INFORMATION STATEMENT

Pursuant to Section 14(f) and Rule 14f-1
Under the Securities Exchange Act of 1934

INNOFONE.COM, INC., A Nevada Corporation
(Name of Issuer)

This information is being provided by the Issuer (the "Registrant") on or about October 2, 2001 to the holders of record of shares of the Registrant's common stock, par value \$0.001 per share (the "Common Stock"), in connection with the designation of certain persons as directors of the Registrant pursuant to that certain Agreement and Plan of Reorganization dated September 10, 2001 by and between the Registrant, as purchaser, Digital Micro Distribution Canada, Inc., an Ontario corporation ("DMD"), and Sumit Majumdar, as the selling shareholder (the "Agreement"). The information contained in this Information Statement is being provided pursuant to Section 14(f) of the Securities Exchange Act of 1934, as amended (the "Exchange Act") and Rule 14f-1 of the Securities and Exchange Commission (the "SEC") thereunder.

A true and correct copy of the Agreement is being provided herewith as Exhibit 2. An additional copy has been filed with the SEC under cover of a Current Report on Form 8-K on September 25, 2001 as Exhibit 2 thereto. That copy may be reviewed online via the SEC's website, <http://www.sec.gov>. Notwithstanding the foregoing, the terms of the Agreement are summarized below.

The Agreement provides that at the closing of the transactions contemplated by the Agreement (the "Closing"), Mr. Majumdar will sell and transfer to the Registrant the sole issued and outstanding share of the capital stock of DMD (the "DMD Share"), and in exchange, the Registrant will issue and deliver an aggregate of Sixty-seven Million (67,000,000) shares of its Common Stock to Mr. Majumdar. This transaction as contemplated in the Agreement is sometimes referred to below as the "Exchange."

Nevada law does not require approval of the Exchange by the Registrant's shareholders, and such approval will not be sought.

The Exchange is anticipated to be treated as a tax-free reorganization under Section 368(a)(1)(B) of the Internal Revenue Code of 1986, as amended, and the Registrant expects to account for its acquisition of DMD using the purchase method of accounting.

2

The Closing is expected to occur on or about October 12, 2001, however, there is no assurance that the transaction will be consummated. THE AGREEMENT PROVIDES THAT, UPON THE CLOSING, THE CURRENT OFFICERS AND DIRECTORS WILL RESIGN FROM OFFICE AND BE REPLACED BY PERSONS DESIGNATED BY MR. MAJUMDAR. Other than as disclosed in this Information Statement, there is no arrangement or understanding between the Registrant (or any of its officers or directors) and any other person pursuant to which such person was or is to be selected as a

Edgar Filing: INNOFONE COM INC - Form SC 14F1

director or officer. The directors and officers are expected to devote their time to the Registrant's affairs on an "as needed" basis, but will not be required to make any specific portion of their time available to the Registrant.

The information provided below is substantially equivalent to the information which would be required by Items 6(a), (d), and (e), 7, and 8 of Schedule 14A of Regulation 14A to be transmitted if such person or persons were nominees for election as directors at a meeting of the issuer's security holders.

Item 6. Voting Securities and Principal Holders Thereof.

Each share of both classes is entitled to one (1) vote per share on all matters submitted to a vote of the shareholders, including, without limitation, at meetings of the Registrant's shareholders for the election of members of Registrant's board of directors. As of August 31, 2001, there were 31,734,837 shares of Registrant's Common Stock and 1,250,000 shares of its Preferred Stock issued and outstanding, entitled to an aggregate of 32,984,837 votes for the election of directors.

(c) Changes in Control. As discussed above, pursuant to the Agreement, the Registrant has agreed to purchase from Mr. Majumdar the sole issued and outstanding share of the capital stock of DMD (the "DMD Share"). The consideration to be paid by the Registrant to Mr. Majumdar for the DMD Share shall be the issuance of Sixty-seven Million (67,000,000) shares of the Registrant's Common Stock, which shall upon issuance constitute Sixty-seven percent (67%) of the Registrant's total then-issued and outstanding shares. The Agreement also provides that upon the closing of the transaction, all of the Registrant's current directors shall resign and be replaced by persons designated by Mr. Majumdar. The result of this acquisition of DMD and issuance of stock to Mr. Majumdar, assuming the transaction closes, shall be a change in control of the Registrant at the time of closing.

The material terms and conditions of the Agreement are summarized below. For more detailed and complete information concerning the

Edgar Filing: INNOFONE COM INC - Form SC 14F1

Exchange, please refer to the Agreement.

Exchange of Shares. Registrant will issue Sixty-seven Million (67,000,000) shares of its Common Stock to Mr. Majumdar (DMD's sole shareholder), in exchange for which Mr. Majumdar will transfer to the Registrant the sole issued and outstanding capital share of DMD. As a result of the Exchange, DMD will become a wholly-owned subsidiary of the Registrant. The Exchange will not cause any change in the Certificate of Incorporation or Bylaws of the Registrant.

Shares Received by Mr. Majumdar. The shares of Common Stock issued to Mr. Majumdar will not be registered under the Securities Act of 1933, as amended (the "Securities Act"), but will be issued in reliance upon an exemption from the Securities Act's registration requirements under Section 4(2) thereof. The Registrant believes that the exchange of shares contemplated in this Information Statement will be exempt from registration under Section 4(2) of the Securities Act on the basis that it is a transaction not involving a public offering, because: (a) the newly issued shares will be offered solely to a small, identifiable class of persons, namely Mr. Majumdar, the sole shareholder of DMD; (b) Mr. Majumdar has affirmatively represented to the Registrant that, among other things, he is taking his shares for investment with no current intention of reselling or distributing those shares; and (c) all shares issued to Mr. Majumdar will bear a customary form of investment legend restricting transfer, and a stop transfer order will be placed in the transfer records as to all such shares attesting that these shares may not be sold, pledged, hypothecated, or otherwise transferred unless first registered under the Securities Act, or pursuant to an available exemption from such registration requirements.

Changes in Officers and Directors. At the Closing, Mr. Majumdar and certain other individuals to be designated by him ("Designees") will become directors of the Registrant, and all of the Registrant's present directors and officers will cease to be such. Immediately following the Closing, Mr. Majumdar and the Designees will constitute all of the directors of the Registrant. The Registrant's newly-constituted board of directors will then appoint new officers.

4

5

Conditions Precedent to Closing. The Registrant, DMD, and Mr. Majumdar are not required to complete the Exchange unless a number of conditions are satisfied by Closing, including the following: (a) all material consents and authorizations required in connection with the performance of the Agreement have been obtained; (b) neither the Registrant nor DMD have experienced any materially adverse changes in operations or financial condition since the date of the Agreement; (c) the representations and warranties of the parties are true and correct; and (d) all covenants of the parties have been fulfilled and all deliveries of documents have been made, as of the Closing.

Termination. The Agreement may be terminated by either party if the Closing does not occur by September 30, 2001, unless extended. In addition, the Agreement may be terminated by the mutual written agreement of the Registrant, DMD, and Mr. Majumdar, and may be terminated by any party if the conditions precedent to the parties' respective obligations are not satisfied, or if the closing of the Exchange becomes inadvisable.

Effect of Exchange. Once the Exchange is completed, DMD will become the sole operating subsidiary of the Registrant. Through its only operating predecessor subsidiary, Innohone Canada, Inc., the Registrant was

Edgar Filing: INNOFONE COM INC - Form SC 14F1

engaged in the telecommunications business of providing long distance telephone services, cellular services, and internet services. Innohone Canada was declared bankrupt on May 3, 2001 under the Bankruptcy and Insolvency Act of Canada, and its assets are in the process of being liquidated. From that date, to the present, the Registrant has suspended all business operations. As disclosed in the Registrant's filings thereafter with the SEC, the Registrant has been actively seeking to be acquired by or acquire an interest in a business entity that desires the perceived advantages of association with a corporation with a class of securities registered under the Exchange Act, such as Registrant. It was anticipated that the business engaged in by any such entity would likely be different from that in which the Registrant through Innohone Canada was previously engaged. As set forth below, the business of DMD is indeed different. Nevertheless, because the Registrant has no operating business and only nominal assets, management believes that consummation of the transaction with DMD to be in the best interests of the Registrant. Thereafter, assuming Closing of the Agreement, the Registrant intends to continue operating DMD in the industry and business that corporation is currently pursuing.

Brief Description of DMD. Since its incorporation in 1998, DMD has become a leader in the disassembly and distribution of used and refurbished, end-of-line new and used personal computers and related servers, peripherals, and components. DMD's core business is serving as a clearing house and distribution center for the hundreds of thousands of used, off-lease computers, monitors, and printers that become surplus to corporations every year. Further information on DMD is available through its World Wide Web internet site at <http://www.digitalmicro.net>. Information on the DMD web site has been prepared solely by DMD and its agents and representatives prior to consummation of this transaction, and the Registrant can assume no responsibility for any representations or content contained in that site until completion of the exchange.

5

6

(e) Except for the transaction just discussed above, no change in control of the Registrant has occurred since the beginning of its last fiscal year.
