indenture and the Subordinated Indenture collectively as the "Indentures."

The forms of Indentures are filed as exhibits to the registration statement of which this prospectus forms a part. The statements and descriptions in this prospectus or in any prospectus supplement regarding provisions of the Indentures and debt securities are summaries thereof, do not purport to be complete and are subject to, and are qualified in their entirety by reference to, all of the provisions of the Indentures (and any amendments or supplements we may enter into from time to time which are permitted under each Indenture) and the debt securities, including the definitions therein of certain terms.

General

Unless otherwise specified in a prospectus supplement, the debt securities will be our direct unsecured obligations. The senior debt securities will rank equally with any of our other senior and unsubordinated debt. The subordinated debt securities will be subordinate and junior in right of payment to any senior indebtedness.

The Indentures do not limit the aggregate principal amount of debt securities that we may issue and provide that we may issue debt securities from time to time in one or more series, in each case with the same or various maturities, at par or at a discount. Unless indicated in a prospectus supplement, we may issue additional debt securities of a particular series without the consent of the holders of the debt securities of such series outstanding at the time of the issuance. Any such additional debt securities, together with all other outstanding debt securities of that series, will constitute a single series of debt securities under the applicable Indenture.

Each prospectus supplement will describe the terms relating to the specific series of debt securities being offered. These terms will include some or all of the following:

the title of debt securities and whether they are subordinated debt securities or senior debt securities;

any limit on the aggregate principal amount of the debt securities;

the ability to issue additional debt securities of the same series;

the price or prices at which we will sell the debt securities;

the maturity date or dates of the debt securities;

the rate or rates of interest, if any, which may be fixed or variable, at which the debt securities will bear interest, or the method of determining such rate or rates, if any;

the date or dates from which any interest will accrue or the method by which such date or dates will be determined;

the right, if any, to extend the interest payment periods and the duration of any such deferral period, including the maximum consecutive period during which interest payment periods may be extended;

the denominations in which the debt securities will be issued, if other than denominations of \$1,000 and integral multiples of \$1,000;

provisions, if any, granting special rights to holders of the debt securities upon the occurrence of specified events;

any deletions from, modifications of or additions to the Events of Default or our covenants with respect to the applicable series of debt securities, and whether or not such Events of Default or covenants are consistent with those contained in the applicable Indenture;

any limitation on our ability to incur debt, redeem stock, sell our assets or other restrictions;

the application, if any, of the terms of the Indenture relating to defeasance and covenant defeasance (which terms are described below) to the debt securities;

whether the subordination provisions summarized below or different subordination provisions will apply to the debt securities;

the terms, if any, upon which the holders may convert or exchange the debt securities into or for our common stock, preferred stock or other securities or property;

to whom any interest on any debt security shall be payable, if other than the person in whose name the security is registered, on the record date for such interest, the extent to which, or the manner in which, any interest payable on a temporary global debt security will be paid if other than in the manner provided in the applicable Indenture;

if the principal of or any premium or interest on any debt securities of the series is to be payable in one or more currencies or currency units other than as stated, the currency, currencies or currency units in which it shall be paid and the periods within and terms and conditions upon which such election is to be made and the amounts payable (or the manner in which such amount shall be determined);

the portion of the principal amount of any securities of the series which shall be payable upon declaration of acceleration of the maturity of the debt securities pursuant to the applicable Indenture if other than the entire principal amount; and

if the principal amount payable at the stated maturity of any debt security of the series will not be determinable as of any one or more dates prior to the stated maturity, the amount which shall be deemed to be the principal amount of such securities as of any such date for any purpose, including the principal amount thereof which shall be due and payable upon any maturity other than the stated maturity or which shall be deemed to be outstanding as of any date prior to the stated maturity (or, in any such case, the manner in which such amount deemed to be the principal amount shall be determined).

Unless otherwise specified in the applicable prospectus supplement, the debt securities will not be listed on any securities exchange.

Unless otherwise specified in the applicable prospectus supplement, debt securities will be issued in fully-registered form without coupons.

Debt securities may be sold at a substantial discount below their stated principal amount, bearing no interest or interest at a rate which at the time of issuance is below market rates. The applicable prospectus supplement will describe the federal income tax consequences and special considerations applicable to any such debt securities. The debt securities may also be issued as indexed securities or securities denominated in foreign currencies, currency units or composite currencies, as described in more detail in the prospectus supplement relating to any of the particular debt securities. The prospectus supplement relating to specific debt securities will also describe any special considerations and certain additional tax considerations applicable to such debt securities.

Subordination

The prospectus supplement relating to any offering of subordinated debt securities will describe the specific subordination provisions. However, unless otherwise noted in the prospectus supplement, subordinated debt securities will be subordinate and junior in right of payment to any existing Senior Indebtedness.

Edgar Filing: ARBOR REALTY TRUST INC - Form 424B5

Table of Contents

Under the Subordinated Indenture, "Senior Indebtedness" means all amounts due on obligations in connection with any of the following, whether outstanding at the date of execution of the Subordinated Indenture or thereafter incurred or created:

the principal of (and premium, if any) and interest due on our indebtedness for borrowed money and indebtedness evidenced by securities, debentures, bonds or other similar instruments issued by us;

all of our capital lease obligations;

any of our obligations as lessee under leases required to be capitalized on the balance sheet of the lessee under generally accepted accounting principles;

all of our obligations for the reimbursement on any letter of credit, banker's acceptance, security purchase facility or similar credit transaction;

all of our obligations in respect of interest rate swap, cap or other agreements, interest rate future or options contracts, currency swap agreements, currency future or option contracts and other similar agreements;

all obligations of the types referred to above of other persons for the payment of which we are responsible or liable as obligor, guarantor or otherwise; and

all obligations of the types referred to above of other persons secured by any lien on any property or asset of ours (whether or not such obligation is assumed by us).

However, Senior Indebtedness does not include:

any indebtedness which expressly provides that such indebtedness shall not be senior in right of payment to the subordinated debt securities, or that such indebtedness shall be subordinated to any other of our indebtedness, unless such indebtedness expressly provides that such indebtedness shall be senior in right of payment to the subordinated debt securities;

any of our indebtedness in respect of the subordinated debt securities;

any indebtedness or liability for compensation to employees, for goods or materials purchased in the ordinary course of business or for services;

any of our indebtedness to any subsidiary; and

any liability for federal, state, local or other taxes owed or owing by us.

Senior Indebtedness shall continue to be Senior Indebtedness and be entitled to the benefits of the subordination provisions irrespective of any amendment, modification or waiver of any term of such Senior Indebtedness.

Unless otherwise noted in the accompanying prospectus supplement, if we default in the payment of any principal of (or premium, if any) or interest on any Senior Indebtedness when it becomes due and payable, whether at maturity or at a date fixed for prepayment or by declaration or otherwise, then, unless and until such default is cured or waived or ceases to exist, we will make no direct or indirect payment (in cash, property, securities, by set-off or otherwise) in respect of the principal of or interest on the subordinated debt securities or in respect of any

Edgar Filing: ARBOR REALTY TRUST INC - Form 424B5

redemption, retirement, purchase or other requisition of any of the subordinated debt securities.

In the event of the acceleration of the maturity of any subordinated debt securities, the holders of all senior debt securities outstanding at the time of such acceleration, subject to any security interest, will first be entitled to receive payment in full of all amounts due on the senior debt securities before the holders of the subordinated debt securities will be entitled to receive any payment of principal (and premium, if any) or interest on the subordinated debt securities.

Edgar Filing: ARBOR REALTY TRUST INC - Form 424B5

Table of Contents

If any of the following events occurs, we will pay in full all Senior Indebtedness before we make any payment or distribution under the subordinated debt securities, whether in cash, securities or other property, to any holder of subordinated debt securities:

any dissolution or winding-up or liquidation or reorganization of Arbor Realty Trust, Inc., whether voluntary or involuntary or in bankruptcy, insolvency or receivership;

any general assignment by us for the benefit of creditors; or

any other marshaling of our assets or liabilities.

In such event, any payment or distribution under the subordinated debt securities, whether in cash, securities or other property, which would otherwise (but for the subordination provisions) be payable or deliverable in respect of the subordinated debt securities, will be paid or delivered directly to the holders of Senior Indebtedness in accordance with the priorities then existing among such holders until all Senior Indebtedness has been paid in full. If any payment or distribution under the subordinated debt securities is received by the trustee of any subordinated debt securities in contravention of any of the terms of the Subordinated Indenture and before all the Senior Indebtedness has been paid in full, such payment or distribution or security will be received in trust for the benefit of, and paid over or delivered and transferred to, the holders of the Senior Indebtedness at the time outstanding in accordance with the priorities then existing among such holders for application to the payment of all Senior Indebtedness remaining unpaid to the extent necessary to pay all such Senior Indebtedness in full.

The Subordinated Indenture does not limit the issuance of additional Senior Indebtedness.

Consolidation, Merger, Sale of Assets and Other Transactions

We may not (i) merge with or into or consolidate with another corporation or sell, assign, transfer, lease or convey all or substantially all of our properties and assets to, any other corporation other than a direct or indirect wholly-owned subsidiary of ours, and (ii) no corporation may merge with or into or consolidate with us or, except for any direct or indirect wholly-owned subsidiary of ours, sell, assign, transfer, lease or convey all or substantially all of its properties and assets to us, unless:

we are the surviving corporation or the corporation formed by or surviving such merger or consolidation or to which such sale, assignment, transfer, lease or conveyance has been made, if other than us, has expressly assumed by supplemental indenture all of our obligations under the Indentures;

immediately after giving effect to such transaction, no default or Event of Default has occurred and is continuing; and

we deliver to the trustee an officers' certificate and an opinion of counsel, each stating that the supplemental indenture complies with the applicable Indenture.

Events of Default, Notice and Waiver

Unless an accompanying prospectus supplement states otherwise, the following shall constitute "Events of Default" under the Indentures with respect to each series of debt securities:

our failure to pay any interest on any debt security of such series when due and payable, continued for 30 days;

our failure to pay principal (or premium, if any) on any debt security of such series when due, regardless of whether such payment became due because of maturity, redemption, acceleration or otherwise, or is required by any sinking fund established with respect to such series;

Table of Contents

our failure to observe or perform any other of our covenants or agreements with respect to such debt securities for 60 days after we receive notice of such failure;

certain events of bankruptcy, insolvency or reorganization of Arbor Realty Trust, Inc.; and

any other Event of Default provided with respect to Securities of that series.

If an Event of Default with respect to any debt securities of any series outstanding under either of the Indentures shall occur and be continuing, the trustee under such Indenture or the holders of at least 25% in aggregate principal amount of the debt securities of that series outstanding may declare, by notice as provided in the applicable Indenture, the principal amount (or such lesser amount as may be provided for in the debt securities of that series) of all the debt securities of that series outstanding to be due and payable immediately; provided that, in the case of an Event of Default involving certain events in bankruptcy, insolvency or reorganization, acceleration is automatic; and, provided further, that after such acceleration, but before a judgment or decree based on acceleration, the holders of a majority in aggregate principal amount of the outstanding debt securities of that series may, under certain circumstances, rescind and annul such acceleration if all Events of Default, other than the nonpayment of accelerated principal, have been cured or waived. Upon the acceleration of the maturity of original issue discount securities, an amount less than the principal amount thereof will become due and payable. Reference is made to the prospectus supplement relating to any original issue discount securities for the particular provisions relating to acceleration of maturity thereof.

Any past default under either Indenture with respect to debt securities of any series, and any Event of Default arising therefrom, may be waived by the holders of a majority in principal amount of all debt securities of such series outstanding under such Indenture, except in the case of (i) default in the payment of the principal of (or premium, if any) or interest on any debt securities of such series or (ii) default in respect of a covenant or provision which may not be amended or modified without the consent of the holder of each outstanding debt security of such series affected.

The trustee is required within 90 days after the occurrence of a default (which is known to the trustee and is continuing), with respect to the debt securities of any series (without regard to any grace period or notice requirements), to give to the holders of the debt securities of such series notice of such default.

The trustee, subject to its duties during default to act with the required standard of care, may require indemnification by the holders of the debt securities of any series with respect to which a default has occurred before proceeding to exercise any right or power under the Indentures at the request of the holders of the debt securities of such series. Subject to such right of indemnification and to certain other limitations, the holders of a majority in principal amount of the outstanding debt securities of any series under either Indenture may direct the time, method and place of conducting any proceeding for any remedy available to the trustee, or exercising any trust or power conferred on the trustee with respect to the debt securities of such series, provided that such direction shall not be in conflict with any rule of law or with the applicable Indenture and the trustee may take any other action deemed proper by the trustee which is not inconsistent with such direction.

No holder of a debt security of any series may institute any action against us under either of the Indentures (except actions for payment of overdue principal of (and premium, if any) or interest on such debt security or for the conversion or exchange of such debt security in accordance with its terms) unless (i) the holder has given to the trustee written notice of an Event of Default and of the continuance thereof with respect to the debt securities of such series specifying an Event of Default, as required under the applicable Indenture, (ii) the holders of at least 25% in aggregate principal amount of the debt securities of that series then outstanding under such Indenture shall have requested the trustee to institute such action and offered to the trustee indemnity reasonably satisfactory to it against the costs, expenses and liabilities to be incurred in compliance with such request; (iii) the trustee shall

not have instituted such action within 60 days of such request and (iv) no direction inconsistent with such written request has been given to the trustee during such 60-day period by the holders of a majority in principal amount of the debt securities of that series.

We are required to furnish annually to the trustee statements as to our compliance with all conditions and covenants under each Indenture.

Discharge, Defeasance and Covenant Defeasance

We may discharge or defease our obligations under the Indenture as set forth below, unless otherwise indicated in the applicable prospectus supplement.

We may discharge certain obligations to holders of any series of debt securities issued under either the Senior Indenture or the Subordinated Indenture which have not already been delivered to the trustee for cancellation and which have either become due and payable or are by their terms due and payable within one year (or scheduled for redemption within one year) by irrevocably depositing with the trustee money in an amount sufficient to pay and discharge the entire indebtedness on such debt securities not previously delivered to the trustee for cancellation, for principal and any premium and interest to the date of such deposit (in the case of debt securities which have become due and payable) or to the stated maturity or redemption date, as the case may be and we have paid all other sums payable under the applicable indenture.

If indicated in the applicable prospectus supplement, we may elect either (i) to defease and be discharged from any and all obligations with respect to the debt securities of or within any series (except as otherwise provided in the relevant Indenture) ("defeasance") or (ii) to be released from our obligations with respect to certain covenants applicable to the debt securities of or within any series ("covenant defeasance"), upon the deposit with the relevant Indenture trustee, in trust for such purpose, of money and/or government obligations which through the payment of principal and interest in accordance with their terms will provide money in an amount sufficient to pay the principal of (and premium, if any) or interest on such debt securities to maturity or redemption, as the case may be, and any mandatory sinking fund or analogous payments thereon. As a condition to defeasance or covenant defeasance, we must deliver to the trustee an opinion of counsel to the effect that the holders of such debt securities will not recognize income, gain or loss for federal income tax purposes as a result of such defeasance or covenant defeasance and will be subject to federal income tax on the same amounts and in the same manner and at the same times as would have been the case if such defeasance or covenant defeasance had not occurred. Such opinion of counsel, in the case of defeasance under clause (i) above, must refer to and be based upon a ruling of the Internal Revenue Service or a change in applicable federal income tax law occurring after the date of the relevant Indenture. In addition, in the case of either defeasance or covenant defeasance, we shall have delivered to the trustee (i) an officers' certificate to the effect that the relevant debt securities exchange(s) have informed us that neither such debt securities nor any other debt securities of the same series, if then listed on any securities exchange, will be delisted as a result of such deposit and (ii) an officers' certificate and an opinion of counsel, each stating that all conditions precedent with respect to such defeasance or covenant defeasance have been complied with.

We may exercise our defeasance option with respect to such debt securities notwithstanding our prior exercise of our covenant defeasance option.

Modification and Waiver

Under the Indentures, we and the applicable trustee may supplement the Indentures for certain purposes which would not materially adversely affect the interests or rights of the holders of debt securities of a series without the consent of those holders. We and the applicable trustee may also modify the Indentures or any supplemental indenture in a manner that affects the interests or rights of

the holders of debt securities with the consent of the holders of at least a majority in aggregate principal amount of the outstanding debt securities of each affected series issued under the Indenture. However, the Indentures require the consent of each holder of debt securities that would be affected by any modification which would:

change the fixed maturity of any debt securities of any series, or reduce the principal amount thereof, or reduce the rate or extend the time of payment of interest thereon, or reduce any premium payable upon the redemption thereof;

reduce the amount of principal of an original issue discount debt security or any other debt security payable upon acceleration of the maturity thereof;

change the currency in which any debt security or any premium or interest is payable;

impair the right to enforce any payment on or with respect to any debt security;

reduce the percentage in principal amount of outstanding debt securities of any series, the consent of whose holders is required for modification or amendment of the Indentures or for waiver of compliance with certain provisions of the Indentures or for waiver of certain defaults; or

modify any of the above provisions.

The Indentures permit the holders of at least a majority in aggregate principal amount of the outstanding debt securities of any series issued under the Indenture which is affected by the modification or amendment to waive our compliance with certain covenants contained in the Indentures.

Payment and Paying Agents

Unless otherwise indicated in the applicable prospectus supplement, payment of interest on a debt security on any interest payment date will be made to the person in whose name a debt security is registered at the close of business on the record date for the interest.

Unless otherwise indicated in the applicable prospectus supplement, principal, interest and premium on the debt securities of a particular series will be payable at the office of such paying agent or paying agents as we may designate for such purpose from time to time. Notwithstanding the foregoing, at our option, payment of any interest may be made by check mailed to the address of the person entitled thereto as such address appears in the security register.

Unless otherwise indicated in the applicable prospectus supplement, a paying agent designated by us will act as paying agent for payments with respect to debt securities of each series. All paying agents initially designated by us for the debt securities of a particular series will be named in the applicable prospectus supplement. We may at any time designate additional paying agents or rescind the designation of any paying agent or approve a change in the office through which any paying agent acts, except that we will be required to maintain a paying agent in each place of payment for the debt securities of a particular series.

All moneys paid by us to a paying agent for the payment of the principal, interest or premium on any debt security which remain unclaimed at the end of two years after such principal, interest or premium has become due and payable will be repaid to us upon request, and the holder of such debt security thereafter may look only to us for payment thereof.

Denominations, Registrations and Transfer

Unless an accompanying prospectus supplement states otherwise, debt securities will be represented by one or more global certificates registered in the name of a nominee for The Depository

Table of Contents

Trust Company, or DTC. In such case, each holder's beneficial interest in the global securities will be shown on the records of DTC and transfers of beneficial interests will only be effected through DTC's records.

A holder of debt securities may only exchange a beneficial interest in a global security for certificated securities registered in the holder's name if:

DTC notifies us that it is unwilling or unable to continue serving as the depository for the relevant global securities or DTC ceases to maintain certain qualifications under the Securities Exchange Act of 1934 and no successor depository has been appointed for 90 days; or

we determine, in our sole discretion, that the global security shall be exchangeable.

If debt securities are issued in certificated form, they will only be issued in the minimum denomination specified in the accompanying prospectus supplement and integral multiples of such denomination. Transfers and exchanges of such debt securities will only be permitted in such minimum denomination. Transfers of debt securities in certificated form may be registered at the trustee's corporate office or at the offices of any paying agent or trustee appointed by us under the Indentures. Exchanges of debt securities for an equal aggregate principal amount of debt securities in different denominations may also be made at such locations.

Governing Law

The Indentures and debt securities will be governed by, and construed in accordance with, the internal laws of the State of New York, without regard to its principles of conflicts of laws.

Trustee

The trustee under the Indentures is The Bank of New York.

Conversion or Exchange Rights

The prospectus supplement will describe the terms, if any, on which a series of debt securities may be convertible into or exchangeable for our common stock, preferred stock or other debt securities. These terms will include provisions as to whether conversion or exchange is mandatory, at the option of the holder or at our option. These provisions may allow or require the number of shares of our common stock or other securities to be received by the holders of such series of debt securities to be adjusted.

DESCRIPTION OF CAPITAL STOCK

The following description of the terms of our stock is only a summary. For a complete description, we refer you to the Maryland General Corporation Law, or (the "MGCL"), our charter and our bylaws. Copies of our charter and bylaws are available upon request. The following description discusses the general terms of the common stock and preferred stock that we may issue.

The prospectus supplement relating to a particular series of preferred stock will describe certain other terms of such series of preferred stock. If so indicated in the prospectus supplement relating to a particular series of preferred stock, the terms of any such series of preferred stock may differ from the terms set forth below. The description of preferred stock set forth below and the description of the terms of a particular series of preferred stock set forth in the applicable prospectus supplement are not complete and are qualified in their entirety by reference to our charter, particularly to the articles supplementary relating to that series of preferred stock.

Table of Contents

General

Our charter provides that we may issue up to 500,000,000 shares of common stock, \$0.01 par value per share, and up to 100,000,000 shares of preferred stock, \$0.01 par value per share. As of May 31, 2010, 25,477,410 shares of common stock were issued and outstanding. As of May 31, 2010, there were 9,388 holders of record of our common stock. Under Maryland law, our stockholders generally are not liable for our debts or obligations.

Common Stock

Subject to the preferential rights of any other class or series of stock and to the provisions of the charter regarding the restrictions on transfer of stock, holders of shares of our common stock are entitled to receive dividends on such stock when, as and if authorized by our board of directors out of funds legally available therefor and declared by us and to share ratably in the assets of our company legally available for distribution to our stockholders in the event of our liquidation, dissolution or winding up after payment of or adequate provision for all known debts and liabilities of our company, including the preferential rights on dissolution of any class or classes of preferred stock.

Subject to the provisions of our charter regarding the restrictions on transfer of stock, each outstanding share of common stock entitles the holder to one vote on all matters submitted to the vote of stockholders, including the election of directors. There is no cumulative voting in the election of our board of directors, which means that the holders of outstanding shares of our common stock entitled to cast a majority of the votes in the election of directors can elect all of the directors then standing for election and the holders of the remaining shares of our common stock are not able to elect any directors.

Holders of shares of our common stock have no preference, conversion, exchange, sinking fund, redemption or appraisal rights and have no preemptive rights to subscribe for any securities of our company. Subject to the provisions of the charter regarding the restrictions on transfer of stock, shares of our common stock have equal dividend, liquidation and other rights.

Under the MGCL, a Maryland corporation generally cannot dissolve, amend its charter, merge, sell all or substantially all of its assets, engage in a statutory share exchange or engage in similar transactions outside the ordinary course of business unless declared advisable by the board of directors and approved by the affirmative vote of stockholders entitled to cast at least two-thirds of the votes entitled to be cast on the matter unless a lesser percentage (but not less than a majority of all of the votes entitled to be cast on the matter) is set forth in the corporation's charter. Our charter, however, provides for approval of these matters, except with respect to certain charter amendments, by an affirmative vote of stockholders entitled to cast a majority of the votes entitled to be cast on the matter.

Our charter authorizes our board of directors to increase the number of shares of authorized common stock, to issue additional authorized but unissued shares of our common stock, to reclassify any unissued shares of our common stock into other classes or series of classes of stock and to establish the number of shares in each class or series and to set the preferences, conversion and other rights, voting powers, restrictions, limitations as to dividends or other distributions, qualifications or terms or conditions of redemption for each such class or series without stockholder approval.

Preferred Stock

Our board of directors may authorize the issuance of preferred stock in one or more series and may determine, with respect to any such series, the powers, preferences and rights of such series, and its qualifications, limitations and restrictions, including, without limitation:

the number of shares to constitute such series and the designations thereof;

Table of Contents

the voting power, if any, of holders of shares of such series and, if voting power is limited, the circumstances under which such holders may be entitled to vote;

the rate of dividends, if any, and the extent of further participation in dividend distributions, if any, and whether dividends shall be cumulative or non-cumulative;

whether or not such series shall be redeemable, and, if so, the terms and conditions upon which shares of such series shall be redeemable;

the extent, if any, to which such series shall have the benefit of any sinking fund provision for the redemption or purchase of shares;

the rights, if any, of such series, in the event of the dissolution of the corporation, or upon any distribution of the assets of the corporation; and

whether or not the shares of such series shall be convertible, and, if so, the terms and conditions upon which shares of such series shall be convertible.

You should refer to the articles supplementary and prospectus supplement relating to the series of preferred stock being offered for the specific terms of that series, including:

the title or designation of the series and the number of shares in the series;

the price at which the preferred stock will be offered;

the dividend rate or rates or method of calculating the rates, the dates on which the dividends will be payable, whether or not dividends will be cumulative or noncumulative and, if cumulative, the dates from which dividends on the preferred stock being offered will cumulate;

the voting rights, if any, of the holders of shares of the preferred stock being offered;

the provisions for a sinking fund, if any, and the provisions for redemption, if applicable, of the preferred stock being offered;

the liquidation preference per share;

the terms and conditions, if applicable, upon which the preferred stock being offered will be convertible into our common stock, including the conversion price, or the manner of calculating the conversion price, and the conversion period;

the terms and conditions, if applicable, upon which the preferred stock being offered will be exchangeable for debt securities, including the exchange price, or the manner of calculating the exchange price, and the exchange period;

any listing of the preferred stock being offered on any securities exchange;

whether interests in the shares of the series will be represented by depositary shares;

a discussion of any material U.S. federal income tax considerations applicable to the preferred stock being offered;

the relative ranking and preferences of the preferred stock being offered as to dividend rights and rights upon liquidation, dissolution or the winding up of our affairs;

any limitations on the issuance of any class or series of preferred stock ranking senior or equal to the series of preferred stock being offered as to dividend rights and rights upon liquidation, dissolution or the winding up of our affairs; and

any additional rights, preferences, qualifications, limitations and restrictions of the series.

Table of Contents

Upon issuance, the shares of preferred stock will be fully paid and nonassessable, which means that its holders will have paid their purchase price in full and we may not require them to pay additional funds. Holders of preferred stock will not have any preemptive rights.

Preferred Stock Dividend Rights

Holders of preferred stock will be entitled to receive, when, as and if authorized by the board of directors out of funds legally available therefor and declared by us, dividends in additional shares of preferred stock or cash dividends at the rates and on the dates set forth in the related articles supplementary and prospectus supplement. Dividend rates may be fixed or variable or both. Different series of preferred stock may be entitled to dividends at different dividend rates or based upon different methods of determination. Each dividend will be payable to the holders of record as they appear on our stock books on record dates determined by the board of directors. Dividends on preferred stock may be cumulative or noncumulative, as specified in the related articles supplementary and prospectus supplement. If the board of directors fails to authorize or we fail to declare a dividend on any preferred stock for which dividends are noncumulative, then the right to receive that dividend will be lost, and we will have no obligation to pay the dividend for that dividend period, whether or not dividends are declared for any future dividend period.

No full dividends will be declared or paid on any preferred stock unless full dividends for the dividend period commencing after the immediately preceding dividend payment date and any cumulative dividends still owing have been or contemporaneously are declared and paid on all other series of preferred stock which have the same rank as, or rank senior to, that series of preferred stock. When those dividends are not paid in full, dividends will be declared pro rata, so that the amount of dividends declared per share on that series of preferred stock and on each other series of preferred stock having the same rank as that series of preferred stock will bear the same ratio to each other that accrued dividends per share on that series of preferred stock and the other series of preferred stock bear to each other. In addition, generally, unless full dividends including any cumulative dividends still owing on all outstanding shares of any series of preferred stock have been paid, no dividends will be declared or paid on the common stock and generally we may not redeem or purchase any common stock. No interest will be paid in connection with any dividend payment or payments which may be in arrears.

Unless otherwise set forth in the related articles supplementary and prospectus supplement, the dividends payable for each dividend period will be computed by annualizing the applicable dividend rate and dividing by the number of dividend periods in a year, except that the amount of dividends payable for the initial dividend period or any period shorter than a full dividend period will be computed on the basis of a 360-day year consisting of twelve 30-day months and, for any period less than a full month, the actual number of days elapsed in the period.

Preferred Stock Rights Upon Liquidation

If we liquidate, dissolve or wind up our affairs, either voluntarily or involuntarily, the holders of each series of preferred stock will be entitled to receive liquidating distributions in the amount set forth in the articles supplementary and prospectus supplement relating to the series of preferred stock. If the amounts payable with respect to preferred stock of any series and any stock having the same rank as that series of preferred stock are not paid in full, the holders of the preferred stock will share ratably in any such distribution of assets in proportion to the full respective preferential amounts to which they are entitled. After the holders of each series of preferred stock having the same rank are paid in full, they will have no right or claim to any of our remaining assets. Neither the sale of all or substantially all of our property or business nor a merger or consolidation by us with any other corporation will be considered a dissolution, liquidation or winding up by us of our business or affairs.

Preferred Stock Redemption

Any series of preferred stock may be redeemable in whole or in part at our option. In addition, any series of preferred stock may be subject to mandatory redemption pursuant to a sinking fund. The redemption provisions that may apply to a series of preferred stock, including the redemption dates and the redemption prices for that series, will be set forth in the related articles supplementary and prospectus supplement.

If a series of preferred stock is subject to mandatory redemption, the related articles supplementary and prospectus supplement will specify the year we can begin to redeem shares of the preferred stock, the number of shares of the preferred stock we can redeem each year and the redemption price p
