PROXY STATEMENT

ANNUAL MEETING OF SHAREHOLDERS, OCTOBER 22, 2013

This Proxy Statement is furnished to shareholders of REGIS CORPORATION, a Minnesota corporation (the "Company"), in connection with the solicitation on behalf of our Board of Directors (the "Board") of proxies for use at the annual meeting of shareholders to be held on October 22, 2013 (the "Annual Meeting"), and at any adjournment or postponement thereof, for the purposes set forth in the accompanying Notice of Annual Meeting of Shareholders.

The address of our principal executive office is 7201 Metro Boulevard, Edina, Minnesota 55439.

Availability of Proxy Materials

As permitted by rules adopted by the Securities and Exchange Commission ("SEC"), we are making our proxy materials, which include our Notice and Proxy Statement and Annual Report on Form 10-K, available to our shareholders over the Internet. We believe that this e-proxy process expedites our shareholders' receipt of proxy materials and lowers the costs and reduces the environmental impact of the Annual Meeting. In accordance with such SEC rules, we will send shareholders of record as of the close of business on August 26, 2013 a Notice of Internet Availability of Proxy Materials (the "Notice"), which mailing will commence on or about September 10, 2013. The Notice contains instructions on how shareholders can access our proxy materials and vote their shares over the Internet. If you would like to receive a printed copy of our proxy materials from us instead of downloading them from the Internet, please follow the instructions for requesting such materials included in the Notice.

Solicitation and Revocation of Proxies

In addition to the use of the mails, proxies may be solicited personally or by mail, telephone, fax, email, Internet or other electronic means by our directors, officers and regular employees who will not be additionally compensated for any such services. Proxies may also be solicited by means of press releases and other public statements.

We will pay all solicitation expenses in connection with the Notice and this Proxy Statement and any related proxy soliciting material of the Board, including the expense of preparing, printing, assembling and mailing such material.

Proxies to vote at the Annual Meeting are solicited on behalf of the Board. Any shareholder giving a proxy may revoke it at any time before it is exercised by attending the Annual Meeting and revoking it or by providing written notice of revocation or by submitting another proxy bearing a later date to our Secretary at the address set forth above. Such proxies, if received in time for voting and not revoked, will be voted at the Annual Meeting in accordance with the specifications indicated thereon.

If You Hold Your Shares in "Street Name"

If you hold your shares in "street name," i.e., through a bank, broker or other holder of record (a "custodian"), your custodian is required to vote your shares on your behalf in accordance with your instructions. If you do not give instructions to your custodian, your custodian will not be permitted to vote your shares with respect to "non-discretionary" items, such as the election of directors, the

Edgar Filing: REGIS CORP - Form PRE 14A

amendment of the Company's Restated Articles of Incorporation to adopt majority voting for the election of directors, the amendment of the Long Term Plan to extend its term by ten years and the Say-on-Pay proposal. Accordingly, we urge you to promptly give instructions to your custodian to vote on these matters by following the instructions provided to you by your custodian. Please note that if you intend to vote your street name shares in person at the Annual Meeting, you must provide a "legal proxy" from your custodian at the Annual Meeting.

VOTING RIGHTS AND REQUIREMENTS

Only shareholders of record as of the close of business on August 26, 2013, will be entitled to sign proxies or to vote. On that date, there were 56,624,837 shares issued, outstanding and entitled to vote. Each share of Common Stock is entitled to one vote. A majority of the outstanding shares present in person or by proxy at the Annual Meeting is required to transact business, and constitutes a quorum for voting on items at the Annual Meeting. If you vote, your shares will be part of the quorum. Abstentions and broker non-votes will be counted as being present at the Annual Meeting in determining the quorum, but neither will be counted as a vote in favor of a matter. A "broker non-vote" is a proxy submitted by a bank, broker or other custodian that does not indicate a vote for some of the proposals because the broker does not have or does not exercise discretionary voting authority on certain types of proposals and has not received instructions from its client as to how to vote on those proposals.

Vote Required

Item 1. The affirmative vote of a plurality of the shares of Common Stock present in person or by proxy and entitled to vote at the Annual Meeting is required for the election to the Board of each of the nominees for director. Shareholders do not have the right to cumulate their votes in the election of directors. "Plurality" means that the individuals who receive the greatest number of votes cast "For" are elected as directors.

Items 2, 3 and 4. The affirmative vote of the holders of the greater of (1) a majority of the shares of our Common Stock present in person or by proxy and entitled to vote on the proposal or (2) a majority of the minimum number of shares entitled to vote that would constitute a quorum for the transaction of business at the Annual Meeting is required for approval of these proposals. A shareholder who abstains with respect to any of these proposals will have the effect of casting a negative vote on that proposal. A shareholder who does not vote in person or by proxy on a proposal (including a broker non-vote on a proposal) is not deemed to be present in person or by proxy and is not entitled to vote on the proposal for the purpose of determining whether a proposal has been approved.

Item 5. The advisory vote on executive compensation in Item 5 is not binding on us; however, we will consider the shareholders to have approved our executive compensation if the number of shares voted "For" the proposal exceed the number of shares voted "Against" the proposal. A shareholder who abstains with respect to this proposal will have no effect on its outcome.

Routine Versus Non-Routine Matters. Brokers cannot vote on their customers' behalf on "non-routine" proposals such as Item 1, the election of directors, Item 2, the amendment of the Company's Restated Articles of Incorporation to adopt majority voting for the election of directors, Item 3, the amendment of the Long Term Plan to extend its term by ten years, and Item 5, the advisory vote on executive compensation. Because brokers require their customers' direction to vote on such non-routine matters, it is critical that shareholders provide their brokers with voting instructions. On the other hand, Item 4, ratification of the appointment of our independent registered public accounting firm, is a "routine" matter for which your broker does not need your voting instruction in order to vote your shares.

Effect of Broker Non-Votes. If you hold your shares in street name and do not provide voting instructions to your bank, broker or other custodian, your shares will not be voted on any proposal on which your broker does not have or does not exercise discretionary authority to vote (a "broker non-vote"), such as may be the case with a non-routine matter for which you do not provide voting instructions. A broker non-vote on any of the proposals presented at the Annual Meeting will have no effect on the outcome of the proposal.

ITEM 1
ELECTION OF DIRECTORS

Nine directors are to be elected at the Annual Meeting, each to hold office for one year until the 2014 annual meeting of shareholders. Based upon the recommendation of the Nominating and Corporate Governance Committee, the Board has nominated the nine persons named below for election as directors. Seven of the Board's nominees are currently directors of Regis and each nominee has consented to serve if elected. Mr. Joseph L. ("Joel") Conner, a current director of Regis, is not standing for re-election at the Annual Meeting.

Unless authority to vote is withheld, proxies submitted will be voted for the election of the Board's nominees named herein as directors of Regis. If for any reason a nominee becomes unable to serve or for good cause will not serve if elected, the Nominating and Corporate Governance Committee may designate substitute nominees, in which event the shares represented by proxies returned to us will be voted for such substitute nominees. If the Nominating and Corporate Governance Committee designates any substitute nominees, we will file an amended proxy statement that, as applicable, identifies the substitute nominees, discloses that such nominees have consented to being named in the revised proxy statement and to serve if elected, and includes certain biographical and other information about such nominees required by SEC rules.

The following table contains certain information with respect to the director nominees:

Mr. Hanrahan's prior operational background and his extensive experience across a wide spectrum of consumer-facing brands enable him to provide important insights to the Board related to the Company's strategy to improve the salon experience.

CORPORATE GOVERNANCE

The Board believes that good corporate governance is paramount to ensure that we are managed for the long-term benefit of our shareholders. As part of our ongoing efforts to constantly improve corporate governance, the Board and management have undertaken a number of initiatives to improve

Edgar Filing: REGIS CORP - Form PRE 14A

our corporate governance policies and practices. Below is a summary of the key corporate governance initiatives undertaken by the Board during fiscal 2013:

Corporate Governance Initiatives in Fiscal 2013

Refreshed Board and Added Shareholder Insight Six of our eight current directors joined the Board at or after the 2011 annual meeting of shareholders. All of them are independent, other than our President and Chief Executive Officer, and four of them were identified as candidates by, or in coordination with, our shareholders. We are also nominating two new directors for election at the Annual Meeting, each with relevant leadership and operational experience at companies with business models similar to ours.

Additions to Management Team The Board completed a robust CEO search process, which resulted in the appointment of Daniel Hanrahan as our President and Chief Executive Officer effective August 6, 2012. Since that time, we also hired a new CFO and we added key talent to our management team in the areas of real estate, franchising, marketing and information management.

Proposal to Adopt Majority Voting for the Election of Directors The Board has approved and recommended to shareholders the approval of an amendment to the Company's Restated Articles of Incorporation to adopt majority voting for the election of directors, as described in Item 2 in this Proxy Statement. The Board also approved, effective upon shareholder approval of the amendment to the Restated Articles, an amendment to the Company's Corporate Governance Guidelines requiring incumbent directors who do not receive a majority vote to tender their resignation to the Board.

Adoption of Related Party Transactions Policy The Board recently adopted a Related Party Transaction Approval Policy requiring approval of all related party transactions where the amount involved exceeds \$10,000 for the fiscal year. In addition, for the first time in many years, we have no related party transactions to disclose. See "Certain Relationships and Related Transactions" below for more information.

Overhaul of Executive Compensation In 2012, our Compensation Committee retained a new executive compensation consultant and restructured our executive compensation programs. The compensation information included in this Proxy Statement reflects the first year we have operated our new compensation programs. The key changes to our executive compensation program are described below in more detail under "Compensation Discussion and Analysis" (the "CD&A") and include:

Freezing of supplemental retirement benefit program as of June 30, 2012;

Elimination of tax gross-ups on supplemental life insurance and other perquisites;

Reduction in the amount of severance provided in the event of termination following a change in control;

Elimination of excise tax gross-ups for "excess parachute" payments;

Introduction of performance-based long-term equity incentives;

Implementation of a "clawback" provision in our cash incentive awards that will take effect beginning with the fiscal 2014 awards; and

Updating of our stock ownership guidelines to require meaningful stock ownership commensurate with our executives' positions and the amount of equity included in their compensation arrangements.

Code of Business Conduct and Ethics

The Board has adopted a Code of Business Conduct and Ethics (the "Code of Ethics") that applies to all of our employees, directors and officers, including our President and Chief Executive Officer, Chief Financial Officer, principal accounting officer or controller and other senior financial officers. The Code of Ethics, as applied to our principal financial officers, constitutes our "code of ethics" within the meaning of Section 406 of the Sarbanes-Oxley Act and is our "code of business conduct and ethics" within the meaning of the listing standards of the New York Stock Exchange ("NYSE"). The Code of Ethics is posted on our website at www.regiscorp.com. You may request copies, which will be provided free of charge, by writing to Corporate Secretary, Regis Corporation, 7201 Metro Boulevard, Edina, Minnesota 55439. We intend to promptly disclose future amendments to certain provisions of our Code of Ethics, and any waivers of provisions of the Code of Ethics that are required to be disclosed under the rules of the SEC or under the listing standards of the NYSE, at the same location on our website.

Director Orientation and Continuing Education

Our Nominating and Corporate Governance Committee and the Board oversee the orientation and continuing education of our directors.

Director Independence

With the adoption of our Corporate Governance Guidelines, the Board established independence standards in accordance with the requirements of the NYSE corporate governance rules. To be considered independent under the NYSE rules, the Board must affirmatively determine that a director or director nominee does not have a material relationship with us (directly, or as a partner, shareholder or officer of an organization that has a relationship with us). In addition, no director or director nominee may be deemed independent if the director or director nominee has in the past three years:

Received (or whose immediate family member has received) more than \$120,000 per year in direct compensation from us, other than director or committee fees;

Been an employee of ours;

Had an immediate family member who was an executive officer of ours;

Been (or whose immediate family member has been) an affiliate or employee of a present or former internal or independent auditor of Regis;

Been (or whose immediate family member has been) employed as an executive officer of another company whose compensation committee within the past three years has included a present executive officer of Regis; or

Is currently an employee or executive officer (or has an immediate family member who is an executive officer) of another company that makes payments to us, or receives payments from us, for property or services in an amount which, in any single fiscal year, exceeds the greater of \$1.0 million or 2% of such other company's consolidated gross revenues.

Under our director independence standards described above, the Board has determined that each director and director nominee, with the exception of Mr. Hanrahan, our President and Chief Executive Officer, is independent. Accordingly, a supermajority of the Board is independent.

Communications with the Board

Shareholders and other interested parties who wish to contact the Board, any individual director or the non-management or independent directors as a group, are welcome to do so by writing to our Corporate Secretary at the following address: Regis Corporation, 7201 Metro Boulevard, Edina, Minnesota 55439.

Comments or questions regarding our accounting, internal controls or auditing matters will be referred to members of the Audit Committee. Comments or questions regarding the nomination of directors and other corporate governance matters will be referred to members of the Nominating and Corporate Governance Committee.

Executive Sessions of Non-Management and Independent Directors

In order to promote open discussion among non-management directors, the Board has implemented a policy of conducting executive sessions of non-management directors in connection with each regularly scheduled Board meeting. Shareholders may communicate with the non-management directors as a group by following the procedures described above under "Communications with the Board."

The independent Chairman of the Board presides over executive sessions of the independent and non-management directors. Shareholders may communicate with the presiding director or the independent and non-management directors as a group by following the procedures described above under "Communications with the Board."

Committees of the Board

The Board has three committees: the Audit Committee, the Compensation Committee and the Nominating and Corporate Governance Committee.

The charters of the Audit Committee, Compensation Committee and Nominating and Corporate Governance Committee may be viewed on our website at www.regiscorp.com under "Corporate Governance" on the "Investor Information" page. The charters are also available in printed form free of charge to any shareholder who requests them by writing to our Secretary at 7201 Metro Boulevard, Edina, Minnesota 55439. The charters include information regarding the committees' composition, purpose and responsibilities.

The Board has determined that all members of the Audit Committee, Compensation Committee and Nominating and Corporate Governance Committee qualify as independent directors as defined under the NYSE corporate governance rules.

The Board committees have responsibilities as follows:

Audit Committee

The Audit Committee assists the Board in discharging its oversight responsibility to the shareholders and investment community regarding: (i) the integrity of our financial statements and financial reporting processes; (ii) our internal accounting systems and financial and operational controls; (iii) our audit, accounting and financial reporting processes; (iv) the engagement, qualifications and independence of the independent auditor; (v) the performance of our internal audit activities; and (vi) compliance with our ethics programs, including the Code of Ethics, our whistle-blower policy and legal and regulatory requirements.

In carrying out these duties, the Audit Committee maintains free and open communication between the Board, the independent auditor and our management. The Audit Committee meets with management and the independent auditor at least quarterly.

Edgar Filing: REGIS CORP - Form PRE 14A

In addition, the Audit Committee conducts quarterly meetings or conference calls with management and the independent auditor prior to our earnings releases to discuss the results of the independent auditor's quarterly reviews and fiscal year-end audit.

The Board has determined that all members of the Audit Committee meet the NYSE definitions of independence and financial literacy for Audit Committee members. In addition, the Board has determined that Michael Merriman and David Williams, each of whom is an independent director, are audit committee financial experts for purposes of the SEC rules and possess accounting or related financial management expertise required by the NYSE. Members serving on the Audit Committee do not currently serve on the audit committees of more than three public companies.

Compensation Committee

The primary responsibilities of the Compensation Committee are (i) to determine and approve, or make recommendations to the Board with respect to, the compensation and benefits packages of the executive officers; and (ii) to consider and recommend incentive compensation and equity-based plans. Additional information about the responsibilities of the Compensation Committee is provided below under "Executive Compensation Compensation Discussion and Analysis."

Nominating and Corporate Governance Committee

The Nominating and Corporate Governance Committee discharges the Board's responsibilities related to general corporate governance, including Board organization and membership and evaluation. In addition, the Nominating and Corporate Governance Committee assists the Board in the development of and compliance with the Company's Corporate Governance Guidelines. It also reviews and resolves any director conflicts of interest and presents qualified individuals for election to the Board. Finally, this committee oversees the evaluation of the performance of the Board and each standing committee of the Board. For further information regarding our director nomination process, see "Director Nomination Process" below.

Board's Role in Risk Oversight

One of the key responsibilities of the Board is to develop a strategic direction for the Company and provide management oversight for the execution of that strategy. The Board regularly reviews information regarding our financial, strategic and operational issues, as well as the risks associated with each. Consequently, the Board has determined that the Board as a whole, and not a separate committee, will oversee our risk management process.

While the Board oversees the enterprise-wide risk management system, each of the Board committees has historically focused on specific risks within their areas of responsibility and will continue to do so. Each committee's specific area of responsibility is as follows:

The Audit Committee oversees the management of financial risks, reporting on such matters to the full Board. The Audit Committee's agendas include discussions of individual risk areas throughout the year, and the Audit Committee monitors management's responsibility to identify, assess and manage risks.

The Compensation Committee is responsible for overseeing our executive compensation programs, and reviewing risks relating to our overall compensation plans and arrangements.

The Nominating and Corporate Governance Committee manages risks associated with potential conflicts of interest, and reviews governance and compliance issues with a view to managing associated risks, including oversight of our compliance program with respect to the Code of Ethics.

Edgar Filing: REGIS CORP - Form PRE 14A

While each committee is responsible for regularly reviewing, evaluating and overseeing the management of such risks, the Board is regularly informed through committee reports about such risks. In addition, the Board and the committees receive regular reports from our Chief Financial Officer, General Counsel, Executive and Senior Vice Presidents and other Company officers and personnel with roles in managing risks. However, our General Counsel and head of internal audit are the primary personnel responsible to the Board in the planning, assessment and reporting of our risk profile.

Board Leadership

In fiscal 2012, our board leadership structure changed such that the positions of Chief Executive Officer and Chairman of the Board were held by different persons. Daniel Hanrahan is currently the Chief Executive Officer of the Company and Stephen Watson is currently the independent Chairman of the Board. The Board believes that having an independent Chairman is an appropriate governance practice to ensure independent Board leadership and is an appropriate leadership structure for our company at this time.

Board Meetings and Attendance

The Board held six meetings during the fiscal year ended June 30, 2013. Each of the then-serving directors attended, in person or by teleconference, at least 75% of the meetings of both the Board and Board committees on which he or she served. Our Board does not have a formal policy relating to Board member attendance at annual meetings of shareholders; however, our directors are encouraged to attend the meeting each year. All of the current directors who were then-serving, or standing as a nominee for election as a director, attended the 2012 annual meeting of shareholders.

The following table shows the number of meetings held in fiscal 2013 and the names of the directors currently serving on each committee:

Committee	Number of Meetings During Fiscal 2013	Members
Audit	5	David Williams* James Fogarty Michael Merriman Jeffrey Smith
Compensation	5	James Fogarty* Daniel Beltzman Joel Conner Stephen Watson David Williams

Director Nomination Process

The Nominating and Corporate Governance Committee is responsible for screening and recommending director candidates to the full Board for nomination. The Nominating and Corporate

Edgar Filing: REGIS CORP - Form PRE 14A

Governance Committee will consider nominations received from our shareholders, provided that proposed candidates meet the requisite director qualification standards discussed below. When appropriate, the Committee will also engage an independent third-party search firm. The Committee will then evaluate the resumes of any qualified candidates recommended by shareholders and search firms, as well as by members of the Board. Generally, in order to be considered for nomination, a candidate must have:

High professional and personal ethics and values;

A strong record of significant leadership and meaningful accomplishments in his or her field;

Broad experience;

The ability to think strategically;

Sufficient time to carry out the duties of Board membership; and

A commitment to enhancing shareholder value and representing the interests of all shareholders.

Candidates are evaluated based on these qualification standards and the current needs of the Board, with due consideration of the requirement of our Corporate Governance Guidelines and NYSE and SEC regulations that at least a majority of the board consist of independent directors. In addition, when considering nominees to the Board and in evaluating the composition of the Board as a whole, the Nominating and Corporate Governance Committee considers the value of diversity. Although we do not have a specific policy on diversity, the Nominating and Corporate Governance Committee considers diversity of gender, race, national origin and executive or professional experience, including skills such as an understanding of the retail industry, the hair-care market, finance, accounting, marketing, technology and international experience, when considering nominees. The Company believes that the principal qualification of a prospective director is the ability to act effectively on behalf of all shareholders.

All shareholder nominations must be accompanied by a candidate resume which addresses the extent to which the nominee meets the director qualification standards. Nominations will be considered only if we are currently seeking to fill an open director position. All nominations by shareholders should be sent to the Chairperson of the Nominating and Corporate Governance Committee, c/o the Corporate Secretary, Regis Corporation, 7201 Metro Boulevard, Edina, Minnesota 55439.

At the Annual Meeting, shareholders are being asked to elect two new directors to the Board. Both of these directors were identified as candidates by a third-party search firm retained by the Nominating and Corporate Governance Committee to assist the Board in identifying qualified candidates to join the Board. The Company paid the search firm for its services identifying and evaluating possible director candidates.

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

This Compensation Discussion and Analysis ("CD&A") describes the basic objectives, principles, decisions and rationale underlying our compensation policies and decisions as well as the material elements of the compensation of our executive officers identified in the Summary Compensation Table on page 29 (the "Named Executive Officers" or "NEOs"). The CD&A should be read in conjunction with the compensation tables beginning on page 29.

Executive Summary

Fiscal year 2013 was the initial year of a business turnaround for the organization. After the start of the fiscal year, we hired a new Chief Executive Officer, followed by a new Chief Financial Officer. The incentive plan targets for both the annual and performance unit award element of the long-term incentive plan were established shortly following and prior to the arrival of the new CEO and CFO, respectively. As a result, the performance target-setting process did not fully benefit from the input of the new leadership team. As we continued our turnaround, several strategic decisions were made that reduced short-term performance measures, but, we believe, set the stage for long-term strategic success. In particular, decisions were made to not reduce stylist hours in order to save on cost, which could potentially harm the customer experience. We also restructured the field force in order to provide the best experience and value for our guests. While much of our focus was on stabilizing our service business, we also started to implement an initiative to standardize plan-o-grams and eliminate products to enhance the store appearance, decrease cost of product as a percentage of product revenue and reduce inventory management time. Implementing the product resets concurrent with the field reorganization and rollout of our new technological system for handling guest relations may have exacerbated the impacts of our turnaround initiatives. Had these decisions been incorporated into the budget-setting process, the performance targets and ranges may have been revised.

The initiatives we have implemented to turnaround the business are significant and it takes time for the benefits to materialize. Similarly, by implementing many transitions simultaneously in an effort to make needed changes as soon as possible, our execution of some of these initiatives was less than optimal. The combination of these factors led to actual performance that was below the performance expectations that were established. The Committee fully believes that the strategic decisions were in the long-term interest of shareholders and they were fully supported by the Board.

As noted, our business turnaround has been aligned with our retention of a new Chief Executive Officer. The compensation opportunity provided to our new Chief Executive Officer was designed to recruit him and reflects several important items: performance-based compensation consistent with the other NEOs, additional performance-based compensation aligned with long-term stock price increases and shareholder value, and time-based awards and a cash bonus target guarantee to offset the value forfeited from his previous employer. We believe that the elements and the amounts of compensation for our new Chief Executive Officer, as described below, are competitive, provide considerable performance orientation and encourage retention as the execution of the turnaround unfolds.

In addition to these factors affecting 2013 performance and payouts of incentive compensation, our compensation programs for fiscal 2013 also reflected the adoption of a new compensation philosophy and many new compensation practices, including:

Introduce additional performance-based long-term incentives (denominated in equity with specific performance metrics that align with our business strategy and operational and financial improvement) as a significant (40%) portion of our long-term incentive awards, coupled with stock-settled stock appreciation rights constituting an additional 40% of our long-term incentive awards;

Freeze our supplemental retirement benefit program as of June 30, 2012;

Eliminate all tax gross-ups on supplemental life insurance and other perquisites;

Eliminate excise tax gross-ups for "excess parachute" payments;

Reduce the amount of severance provided following a change of control (from three times base plus bonus to two times base plus bonus);

Change the definition of bonus in a change-in-control from the highest bonus in the last three years to the target bonus for the year of termination, while retaining the "double trigger" structure of those benefits to align pay with service;

Eliminate the potential for additional equity awards that, upon a change-in-control and termination, offset the income taxes arising from termination payments; and

Include a "clawback" provision in our cash incentive awards that permits us to recover certain cash incentive payments from executive officers whose misconduct or negligence resulted in a significant financial restatement. This policy will be in effect beginning with the fiscal 2014 cash incentive awards.

The remainder of this CD&A is organized into the following sections to thoroughly explain our executive compensation program:

Section 1: How we design executive pay. Outlines our compensation philosophy, development and uses of the peer group and the roles of the Compensation Committee, compensation consultant and executive officers in the setting of the program.

Section 2: Elements of the executive compensation program. Details each element in our program, including an explanation of the incentive compensation programs and recent changes.

Section 3: Additional compensation and governance related items. Discusses the policies that support our compensation philosophy, including stock ownership guidelines and post-employment compensation policies, among other topics.

Following this CD&A are compensation tables providing detailed executive compensation information, including the Summary Compensation Table with compensation information for the past three fiscal years.

Section 1: How We Design Executive Pay

The Compensation Committee, the Board and executive leadership are committed to considering the perspectives of our shareholders on all aspects of our business, including executive compensation. Due to such commitment, the Compensation Committee commenced a thorough review of our executive compensation programs in fiscal year 2012 in response to the Say-on-Pay vote at our 2011 annual meeting. The resulting changes to the executive compensation program took effect for fiscal 2013. To assist them in this review, the Committee hired Towers Watson & Co. ("Towers Watson") to advise and report directly to the Committee. We believe that the changes in our executive compensation programs demonstrate our commitment to incorporating shareholder feedback, updating our executive compensation programs to ensure that they meet our evolving business strategy, and directly aligning pay with performance as well as the market. We also believe that the structural changes made in our compensation programs and policies were responsive to expressed shareholder concerns, and we believe the vote on the Say-on-Pay proposal at our 2012 annual meeting, where the proposal was approved by 97% of the votes cast on the proposal, reflects this responsiveness. Our Compensation Committee and Board viewed this vote as an endorsement of the new direction of our executive compensation programs and policies, and we remain committed to that direction. While we

Edgar Filing: REGIS CORP - Form PRE 14A

have made significant changes to our programs over the last year, our Compensation Committee and Board remain committed to exploring additional ways to improve our executive compensation programs in response to shareholder input.

Compensation Philosophy

In fiscal 2013, the Committee confirmed its compensation philosophy centered on the following guiding principles:

Generally target total direct compensation at the market median, with the following considerations:

Achieving our desired competitive position will occur over time and will consider not only the total program value, but also the reward vehicles that are used (i.e., performance-based incentives versus fixed benefits).

Moving toward the market median will consider our size and performance relative to peers (noted below) to ensure that targeted compensation is appropriately calibrated and that realizable compensation is consistent with absolute and relative performance.

Align pay with performance in a re-mixed compensation portfolio, focusing on sales, profitability and absolute stock price appreciation. Specifically:

Annual incentives will focus on adjusted EBITDA and same-store sales.

Long-term incentives will include a performance-based component focusing on adjusted EBITDA and same-store sales (40%), a stock-settled SAR component (40%) and a restricted stock component (20%) that incentivize stock ownership to align management and shareholders. The introduction of the performance-based component significantly reduces the use of strictly time-based awards to emphasize performance.

Reduce the value of benefits and perquisites to better support the desired performance-orientation of the new program, and to better align with market practices.

Review of External Market Data

In setting executive compensation for fiscal 2013 that aligned with the restated compensation philosophy, the Committee considered the practices in the external market. This market was defined by the Committee to be a new peer group consisting of 18 companies. These companies selected for the peer group (which are set forth below) represent similar industries and have annual revenues comparable to ours. In addition, the Committee considered broader retail market data described in more detail below.

In making overall compensation decisions, the Committee considers total direct compensation and each of the three elements of total direct compensation – base salary, annual non-equity incentives and long-term equity incentives – against the peer group data and against broader retail market data, each as presented by Towers Watson. The Committee selected companies for our peer group based on the following criteria:

Companies in similar industries, particularly those with a high service emphasis; and

Companies with comparable annual revenues, generally at one-half to two and one-half times Regis' revenues, such that Regis' revenues, gross profit and number of employees were above the median of the peer group in each of those areas.

Edgar Filing: REGIS CORP - Form PRE 14A

Based on the above characteristics, we identified the following 18 companies as our peer group (the "Peer Group") set of companies for fiscal 2013:

Advance Auto Parts, Inc.	Fossil, Inc.	Penn National Gaming, Inc.
Boyd Gaming Corp.	Fred's, Inc.	Revlon, Inc.
Brinker International, Inc.	Green Mountain Coffee Roasters	Sally Beauty Holdings, Inc.
Coinstar, Inc. (nka Outerwall, Inc.)	H&R Block, Inc.	Service Corporation International
Cracker Barrel Old Country Store	Jack in the Box, Inc.	The Cheesecake Factory, Inc.
DineEquity, Inc.	Panera Bread Co.	Ulta Salon, Inc.

The Committee received comparative compensation information for persons with the same or comparable job titles at the companies in the Peer Group as those titles held by our executive officers (e.g., Chief Executive Officer, Chief Financial Officer), as well as total compensation provided to all NEOs. In addition, the Committee received broader retail market data from multiple survey sources, which were adjusted to Regis' revenue size (approximately \$2.1 billion). Additional survey sources considered included: Towers Watson Compensation DataBank Retail Industry; Towers Watson Compensation Survey Report Retail Industry; Mercer Retail Industry Survey; and the Hay Group Retail Executive Survey.

Role of the Compensation Committee

The Committee is charged with developing and administering the base salary, annual and long-term incentive, and benefit programs for our executive officers. Our annual incentive program is typically referred to as our "bonus" program and it is reported as "Non-Equity Incentive Plan Compensation" in the Summary Compensation Table. In developing our compensation programs, a basic objective for the Committee was that the total compensation awarded to the NEOs be fair, reasonable and competitive in relation to the median compensation for similar positions at our peer group of companies, as identified above (the "Peer Group"), as well as in the broader retail market. This objective is consistent with our executive pay philosophy.

The primary purpose of the Committee is to discharge the responsibilities of the Board relating to the compensation of our executive officers. Accordingly, the primary duties and responsibilities of the Committee are:

to determine and approve, or make recommendations to the Board with respect to, the compensation of all executive officers; and

to consider and recommend the structure of, and changes to, our incentive compensation, equity-based plans and benefit programs.

Role of Executive Officers in Compensation Decisions

The Committee believes that in order for our executive compensation programs to be effective, management must have an opportunity to provide input. Committee meetings during fiscal 2013 were regularly attended by our Chief Executive Officer; Executive Vice President, Chief Administrative Officer and General Counsel; and other executives as needed. In particular, our Chief Executive Officer has an opportunity to present materials and discuss management's views regarding compensation issues. Our Chief Executive Officer furnishes his input to the Committee on the compensation of the Company's executive officers, including the other NEOs, and he may be present during deliberations and voting on the other executives' compensation. However, our Chief Executive Officer may not be present during deliberations and voting regarding his own compensation or during other executive sessions of the Committee.

Role of the Independent Compensation Consultant

As stated above, the Compensation Committee engaged Towers Watson as an independent consulting firm to provide executive compensation consulting services to the Committee. The Committee has assessed Towers Watson's independence pursuant to applicable SEC rules and concluded that no conflict of interest exists that would prevent Towers Watson from independently representing the Committee.

In advising the Committee, Towers Watson prepared competitive pay analyses regarding both the Peer Group and the broader retail market, and provides information on our performance compared to the Peer Group. Based on these analyses, Towers Watson advised the Committee on the level and design of compensation programs for our executive officers. The Chairperson of the Committee worked directly with Towers Watson to determine the scope of the work needed to assist the Committee in its decision-making processes. Towers Watson worked with management, at the direction of the Committee, to fully understand the historic, current and desired future direction of our pay policies and practices, as well as to facilitate the development of our compensation strategies, including the approach to determining compensation levels.

Section 2: Elements of the Executive Compensation Program

Total Direct Compensation

The compensation and benefits programs for our NEOs are intended to work together toward the alignment with shareholder interests, as well as the retention and motivation of the executive talent required to successfully manage and grow our business and to achieve our short-and long-term business objectives. Individual elements of our compensation packages are designed for different purposes. For fiscal 2013, the elements of compensation for our NEOs were base salary, annual non-equity incentive compensation (bonus), long-term equity incentive compensation and benefits. As previously stated, the Committee has a total direct compensation (i.e., base salary + annual and long-term incentives) executive pay philosophy that aims to provide an aggregate compensation package that is competitive around the median of the market relative to both our Peer Group and the broader retail market covered by the industry-specific survey data, while individual compensation elements may exceed or lag the market median. To this end, the Committee established the amount and mix of base salary and incentive compensation by referencing market practices for total direct compensation and for each element, subject to adjustments in the Committee's discretion based on company-wide and individual position and performance factors. In developing the total direct compensation package for an NEO, the Committee considered the internal relationship of pay across all executive positions. To tie compensation to performance, the Committee structured annual non-equity incentive compensation and the performance-based element of long-term incentive compensation in a manner that provided the opportunity to earn above market compensation for results above target, and below market compensation when the target is not achieved.

Total Direct Compensation for 2013

As a result of the review and the new philosophy described above, the Committee concluded that, commencing with fiscal 2013, certain aspects of our executive compensation program should be realigned to better reflect our business strategies, talent priorities and market practices. In particular, the Committee concluded that we have historically lagged the market in the amount of total direct compensation provided to our executive officers. This competitive shortfall was offset by historically above median values of other benefits.

The targeted levels of compensation that the Committee established were consistent with its compensation philosophy and support the organization's move toward a market median position over time with an emphasis on performance-based pay and a reduced emphasis on the historical benefits component of the program.

Edgar Filing: REGIS CORP - Form PRE 14A

For fiscal 2013, the total direct compensation (assuming target levels for incentive compensation) for our NEOs was generally 5% to 25% below the median of the Peer Group for executives holding comparable positions. However, Ms. Knudsen's total direct compensation was approximately one-third higher than the median because of the significance of the Company's products business, which distinguishes us from others in our industry. The Committee also considered Ms. Knudsen's tenure with the Company and the Committee determined not to reduce her compensation, but rather to adjust her compensation by moderating her incentive opportunities as appropriate. The exact level of total direct compensation for each NEO was based on a subjective determination that took into account the performance of the NEO, the Committee's judgment regarding individual responsibilities and performance, market competitiveness, length of service and other factors, including Company performance, but none of these factors have a direct correlation to the particular compensation levels. As a result of the above consideration, our Chief Executive Officer's total target direct compensation of \$4,710,808, calculated as described in the next sentence, was approximately 6% below the median. This total target direct compensation amount includes the one-time performance-based equity award he received, but excludes the one-time time-based equity award he received in connection with commencement of his employment, which was designed to compensate him for equity awards he forfeited upon resigning his prior employment. Additional information about the one-time equity grants is included below.

Base Salary

The Committee views a competitive base salary as an important component to attract and retain executive talent. Base salaries also serve as a foundation for the annual non-equity incentive plan, which expresses the bonus opportunity as a percent of base salary.

The Committee strives to set a base salary that is appropriately competitive for each executive officer. After considering input from our Chief Executive Officer regarding the performance of the other NEOs, the Committee uses its judgment regarding individual responsibilities and performance, market competitiveness, length of service and other factors, including Company performance, that it deems relevant to determine the appropriate base salary and size of any salary increase for each NEO. This approach is applied for all executive officers.

Base Salary Decisions for Fiscal 2013

The base salaries paid in fiscal 2013 to each of our NEOs are shown under the "Salary" column of the Summary Compensation Table. In connection with Towers Watson's review of our executive compensation in fiscal 2013, the Committee reviewed base salaries around the time that we hired our new Chief Executive Officer. A similar review was conducted in connection with the hiring of our new Chief Financial Officer later in the year. As a result, base salaries were set consistent with the compensation philosophy described above. For our NEOs who have been with our company for a long time, this generally resulted in a slight increase in their base salaries to advance the movement to the market median and to partially offset the reduction in benefits, as salaries have historically lagged the

market median while benefits have generally exceeded the median. The table below provides the base salary information for each of the NEOs:

FY13 Base Salaries

	FY 2012 (\$)	FY 2013 (\$)	% Change
Daniel J. Hanrahan	N/A	850,000	N/A
Steven M. Spiegel	N/A	400,000	N/A
Brent A. Moen	275,000	310,000	13%
Eric A. Bakken	400,000	450,000	13%
Norma A. Knudsen	366,000	400,000	9%
Heather L. Passe	N/A	360,000	N/A
Doug P. Reynolds	N/A	315,000	N/A

Annual Non-Equity Incentive Compensation

Annual non-equity incentive compensation ("AIC") for our NEOs is determined each year under our Short Term Incentive Plan (the "Short Term Plan"). The AIC compensation earned by our NEOs for fiscal 2013 is reported under the Non-Equity Incentive Plan column of the Summary Compensation Table. AIC amounts are governed by the Short Term Plan and the AIC performance criteria and payout levels are set each year by the Committee, in accordance with the terms of the Short Term Plan.

Each year, the Committee evaluates our annual strategic plan to determine if the financial metrics are appropriate to measure achievement of our objectives and to motivate executives, and sets corresponding financial metrics to be included in the AIC awards.

Annual Incentive Decisions for Fiscal 2013

In fiscal 2013, the AIC program was designed to emphasize our focus on top line revenue, operations and adjusted EBITDA. For fiscal 2013, 70% of the annual incentive compensation opportunity was based on achievement of adjusted EBITDA and 30% of the annual incentive compensation opportunity was based on same-store sales trend improvement.

The Committee provided for a payout of 100% of the target bonus for target-level performance. At maximum, a 200% of the target bonus payout is possible, while at minimum a payout of 25% of the target bonus was available for a threshold level of adjusted EBITDA performance, and a payout of 20% of the target bonus was available for a threshold level of same-store sales performance. Payouts for achievement of levels between threshold and target or target and maximum would be calculated using straight-line interpolation. The Committee believed that the fiscal 2013 program was designed to reward executive officers for success in stabilizing revenue, while assuring a minimum level of profitability.

Except for certain guaranteed payments to our new Chief Executive Officer and Chief Financial Officer under their employment agreements, which are described below, there were no annual incentive compensation payouts for fiscal 2013 as we did not achieve either the adjusted EBITDA threshold or

Edgar Filing: REGIS CORP - Form PRE 14A

the same-store sales threshold. The adjusted EBITDA and same-store sales improvement levels and actual results for fiscal 2013 were as follows:

FY13 ADJUSTED EBITDA AND SAME-STORE SALES IMPROVEMENT GOALS AND ACHIEVEMENT

	Adjusted EBITDA (in millions)	Same-Store Sales Improvement	
Threshold	\$ 170M		-2.0%
Target	\$ 185M		-1.5%
Stretch	\$ 190 - \$210M	-1.375% to	-.625%
Maximum	\$ 215M		-.5%
Actual	\$ 125M		-2.4%

Adjusted EBITDA is EBITDA adjusted for certain discrete impairment charges, expenses and benefits, consistent with the adjusted EBITDA we report in our earnings releases. For fiscal 2013, adjusted EBITDA was calculated as EBITDA, excluding the following:

Equity in (loss) income of affiliated companies;

Discontinued operations and related professional fees associated with the sale of Hair Club for Men and Women;

Restructuring costs;

Self-insurance reserve adjustments associated with our prior year reserves;

Recovery of bad debt related to an outstanding note receivable with Pure Beauty;

Legal costs related to the shareholder derivative lawsuit;

Inventory reserve adjustment related to standardizing plan-o-grams and eliminating products; and

Cumulative translation adjustment related to the sale and related liquidation of our euro-denominated operations.

Long-Term Incentive Compensation

The Committee considers equity-based long-term incentive compensation ("LTI") to be critical to the alignment of executive compensation with the creation of shareholder value. Our long-term equity incentive compensation awards are granted pursuant to our Long Term Plan. In fiscal 2012, there were no annual LTI grants; rather, such grants were deferred until fiscal 2013 and were made in August 2012. As a result the fiscal 2013 awards were made at 133% of the targeted value as a one-time adjustment for the deferred timing (reflective of a new annualized award schedule).

For our equity awards, the grant date for the awards is the date the grant becomes effective (generally the same day as Committee approval). The exercise price of any stock option or stock appreciation right grant is the closing price of a share of our Common Stock on the grant date. From time to time, the Committee may also make grants under other special circumstances, such as recruiting new executive talent, upon the promotion of an executive, and to retain key individuals.

Long-Term Incentive Decisions for Fiscal 2013

As mentioned above, in fiscal 2013, the Committee approved the introduction of performance units, which were designed to further encourage focus on the company's long-term strategic goals, and

Edgar Filing: REGIS CORP - Form PRE 14A

to motivate and retain our executive leadership team while further aligning their interests with the Company's stockholders. This vehicle was used in conjunction with stock appreciation rights ("SARs") and restricted stock. The targeted mix of each long-term incentive vehicle was as follows: 40% performance units, 40% SARs and 20% restricted stock units. The terms of these awards are described in more detail below in the narrative accompanying the Grants of Plan-Based Awards in 2013 table.

The performance units are earned using the same performance measures and targets described in the AIC section, with possible payouts ranging from 25% to 200% of the number of performance units. If the performance units are earned, they are settled in stock units and are subject to two additional years of time-based vesting. The performance goals established for the performance units granted to our NEOs in fiscal 2013 were not achieved during the performance period, and therefore no performance units were earned by our NEOs in fiscal 2013.

LTI awards to our NEOs for fiscal 2013 were as follows:

FY13 LTI AWARDS

	40% Performance Units (#)	40% SARs (#)	20% Restricted Stock (#)
Daniel J. Hanrahan	50,000	150,000	25,000
Steven M. Spiegel	5,666	15,482	2,833
Brent A. Moen	4,450	13,325	2,225
Eric A. Bakken	7,400	22,250	3,700
Norma A. Knudsen	5,925	17,800	2,950
Heather L. Passe	4,450	13,325	2,225
Doug P. Reynolds	4,450	13,325	2,225

The awards granted to Mr. Moen were forfeited in connection with the termination of his employment on January 4, 2013 as disclosed below.

In fiscal 2013, the Committee also made the following special, one-time LTI awards:

Mr. Hanrahan 118,062 shares of restricted stock that cliff vest after a five-year period intended as a sign-on award and to replace equity compensation he was leaving with his prior position, and 20,000 performance units that will vest if our stock trades at or above \$35 for twenty consecutive days at some time prior to the fifth anniversary of Mr. Hanrahan's employment commencement date (i.e., August 6, 2017);

Mr. Spiegel 24,316 restricted stock units that cliff vest after a five-year period, intended as a sign-on award; and

Mr. Bakken 9,480 restricted stock units that vest as to 30% of the units on the first and second anniversaries of the date of grant and 20% of the units on the third and fourth anniversaries of the date of grant to compensate Mr. Bakken for the elimination of certain contractual tax gross-ups on insurance benefits.

Special Performance Unit Grants in August 2013

As indicated above, the executive officers, most of whom joined the Company within the last two years, did not earn a payout under either the annual non-equity incentive awards or the performance unit portion of the long-term incentive awards for fiscal 2013 due to financial performance that was below the thresholds set at the beginning of fiscal 2013. Also as indicated above, fiscal 2013 was a turnaround year for the Company, and the performance targets set did not fully reflect the input of the new CEO whose tenure (and, accordingly, experience with the Company's operations) at the time the

performance targets were set was too brief to benefit from a full assessment of the directional needs of the Company. After completing such assessment, and in an effort to accelerate the Company's turnaround, the executive leadership team and Board implemented several significant initiatives focused on the long-term success of the Company that negatively impacted our financial results in the near term. The initiatives were nonetheless completed with much hard work on the part of the Company's executive team and other employees. In order to recognize the important work the executive team accomplished in the effort to reorganize the Company and to lay the groundwork that we believe will lead to long-term strategic success, and to retain and incentivize them to continue their work toward these objectives, the Committee determined, in August 2013, to grant special discretionary performance unit awards to the executive officers. Other discretionary compensation was awarded to certain other key employees who made similar contributions and are expected to continue doing so as the Company completes its turnaround. Notably, the awards to the executive officers remain performance based, and will cliff vest, if at all, at the end of the three-year performance period, thereby demonstrating the Committee's expectation that the executives remain with the Company to recognize value from the grants if the foundational initiatives undertaken are successful.

The value of the performance units for the executive officers was determined by the Committee based on its assessment of each individual's performance and contributions to the strategic and organizational actions implemented in furtherance of the Company's long-term turnaround objectives over the last year and their expected contributions during a three-year performance period. In all instances, the value of the special performance units was less than the payouts they would have received had the annual non-equity incentive awards and performance units been earned at the target level. Specifically, the value of the new performance unit awards range between 50% (in the case of Ms. Knudsen) and 85% (in the case of Messrs. Bakken and Reynolds and Ms. Passe) of the cumulative payouts they would have received under the annual non-equity incentive awards and the fiscal year 2013 performance unit awards had they been earned at the target level and, in the case of Messrs. Hanrahan and Spiegel, 85% of the payout they would have received under the fiscal year 2013 performance unit awards had they been earned at the target level (as noted above, Messrs. Hanrahan and Spiegel were entitled to guaranteed payouts for their annual non-equity incentive awards). Provided that the executive officer remains employed with the Company three years from the date of grant, the performance units will vest in full on such date if certain performance goals, which are based on adjusted EBITDA targets over the three-year performance period, are achieved. The number of performance units granted to our executive officers will be based on the closing price of a share of our Common Stock on August 30, 2013, the effective date of the awards, and will be equal to the following values (derived as described above): Mr. Hanrahan (\$781,150), Mr. Spiegel (\$79,050), Mr. Bakken (\$306,850), Ms. Knudsen (\$144,500), Ms. Passe (\$198,723), and Mr. Reynolds (\$190,188).

Benefits

Prior to fiscal 2013, the Committee reflected its executive compensation philosophy of targeting total remuneration around the market median by providing a benefits package that led the market while total cash compensation historically lagged the market. This approach was based on historic practice and was designed to retain and encourage executive commitment to the Company. As described above, following our executive compensation review and our adoption of a new compensation philosophy, we eliminated many historic benefits, as described above and we restructured our total direct compensation to more directly align with the market median and with current market practices. The benefits we provided our NEOs in fiscal 2013 are summarized in the footnotes to the Summary Compensation Table or are otherwise reported in the accompanying tables, including footnotes. Current benefits for our NEOs include core benefits available to all full-time employees (e.g., coverage for medical, dental, prescription drugs, basic life insurance, long-term disability coverage).

Prior to fiscal 2013, we also provided certain supplemental retirement benefits, additional life insurance benefits and certain gross-up payments. Where applicable, these benefits are described below under "Summary of Executive Agreements." These benefits were eliminated or frozen prior to fiscal 2013, and continue to be provided only in the case of certain grandfathered agreements, as described below. Related to this, in fiscal 2012 the Committee determined to discontinue but grandfather existing arrangements under the Company's executive life insurance program, which provides employer paid whole life premium payments for a select group of senior executives, up to a total of ten payments. In arriving at the decision to grandfather existing arrangements, the Committee considered the importance of this benefit as a retirement vehicle and the potential dissatisfaction that could result from eliminating the benefit.

Section 3: Additional Compensation and Governance Related Items

Compensation Governance

Although we have completed a significant overhaul of our compensation programs in fiscal 2013, we remain committed to continued reviews, revisions and maintenance of best practices related to our executive compensation programs, including:

Obtaining advice and recommendations from an independent compensation consultant that reports directly to our Compensation Committee;

Implementing our "clawback" policy and possibly extending it to other forms of compensation in the future;

Monitoring compliance with our current stock ownership guidelines to provide for meaningful stock ownership by our executive officers and directors;

Prohibiting our employees, officers and directors from engaging in transactions that "hedge" their investments in our stock; and

Submitting our executive compensation to an advisory vote by shareholders every year.

Stock Ownership by Named Executive Officers

The Board believes that each of our officers who has reached the level of Senior Vice President or above should be a shareholder and should have a significant financial stake in the Company. Accordingly, the Committee adopted Common Stock ownership requirements, which are reflected in the Corporate Governance Guidelines on our website, requiring each officer to hold Regis common stock having a fair market value equal to a multiple of their base salary, as set forth below:

Chief Executive Officer 3x annual base salary

Executive Vice President 2x annual base salary

Senior Vice President 1x annual base salary

The current stock ownership requirements were established in April 2013. The guidelines require officers to retain at least 75% of the shares received from equity compensation awards, net of shares withheld or tendered to satisfy withholding taxes, until the stock ownership requirement is satisfied. All shares beneficially owned by an officer are included in the calculation, provided that shares subject to performance-based vesting conditions and shares subject to unexercised stock options and SARs shall not be included. The shares will be valued at the greater of (i) the average closing price of a share of the Company's Common Stock during the most recent fiscal year and (ii) the closing price on the last

day of the most recent fiscal year. The table below sets forth the current stock ownership for each NEO who continues to serve as an executive officer:

	Stock Ownership Guideline	Current Ownership Level
Daniel J. Hanrahan	3x	3.2x
Steven M. Spiegel	2x	1.2x
Eric A. Bakken	2x	2.3x
Norma A. Knudsen	2x	1.4x
Heather L. Passe	1x	0.1x
Doug P. Reynolds	1x	0.1x

The Committee is responsible for measuring and monitoring compliance with these guidelines.

In 2011, the Company amended its insider trading policy to prohibit employees, including officers, and directors from engaging in any hedging transactions involving Company stock.

Post-Employment Compensation

Pursuant to their employment agreements that were entered into or materially amended during fiscal 2013, Mr. Hanrahan, Mr. Spiegel and each of our remaining NEOs are entitled to certain compensation and other benefits if their employment terminates due to certain articulated reasons (including in connection with a change in control), as described below under "Summary of Executive Agreements." The employment agreements with our NEOs contain covenants not to compete or solicit, as well as confidentiality provisions, that the Committee considers especially valuable in the event of an executive's termination of employment. Unlike prior employment agreements, the new employment agreements provide for payment of post-termination payments in installments over time, and the payments are conditioned upon signing and not rescinding a release of claims and continuing compliance with the restrictive covenants in the employment agreement. In addition, the severance payments will be offset by any compensation the executive officer receives from other employment during the severance period.

The Committee and the Board recognize the importance to us and our shareholders of avoiding the distraction and loss of key management personnel that may occur in connection with any rumored or actual change in control of the Company. Accordingly, the Committee and Board have structured change in control provisions to incentivize executives to remain employed while a transaction is under consideration or pending, and not to favor one transaction structure over another merely because of the impact on the executive's compensation.

These provisions are discussed in the section captioned "Summary of Executive Agreements."

2013 Events Related to Senior Management Changes and Post-Employment Agreements

As described elsewhere, we entered into new employment agreements with our new Chief Executive Officer and Chief Financial Officer during fiscal 2013. We also adopted a new general form of employment agreement for our other executive officers and signed these new agreements or amended and restated prior agreements to implement these terms with all our executive officers during fiscal 2013.

In connection with the termination of employment of Mr. Moen in January 2013, we entered into a separation agreement with him, which merely conveyed the terms of the severance he was entitled to receive under his recently amended employment agreement. The purpose of the separation agreement was to ensure a smooth transition and to obtain a general release of legal claims and set forth the continuing restrictive covenants that would apply to Mr. Moen as a condition to his continued receipt

of separation payments. The terms of the separation agreement are described in more detail below under "Summary of Executive Agreements *Separation Agreement with Brent Moen, Former Chief Financial Officer.*"

Deductibility of Executive Compensation

Code Section 162(m) imposes a \$1 million limit on the amount that a public company may deduct for compensation paid to a company's chief executive officer or any of its three other most highly compensated executive officers (other than its chief financial officer) who are employed as of the end of the year. This limitation does not apply to compensation that meets the requirements under Section 162(m) for "qualifying performance-based" compensation (i.e., compensation paid only if the individual's performance meets pre-established objective goals based on performance criteria approved by shareholders). The Committee's policy is to design compensation programs that further the best interests of the Company and our shareholders and that preserve the tax deductibility of compensation expenses. Non-equity incentive compensation paid to executive officers under the Short Term Plan and stock options and SARs awarded under the Long Term Plan are designed to qualify as performance-based compensation. The Committee also believes, however, that it must maintain the flexibility to take actions which it deems to be in our best interests but which may not qualify for tax deductibility under Section 162(m). In this regard, the Committee recognizes that if the amount of base salary (and any other compensation that is not determined to be performance-based under Section 162(m), such as time-vested restricted stock or guaranteed bonuses for new executives) for any of our executive officers exceeds \$1 million, any amounts over \$1 million will not be deductible for federal income tax purposes.

As required under the tax rules, we must obtain shareholder approval of the material terms of the performance goals for qualifying performance-based compensation every five years. We last requested and received shareholder approval of the Short Term Plan in 2009 and of the Long Term Plan in 2010.

Regulatory Considerations

The Committee considered (i) the impact of the \$1 million limit on the deductibility of non-performance based compensation imposed by Code Section 162(m), (ii) the accounting treatment of various types of equity-based compensation under Accounting Standards Codification (ASC) Topic 718, and (iii) the non-deductibility of excess parachute tax payments under Code Section 280G (and the related excise tax imposed on covered employees under Code Section 4999 as described above under "Gross-Up Payments") in its design of executive compensation programs. In addition, the Committee considered other tax and accounting provisions in developing the compensation programs for our NEOs. These included the special rules applicable to non-qualified deferred compensation arrangements under Code Section 409A, as well as the overall income tax rules applicable to various forms of compensation. While the Committee strove to compensate our NEOs in a manner that produced favorable tax and accounting treatment, its main objective was to develop fair and equitable compensation arrangements that appropriately motivate, reward and retain those executives.

- (1) Includes amounts provided to the NEOs in the form of a modest perquisite allowance of approximately \$25,000 per NEO that primarily covers an automobile allowance. The entire allowance is paid to the NEOs regardless of whether they spend the entire amount on automobile expenses and, therefore, is reported as base salary; however, the allowance amount is not included as base salary for purposes of determining other compensation and benefits amounts.
- (2) Amounts for Messrs. Hanrahan and Spiegel represent payouts of guaranteed bonus payments made pursuant to the terms of the employment agreements with the NEOs as described below under "Summary of Executive Agreements." Amounts for Ms. Passe and Mr. Reynolds represent sign-on payments made in connection with the commencement of their employment.
- (3) Values expressed represent the aggregate grant date fair value of stock or option awards granted in each fiscal year, as computed in accordance with FASB ASC Topic 718, based on the closing stock price on the grant date. See Note 12 to our consolidated financial statements included in our Annual Report on Form 10-K for the fiscal year ended June 30, 2013 for a description of the assumptions used in calculating these amounts. Of the amounts reported for the fiscal year ended June 30, 2013, the following grant date fair value amounts relate to the performance units that were granted, but did not vest and thus were forfeited: Mr. Hanrahan \$919,000; Mr. Spiegel \$93,206; Mr. Moen \$81,791; Mr. Bakken \$136,012; Ms. Knudsen \$108,902; Ms. Passe \$81,791; and Mr. Reynolds \$81,791. The grant date fair values of these awards assumed that the target level achievement would be attained. If the grant date fair values had been calculated assuming the maximum level of achievement, the grant date fair values would have been: Mr. Hanrahan \$1,838,000; Mr. Spiegel \$186,412; Mr. Moen \$163,582; Mr. Bakken \$272,024; Ms. Knudsen \$217,804; Ms. Passe \$163,582; and Mr. Reynolds \$163,582. The value for Mr. Hanrahan also includes his special one-time restricted stock grant valued at \$2,126,297.

(4) Amounts represent the change in the present value of benefits under the pension plans.

- (4) These amounts represent the threshold, target and maximum number of performance units available to our executives with respect to the fiscal 2013 performance unit award for the performance period ending June 30, 2013. As described above in the CD&A, no amounts were under these performance units for fiscal 2013, and the awards were forfeited.
- (5) This amount represents the number of restricted stock units awarded to Mr. Hanrahan that will vest and become non-forfeitable if our Common Stock price (as reported on the NYSE) equals or exceeds \$35.00 for any consecutive 20-day period until August 6, 2017. The restricted stock units terminate if they do not vest prior to August 6, 2017. Each restricted stock unit entitles Mr. Hanrahan to receive one share of our Common Stock at the time of vesting without payment of an exercise price or other consideration.
- (6) The amounts for Mr. Moen represent the bonus opportunity and equity incentive opportunity he would have been eligible to receive if he had remained employed for the entire fiscal year. Because his employment terminated prior to the end of the fiscal year, he was ultimately entitled to receive only a prorated payout based on his period of employment during the fiscal year; however, since the performance goals were not attained, there were no bonus or performance unit payouts for fiscal 2013.

Summary of Terms of Equity Awards

The terms of the equity awards granted as part of the long-term incentives for fiscal 2013 are summarized below:

Performance Units The performance-based vesting terms of the performance units are described above in the CD&A under "*Long-Term Incentive Decisions for Fiscal 2013.*" In the event of a termination of employment, the performance units are generally forfeited; provided,

however, that a pro-rated amount of the performance units will payout at the target level upon a participant's death or disability and a pro-rated amount of the performance units will payout based on actual performance at the end of the performance period upon a participant's retirement, which is defined to mean termination at age 62 or after age 55 with 15 years or more of continuous service. Similarly, in the event of a change in control, a pro-rated amount of the performance units will payout at the target level. The performance units earn dividend equivalents, but have no voting rights.

SARs The SARs vest as to one-third of the shares on each of the first three anniversaries of the date of grant and settle in the form of shares of Common Stock. In the event of a termination of employment, the SARs are generally forfeited; provided, however, that vesting is accelerated in the event of death, disability, retirement (defined as described above for performance units) and a change in control. The participant or his or her successor has one year to exercise the SARs in the event of death or disability and 90 days in the event of retirement. The SARs do not have any voting or dividend rights until the shares are vested and exercised.

Restricted Stock Units The restricted stock units vest as to one-third of the shares on each of the first three anniversaries of the date of grant. In the event of a termination of employment, the restricted stock units are generally forfeited; provided, however, that the vesting is accelerated in the event of death, disability or a change in control and a pro-rated amount of the units will vest in the event of retirement (defined as described above for performance units). The restricted stock units earn dividend equivalents, but have no voting rights. The special equity grants issued to Mr. Hanrahan in the form of performance-based restricted stock units and restricted stock in connection with his appointment as Chief Executive Officer, which are described in the CD&A under " *Long-Term Incentive Decisions for Fiscal 2013*" vest in full in the event of death, disability, termination without cause, termination for good reason and a change in control.

Employment Agreements with Remaining Named Executive Officers

We are also party to employment agreements with our Executive Vice President and Chief Administrative Officer (Eric Bakken), our former Chief Financial Officer (Brent Moen), our Executive Vice President, Merchandising (Norma Knudsen), our Chief Marketing Officer (Heather Passe) and our Chief Information Officer (Doug Reynolds). Mr. Moen's employment terminated on January 4, 2013. Mr. Moen's separation was governed by a separation agreement described below.

The employment agreements for Mr. Bakken, Mr. Moen, Ms. Knudsen, Ms. Passe and Mr. Reynolds are summarized below, including the key differences in their respective employment agreements:

Base Salary Base salaries of each executive officer are as determined by the Committee from time to time. Their fiscal 2013 base salaries were: Mr. Bakken, \$450,000; Mr. Moen, \$310,000; Ms. Knudsen, \$400,000; Ms. Passe, \$360,000 and Mr. Reynolds, \$315,000.

Bonus Each executive officer is eligible for an annual performance bonus as determined under the provisions of the Short Term Plan.

Long-Term Incentives Each executive officer is eligible to participate on the same basis as other executive officers under the Long Term Plan. Equity awards were granted to Mr. Bakken, Mr. Moen, Ms. Knudsen, Ms. Passe and Mr. Reynolds in fiscal 2013. In addition, Mr. Bakken received a special grant of 9,480 restricted stock units to compensate him for the elimination of certain tax gross-up payments. In connection with Mr. Moen's termination of employment on January 4, 2013, his long-term incentive awards for fiscal 2013 were forfeited as unvested.

Severance Benefits Upon Termination Prior To or More Than Twenty-Four Months Following a Change In Control Each executive officer is entitled to severance if the executive officer is terminated without cause or the executive officer terminates for good reason. In that event, the executive would receive an amount equal to one times annual base salary (or, in the case of a termination of Ms. Passe's employment during the first two years of her employment, one and one-half times her annual base salary) plus a prorated portion of any bonus the executive officer would have earned for the year of termination (based on actual performance). The executive officer would also receive up to 12 months of benefits continuation payments. The severance payments are also contingent upon signing and not rescinding a release and complying with certain non-competition and non-solicitation provisions.

Severance Benefits in Connection with a Change In Control If the executive officer's employment is terminated without cause or terminates for good reason within 24 months following a change of control, then the executive officer receives an amount equal to two times annual base salary plus two times the target annual bonus for the year of termination. The executive officer would also receive up to 18 months of benefits continuation payments.

Provision for Offset of Severance The severance payments will be paid over the course of the severance period and offset by any compensation an executive officer receives from other employment during the severance period.

Retirement Benefits Pursuant to certain grandfathered provisions of their employment agreements, upon retirement (at or after age 65), Mr. Bakken, Mr. Moen and Ms. Knudsen are entitled to receive a lump sum cash payment equal to the present value of a hypothetical annuity of monthly payments which are equal to the greater of \$5,000 or 40% of their respective five-year average monthly compensation for the five-year period ending June 30, 2012 (i.e., July 1, 2007 through June 30, 2012), excluding bonuses (subject to a 20-year vesting schedule), to be paid for 240 months. Mr. Bakken's, Mr. Moen's and Ms. Knudsen's agreements provide that they will be entitled to the fully vested benefit if his or her employment is terminated without Cause or if he or she terminates for Good Reason at any time, and each executive officer's agreement provides that they will be entitled to the fully vested benefit if his or her employment terminates for any reason other than for Cause within two years of a Change in Control. Additionally, upon any termination of the executive officer's employment following a Change in Control (except for Cause), he or she receives (i) the same retirement benefits described below, except that the lump-sum is equal to the sum of the payments due, determined as if he or she is fully vested, and (ii) a lump sum payment of any unpaid amounts described below under "Life Insurance."

Each executive officer has the option to elect to receive his or her retirement benefit in the form of the 240 monthly payments rather than the lump sum, provided that such election is made in accordance with the requirements described in their employment agreement and consistent with Code Section 409A. In addition to the possibility for reduction based on: (i) the vesting schedule, and/or (ii) the present value discount for a lump sum payment, an executive's retirement benefit is subject to further discount if paid prior to age 65 (an "Early Retirement"). If payment is made in connection with an Early Retirement, the hypothetical annuity of 240 monthly payments is discounted by first calculating the benefit as an annuity starting at age 65, and then converting it to an immediate commencement annuity using the yield to maturity of 30-year U.S. Treasury Notes as of June 30, 2012 (2.76%).

If any executive officer dies before receiving full payment of his or her retirement benefit, payment will be made in a lump sum or monthly payments will continue, as applicable, to his or her designated beneficiary (or his or her estate). If any executive officer becomes disabled, he or she will receive monthly payments beginning six months after his disability begins and continuing until the earlier of his or her death or attainment of age 65, or until he ceases to be disabled, in an amount equal to his monthly benefit. At death or attainment of age 65, he or she (or his or her beneficiary) will receive the benefit described above under "Retirement Benefits." No retirement benefits are payable in the event of termination of employment for Cause. In connection with his retirement, Mr. Moen received a lump sum payment of \$828,435 on August 2, 2013, based on his vested monthly benefit (based on 100% vesting for his years of service) of \$7,633 and a 30-year U.S. Treasury Notes rate of 2.76%.

Under the new employment agreements signed by Mr. Moen, Mr. Bakken and Ms. Knudsen effective August 31, 2012, we froze vesting in these retirement benefits as of June 30, 2012, subject to the continued right to full acceleration in the event of termination without Cause or termination for Good Reason, as described above. As indicated, we also limited the calculation of the monthly benefit to the executive's five-year average monthly base salary as of June 30, 2012.

Life Insurance We have agreed to pay premiums for a total of ten years on the existing policies insuring the lives of certain of our executive officers who were entitled to such benefits and were employed by the Company as of June 30, 2012. In connection with his termination from employment on January 4, 2013, no payments were made by the Company in fiscal 2013 on the policy for Mr. Moen. In addition, prior to fiscal 2013, the tenth and final payment had been made on the policy for Ms. Knudsen, and therefore the Company's commitment with respect to such policy payments has been satisfied. As of June 30, 2013, we have made the following

Edgar Filing: REGIS CORP - Form PRE 14A

number of payments on the policy for Mr. Bakken: seven payments on one policy and nine payments on a second policy. As of June 30, 2013, the aggregate face amount of Mr. Bakken's policies is approximately \$3.2 million. In addition, if Mr. Bakken's employment terminates for any reason other than for Cause within two years of a Change in Control, he is entitled to a lump sum payment of any unpaid life insurance premium amounts.

Health, Welfare and Other Benefits During each executive officer's employment, health and welfare benefits are provided on the same basis as for other executive officers.

Restrictive Covenants The executive officers are subject to a 24-month non-compete and non-solicitation restrictive covenants. Our remedies for violation of the restrictive covenant include our ability to cease making further payments of retirement and severance benefits. Under the new employment agreements with the executive officers, severance payments will be made over time, as opposed to payment in a lump sum, which provides enhanced enforceability of the restrictive covenants.

Mandatory Arbitration Disputes arising under the executive officers' employment agreements are to be resolved by binding arbitration.

Definitions under Executive Agreements

Certain of the terms used in the executive agreements as in effect during fiscal 2013 are defined below:

Cause Acts resulting in a felony conviction that is materially detrimental to the financial interests of the Company; willful nonperformance by the executive of his material employment duties (other than by reason of physical or mental incapacity) after reasonable notice to the executive and reasonable opportunity (not less than 30 days) to cease such non-performance; or willful engagement in fraud or gross misconduct that is materially detrimental to the financial interests of the Company.

Change in Control A person is or becomes the beneficial owner of 20% or more of the outstanding common stock or outstanding voting securities of the Company; consummation of a merger or consolidation of the Company, a statutory share exchange or an acquisition of all or substantially all of the Company's assets unless the beneficial owners of the Company's outstanding voting securities immediately prior to the transaction beneficially own more than 50% of the voting power of the outstanding voting securities of the surviving entity in substantially the same proportions; or the incumbent directors cease to constitute at least a majority of the Board.

Good Reason Assignment to the executive of duties inconsistent with his status or any adverse alteration in the executives reporting responsibilities, titles or offices; a material reduction of the executive's base salary; failure by the Company to continue any compensation plan, bonus or incentive plan; material breach of the agreement by the Company; requirement that the executive's principal place of employment be relocated by more than 30 miles from the Company's current address; or the Company's failure to obtain an agreement from any successor entity to assume the Company's obligations under the agreement.

Disability Physical or mental disability or health impairment that prevents the effective performance by the executive of his duties on a full time basis.

Separation Agreement with Brent Moen, Former Chief Financial Officer

As referenced above, Mr. Moen's employment with the Company was terminated effective as of January 4, 2013. In connection with such termination, we have entered into a Separation and

Non-Disparagement Agreement and General Release with Mr. Moen, the key provisions of which are described below. The separation agreement merely restated the terms of his prior employment agreement as they pertained to termination of Mr. Moen's employment. The separation agreement did not provide any additional or accelerated benefits from what he was entitled to receive under his employment agreement.

Severance Compensation Mr. Moen received severance compensation of \$310,000 in 12 equal monthly installments commencing after the release rescission period. The severance amount represents one year of Mr. Moen's base salary exclusive of his perquisite allowance amount ordinarily included as base salary.

Bonus Mr. Moen was entitled to receive a bonus payment pursuant to the Short Term Plan for fiscal 2013, prorated for a period of seven months during which Mr. Moen was employed, with payment made at the same time as payments were made to all eligible executives. No bonus payment was made to Mr. Moen for fiscal 2013 as the Company failed to meet the performance goals established for a payout under the Short Term Plan for fiscal 2013.

Long-Term and Equity Incentives Pursuant to the terms of the Long Term Plan, Mr. Moen's unvested restricted stock, restricted stock units, performance unit, stock option and stock appreciation right awards were forfeited. Under the terms of the Long Term Plan, Mr. Moen was allowed to exercise his vested, unexercised stock options and SARs for a period of 90 days following his termination date. During such 90-day period, Mr. Moen exercised 640 SARs and was issued 38 shares of the Company's Common Stock. Other than the 640 exercised SARs, all remaining options and SARs expired unexercised prior to June 30, 2013.

Retirement Benefits Pursuant to the terms of Mr. Moen's employment agreement with us, Mr. Moen received a lump sum cash payment of his retirement benefit (see discussion under the supplemental retirement benefit portion of the "Retirement Plans and Arrangements" section below) based on a fully vested monthly benefit, discounted as provided under the terms of his employment agreement and paid the first day of the seventh month following the termination date. In connection with his termination from employment with the Company on January 4, 2013, Mr. Moen's retirement benefit was paid to him on August 2, 2013 in the amount of \$828,435.

Health and Welfare Benefits We agreed to reimburse Mr. Moen for the employer portion of Mr. Moen's COBRA premiums for health and dental for a period of 12 months, provided that such reimbursement will cease if Mr. Moen were to become eligible for health or dental under another employer's plan or under certain other circumstances.

Covenants As part of the separation agreement, Mr. Moen is subject to a general non-disparagement clause, a release of legal claims against the Company, and 24-month non-compete and non-solicitation restrictive covenants.

Retirement Plans and Arrangements

Historically, we have provided the Named Executive Officers with participation in a nonqualified supplemental retirement benefit and the Executive Retirement Savings Plan.

Nonqualified Supplemental Retirement Benefit: Prior to fiscal 2013, we offered senior executives a nonqualified supplemental executive retirement benefit that is funded through key personal life insurance policies. The retirement benefit is included within the terms of an executive's employment agreement with the Company and provides for a lump sum payment upon retirement in an amount equal to the present value of a hypothetical annuity of 240 monthly payments which are equal to the executive's vested percentage multiplied by the greater of (i) 40% of the executive's average monthly compensation for the 60-month period preceding June 30, 2012 and (ii) \$5,000. The present value of

the annuity is determined using an interest rate equal to the yield to maturity of 30-year U.S. Treasury Notes as of June 30, 2012 (2.76%). An executive's vested percentage is determined under a 20-year vesting schedule based on the executive's completed years of service, with vesting commencing at 5% after seven years of service and the executive becoming fully vested after 20 years of service.

Under their employment agreements, executives had the option to elect to receive their retirement benefit in the form of an annuity (i.e., the 240 monthly payments) rather than the lump sum, provided that such election be made in accordance with the requirements described in their employment agreement. With regard to the employment agreements with a supplemental retirement benefit, all of the executives who have such an agreement have elected to receive their benefit in the form of a lump sum.

In addition to the possibility for reduction based on: (i) the vesting schedule, and/or (ii) the present value discount for a lump sum payment, an executive's retirement benefit is subject to further discount if paid prior to age 65 (an "Early Retirement"). If payment is made in connection with an Early Retirement, the hypothetical annuity of 240 monthly payments is discounted by first calculating the benefit as an annuity starting at age 65, and then converting it to an immediate commencement annuity using the yield to maturity of 30-year U.S. Treasury Notes as of June 30, 2012 (2.76%). Subject to timing requirements as set forth in the executive's employment agreement, executives have the option to elect, at least 12 months prior to their Early Retirement, to defer receipt of their retirement benefit, and therefore to receive a larger benefit.

The nonqualified supplemental retirement benefit was designed to recognize long-term service with Regis and as a retention tool through the vesting schedule and discounting provisions. The nonqualified supplemental retirement benefit is forfeited upon an executive's termination for Cause (as defined in the executive's employment agreement). For Mr. Moen, Mr. Bakken and Ms. Knudsen, any termination of their employment without Cause or for Good Reason (each as defined in the executive's employment agreement) will result in the executive becoming fully vested in the entire benefit.

Effective June 30, 2012, we froze the supplemental retirement benefit. Executives who were not vested in any portion of their retirement benefit on such date will never vest in that benefit. In addition, executives with vested benefits had their benefits frozen such that they will not be entitled to further vesting credit for continued employment and the calculation of the benefit payable will be based on the 60-month period preceding June 30, 2012 (as opposed to the 60-month period preceding the date of termination). We also froze the interest rate used to calculate the present value of the annuity at the yield to maturity of 30-year U.S. Treasury Notes at June 30, 2012. Any new executives employed on or after June 30, 2012 do not receive this benefit.

Executive Retirement Savings Plan: Named Executive Officers are eligible to defer some or all of their annual salary and/or annual non-equity incentive compensation (i.e., bonus) into our Executive Retirement Savings Plan, a nonqualified deferred compensation plan. Executives may defer up to 100% of their annual compensation, including bonus. Elections to defer compensation under the Executive Retirement Savings Plan are made annually, prior to the beginning of the year in which the deferred compensation is earned. Employer contributions under the Executive Retirement Savings Plan for our Named Executive Officers include a 25% match on up to a maximum of \$100,000 in deferred compensation and a discretionary annual profit sharing contribution. We deposit the deferred amounts and employer contributions into a trust for the benefit of plan participants. In accordance with tax laws, the assets of the trust are subject to claims of the Company's creditors. Participant account balances are deemed invested as the executive directs, from time to time, among the investment alternatives offered. Subject to compliance with applicable tax requirements (including, without limitation, Code Section 409A), executives may elect the distribution date for salary and bonus deferrals. However, employer profit sharing contributions are distributed only upon termination of employment.

PENSION BENEFITS IN 2013

The following table sets forth certain information concerning pension benefits for the Named Executive Officers for fiscal 2013:

Name(1)	Age at June 30, 2013	Plan Name(2)	Number of Years of Credited Service (#)(3)	Present Value of Accumulated Benefit \$(4)	Payments During Last Fiscal Year \$(5)
Brent A. Moen	46	Employment Agreement	20	828,435	
Eric A. Bakken	46	Employment Agreement	19.5	767,825	
Norma A. Knudsen	55	Employment Agreement	18	1,039,882	

- (1) Messrs. Hanrahan, Spiegel and Reynolds and Ms. Passe do not participate in the Company's pension benefits program as it was frozen prior to the commencement of their employment.
- (2) Retirement benefits provided under the applicable employment agreement for each Named Executive Officer as described above under "Summary of Executive Agreements."
- (3) The number of years of credited service for Mr. Moen reflects the acceleration of his pension benefit in connection with the termination of his employment (as compared to his actual years of service of 11.5 years as of his termination). The number of years of credited service shown for Mr. Bakken and Ms. Knudsen represent their actual years of service; however, for purposes of determining the value of their accumulated benefit, their years of credited service were frozen at 18.5 and 17 years, respectively, as described above.
- (4) Present value of pension benefits for Mr. Moen reflects the actual payout amount due to his termination of employment prior to June 30, 2013. Present value of pension benefits for Mr. Bakken and Ms. Knudsen are calculated based on the following assumptions: (i) freezing of the pension benefits as described above under "Summary of Executive Agreements *Retirement Plans and Arrangements*," (ii) expected retirement age of the later of (A) June 30, 2013 or (B) age 65, which is the earliest time a participant may retire without any benefit reduction due to age, and (iii) discount rate of 2.76%.
- (5) For information about payments made or to be made subsequent to fiscal 2013 to Mr. Moen, see "Summary of Executive Agreements *Separation Agreement with Brent Moen, Former Chief Financial Officer*."

Potential Payments Upon Termination or Change in Control

The tables that follow describe potential payments and benefits provided to our NEOs or their beneficiaries under the employment agreements, plans and arrangements in existence at June 30, 2013 under various scenarios involving a termination of employment and/or a change in control, and assuming that the termination or change in control event(s) occurred on June 30, 2013. The agreements are described in more detail above under "Summary of Executive Agreements." The following presentation has been keyed to the following events upon which an NEO or their beneficiaries would be entitled to a payment or benefit:

Voluntary termination or involuntary termination not related to a change in control;

Termination due to death;

Termination due to disability;

A change in control not involving an employment termination; and

Involuntary termination or voluntary termination after a change in control.

Unless otherwise specified, an "involuntary termination" for these purposes includes a termination by the NEO for "Good Reason," but does not include a termination for "Cause." A "voluntary termination" refers to a termination by the NEO other than for "Good Reason." "Cause" and "Good Reason" for these purposes have the meanings described above under "Definitions under Executive Agreements."

Because the employment of Mr. Moen terminated during fiscal 2013, information has only been provided based on his actual termination event.

(1) Amounts represent a lump sum cash payment equal to the present value of a hypothetical annuity of 240 monthly payments (the monthly benefit described above under the section titled "Summary of Executive Agreements *Retirement Plans and Arrangements*"), calculated using a 2.76% rate of interest.

- (1) The amount represents a cash payment equal to one times annual base salary (one and one-half times annual base salary for Ms. Passe during her first two years of employment). For Messrs. Hanrahan and Spiegel, includes guaranteed cash payments as described under the "Summary of Executive Agreements" section of this Proxy Statement. For Mr. Hanrahan, target incentive payouts are assumed for future years, as actual performance levels are unknown. Other possible severance totals for Mr. Hanrahan include \$1,782,639 if incentive payouts are \$0 each year, \$2,306,289 if incentive payouts are at threshold each year, and \$6,239,236 if incentive payouts are at maximum each year. An executive whose employment terminates in the middle of a fiscal year is also entitled to a prorated portion of any bonus the executive officer would have earned for the year of termination (based on actual performance). For fiscal 2013, Mr. Moen received no prorated bonus because actual performance did not result in a payout (and, similarly, the severance amounts shown for the other executive officers does not include any amounts related to such bonus).
- (2) The amount represents the estimated medical and dental insurance premiums for the applicable benefits continuation period (18 months for Mr. Hanrahan and 12 months for other executive officers).
- (3) The amount represents a lump sum cash payment equal to the sum of all unpaid life insurance premium payments as described under the "Summary of Executive Agreements Employment Agreements with Remaining Named Executive Officers *Life Insurance*" section of this Proxy Statement.
- (4) The amounts represent a lump sum cash payment equal to the present value of a hypothetical annuity of 240 monthly payments (the monthly benefit described above under the section titled "Summary of Executive Agreements *Retirement Plans and Arrangements*") calculated using a 2.76% rate of interest. In connection with his termination from employment with the Company on January 4, 2013, Mr. Moen's retirement benefit was paid to him on August 2, 2013 as a lump sum cash payment in the amount of \$828,435.
- (5) Amounts represent the intrinsic value of one restricted stock award as of June 30, 2013 for which vesting would be accelerated. The value entered for restricted stock is the number of shares for which vesting would be accelerated multiplied by \$16.42.
- (6) Because Mr. Moen's employment terminated during fiscal 2013, the amounts reported for Mr. Moen are the actual amounts he has received or will receive pursuant to the terms of his separation agreement with the Company. For additional information on the separation agreement with Mr. Moen, see "Summary of Executive Agreements *Separation Agreement with Brent Moen, Former Chief Financial Officer*" above.

The value entered for options and SARs is based on the difference between \$16.42, the closing price of the Company's Common Stock on June 28, 2013 on the NYSE, and the option or SAR exercise price. The value entered for restricted stock is the number of shares for which vesting would be accelerated multiplied by \$16.42.
- (2) Amounts represent a lump sum cash payment equal to the present value of a hypothetical annuity of the fully vested, unreduced monthly retirement benefit (described above under the section titled "Summary of Executive Agreements *Retirement Plans and Arrangements*") payable to a beneficiary for 240 months calculated using a 2.76% rate of interest.
- (3) The amount represents a lump sum cash payment equal to the sum of all unpaid life insurance premium payments as described under the "Summary of Executive Agreements *Employment Agreements with Remaining Named Executive Officers Life Insurance*" section of this Proxy Statement.

Termination After Change in Control

As disclosed in the immediately preceding table, certain payments and benefits would be made available to the NEOs regardless of whether a termination of employment also occurs. The two tables below describe additional payments and benefits that would be provided under certain circumstances if an NEO's employment terminates after (generally within two years) a change in control. For presentation purposes, such a termination of employment is deemed to occur on June 30, 2013, concurrently with the change in control.

Amount shown is a lump sum payment equal to two times annual base salary plus two times the target annual bonus for the year of termination. Under Code Section 280(g), executives will incur an excise tax on portions of these payments if the parachute value of payments exceeds a specified threshold. In the event that this excise tax is triggered by the payments due upon an involuntary termination after a change in control, the Company will determine, pursuant to the terms of the executives' employment agreements, whether the executive is better off receiving the full payment due and paying the excise tax, or receiving a reduced payment that falls just below the excise tax.

2013 Director Compensation Table

Compensation of our directors is reviewed and determined by the Board on an annual basis, with consideration given to industry comparisons of directors' compensation. A portion of director compensation is linked to our stock performance in the form of equity awards. Employee directors do not receive any cash or other compensation for their services as directors. Each of the cash compensation and the equity compensation for non-employee directors who serve during only a portion of a fiscal year is prorated.

During fiscal 2012, the Compensation Committee retained Towers Watson to conduct a market review of our non-employee director compensation. In connection with that review, the Compensation Committee approved certain changes to our non-employee director compensation, which are summarized below:

The annual cash retainer was reduced from \$75,000 to \$70,000;

The annual cash retainer for the chairman of the Audit Committee was increased from \$10,000 to \$15,000;

Annual cash retainers of \$10,000 and \$7,500 were approved for the chairs of the Compensation Committee and the Nominating and Corporate Governance Committee, respectively;

The equity component was changed from 7,000 shares of restricted stock to a deferred stock unit valued at \$90,000, which vests monthly over a period of one year and does not pay out until the director leaves the Board; and

The additional compensation payable to our independent Chairman of the Board was set at \$85,000, with such amount paid in the form of deferred stock units that vest monthly over a period of one year and do not pay out until the Chairman leaves the Board.

In addition, to compensate Mr. Conner for his additional work as independent Chairman of the Board during the Company's period of transition, which included his additional work related to our CEO transition and integration, Mr. Conner received \$15,000 per month, paid in the form of restricted stock units that vest monthly over a period of one year, and which payments were made while the CEO succession/integration took place. These payments were discontinued effective January 2013, with the last payment occurring December 31, 2012.

The following table shows, for each of the non-employee directors, information concerning annual and long-term compensation earned for services in all capacities during the fiscal year ended June 30, 2013.

ADVANCES OF DEFENSE COSTS FOR CERTAIN LITIGATION MATTERS

Certain members of the Company's current Board, certain former Board members and certain former officers have been named as defendants in a lawsuit alleging breaches of fiduciary duties to the Company in connection with approval of certain executive compensation arrangements and certain related party transactions. The current and former directors and officers who have been named as defendants in this action have a legal right under the Minnesota Business Corporation Act and the Company's Restated Articles of Incorporation to advancement of their costs of defense. Accordingly, in fiscal 2013, the Company has advanced defense costs on behalf of the current and former directors and officers amounting to approximately \$551,000. The Company has directors and officers insurance that it anticipates will provide reimbursement for amounts advanced which exceed the Company's \$500,000 retention.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934, as amended (the "Exchange Act"), requires our officers and directors, and persons who own more than 10% of a registered class of our equity securities, to file reports of ownership and changes in ownership with the SEC. Such officers, directors and shareholders are required by the SEC's regulations to furnish us with copies of all such reports.

To our knowledge, based solely on a review of copies of reports filed with the SEC during the fiscal year ended June 30, 2013, all applicable Section 16(a) filing requirements were complied with.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

During fiscal 2013, we were not a party to any related party transactions covered by the Exchange Act rules.

In April 2013, the Board adopted a written Related Party Transaction Approval Policy, which sets forth our policies and procedures for the review, approval or ratification of certain related party transactions by the Nominating and Corporate Governance Committee. The policy applies to any transaction, arrangement or relationship (including any indebtedness or guarantee of indebtedness) or any series of similar transactions, arrangements or relationships in which the Company, or any of its subsidiaries, is or will be a participant and in which a related person has a direct or indirect interest, but exempts the following:

Payment of compensation by the Company to a related party for the related party's service to the Company as a director, officer or employee;

Transactions available to all employees or all shareholders of the Company on the same terms;

Transactions which, when aggregated with the amount of all other transactions between the Company and the related party or any entity in which the related party has an interest, involve less than \$10,000 in a fiscal year; and

Transactions in the ordinary course of the Company's business at the same prices and on the same terms as are made available to customers of the Company generally.

The Nominating and Corporate Governance Committee must approve any related party transaction subject to this policy before commencement of the related party transaction; provided, however, that if a related party is only first identified after it commences or first becomes a related party transaction, it must be brought to the Nominating and Corporate Governance Committee for ratification. Alternatively, the Nominating and Corporate Governance Committee has delegated authority to its Chairperson to approve related party transactions if they arise between the Nominating and Corporate Governance Committee's meetings.

The Nominating and Corporate Governance Committee will analyze the following factors, in addition to any other factors it deems appropriate, in determining whether to approve a related party transaction:

Whether the terms are fair to the Company;

Whether the transaction is material to the Company;

The role the related party has played in arranging the related party transaction;

The structure of the related party transaction; and

The interests of all related parties in the related party transaction.

The Nominating and Corporate Governance Committee may, in its sole discretion, approve or deny any related party transaction. Approval of a related party transaction may be conditioned upon the Company and the related party taking any actions that the Nominating and Corporate Governance Committee deems appropriate.

ITEM 2
AMENDMENT OF RESTATED ARTICLES OF INCORPORATION

The Board has approved, and recommends shareholder approval of, an amendment to our Restated Articles of Incorporation to require that directors receive a majority of the votes cast in an uncontested election in order to be elected to the Board.

Currently, the members of the Board are elected by a plurality of the votes present in person or by proxy at a meeting. Minnesota law requires that, unless otherwise provided in the articles of incorporation, directors are elected by a plurality of the votes present in person or by proxy at a meeting.

The amendment to the Restated Articles of Incorporation operates as follows:

Subject to the rights, if any, of holders of any preferred stock of the Company, each director shall be elected at a meeting of shareholders by the vote of a majority of the votes cast with respect to the director.

However, in a contested election of directors in which the number of nominees exceeds the number of directors to be elected, the directors will continue to be elected by a plurality of the votes present in person or by proxy at the meeting.

For purposes of the majority voting standard, a majority of the votes cast means that the votes entitled to be cast by the holders of all the then-outstanding shares of voting stock of the Company that are voted "for" a director must exceed the shares voted "against" the director.

The amendment is effected by adding a new Article XI to the Restated Articles of Incorporation. The full text of new Article XI is attached to these materials as Appendix A. If the amendment is approved by shareholders at the Annual Meeting, the majority voting standard will be effective following the Annual Meeting and would apply to the election of directors at the annual meeting to be held in 2014.

Under Minnesota law, an incumbent director who does not receive the requisite vote continues to serve until his or her successor is elected. Accordingly, if the proposal to amend the Restated Articles of Incorporation is approved, we will also amend our Corporate Governance Guidelines to require incumbent directors who do not receive a majority of the votes cast "for" their election to offer to tender their resignation to the Board. The Nominating and Corporate Governance Committee shall make a recommendation to the Board on whether to accept or reject the offer. The Board, taking into account the Nominating and Corporate Governance Committee's recommendation, will act on the tendered resignation and publicly disclose its decision and rationale behind it within 90 days after the date of the election. The Nominating and Corporate Governance Committee, in making its recommendation, and the Board, in making its decision, may each consider any factors or other recommendations that it considers relevant and appropriate. The incumbent director who has offered to tender his or her resignation will not participate in the Board's decision with respect to his or her resignation. If such incumbent director's offer to tender his or her resignation is not accepted by the Board, such director will continue to serve his or her term and until his or her successor is duly elected, or his or her earlier death, resignation, retirement, disqualification or removal.

Upon the recommendation of the Nominating and Corporate Governance Committee of the Board, the Board unanimously recommends a vote FOR the amendment of the Restated Articles of Incorporation.

ITEM 3
AMENDMENT TO REGIS CORPORATION 2004
LONG TERM INCENTIVE PLAN

Introduction

Our Long Term Plan, under which we issue our equity compensation for our directors, executives and other senior and management-level employees, will expire on May 26, 2014. On August 20, 2013, the Board, upon recommendation of the Compensation Committee, approved the amendment of the Long Term Plan to extend its term for a period of ten years through May 26, 2024.

Why We Believe You Should Vote for this Amendment

The Board believes that the Long Term Plan is an important part of total compensation for our executives as well as for certain other senior and management-level employees. We believe that shareholders should approve the extension of the term of the Long Term Plan for the following reasons:

Compensation Philosophy. As described in the CD&A, our compensation programs are intended to work together to reward our executive officers for achieving the pre-established business goals set by the Board, to induce their commitment and continued service with the Company, and to align their interests with those of our shareholders through equity compensation and stock ownership requirements. We believe that equity compensation is one of the most effective tools to achieve these goals, and consistent with our goals for the future, we believe that equity-based incentives will continue to play an important role in our ability to incentivize our executives and other employees.

Plan Provisions Designed to Serve Shareholders' Interests and Promote Effective Corporate Governance. The Long Term Plan, which is summarized in more detail below, includes several provisions that are designed to serve the interests of our shareholders and promote effective corporate governance, including:

The Long Term Plan is administered by our independent Compensation Committee;

The Long Term Plan generally prohibits re-pricing of stock options or SARs;

We cannot issue stock options or SARs at an exercise price that is less than the fair market value of our Common Stock on the date of grant;

The Long Term Plan generally provides for the forfeiture of outstanding awards if the Compensation Committee determines that the employee has engaged in certain misconduct that is materially detrimental to the interests of the Company;

The Long Term Plan has a ten-year term and any extension requires shareholder approval, which is why we are seeking approval for this Item 3;

Commencing in fiscal 2013, we started granting performance-based restricted stock units as a component of our long-term incentive awards to further align pay and performance; and

We cannot materially modify the Long Term Plan without prior shareholder approval, which includes amendments that would increase the number of shares of our Common Stock available, increase the award limits under the Long Term Plan, permit awards of options at a price less than fair market value, permit re-pricing of options or SARs, or expand the class of persons eligible to receive awards under the Long Term Plan. Shareholder approval is also required for any action that would, absent such approval, violate the rules and regulations of the NYSE or

any other securities exchange applicable to us.

Summary of the Long Term Plan

Administration

The Compensation Committee will administer the Long Term Plan and will have full power and authority to determine when and to whom awards will be granted, and the type, amount and other terms and conditions of each award, consistent with the provisions of the Long Term Plan. In addition, the Compensation Committee can specify whether, and under what circumstances, awards to be received under the Long Term Plan may be deferred automatically or at the election of either the holder of the award or the Compensation Committee. Subject to the provisions of the Long Term Plan, the Compensation Committee may amend or waive the terms and conditions, or accelerate the exercisability of an outstanding award. The Compensation Committee has authority to interpret the Long Term Plan, and establish rules and regulations for the administration of the Long Term Plan. The Compensation Committee may delegate its authority under the Long Term Plan to members of the Board or executive officers of the Company as it relates to awards to persons not subject to Section 16 of the Exchange Act. In addition, the Board may replace the Compensation Committee with a different committee or exercise the powers of the Compensation Committee at any time, except with respect to the grant of awards to our executive officers. Each person who is or has been a member of the Compensation Committee or of the Board, and any other person to whom the Compensation Committee delegates authority under the Long Term Plan, is indemnified by the Company from any loss resulting from any action taken or failure to act, made in good faith, under the Long Term Plan.

Eligible Participants

Any employee, officer, director or other individual, who is selected by the Compensation Committee, is eligible to receive an award under the Long Term Plan. As of August 15, 2013, approximately 50,000 employees, officers and directors were eligible as a class to be selected by the Compensation Committee to receive awards under the Long Term Plan.

Shares Available For Awards

As of August 15, 2013, the total number of shares of our Common Stock remaining available for issuance under the Long Term Plan and for issuance as incentive stock options is 4,687,397 subject to adjustment for future stock splits, stock dividends and similar changes in our capitalization.

Certain awards under the Long Term Plan are subject to limitations as follows:

During any three-consecutive calendar year period, the maximum number of shares of our Common Stock for which options and SARs, in the aggregate, may be granted to any participant shall not exceed 800,000 shares.

For performance unit awards that are intended to be "performance based compensation," no more than \$2,000,000 may be granted to any participant during any three-consecutive calendar year period.

Subject to certain restrictions in Code Sections 409A and 422(b), the Compensation Committee will adjust the number of shares and share limits described above in the case of any equity restructuring within the meaning of FASB ASC Topic 718 that causes the per share value of shares to change, such as a stock dividend or stock split, to the extent that such awards would not otherwise automatically adjust in the equity restructuring. In the event of any other change in capitalization, which may include a merger, consolidation or any partial or complete liquidation of the Company, or other similar corporate transaction or event that does not constitute an equity restructuring within the meaning of FASB ASC Topic 718, the Committee may make similar adjustments in order to prevent dilution or enlargement of the benefits or potential benefits intended to be provided under the Long Term Plan.

If any shares of our Common Stock subject to any award or to which an award relates are forfeited or are reacquired by us, or if any award terminates without the delivery of any shares, the shares previously set aside for such awards will be available for future awards under the Long Term Plan. In addition, shares used by award recipients as payment of the exercise price of an award or in satisfaction of the tax obligations relating to an award other than an incentive stock option will be available again for award grants. Awards granted under the plan in substitution for awards previously granted in connection with a merger, consolidation or acquisition are not charged against the number of shares available for grant as awards under the Long Term Plan.

Types of Awards and Terms and Conditions

The Long Term Plan permits the granting of:

Stock options (incentive stock options, non-qualified stock options);

SARs;

Restricted stock;

Restricted stock units; and

Performance awards.

Awards may be granted alone, in addition to, in combination with or in substitution for, any other award granted under the Long Term Plan or any other compensation plan. The exercise price per share under any stock option and the grant price of any SAR may not be less than the fair market value on the date of grant of such option or SAR. Determinations of fair market value under the Long Term Plan will be made by reference to the closing price of the Company's Common Stock on the NYSE. The term of awards of the stock-based portion of the plan will not be longer than ten years.

Stock Options. The holder of an option will be entitled to purchase a number of shares of our Common Stock at a specified exercise price during a specified time period, all as determined by the Committee. The option exercise price may be payable either in cash or, at the discretion of the Compensation Committee, in other securities or other property having a fair market value on the exercise date equal to the exercise price. Unless otherwise provided in an award agreement, options shall be exercisable at a rate of 20% of the total number of shares as of the anniversary of the grant date.

Stock Appreciation Rights. The holder of an SAR is entitled to receive the excess of the fair market value (calculated as of the exercise date or, at the Compensation Committee's discretion, as of any time during a specified period before or after the exercise date) of a specified number of shares of our Common Stock over the grant price of the SAR. Unless otherwise provided in an award agreement, SARs shall be exercisable at the rate of 20% as of each anniversary of the grant date.

Restricted Stock. The holder of restricted stock will own shares of our Common Stock (including, for example, the right to vote the restricted shares or to receive any dividends with respect to the shares). The Compensation Committee also may permit acceleration of the forfeiture period in the case of a participant's death, disability or retirement, or a change in control of the Company. If the participant's employment or service as a director, as applicable, terminates during the forfeiture period for any other reason, unvested restricted stock will be forfeited, unless the Compensation Committee determines that it would be in the Company's best interest to waive the remaining restrictions.

Restricted Stock Units. The holder of a restricted stock unit is entitled to receive a share of our Common Stock, or cash in the amount of the fair market value of a share of Common Stock, as of a future date, subject to certain restrictions and to a risk of forfeiture. The Compensation Committee also may permit acceleration of the forfeiture period in the case of a participant's death, disability or

retirement, or a change in control of the Company. If the participant's employment or service as a director, as applicable, terminates during the forfeiture period for any other reason, unvested restricted stock will be forfeited, unless the Compensation Committee determines that it would be in the Company's best interest to waive the remaining restrictions.

Performance Awards. Performance awards granted under the Long Term Plan are intended to qualify as "performance-based compensation" within the meaning of Section 162(m) of the Code ("Section 162(m)"). Performance awards give participants the right to receive payments in cash, based solely upon the achievement of certain performance goals during a specified performance period. At a minimum, the performance period shall be at least one fiscal year in length. The Compensation Committee must designate all participants for each performance period, and establish performance goals and target awards for each participant no later than 90 days after the beginning of each performance period within the parameters of Section 162(m). Performance goals may be based on a number of performance criteria, either alone or in any combination, and on either a business unit level or a consolidated level, including: earnings per share, sales, cash flow, cash flow from operations, operating profit or income, net income, operating margin, net income margin, return on net assets, earnings before interest, taxes, depreciation and amortization ("EBITDA"), EBITDA growth, share price performance, on an absolute basis and relative to an index of earnings per share or improvements in the Company's expense levels, and implementation or completion of critical projects.

Duration, Termination and Amendment. Unless the shareholders approve this Item 3, or the Long Term Plan is otherwise discontinued or terminated by the Board, the Long Term Plan will expire on May 26, 2014. If this Item 3 is approved by shareholders, the term of the Long Term Plan will be extended to May 26, 2024. No awards may be made after that date. However, unless otherwise expressly provided in an applicable award agreement, any award granted under the Long Term Plan prior to expiration may extend beyond the end of such period through the award's normal expiration date.

The Board and, pursuant to the delegation of its authority, the Compensation Committee may amend, alter or discontinue the Long Term Plan at any time, although shareholder approval must be obtained for any action that would increase the number of shares of our Common Stock available, increase the award limits under the Long Term Plan, permit awards of options at a price less than fair market value, permit of options or SARs or expand the class of persons eligible to receive awards under the Long Term Plan. Shareholder approval is also required for any action that would, absent such approval, violate the rules and regulations of the NYSE or any other securities exchange applicable to us.

Change in Control; Fundamental Change. In the event of a change in control, the vesting of stock options and SARs is accelerated, the restrictions on restricted stock and restricted stock units shall lapse and the shares shall be issued and performance units shall be fully distributable. In the event of a fundamental change, such as a dissolution, liquidation, sale of assets, merger or consolidation or statutory share exchange, the Compensation Committee has the discretion to provide for substitute awards or cancel outstanding options and SARs in exchange for cash payments to the recipients.

Prohibition on Repricing Awards

No option or SAR may be amended to reduce its exercise price, and no option or SAR may be canceled and replaced with an option or SAR having a lower exercise price, except in connection with a stock dividend or other distribution, including a stock split, merger or other similar corporate transaction or event, in order to prevent dilution or enlargement of the benefits, or potential benefits intended to be provided under the Long Term Plan.

Transferability of Awards

Unless otherwise provided by the Committee, awards under the Long Term Plan may only be transferred by will or by the laws of descent and distribution.

Federal Income Tax Consequences

Grant of Options and SARs. The grant of a stock option or SAR is not expected to result in any taxable income for the recipient.

Exercise of Options and SARs. Upon exercising a non-qualified stock option, the optionee must recognize ordinary income equal to the excess of the fair market value of the shares of our Common Stock acquired on the date of exercise over the exercise price, and we will generally be entitled at that time to an income tax deduction for the same amount. The holder of an incentive stock option generally will have no taxable income upon exercising the option (except that an alternative minimum tax liability may arise), and we will not be entitled to an income tax deduction. Upon exercising an SAR, the fair market value on the exercise date of any shares of our Common Stock received is taxable to the recipient as ordinary income and generally deductible by us.

Disposition of Shares Acquired Upon Exercise of Options and SARs. The tax consequence upon a disposition of shares acquired through the exercise of an option or SAR will depend on how long the shares have been held and whether the shares were acquired by exercising an incentive stock option or by exercising a non-qualified stock option or SAR. Generally, there will be no tax consequence to us in connection with the disposition of shares acquired under an option or SAR, except that we may be entitled to an income tax deduction in the case of the disposition of shares acquired under an incentive stock option before the applicable incentive stock option holding periods set forth in the Code have been satisfied.

Awards Other than Options and SARs. As to other awards granted under the Long Term Plan that are payable either in cash or shares of our Common Stock that are either transferable or not subject to substantial risk of forfeiture, the holder of the award must recognize ordinary income equal to (i) the amount of cash received or, as applicable, (ii) the excess of (A) the fair market value of the shares received (determined as of the date of receipt) over (B) the amount (if any) paid for the shares by the holder of the award. We will generally be entitled at that time to an income tax deduction for the same amount.

Income Tax Deduction. Subject to the usual rules concerning reasonable compensation, and assuming that, as expected, performance awards paid under the Long Term Plan are "qualified performance-based compensation" within the meaning of Section 162(m), we will generally be entitled to a corresponding income tax deduction at the time a participant recognizes ordinary income from awards made under the Long Term Plan.

Application of Section 16. Special rules may apply to individuals subject to Section 16 of the Exchange Act. In particular, unless a special election is made pursuant to the Code, shares received through the exercise of a stock option or SAR may be treated as restricted as to transferability and subject to a substantial risk of forfeiture for a period of up to six months after the date of exercise. Accordingly, the amount of any ordinary income recognized and the amount of our income tax deduction will be determined as of the end of that period.

Delivery of Shares for Tax Obligation. Under the Long Term Plan, the Compensation Committee may permit participants receiving or exercising awards, subject to the discretion of the Compensation Committee and upon such terms and conditions as it may impose, to deliver shares of our Common Stock (either shares received upon the receipt or exercise of the award or shares previously owned by the holder of the option) to us to satisfy federal and state income tax obligations.

Edgar Filing: REGIS CORP - Form PRE 14A

Gross-Up for Excise Tax. In the event any payment or benefit received under the Long Term Plan results in a "parachute payment," within the meaning of Section 280G of the Code, and the participant is required to pay an excise tax in connection therewith, the Company shall pay to the participant a tax "gross-up" payment such that the net benefit received by the participant is equivalent to the benefit the participant would have received had there been no excise tax incurred.

Upon the recommendation of the Compensation Committee of the Board, the Board unanimously recommends a vote FOR the amendment of the Long Term Plan.

AUDIT COMMITTEE REPORT

The Audit Committee reports to and assists the Board in providing oversight of the financial management, independent auditors and financial reporting procedures of the Company. Each member of the Audit Committee is "independent" within the meaning of applicable NYSE listing standards. The Audit Committee has adopted a written charter describing its functions, which has been approved by the Board.

Our management is responsible for preparing our financial statements and the overall reporting process, including our system of internal controls. Our independent auditors, PricewaterhouseCoopers LLP, are responsible for auditing the financial statements and our system of internal controls over financial reporting and expressing opinions thereon.

In this context, the Committee has met and held discussions with management and the independent auditors. Management represented to the Committee that our consolidated financial statements were prepared in accordance with generally accepted accounting principles, and the Committee has reviewed and discussed the consolidated financial statements with management and the independent auditors. The Committee discussed with the independent auditors matters required to be discussed by the applicable rules of the Public Company Accounting Oversight Board (PCAOB).

In addition, the Committee has received the written disclosures and the letter from the independent accountant required by applicable requirements of the PCAOB regarding the independent accountant's communications with the Committee concerning independence, and has discussed with the independent auditors the independent auditors' independence.

The Committee discussed with our independent auditors the overall scope and plans for their audit. The Committee meets with the independent auditors, with and without management present, to discuss the results of their examinations, the evaluations of our internal controls and the overall quality of our financial reporting.

In reliance on the reviews and discussions referred to above, the Committee recommended to the Board that the audited financial statements be included in our Annual Report on Form 10-K for the year ended June 30, 2013 for filing with the SEC. The Committee also has recommended to the Board the selection of PricewaterhouseCoopers LLP as our independent registered public accounting firm for the fiscal year ending June 30, 2014.

ITEM 5

APPROVAL OF ADVISORY VOTE ON COMPENSATION OF NAMED EXECUTIVE OFFICERS

We are providing shareholders with an annual, non-binding advisory vote to approve the executive compensation as disclosed in the CD&A. At the Annual Meeting, shareholders will vote on the following advisory resolution regarding the compensation of our Named Executive Officers as described in this Proxy Statement (commonly referred to as "Say-on-Pay"):

"RESOLVED, that the shareholders of Regis Corporation approve, on an advisory basis, the compensation paid to the Company's Named Executive Officers as disclosed in the 'Compensation Discussion and Analysis' section, and compensation tables and narrative discussion contained in the 'Executive Compensation' section in this Proxy Statement."

Our executive compensation programs are based on our belief that attracting, retaining and motivating talented executives is critical to the maintenance of our competitive advantage in the haircare industry and to the achievement of the business goals set by the Board. Accordingly, our executive compensation programs are designed to reward executives for achievement of our pre-determined financial and business goals, while also aligning our executives' interests with those of our shareholders. We believe that we best achieve these goals by providing our executives with a mix of compensation elements that incorporate cash and equity, as well as short-term and long-term components, and that are tied to our business goals, all as described above in the CD&A of this Proxy Statement.

The compensation paid to our executives in fiscal 2013 reflects our new compensation programs which include significant changes from our historic compensation programs. As described above in the CD&A, our executive officers did not receive a payout under their annual non-equity incentive awards or performance units for fiscal 2013 because our actual adjusted EBITDA and same-store sales did not reach the threshold levels. The lack of a payout under these programs reflects our commitment to paying only for performance. As described in the CD&A, the Compensation Committee did make certain discretionary performance unit grants in August 2013 to recognize the important work performed by the executive team to accelerate the Company's turnaround and lay the groundwork that we believe will lead to long-term strategic success, and to retain and incentivize them to continue their work toward these objectives. However, these awards were determined based on the Compensation Committee's assessment of each individual's performance and contributions, over the past year and those contributions to be made going forward, toward executing our turnaround strategy, and will only be earned if the Company achieves certain adjusted EBITDA objectives over a three-year performance period ending June 30, 2016.

For a comprehensive description of our executive compensation program, philosophy and objectives, including the specific elements of executive compensation that comprised the program in fiscal 2013, please refer to the CD&A, as well as the Summary Compensation Table and other executive compensation tables (and accompanying narrative disclosures) that follow the CD&A, beginning on page 15.

This advisory vote will not affect any compensation already paid or awarded to our NEOs and will not be binding on the Board or the Compensation Committee. However, the Compensation Committee will review and carefully consider the outcome of the vote. If there are a significant number of negative votes, the Compensation Committee will seek to understand the concerns that influenced the vote and consider them in making future executive compensation decisions.

Upon recommendation of the Compensation Committee of the Board, the Board unanimously recommends a vote FOR the approval of the compensation of our Named Executive Officers.

ARTICLE XI

Election of Directors

Subject to the rights, if any, of the holders of one or more classes or series of preferred or preference stock issued by the corporation, voting separately by class or series to elect directors in accordance with the terms of such preferred or preference stock, each director shall be elected at a meeting of shareholders by the vote of the majority of the votes cast with respect to the director, provided that directors shall be elected by a plurality of the votes present and entitled to vote on the election of directors at any such meeting for which the number of nominees (other than nominees withdrawn on or prior to the day preceding the date the corporation first mails its notice for such meeting to the shareholders) exceeds the number of directors to be elected. For purposes of this Article XI, action at a meeting shall mean action at a meeting which satisfies the notice and quorum requirements imposed by the bylaws of this corporation, except as otherwise provided by law, and a majority of the votes cast means that the votes entitled to be cast by the holders of all then outstanding shares of voting stock of the corporation that are voted "for" a director must exceed the votes entitled to be cast by the holders of all then outstanding shares of voting stock of the corporation that are voted "against" that director.
