We manufacture and lease or sell top drives for a broad range of drilling applications, directional drilling systems, rig instrumentation and data collection equipment, pipeline handling equipment and rig reporting software.

We have a 51% ownership interest in a joint venture in Saudi Arabia, which owns and actively markets 5 rigs in addition to the rigs we lease to the joint venture.

The Exchange Offer

Notes Offered for Exchange

Nabors Delaware is offering up to \$350,000,000 in aggregate principal amount of its new 2.35% Senior Notes due 2016 in exchange for an equal aggregate principal amount of its old 2.35% Senior Notes due 2016, and up to \$350,000,000 in aggregate principal amount of its new 5.10% Senior Notes due 2023 in exchange for an equal aggregate principal amount of its old 5.10% Senior Notes due 2023, in each case on a one-for-one basis and in satisfaction of Nabors Delaware's obligations under the relevant registration rights agreement.

The Exchange Offer

We issued the old notes in a private transaction for resale pursuant to Rule 144A and Regulation S under the Securities Act. The new notes have substantially the same terms as the old notes you hold, except that the new notes have been registered under the Securities Act, and therefore will be freely tradeable and will not need (or benefit from) the registration and related rights pursuant to which Nabors Delaware is conducting this exchange offer, including an increase in the interest rate related to defaults in our agreement to carry out this exchange offer. Nabors Delaware is offering to exchange (1) \$2,000 principal amount at maturity of New 2016 Notes for each \$2,000 principal amount at maturity of your Old 2016 Notes and (2) \$2,000 principal amount at maturity of New 2023 Notes for each \$2,000 principal amount at maturity of your Old 2023 Notes. In order to be exchanged, your old notes must be properly tendered and accepted. All old notes that are validly tendered and not withdrawn will be exchanged.

Required Representations

By tendering your old notes to Nabors Delaware, you represent that:

- (i) any new notes received by you will be acquired in the ordinary course of your business;
- (ii) you have no arrangement or understanding with anyone to participate in the distribution of the old notes or the new notes within the meaning of the Securities Act;
- (iii) you are not an affiliate, within the meaning of Rule 501(b) of Regulation D of the Securities Act, of Nabors Delaware or Nabors;
- (iv) you are not engaged in, and do not intend to engage in, the distribution of the new notes; and
- (v) if you are a broker-dealer, you will receive new notes for your own account in exchange for old notes that were acquired as a result of market-making activities or other trading activities and that you will deliver a prospectus in connection with any resale of such new notes.

Table of Contents

Those Excluded from the Exchange Offer	<p>See "The Exchange Offer Representations Nabors Delaware Needs From You Before You May Participate in the Exchange Offer" and "Plan of Distribution." You may not participate in the exchange offer if you are:</p> <p>a holder of old notes in any jurisdiction in which the exchange offer is not, or your acceptance will not be, legal under the applicable securities or blue sky laws of that jurisdiction; or</p>
Consequences of Failure to Properly Tender Old Notes in the Exchange	<p>a holder of old notes who is an affiliate, within the meaning of Rule 501(b) of Regulation D of the Securities Act, of Nabors Delaware or Nabors.</p> <p>After the exchange offer is complete, you will no longer be entitled to exchange your old notes for registered notes. If you do not exchange your old notes for new notes in the exchange offer, your old notes will continue to have the restrictions on transfer contained in the old notes and in the Indenture dated as of September 12, 2013 among Nabors Delaware, Nabors, Wilmington Trust, National Association, as trustee, and Citibank, N.A., as securities administrator, referred to as the "Indenture." In general, your old notes may not be offered or sold unless registered under the Securities Act, or if there is an exemption from, or the transaction is not governed by, the Securities Act and applicable state securities laws. Nabors Delaware has no current plans to register your old notes under the Securities Act.</p> <p>If a substantial amount of the old notes is exchanged for a like amount of the new notes, the liquidity and the trading market for your untendered old notes could be adversely affected. See "The Exchange Offer Consequences of Failure to Properly Tender Old Notes in the Exchange." We will not be responsible for or indemnify you against any liability you may incur under the Securities Act.</p> <p>Under some circumstances, however, holders of the old notes, including holders who are not permitted to participate in the exchange offer or who may not freely sell new notes received in the exchange offer, may require Nabors Delaware to file, and to cause to become effective, a shelf registration statement covering resales of the old notes by these holders.</p>
Expiration Date	<p>The exchange offer expires at 11:59 p.m., Eastern time, on June 20, 2014, the expiration date, unless Nabors Delaware extends the offer (the "Expiration Date"). Nabors Delaware does not currently intend to extend the expiration date.</p>

Conditions to the Exchange Offer	The exchange offer has customary conditions that may be waived by Nabors Delaware. There is no minimum amount of old notes that must be tendered to complete the exchange offer.
Procedures for Tendering Your Old Notes	If you wish to tender your old notes for exchange in the exchange offer, you or the custodial entity through which you hold your notes must send to Citibank, N.A., referred to as "Citibank," the exchange agent, on or before the Expiration Date of the exchange offer: a properly completed and executed letter of transmittal, which has been provided to you with this prospectus, together with your old notes and any other documentation requested by the letter of transmittal; and for holders who hold their positions through The Depository Trust Company ("DTC"): an Agent's Message (as defined in this prospectus) from DTC stating that the tendering participant agrees to be bound by the letter of transmittal and the terms of the exchange offer; your old notes by timely confirmation of book-entry transfer through DTC; and all other documents required by the letter of transmittal.

If you beneficially own old notes registered in the name of a broker, dealer, commercial bank, trust company or other nominee and you wish to tender your old notes in the exchange offer, you should contact the registered holder promptly and instruct it to tender on your behalf.
Guaranteed Delivery Procedures for Tendering Old Notes	If you wish to tender your old notes and the old notes are not immediately available, or time will not permit your old notes or other required documents to reach Citibank before the Expiration Date, or the procedure for book-entry transfer cannot be completed on a timely basis, you may tender your old notes according to the guaranteed delivery procedures set forth under "The Exchange Offer Guaranteed Delivery Procedures."

Table of Contents

Withdrawal Rights	You may withdraw the tender of your old notes at any time prior to 11:59 p.m., Eastern time, on the Expiration Date by delivering a written notice of withdrawal to the exchange agent in conformity with the procedures discussed under "The Exchange Offer Withdrawal Rights."
U.S. Tax Considerations	The exchange of your old notes for new notes will not constitute a taxable event for U.S. federal income tax purposes. Rather, the new notes you receive in the exchange offer will be treated as a continuation of your investment in the old notes. For additional information regarding U.S. federal income tax considerations, you should read the discussion under "Certain U.S. Federal Income Tax Considerations."
Use of Proceeds	Nabors Delaware will not receive any proceeds from the issuance of the new notes in the exchange offer. Nabors Delaware will pay all expenses incidental to the exchange offer.
Registration Rights Agreements	When Nabors Delaware issued the old notes on September 12, 2013, it entered into separate registration rights agreement with the initial purchasers of both the Old 2016 Notes and the Old 2023 Notes. Under the terms of these agreements, Nabors Delaware agreed to file with the Securities and Exchange Commission (the "SEC") and use its reasonable best efforts to cause to become effective by May 12, 2014, a registration statement relating to an offer to exchange the new notes for the old notes. If Nabors Delaware does not complete the exchange offer by June 9, 2014, the interest rate borne by each of the Old 2016 Notes and the Old 2023 Notes will be increased 0.25% per annum until the exchange offer is completed or until the old notes of the applicable series are freely transferable under Rule 144 of the Securities Act. In addition, if the exchange offer registration statement ceases to be effective or usable in connection with resales of the new notes of either series during periods specified in the registration rights agreement, the interest rate borne by the notes of such series will be increased 0.25% per annum until the registration defects are cured.
Resales	Based on interpretations by the staff of the SEC, as set forth in no-action letters issued to third parties, Nabors Delaware believes that the new notes issued in the exchange offer may be offered for resale, resold or otherwise transferred by you without compliance with the registration and prospectus delivery requirements of the Securities Act as long as: any new notes you receive in the exchange offer will be acquired by you in the ordinary course of your business;

FORWARD-LOOKING STATEMENTS

We often discuss expectations regarding our future markets, demand for our products and services, and our performance in our offering memoranda, registration statements, prospectuses, annual, quarterly and current reports, press releases, and other written and oral statements. Statements relating to matters that are not historical facts are "forward-looking statements." These "forward-looking statements" are based on an analysis of currently available competitive, financial and economic data and our operating plans. They are inherently uncertain and investors should recognize that events and actual results could turn out to be significantly different from our expectations. By way of illustration, when used in this document, words such as "anticipate," "believe," "expect," "plan," "intend," "estimate," "project," "will," "should," "could," "may," "predict" and similar expressions are intended to identify forward-looking statements.

You should consider the following key factors when evaluating these forward-looking statements:

fluctuations in worldwide prices of and demand for oil and natural gas;

fluctuations in levels of oil and natural gas exploration and development activities;

fluctuations in the demand for our services;

the existence of competitors, technological changes and developments in the oilfield services industry;

the existence of operating risks inherent in the oilfield services industry;

the possibility of changes in tax and other laws and regulations;

the possibility of political instability, war or acts of terrorism; and

general economic conditions including the capital and credit markets.

Our businesses depend to a large degree on the level of spending by oil and gas companies for exploration, development and production activities. Therefore, a sustained increase or decrease in the price of oil or natural gas that has a material impact on exploration, development or production activities could also materially affect our financial position, results of operations and cash flows.

The above description of risks and uncertainties is by no means all-inclusive, but highlights certain factors that we believe are important for your consideration. For a more detailed description of risk factors, please see the section entitled "Risk Factors" below and in Nabors' Annual Report on Form 10-K for the year ended December 31, 2013 filed with the SEC on March 3, 2014.

All forward-looking statements contained or incorporated by reference in this prospectus are based on information available to us at the time made. We do not intend to update or revise any forward-looking statements that we may make in this prospectus or the documents incorporated herein by reference, whether as a result of new information, future events or otherwise.

Table of Contents

RISK FACTORS

You should carefully consider the risks described below and in the documents incorporated herein by reference, including the risks described under "Item 1A Risk Factors" in Nabors' Annual Report on Form 10-K for year ended December 31, 2013 filed with the SEC on March 3, 2014, before tendering your old notes in the exchange offer. The risks described below and incorporated by reference are not the only ones facing us. Additional risks not currently known to us or that we currently deem immaterial may also impair our business operations.

Risks Related to the Offering

Nabors' significant level of consolidated debt could adversely affect its consolidated financial condition and prevent it and Nabors Delaware from fulfilling their respective obligations under the Indenture and the New Notes.

As of March 31, 2014, Nabors' outstanding consolidated total indebtedness was \$3.8 billion, resulting in a gross debt to capital ratio of 0:39:1 and a net debt to capital ratio of 0.36:1. The gross debt to capital ratio is calculated by dividing (x) total debt by (y) total capital. Total capital is defined as total debt *plus* shareholders' equity. The net debt to capital ratio is calculated by dividing (x) net debt by (y) net capital. Net debt is total debt *minus* the sum of cash and cash equivalents and short-term investments. Net capital is the sum of net debt *plus* shareholders' equity. The gross debt to capital ratio and the net debt to capital ratio are not measures of operating performance or liquidity defined by accounting principles generally accepted in the United States ("GAAP") and may not be comparable to similarly titled measures presented by other companies. Both of these ratios are methods for calculating the amount of leverage a company has in relation to its capital. Nabors' level of consolidated indebtedness could adversely affect its consolidated financial condition, financial and operational flexibility and prevent it and Nabors Delaware from fulfilling their respective obligations under the Indenture and the notes. In addition, Nabors and its subsidiaries have various commitments for leases, firm transportation and processing and purchase commitments, which could further affect our financial condition and liquidity. Our ability to service our debt and other obligations, including the notes, depends in large part upon the level of cash flows generated by our subsidiaries' operations, possible dispositions of non-core assets, availability under our unsecured revolving credit facility and our ability to access the capital markets.

Nabors and its subsidiaries may still be able to incur substantially more debt. The terms of the Indenture governing the new notes and the agreements governing Nabors' other indebtedness permit additional borrowings and any such borrowings may be effectively senior in right of payment to the new notes and the related guarantee. Nabors' incurrence of additional debt could further exacerbate the risks described in this prospectus.

If you do not elect to exchange your old notes for new notes, you will hold securities that are not registered and that contain restrictions on transfer.

The old notes that are not tendered and exchanged will remain restricted securities. If the exchange offer is completed, Nabors Delaware will not be required to register any remaining old notes, except in the very limited circumstances described in the registration rights agreement for each series of old notes. That means that if you wish to offer, sell, pledge or otherwise transfer your old notes at some future time, they may be offered, sold, pledged or transferred only if an exemption from registration under the Securities Act is available or, outside of the United States, to non-U.S. persons in accordance with the requirements of Regulation S under the Securities Act. Any remaining old notes will continue to bear a legend restricting transfer in the absence of registration or an exemption from registration.

Table of Contents

To the extent that old notes are tendered and accepted in connection with the exchange offer, any trading market for remaining old notes could be adversely affected.

You must comply with the exchange offer procedures in order to receive freely tradeable, new notes.

Delivery of new notes in exchange for old notes tendered and accepted for exchange pursuant to the exchange offer will be made only after timely receipt by the exchange agent of the following:

certificates for old notes or a book-entry confirmation of a book-entry transfer of old notes into the exchange agent's account at DTC, New York, New York as a depository, including an Agent's Message if the tendering holder does not deliver a letter of transmittal;

a completed and signed letter of transmittal (or facsimile thereof), with any required signature guarantees, or, in the case of a book-entry transfer, an Agent's Message in lieu of the letter of transmittal; and

any other documents required by the letter of transmittal.

Therefore, holders of old notes who would like to tender old notes in exchange for new notes should be sure to allow enough time for the old notes to be delivered on time. Nabors Delaware is not required to notify you of defects or irregularities in tenders of old notes for exchange. Old notes that are not tendered or that are tendered but that Nabors Delaware does not accept for exchange will, following consummation of the exchange offer, continue to be subject to the existing transfer restrictions under the Securities Act and, upon consummation of the exchange offer, certain registration and other rights under the registration rights agreement will terminate. See "The Exchange Offer Procedures for Tendering Your Old Notes" and "The Exchange Offer Consequences of Exchanging or Failing to Exchange Old Notes."

Some holders who exchange their old notes may be deemed to be underwriters, and these holders will be required to comply with the registration and prospectus delivery requirements in connection with any resale transaction.

If you exchange your old notes in the exchange offer for the purpose of participating in a distribution of the new notes, you may be deemed to have received restricted securities and, if so, will be required to comply with the registration and prospectus delivery requirements of the Securities Act in connection with any resale transaction.

Although the new notes are designated as "Senior," your right to receive payment on the new notes and the guarantee is unsecured and will be effectively subordinated to any existing and future secured debt of Nabors Delaware, in the case of the new notes, and Nabors, in the case of the guarantee, to the extent of the value of the collateral therefor, and the new notes and the guarantee will be effectively subordinated to future indebtedness and other liabilities of Nabors Delaware's and Nabors' subsidiaries, respectively.

The new notes are general senior unsecured obligations and therefore will be effectively subordinated in right of payment to Nabors Delaware's future secured indebtedness, and Nabors' guarantee is effectively subordinated in right of payment to the claims of future secured creditors of Nabors, in each case, to the extent of the collateral therefor. If Nabors Delaware defaults on the new notes or certain other indebtedness, or becomes bankrupt, liquidates or reorganizes, any secured creditors could use their collateral to satisfy their secured indebtedness before you would receive any payment on the new notes. If the value of such collateral is not sufficient to pay any secured indebtedness in full, Nabors Delaware's secured creditors would share the value of its other assets, if any, with you and the holders of other claims against Nabors Delaware which rank equally with the new notes. The guarantee of the new notes will have a similar ranking with respect to secured indebtedness of Nabors as the new notes do with respect to Nabors Delaware's secured indebtedness.

Table of Contents

In addition, Nabors Delaware and Nabors derive substantially all their income from, and hold substantially all their assets through, their respective subsidiaries, none of which will guarantee the new notes. As a result, Nabors Delaware and Nabors will depend on distributions from each of their subsidiaries in order to meet payment obligations under any debt securities, including the new notes and the guarantee and Nabors Delaware's and Nabors' other obligations. Accordingly, Nabors Delaware's and Nabors' rights to receive any assets of any subsidiary, and therefore the right of Nabors Delaware's and Nabors' creditors to participate in those assets, will be effectively subordinated to the claims of that subsidiary's creditors, including trade creditors.

As holding companies, Nabors Delaware and Nabors depend on subsidiaries to meet their financial obligations.

Nabors Delaware and Nabors are holding companies with no significant assets other than the stock of their subsidiaries. In order to meet their financial needs and obligations, including any obligation to make payments on the new notes offered hereby, they rely exclusively on repayments of interest and principal on intercompany loans that they have made to operating subsidiaries and income from dividends and other cash flow from such subsidiaries. There can be no assurance that such operating subsidiaries will generate sufficient net income to pay dividends or sufficient cash flow to make payments of interest and principal to Nabors Delaware or Nabors, as applicable, in respect of their intercompany loans. In addition, from time to time, such operating subsidiaries may enter into financing arrangements that contractually restrict or prohibit these types of upstream payments to Nabors Delaware and Nabors.

There may also be adverse tax consequences associated with such operating subsidiaries paying dividends.

Nabors' guarantee of the new notes could be voided or subordinated by federal bankruptcy law or comparable foreign and state law provisions.

Nabors Delaware's obligations under the new notes are guaranteed by Nabors. Under federal bankruptcy law and comparable provisions of foreign and state fraudulent transfer laws, the Nabors guarantee could be voided, or claims in respect of such guarantee could be subordinated to all other debts of Nabors if, among other things, Nabors, at the time it incurred the indebtedness evidenced by its guarantee, received less than reasonably equivalent value or fair consideration for the incurrence of such guarantee; and

was insolvent or rendered insolvent by reason of such incurrence;

was engaged in a business or transaction for which its remaining assets constituted unreasonably small capital; or

intended to incur, or believed that it would incur, debts beyond its ability to pay such debts as they mature.

In addition, any payment by Nabors pursuant to its guarantee could be voided and required to be returned to Nabors or to a fund for the benefit of the creditors of Nabors.

The measure of insolvency for purposes of these fraudulent transfer laws will vary depending upon the law applied in any proceeding to determine whether a fraudulent transfer has occurred. Generally, however, a guarantor would be considered insolvent if:

the sum of its debts, including contingent liabilities, were greater than the fair saleable value of all of its assets;

Table of Contents

the present fair saleable value of its assets were less than the amount that would be required to pay its probable liability on its existing debts, including contingent liabilities, as they become absolute and mature; or

it could not pay its debts as they become due.

Nabors Delaware cannot be sure as to the standards a court would use to determine whether or not Nabors were solvent at the relevant time, or, regardless of the standard that the court used, that the issuance of the guarantee of the new notes would not be voided or the guarantee of the new notes would not be subordinated to Nabors' other debt.

If the guarantee were legally challenged, such guarantee could also be subject to the claim that, since the guarantee was incurred for Nabors Delaware's benefit, and only indirectly for the benefit of Nabors, the obligations of Nabors were incurred for less than fair consideration.

A court could thus void the obligations under the guarantee or subordinate the guarantee to Nabors' other debt or take other action detrimental to holders of the new notes.

Nabors Delaware may not have sufficient funds to purchase the new notes upon a Change of Control Triggering Event as required by the Indenture governing the new notes. The Change of Control Offer covenant provides limited protection.

Holders of the new notes may require Nabors Delaware to purchase their new notes upon a "Change of Control Triggering Event" as defined under "Description of the New Notes Change of Control Offer." A Change of Control (as defined under "Description of the New Notes Change of Control Offer") may also result in holders of certain of Nabors Delaware's other outstanding notes or future indebtedness having the right to require Nabors Delaware to purchase notes or repay indebtedness issued under one or more indentures or other agreements, including under the indentures governing our outstanding 6.15% senior notes due 2018, 9.25% senior notes due 2019, 5.0% senior notes due 2020 and 4.625% senior notes due 2021, as well as the Indenture as it relates to the old notes. Nabors Delaware cannot assure you that it would have sufficient financial resources, or would be able to arrange financing, to pay the purchase price of the new notes and any other notes and repay indebtedness that may be tendered by the holders thereof in such a circumstance.

Furthermore, the terms of our then-existing indebtedness or other agreements may contain covenants, events of default or other provisions that could be violated if a Change of Control were to occur or if Nabors Delaware were required to purchase the new notes and other notes and repay indebtedness containing a similar repurchase or repayment requirement.

The Change of Control Offer covenant is a result of negotiations between Nabors Delaware and the initial purchasers of the old notes and is limited to the transactions specified in "Description of the Notes Change of Control Offer." Nabors has no current intention to engage in a transaction involving a Change of Control Triggering Event, although it is possible that Nabors could decide to do so in the future. Nabors could, in the future, enter into certain transactions, including acquisitions, refinancings or other recapitalizations, that would not constitute a Change of Control Triggering Event under the Indenture, but that could increase the amount of indebtedness outstanding at such time or otherwise affect the capital structure or the credit ratings of Nabors or Nabors Delaware.

Your ability to transfer the notes may be limited by the absence of a trading market for the new notes.

There is no established trading market for the new notes, and Nabors Delaware has no plans to list the new notes on a securities exchange or automated dealer. Citigroup Global Markets Inc., HSBC Securities (USA) Inc., Mizuho Securities USA Inc., Morgan Stanley & Co. LLC, Merrill Lynch, Pierce, Fenner & Smith Incorporated, Mitsubishi UFJ Securities (USA), Inc., PNC Capital Markets LLC, BBVA Securities Inc., Wells Fargo Securities, LLC, U.S. Bancorp Investments, Inc. and

Table of Contents

SMBC Nikko Securities America, Inc., the initial purchasers of the old notes, have advised Nabors Delaware that they intend to make a market in the new notes. However, none are obligated to do so. Any market-making activity, if initiated, may be discontinued at any time, for any reason, without notice. If the initial purchasers ceased to act as market makers for the new notes for any reason, we cannot assure you that another firm or person would make a market in the new notes. The liquidity of any market for the new notes will depend upon the number of holders of the new notes, our results of operations and financial condition, the market for similar securities, the interest of securities dealers in making a market in the new notes and other factors. An active or liquid trading market may not develop for the new notes.

Table of Contents**USE OF PROCEEDS**

Nabors Delaware will not receive any proceeds from the issuance of the new notes in this exchange offer. Any old notes that are properly tendered and exchanged pursuant to the exchange offer will be retired and cancelled. Nabors Delaware will pay all expenses in connection with the exchange offer.

RATIO OF EARNINGS TO FIXED CHARGES

For purposes of calculating the ratio of earnings to fixed charges, earnings consist of income (loss) from continuing operations before income taxes and noncontrolling interests less undistributed earnings (losses) from unconsolidated affiliates (net of dividends) and subsidiary preferred stock dividends plus amortization of capitalized interest and fixed charges (excluding capitalized interest). Fixed charges consist of interest incurred (whether expensed or capitalized), amortization of debt expense, and that portion of rental expense on operating leases deemed to be the equivalent of interest. The following table sets forth Nabors' ratio of earnings to fixed charges for each of the periods indicated.

THE EXCHANGE OFFER

Purpose and Effect of Exchange Offer; Registration Rights

Nabors Delaware sold the old notes to Citigroup Global Markets Inc., HSBC Securities (USA) Inc., Mizuho Securities USA Inc., Morgan Stanley & Co. LLC, Merrill Lynch, Pierce, Fenner & Smith Incorporated, Mitsubishi UFJ Securities (USA), Inc., PNC Capital Markets LLC, BBVA Securities Inc., Wells Fargo Securities, LLC, U.S. Bancorp Investments, Inc. and SMBC Nikko Securities America as initial purchasers in a private offering on September 12, 2013 pursuant to a purchase agreement. These initial purchasers subsequently sold the old notes to qualified institutional buyers under Rule 144A under the Securities Act and to certain sophisticated investors in offshore transactions in reliance on Regulation S under the Securities Act. As a condition to the sale of the old notes to the initial purchasers, Nabors Delaware entered into separate registration rights agreements with respect to the Old 2016 Notes and the Old 2023 Notes with those initial purchasers on September 12, 2013.

The registration rights agreements require Nabors Delaware to file a registration statement under the Securities Act offering to exchange your old notes of a series for new notes of such series. Accordingly, Nabors Delaware is offering you the opportunity to exchange your old notes for the same principal amount of new notes. The new notes will be registered and issued without a restrictive legend. The registration rights agreements also require us to use reasonable best efforts to cause the registration statement to be declared effective by the SEC by May 12, 2014 and to complete the exchange offer by June 9, 2014. In the event that Nabors Delaware is unable to satisfy these requirements, holders of the Old 2016 Notes and the Old 2023 Notes would be entitled to additional interest on the old notes at a rate equal to 0.25% per annum until the exchange offer is completed, or until the old notes are freely transferable under Rule 144 of the Securities Act. In addition, if an exchange offer registration statement ceases to be effective or usable with respect to a series of notes in connection with resales of the new notes during periods specified in the registration rights agreements, the interest rate borne by such series will be increased 0.25% per annum until the registration defects are cured.

Under some circumstances set forth in the registration rights agreements, holders of old notes, including holders who are not permitted to participate in the exchange offer or who may not freely sell new notes received in the exchange offer, may require Nabors Delaware to file and cause to become effective a shelf registration statement covering resales of such old notes by these holders. If such shelf registration statement ceases to be effective or usable in connection with resales of the new notes of a series during periods specified in the relevant registration rights agreement, the interest rate borne by the old notes and the new notes of such series will be increased 0.25% per annum until the registration defects are cured.

A copy of each of the registration rights agreements is incorporated by reference into this prospectus. You are strongly encouraged to read the entire text of the agreements, as they, and not this description, define your rights. Except as discussed below, Nabors Delaware will have no further obligation to register your old notes upon the completion of the exchange offer.

Nabors Delaware believes that the new notes issued to you in this exchange offer may be offered for resale, sold and otherwise transferred by you, without compliance with the registration and prospectus delivery provisions of the Securities Act, only if you are able to make these four representations:

you are acquiring the new notes issued in the exchange offer in the ordinary course of your business;

you have no arrangement or understanding with anyone to participate in the distribution of the old notes or the new notes within the meaning of the Securities Act;

Table of Contents

you are not an affiliate of Nabors Delaware or Nabors; and

you are not engaged in, and do not intend to engage in, the distribution of the new notes.

Nabors Delaware's belief is based upon existing interpretations by the SEC's staff contained in several "no-action" letters to third parties unrelated to Nabors Delaware. If you tender your old notes in the exchange offer for the purpose of participating in a distribution of new notes, you cannot rely on these interpretations by the SEC's staff and you must comply with the registration and prospectus delivery requirements of the Securities Act in connection with a secondary resale transaction.

The SEC considers broker-dealers that acquired old notes directly from Nabors Delaware, but not as a result of market-making activities or other trading activities, to be making a distribution of the new notes if they participate in the exchange offer. Consequently, these broker-dealers cannot use this prospectus for the exchange offer in connection with a resale of the new notes and, absent an exemption, must comply with the registration and prospectus delivery requirements of the Securities Act in connection with a resale of the new notes. These broker-dealers cannot rely on the position of the SEC's staff set forth in the Exxon Capital Letters.

A broker-dealer that has bought old notes for market-making or other trading activities must deliver a prospectus in order to resell any new notes it receives for its own account in the exchange offer. The SEC has taken the position that such broker-dealers may fulfill their prospectus delivery requirements with respect to the new notes by delivering the prospectus contained in the registration statement for the exchange offer. Accordingly, this prospectus may be used by such a broker-dealer to resell any of its new notes. Nabors Delaware has agreed in each of the registration rights agreements to send a prospectus to any broker-dealer that requests copies in the notice and questionnaire included in the letter of transmittal accompanying the prospectus for a period of up to 180 days after the effective date of the registration statement for the exchange offer (or such shorter period during which broker-dealers are required by law to deliver this prospectus). Unless you are required to do so because you are such a broker-dealer, you may not use this prospectus for an offer to resell, resale or other retransfer of new notes.

Nabors Delaware is not making this exchange offer to, nor will Nabors Delaware accept tenders for exchange from, holders of old notes in any jurisdiction in which the exchange offer or the acceptance of it would not be in compliance with the securities or blue sky laws of that jurisdiction.

You may suffer adverse consequences if you fail to exchange your old notes. Following the completion of the exchange offer, except as set forth below and in the relevant registration rights agreement, you will not have any further registration rights and your old notes will continue to be subject to certain restrictions on transfer. Accordingly, if you do not participate in the exchange offer, your ability to sell your old notes could be adversely affected.

Under each of the registration rights agreements, Nabors Delaware is required to file a shelf registration statement with the SEC to cover resales of the old notes or the new notes of the applicable series by holders if it is not permitted to consummate the exchange offer for such series because it determines that the exchange offer is not permitted by applicable law or SEC policy, if the exchange offer is not for any reason declared effective by May 12, 2014 or consummated by June 9, 2014, if the initial purchasers determine that old notes of such series held by them are not eligible to be exchanged for new notes following consummation of the exchange offer, or if any holder does not receive freely tradable new notes in the exchange offer (other than by reason of such holder being an affiliate of Nabors Delaware).

If Nabors Delaware is obligated to file a shelf registration statement, it will be required to keep such shelf registration statement effective for up to one year after it is declared effective.

Representations Nabors Delaware Needs From You Before You May Participate in the Exchange Offer

Nabors Delaware needs representations from you before you can participate in the exchange offer.

These representations are that:

any new notes received by you will be acquired in the ordinary course of your business;

you have no arrangement or understanding with anyone to participate in the distribution of the old notes or the new notes within the meaning of the Securities Act;

you are not an affiliate, within the meaning in Rule 501(b) of Regulation D of the Securities Act, of Nabors Delaware or Nabors;

you are not engaged in, and do not intend to engage in, the distribution of the new notes; and

if you are a broker-dealer, you will receive new notes for your own account in exchange for old notes that were acquired as a result of market-making activities or other trading activities and that you will deliver a prospectus in connection with any resale of such new notes.

Terms of the Exchange Offer

Nabors Delaware will accept any validly tendered old notes that are not withdrawn prior to 11:59 p.m., Eastern time, on the Expiration Date. Nabors Delaware will issue \$2,000 principal amount of New 2016 Notes in exchange for each \$2,000 principal amount of your Old 2016 Notes tendered and will issue \$2,000 principal amount of New 2023 Notes in exchange for each \$2,000 principal amount of your Old 2023 Notes tendered. Holders may tender some or all of their old notes in the exchange offer.

The form and terms of the new notes will be substantially the same as the form and terms of your old notes except that:

interest on the new notes will accrete or accrue, as the case may be, from the last interest payment date on which interest accreted or was paid on your old notes, or, if no interest has accreted or been paid on the old notes, from the date of the original issuance of your old notes;

the new notes have been registered under the Securities Act and will not bear a legend restricting their transfer; and

the new notes will not benefit from the registration and related rights pursuant to which Nabors Delaware is conducting this exchange offer, including an increase in the interest rate related to defaults in our agreement to carry out this exchange offer.

This prospectus and the documents you received with this prospectus are being sent to you and to others believed to have beneficial interests in the old notes. Nabors Delaware intends to conduct the exchange offer in accordance with the applicable requirements of the Securities Exchange Act of 1934, as amended (the "Exchange Act") and the rules and regulations of the SEC.

Nabors Delaware will have accepted your validly tendered old notes when it has given oral or written notice (if oral, to be promptly confirmed in writing) to Citibank. Citibank will act as agent for you for the purpose of receiving the notes. If any tendered old notes are not accepted for exchange because of an invalid tender, the occurrence of certain other events or otherwise, certificates sent to Citibank will be returned, without expense, as promptly as practicable after the Expiration Date to you, unless you request in the letter of transmittal that the notes be sent to someone else.

Edgar Filing: NABORS INDUSTRIES INC - Form 424B3

some other person, or if a transfer tax is imposed for any reason other than the exchange of notes pursuant to the exchange offer.

Expiration Date; Extensions; Amendments

The exchange offer will expire at 11:59 p.m., Eastern time, on June 20, 2014, unless Nabors Delaware extends the exchange offer, in which case the exchange offer shall terminate at 11:59 p.m., Eastern time, on the last day of the extension. Nabors Delaware does not currently intend to extend the Expiration Date. In any event, the exchange offer will be held open for at least 20 business days. In order to extend the exchange offer, Nabors Delaware will issue a notice by press release or other public announcement.

Nabors Delaware reserves the right, in its sole discretion:

to delay accepting your old notes;

to extend the exchange offer;

to terminate the exchange offer, if any of the conditions shall not have been satisfied; or

to amend the terms of the exchange offer in any manner.

If Nabors Delaware delays, extends, terminates or amends the exchange offer, it will give notice to the exchange agent and issue a press release or other public announcement.

Procedures for Tendering Your Old Notes

Except in limited circumstances, only a DTC participant listed on a DTC securities position listing with respect to the old notes may tender old notes in the exchange offer. Except as stated below under " Book-Entry Transfer," to tender in the exchange offer:

if you do not hold your position through DTC, Euroclear or Clearstream, Luxembourg, you must, on or before the Expiration Date, deliver a duly completed letter of transmittal to the exchange agent at its address specified in the letter of transmittal, and certificates for your old notes must be received by Citibank along with the letter of transmittal;

if you hold your position through DTC, you must instruct DTC and a DTC participant by completing the form "*Instruction to Registered Holder from Beneficial Owner*" accompanying this prospectus of your intention whether or not you wish to tender your old notes for new notes, and you must in turn follow the procedures for book-entry transfer as set forth below under " Book-Entry Transfer" and in the letter of transmittal; or

if you hold your position through Euroclear or Clearstream, Luxembourg, the form "*Instruction to Registered Holder from Beneficial Owner*" with respect to old notes held through Euroclear or Clearstream, Luxembourg must be completed by a direct accountholder in Euroclear or Clearstream, Luxembourg, and interests in the old notes must be tendered in compliance with procedures established by Euroclear or Clearstream, Luxembourg.

If you intend to use the guaranteed delivery procedures, you must comply with the guaranteed delivery procedures described below.

None of Nabors Delaware, Nabors, the trustee, the securities administrator or the exchange agent will be responsible for the communication of tenders by holders to the accountholders in DTC, Euroclear or Clearstream, Luxembourg through which they hold old notes or by such accountholders to the exchange agent, DTC, Euroclear or Clearstream, Luxembourg.

Holders will not be responsible for the payment of any fees or commissions to the exchange agent for the old notes.

Table of Contents

In no event should a holder submitting a tender for exchange send a letter of transmittal or old notes to any agent of Nabors Delaware or Nabors other than the exchange agent, or to DTC, Euroclear or Clearstream, Luxembourg.

Holders may contact the exchange agent for assistance in filling out and delivering letters of transmittal and for additional copies of the exchange offer materials.

To be tendered effectively, a letter of transmittal or, as described below under " Book-Entry Transfer," an Agent's Message and other required documents must be received by Citibank at its address set forth under " Exchange Agent" below prior to the Expiration Date.

If you do not withdraw your tender before the Expiration Date, your tender will constitute an agreement between you and Nabors Delaware in accordance with the terms and conditions in this prospectus and in the letter of transmittal.

The method of delivery of your old notes, the letter of transmittal and all other required documents to be delivered to Citibank is at your election and risk. Instead of delivery by mail, it is recommended that you use an overnight or hand delivery service. In all cases, you should allow sufficient time to ensure delivery to Citibank before the Expiration Date. No letter of transmittal or old notes should be sent to Nabors Delaware or Nabors. You may request your brokers, dealers, commercial banks, trust companies or nominees to effect these transactions on your behalf.

Procedure if the Old Notes Are Not Registered in Your Name

If your old notes are registered in the name of a broker, dealer, commercial bank, trust company or other nominee and you wish to tender your old notes, then you should contact the registered holder promptly and instruct the registered holder to tender on your behalf. If you wish to tender on behalf of a registered owner, you must, prior to completing and executing a letter of transmittal and delivering the registered owner's old notes, either make appropriate arrangements to register ownership of the old notes in your name or obtain a properly completed power of attorney or other proper endorsement from the registered holder. Nabors Delaware strongly urges you to act immediately since the transfer of registered ownership may take considerable time.

Signature Requirements and Signature Guarantees

Signatures on a letter of transmittal or a notice of withdrawal must be guaranteed by an "eligible guarantor institution" within the meaning of Rule 17Ad-15 under the Exchange Act, referred to as an "eligible institution," that is a member of specified signature guarantee programs. Signatures on a letter of transmittal or a notice of withdrawal will not be required to be guaranteed if the old notes are tendered:

by a registered holder that has not completed the box entitled "Special Issuance Instructions" or "Special Delivery Instructions" on the letter of transmittal; or

for the account of an eligible institution.

If a letter of transmittal or any notes or powers of attorney are signed by trustees, executors, administrators, guardians, attorneys-in-fact, officers of corporations or others acting in a fiduciary or representative capacity, such persons should so indicate when signing. Evidence satisfactory to us of their authority to so act must be submitted with such letter of transmittal unless waived by Nabors Delaware.

Conditions to the Exchange Offer

All questions as to the validity, form, eligibility, including time of receipt, acceptance and withdrawal of tendered notes will be determined by Nabors Delaware, in its sole discretion, and Nabors

Table of Contents

Delaware's determination will be final and binding. Nabors Delaware reserves the absolute right to reject any and all old notes not properly tendered or any old notes the acceptance of which would be unlawful in the opinion of Nabors Delaware or its counsel. Nabors Delaware also reserves the right to waive any defects, irregularities or conditions of tender as to particular old notes. Nabors Delaware's interpretation of the terms and conditions of the exchange offer, including the instructions in a letter of transmittal, will be final and binding on all parties. Any defects or irregularities in connection with tenders of old notes must be cured within such time as Nabors Delaware shall determine, unless waived by Nabors Delaware. Although Nabors Delaware intends to notify you of defects or irregularities with respect to tenders of old notes, neither Nabors Delaware, Citibank nor any other person shall be under any duty to give such notification or shall incur any liability for failure to give such notification. Tendere of old notes will not be deemed to have been made until all such defects and irregularities have been cured or waived. Any old notes received by Citibank that are not properly tendered and as to which the defects or irregularities have not been cured or waived will be returned by Citibank as soon as practicable following the Expiration Date to you, unless you request in the letter of transmittal that the notes be sent to someone else.

In addition, Nabors Delaware reserves the right in its sole discretion to purchase or make offers for any old notes that remain outstanding after the Expiration Date and, to the extent permitted by applicable law, to purchase old notes in the open market in privately negotiated transactions, or otherwise. The terms of any such purchases or offers could differ from the terms of this exchange offer.

Despite any other term of the exchange offer, Nabors Delaware will not be required to accept for exchange, or exchange new notes for, any old notes, and Nabors Delaware may terminate the exchange offer, if:

the exchange offer, or the making of any exchange by a holder, violates, in Nabors Delaware's good faith determination or on the advice of counsel, any applicable law, rule or regulation or any applicable interpretation of the staff of the SEC;

any action or proceeding is instituted or threatened in any court or by the SEC or any other governmental agency with respect to the exchange offer that, in Nabors Delaware's judgment, would impair its ability to proceed with the exchange offer; or

Nabors Delaware has not obtained any governmental approval which Nabors Delaware, in its sole discretion, consider necessary for the completion of the exchange offer as contemplated by this prospectus.

The conditions listed above are for Nabors Delaware's sole benefit and may be asserted by Nabors Delaware at any time, regardless of the circumstances giving rise to any of these conditions, or may be waived by Nabors Delaware in whole or in part at any time in its sole discretion. The failure by Nabors Delaware to exercise any of its rights shall not be a waiver of its rights. Nabors Delaware is required to use reasonable efforts to obtain the withdrawal of any stop order at the earliest possible time.

In all cases, the issuance of new notes for tendered old notes that are accepted for exchange in the exchange offer will be made only after timely receipt by the exchange agent of:

certificates for old notes or a timely confirmation from DTC of such old notes into the exchange agent's account at DTC;

a properly completed and duly executed letter of transmittal or, with respect to DTC and its participants, an Agent's Message in which the tendering holder acknowledges its receipt of and agreement to be bound by the letter of transmittal for such exchange offer; and

all other required documents.

Table of Contents

If Nabors Delaware does not accept your tendered old notes or if you submit old notes for a greater aggregate principal amount than you desire to exchange, then the unaccepted or unexchanged old notes will be returned without expense to you or, in the case of notes tendered by book-entry transfer into the exchange agent's account at DTC pursuant to the book-entry transfer procedures described below, such non-exchanged notes will be credited to an account maintained with DTC, as promptly as practicable after the expiration or termination of the exchange offer.

Book-Entry Transfer

Nabors Delaware understands that the exchange agent will make a request promptly after the date of this prospectus to establish accounts with respect to the old notes at DTC for the purpose of facilitating the exchange offer. Any financial institution that is a participant in DTC's system may make book-entry delivery of old notes by causing DTC, Euroclear or Clearstream, Luxembourg, as the case may be, to transfer such old notes into the exchange agent's DTC account in accordance with DTC's electronic Automated Tender Offer Program procedures for such transfer. The exchange of new notes for tendered old notes will only be made after timely:

confirmation of book-entry transfer of the old notes into the exchange agent's account; and

receipt by the exchange agent of an executed and properly completed letter of transmittal or an Agent's Message and all other required documents specified in the letter of transmittal.

The confirmation, letter of transmittal or Agent's Message and any other required documents must be received at the exchange agent's address listed below under " Exchange Agent" on or before 11:59 p.m., Eastern time, on the Expiration Date of the exchange offer or, if the guaranteed delivery procedures described below are complied with, within the time period provided under those procedures.

As indicated above, delivery of documents to any of DTC, Euroclear or Clearstream, Luxembourg in accordance with its procedures does not constitute delivery to the exchange agent.

The term "Agent's Message" means a message, transmitted by DTC and received by the exchange agent and forming part of the confirmation of a book-entry transfer, which states that DTC has received an express acknowledgment from a participant in DTC tendering old notes stating:

the aggregate principal amount of old notes that have been tendered by the participant;

that such participant has received an appropriate letter of transmittal and agrees to be bound by the terms of the letter of transmittal and the terms of the exchange offer; and

that Nabors Delaware may enforce such agreement against the participant.

Delivery of an Agent's Message will also constitute an acknowledgment from the tendering DTC participant that the representations contained in the letter of transmittal are true and correct.

Guaranteed Delivery Procedures

If you wish to tender your old notes and the old notes are not immediately available, or time will not permit your old notes or other required documents to reach the exchange agent before the Expiration Date, or the procedure for book-entry transfer cannot be completed on a timely basis, a tender may be effected if:

the tender is made through an eligible institution;

Edgar Filing: NABORS INDUSTRIES INC - Form 424B3

before the Expiration Date, the exchange agent has received from such eligible institution a properly completed and duly executed letter of transmittal, or a facsimile thereof, and notice of guaranteed delivery substantially in the form provided by Nabors Delaware, by facsimile

transmission, mail or hand delivery. The notice of guaranteed delivery shall state your name and address and the amount of the old notes tendered, shall state that the tender is being made thereby and shall guarantee that, within three New York Stock Exchange trading days after the date of execution of the notice of guaranteed delivery, the certificates for all physically tendered old notes, in proper form for transfer, or a confirmation from DTC of book-entry transfer, the letter of transmittal, or a manually executed facsimile thereof, properly completed and duly executed, and any other documents required by the applicable letter of transmittal will be deposited by the eligible institution with the exchange agent; and

the certificates for all physically tendered old notes, in proper form for transfer, or a confirmation from DTC of book-entry transfer, the properly completed and duly executed letter of transmittal, or a manually executed facsimile thereof, and all other documents required by the applicable letter of transmittal are received by the exchange agent within three New York Stock Exchange trading days after the date of execution of the notice of guaranteed delivery.

Withdrawal Rights

You may withdraw your tender of old notes at any time prior to 11:59 p.m., Eastern time, on the Expiration Date.

For a withdrawal of tendered notes to be effective, a written or, for a DTC participant, electronic notice of withdrawal must be received by the exchange agent at its address set forth in the next section of this prospectus entitled " Exchange Agent," prior to 11:59 p.m., Eastern time, on the Expiration Date.

Any such notice of withdrawal must:

specify your name;

identify the old notes to be withdrawn, including, if applicable, the certificate number or numbers and aggregate principal amount of such old notes;

be signed by you in the same manner as the original signature on the letter of transmittal by which your old notes were tendered, including any required signature guarantees, or be accompanied by documents of transfer sufficient for the trustee of your old notes to register the transfer of those notes into the name of the person withdrawing the tender; and

specify the name in which you want the withdrawn old notes to be registered, if different from your name.

All questions as to the validity, form and eligibility, including time of receipt, of such notices will be determined by Nabors Delaware, and such determination shall be final and binding on all parties. Any old notes withdrawn will be considered not to have been validly tendered for exchange for the purposes of the exchange offer. Any notes that have been tendered for exchange but that are not exchanged for any reason will be returned to you without cost as soon as practicable after withdrawal, rejection of tender or termination of the exchange offer relating to such old notes. Properly withdrawn old notes may be retendered by following one of the procedures described above in " Procedures for Tendering Your Old Notes" at any time on or prior to the Expiration Date.

Exchange Agent

All executed letters of transmittal should be directed to the exchange agent. Nabors Delaware has appointed Citibank as the exchange agent for the exchange offer. Questions, requests for assistance and requests for additional copies of the prospectus or letter of transmittal should be directed to the exchange agent at its offices at 480 Washington Boulevard, 30th Floor, Jersey City, New Jersey 07310. The exchange agent's telephone number is (800) 422-2066 and its facsimile number is (201) 258-3567.

Fees and Expenses

Nabors Delaware will not make any payments to brokers, dealers or others soliciting acceptances of the exchange offer, other than to the exchange agent. The principal solicitation is being made by mail. However, additional solicitations may be made in person or by telephone by Nabors Delaware's officers and employees.

The cash expenses to be incurred in connection with the exchange offer will be paid by Nabors Delaware and are estimated in the aggregate to be approximately \$450,000, which includes the SEC registration fee, fees and expenses of Citibank, as exchange agent, and accounting, legal, printing and related fees and expenses.

Transfer Taxes

If you tender old notes for exchange, you will not be obligated to pay any transfer taxes unless you instruct Nabors Delaware to register your new notes in a different name or if a transfer tax is imposed for a reason other than the exchange of notes pursuant to this exchange offer. If you request that your old notes not tendered or not accepted in the exchange offer be returned to a different person, you will be responsible for the payment of any applicable transfer tax.

Consequences of Failure to Properly Tender Old Notes in the Exchange

Nabors Delaware will issue new notes in exchange for old notes under the exchange offer only after timely receipt by the exchange agent of the old notes, a properly completed and duly executed letter of transmittal or Agent's Message and all other required documents. Therefore, holders of the old notes desiring to tender old notes in exchange for new notes should allow sufficient time to ensure timely delivery. Nabors Delaware is under no duty to give notification of defects or irregularities of tenders of old notes for exchange. Upon completion of the exchange offer, specified rights under each of the registration rights agreements, including registration rights and any right to additional interest, will be either limited or eliminated.

Participation in the exchange offer is voluntary. In the event the exchange offer is completed, Nabors Delaware will not be required to register the remaining old notes, except in the limited circumstances described under " Purpose and Effect of Exchange Offer; Registration Rights." Old notes that are not tendered or that are tendered but not accepted by Nabors Delaware will, following completion of the exchange offer, continue to be subject to the following restrictions on transfer:

holders may resell old notes only if an exemption from registration under the Securities Act is available or, outside of the United States, to non-U.S. persons in accordance with the requirements of Regulation S under the Securities Act; and

bear a legend restricting transfer in the absence of registration or an exemption from registration.

To the extent that old notes are tendered and accepted in connection with the exchange offer, any trading market for remaining old notes could be adversely affected.

DESCRIPTION OF THE NEW NOTES

The form and terms of the New 2016 Notes are identical to the Old 2016 Notes in all material respects, and the form and terms of the New 2023 Notes are identical to the Old 2023 Notes in all material respects, except that transfer restrictions and registration rights applicable to the old notes do not apply to the new notes. The new notes will be issued under the Indenture. The New 2016 Notes and the New 2023 Notes will each be issued as a separate series.

Nabors Delaware issued \$700,000,000 in aggregate principal amount of old notes, consisting of \$350,000,000 of the Old 2016 Notes and \$350,000,000 of the Old 2023 Notes, on September 12, 2013 pursuant to the Indenture. The terms of the new notes include those expressly set forth in the Indenture and those made part of the Indenture by reference to the Trust Indenture Act of 1939, as amended (the "Trust Indenture Act"). The Indenture is unlimited in aggregate principal amount, although the issuance of New 2016 Notes pursuant to this prospectus will be limited to \$350,000,000. The New 2016 Notes will mature on September 15, 2016. The issuance of New 2023 Notes pursuant to this prospectus will be limited to \$350,000,000. The New 2023 Notes will mature on September 15, 2023. Nabors Delaware may issue an unlimited principal amount of additional notes having identical terms and conditions to the Old 2016 Notes ("additional 2016 notes") and an unlimited principal amount of additional notes having identical terms and conditions to the Old 2023 Notes ("additional 2023 notes" and, together with the additional 2016 notes, the "additional notes"), except for the offering price and issue date, as the new notes (the "additional notes"). Any additional notes of either series will be part of the same issue as the notes of that series that Nabors Delaware is currently offering and will vote on all matters with the holders of the new notes of that series.

This description of the new notes is intended to be a useful overview of the material provisions of the new notes, the guarantee and the Indenture. Since this description is only a summary, you should refer to the Indenture for a complete description of Nabors Delaware's obligations, the obligations of the guarantor and your rights.

The new notes will:

be unsecured,

be effectively junior in right of payment to any of Nabors Delaware's future secured debt,

rank equally in right of payment with all of Nabors Delaware's existing and future unsubordinated debt, and

be senior in right of payment to any of Nabors Delaware's future senior subordinated or subordinated debt.

Nabors Delaware's obligations under the new notes will be fully and unconditionally guaranteed by Nabors. The Indenture contains no restrictions on the amount of additional indebtedness that either Nabors Delaware or Nabors may issue or guarantee in the future.

Interest

Interest on the New 2016 Notes will begin to accrue upon the last interest payment date on which interest was paid on the Old 2016 Notes surrendered in exchange for the New 2016 Notes or, if no interest has been paid on such Old 2016 Notes, from September 12, 2013 at the rate of 2.35% per annum. Interest on the New 2023 Notes will begin to accrue upon the last interest payment date on which interest was paid on the Old 2023 Notes surrendered in exchange for the New 2023 Notes or, if no interest has been paid on such Old 2023 Notes, from September 12, 2013 at the rate of 5.10% per annum.

Table of Contents

Interest on both series of new notes will be payable semiannually on March 15 and September 15 of each year to the persons in whose names the notes are registered at the close of business on the preceding March 1 and September 1, respectively. Interest on the notes will be computed on the basis of a 360-day year comprised of twelve 30-day months.

Payments on the Notes; Paying Agent and Registrar

Nabors Delaware will pay principal of, premium, if any, additional amounts (as defined below), if any, and interest on any new notes issued in certificated form at the office or agency Nabors Delaware designates in The City of New York, except that Nabors Delaware may pay interest on any new notes in certificated form either at the corporate trust office of the securities administrator in The City of New York, or, at Nabors Delaware's option, by check mailed to holders of the new notes at their registered addresses as they appear in the registrar's books. In addition, if a holder of any new notes in certificated form has given wire transfer instructions in accordance with the Indenture, Nabors Delaware will make all payments on those new notes by wire transfer.

Nabors Delaware has initially designated the corporate trust office of the securities administrator to act as its paying agent and registrar. Nabors Delaware may, however, change the paying agent or registrar without prior notice to the holders of the new notes, and Nabors or any of its subsidiaries may act as paying agent or registrar.

Nabors Delaware will pay principal of, premium, if any, additional amounts, if any, and interest on, any new note in global form registered in the name of or held by DTC or its nominee in immediately available funds to DTC or its nominee, as the case may be, as the registered holder of such global note.

Transfer and Exchange

A holder of new notes may transfer or exchange notes at the office of the registrar in accordance with the Indenture. The registrar and the trustee may require a holder, among other things, to furnish appropriate endorsements and transfer documents. No service charge will be imposed by Nabors Delaware, the trustee or the registrar for any registration of transfer or exchange of notes, but Nabors Delaware may require a holder to pay a sum sufficient to cover any transfer tax or other similar governmental charge required by law. Nabors Delaware is not required to transfer or exchange any new note selected for redemption. Also, Nabors Delaware is not required to transfer or exchange any new note for a period of 15 days before a mailing of notice of redemption.

The registered holder of a new note will be treated as the owner of it for all purposes.

Guarantee

Nabors will fully and unconditionally guarantee the due and punctual payment of the principal of, premium, if any, and interest on the new notes and any other obligations of Nabors Delaware under the new notes when and as they become due and payable, whether at maturity, upon redemption, by acceleration or otherwise, if Nabors Delaware is unable to satisfy these obligations. Nabors' guarantee of Nabors Delaware's obligations under the new notes will be its unsecured and unsubordinated obligation and will have the same ranking with respect to Nabors' indebtedness as the new notes will have with respect to Nabors Delaware's indebtedness. The guarantee will provide that, in the event of a default in payment by Nabors Delaware on the new notes, the holders of the new notes may institute legal proceedings directly against Nabors to enforce its guarantee without first proceeding against Nabors Delaware.

In the event that Nabors is required to withhold or deduct on account of any Bermudian taxes due from any payment made under or with respect to its guarantee, Nabors will pay additional amounts so

Table of Contents

that the net amount received by each holder of new notes will equal the amount that the holder would have received if the Bermudian taxes had not been required to be withheld or deducted. The amounts that Nabors is required to pay to preserve the net amount receivable by the holders of the new notes are referred to as "additional amounts."

Optional Redemption

Make-Whole Redemption

The outstanding Old 2016 Notes and New 2016 Notes (together, the "2016 Notes") will be subject to redemption by Nabors Delaware, in whole at any time or in part from time to time, and the outstanding Old 2023 Notes and New 2023 Notes (together, the "2023 Notes") will be subject to redemption by Nabors Delaware prior to June 15, 2023 (three months prior to maturity of the New 2023 Notes), in whole at any time or in part from time to time, at a redemption price equal to the greater of:

100% of the principal amount of the new notes to be redeemed; or

the sum of the present values of the remaining scheduled payments of principal and interest thereon (exclusive of the interest accrued to the date of redemption) computed by discounting such payments to the redemption date on a semiannual basis, assuming a 360-day year consisting of twelve 30-day months, at a rate equal to the sum of 25 basis points (in the case of the 2016 Notes) and 35 basis points (in the case of the 2023 Notes) plus the adjusted treasury rate for such new notes, as that term is generally used in the industry, on the third business day prior to, but excluding, the redemption date, as calculated by the Independent Investment Banker, plus, in either case, accrued and unpaid interest, if any, to the redemption date (subject to the right of holders of record on the relevant record date to receive interest due on the relevant interest payment date).

Par Call of 2023 Notes

Commencing on June 15, 2023 (three months prior to maturity of the 2023 Notes), the 2023 Notes may be redeemed in whole at any time or in part from time to time, at our option, at a redemption price equal to 100% of the principal amount of the 2023 Notes to be redeemed, plus accrued and unpaid interest thereon to, but excluding, the redemption date.

General

Nabors Delaware will mail notice of redemption at least 20 days but not more than 75 days before the applicable redemption date to each holder of the new notes to be redeemed. If Nabors Delaware elects to redeem the notes in part, the securities administrator will select the notes to be redeemed in a fair and appropriate manner (or, in the case of notes evidenced by global notes, in accordance with DTC's applicable procedures).

Upon the payment of the redemption price, premium, if any, additional amounts, if any, plus accrued and unpaid interest, if any, to the date of redemption, interest will cease to accrue on and after the applicable redemption date on the new notes or portions thereof called for redemption.

Any redemption of notes may, at Nabors Delaware's discretion, be subject to one or more conditions precedent, including the consummation of a financing transaction or equity issuance, the proceeds of which are to be used to fund such redemption.

Table of Contents

Change of Control Offer

Upon the occurrence of a Change of Control Triggering Event with respect to a series of the notes (as defined below), each holder of notes of that series will have the right to require Nabors Delaware to purchase all or any part (equal to \$2,000 or an integral multiple of \$1,000 in excess thereof) of the holder's notes of such series at a purchase price in cash equal to 101% of the principal amount thereof, plus accrued and unpaid interest, if any, to the date of purchase (subject to the right of holders of record on the relevant record date to receive interest due on the relevant interest payment date), except to the extent that Nabors Delaware has exercised its right to redeem the new notes as described under " Optional Redemption."

"Change of Control" means the occurrence of any one of the following:

- (a) the sale, lease, transfer, conveyance or other disposition (other than by way of merger, amalgamation or consolidation), in one or a series of related transactions, of all or substantially all of the assets of Nabors and the Subsidiaries taken as a whole to any "person" (as that term is used in Section 13(d)(3) of the Exchange Act) other than to Nabors or one or more of the Subsidiaries or a combination thereof or a person controlled by Nabors or one or more of the Subsidiaries or a combination thereof;
- (b) the consummation of any transaction (including, without limitation, any merger, amalgamation or consolidation) the result of which is that any "person" (as that term is used in Section 13(d)(3) of the Exchange Act) (other than any Subsidiary) becomes the "beneficial owner" (as defined in Rules 13d-3 and 13d-5 under the Exchange Act), directly or indirectly, of more than 50% of the outstanding Voting Stock of Nabors, measured by voting power rather than number of shares (excluding a redomestication of Nabors); or
- (c) the first day on which the majority of the members of the board of directors of Nabors cease to be Continuing Directors.

Notwithstanding the foregoing, a transaction will not be deemed to involve a "Change of Control" under clause (b) above if (i) Nabors becomes a direct or indirect wholly owned Subsidiary of a holding company and (ii)(A) the direct or indirect holders of the Voting Stock of such holding company immediately following such transaction are substantially the same as the holders of the Voting Stock of Nabors immediately prior to such transaction or (B) immediately following such transaction no "person" (as that term is used in Section 13(d)(3) of the Exchange Act) (other than a holding company satisfying the requirements of this sentence) is the "beneficial owner" (as defined in Rules 13d-3 and 13d-5 under the Exchange Act), directly or indirectly, of more than 50% of the outstanding Voting Stock of such holding company, measured by voting power rather than number of shares.

"Change of Control Triggering Event" means, with respect to either series of notes, the ratings of the notes of such series are lowered by at least two of the three Rating Agencies and the new notes of such series cease to be rated Investment Grade by at least two of the three Rating Agencies in any case on any date during the period (the "Trigger Period") commencing on the date of the first public announcement by Nabors of any Change of Control (or pending Change of Control) and ending 60 days following consummation of such Change of Control (which 60-day period will be extended for so long as the rating of the notes is under publicly announced consideration for a possible downgrade as a result of the Change in Control by any of the Rating Agencies). Notwithstanding the foregoing, no Change of Control Triggering Event will be deemed to have occurred in connection with any particular Change of Control unless and until such Change of Control has actually been consummated.

Within 60 days following the date upon which the Change of Control Triggering Event has occurred, or at Nabors Delaware's option, prior to any Change of Control but after the public announcement of the transaction that constitutes or may constitute the Change of Control, except to the extent that Nabors Delaware has exercised its right to redeem the notes as described under

Table of Contents

" Optional Redemption," Nabors Delaware will send a notice (a "Change of Control Offer") to each holder of notes of such series with a copy to the trustee and the securities administrator, which notice will govern the terms of the Change of Control Offer, stating:

- (1) that a Change of Control Triggering Event has occurred and that such holder has the right to require Nabors Delaware to purchase such holder's notes at a purchase price in cash equal to 101% of the principal amount thereof, plus accrued and unpaid interest, if any, to the date of purchase (subject to the right of holders of record on the relevant record date to receive interest on the relevant interest payment date);
- (2) the circumstances regarding such Change of Control Triggering Event;
- (3) the purchase date (which shall be (i) no earlier than 30 days nor later than 60 days from the date such notice is sent, if sent after consummation of the Change of Control, and (ii) on the date of the Change in Control, if sent prior to consummation of the Change of Control, in each case, other than as may be required by law) (such date, the "Change of Control Payment Date"); and
- (4) the instructions that a holder must follow in order to have its notes purchased.

Holders of notes electing to have notes purchased pursuant to a Change of Control Offer will be required to surrender their notes, with the form entitled "Option of Holder to Elect Purchase" on the reverse of the note completed, to the paying agent at the address specified in the notice, or transfer their new notes to the paying agent by book-entry transfer pursuant to the applicable procedures of the paying agent, prior to the close of business on the third business day prior to the Change of Control Payment Date.

Nabors Delaware may make a Change of Control Offer in advance of a Change of Control and the Change of Control Payment Date, and Nabors Delaware's Change of Control Offer may be conditioned upon such Change of Control, if a definitive agreement is in place for the Change of Control at the time of making the Change of Control Offer.

If holders of not less than 95% in aggregate principal amount of the outstanding notes of a series validly tender and do not withdraw the notes of such series in a Change of Control Offer and Nabors Delaware, or any third party making a Change of Control Offer in lieu of Nabors Delaware, as described below, purchases all of the notes validly tendered and not withdrawn by such holders, Nabors Delaware will have the right, upon not less than 30 nor more than 60 days' prior notice, given not more than 30 days following such purchase pursuant to the Change of Control Offer described above, to redeem all notes that remain outstanding following such purchase at a redemption price in cash equal to 101% of the principal amount thereof, plus accrued and unpaid interest, if any, to the date of redemption (subject to the right of holders of record on the relevant record date to receive interest on the relevant interest payment date).

Nabors Delaware will not be required to make a Change of Control Offer if a third party makes such an offer in the manner, at the times and otherwise in compliance with the requirements for such an offer made by Nabors Delaware and such third party purchases all notes properly tendered and not withdrawn under its offer.

Nabors Delaware will comply, to the extent applicable, with the requirements of Section 14(e) of the Exchange Act and any other securities laws or regulations in connection with the repurchase of notes pursuant to a Change of Control Offer. To the extent that the provisions of any securities laws or regulations conflict with the terms described in this prospectus, Nabors Delaware shall comply with the applicable securities laws and regulations and will not be deemed to have breached its obligations by virtue thereof.

Table of Contents

The definition of Change of Control includes a phrase relating to the sale, lease, transfer, conveyance or other disposition of "all or substantially all" of the assets of Nabors and the Subsidiaries taken as a whole. Although there is a limited body of case law interpreting the phrase "substantially all," there is no precise established definition of the phrase under applicable law. Accordingly, the ability of a holder of new notes to require Nabors Delaware to repurchase its new notes as a result of a sale, lease, transfer, conveyance or other disposition of less than all of the assets of Nabors and the Subsidiaries taken as a whole to another person may be uncertain.

In addition to the foregoing, Nabors and any Subsidiary may, without securing the new notes, issue, assume or guarantee secured Debt that, with certain other Debt described in the following sentence, does not exceed 10% of Consolidated Net Tangible Assets. The other Debt to be aggregated for purpose of this exception is all Attributable Debt in respect of Sale and Lease-Back Transactions of Nabors and its Subsidiaries under the exception in clause (e)(2) below existing at such time.

SEC Reports; Financial Information

So long as any notes are outstanding, Nabors will file with the trustee copies, within 15 days after Nabors is required to file the same with the SEC, of the annual reports and of the information, documents and other reports (or copies of such portions of any of the foregoing as the SEC may from time to time by rules and regulations prescribe) which Nabors may be required to file with the SEC pursuant to Section 13 or Section 15(d) of the Exchange Act, or, if Nabors is not required to file information, documents or reports pursuant to either of such sections, then to file with the trustee and the SEC, in accordance with rules and regulations prescribed from time to time by the SEC, such of the supplementary and periodic information, documents and reports, if any, which may be required pursuant to Section 13 of the Exchange Act, in respect of a security listed and registered on a national securities exchange as may be prescribed from time to time in such rules and regulations.

At any time when neither Nabors nor Nabors Delaware is subject to Section 13 or 15(d) of the Exchange Act and the new notes are not freely transferable under the Securities Act, upon the request of a holder of the new notes, Nabors and Nabors Delaware will promptly furnish or cause to be furnished the information specified under Rule 144A(d)(4) of the Securities Act to such holder, or to a prospective purchaser of a note designed by such holder, in order to permit compliance with Rule 144A under the Securities Act.

Consolidation, Amalgamation, Merger, Conveyance of Assets

The Indenture provides, in general, that neither Nabors Delaware nor Nabors will consolidate or amalgamate with or merge into any other entity or convey, transfer or lease Nabors Delaware's or Nabors' assets substantially as an entirety to any person, unless:

the entity formed by the consolidation or amalgamation or into which Nabors Delaware or Nabors is merged, or the person who acquires the assets, shall be organized, in Nabors Delaware's case, under the laws of the United States, any state thereof, or the District of Columbia, and in either case expressly assumes Nabors Delaware's or Nabors' obligations under the Indenture, the notes and the guarantee; and

immediately after giving effect to that type of transaction, no event of default, and no event that, after notice or lapse of time or both, would become an event of default, shall have happened and be continuing.

Event Risk

Except for the limitations described above under the subsections " Limitations on Liens" and " Limitations on Sale and Lease-Back Transactions," neither the Indenture, the guarantee nor the new notes will afford holders of the new notes protection in the event of a highly leveraged transaction

Modification of the Indenture

Amendments of the Indenture and either series of notes may be made by Nabors Delaware, Nabors, the trustee and the securities administrator with the consent of the holders of a majority in principal amount of the outstanding series of notes affected thereby; *provided, however*, that no such amendment may, without the consent of the holder of each outstanding note affected thereby:

extend the final maturity of the principal of such notes;

reduce the principal amount of such notes;

reduce the rate or extend the time of payment of interest or additional amounts, if any, on such notes;

reduce any amount payable on redemption of such notes;

change the currency in which the principal of, premium, if any, or interest or additional amounts, if any, on any such notes is payable;

impair the right to institute suit for the enforcement of any payment on any such notes when due; or

make any change in the percentage in principal amount of such series notes, the consent of the holders of which is required for any such amendment.

Without the consent of any holder of outstanding new notes, Nabors Delaware, Nabors, the trustee and the securities administrator may amend the Indenture as it relates to the notes and the new notes to:

cure any ambiguity, omission, defect or inconsistency;

provide for the assumption by a successor to the obligations of Nabors or Nabors Delaware under the Indenture;

provide for uncertificated new notes in addition to or in place of certificated notes (*provided* that the uncertificated notes are issued in registered form for purposes of Section 163(f) of the Code);

provide for the issuance of additional notes in accordance with the Indenture;

effect or maintain, or otherwise comply with the requirements of the SEC in connection with, the qualification of the Indenture under the Trust Indenture Act;

secure all or any of the notes of either series, to the extent otherwise permitted by the Indenture;

add to the covenants of Nabors or Nabors Delaware or events of default for the benefit of the holders or surrender any right or power conferred upon us or Nabors;

effect any provision of the Indenture;

conform the text of the Indenture or the new notes to the "Description of the New Notes" set forth in this prospectus to the extent such provision in the "Description of the New Notes" was intended to be a verbatim, or substantially verbatim, recitation of a provision of the Indenture or the New Notes;

make other provisions that do not adversely affect the rights of any holder of outstanding notes.

The holders of a majority in aggregate principal amount of the outstanding notes of either series may, on behalf of the holders of all notes of such series, waive compliance with any covenant or any past default under the Indenture with respect to such notes, except a default in the payment of the

Table of Contents

principal of, premium, if any, additional amounts, if any, or interest on any note of that series or in respect of a provision which under the Indenture cannot be amended without the consent of the holder of each outstanding note affected.

It is not necessary for the consent of the holders under the Indenture to approve the particular form of any proposed amendment or waiver. It is sufficient if such consent approves the substance of the proposed amendment or waiver. A consent to any amendment or waiver under the Indenture by any holder of notes given in connection with a tender of such holder's notes will not be rendered invalid by such tender. After an amendment or waiver under the Indenture requiring consent of the holders becomes effective, Nabors Delaware is required to deliver to the holders, the trustee and the securities administrator a notice briefly describing such amendment or waiver. However, the failure to mail such notice, or any defect in the notice, will not impair or affect the validity of the amendment or waiver.

Events of Default

In general, the Indenture defines an event of default with respect to either series of notes as being:

- (1) a default for 10 days in payment of any principal or premium, if any, on such series of notes, either at maturity, upon any redemption, by declaration or otherwise;
- (2) a default for 30 days in payment of any interest or additional amounts, if any, on such series of notes;
- (3) a default for 90 days after written notice from the trustee or holders of at least 25% in aggregate principal amount of the outstanding notes of such series in the observance or performance of any covenant in the notes of such series or the Indenture;
- (4) an event of Nabors Delaware's or Nabors' bankruptcy, insolvency or reorganization; or
- (5) the failure to keep Nabors' full and unconditional guarantee of the notes of such series in place.

If an event of default (other than one described in clause (4) above) occurs and is continuing with respect to a series of notes, either the trustee or the holders of at least 25% in aggregate principal amount of the outstanding notes of that series may declare the principal amount of those notes to be due and payable immediately. If any event of default described in clause (4) above occurs, the principal amount of the notes will be automatically due and payable immediately. However, any time after an acceleration with respect to the notes of either series has occurred, but before a judgment or decree based on such acceleration has been obtained, the holders of a majority in principal amount of outstanding notes of that series may, under some circumstances, rescind and annul such acceleration. The majority holders, however, may not annul or waive a continuing default in payment of principal of, premium, if any, additional amounts, if any, or interest on the notes of that series.

The trustee is entitled to receive reasonable indemnification satisfactory to it from the holders of the notes before the trustee exercises any of its rights or powers under the Indenture. This indemnification is subject to the trustee's duty to act with the required standard of care during a default.

The holders of a majority in principal amount of the outstanding notes of either series may direct the time, method and place of:

the conduct of any proceeding for any remedy available to the trustee with respect to such series; or

the exercise of any trust or power conferred on the trustee with respect to such series.

Table of Contents

This right of the holders of the notes is, however, subject to the provisions in the Indenture providing for the indemnification of the trustee and other specified limitations.

In general, the holders of notes of either series may institute an action against Nabors Delaware, Nabors or any other obligor under the notes only if the following four conditions are fulfilled:

the holder previously has given to the trustee written notice of default and the default continues;

the holders of at least 25% in principal amount of the notes of such series then outstanding have both requested the trustee to institute such action and offered the trustee reasonable indemnity satisfactory to it;

the trustee has not instituted this action within 60 days of receipt of such request; and

the trustee has not received a direction inconsistent with such written request by the holders of a majority in principal amount of the notes of that series then outstanding.

The above four conditions do not apply to actions by holders of the notes against Nabors Delaware, Nabors or any other obligor under the notes for payment of principal of, premium, if any, additional amounts, if any, or interest on or after the due date.

The Indenture contains a covenant that Nabors Delaware, Nabors and any other obligor under the notes will file annually with the trustee a certificate of no default or a certificate specifying any default that exists.

Discharge, Legal Defeasance and Covenant Defeasance

Nabors Delaware may discharge or defease its obligations under either series of notes as set forth below.

Under terms specified in the Indenture, Nabors Delaware may discharge certain obligations to holders of the notes of either series that have not already been delivered to the trustee for cancellation. The notes of either series must also:

have become due and payable;

be due and payable by their terms within one year; or

be scheduled for redemption by their terms within one year.

Nabors Delaware may discharge the notes of either series by, among other things, irrevocably depositing an amount certified to be sufficient to pay at maturity, or upon redemption, the principal, premium, if any, additional amounts, if any, and interest on the notes of such series. Nabors Delaware may make the deposit in cash or U.S. Government Obligations, as defined in the Indenture.

Nabors Delaware may terminate all its obligations under the notes of either series and the Indenture (as it applies to such series) at any time, except for certain obligations, including those respecting the defeasance trust and obligations to register the transfer or exchange of the notes, to replace mutilated, destroyed, lost or stolen notes and to maintain a registrar and paying agent in respect of the notes. This is referred to as "legal defeasance." If Nabors Delaware exercises its legal defeasance option with respect to a series of the notes, the guarantee in effect at such time will terminate with respect to that series.

Under terms specified in the Indenture, Nabors Delaware and Nabors may be released with respect to any outstanding notes of either series from the obligations imposed by the sections of the Indenture that contain the covenants described above limiting liens, sale and lease-back transactions and consolidations, mergers and conveyances of assets. In that case, Nabors Delaware and Nabors would no longer be required to comply with these sections without the creation of an event of default

under such series of notes. This is typically referred to as "covenant defeasance." If Nabors Delaware exercises its covenant defeasance option with respect to a series of notes, the guarantee of such series of notes in effect at such time will terminate. Nabors Delaware may exercise its legal defeasance option notwithstanding Nabors Delaware's prior exercise of its covenant defeasance option.

Legal defeasance or covenant defeasance with respect to a series of notes may be effected by Nabors Delaware only if, among other things:

Nabors Delaware irrevocably deposits with the trustee cash or U.S. Government Obligations as trust funds in an amount certified by a nationally recognized firm of certified public accountants to be sufficient to pay at maturity or upon redemption the principal of, premium, if any, additional amounts, if any, and interest on all outstanding notes of such series; and

Nabors Delaware delivers to the trustee an opinion of counsel to the effect that the holders of the notes of such series will not recognize income, gain or loss for United States federal income tax purposes as a result of Nabors Delaware's legal defeasance or covenant defeasance. This opinion must further state that these holders will be subject to United States federal income tax on the same amounts, in the same manner and at the same times as would have been the case if Nabors Delaware's legal defeasance or covenant defeasance had not occurred. In the case of a legal defeasance, this opinion must be based on a ruling of the Internal Revenue Service or a change in United States federal income tax law occurring after the date of the Indenture.

Concerning the Trustee

The trustee is one of a number of banks with which Nabors and its subsidiaries maintain ordinary banking relationships. Nabors Delaware has appointed Citibank, N.A., the securities administrator, as registrar and paying agent under the Indenture.

Governing Law

The Indenture, the notes and the guarantee will be governed by, and construed in accordance with, the laws of the State of New York.

BOOK-ENTRY SYSTEM

Book-Entry, Delivery and Form

Each series of the old notes is, and each series of the new notes will be, represented by one or more global notes in registered, global form without interest coupons, collectively referred to as the "Global Notes." The Global Notes initially will be deposited upon issuance with the securities administrator as custodian for DTC, in New York, New York, and registered in the name of Cede & Co., in each case for credit to an account of a direct or indirect participant as described below.

Except as set forth below, the Global Notes may be transferred, in whole and not in part, only to another nominee of DTC or to a successor of DTC or its nominee. Beneficial interests in the Global Notes may not be exchanged for exchange notes in certificated form except in the limited circumstances described below. See "Exchange of Global Notes for Certificated Notes." In addition, transfers of beneficial interests in the Global Notes will be subject to the applicable rules and procedures of DTC and its direct or indirect participants, which may change from time to time.

The notes may be presented for registration of transfer and exchange at the offices of the registrar.

Depository Procedures

The following description of the operations and procedures of DTC is provided solely as a matter of convenience. These operations and procedures are solely within the control of the respective settlement systems and are subject to changes by them. Nabors Delaware takes no responsibility for these operations and procedures and urge investors to contact the system or their participants directly to discuss these matters.

DTC has advised Nabors Delaware that DTC is a limited-purpose trust company organized under the laws of the State of New York, a "banking organization" within the meaning of the New York Banking Law, a member of the Federal Reserve System, a "clearing corporation" within the meaning of the Uniform Commercial Code and a "clearing agency" registered pursuant to the provisions of Section 17A of the Exchange Act. DTC was created to hold securities for its participating organizations, collectively referred to as the "Participants," and to facilitate the clearance and settlement of transactions in those securities between Participants through electronic book-entry changes in accounts of its Participants. The Participants include securities brokers and dealers, banks, trust companies, clearing corporations and certain other organizations. Access to DTC's system is also available to other entities such as banks, brokers, dealers and trust companies that clear through or maintain a custodial relationship with a Participant, either directly or indirectly, collectively referred to as the "Indirect Participants." Persons who are not Participants may beneficially own securities held by or on behalf of DTC only through the Participants or the Indirect Participants. The ownership interests in, and transfers of ownership interests in, each security held by or on behalf of DTC are recorded on the records of the Participants and Indirect Participants.

DTC has also advised Nabors Delaware that, pursuant to procedures established by it:

- (1) upon deposit of the Global Notes, DTC will credit the accounts of Participants designated by the initial purchasers with portions of the principal amount of the Global Notes; and
- (2) ownership of these interests in the Global Notes will be shown on, and the transfer of ownership of these interests will be effected only through, records maintained by DTC (with respect to the Participants) or by the Participants and the Indirect Participants (with respect to other owners of beneficial interests in the Global Notes).

Investors in the Global Notes who are Participants in DTC's system may hold their interests therein directly through DTC. Investors in the Global Notes who are not Participants may hold their interests therein indirectly through organizations which are Participants in such system. All interests in

Table of Contents

a Global Note may be subject to the procedures and requirements of DTC. The laws of some states require that certain persons take physical delivery in definitive form of securities that they own. Consequently, the ability to transfer beneficial interests in a Global Note to such persons will be limited to that extent. Because DTC can act only on behalf of Participants, which in turn act on behalf of Indirect Participants, the ability of a person having beneficial interests in a Global Note to pledge such interests to persons that do not participate in the DTC system, or otherwise take actions in respect of such interests, may be affected by the lack of a physical certificate evidencing such interests.

Except as described below, owners of an interest in the Global Notes will not have new notes registered in their names, will not receive physical delivery of new notes in certificated form and will not be considered the registered owners or "holders" thereof under the Indenture for any purpose.

Payments in respect of the principal of, and interest and premium on a Global Note registered in the name of DTC or its nominee will be payable to DTC in its capacity as the registered holder under the Indenture. Under the terms of the Indenture, we and the trustee will treat the persons in whose names the new notes, including the Global Notes, are registered as the owners of the notes for the purpose of receiving payments and for all other purposes. Consequently, neither Nabors Delaware, Nabors, the securities administrator, the trustee nor any agent of Nabors Delaware, Nabors, the securities administrator or the trustee has or will have any responsibility or liability for:

- (1) any aspect of DTC's records or any Participant's or Indirect Participant's records relating to or payments made on account of beneficial ownership interests in the Global Notes or for maintaining, supervising or reviewing any of DTC's records or any Participant's or Indirect Participant's records relating to the beneficial ownership interests in the Global Notes; or
- (2) any other matter relating to the actions and practices of DTC or any of its Participants or Indirect Participants.

DTC has advised Nabors Delaware that its current practice, upon receipt of any payment in respect of securities such as the new notes (including principal and interest), is to credit the accounts of the relevant Participants with the payment on the payment date unless DTC has reason to believe it will not receive payment on such payment date. Each relevant Participant is credited with an amount proportionate to its beneficial ownership of an interest in the principal amount of the relevant security as shown on the records of DTC. Payments by the Participants and the Indirect Participants to the beneficial owners of new notes will be governed by standing instructions and customary practices and will be the responsibility of the Participants or the Indirect Participants and will not be the responsibility of DTC, the securities administrator, the trustee, Nabors or Nabors Delaware. Neither Nabors Delaware, Nabors, the securities administrator nor the trustee will be liable for any delay by DTC or any of its participants in identifying the beneficial owners of the notes, and we and the Trustee may conclusively rely on and will be protected in relying on instructions from DTC or its nominee for all purposes.

Transfers between Participants in DTC will be effected in accordance with DTC's procedures, and will be settled in same-day funds.

DTC has advised Nabors Delaware that it will take any action permitted to be taken by a holder of new notes only at the direction of one or more Participants to whose account DTC has credited the interests in the Global Notes and only in respect of such portion of the aggregate principal amount of the new notes as to which such Participant or Participants has or have given such direction. However, if there is an event of default under the new notes, DTC reserves the right to exchange the Global Notes for legended new notes in certificated form, and to distribute such notes to its Participants.

Although DTC has agreed to the foregoing procedures in order to facilitate transfers of interests in the Global Notes among Participants, it is under no obligation to perform such procedures, and such procedures may be discontinued or changed at any time. Neither Nabors Delaware, Nabors, the

Table of Contents

securities administrator, the trustee nor any of our respective agents will have any responsibility for the performance by DTC or its Participants or Indirect Participants of their respective obligations under the rules and procedures governing their operations.

Exchange of Global Notes for Certificated Notes

A Global Note is exchangeable for definitive notes in registered certificated form, referred to as the "Certificated Notes," if (1) DTC (A) notifies Nabors Delaware that it is unwilling or unable to continue as depository for the Global Notes and a successor depository is not appointed or (B) has ceased to be a clearing agency registered under the Exchange Act, and, in either case, Nabors Delaware fails to appoint a successor depository within 90 days, or (2) there has occurred and is continuing an event of default under the Indenture and DTC notifies the trustee and the securities administrator of its decision to exchange Global Notes for notes in certificated form.

In addition, beneficial interests in a Global Note may be exchanged for Certificated Notes upon request but only upon at least 20 days' prior written notice given to the trustee and the securities administrator by or on behalf of DTC in accordance with customary procedures. In all cases, Certificated Notes delivered in exchange for any Global Note or beneficial interest therein will be registered in names, and issued in minimum denominations of \$2,000 and integral multiples of \$1,000 in excess thereof, requested by or on behalf of DTC (in accordance with its customary procedures).

Neither Nabors Delaware, Nabors, the securities administrator nor the trustee will be liable for any delay by a Global Note holder or DTC in identifying the beneficial owners of the new notes and Nabors Delaware, Nabors, the securities administrator and the trustee may conclusively rely on, and will be protected in relying on, instructions from the Global Note holder or DTC for all purposes.

Same Day Settlement and Payment

Nabors Delaware will make payments in respect of the new notes represented by the Global Notes (including principal, premium, if any, and interest) by wire transfer of immediately available funds to the accounts specified by the Global Note holder. We will make all payments of principal, interest and premium with respect to Certificated Notes by wire transfer of immediately available funds to the accounts specified by the holders of the Certificated Notes or, if no such account is specified, by mailing a check to each such holder's registered address. The new notes represented by the Global Notes are expected to be eligible to trade in DTC's Same-Day Funds Settlement System, and any permitted secondary market trading activity in such notes will, therefore, be required by DTC to be settled in immediately available funds. We expect that secondary trading in any Certificated Notes will also be settled in immediately available funds.

CERTAIN U.S. FEDERAL INCOME TAX CONSIDERATIONS

CIRCULAR 230 DISCLOSURE: TO ENSURE COMPLIANCE WITH REQUIREMENTS IMPOSED BY THE TREASURY DEPARTMENT, WE INFORM YOU THAT (A) ANY UNITED STATES FEDERAL INCOME TAX ADVICE CONTAINED HEREIN (INCLUDING ANY ATTACHMENTS OR ENCLOSURES) WAS NOT INTENDED OR WRITTEN TO BE USED, AND CANNOT BE USED, FOR THE PURPOSE OF AVOIDING UNITED STATES FEDERAL TAX PENALTIES, (B) ANY SUCH ADVICE WAS WRITTEN TO SUPPORT THE PROMOTION OR MARKETING OF THE TRANSACTION OR MATTER ADDRESSED HEREIN AND (C) ANY TAXPAYER TO WHOM THE TRANSACTIONS OR MATTERS ARE BEING PROMOTED, MARKETED OR RECOMMENDED SHOULD SEEK ADVICE BASED ON ITS PARTICULAR CIRCUMSTANCES FROM AN INDEPENDENT TAX ADVISOR.

The following is a general discussion of certain United States federal income tax considerations relevant to the acquisition, ownership and disposition of new notes by an investor who acquires new notes pursuant to this exchange offer and that holds the new notes as capital assets. For purposes of this discussion, a "U.S. Holder" means an individual who is a citizen or resident of the United States, a corporation or other entity taxable as a corporation for United States federal income tax purposes, that was created or organized under the law of the United States or of any state thereof or the District of Columbia, an estate whose income is subject to United States federal income taxation regardless of its source, or a trust if either a United States court is able to exercise primary supervision over the administration of the trust and one or more United States persons have the authority to control all substantial decisions of the trust or the trust has a valid election in effect under applicable United States Treasury regulations to be treated as a United States person. A "Non-U.S. Holder" is a beneficial owner of new notes that is not a U.S. Holder or a partnership.

This discussion does not purport to discuss all aspects of United States federal taxation that may be important to a particular investor in light of the investor's particular investment or tax circumstances, or to certain types of holders subject to special tax rules including, insurance companies, tax exempt organizations, financial institutions, broker-dealers, real estate investment trusts, regulated investment companies certain expatriates, holders whose functional currency is not the United States dollar, holders subject to the alternative minimum tax or holders who will hold the notes as a hedge against currency risks or as part of a straddle or a synthetic security. In addition, this discussion does not discuss any foreign, state, or local tax consequences, gift or estate taxes or the Medicare tax on net investment income.

If a partnership, or other entity treated as a partnership for United States federal income tax purposes, holds notes, the tax treatment of a partner generally will depend upon the status of the partner and the activities of the partnership. A holder that is a partnership and partners in such partnership are urged to consult their tax advisors about the United States federal income tax consequences of acquiring, holding and disposing of notes.

This discussion is based upon the Internal Revenue Code of 1986, as amended (the "Code"), United States Treasury regulations promulgated thereunder, published rulings and court decisions, all as in effect on the date hereof, and all of which are subject to change, possibly with retroactive effect, or to different interpretations. Prospective investors are urged to consult their tax advisors regarding the United States federal income tax consequences of acquiring, holding and disposing of new notes, as well as any tax consequences that may arise under the laws of any relevant foreign, state or local taxing jurisdiction.

United States Federal Income Tax Consequences of the Exchange

The exchange of old notes for new notes in this exchange offer will not constitute a taxable event for holders. Consequently, a holder will not recognize gain or loss on the exchange. Moreover, the new

Table of Contents

notes will have the same tax attributes and tax consequences as the old notes exchanged therefor, including without limitation, the same issue price, adjusted issue price, adjusted tax basis and holding period and all elections made with respect to the old notes will continue to apply to the new notes.

Tax Consequences to U.S. Holders

Payments of Interest

Interest on a new note will generally be taxable to a U.S. Holder as ordinary income at the time it is paid or accrued in accordance with the U.S. Holder's regular method of accounting for U.S. federal income tax purposes.

Sale, Exchange, Redemption and Retirement

Upon the sale, exchange (not including an exchange pursuant to these exchange offers), redemption or retirement of a new note, a U.S. Holder generally will recognize gain or loss equal to the difference between the amount realized on the sale, exchange, redemption or retirement (not including amounts attributable to (i) accrued and unpaid interest, which will be taxable as interest income to the extent not previously included in income by the U.S. Holder and (ii) if the sale, exchange or redemption occurs prior to the date the first interest payment is made in respect of the new notes, any pre-issuance accrued interest) and the U.S. Holder's tax basis in such note. As discussed above, a U.S. Holder's initial tax basis in the new notes will equal the tax basis in the old notes. A U.S. Holder's tax basis in an old note generally will equal the cost of such note to such holder (other than to the extent attributable to any pre-issuance accrued interest), reduced by any bond premium previously amortized by such U.S. Holder and increased by any market discount previously included in income by such U.S. Holder. Such gain or loss recognized by a U.S. Holder generally will constitute long-term capital gain or loss if the U.S. Holder's holding period for the new note (including the holding period for the old note) is more than one year at the time of disposition. Under current law, for certain non-corporate U.S. Holders (including individuals, estates and trusts), net long-term capital gain will be subject to tax at preferential rates. The ability of a U.S. Holder to deduct capital losses may be limited.

Tax Consequences to Non-U.S. Holders

Payments of Interest

Subject to the discussion of backup withholding, interest that Nabors Delaware pays to a Non-U.S. Holder will not be subject to United States federal income or withholding tax pursuant to the "Portfolio Interest Exemption" provided that such interest is not effectively connected with the conduct of a trade or business within the United States by such Non-U.S. Holder and, among other things, such Non-U.S. Holder (i) does not actually or constructively own 10% or more of the total combined voting power of all classes of Nabors Delaware's stock, (ii) is not a controlled foreign corporation that is related to Nabors Delaware either actually or constructively through stock ownership, (iii) is not a bank whose receipt of interest on the new notes is described in Section 881(c)(3)(A) of the Code and (iv) certifies to Nabors Delaware, its paying agent or the person who would otherwise be required to withhold United States federal income tax, on a Form W-8BEN or a suitable substitute or successor form, under penalties of perjury, that such holder is not a United States person and provides such holder's name and address (the "Certification Requirement"). If interest on a note is not effectively connected with the conduct of a trade or business within the United States and the requirements of the preceding sentence are not satisfied, the Non-U.S. Holder's interest on a note will generally be subject to United States withholding tax at a flat rate of 30% (or a lower applicable treaty rate). If a Non-U.S. Holder's interest on a note is effectively connected with the conduct of a trade or business within the United States, then the Non-U.S. Holder will be subject to United States federal income tax on such

Table of Contents

interest income in essentially the same manner as a United States person, and in the case of a Non-U.S. Holder that is a foreign corporation, may also be subject to the branch profits tax.

Gain on Disposition

A Non-U.S. Holder generally will not be subject to United States federal income tax with respect to gain recognized on a sale, redemption or other taxable disposition of a note unless (i) the gain is effectively connected with the conduct of a trade or business within the United States by the Non-U.S. Holder (and, if an applicable income tax treaty so requires, is attributable to a U.S. permanent establishment maintained by the Non-U.S. Holder) or (ii) such holder is an individual who is present in the United States for 183 or more days in the taxable year and certain other requirements are met. Any such gain that is effectively connected with the conduct of a trade or business within the United States will be subject to United States federal income tax basis in essentially the same manner as if such holder were a United States person, and if such Non-U.S. Holder is a foreign corporation, may also be subject to the branch profits tax.

Information Reporting and Backup Withholding

U.S. Holders

When required, we or our paying agent will report to the holders of the new notes and the IRS amounts paid on or with respect to the new notes during each calendar year and the amount of tax, if any, withheld from such payments. A U.S. Holder will be subject to backup withholding on payments made on the new notes and proceeds from the sale of the new notes at the applicable rate of 28% if the U.S. Holder (a) fails to provide us or our paying agent with a correct taxpayer identification number or certification of exempt status (such as certification of corporate status), (b) has been notified by the IRS that it is subject to backup withholding as a result of the failure to properly report payments of interest or dividends or (c) in certain circumstances, has failed to certify under penalty of perjury that it is not subject to backup withholding. A U.S. Holder may be eligible for an exemption from backup withholding by providing a properly completed IRS Form W-9 to us or our paying agent. Backup withholding is not an additional tax. Any amounts withheld under the backup withholding rules will generally be allowed as a credit or a refund against a U.S. Holder's U.S. federal income tax liability, provided the required information is properly furnished to the IRS on a timely basis.

Non-U.S. Holders

We or our paying agent will report to the IRS and to each Non-U.S. Holder the amount of any amount paid with respect to the new notes in each calendar year, and the amount of tax withheld, if any, with respect to these payments. Non-U.S. Holders who have provided the forms and certification mentioned above (i.e. a W-8BEN) or who have otherwise established an exemption will generally not be subject to backup withholding tax if neither we nor our agent have actual knowledge or reason to know that any information in those forms and certification is unreliable or that the conditions of the exemption are in fact not satisfied. Payments of the proceeds from the sale of a new note to or through a foreign office of a broker generally will not be subject to information reporting or backup withholding. However, additional information reporting, but not backup withholding, may apply to those payments if the broker is one of the following: (a) a U.S. person, (b) a controlled foreign corporation for U.S. federal income tax purposes, (c) a foreign person 50 percent or more of whose gross income from all sources for the three-year period ending with the close of its taxable year preceding the payment was effectively connected with a United States trade or business, or (d) a foreign partnership with specified connections to the United States.

Payment of the proceeds from a sale of a new note to or through the United States office of a broker will be subject to information reporting and backup withholding unless the holder or beneficial

Table of Contents

owner certifies as to its non-U.S. status under penalties of perjury or otherwise establishes an exemption from information reporting and backup withholding.

Backup withholding is not an additional tax. The amount of any backup withholding from a payment to a Non-U.S. Holder will generally be allowed as a credit or a refund against such holder's U.S. federal income tax liability, if any, provided the required information is timely furnished to the IRS.

Foreign Account Tax Compliance Act

The Hiring Incentives to Restore Employment Act (sometimes referred to as "FATCA") imposes a 30% withholding tax on any interest payments on debt obligations made to a foreign financial institution or non-financial foreign entity (including, in some cases, when such foreign financial institution or entity is acting as an intermediary), and on the gross proceeds of the sale or other disposition (including a retirement or redemption) of debt obligations, unless (i) in the case of a foreign financial institution, such institution enters into an agreement with the United States government to withhold on certain payments, and to collect and provide to the United States tax authorities substantial information regarding United States account holders of such institution (which includes certain equity and debt holders of such institution, as well as certain account holders that are foreign entities with United States owners), (ii) in the case of a non-financial foreign entity, such entity provides the withholding agent with a certification identifying the direct and indirect substantial United States owners of the entity or certifies that it does not have any substantial United States owners, or (iii) the foreign financial institution or non-financial foreign entity otherwise qualifies for an exemption from these rules.

Pursuant to final Treasury regulations, the foregoing withholding will only apply to payments made after June 30, 2014 (in the case of interest payments) or after December 31, 2016 (in the case of disposition proceeds). However, interest payments with respect to a debt obligation outstanding on June 30, 2014 and proceeds from a disposition of such an obligation are not subject to these rules unless such debt obligation undergoes a material modification after June 30, 2014. You are encouraged to consult with your own tax advisors regarding the possible implications of this legislation on the new notes.

Prospective investors are urged to consult their own tax advisors concerning the tax consequences of the exchange, ownership and disposition of the new notes arising under United States federal, state, local or non-U.S. law.

CERTAIN ERISA CONSIDERATIONS

The discussion of tax matters in this prospectus is not intended or written to be used, and cannot be used by any person, for the purpose of avoiding U.S. federal, state or local tax penalties, and was written to support the promotion or marketing of the notes. Each taxpayer should seek advice based on such person's particular circumstances from an independent tax advisor.

The following is a summary of certain considerations associated with an investment in the notes by employee benefit plans that are subject to Title I of the U.S. Employee Retirement Income Security Act of 1974, as amended ("ERISA"), plans, individual retirement accounts and other arrangements that are subject to Section 4975 of the Code or provisions under any other federal, state, local, non-U.S. or other laws, or rules or regulations that are similar to such provisions of ERISA or the Code (collectively, "Similar Laws"), and entities whose underlying assets are considered to include "plan assets" of any such plans, accounts and arrangements (each, a "Plan").

General Fiduciary Matters

ERISA and the Code impose certain duties on persons who are fiduciaries of a Plan subject to Title I of ERISA or Section 4975 of the Code (an "ERISA Plan") and prohibit certain transactions involving the assets of an ERISA Plan and its fiduciaries or other interested parties.

In considering an investment in the notes with a portion of the assets of any Plan, a fiduciary should determine whether the purchase and holding of a note is consistent with the documents and instruments governing the Plan and the applicable provisions of ERISA, the Code or any Similar Law relating to a fiduciary's duties to the Plan including, without limitation, the prudence, diversification, delegation of control and prohibited transaction provisions of ERISA, the Code and any other applicable Similar Laws. Under ERISA and the Code, any person who exercises any discretionary authority or control over the administration of an ERISA Plan or the management or disposition of the assets of an ERISA Plan, or who renders investment advice for a fee or other compensation to an ERISA Plan, is generally considered to be a fiduciary of the ERISA Plan.

Prohibited Transaction Issues

Section 406 of ERISA and Section 4975 of the Code prohibit ERISA Plans from engaging in specified transactions involving plan assets with persons or entities who are "parties in interest," within the meaning of ERISA, or "disqualified persons," within the meaning of Section 4975 of the Code (each, a "Party in Interest"), unless an exemption is available. A Party in Interest who engages in a non-exempt prohibited transaction may be subject to excise taxes and other penalties and liabilities under ERISA and the Code. In addition, the fiduciary of an ERISA Plan that engaged in such a non-exempt prohibited transaction may be subject to excise taxes, penalties and liabilities under ERISA and the Code. The U.S. Department of Labor has granted certain class exemptions including, without limitation, Prohibited Transaction Class Exemption ("PTCE") 84-14 (respecting transactions determined by independent "qualified professional asset managers"), PTCE 90-1 (relating to investments by insurance company pooled separate accounts), PTCE 91-38 (relating to investments by bank collective investment funds), PTCE 95-60 (relating to investments by an insurance company general account), and PTCE 96-23 (relating to transactions directed by an in-house professional asset manager), which, if their terms are satisfied, may permit transactions that would otherwise be prohibited under Section 406 of ERISA or Section 4975 of the Code. In addition, Section 408(b)(17) of ERISA and Section 4975(d)(20) of the Code provide relief from the prohibited transaction provisions of ERISA and Section 4975 of the Code for certain transactions, provided that (i) neither the issuer of the securities nor any of its affiliates (directly or indirectly) have or exercise any discretionary authority or control or render any investment advice with respect to the assets of any ERISA Plan involved in the transaction and (ii) the ERISA Plan pays no more than adequate consideration in connection with the

Table of Contents

transaction. Each of these exemptions contains conditions and limitations on its application. Therefore, the fiduciary of a Plan that is considering acquiring and/or holding the Notes in reliance on any of these, or any other, exemptions should carefully review the exemption and consult with its counsel to confirm that it is applicable. There can be no assurance, and we do not provide any, that all of the conditions of any such exemptions will be satisfied.

An investment in the notes by a Plan may result in a prohibited transaction under ERISA or the Code if Nabors Delaware, an initial purchaser, a guarantor or any of their respective affiliates were considered a Party in Interest with respect to such Plan. Although Nabors Delaware does not expect to be a Party in Interest with respect to any Plan at the time the notes are issued (other than Plans sponsored by Nabors Delaware or its affiliates for the benefit of Nabors Delaware or its affiliates' employees, which are not permitted to invest in the notes) or provide services in the foreseeable future to Plans that would make Nabors Delaware a Party in Interest, there can be no assurance that Nabors Delaware will not become a Party in Interest with respect to one or more Plans while the notes remain outstanding. This could happen, for example, if we were acquired by an entity that is a Party in Interest to one or more Plans. Accordingly, each investor and subsequent transferee by its exchange and holding of the notes (or any interest in a note) will be deemed to have represented and agreed that either: (i) it is not, and will not be for so long as it holds any note (or interest in a note), a Plan, and no portion of the assets used by such purchaser or transferee to acquire and hold the notes constitutes assets of any Plan; or (ii) its acquisition, holding and disposition of such notes will not constitute or result in a nonexempt prohibited transaction under Section 406 of ERISA or Section 4975 of the Code (or, in the case of a governmental, non-U.S., church or other plan, a violation of any Similar Law).

The foregoing discussion is general in nature and is not intended to be all-inclusive, nor should it be construed as legal advice. Due to the complexity of these rules and the excise taxes, penalties and liabilities that may be imposed upon persons involved in non-exempt prohibited transactions, it is particularly important that fiduciaries, or other persons considering purchasing or holding the notes on behalf of, or with the assets of, any Plan, consult with their counsel regarding the potential applicability of ERISA, Section 4975 of the Code and any Similar Laws to such transactions and whether an exemption would be applicable to the purchase and holding of the Notes. The issuance of the notes to a Plan is in no respect a representation by us or the initial purchasers or any of their respective affiliates or representatives that such an investment meets all relevant legal requirements with respect to investments by Plans generally or any particular Plan, or that such an investment is appropriate for Plans generally or any particular Plan.

PLAN OF DISTRIBUTION

Each broker-dealer that receives new notes for its own account pursuant to this exchange offer must acknowledge that it will deliver a prospectus in connection with any resale of such new notes. Any broker-dealer that holds old notes acquired for its own account as a result of market-making activities or other trading activities, and who receives the new notes in exchange for such old notes pursuant to the exchange offer, may be a statutory underwriter and must deliver a prospectus meeting the requirements of the Securities Act in connection with any resale of such new notes. This prospectus, as it may be amended or supplemented from time to time, may be used by a broker-dealer in connection with resales of new notes received in exchange for old securities where such old securities were acquired as a result of market-making activities or other trading activities. Nabors Delaware has agreed that, starting on the effective date of the registration statement for the exchange offer and ending on the close of business 180 days after such date or such shorter period as will terminate when all new notes held by broker-dealers exchanging old notes they acquired for their own account as a result of market-making activities or other trading activities or initial purchasers have been sold pursuant hereto (or for such shorter period during which broker-dealers are required by law to deliver this prospectus), Nabors Delaware will make this prospectus, as amended or supplemented, available to any broker-dealer for use in connection with any such resale.

Nabors Delaware will not receive any proceeds from any sale of new notes by brokers-dealers. New notes received by broker-dealers for their own account pursuant to this exchange offer may be sold from time to time in one or more transactions in the over-the-counter market, in negotiated transactions, through the writing of options on the new notes or a combination of such methods of resale, at market prices prevailing at the time of resale, at prices related to such prevailing market prices or negotiated prices. Any such resale may be made directly to purchasers or to or through brokers or dealers who may receive compensation in the form of commissions or concessions from any such broker-dealer and/or the purchasers of any such new notes. Any broker-dealer that resells new notes that were received by it for its own account pursuant to this exchange offer and any broker or dealer that participates in a distribution of such new notes may be deemed to be an "underwriter" within the meaning of the Securities Act and any profit of any such resale of new notes and any commissions or concessions received by any such persons may be deemed to be underwriting compensation under the Securities Act. The letter of transmittal states that by acknowledging that it will deliver and by delivering a prospectus, a broker-dealer will not be deemed to admit that it is an "underwriter" within the meaning of the Securities Act.

Furthermore, any broker-dealer that acquired any of the old notes directly from Nabors Delaware:

may not rely on the applicable interpretation of the position of the staff of the SEC set forth in the Exxon Capital Letters; and

must also be named as a selling noteholder in connection with the registration and prospectus delivery requirements of the Securities Act relating to any resale transaction.

For a period of 180 days after the effective date of the registration statement for the exchange offer or such shorter period as will terminate when all new notes held by broker-dealers exchanging old notes they acquired for their own account as a result of market-making activities or other trading activities or initial purchasers have been sold pursuant hereto (or for such shorter period during which broker-dealers are required by law to deliver this prospectus), Nabors Delaware will promptly send additional copies of this prospectus and any amendment or supplement to this prospectus to any broker-dealer that requests such documents in the letter of transmittal. Nabors Delaware has agreed to pay all expenses incident to this exchange offer (including the expenses of one counsel for the holders of the old notes) other than commissions or concessions of any brokers or dealers and will indemnify the holders of the old notes (including any broker-dealers) against certain liabilities, including liabilities under the Securities Act.
