ITEM 1. BUSINESS.

BUSINESS DEVELOPMENT

Lifeway Foods, Inc., an Illinois corporation, commenced operations in February 1986, and was incorporated under the laws of the State of Illinois on May 19, 1986. The Company's principal business activity is the manufacturing of probiotic, cultured, functional dairy and non-dairy health food products. Lifeway's primary products are kefir, a drinkable dairy beverage similar to but distinct from yogurt, in several flavors sold under the name "Lifeway Kefir" and "Helios Nutrition Organic Kefir"; a line of various drinkable yogurts sold under the "La Fruta," "Tuscan" and "Lassi" brands and "BasicsPlus," a dairy based immune-supporting dietary supplement beverage. The Company also produces several soy-based kefir beverages under the "SoyTreat" trademark. In addition to the drinkable products, Lifeway manufactures "Lifeway Farmer Cheese," a line of various farmer cheeses, a line of gourmet cream cheeses, and "Sweet Kiss," a fruit sugar-flavored spreadable cheese similar in consistency to cream cheese. The Company also manufactures and markets a vegetable-based seasoning under the "Golden Zesta" brand. In the Chicago metropolitan area, Lifeway distributes its products on its own trucks and via one distributor. Lifeway manufactures all of its products at Company-owned facilities and distributes its products primarily throughout the United States. The Company directly distributes its products in the Philadelphia metropolitan area using its own trucks.

SUBSIDIARY ENTITIES

On August 3, 2006, the Company acquired all of the issued and outstanding stock of Helios Nutrition, Ltd. ("Helios"). Pride of Main Street Dairy, L.L.C., a Minnesota limited liability company, is 100% owned by Helios.

On February 6, 2009, the Company acquired all of the issued and outstanding stock of Fresh Made, Inc., a Pennsylvania corporation (“Fresh Made”) for a combination of \$8,050,000 (less certain offsets) in cash, and a promissory note in the principal amount of \$2,735,000, due on February 6, 2011, 128,948 shares of common stock of Lifeway valued at a total of \$980,000, and cancellation of a \$265,000 loan. In connection with such acquisition, Lifeway also acquired 1.135 acres of land in Philadelphia, Pennsylvania (the “Property”). The consideration for the Property was \$2,000,000.

Starfruit, L.L.C. and Starfruit Franchisor, L.L.C. are both wholly-owned subsidiaries formed on March 26, 2007 and July 15, 2008 respectively in connection with the Company’s Starfruit cafe activities.

## BUSINESS OF ISSUER

### PRODUCTS

Lifeway’s primary product is kefir, which, like the better-known product of yogurt, is a fermented dairy product. Kefir has a slightly effervescent quality, with a taste similar to yogurt and a consistency similar to buttermilk. It is a product distinct from yogurt because it incorporates the unique microorganisms of kefir as the cultures to ferment the milk. Lifeway’s Kefir is a drinkable product intended for use as a breakfast meal or a snack, or as a base for lower-calorie dressings, dips, soups or sauces. Kefir is also used as the base of Lifeway’s plain farmer’s cheese, a cheese made without salt, sugar or animal rennet. In addition, kefir is the primary ingredient of Lifeway’s “Sweet Kiss” product, a fruit sugar-flavored, cream cheese-like spread which is intended to be used as a dessert spread or frosting.

Kefir contains a unique mixture of several live microorganisms and nutrients such as proteins, minerals and vitamins. Kefir is highly digestible and, due to its acidity and enzymes, stimulates digestion of other foods. Kefir is considered to be the most favorable milk product for people suffering from genetically-based lactose intolerance. A study published in the May 2003 issue of the Journal of the American Dietetic Association suggests that kefir improves lactose digestion and tolerance in adults with lactose maldigestion. Studies also indicate that kefir may stimulate protein digestion and appetite, decrease the cholesterol content in blood, improve salivation and excretion of stomach and pancreatic enzymes and peristalsis. As compared to yogurt, many naturopathic practitioners consider kefir to be the best remedy for digestive troubles because it has a very low curd tension (the curd breaks up very easily into small particles). The curd of yogurt, on the other hand, holds together or breaks into lumps. The small size of the kefir curd facilitates digestion by presenting a large surface area on which digestive agents may work.

Kefir is a good source of calcium, protein, and Vitamin B-complex. In addition, because the fermentation process produces a less sour tasting product than yogurt, less sugar is required to make a desirable product, and the end product contains fewer calories than regular yogurt.

Lifeway currently sells some or all of the products listed below, except as specifically noted, to various retail establishments including supermarkets, grocery stores, gourmet shops, delicatessens and convenience stores.

**LIFEWAY’S KEFIR.** “Lifeway’s Kefir” is a drinkable kefir product manufactured in ten regular and low-fat varieties, including plain, pomegranate, raspberry, blueberry, strawberry, cherry, peach, banana-strawberry, cappuccino and vanilla, and sold in 32 ounce containers and 8 ounce single serving containers featuring color-coded caps and labels describing nutritional information. In March 1996, Lifeway began marketing its non-fat, low-cholesterol kefir in six flavors — plain, raspberry, strawberry, strawberry-banana, peach and blueberry. The kefir product is currently marketed under the name “Lifeway’s Kefir,” and is typically sold by retailers from their dairy sections.

**LIFEWAY’S ORGANIC SOYTREAT.** “SoyTreat” is a soy alternative to dairy kefir and is made from organic soy milk, which is derived from non-genetically modified soybeans. SoyTreat can be consumed by those who desire the benefits of kefir, but are lactose intolerant or interested in a soy-based alternative to milk. SoyTreat also provides 7.0g of soy protein per serving, and features the United States Food and Drug Administration-approved health claim, “25g of soy

protein a day as part of a diet low in saturated fat can help lower cholesterol and reduce the risk of heart disease.” At present SoyTreat is manufactured in two flavors: strawberry and peach.

LIFEWAY’S ORGANIC KEFIR. “Lifeway’s Organic Kefir” meets the organic standards and specifications of the United States Department of Agriculture for organic products and is manufactured in five flavors: plain, wildberry, raspberry, strawberry and peach. Lifeway’s Organic Kefir is sweetened with organic cane juice.

**SWEET KISS.** "Sweet Kiss" is a sweet cheese probiotic spread available in five flavors: plain, plain with raisins, apple, peach and chocolate.

**ELITA; BAMBINO.** "Elita" and "Bambino" cheeses are low-fat, low-cholesterol kefir based cheese spreads which are marketed as an alternative to cream cheese.

**KRESTYANSKI TWOROG.** "Krestyanski Tworog" is a European-style kefir-based soft style cheese which can also be used in a variety of recipes, eaten with a spoon, used as a cheese spread, or substituted in recipes for cream cheese, ricotta cheese or cottage cheese and is marketed to consumers of various Eastern European ethnicities.

**BASICS PLUS.** "Basics Plus" is a patented kefir-based beverage product designed to improve gastrointestinal functions, enhancing the immune system. **KEFIR STARTER.** "Kefir Starter" is a powdered form of kefir that is sold in envelope packets and allows a consumer to make his or her own drinkable kefir at home by adding milk. Lifeway continues to develop sales of this product internationally and via the internet.

**LASSI.** "Lassi" is a cultured drink inspired by the traditions of India. Sold in 8 ounce containers in two flavors, strawberry and mango.

Lifeway intends to continue to develop new products based on kefir and Farmer Cheese. There is no assurance that such products or any other new products can be developed successfully or marketed profitably.

## DISTRIBUTION

With its thirteen company-owned trucks, Lifeway distributes its products directly and extensively in the State of Illinois, primarily in the Chicago metropolitan area. Lifeway also directly distributes its products in the Philadelphia and Tri State metropolitan area.

In addition to the Chicago and Philadelphia and Tri State metropolitan areas, Lifeway’s products are distributed to stores throughout the United States. Lifeway has verbal distribution arrangements with various distributors throughout the United States. These verbal distribution arrangements, in the opinion of Lifeway, allow management the necessary latitude to expand into new areas and markets and establish new relationships with distributors on an ongoing basis. Lifeway has not offered any exclusive territories to any distributors.

Distributors are provided Lifeway products at wholesale prices for distribution to their retail accounts. Lifeway believes that the price at which its products are sold to its distributors is competitive with the prices generally paid by distributors for similar products in the markets served. In all areas served, distributors currently deliver the products directly to the refrigerated cases of dairy sections of their retail customers. Each distributor carries a line of Lifeway’s products on its trucks, checks the retail stores for space allocated to Lifeway’s products, determines inventory requirements of the store and places Lifeway products directly into the retailers’ dairy cases. Lifeway believes this method of distribution best serves the needs of each retail store, and is the best available means to ensure consistency and quality of product handling, quality control, flavor selection and favorable retail display. Under the distribution arrangements, each distributor must meet certain prescribed product handling, service and administrative requirements including, among others, frequency of delivery, replacement of damaged, old or substandard packages, and delivery of products directly to the refrigerated case.

Additionally, Lifeway has attempted international distribution of certain of its products by attempting to export to distributors operating in the Canadian provinces of Ontario and Quebec. Lifeway’s products are subject to strict import quotas imposed by the Trade Control Policy Division of the Department of Foreign Affairs and International Trade of Canada. In an attempt to address this situation, management is exploring various alternatives to permit expansion of Lifeway’s product line in Canada. Lifeway believes that it currently is in compliance with all applicable Canadian regulations.

## MARKETING

Lifeway continues to promote the verifiable nutritional characteristics, purity and good taste of its kefir and kefir-based products. Lifeway primarily advertises its products through local radio stations, which advertisements are directed to both users and non-users of cultured milk products of all kinds. In addition, through newspaper and magazine advertising, Lifeway provides educational information on its products and appeals to the common perception that the products may be of particular benefit for a wide range of ills, including intestinal disorders, and continues to educate the public on the possible health benefits which could be derived from the use of kefir and kefir-based products. Lifeway believes that the potential for healthful benefits as suggested by the educational information it has obtained properly serves as the basis for such an advertising strategy.

In addition to local radio stations, newspapers and magazines, Lifeway promotes further exposure of its products through the internet, catalog advertising and promotion, store demonstrations throughout the United States, and

participation in various trade shows. Lifeway also sponsors several different sporting events in the Chicago metropolitan area as an additional marketing tool.

- 8 -

---

Lifeway does not promote products manufactured under the LaFruta and Tuscan brand names with any marketing or advertising.

## COMPETITION

Although Lifeway faces a small amount of direct competition in the United States and Canadian markets for kefir products, Lifeway's kefir-based products compete with all other yogurt and other dairy products. Many producers of yogurt and other dairy products are well-established and have significantly greater financial resources than Lifeway to promote their products.

In connection with the certain Stockholders' Agreement, as amended, between Lifeway, Danone Foods, Inc. and other parties, as well as certain other transactions between these two foregoing companies described elsewhere in this report, the parties agreed that they would not compete with each other during the term of the Stockholders' Agreement, as extended, with respect to certain yogurt, cheese and kefir products. Specifically, Lifeway agreed not to produce or sell in the United States or Western Europe any type of yogurt, fromage frais, Italian style cheese, chilled desserts or any soy-based products, other than those that are kefir-based or those that were already being produced and sold by Lifeway as of December 24, 1999, and Danone agreed not to produce or sell any type of kefir-based products in the United States. On December 31, 2009, the term of the Stockholders' Agreement was extended to December 31, 2010.

## SUPPLIERS

Lifeway purchases its raw materials, such as milk, sugar and fruit from unaffiliated suppliers, and is not limited or contractually bound to any supplier. Lifeway has ready access to multiple suppliers for all of its raw materials and packaging requirements. Prior to making any purchase, Lifeway determines which supplier can offer the lowest price for the highest quality of product. The raw and packaging materials purchased by Lifeway are considered commodity items and are widely available on the open market with the exception of the licensed ingredient in BasicsPlus. Lifeway owns and operates the means of production of all of its products.

## MAJOR CUSTOMERS

Lifeway distributes its products to numerous accounts throughout the United States. Concentrations of credit with regard to trade accounts receivable and sales are limited due to the fact that Lifeway's customers are spread across different geographic areas. However, customers are concentrated in the retail food industry, for example, Trader's Joe's. In 2009, Lifeway's largest customer represented approximately 9% of sales and reflected sales in various regions of the United States outside the Chicago, Illinois metropolitan area.

## TRANSACTIONS WITH GROUPE DANONE SA

All share amounts and prices in this subsection are historical and have not been adjusted for the stock splits which occurred in the first quarter of 2004 and the second quarter of 2006. On October 1, 1999, Lifeway and certain members of the Smolyansky family sold shares of restricted common stock to Danone at \$10.00 per share. Later in 1999, Danone purchased additional shares of common stock from certain individuals, including shares purchased in transactions with certain Company affiliates, including Lifeway's founder Michael Smolyansky, Val Nikolenko, Vice President of Production and Pol Sikar, a director, and his affiliates. As a result of these transactions, Danone became the beneficial owner of 20% of the outstanding common stock of Lifeway. Pursuant to the terms and conditions of the transaction, Lifeway granted certain limited rights to Danone, which include a right to nominate one director, anti-dilutive rights relating to future offerings and limited registration rights. In addition, as described above, Lifeway and Danone are parties to a Stockholders' Agreement dated October 1, 1999, pursuant to which the parties agreed that they would not compete with each other through December 31, 2009 with respect to certain yogurt, cheese and kefir products. The Stockholders' Agreement also provides that Danone may not own more than 20% of the outstanding

common stock of Lifeway as a result of direct or indirect acquisition of shares. Danone's interest as of December 31, 2009 was approximately 20.6% due to reductions in Lifeway's shares outstanding, primarily due to share repurchases by Lifeway. On December 31, 2009, the term of the Stockholders' Agreement

- 9 -

---

was extended to December 31, 2010. The ability of Danone to sell such a large stake in Lifeway could have a negative effect on the Company's stock price.

#### PATENTS, TRADEMARKS, LICENSES, ROYALTY AGREEMENTS

Lifeway also uses the following unregistered trademarks, and claims common law rights to: “Elita,” “Healthy Foods Today for a Better Life Tomorrow,” “Milkshake Smoothie,” “Toplenka,” “White Cheese,” “Drink It to Be Beautiful Inside and Out,” “Golden Zesta” and “Pride of Main Street.”

On December 27, 1990, Lifeway purchased the Tuscan brand-name liquid drinkable yogurt customer list along with a limited license of the trademark and use of the Tuscan liquid yogurt U.P.C. codes from a third party.

In October 1998, Lifeway entered into a sublicense agreement with GalaGen, Inc. and Metagenics, Inc. with an effective date of May 1, 1998 (“Lifeway sublicense”), wherein GalaGen sublicensed patent rights of Metagenics for kefir-based products containing natural immune components exclusively to Lifeway. Under the rights granted to it by the Lifeway sublicense, Lifeway manufactures and sells products using the Basics Plus trademark. GalaGen had acquired the primary license for such patent rights in an agreement executed with Metagenics in April 1998. The terms of the Lifeway sublicense provide that Metagenics will

- 14 -

---

permit Lifeway to continue to have the exclusive patent rights to produce or sell kefir-based products containing natural immune components in the event the original license between GalaGen and Metagenics is terminated, and such termination was not caused by Lifeway. On February 25, 2002, GalaGen filed a petition for bankruptcy in the United States Bankruptcy Court, District of Minnesota, which terminated both its primary license with Metagenics and its participation in the Lifeway sublicense. The license and sublicense were excluded from the sale of assets of GalaGen pursuant to an order of the Bankruptcy Court. Lifeway has not received any indication that Metagenics will not permit Lifeway to continue to have the exclusive patent rights to produce or sell kefir-based products containing natural immune components. Thus, Lifeway believes that it continues to have the exclusive patent rights licensed directly from Metagenics. Either party may terminate the license agreement for cause. The term of the license agreement expires when the last valid claim of the patent rights expires, which currently is July 2, 2013, however, this term can be extended in accordance with the terms of the license agreement.

In connection with the purchase of Ilya's Farm, Inc., the Company has undertaken a royalty obligation of 5% of all sales of Ilya's Farm, Inc.'s products, which is paid quarterly, in arrears.

## REGULATION

Lifeway is subject to regulation by federal, state and local governmental authorities regarding the distribution and sale of food products. Although Lifeway believes that it currently has all material government permits, licenses, qualifications and approvals for its operations, there can be no assurance that Lifeway will be able to maintain its existing licenses and permits or to obtain any future licenses, permits, qualifications or approvals which may be required for the operation of Lifeway's business.

Lifeway believes that it is currently in compliance with all applicable environmental laws and that the cost of such compliance was not material to the financial position of Lifeway.

In addition, any Lifeway products exported to Canada would be subject to strict quotas imposed by the Trade Control Policy Division of the Department of Foreign Affairs and International Trade of Canada. Lifeway believes that it currently is in compliance with all applicable Canadian regulations. The Company exported no products to Canada in 2009.

## RESEARCH AND DEVELOPMENT

Lifeway continues its program of new product development, centered around the nutritional and "low calorie" features of its proprietary kefir formulas.

Lifeway conducts primarily all of its research internally, but at times will employ the services of an outside testing facility. During 2008 and 2009, the amount Lifeway expended for research and new product development was not material to the financial position of Lifeway and no amount was customer supported.

## EMPLOYEES

Lifeway currently employs approximately 200 employees, all of whom are full-time employees. Substantially all of these employees are engaged in the manufacturing of the Company's products. None of Lifeway's employees are covered by collective bargaining agreements.

ITEM 2. PROPERTIES.

On May 16, 1988, Lifeway purchased an approximately 26,000 square foot parcel of real property, including an approximately 8,500 square foot one-story brick building in good condition, located at 7625 N. Austin Avenue, Skokie, Illinois. Lifeway uses this facility for manufacturing and storage and has no plans to improve or renovate this property. Lifeway is the only occupant of this property and presently holds fee simple title free and subject to a mortgage which secures the property as collateral for certain loans to Lifeway from The Private Bank & Trust as discussed in Item 7, Results of Operations, Liquidity and Capital Resources (the "Loans"). The Loans are secured by all of the assets of Lifeway, including a first mortgage on

- 15 -

---

Lifeway's real property located in Skokie, Illinois, Niles, Illinois and Morton Grove, Illinois. A portion of the proceeds of the Loans was used to pay off previously existing mortgage loans. At December 31, 2009, the Loans had a balance of 7,135,556, and 500,000, respectively. The value of this property may be subject to real estate market forces that typically affect industrial real estate in the area immediately surrounding the property.

On October 16, 1996, Lifeway purchased a 110,000 square foot commercially-zoned parcel of real property, including a 46,000 square foot one-story brick building in good condition, located at 6431 Oakton Avenue, Morton Grove, Illinois. This property is used as Lifeway's corporate headquarters and main manufacturing facility. This property has been improved every year since the time of purchase by the addition of custom-built refrigerated storage space and the addition of various machinery and equipment used to manufacture, package and store Lifeway's products. Lifeway is the only occupant of this property and presently holds fee simple title subject to a mortgage which secures the property as collateral for the Loans discussed above. The value of this property may be subject to real estate market forces that typically affect industrial real estate in the area immediately surrounding the property.

In June 2005, the Company purchased a 100,000-square-foot distribution and warehousing facility that is equipped with 40,000 square feet of refrigeration. The facility, located at 6101 Gross Point Road in Niles, Illinois, will be used to store raw materials and finished goods in order to relieve space pressures at the Company's existing 50,000-square foot building, less than a mile away. The additional space at the Company's main plant will be used to expand production capacity for the Company's kefir and other probiotic products. Lifeway is the only occupant of this property and presently holds fee simple title subject to a mortgage which secures the property as collateral for the Loans discussed above. The value of this property may be subject to real estate market forces that typically affect industrial real estate in the area immediately surrounding the property.

Included in the purchase of Pride of Main Street Dairy on August 3, 2006, Lifeway acquired an approximately 35,000 square foot commercially zoned parcel of real estate located at 214 Main Street S. Sauk Centre, Minnesota, including a 16,000 square foot two-story brick building used for production, and a 5,600 square foot storage facility. This property is used as the main headquarters and main production facility for Pride of Main Street Dairy. The building was built in the 1920's with an addition in 1990. The facility is being used to produce all of the Pride of Main Street Dairy products, and approximately 70% of the Helios Nutrition Organic Kefir, with the remaining 30% being produced in Lifeway's main production facility in Morton Grove, Illinois. Lifeway is the only occupant of this property and presently holds fee simple title subject to negative mortgage pledge as part of the collateral package for the Loans discussed above. The value of this property may be subject to real estate market forces that typically affect industrial real estate in the area immediately surrounding the property.

On February 6, 2009, in connection with the Company's acquisition of Fresh Made, Inc., Lifeway also acquired 1.135 acres of land in Philadelphia. The consideration for this property was \$2,000,000. Fresh Made is the only occupier of this property. Lifeway is the only occupant of this property and presently holds fee simple title subject to a negative mortgage pledge as part of the collateral package for the Loans discussed above.

For financial statement and tax purposes, Lifeway depreciates its buildings and improvements on a straight line basis over 31 and 39 years.

Management believes that Lifeway has adequate insurance coverage for all its properties.

ITEM 7. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS .

RESULTS OF OPERATIONS

The following analysis should be read in conjunction with the audited financial statements of the Company and related notes included elsewhere in this annual report and the unaudited financial statements and Management's Discussion and Analysis contained in our Form 10-QSB, for the fiscal quarters ended March 31, 2009, June 30, 2009, and September 30, 2009.

Comparison of Quarter Ended December 31, 2009 to Quarter Ended December 31, 2008

Sales increased by \$3,890,952, (approximately 37%) to \$14,466,495 during the three month period ended December 31, 2009 from \$10,575,543 during the same three month period in 2008. This increase is primarily attributable to increased sales and awareness of Lifeway's flagship line, Kefir, as well as ProBugs® Organic Kefir for kids. Additionally, Lifeway recorded revenues from its February 6, 2009 acquisition of Fresh Made Dairy. Included in the total group sales was approximately \$2,210,000 of revenue related to this acquisition and recorded during the fourth quarter of 2009.

Cost of goods sold as a percentage of sales was approximately 79% during the fourth quarter 2009, compared to about 82% during the same period in 2008. The decrease was primarily attributable to the decreased cost of conventional milk, our largest raw material.

Additionally, as part of Lifeway's growth strategy, the Company increased its product sampling and demonstration activities, couponing, and other promotional activities in the fourth quarter 2009, when compared to the same period in 2008, which has an impact on cost of goods sold. During the fourth quarter 2009, the Company also increased a reserve account for these types of promotional expenses from \$75,000 during the fourth quarter 2008 to \$250,000 during the fourth quarter of 2009.

Even though the cost of conventional milk was lower in the fourth quarter 2009 compared to the same period a year ago, the cost of organic milk and other organic raw material ingredients increased approximately 10% during this same period. In the fourth quarter 2009, the amount of organic products sold comprised approximately 35% of Lifeway's total sales. These products include Lifeway's Organic Kefir, Lifeway's Organic ProBugs® kids Kefir, and Lifeway's Helios Organic Kefir lines.

Operating expenses as a percentage of sales were approximately 21% during the fourth quarter 2009, compared to about 19% during the same period in 2008. This increase is primarily attributable to a 111% increase in amortization expense, a non cash expense, related to the February 6, 2009 acquisition of Fresh Made Dairy.

Total other expenses for the fourth quarter 2009 were \$26,497, compared with total other expenses of \$1,252,744 during the same period in 2008. This decrease is primarily attributable to a higher realized loss on the sale of marketable securities, as well as an impairment of marketable securities during the fourth quarter 2008, when compared to the same period in 2009. During the fourth quarter 2009, the Company realized losses in the amount of \$4,178 and had no impairment to securities. During the fourth quarter 2008, the Company realized losses in the amount of \$587,243 and recognized an impairment to marketable securities in the amount of \$687,971. Marketable securities are discussed in Note 5 of the Notes to Consolidated Financial Statements.

Total net income for the group was \$119,593, or \$.01 per share for the fourth quarter 2009, compared with a net loss of \$742,965, or \$.04 per share loss in the same period in 2008.

Comparison of Year Ended December 31, 2009 to Year Ended December 31, 2008

Sales for the group increased by \$13,654,423 (approximately 31%) to \$58,115,878 during the twelve month period ended December 31, 2009 from \$44,461,455 during the same twelve month period in 2008. This increase is primarily attributable to increased sales and awareness of Lifeway's flagship line, Kefir, as well as Lifeway's kids Kefir drink, ProBugs®. Additionally, Lifeway recorded revenues from its February 6, 2009 acquisition of Fresh Made Dairy. Included in the total group sales was approximately \$7,943,600 of revenue related to this acquisition and recorded during the twelve-month period ended December 31, 2009.

Cost of goods sold as a percentage of sales excluding depreciation expense was approximately 62% in 2009, compared to about 70% in 2008. The decrease was primarily attributable to the decreased cost of conventional milk, our largest raw material, and the cost of transportation and other petroleum based production supplies.

Operating expenses as a percentage of sales was approximately 21% in 2009, compared to about 19% in 2008. This increase is primarily attributable to the increase in professional fees related to the February 6, 2009 acquisition of Fresh Made Dairy and a 112% increased amortization expense, a non cash expense, also related to the Fresh Made Dairy acquisition. Many of the acquisition related professional fees are non recurring expenses. Additionally, selling expenses during 2009 rose 46% from 2008 as the Company increased its marketing and advertising budget during 2009.

## Edgar Filing: LIFEWAY FOODS INC - Form 10-K

Total other expenses for 2009 were \$489,716, compared with total other expenses of \$1,598,930 during the same period in 2008. This decrease is primarily attributable to a higher realized loss on the sale of marketable securities, as well as an impairment of marketable securities during 2008, when compared to 2009. During 2009, the Company realized losses in the amount of \$278,474 and had no impairment to securities. During 2008, the Company realized losses in the amount of \$733,647 and recognized an impairment to marketable securities in the amount of \$958,879. As of December 31, 2009, the company had unrealized gains on marketable securities of \$325,085 (net of tax) compared with unrealized losses as of December 31, 2008 of \$720,517 (net of tax).

Provision for income taxes was \$2,879,250, or a 34% tax rate in 2009 compared with \$679,789 or a 26% tax rate in 2008. Income taxes are discussed in Note 10 of the Notes to Consolidated Financial Statements. The difference in rates was due to a lower level of permanent tax differences in relation to pre-tax net income.

Total net income for the group was \$5,569,702, or \$.33 per share for the twelve months ended December 31, 2009, compared with \$1,912,275, or \$.11 per share in the same period in 2008.

The Company also purchased \$1,766,280 worth of property, plant and equipment during 2009 when compared to the purchase of \$2,157,315 worth of property, plant in equipment during 2008. This increase is primarily attributable to the Company's repayment of \$4,003,588 of notes payable during 2009, compared with the Company's repayment of \$1,196,465 of notes payable during 2008.

Lifeway had a net increase in cash and cash equivalents of \$353,159 during the twelve months ended December 31, 2009, compared to a net decrease in cash and cash equivalents of \$318,637 during the same period in 2008. Lifeway

#### Critical Accounting Policies

Lifeway's analysis and discussion of its financial condition and results of operations are based upon its consolidated financial statements that have been prepared in accordance with accounting principles generally accepted in the United States of America ("US GAAP"). The preparation of financial statements in accordance with US GAAP requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, revenues and expenses. US GAAP provides the framework from which to make these estimates, assumptions and disclosures. Lifeway chooses accounting policies within US GAAP that management believes are appropriate to accurately and fairly report Lifeway's operating results and financial position in a consistent manner. Management regularly assesses these policies in light of current and forecasted economic conditions and has discussed the development and selection of critical accounting policies with its audit committee of the Board of Directors. For further information concerning accounting policies, refer to Note 2 — Nature of Business and Significant Accounting Policies in the notes to the consolidated financial statements.

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Shareholders of  
LIFEWAY FOODS, INC. AND SUBSIDIARIES

We have audited the accompanying consolidated balance sheets of LIFEWAY FOODS, INC. AND SUBSIDIARIES (the "Company") as of December 31, 2009 and 2008, and the related consolidated statements of income and comprehensive income, changes in stockholders' equity, and cash flows for each of the two years in the period ended December 31, 2009. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audit in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. The Company is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. Our audit included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the financial position of LIFEWAY FOODS, INC. AND SUBSIDIARIES as of December 31, 2009 and 2008, and the results of its operations and its cash flows for each of the two years in the period ended December 31, 2009 in conformity with accounting principles generally accepted in the United States of America.

LIFEWAY FOODS, INC. AND SUBSIDIARIES  
Notes to Consolidated Financial Statements  
December 31, 2009 and 2008

Note 1 – NATURE OF BUSINESS

Lifeway Foods, Inc. (the “Company”) commenced operations in February 1986 and incorporated under the laws of the state of Illinois on May 19, 1986. The Company’s principal business activity is the production of dairy products. Specifically, the Company produces Kefir, a drinkable product which is similar to but distinct from yogurt, in several flavors sold under the name “Lifeway’s Kefir;” a plain farmer’s cheese sold under the name “Lifeway’s Farmer’s Cheese;” a fruit sugar-flavored product similar in consistency to cream cheese sold under the name of “Sweet Kiss;” and a dairy beverage, similar to Kefir, with increased protein and calcium, sold under the name “Basics Plus.” The Company also produces several soy-based products under the name “Soy Treat” and a vegetable-based seasoning under the name “Golden Zesta.” The Company currently distributes its products throughout the Chicago Metropolitan area and various cities in the East Coast through local food stores. In addition, the products are sold throughout the United States and Ontario, Canada by distributors. The Company also distributes some of its products to Eastern Europe.

Note 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A summary of the significant accounting policies applied in the preparation of the accompanying financial statements follows:

Principles of consolidation

The consolidated financial statements include the accounts of the Company and its wholly-owned subsidiaries, LFI Enterprises, Inc., Helios Nutrition, Ltd., Pride of Main Street, L.L.C., Starfruit, L.L.C., Fresh Made, Inc. and Starfruit Franchisor, L.L.C. All significant intercompany accounts and transactions have been eliminated. The financial statements include the results of operations from Fresh Made, Inc from February 6, 2009 through the end of the period (see Note 3).

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates. Significant estimates made in preparing the consolidated financial statements include the allowance for doubtful accounts, the valuation of investment securities, the valuation of goodwill, intangible assets and deferred taxes.

Revenue Recognition

Sales of Company produced dairy products are recorded at the time of shipment and the following four criteria have been met: (i) The product has been shipped and the Company has no significant remaining obligations; (ii) Persuasive evidence of an agreement exists; (iii) The price to the buyer is fixed or determinable and (iv) Collection is probable. In addition, shipping costs invoiced to the customers are included in net sales and the related cost in cost of sales.

Cash and cash equivalents

All highly liquid investments purchased with an original maturity of three months or less are considered to be cash equivalents.

The Company maintains cash deposits at several institutions located in the greater Chicago, Illinois and Philadelphia, Pennsylvania metropolitan areas.

Note 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

Marketable securities

All investment securities are classified as available-for-sale and are carried at fair value. Unrealized gains and losses on available-for-sale securities are reported as a separate component of stockholders' equity. Amortization, accretion, interest and dividends, realized gains and losses, and declines in value judged to be other-than-temporary on available-for-sale securities are recorded in other income. All of the Company's securities are subject to a periodic impairment evaluation. This evaluation depends on the specific facts and circumstances. Factors that we consider in determining whether an other-than-temporary decline in value has occurred include: the market value of the security in relation to its cost basis; the financial condition of the investee; and the intent and ability to retain the investment for a sufficient period of time to allow for possible recovery in the market value of the investment.

Accounts receivable

Credit terms are extended to customers in the normal course of business. The Company performs ongoing credit evaluations of its customers' financial condition and generally requires no collateral.

Accounts receivable are recorded at invoice amounts, and reduced to their estimated net realizable value by recognition of an allowance for doubtful accounts and net of anticipated discounts. The Company's estimate of the allowance for doubtful accounts is based upon historical experience, its evaluation of the current status of specific receivables, and unusual circumstances, if any. Accounts are considered past due if payment is not made on a timely basis in accordance with the Company's credit terms. Accounts considered uncollectible are charged against the allowance.

Inventories

Inventories are stated at the lower of cost or market, cost being determined by the first-in, first-out method.

Property and equipment

Property and equipment are stated at depreciated cost or fair value where depreciated cost is not recoverable. Depreciation is computed using the straight-line method. When assets are retired or otherwise disposed of, the cost and related accumulated depreciation are removed from the accounts, and any resulting gain or loss is recognized in income for the period. The cost of maintenance and repairs is charged to income as incurred; significant renewals and betterments are capitalized.

LIFEWAY FOODS, INC. AND SUBSIDIARIES  
Notes to Consolidated Financial Statements

## Note 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – Continued

Property and equipment are being depreciated over the following useful lives:

Category	Years
Buildings and improvements	31 and 39
Machinery and equipment	5 – 12
O f f i c e equipment	5 – 7
Vehicles	5

## Intangible assets

The Company accounts for intangible assets at historical cost. Intangible assets acquired in a business combination are recorded under the purchase method of accounting at their estimated fair values at the date of acquisition. Goodwill represents the excess purchase price over the fair value of the net tangible and other intangible assets acquired. Goodwill is not amortized, but is reviewed for impairment at least annually. Brand assets represent the fair value of brands acquired. Brand assets have an indefinite life, therefore are not amortized, rather are reviewed periodically for impairment. The Company amortizes other intangible assets over their estimated useful lives, as disclosed in the table below.

The Company reviews intangible assets and their related useful lives at least once a year to determine if any adverse conditions exist that would indicate the carrying value of these assets may not be recoverable. The Company conducts more frequent impairment assessments if certain conditions exist, including: a change in the competitive landscape, any internal decisions to pursue new or different strategies, a loss of a significant customer, or a significant change in the market place including changes in the prices paid for the Company's products or changes in the size of the market for the Company's products.

If the estimate of an intangible asset's remaining useful life is changed, the remaining carrying amount of the intangible asset is amortized prospectively over the revised remaining useful life.

Intangible assets are being amortized over the following useful lives:

Customer lists and other customer related intangibles	7-10

LIFEWAY FOODS, INC. AND SUBSIDIARIES  
Notes to Consolidated Financial Statements  
December 31, 2009 and 2008

Note 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – Continued

Income taxes

Deferred income taxes arise from temporary differences resulting from income and expense items reported for financial accounting and tax purposes in different periods. Deferred taxes are classified as current or non-current, depending on the classification of the assets and liabilities to which they relate. Deferred taxes arising from temporary differences that are not related to an asset or liability are classified as current or non-current depending on the periods in which the temporary differences are expected to reverse.

The principal sources of temporary differences are different depreciation and amortization methods for financial statement and tax purposes, unrealized gains or losses related to marketable securities, capitalization of indirect costs for tax purposes, purchase price adjustments, and the recognition of an allowance for doubtful accounts for financial statement purposes.

The Company has analyzed filing positions in all of the federal and state jurisdictions where it is required to file income tax returns, as well as all open tax years in these jurisdictions. The only periods subject to examination for the Company's federal return are the 2005 through 2008 tax years. The Company believes that its income tax filing positions and deductions would be sustained on audit and does not anticipate any adjustments that would result in a material change to its financial position. Therefore, no reserves for uncertain income tax positions have been recorded.

The Company's policy for recording interest and penalties associated with audits is to record such items as a component of income before taxes. There were no such items during the periods covered in this report.

Treasury stock

Treasury stock is recorded using the cost method.

Advertising costs

The Company expenses advertising costs as incurred. During the years ended December 31, 2009 and 2008, approximately \$1,689,540 and \$1,530,207 of such costs respectively, were expensed.

Earning per common share

Earnings per common share were computed by dividing net income available to common stockholders by the weighted average number of common shares outstanding during the period. For the years ended December 31, 2009 and 2008, diluted and basic earnings per share were the same, as the effect of dilutive securities options outstanding was not significant.

Notes to Consolidated Financial Statements

## Note 3 – ACQUISITION

On February 6, 2009, we completed a Stock Purchase Agreement (the “Stock Agreement”) under which Lifeway purchased all of the issued and outstanding stock (the “Shares”) of Fresh Made, Inc., a Pennsylvania corporation (“Fresh”). The consideration for the Shares was an aggregate of \$8,048,000 in cash, a note in the principal amount of \$2,735,000, due on February 6, 2011, 128,948 shares of common stock of Lifeway valued at a total of \$980,000 (“Lifeway’s Common Stock”), the cancellation of a loan in the principal amount of \$265,000. The issuance of Lifeway’s Common Stock was exempted from registration pursuant to Section 4(2) of the Securities Act of 1933, as amended.

Also on February 6, 2009, we entered into and consummated a Real Property Purchase Agreement (the “Real Property Agreement”) under which we acquired 1.1355 acres of land in Philadelphia, PA (the “Property”). The consideration for the Property was approximately \$2,000,000.

The acquisition was consummated to expand the geographic footprint of Lifeway as well as grow market share. The acquisition was accounted for using the purchase accounting method of accounting, and accordingly, the purchase price was allocated to assets acquired and the liabilities assumed based on the fair value as of the merger date. Acquisition costs for legal and professional fees have been included in General and Administrative costs. None of the goodwill resulting from the acquisition is tax deductible.

The estimated fair value of assets acquired, including the real property, and liabilities assumed consisted of the following:

Cash and cash equivalents	\$226,000
Accounts receivable (contractual amounts totaling \$545,958)	546,000
Other current assets	361,000
Building and other fixed assets	2,617,000

Non amortizable goodwill and brand asset	8,391,000
Current liabilities	( 461,000 )
Deferred tax liability associated with purchase adjustments	( 1,652,000 )
Total fair value of assets acquired and liabilities assumed	\$14,028,000

Note 13 – FAIR VALUE MEASUREMENTS

Generally accepted accounting principles define fair value as the exchange price in an orderly transaction between market participants to sell an asset or transfer a liability at the measurement date. The standards emphasize that fair value is a market-based measurement, not an entity-specific measurement and establish the following fair value hierarchy used in fair value measurements:

Level 1 – Inputs use quoted prices in active markets for identical assets or liabilities that the Company has the ability to access.

Level 2 – Inputs use other inputs that are observable, either directly or indirectly. These inputs include quoted prices for similar assets and liabilities in active markets, and other inputs such as interest rates and yield curves that are observable at commonly quoted intervals.

Level 3 – Inputs are unobservable inputs, including inputs that are available in situations where there is little, if any, market activity for the related asset or liability.

In instances where inputs used to measure fair value fall into different levels in the above fair value hierarchy, fair value measurements in their entirety are categorized based on the lowest level input that is significant to the valuation. The Company's assessment of the significance of particular inputs to these fair measurements requires judgment and considers factors specific to each asset or liability.

We carry marketable securities at fair value value based on the above hierarchy (see table below).

Other financial instruments including cash, trade receivables, payables and long-term debt are carried at cost, which approximates fair value.

## Note 14 – RECENT ACCOUNTING PRONOUNCEMENTS

On April 9, 2009, the FASB finalized three FASB Staff Positions (“FSPs”) regarding the accounting treatment for investments including mortgage-backed securities. These FSPs changed the method for determining if an other-than-temporary impairment (“OTTI”) exists and the amount of OTTI to be recorded through an entity’s income statement. The changes brought about by the FSPs provide greater clarity and reflect a more accurate representation of the credit and noncredit components of an OTTI event. The three FSPs are as follows:

- FASB ASC 820-10-65-4, Fair Value Measurements and Disclosures provides guidelines for making fair value measurements that determine fair value when the volume and level of activity for assets or liabilities have significantly decreased and identify transactions that are not orderly.
- FASB ASC 320-10-65, Investments — Debt and Equity Securities provides additional guidance designed to create greater clarity and consistency in accounting for and presenting impairment losses on securities.
- FASB ASC 825-10-65, Financial Instruments enhances consistency in financial reporting by increasing the frequency of fair value disclosures.

The adoption of these did not have a material effect on the Company’s results of operations or financial position.

Notes to Consolidated Financial Statements  
December 31, 2009 and 2008

Note 14 – RECENT ACCOUNTING PRONOUNCEMENTS - Continued

In June 2009, FASB issued FASB ASC 810, Consolidation. The objective of FASB ASC 810 is to improve financial reporting by enterprises involved with variable interest entities and to provide more relevant and reliable information to users of financial statements. FASB ASC 810 shall be effective as of the beginning of each reporting entity's first annual reporting period that begins after November 15, 2009, for interim periods within that first annual reporting period, and for interim and annual reporting periods thereafter. Earlier application is prohibited. The Company is currently evaluating the impact of the adoption of this standard, but does not expect it have a material effect on the Company's financial position or results of operation.

Note 15 – SUBSEQUENT EVENTS

On February 6, 2010 the Company entered into a third modification to its Loan and Security Agreement with the Private Bank and Trust (the "Modification"). This Modification amended the Loan and Security Agreement to, among other things, extend the maturity of the Revolving Loan (as defined therein) to February 6, 2011 and decrease the Revolving Loan commitment from \$5,000,000 to \$4,000,000. The foregoing description of the Modification does not purport to be complete and is qualified in its entirety by reference to the complete text of the Modification, which is filed as Exhibit 10.17 hereto and incorporated herein by reference.

ITEM 9. CHANGES IN AND DISAGREEMENTS WITH ACCOUNTANTS ON ACCOUNTING AND FINANCIAL DISCLOSURE.

None.

ITEM 9A. CONTROLS AND PROCEDURES.

Evaluation of Disclosure Controls and Procedures

We maintain disclosure controls and procedures that are designed to ensure material information required to be disclosed in our reports that we file or submit under the Exchange Act is recorded, processed, summarized, and reported within the time periods specified in the SEC's rules and forms, and that such information is accumulated and communicated to our management, including our Chief Executive Officer and Chief Financial and Accounting Officer, as appropriate, to allow timely decisions regarding required financial disclosure. In designing and evaluating the disclosure controls and procedures, we recognized that a control system, no matter how well designed and operated, can provide only reasonable, not absolute, assurance that the objectives of the control system are met. Because of the inherent limitations in all control systems, no evaluation of controls can provide absolute assurance that all control issues and instances of fraud, if any, within a company have been detected.

As of December 31, 2009, we carried out an evaluation under the supervision and with the participation of our management, including our Chief Executive Officer and Chief Financial and Accounting Officer, of the effectiveness of the design and operation of our disclosure controls and procedures. Based upon that evaluation, our Chief Executive Officer and Chief Financial and Accounting Officer concluded that our disclosure controls and procedures were not effective at the reasonable assurance level as of December 31, 2009 in ensuring that information required to be disclosed by us under the Exchange Act is recorded, processed, summarized and reported within the time periods specified under the Exchange Act rules and forms due to the material weaknesses described below. As a result, we performed additional analysis and other post-closing procedures to ensure our consolidated financial statements were prepared in accordance with generally accepted accounting principles. Accordingly, management believes the consolidated financial statements included in this Form 10-K fairly present, in all material respects, our financial condition, results of operations and cash flows for the periods presented.

Management's Report on Internal Control Over Financial Reporting

Management is responsible for establishing and maintaining adequate internal control over financial reporting as such term is defined in Exchange Act Rule 13a-15(f). The Company's internal control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles.

Under the supervision and with the participation of our Chief Executive Officer and Chief Financial Officer, management assessed the effectiveness of our internal control over financial reporting as of December 31, 2009. In making its assessment of internal control over financial reporting, management used the criteria described in Internal Control — Integrated Framework issued by the Committee of Sponsoring Organizations of the Treadway Commission. In conjunction with our auditors, management identified two material weaknesses in the Company's internal control over financial reporting. A material weakness is a significant deficiency, or a combination of significant deficiencies which when aggregated, results in there being more than a remote likelihood that a material misstatement of the annual or interim financial statements will not be prevented or detected on a timely basis by employees in the normal course of their assigned functions. As a result of these material weaknesses, we concluded that the Company's internal control over financial reporting was not effective as of December 31, 2009 based on the criteria in Internal Control — Integrated Framework. We are taking steps to address these material weaknesses which could possibly have led to a material misstatement in our financial statements if not detected and corrected.

We have identified material weaknesses in our internal control for financial reporting due to an incomplete and undocumented system for tracking current programs for advertising and sales promotions with current customers. Additionally, there was no requirement to post monthly activity to the Company's general ledger. We have immediately begun creating a system for documenting current programs with customers related to advertising and promotional costs, including analyzing the benefits received from customers. We also plan to take corrective action to improve our review procedures for posting and updating the monthly financial activity.

This Annual Report on Form 10-K does not include an attestation report of the Company's registered public accounting firm regarding internal control over financial reporting. Management's report was not subject to attestation by the Company's registered public accounting firm pursuant to temporary rules of the Securities and Exchange Commission that permit the Company to provide only management's report in this Annual Report on Form 10-K.

Changes in Internal Control Over Financial Reporting

There were no changes in our internal control over financial reporting, identified in connection with the evaluation required by the Exchange Act, that occurred during this fiscal quarter ended December 31, 2009, which has materially affected, or is reasonably likely to materially affect, our internal control over financial reporting.

## ITEM 13. CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS AND DIRECTOR INDEPENDENCE.

### Related Transactions

Based on a review of the questionnaires that our directors and employees subject to Section 16 of the Exchange Act of 1934 completed and a review of our internal records on any related person that were identified in such questionnaires, we have determined that there are no related party transactions in excess of the lesser \$120,000 or 1% of the average of the Company's total assets for each of 2008 and 2009, since the beginning of 2008 or currently proposed, involving the Company.

### Director Independence

In evaluating director independence, the Company has adopted the definition set forth in Rule 4200 of the NASDAQ Marketplace Rules. The Company's board of directors, taking into consideration the relationships described in the Certain Relationships and Related Transactions section above, has determined that of the Company's current directors, Pol Sikar, Renzo Bernardi, and Julie Oberweis were independent of management. The Company's board of directors has also determined that of the individuals who served as directors during 2009, Pol Sikar, Renzo Bernardi, and Julie Oberweis were independent of management.

The Board of Directors does not have a standing nominating committee, compensation committee or any committees performing similar functions. As there are only six Directors serving on the Board, it is the view of the Board that all Directors should participate in the process for the nomination and review of potential Director candidates and for the review of the Company's executive pay practices. Accordingly, Julie Smolyansky, Ludmila Smolyansky and Gustavo Carlos Valle, who are not considered independent, participate in the nominating process, in the review of executive employment contracts and in review of the Company's executive compensation practices, together with the independent directors.

The Lifeway Audit Committee (the "Committee"), comprised of Messrs. For audit services (including statutory audit engagements as required under local country laws), the independent auditor will provide the Committee with an engagement letter during the January-March quarter of each year outlining the scope of the audit services proposed to be performed during the fiscal year. If agreed to by the Committee, this engagement letter will be formally accepted by the Committee at its first or second quarter meeting.

The independent auditor will submit to the Committee for approval an audit services fee proposal after acceptance of the engagement letter.

For non-audit services, the Company's management will submit to the Committee for approval (during the second or third quarter of each fiscal year) the list of non-audit services that it recommends the Committee engage the independent auditor to provide for the fiscal year. Company management and the independent auditor will each confirm to the Committee that each non-audit service on the list is permissible under all applicable legal requirements. In addition to the list of planned non-audit services, a budget estimating non-audit service spending for the fiscal year will be provided. The Committee will approve both the list of permissible non-audit services and the budget for such services. The Committee will be informed routinely as to the non-audit services actually provided by the independent auditor pursuant to this pre-approval process.

To ensure prompt handling of unexpected matters, the Committee delegates to either member thereof the authority to amend or modify the list of approved permissible non-audit services and fees. Either member will report action taken to the Committee at the next Committee meeting.

The independent auditor must ensure that all audit and non-audit services provided to the Company have been approved by the Committee. The Chief Financial Officer will be responsible for tracking all independent auditor fees against the budget for such services and report at least annually to the Committee.
