What are the voting recommendations of the Board?

The Board recommends the following votes:

Will any other matters be voted on?

The Board does not intend to present any other matters at the Annual Meeting and we do not know of any other matters that will be brought before the shareholders for a vote at the Annual Meeting. If any other matter is properly brought before the Annual Meeting, your signed proxy card gives authority to the persons named in the proxy to vote on such matters in their discretion and in accordance with their best judgment.

Who is entitled to vote?

Holders of our common stock as of the close of business on the Record Date, December 18, 2015, may vote at the Annual Meeting, either in person or by proxy.

How many votes do I have?

You will have one vote for every share of Delta Apparel, Inc. common stock that you owned at the close of business on the Record Date. You do not have the right to cumulate your votes with respect to the election of any director.

What is the difference between holding shares as a shareholder of record and as a beneficial owner?

Many shareholders hold their shares through a broker or bank rather than directly in their own names. As summarized below, there are some distinctions between shares held of record and those owned beneficially.

Shareholder of Record. If your shares are registered directly in your name with the Company's transfer agent, American Stock Transfer & Trust Company, you are considered, with respect to those shares, the shareholder of record, and these proxy materials are being sent directly to you by the Company.

Beneficial Owner. If your shares are held in a stock brokerage account or by a bank, you are considered the beneficial owner of shares held in street name, and these proxy materials are being forwarded to you by your bank or broker, which is considered the shareholder of record of these shares. As the beneficial owner, you have the right to direct your bank or broker how to vote, and are also invited to attend the Annual Meeting. However, if you are not the shareholder of record, you may not vote these shares in person at the Annual Meeting unless you bring with you a legal proxy from the shareholder of record. Your bank or broker should enclose a voting card for you to use for providing directions for how to vote your shares.

How do I vote?

If you are a shareholder of record, there are four ways to vote:

1. By internet at www.proxyvote.com;
2. By toll-free telephone at 1-800-690-6903;
3. By completing and mailing your proxy card; or

Table of Contents

4. By written ballot at the Annual Meeting.

The internet and telephone voting procedures are designed to confirm your identity, to allow you to provide your voting instructions and to verify that your instructions have been properly recorded. If you wish to vote by internet or telephone, please follow the instructions that are printed on the enclosed proxy card. If you vote by internet or telephone, your vote must be received by 11:59 p.m. local time on February 10, 2016, the day before the Annual Meeting. Your shares will be voted as you indicate. If you sign and return your proxy card but you do not indicate your voting preferences, the proxies will vote your shares FOR Proposal Nos. 1, 2, 3 and 4. Although we are not currently aware of any other matters that will be brought before the Annual Meeting, by signing and returning your proxy card you appoint the persons named as proxies as your representatives at the Annual Meeting. If a matter is raised for a vote at the Annual Meeting that is not included in these proxy materials, then the proxy holders will vote your shares in accordance with their best judgment.

If your shares are held in street name, you should follow the voting directions provided by your bank or broker. You may complete and mail a voting instruction card to your bank or broker or, in most cases, submit voting instructions by the internet or telephone to your bank or broker. If you provide specific voting instructions by mail, the internet or telephone, your shares should be voted by your bank or broker as you have directed. **AS A RESULT OF THE RULES OF THE NEW YORK STOCK EXCHANGE ("NYSE"), YOUR BANK OR BROKER CANNOT VOTE WITH RESPECT TO PROPOSAL NOS. 1, 2 OR 3 UNLESS IT RECEIVES VOTING INSTRUCTIONS FROM YOU.** We will distribute written ballots at the Annual Meeting to any shareholder of record who wants to vote. If you hold your shares in street name, you must request a legal proxy from your bank or broker to vote in person at the Annual Meeting.

Please note that one copy of this Proxy Statement and accompanying materials will be delivered to multiple shareholders of record sharing an address unless we receive contrary instructions from one or more of the applicable shareholders. Upon request from any such shareholder, we will provide a separate copy of this Proxy Statement and accompanying materials. Such requests can be made to Justin M. Grow, Secretary, at the Company's address of record, which is 322 S. Main Street, Greenville, South Carolina 29601 or via telephone at (864) 232-5200.

Can I change my vote or revoke my proxy?

Yes. If you are a shareholder of record, you can change your vote or revoke your proxy any time before the Annual Meeting by:

1. Entering a new vote by internet or telephone;
2. Returning a later-dated proxy card;
3. Sending written notice of revocation to Justin M. Grow, Secretary, at the Company's address of record, which is 322 S. Main Street, Greenville, South Carolina 29601; or
4. Completing a written ballot at the Annual Meeting.

Attendance at the Annual Meeting will not in and of itself constitute a revocation of a proxy.

If your shares are held in street name, you must follow the specific directions provided to you by your bank or broker to change or revoke any instructions you have already provided to your bank or broker.

How are votes counted?

Votes are counted by inspectors of election designated by our Secretary.

Who pays for soliciting proxies?

We will pay for the cost of preparing, assembling, printing and mailing this Proxy Statement and accompanying materials to our shareholders, as well as the cost of soliciting proxies relating to the meeting. In addition, we will reimburse banks and brokers for their reasonable charges and expenses in forwarding proxies and proxy materials to the beneficial owners of the shares held in street name. Our officers, directors and employees may, without additional compensation, supplement these solicitations of proxies by telephone, facsimile, email and personal solicitation.

Table of Contents

What is the quorum requirement of the Annual Meeting?

To conduct the Annual Meeting, a majority of the outstanding shares of the Company's common stock entitled to vote must be present in person or by proxy at the Annual Meeting. This is referred to as a "quorum." If you vote, your shares will be considered present at the Annual Meeting for purposes of determining the presence or absence of a quorum. Abstentions and broker non-votes will be counted in determining the presence or absence of a quorum. On the Record Date, there were 7,728,836 shares outstanding and approximately 893 shareholders of record. A majority of the Company's common stock, or 3,864,419 shares, will constitute a quorum.

What are broker non-votes?

Broker non-votes occur when holders of record, such as banks and brokers holding shares on behalf of beneficial owners, do not receive voting instructions from the beneficial owners by the date specified in the statement requesting voting instructions that has been provided by the bank or broker. If that happens, the bank or broker may vote those shares only on matters as permitted by the NYSE's rules and regulations. The NYSE prohibits banks and brokers from voting uninstructed shares in the election of directors and in matters related to executive compensation; accordingly, banks and brokers cannot vote with respect to Proposal Nos. 1, 2 and 3 unless they receive voting instructions from the beneficial owners. Broker non-votes will not affect the outcome of Proposal Nos. 1, 2 and 3 being voted on at the Annual Meeting, assuming that a quorum is obtained.

What vote is required to approve each proposal?

Proposal No. 1: For the election of directors, the eight nominees for director will be elected if they receive an affirmative vote of a majority of the shares present at the meeting or represented by proxy and entitled to vote for the election of directors at the Annual Meeting. For purposes of the election of directors, the affirmative vote of a majority of shares means that the number of shares voted "FOR" a director's election exceeds the number of votes withheld from a director's election. Votes cast exclude broker non-votes and abstentions, and therefore broker non-votes and abstentions will have no effect on the election of directors.

Proposal No. 2: For the advisory vote on the compensation of our named executive officers, the vote is not binding on our Board of Directors or our Compensation Committee and, therefore, no specific vote is required to approve the proposal. However, our Board and Compensation Committee will review the voting results and consider them in making future decisions about executive compensation.

Proposal No. 3: Re-approval of the Delta Apparel, Inc. Short-Term Incentive Compensation Plan for purposes of complying with Section 162(m) of the Internal Revenue Code of 1986 requires that the number of votes cast "FOR" exceeds the number of votes cast against this proposal. Votes cast exclude broker non-votes and abstentions, and therefore broker non-votes and abstentions will have no effect on the re-approval of the Delta Apparel, Inc. Short-Term Incentive Compensation Plan.

Proposal No. 4: Ratification of the appointment of KPMG LLP to serve as our independent registered public accounting firm requires that the number of votes cast "FOR" exceeds the number of votes cast against this proposal. Abstentions and broker non-votes will have no effect on the vote with respect to this proposal.

Are the Company's proxy materials available on the internet?

Yes, this Proxy Statement and our 2015 Annual Report are available without charge on our website at www.deltaapparelinc.com.

Where can I find the voting results of the Annual Meeting?

We will announce the preliminary voting results at the Annual Meeting and will publish final results in a current report on Form 8-K filed with the SEC on or before February 17, 2016. This Form 8-K will be available without charge to shareholders upon written request to Investor Relations Department, Delta Apparel, Inc., 322 S. Main Street, Greenville, South Carolina 29601, or via the internet at www.deltaapparelinc.com.

What is the deadline for consideration of shareholder proposals or director nominations for the next annual meeting of shareholders?

Applicable Securities and Exchange Commission ("SEC") rules and regulations govern the submission of shareholder proposals and the Company's consideration of them for inclusion in next year's proxy statement. If you are a shareholder and you want to present a

Table of Contents

proposal at our next annual meeting and have it included in the Company's proxy statement for that meeting, you must submit the proposal in writing at the Company's offices at 322 S. Main Street, Greenville, South Carolina 29601, Attention: Corporate Secretary, on or before August 20, 2016. If you want to present a proposal at the Company's next annual meeting (but not have the proposal included in the Company's proxy statement) or to nominate a person for election as a director, you must comply with the advance written notice and other requirements set forth in our Bylaws.

PROPOSAL NO. 1

ELECTION OF DIRECTORS

Each of our directors brings extensive management and leadership experience gained through his or her service to diverse businesses and institutions. Our directors are committed to effectively oversee management's performance, to act in the long-term best interests of shareholders and to maintain the highest standards of corporate governance.

Our Bylaws provide that the number of directors to be elected at any meeting of shareholders will be between two and fifteen, and will otherwise be determined by our Board of Directors. Our Board of Directors has determined that eight directors shall be nominated for election at the Annual Meeting.

The eight individuals listed below are nominees for election as directors at the Annual Meeting to serve until our next annual meeting of shareholders or until their successors are duly elected and qualified. Included in each nominee's biography below is a description of the qualifications, experience, attributes and skills of such nominee that led our Board to conclude that he or she is well qualified to serve as a member of our Board. With the exception of Mr. Campbell, who was appointed by our Board to fill a vacancy after our most recent annual meeting of shareholders, and Mr. Taylor, who has been nominated to begin serving on our Board as of the date of the Annual Meeting, each of the nominees was elected by the shareholders at our most recent annual meeting of shareholders. Messrs. Campbell and Taylor were initially recommended to our Corporate Governance Committee for its consideration of them for service on our Board by our Chief Executive Officer.

Our Board has affirmatively determined that with the exception of Robert W. Humphreys, our Chairman and Chief Executive Officer, each of the nominees qualifies as "independent" under NYSE MKT corporate governance listing standards and also meets the Company's director qualification standards, which are described in the "Corporate Governance" section of this Proxy Statement. We believe that all of the nominees will be available and able to serve as directors.

Unless you vote "Withhold" with respect to a particular nominee or all nominees, the proxy holders will vote your shares "FOR" each of the nominees listed below. In the event that any nominee is not available or able to serve, our Board may either reduce the number of directors to be elected or select a substitute nominee. If a substitute nominee is selected, the proxy holders will vote your shares for the substitute nominee, unless you have withheld authority.

THE BOARD RECOMMENDS THAT YOU VOTE "FOR" THE ELECTION OF EACH OF THE EIGHT NOMINEES.

PROPOSAL NO. 2

ADVISORY VOTE ON EXECUTIVE COMPENSATION

The Dodd-Frank Wall Street Reform and Consumer Protection Act (the "Dodd-Frank Act") requires all publicly-traded companies to hold a shareholder advisory vote on the executive compensation of its named executive officers, otherwise known as a "Say-on-Pay" vote, at least once every three years. Our shareholders are being asked to vote on the following advisory resolution:

Resolved, that the shareholders advise that they approve the compensation paid to the Company's named executive officers as disclosed pursuant to the compensation disclosure requirements of the U.S. Securities and Exchange Commission, including the Compensation Discussion and Analysis, compensation tables and related narrative discussion provided in this Proxy Statement.

Our Board's Compensation Committee is committed to creating an executive compensation program that enables us to attract, retain, and motivate outstanding and diverse executives. Each year, our Compensation Committee reviews all of our executive compensation programs to ensure that they continue to reflect our commitment to align the objectives and rewards of our executive officers with the creation of value for our shareholders. The programs have been designed to reinforce our pay-for-performance philosophy by delivering total compensation that motivates and rewards short-term and long-term financial performance to maximize shareholder value. At the same time, we believe our compensation programs are appropriately measured and do not encourage excessive risk-taking by our executive team. Our Board believes that our philosophy and compensation practices strike the appropriate balance between utilizing responsible pay practices and effectively motivating our executives to dedicate themselves to the interests of our shareholders.

For these reasons, the Board requests that you approve the Company's executive compensation policies and practices for our named executive officers as described in this Proxy Statement, including the Compensation Discussion and Analysis, compensation tables and related narrative discussions. Because your vote is advisory, it will not be binding on our Board, our Compensation Committee, or the Company, and we will not be required to take any action as a result of the outcome of the vote on this proposal. However, our Compensation Committee will carefully consider the voting results and take them into consideration when making future decisions regarding executive compensation arrangements.

THE BOARD RECOMMENDS THAT YOU VOTE "FOR" THE COMPANY'S POLICIES AND PRACTICES ON EXECUTIVE COMPENSATION FOR OUR NAMED EXECUTIVE OFFICERS.

PROPOSAL NO. 3

RE-APPROVAL OF THE DELTA APPAREL, INC. SHORT-TERM INCENTIVE COMPENSATION PLAN FOR PURPOSES OF COMPLYING WITH SECTION 162(M) OF THE INTERNAL REVENUE CODE OF 1986

On June 28, 2000, our Board of Directors adopted the Delta Apparel, Inc. Short-Term Incentive Compensation Plan (the "STIC Plan") and our shareholders subsequently approved the STIC Plan. On November 8, 2007, the STIC Plan was re-approved by our shareholders and was subsequently re-approved by our shareholders on November 10, 2011. Under Section 162(m) of the Internal Revenue Code of 1986 ("Section 162(m)"), the STIC Plan must be re-approved by our shareholders every five years for compensation paid pursuant to the plan to qualify as performance-based compensation under Section 162(m) that is tax deductible by the Company.

On November 24, 2015, our Board of Directors, upon recommendation from its Compensation Committee, re-approved the STIC Plan. No amendments were made to the STIC Plan.

Background

The STIC Plan is structured so that awards granted under it can satisfy the requirements of Section 162(m). Section 162(m) limits to \$1,000,000 the amount that we may deduct in any taxable year for compensation paid to our Chief Executive Officer or to any of our three most highly compensated executive officers (other than our Chief Financial Officer) whose compensation is required to be disclosed pursuant to Item 402 of SEC Regulation S-K. An exception to this \$1,000,000 limit exists for compensation earned pursuant to certain performance-based awards. A performance-based award made under the STIC Plan is eligible for this exception if certain criteria under Section 162(m) are satisfied, one of which relates to shareholder approval and/or re-approval of the material terms under which performance-based compensation will be paid under the STIC Plan. Section 162(m) requires shareholder re-approval of the material terms of the performance goals of the STIC Plan every five years if our Compensation Committee retains discretion to vary the targets of performance goals underlying performance-based awards, which discretion our Compensation Committee retains under the STIC Plan.

Accordingly, we are seeking shareholder re-approval of the STIC Plan, including the material terms of the performance goals included in the STIC Plan, so that we may continue to grant cash incentive compensation awards that are structured in a manner intended to qualify as tax deductible, performance-based compensation under Section 162(m). For purposes of Section 162(m), the material terms of performance-based compensation include: (i) the employees eligible to receive such compensation; (ii) a description of the business criteria upon which the goals applicable to the performance-based compensation are based; and (iii) the maximum amount of compensation that can be paid to an employee as performance-based compensation during a specified time period. Below is a summary of the material terms of performance-based compensation that may be awarded under the STIC Plan. This summary is qualified entirely by reference to the complete text of the STIC Plan, which is attached as Exhibit 1 to this Proxy Statement.

If the STIC Plan is approved, the Company will be able to continue to structure annual and other cash incentive awards in a manner that should qualify for the performance-based compensation exemption from the deduction limitations of Section 162(m). However, there are a number of requirements that must be met in order for particular compensation to qualify as performance-based compensation and, as such, there can be no assurance that such compensation under the STIC Plan will be fully deductible under all circumstances. Moreover, there is no guarantee that the compensation provided pursuant to the STIC Plan will comply with the requirements of performance-based compensation.

Summary of the Short-Term Incentive Compensation Plan

Purpose. The purpose of the STIC Plan is to recognize and reward employees who contribute substantially to the achievement of the Company's short-term, strategic objectives designed to enhance shareholder value and to aid in attracting and retaining employees.

Administration. The STIC Plan is administered by the Compensation Committee of the Company's Board of Directors. The Compensation Committee has broad authority to administer and interpret the STIC Plan and its provisions as it deems appropriate, subject to the express provisions of the STIC Plan. All actions taken by the

Compensation Committee under the STIC Plan are final, conclusive and binding.

Table of Contents

Eligibility. All employees of the Company and its subsidiaries are potentially eligible to participate in the STIC Plan, however, only employees specifically designated by the Compensation Committee participate in the STIC Plan for any performance period. There are approximately 340 employees, including all executive officers of the Company, currently designated to participate in the STIC Plan.

Performance Objectives. Not later than 90 days after the commencement of a performance period (and in any event prior to the date when twenty-five percent (25%) of the performance period has elapsed), the Compensation Committee establishes in writing one or more performance goals for the performance period and the formula or method for determining the amount of compensation payable to the applicable participants if the performance goal(s) is met. Performance goals are based on one or more of the following performance criteria: (i) total stockholder return; (ii) revenues, sales, net income, EBIT, EBITDA, stock price, and/or earnings per share; (iii) return on assets, net assets, and/or capital; (iv) return on stockholders' equity; debt/equity ratio; (v) working capital; (vi) safety; (vii) quality; (viii) the Company's financial performance or the performance of our stock versus peers; (ix) cost reduction; (x) productivity; (xi) market mix; or (xii) economic value added, in each case determined in accordance with generally accepted accounting principles (GAAP). Performance goals may be based on either the performance of the Company over the performance period or, if the participant is employed by a subsidiary or division of the Company during the performance period, the performance during the performance period of such subsidiary or division. The Compensation Committee may establish different performance goals, and may base performance goals on different performance criteria, for different participants and/or different classes of participants. Each performance goal established must be an objective goal (meaning that a third party having knowledge of the relevant facts would be able to determine whether the performance goal has been met).

Payments. The Compensation Committee, in its sole discretion, designates the total bonus target amount for the performance period and approves the bonus target amounts for the executive officers participating in the STIC Plan for the period. Regardless of the formula or method established by our Compensation Committee, no participant is entitled to receive compensation pursuant to the STIC Plan in excess of \$1,500,000 during any calendar year. No payment under the STIC Plan is made to any participant unless and until the Compensation Committee certifies in writing that the relevant performance goal(s) and any other material preconditions to such payment were in fact satisfied. All payments under the STIC Plan are in cash.

Termination of Employment. No participant is entitled to any payment under the STIC Plan with respect to a performance period if the participant at any time during the performance period is not an employee of either the Company or one of its subsidiaries, except that, unless the Compensation Committee provides otherwise in writing, if the participant ceases to be an employee of either the Company or one of its subsidiaries during the performance period due to the participant's retirement (provided that the participant is at least age 62), death or permanent and total disability, the participant is entitled to a pro rata portion of the payment, if any, that the participant would have been entitled to had the participant remained employed until the end of the performance period by the Company or one of its subsidiaries, based on the portion of the performance period during which the participant was an employee.

Amendment and Termination. Generally, the Board of Directors may at any time, with or without notice, amend, suspend or terminate the STIC Plan, provided that no amendment that would require shareholder approval in order for payments under the STIC Plan to be deductible by the Company pursuant to Section 162(m) will be effective without such shareholder approval.

Federal Income Tax Considerations. Generally, the Company is entitled to a tax deduction for awards under the STIC Plan only to the extent that the executives recognize ordinary income from the award. Section 162(m) contains special rules regarding the federal income tax deductibility of compensation paid to our Chief Executive Officer and to each of our other three most highly compensated executive officers (other than our Chief Financial Officer). The general rule is that annual compensation paid to any of these specified executives will be deductible only to the extent that it does not exceed \$1,000,000 or it qualifies as "performance-based compensation" under Section 162(m).

Program Benefits. Because the exact participants under the STIC Plan are determined on an annual basis, the precise number, name or positions of persons who will receive awards or the amount of such awards is not determinable at this time. However, as described above, the STIC Plan has been in place since 2000. The amounts payable pursuant to the STIC Plan relating to performance in the fiscal year ended October 3, 2015, for the following individuals and

groups were as follows:

For fiscal year 2016, the performance goals for the awards based on the performance of the Company as a whole as well as those awards based on the performance of each of the Company's business units will continue to be based primarily on earnings before interest and taxes ("EBIT"). For all awards in fiscal year 2016, whether based on the performance of the Company as a whole or based on the results of a business unit, there is no guaranteed payment amount. In addition, if performance goals are exceeded, there is a maximum bonus payout of 250% of the participant's target value.

PROPOSAL NO. 4

RATIFICATION OF APPOINTMENT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

In accordance with the requirements of our Audit Committee's charter, each year our Audit Committee evaluates and considers the qualifications, performance and independence of our external auditors. Based on its evaluation, the Audit Committee has appointed KPMG LLP ("KPMG") to serve as our independent registered public accounting firm for our 2016 fiscal year. KPMG audited our financial statements for fiscal years 2014 and 2015 and the approximately three-month transition period from June 30, 2013, through September 28, 2013, that bridged the end of our 2013 fiscal year and the beginning of our 2014 fiscal year on September 29, 2013 (the "Transition Period").

Although our Bylaws do not require that shareholders ratify the appointment of our independent registered public accounting firm, our Board believes that submitting the appointment of the independent registered public accounting firm for shareholder ratification at the Annual Meeting is appropriate from a corporate governance perspective. In the event that our shareholders do not ratify the appointment of KPMG, our Audit Committee will reconsider the appointment (but is not required to appoint a different independent registered public accounting firm). Even if the appointment is ratified, our Audit Committee, in its discretion, may appoint a different independent registered public accounting firm at any time during the fiscal year if our Audit Committee believes that such a change would be in the Company's best interests and the best interests of our shareholders.

Representatives of KPMG will be present at the Annual Meeting and such representatives will have the opportunity to make a statement if they desire to do so and will be available to respond to appropriate questions from shareholders.

THE BOARD RECOMMENDS THAT YOU VOTE "FOR" THE RATIFICATION OF KPMG AS OUR INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FOR OUR 2016 FISCAL YEAR.

As reflected in the table below, we incurred fees in fiscal years 2015 and 2014 for services performed by KPMG.

Independent Registered Public Accounting Firm Fees

Fiscal Years 2015 & 2014

	2015	2014	
Audit Fees	\$787,137	\$764,123

Tax Fees	—	24,530	
All Other Fees	1,650	—	
Total	\$886,787	\$838,153	(1)

At the time of the filing of our Proxy Statement for our 2014 fiscal year, we had not received a final bill for professional services rendered by our independent registered public accounting firm for the fiscal year ended (1) September 27, 2014. Our previously reported estimate of professional fees of \$793,403 has been revised as set forth above to account for such final billing.

Audit Fees — Consist of fees billed for professional services rendered for the audit of our fiscal year 2015 and fiscal year 2014 consolidated annual financial statements, audit of internal control over financial reporting for our fiscal year 2015 and fiscal year 2014, review of the interim consolidated financial statements included in quarterly reports, and services that are normally provided by our independent registered accounting firm in connection with SEC filings.

Audit-Related Fees — Consist of fees billed for assurance and related services that are reasonably related to the performance of the audit or review of our consolidated financial statements but are not reported under "Audit Fees." For fiscal year 2015, such fees related to services provided by KPMG in connection with our implementation of the Committee of Sponsoring Organizations of the Treadway Commission's updated Internal Control - Integrated Framework (COSO 2013), implementation of accounting software systems, and the March 2, 2015, sale of our The Game branded collegiate business. For fiscal year 2014, such fees related to services provided by KPMG in connection with its review of physical inventory procedures and accounting software systems as well as its review of correspondence from the SEC regarding our Annual Report on Form 10-K filed on August 29, 2013.

Table of Contents

Tax Fees — Consist of fees billed for professional services rendered for tax compliance, tax advice, and tax planning. For fiscal year 2014, such fees related to services provided by KPMG in connection with its review of various tax issues and positions as well as an Internal Revenue Service examination, and all such fees were pre-approved by our Audit Committee.

All Other Fees - Consist of fees related to services other than those reported under “Audit Fees,” “Audit-Related Fees,” and “Tax Fees.” For the fiscal year ended October 3, 2015, such fees were for an annual subscription for KPMG's web-based accounting research service.

Audit Committee Pre-Approval Policies and Procedures

It is our Audit Committee's policy to pre-approve all audit and permitted non-audit services proposed to be performed by our independent registered public accounting firm. The pre-approval process is typically as follows: Audit Committee pre-approval is sought at one of the Committee's regularly scheduled meetings following the presentation of information at such meeting detailing the particular services proposed to be performed. The authority to pre-approve non-audit services may be delegated by the Audit Committee, pursuant to guidelines approved by the Committee, to one or more members of the Committee. The Committee has authorized our Chief Financial Officer to engage our independent registered public accounting firm to perform certain pre-approved non-audit services that the Committee believes would not impair independence in an amount not to exceed \$10,000.

REPORT OF THE AUDIT COMMITTEE

Our Audit Committee assists our Board of Directors in its oversight of the integrity of the Company's financial statements, compliance with legal and regulatory requirements, the qualifications, independence and performance of the independent registered public accounting firm and the performance of the internal audit function. Our Audit Committee is comprised entirely of independent directors who meet independence, experience and other qualification requirements of the NYSE MKT and the SEC. In addition, our Board of Directors has determined that Dr. G. Jay Gogue qualifies as an audit committee financial expert as defined by SEC rules and regulations.

Management is responsible for our financial reporting process, including our internal control over financial reporting, and for the preparation of our consolidated financial statements, in accordance with generally accepted accounting principles. Our independent accountants are responsible for expressing an opinion on the financial statements and the effectiveness of the Company's internal control over financial reporting, based on an audit conducted in accordance with generally accepted auditing standards. Our Audit Committee's responsibility is to oversee and review these processes. Our Audit Committee relies, without independent verification, on the information provided to us and on the representations made by management and the independent registered public accounting firm.

The Audit Committee hereby reports as follows:

1. The Audit Committee appointed KPMG as the Company's independent registered public accounting firm for fiscal year 2015.

2. The Audit Committee has reviewed and discussed the audited financial statements for the year ended October 3, 2015, as well as the internal controls over financial reporting as of October 3, 2015, with the Company's management.

3. The Audit Committee has discussed with KPMG the matters required to be discussed under Public Company Accounting Oversight Board auditing standards governing communications with audit committees.

4. The Audit Committee has received the written disclosures and the letter from KPMG required pursuant to Public Company Accounting Oversight Board requirements and has discussed with KPMG its independence from the Company.

In determining KPMG's independence, the Audit Committee also considered whether the provision of any of the non-audit services provided to the Company is compatible with maintaining their independence. The Committee received regular updates on KPMG's fees and the scope of audit and non-audit services it provided. All such services were provided consistent with applicable rules and our pre-approval policies and procedures.

Based on our discussions with management, our internal auditors and KPMG, and our review of the audited financial statements, including the representations of management and KPMG with respect thereto, and subject in all cases to the limitations on our role and responsibilities referred to above and set forth in our charter, the Audit Committee recommended to the Board of Directors that the Company's audited consolidated financial statements for the fiscal year ended October 3, 2015, be included in the Company's Annual Report on Form 10-K.

CORPORATE GOVERNANCE

Overview

We believe that good corporate governance practices not only reflect our values as a Company but also support strong strategic growth and financial performance. Each committee of our Board has a charter, which can be found on the "Corporate Governance" page of our website located at www.deltaapparelinc.com, that spells out the committee's assigned roles and responsibilities. In addition, our Board has established policies and procedures that address matters such as chief executive officer and key management succession planning, transactions with related persons, risk oversight, communications with the Board by shareholders and other interested parties, as well as the independence and qualifications of our directors. The following pages provide insight into how our Board has implemented these policies and procedures to benefit our Company and our shareholders.

Director Independence

Our Board evaluates the independence of each director in accordance with applicable laws and regulations and the listing standards of the NYSE MKT. Generally, an "independent director" is a director who is not also an officer or employee of the Company or any parent or subsidiary of the Company. In addition, no director qualifies as independent unless the Board affirmatively determines that the director does not have a material relationship with the Company that would interfere with the exercise of independent judgment. Our Board has reviewed the relationships between each member of the Board and the Company and determined that with the exception of Robert W. Humphreys, our Chairman and Chief Executive Officer, each of our current directors and each individual standing for election is "independent" as required by applicable laws and meets the applicable NYSE MKT independence requirements. Each director is required to keep the Board fully and promptly informed of any developments that might affect his or her independence, and the Board will regularly review the continuing independence of the directors.

Code of Ethics and Business Conduct

We maintain a code of ethics and business conduct known as our Ethics Policy Statement that applies to all employees, officers and directors, including, but not limited to, our Chief Executive Officer and our Chief Financial Officer (who is also our principal accounting officer). Our Ethics Policy Statement covers topics such as conflicts of interest, insider trading, competition and fair dealing, discrimination and harassment, confidentiality, anti-corruption, compliance procedures and employee complaint and reporting procedures. Our Ethics Policy Statement is available without charge on the "Corporate Governance" page of our website located at www.deltaapparelinc.com. Any amendments or waivers to provisions of our Ethics Policy Statement that are applicable to our Chief Executive Officer, Chief Financial Officer, controller or persons performing similar functions will be posted on our website. There were no waivers of the provisions of our Ethics Policy Statement for our Chief Executive Officer, Chief Financial Officer or any director, senior financial officer or other executive officer during our fiscal year 2015.

Board Leadership Structure

Our governance documents provide the Board with flexibility to select the appropriate leadership structure for the Company. Our Board does not have a policy regarding whether the roles of Chairman of the Board and Chief Executive Officer should be separate and, if they are to be separate, whether the Chairman of the Board should be selected from our non-employee directors or be an employee of the Company. Our Board believes that it should be free to determine the leadership structure that is in the best interests of the Company and our shareholders based on the particular circumstances in effect from time to time.

During fiscal year 2015, Robert W. Humphreys served as the Chairman of our Board and as Chief Executive Officer. Mr. Humphreys is the director most familiar with our business and industry, and possesses intimate knowledge of the issues, opportunities and challenges facing us and our business. Our Board believes this combined position is in the current best interest of our Company, as it makes the best use of Mr. Humphreys' extensive experience and qualifications within the apparel industry and in-depth knowledge of our markets, helps provide strong, unified leadership and direction on important strategic initiatives to both management and our Board, and leverages the insight gained from the combined role to most effectively lead our Company. We believe that our overall corporate governance policies and practices, combined with the presence of a Lead Independent Director, adequately address any governance concerns raised by the dual Chairman and Chief Executive Officer role.

Table of Contents

Lead Independent Director

During fiscal year 2015, Robert E. Staton, Sr. served as our Lead Independent Director, and Mr. Staton is expected to serve as our Lead Independent Director throughout fiscal year 2016. Our Lead Independent Director is appointed by the independent members of our Board, generally serves for a term of at least one year, and is empowered to carry out a number of critical responsibilities. In addition to serving as a liaison between the Chairman and the independent directors, our Lead Independent Director presides at executive sessions of the Board and at meetings at which our Chairman is not present, approves meeting schedules to ensure there is sufficient time for discussion of agenda items, advises on and approves meeting agendas and information provided for Board meetings and meetings of independent directors, calls meetings of the independent directors as appropriate, and is available for direct communication with shareholders. The Lead Independent Director, along with our other non-employee directors, also provides independent oversight of management and the Company's strategy.

Board Committees

Our Board delegates certain responsibilities and authority to its various committees and these committees regularly report on their activities and actions to the full Board. The Board currently has an Audit Committee, a Compensation Committee and a Corporate Governance Committee (which serves as our nominating committee), and may also appoint other committees from time to time. Each of the members of the Audit Committee, Compensation Committee, and Corporate Governance Committee has been determined by the Board to be independent as required by applicable legal requirements and meets applicable NYSE MKT independence standards and, in the case of our Audit Committee, the independence requirements established by the SEC. Each committee's activities are governed by a written committee charter, which is available without charge via our website at www.deltaapparelinc.com, or by sending a request in writing to Justin M. Grow, Secretary, at 322 S. Main Street, Greenville, South Carolina 29601. The following table details the membership of each of our Board committees during the 2015 fiscal year, as well as the expected committee membership in our 2016 fiscal year.

(1) Mr. Cochran passed away on February 7, 2015.

Audit Committee. Our Audit Committee serves as an independent and objective party to oversee and monitor the financial and reporting processes of the Company, including the general quality of the Company's financial statements and reporting, the audits of the Company's financial statements and the Company's accounting and internal controls and policies. Our Audit Committee appoints, evaluates, and, when appropriate, replaces the independent registered public accounting firm engaged to audit our financial statements. The independent auditors report directly to our Audit Committee and our Audit Committee determines the compensation and other terms of the engagement and oversees their work. Our Audit Committee also monitors and reviews our compliance with legal and regulatory requirements as well as our procedures with respect to maintaining books and records, the adequacy and implementation of internal

auditing, accounting, disclosure, and financial controls, and our policies concerning financial reporting and business practices. In addition, our Audit Committee

is responsible for establishing procedures for the receipt, retention, and treatment of complaints received by the Company regarding accounting, internal accounting controls, or auditing matters and the confidential, anonymous submission of concerns regarding questionable accounting or auditing matters.

After considering relationships between each member of our Audit Committee and the Company and its subsidiaries, and reviewing the qualifications of the members of our Audit Committee, our Board has determined that each member of our Audit Committee meets all applicable independence and financial literacy requirements as defined in NYSE MKT governance standards and applicable SEC regulations. Further, due to Dr. G. Jay Gogue's years of extensive experience overseeing the financial, operational and strategic functions of complex organizations with budgets of up to approximately one billion dollars, our Board has determined that Dr. Gogue qualifies as an "audit committee financial expert" as defined in SEC regulations.

Compensation Committee. Our Compensation Committee develops our overall compensation philosophy and programs, reviews and determines compensation, including salaries, bonuses and equity compensation, for our named executive officers other than our Chief Executive Officer, and reviews and determines director compensation. Our Compensation Committee also oversees, reviews and administers all of the Company's compensation and executive benefit plans and programs, including equity compensation plans and plans pursuant to which performance-based compensation may be granted. Our Compensation Committee is authorized to delegate its responsibilities as it deems necessary or appropriate.

After considering relationships between each member of our Compensation Committee and the Company and its subsidiaries, and reviewing the qualifications of the members of our Compensation Committee, our Board has determined that each member of our Compensation Committee meets all applicable independence requirements as defined in NYSE MKT governance standards.

Corporate Governance Committee. Our Corporate Governance Committee develops and recommends to the Board corporate governance standards for business conduct and ethics, oversees the annual self-evaluation of the Board and its committees, and makes recommendations concerning the structure and membership of the other Board committees. Our Corporate Governance Committee also oversees the performance evaluation of the Chief Executive Officer and succession planning with respect to the Chief Executive Officer as well as the other executive officers of the Company. Our Corporate Governance Committee also serves as the Board's nominating committee and identifies, interviews and recommends director nominees for election to the Board pursuant to written guidelines approved by the Board.

The Board's Role in Risk Oversight

Our Board oversees and assesses our enterprise and strategic risk management processes. This risk oversight responsibility is enabled by management reporting processes designed to provide visibility to the Board regarding the identification, assessment and management of critical risks and associated risk mitigation strategies. Our Board recognizes that it is neither possible nor prudent to eliminate all risk and that properly measured risk-taking is essential for the Company to be competitive and to achieve its strategic objectives.

Our Board implements its risk oversight function both as a whole and through its committees. Oversight responsibility for particular areas of risk is allocated among the Board committees according to the committee's area of responsibility as reflected in its charter. In particular:

The full Board oversees strategic, financial and operational risks and exposures associated with our annual business a) plans and other current matters that may present material risk to the Company's operations, strategies, prospects, and reputation.

Our Audit Committee regularly reviews and oversees the risks associated with financial matters, particularly b) financial reporting, tax, accounting, disclosure, internal control over financial reporting, financial policies, credit and liquidity matters, compliance with legal and regulatory matters, including environmental matters, and the Company's related risk management policies.

Our Compensation Committee oversees risks associated with attraction and retention of executive talent, c) management development and compensation philosophy and programs, including a periodic review of compensation programs to ensure that they do not encourage excessive risk-taking.

d)

Our Corporate Governance Committee oversees risks associated with governance matters, including our Ethics Policy Statement, succession planning for our directors, Chief Executive Officer and other named executive officers, and the structure and performance of the Board and its committees.

Table of Contents

Our Board believes that its leadership structure properly supports its risk oversight functions and responsibilities in that the appropriate directors chair the various committees involved in risk oversight, there is open communication between management and directors, and all directors are involved in the risk oversight function.

Board Meetings, Attendance & Executive Sessions

Our Board and its committees meet throughout the year on a set schedule, and hold special meetings and act by written consent from time to time as appropriate. Directors are expected to make every effort to attend meetings of the Board, assigned committees and annual meetings of shareholders. Attendance by directors at Board and committee meetings during fiscal year 2015 averaged 95%, and each director attended 75% or more of the aggregate of all meetings of the Board and the committees on which he or she served during fiscal year 2015. During fiscal year 2015, our Board held 7 in-person meetings and 4 telephonic meetings. Our Audit Committee held 6 meetings, our Compensation Committee held 6 meetings, and our Corporate Governance Committee held 7 meetings. All of our directors, excluding one director due to health-related reasons, attended the 2015 annual meeting of shareholders and all directors are expected to attend the Annual Meeting. Independent directors meet regularly in executive session at all regularly scheduled meetings of the Board with no members of management present. Our Company's Lead Independent Director presides at each executive session. Throughout the year, our directors communicate informally with management on a variety of topics, including suggestions for Board or committee meeting agenda topics, recent developments, and other matters of interest to the Company.

Retention of Independent Advisors

Our Board is authorized and empowered to retain independent advisors and consultants when it deems appropriate and the charter for each of its committees empowers each committee to retain independent advisors and consultants when appropriate.

Succession Planning

In light of the critical importance of executive leadership to our success, our Board has a chief executive officer and key management succession planning process that is led by its Corporate Governance Committee. Our Corporate Governance Committee is charged with the responsibility of identifying and evaluating candidates to succeed our Chief Executive Officer and to report, at least annually, to the Board on the status of the succession plan. Our Corporate Governance Committee also reviews the potential internal candidates for each of our critical senior management positions and identifies areas of growth for those candidates that will best enable them to fill any anticipated or emergency leadership needs. Where there is not a satisfactory internal candidate for a position, our Board considers whether outside candidates are likely to be available in a timely manner and whether other alternatives need to be considered.

Declassified Board

Our Board of Directors is not classified and is elected annually.

Director Nominations

Our Corporate Governance Committee identifies potential director candidates through a variety of means, including recommendations from members of the Board, suggestions from Company management, and shareholder recommendations. Our Corporate Governance Committee may also, in its discretion, engage director search firms to identify candidates. During fiscal year 2015, our Corporate Governance Committee did not retain the services of any director search firm and accordingly, no fees were paid to a director search firm or other third party to assist in identifying and evaluating director candidates.

Shareholders may recommend director candidates for consideration by the Corporate Governance Committee by submitting a written recommendation to the Corporate Governance Committee, c/o Justin M. Grow, Secretary, Delta Apparel, Inc., 322 S. Main Street, Greenville, South Carolina 29601, or by email to justin.grow@deltaapparel.com, or by fax to (864) 232-5199. The recommendation should include (i) the name, address and telephone number of the nominating shareholder, (ii) the nominee's name, address, telephone number, qualifications (including principal occupation and employment history), and written consent to be named as a nominee in the Company's proxy statement and to serve as a director, if elected, and (iii) the additional information regarding the nominating shareholder and nominee required by our Bylaws. Pursuant to our Bylaws, our Secretary generally must receive the recommendation not less than 120 days prior to the first anniversary of the prior year annual meeting. A copy of our Bylaws may be

obtained by submitting a written request to the Secretary of the Company.

Our Board has adopted qualification standards for the selection of independent nominees for director that can be found on the "Corporate Governance" page of our website at www.deltaapparelinc.com. As provided in these standards, at a minimum, a nominee for our Board must (i) be over 21 years of age at the time of election; (ii) have experience in a position with a high degree of responsibility in a business

or other organization; (iii) be able to read and understand basic financial statements; (iv) possess integrity and have high moral character; (v) be willing to apply sound, independent business judgment; and (vi) have sufficient time to devote to our Company.

We do not have a formal policy regarding Board member diversity; however, our Corporate Governance Committee considers diversity in selecting nominees for director and in the re-nomination of an incumbent director. Our Corporate Governance Committee views diversity broadly, including gender, ethnicity, differences of viewpoint, geographic location, skills, education, and professional and industry knowledge and experience, among other factors, and its goal is to nominate candidates from a broad range of experiences and backgrounds. We believe that a variety and balance of perspectives on our Board can result in more thoughtful discussions and deliberations.

In considering the re-nomination of an incumbent director, our Corporate Governance Committee reviews the director's overall service to the Company during his or her term, including the number of meetings attended, level of participation and quality of performance, as well as any special skills or diversity that such director brings to our Board. In evaluating incumbent directors and all potential new directors, our Corporate Governance Committee considers, among other things, the candidate's leadership, strategic, or policy-setting experience; experience and expertise that is relevant to our business; experience that provides our Board with a diversity of backgrounds; technical or other specialized expertise; and whether the candidate has high ethical character and a reputation for honesty, integrity and sound business judgment. All director candidates, whether recommended by shareholders or identified by other means, are initially screened by our Corporate Governance Committee, which may seek additional background and qualification information on the candidate. With respect to new director candidates who pass the initial screening, our Corporate Governance Committee conducts interviews with the candidates and then meets to discuss and consider each candidate's qualifications and potential contributions to our Board, and determines by majority vote whether to recommend such candidates to our Board. The final decision to either appoint a candidate to fill a vacancy between annual meetings of shareholders or include a candidate on the slate of nominees proposed at an annual meeting of shareholders is made by our Board.

Board Self-Evaluation

Our Board of Directors annually evaluates and assesses its performance and effectiveness as well as that of its committees. This assessment includes a comprehensive review of our Board's composition, responsibilities, leadership and committee structure, processes, and effectiveness.

Shareholder Communication with Directors

Shareholders desiring to communicate directly with our Board of Directors or any individual director may do so in writing addressed to the intended recipient or recipients, c/o Justin M. Grow, Secretary, Delta Apparel, Inc., 322 S. Main Street, Greenville, South Carolina 29601, or by email to justin.grow@deltaapparel.com, or by fax to (864) 232-5199. All such communication will be reviewed by our Secretary, who will redirect communications determined to be solicitations, junk mail, communication primarily commercial or operational in nature, or that request general information regarding the Company. All other shareholder communications will be promptly forwarded to the applicable member(s) of our Board of Directors or to the collective Board of Directors, as requested in the shareholder communication.

Issues or concerns regarding accounting, internal accounting controls or audit matters or possible violations of the Company's Ethics Policy Statement should be communicated pursuant to the terms of the Ethics Policy Statement, which is available without charge on the "Corporate Governance" page of our website located at www.deltaapparelinc.com.

Compensation Risk Assessment

Our Compensation Committee regularly assesses the potential risks associated with our compensation programs and practices, including any risk that would be reasonably likely to have a material adverse effect on the Company. This assessment considers the risks associated with the various elements of employee compensation as well as certain design features of the compensation programs that reduce the likelihood of excessive risk taking by employees. Among these design features are reasonable performance targets tied to compensation, capped payouts of incentive compensation, a balance of cash and equity incentives, and the vesting of awards over time. The Compensation Discussion and Analysis ("CD&A") section of this Proxy Statement more fully describes our compensation

philosophy and programs. We do not believe our compensation programs encourage excessive or inappropriate risk taking.

Related Party Transactions

Our Board of Directors has adopted written policies and procedures with respect to related party transactions that can be accessed on the "Corporate Governance" page of our website located at www.deltaapparelinc.com. Pursuant to these policies and procedures, the Audit Committee reviews all relationships and transactions in which our Company and its directors, executive officers or their immediate family members are participants to determine whether such persons have a direct or indirect material interest. On an annual basis, each director and named executive officer is obligated to complete a Director and Officer Questionnaire that requires disclosure of any transactions with the Company in which the director or executive officer, or any member of his or her immediate family, has a direct or indirect material interest. In addition, our Audit Committee's charter requires that members of our Audit Committee review and approve all related party transactions for which such approval is required under applicable law, including applicable SEC regulations and NYSE MKT standards. Our Board of Directors is committed to upholding the highest legal and ethical conduct in fulfilling its responsibilities and recognizes that related party transactions can present a heightened risk of potential or actual conflicts of interest.

Insider Trading and Hedging Policy

We maintain an insider trading policy that prohibits the purchase or sale of Company securities while being aware of material, non-public information about the Company as well as the disclosure of such information to others who may trade in securities of the Company. Our insider trading policy also prohibits our directors, executive officers and employees from engaging in hedging activities or other short-term or speculative transactions in the Company's securities such as short sales, puts, calls or any similar transaction involving the Company's securities.

Director and Executive Officer Stock Ownership Guidelines

To better align the interests of our directors and senior management team with our shareholders and to further demonstrate a commitment to the Company and its future well-being, our Board of Directors has adopted minimum stock ownership requirements and guidelines with respect to our non-employee directors and certain of our executive officers. These guidelines require our non-employee directors to retain throughout their entire tenure with our Board at least 50% of all shares received as compensation for their Board service. In addition, these guidelines require individuals in the following executive officer positions to maintain ownership of a minimum amount of Company stock equal to that indicated below.

Executive Officer Stock Ownership Guidelines

Title	Stock Ownership Requirement
Chief Executive Officer	4 times annual base salary
Chief Financial Officer	2 times annual base salary
Chief Operating Officer	2 times annual base salary

The covered executives are granted certain time periods within which to gain compliance with the ownership requirements and are subject to mandatory share retention provisions until compliance is achieved. Our Corporate Governance Committee is responsible for monitoring compliance with these guidelines. As of October 3, 2015, these ownership requirements were satisfied by the applicable covered executives.

COMPENSATION DISCUSSION AND ANALYSIS

This Compensation Discussion and Analysis ("CD&A") discusses the material elements of compensation earned by, paid to or awarded to each of our named executive officers during our fiscal year ended October 3, 2015, and describes the principles and philosophies underlying our executive compensation programs and policies. In addition, you will find a series of tables in this Proxy Statement containing specific information regarding our named executive officers' compensation in our 2013, 2014 and 2015 fiscal years as well as our Transition Period.

Executive Summary

Delta Apparel, Inc. is an international apparel design, marketing, manufacturing and sourcing company that features a diverse portfolio of lifestyle basic and branded activewear apparel and headwear. We specialize in selling casual and athletic products through a variety of distribution channels and distribution tiers, including specialty stores, boutiques, department stores, mid-tier and mass chains, e-retailers and the U.S. military. Our products are made available directly to consumers on our websites at www.soffe.com, www.junkfoodclothing.com, www.saltlife.com and www.deltaapparel.com and via several "brick and mortar" retail locations in the United States. We design and internally manufacture the majority of our products, which allows us to offer a high degree of consistency and quality control as well as leverage scale efficiencies. We have manufacturing operations located in the United States, El Salvador, Honduras and Mexico and employ approximately 7,400 people worldwide. Our distribution facilities are strategically located throughout the United States to better serve our customers with same-day shipping on our catalog products and weekly replenishments to retailers. Additional information about our Company is available at www.deltaapparelinc.com.

The compensation of our named executive officers received overwhelming support at our prior annual meeting of shareholders on February 4, 2015, with approximately 98% of the voting shares cast in favor of our executive compensation programs. We have considered those results in determining our executive compensation decisions, programs and policies. Our executive compensation programs and policies during fiscal year 2015 generally remained consistent with those presented at our February 4, 2015, annual meeting of shareholders. The following table sets forth some of the key features of our programs:

Key Features of Our Executive Compensation Programs

We pay for performance and place a significant portion of executive officer compensation "at risk"

We cap the amount of cash incentive compensation and equity awards that an executive may receive in any year

We have robust stock ownership guidelines for key executive positions and directors

We have double trigger change in control severance benefits in our executive employment agreements

We pay reasonable salaries and provide appropriate benefits to our executives

We generally provide a blend of short-term and long-term incentive opportunities as well as a blend of cash and equity incentive opportunities

Our Compensation Committee is made up entirely of independent directors and is empowered to select and engage its own independent advisors

We do not allow hedging, puts, calls or similar derivative transactions related to our stock

We do not reprice stock options and do not exchange "underwater" options for cash

We generally do not provide guaranteed cash bonuses to our named executive officers

We do not offer a defined benefit pension plan

We do not offer a supplemental executive retirement plan

We do not provide our executives with perquisites or other personal benefits beyond what we generally provide other employees

The principal elements of our named executive officer compensation program are base salary, performance-based annual cash incentives, service-based and performance-based equity incentives, and the employee benefits provided to our other full-time domestic employees. We utilize a mix of the foregoing elements with the ultimate goals of aligning the short-term and long-term interests of our executives with those of our shareholders and attracting, retaining and appropriately rewarding executive management talent. It is important to us that the compensation of our named

executive officers be directly linked to Company performance without encouraging excessive or unnecessary risk-taking by our executives. To effectively link pay with performance, our Compensation Committee believes that a significant portion of our named executive officer compensation must be "at risk", or not guaranteed, and directly tied to the financial success of the Company.

In evaluating and monitoring Company performance relative to the compensation of our executives in fiscal year 2015, we placed primary emphasis on earnings before interest and taxes, or "EBIT", and return on capital employed, or "ROCE". EBIT is defined as our revenue

Table of Contents

less expenses, excluding interest and taxes. ROCE is defined as our EBIT as a percentage of our 12-month average capital employed. We believe that these metrics strike an appropriate balance between generating financial returns and the efficient allocation of our capital.

The discussion below is intended to assist you in understanding the information provided in this Executive Summary and the accompanying compensation tables contained in this Proxy Statement, and to put that information into context within our overall executive compensation program. For the reasons described in this CD&A and accompanying tables, we believe our executive compensation programs are designed to support our Company goals and encourage profitable growth for our business.

Fiscal Year 2015 Performance and Pay Implications

We believe that our named executive officer compensation programs for fiscal year 2015 were well-aligned with the objectives of our performance-based compensation philosophy. Our executive team ably managed our business through what proved to be a difficult apparel retail environment in fiscal year 2015 as well as the completion of several large-scale strategic initiatives, including the successful reorganization of key administrative and business functions. This reorganization effort reduced our fixed salary and benefit cost by approximately \$7 million on an annualized basis. In addition, we divested our The Game collegiate headwear and apparel business because that business did not fit with our long-term strategic objectives and were able to realize a pre-tax gain of approximately \$6 million on that transaction.

Our executive team also oversaw significant cost reduction and efficiency improvements within our manufacturing operations that resulted in increased production at our lowest-cost facilities and helped drive improved gross margins in the latter part of fiscal year 2015. In addition, we expanded our manufacturing capabilities via the installation of open-width finishing equipment and additional knitting and dyeing equipment in our Honduran textile facility that will give us broader fabric and apparel design flexibility going forward. We also continued to invest in our brands, with expanded sales and marketing programs, in-store shops and point-of-sale displays, and our social media and other digital outreach programs continued to build consumer awareness of our brands and resulted in record e-commerce sales. These efforts allowed us to achieve organic growth in most of our businesses during fiscal year 2015. We also made significant progress on our balance sheet, with significant reductions in inventory and total debt as of our 2015 fiscal year end, and restarted our share repurchase program, spending \$2.1 million to repurchase approximately 140,000 shares of our stock.

We believe that our emphasis on performance-based compensation is reflected in the compensation paid to our named executive officers in fiscal year 2015. By way of example, the vesting of certain performance stock units previously granted to each of Ms. Merrill and Ms. Watson was dependent upon the achievement of minimum average ROCE thresholds in fiscal years 2014 and 2015. Ms. Merrill and Ms. Watson each forfeited 15,000 shares of Company common stock, which represented one-half of their aggregate target equity incentive awards, due to the Company's two-year average ROCE being below the minimum threshold of 5% set by our Compensation Committee. Moreover, Mr. Humphreys forfeited approximately 5,200 shares of common stock due to the Company's ROCE in fiscal year 2015 being below the target threshold of 7% set by our Compensation Committee.

By way of further example, EBIT for our fiscal year 2015 was below the target EBIT level set for that period by our Compensation Committee with respect to our named executive officer's cash incentive compensation opportunities tied to the Company's consolidated performance. Because these target EBIT levels were not achieved, our named executive officers did not receive the full target amount of cash incentive compensation for which they were eligible in fiscal year 2015. The cash incentives earned by Mr. Humphreys, Ms. Merrill and Ms. Watson for fiscal year 2015 that were tied to the consolidated performance of the Company aggregated to \$693,000, approximately 77% of the aggregate target amount for which they were eligible.

In contrast, our Art Gun business performed extremely well in fiscal year 2015, with EBIT exceeding the target levels set by our Compensation Committee for purposes of Ms. Merrill's cash incentive compensation opportunity tied to the performance of that business. As such, one portion of Ms. Merrill's Art Gun-specific cash incentive compensation opportunity was earned at approximately 226% of the target amount for which she was eligible, and the other portion was earned at 100% of the target amount for which she was eligible.

More detail regarding the compensation of our named executive officers can be found within the Summary Compensation Table located within this Proxy Statement.

Table of Contents

Compensation Philosophy and Objectives

Our approach to executive compensation continues to be defined by the following primary objectives:

1. Aligning the interests of our shareholders and executives;
2. Establishing a strong link between executive pay and Company performance; and
3. Attracting, retaining and appropriately rewarding executive management talent in line with market practices.

Alignment of Shareholder and Executive Interests

Our executive compensation program elements are aligned with the interests of our shareholders in several key respects. The cash incentive compensation for which our executives were eligible for fiscal year 2015 was contingent on the Company's achievement of what we believe were aggressive yet realistic EBIT goals. We believe EBIT is a useful financial metric for evaluating how effectively the Company generates profits from its operations. The performance-based equity incentive compensation for which our executives were eligible in fiscal year 2015 was based on what we believe are properly balanced ROCE goals. The Company has utilized ROCE as a performance metric for many years and we believe ROCE effectively incorporates the goals of increasing earnings and the efficient use of capital, and also effectively aligns shareholder and executive interests.

For several years now, the equity incentives awarded to our executives have consisted of service-based restricted stock units and/or performance units that are naturally linked to the value of our stock. A significant portion of these equity incentive awards are based entirely on the Company's performance with respect to ROCE. All of the equity incentive awards for which our Chief Executive Officer is eligible are based on the Company's performance with respect to ROCE.

In addition, the stock ownership guidelines described in the "Corporate Governance" section of this Proxy Statement require certain of our executives, including our Chief Executive Officer and Chief Financial Officer, to maintain a significant ownership stake in the Company, thus linking their long-term interests with those of our shareholders. Our executives are also subject to the prohibitions in our insider trading policy with respect to short selling and other speculative and derivative trading activities as well as hedging transactions with respect to our stock. We believe these restrictions, coupled with our stock ownership guidelines and the structure of our incentive compensation programs, effectively dovetail executive and shareholder interests.

Link Between Executive Pay and Performance

To effectively link executive pay with the performance of the Company, our Compensation Committee believes that a significant portion of our named executive officer compensation must be "at risk" based on objective and predetermined financial performance criteria. The compensation for which our named executive officers were eligible in fiscal year 2015 reflects our strong commitment to this pay-for-performance philosophy.

Approximately 46% of the aggregate target cash compensation for which Mr. Humphreys, our Chief Executive Officer, was eligible for the 2015 fiscal year (excluding any equity awards paid in the form of cash) was entirely at risk and contingent on the Company's financial performance. Moreover, 100% of the equity compensation for which Mr. Humphreys was eligible for the 2015 fiscal year was entirely at risk and contingent on the Company's financial performance.

With respect to our other named executive officers, on average, 35% of the aggregate target cash compensation for which they were eligible for the 2015 fiscal year (excluding any equity awards paid in the form of cash) was entirely at risk and contingent on the Company's financial performance. Moreover, 50% of the equity compensation in which our other named executive officers were eligible to vest in fiscal year 2015 was entirely at risk and contingent on the Company's financial performance.

Attracting, Retaining and Appropriately Rewarding Executives

We seek to attract, retain and reward our executive officers by establishing compensation and benefit levels that are competitive relative to those offered by other companies in our industry of similar size, scope and complexity. Each named executive officer's overall responsibility level within our organization, unique skills and capabilities, long-term leadership potential, and individual performance is also considered and balanced in establishing compensation. Historic pay levels and internal pay equity considerations also factor into our executive compensation decisions.

Compensation Decision Roles

Compensation Committee

Our Compensation Committee approves all compensation for our named executive officers except our Chief Executive Officer, authorizes all awards under our stock plans, and reports its decisions to our Board. Our Compensation Committee recommends to the independent members of our Board the compensation for our Chief Executive Officer. Our Human Resources Department has traditionally provided our Compensation Committee with the recommended amounts for each element of compensation, historical levels for each compensation element, and other applicable information. While the recommendations of management provide valuable guidance, our Compensation Committee ultimately makes all final decisions with respect to compensation levels and structure for our named executive officers (except for the Chief Executive Officer, which is ultimately made by our independent directors). Our Compensation Committee's charter lists the specific responsibilities of the committee and can be accessed without charge on the "Corporate Governance" page of our website at www.deltaapparelinc.com.

Company Management

Company management is responsible for developing and maintaining an effective compensation program throughout the Company and for administering the compensation programs decided upon by our Compensation Committee. Our Chief Executive Officer annually reviews the performance of each of our other named executive officers and provides input regarding the compensation of such named executive officers that is factored into the recommendations to our Compensation Committee. Decisions regarding the non-equity compensation of other employees are made by management.

Setting Executive Compensation

Our practice with respect to setting executive compensation generally begins with our Human Resources Department, with input from our Chief Executive Officer, preparing recommendations for compensation for our named executive officers other than our Chief Executive Officer. Separate recommendations for the compensation of our Chief Executive Officer are also provided by our Human Resources Department. Our Compensation Committee reviews these recommendations and uses them to determine base salaries and incentive compensation for our named executive officers. Our independent directors must ultimately confirm the compensation of our Chief Executive Officer.

Our Human Resources Department's compensation recommendations for fiscal year 2015 were guided by a previously conducted internal survey that utilized relevant executive compensation information available in the proxy statement filings of various peer companies within the apparel industry with annual revenues and earnings, employee headcount, operational scope and complexity, business models, and/or financial performance considered to be similar to ours. The filings of the following companies were among those utilized in conducting the survey:

Under Armour, Inc.

Hanesbrands, Inc.

Steve Madden, Ltd.

Ennis, Inc.

Oxford Industries Inc.

Lululemon Athletica, Inc.

Gildan Activewear, Inc.

G-III Apparel Group, Ltd.

Various published and subscription-based compensation market data was also utilized in conducting the survey. The survey did not directly benchmark against a specific peer company or a particular compensation or market analysis, but rather utilized the data from these sources as a general guide to market compensation levels within our industry. In determining the appropriate compensation levels for the applicable period, our Compensation Committee reviews the information and recommendations provided by our Human Resources Department as well as the input provided by our Chief Executive Officer regarding our other named executive officers and the performance evaluation of the Chief Executive Officer provided by our Corporate Governance Committee. In conducting its review, our Compensation Committee considers both the overall performance results of the Company and the overall need of the organization to attract, retain and motivate its executive officers.

Competitive Positioning of Executive Compensation Levels

Our Compensation Committee determined base salary and annual cash incentive opportunities for our named executive officers in fiscal year 2015 after reviewing the recommendations provided by our Human Resources Department. Our Compensation Committee's goal is to award compensation that is properly balanced when all elements of potential compensation are considered. Our Compensation

Table of Contents

Committee believes that the aggregate components of our executive compensation program provide a total compensation level that is sufficient to attract, retain, motivate and reward our executive officers.

Executive Compensation Components

The principal components of compensation for our named executive officers are:

• Base salary;

• Performance-based cash incentives;

• Performance-based and/or service-based equity incentives; and

• Other employee benefits provided to all full-time employees in the United States.

Although there is no pre-established policy or target for the allocation between specific compensation components, a significant portion of our named executive officers' annual total target compensation is generally intended to be contingent on Company performance relative to performance goals established for our cash and/or equity incentive plans. We believe this approach reflects our objective of aligning the interests of our executives and shareholders and rewarding our executives based on Company performance without encouraging excessive or unnecessary risk-taking.

Base Salary

Base salary is paid to our executives in cash on a semi-monthly basis throughout the year and provides a minimum, fixed level of compensation. The base salary for each named executive officer is guided by the relative salary levels for comparable positions in the apparel industry, as well as the assessed potential of the executive, the individual's scope of responsibility, personal performance, experience and length of service to the Company. Each executive officer's base salary is reviewed annually and generally may be adjusted to reflect inflation, the Company's financial performance, any change in the executive officer's responsibilities, and the executive officer's overall performance.

With respect to the fiscal year 2015 base salaries of our named executive officers other than our Chief Executive Officer, our Compensation Committee reviewed the recommendations and information provided by our Human Resources Department, which factored in our Chief Executive Officer's assessment of each executive's individual performance and responsibilities, and knowledge of apparel industry compensation, to determine appropriate base salary compensation. With respect to our Chief Executive Officer's base salary in fiscal year 2015, the recommendations and information provided by our Human Resources Department were reviewed along with the assessment of the Chief Executive Officer's individual performance and responsibilities by our Corporate Governance Committee, to determine appropriate base salary compensation.

The respective base salaries of our named executive officers did not increase during our 2015 fiscal year. Base salaries for each of our named executive officers as of our 2015 fiscal year ended October 3, 2015, were as follows:

Named Executive Officer Base Salaries

Fiscal Year Ended October 3, 2015

Executive Officer	Base Salary
Robert W. Humphreys	\$760,000
Deborah H. Merrill	\$330,000
Martha M. Watson	\$295,000

Annual Cash Incentive Compensation (AIC)

Our named executive officers are eligible for annual cash incentive compensation ("AIC") that provides for the payment of cash bonuses pursuant to our Short-Term Incentive Compensation Plan. Our Short-Term Incentive Compensation Plan is designed to motivate our named executive officers and other participating salaried employees to achieve and exceed objective annual business performance goals that have been established before or during the first quarter of the fiscal year and to reward those employees based on such achievement. Our Compensation Committee certifies that the performance goals have been achieved prior to the payment of any AIC. Our Compensation Committee may, at its discretion, adjust the actual AIC paid.

Table of Contents

Target Value

The overall AIC opportunity for our named executive officers varies depending upon the executive's position, with the target value defined as a certain dollar amount per individual. Our Compensation Committee approves the aggregate target values for the AIC opportunity, as well as the individual target values for all named executive officers. Our Compensation Committee reviews the compensation recommendations and information provided by our Human Resources Department, along with information regarding each executive's individual performance and responsibilities, to determine the appropriate target value for each executive. The target AIC values for each of our named executive officers based on the Company's performance as a whole, or consolidated performance, in fiscal year 2015 were as follows:

Consolidated AIC Plan Target Values

Fiscal Year 2015

Executive Officer	Target Value
Robert W. Humphreys	\$650,000
Deborah H. Merrill	\$150,000
Martha M. Watson	\$100,000

We do not establish performance criteria based on individual performance for each named executive officer, although we do evaluate individual performance when making compensation decisions. Rather, we believe that focusing the executive team as a group on common financial performance goals results in greater long-term success. The named executive officers each have cash incentive opportunities conditioned on the Company's achievement of objective financial goals. Under the AIC plan approved by our Compensation Committee for the 2015 fiscal year based on the Company's consolidated performance, our named executive officers' cash incentive opportunities were based on the Company's EBIT.

Our Compensation Committee established the required EBIT to earn the target value at \$17.5 million. The EBIT threshold required to earn the target AIC value considered, among other things, the Company's operating loss in fiscal year 2014, the Company's continued implementation of an administrative restructuring effort and various other strategic initiatives in fiscal year 2015, and the expectation of solid operating performance by all business units in the 2015 fiscal year. EBIT of \$13 million was required to earn the minimum payout of 25% of the target value and EBIT of \$26.5 million or higher would have earned the maximum payout of 250% of the target value, with scaled target value achievement for EBIT results between \$13 million and \$26.5 million or higher. If minimum performance goals were not met by the Company, there was no guaranteed cash incentive payment. In addition, our Short-Term Incentive Compensation Plan states that no participant in the plan shall receive compensation pursuant to the plan in excess of \$1,500,000 during any calendar year.

The following table sets forth the performance targets and determination of cash incentive compensation earned in the 2015 fiscal year based on the consolidated financial performance of the Company. The calculation of EBIT for purposes of determining our named executive officers' AIC eligibility includes the impact of the March 2, 2015, sale of our The Game branded collegiate headwear and apparel business.

The 2015 fiscal year AIC payments to each of our named executive officers based on the Company's consolidated performance was as follows:

Consolidated AIC Plan Payments

Fiscal Year 2015

Executive Officer	Target Value	Payment
Robert W. Humphreys	\$650,000	\$500,500
Deborah H. Merrill	\$150,000	\$115,500
Martha M. Watson	\$100,000	\$77,000

In addition to the above-referenced AIC opportunity based on the consolidated performance of the Company, Ms. Merrill was eligible for an additional AIC opportunity with an aggregate target of \$125,000 based solely on the performance of our Art Gun business in fiscal year 2015. The Compensation Committee determined that it was in the best interest of the Company to provide Ms. Merrill with this additional AIC opportunity because Ms. Merrill was expected to devote substantial time to our Art Gun business during fiscal year 2015 in connection with her management and oversight responsibilities for that business.

Ms. Merrill's Art Gun-specific AIC opportunity consisted of two components, one component with a target value of \$50,000 and another with a target value of \$75,000. Both components were based entirely on the EBIT achieved by our Art Gun business in fiscal year 2015. With respect to the first component, our Compensation Committee established the required EBIT amount at \$750,000 to earn the target value, with EBIT of \$563,000 required to earn the minimum payout of 25% of the target value, EBIT of \$1.125 million or higher earning the maximum payout of 250% of the target value, and scaled target value achievement for EBIT results between \$563,000 and \$1.125 million or higher. With respect to the second component, our Compensation Committee established the required EBIT amount to earn the target value of \$75,000, which is also the maximum payout that could be earned under this component of the opportunity, at \$500,000 or higher, with EBIT of \$375,000 required to earn 66% of the target value, EBIT of \$250,000 earning the minimum payout of 33% of the target value, and scaled target value achievement for EBIT results between \$250,000 and \$500,000 or higher. If minimum performance goals were not met by our Art Gun business, there was no guaranteed cash incentive payment for Ms. Merrill. Moreover, our Short-Term Incentive Compensation Plan states that no participant in the plan shall receive compensation pursuant to the plan in excess of \$1.5 million during any calendar year.

The EBIT thresholds required for Ms. Merrill to earn the target values under her Art Gun-specific AIC opportunity were established primarily upon the expectation that our Art Gun business should achieve aggressive yet realistic growth and profitability goals in fiscal year 2015.

The following table sets forth the calculation of the actual cash incentive compensation earned by Ms. Merrill in fiscal year 2015 based on the performance of our Art Gun business, as well as the corresponding individual AIC payments to Ms. Merrill:

Equity Incentive Compensation

Our named executive officers receive equity incentive compensation designed to provide each officer with a significant incentive to manage the Company from the perspective of an owner with an equity stake in the business and to link their compensation to the

Company's long-term financial success. All equity awards are granted by our Compensation Committee with the aim of creating a meaningful opportunity for stock ownership based upon the executive's current position and level of responsibility, the assessed potential of the executive, the executive's performance, the executive's other forms of compensation and total compensation, any other factors that are deemed relevant to accomplish the long-term goals of the Company and, as appropriate, the recommendation of the Chief Executive Officer and/or Human Resources Department.

All stock-based awards are now granted under the Delta Apparel, Inc. 2010 Stock Plan (the "2010 Stock Plan"), which was approved by our shareholders on November 11, 2010, and re-approved at our February 4, 2015, annual meeting of shareholders. Under the 2010 Stock Plan, our Compensation Committee has the authority to determine to whom awards may be granted and the size and type of each award and manner in which such awards will vest. The awards available consist of stock options, stock appreciation rights, restricted stock, restricted stock units, performance stock, performance units, and other stock or cash awards. The 2010 Stock Plan limits the number of shares that may be covered by awards to any participant in a given calendar year and also limits the aggregate awards of restricted stock, restricted stock units and performance stock granted in any given calendar year. Our Compensation Committee is authorized to establish the terms and conditions of awards granted under the 2010 Stock Plan, to establish, amend and rescind any rules and regulations relating to the 2010 Stock Plan, and to make any other determinations that it deems necessary.

With limited exceptions, our general practice with respect to equity awards to our named executive officers other than our Chief Executive Officer has been to make regular equity incentive grants every other year that vest on a two-year schedule based on service and/or objective performance criteria. Consistent with this practice, our Compensation Committee made equity awards to Ms. Merrill and Ms. Watson on July 31, 2013, that were eligible to vest on the filing of our Quarterly Report on Form 10-Q with the SEC for the period ended June 27, 2015, based on service and objective performance criteria. Our current practice with respect to equity awards to our Chief Executive Officer is to provide equity incentive opportunities that vest on a one-year schedule based solely on objective performance criteria. Chief Executive Officer

On June 6, 2012, the Company entered into a second amendment to Mr. Humphreys' employment agreement in connection with which Mr. Humphreys received a grant of 156,000 performance units that were subject to vesting based on future Company performance. One-third of such performance units (52,000) were each eligible to vest upon the filing of our Form 10-K for our fiscal years 2013, 2014 and 2015 based on our one-year average ROCE for those fiscal years. The Company and Mr. Humphreys subsequently entered into a third amendment to Mr. Humphreys' employment agreement dated December 5, 2014, in connection with which Mr. Humphreys and the Company mutually agreed to cancel the remaining one-third of the performance units (52,000) granted to Mr. Humphreys in connection with the second amendment to his employment agreement that were based on the Company's fiscal year 2015 performance. To better align Mr. Humphreys' equity incentive compensation opportunity with the Company's change to a September fiscal year end cycle, in connection with the third amendment to Mr. Humphreys' employment agreement he received a grant of 169,000 performance units eligible to vest based on Company performance in fiscal years 2015, 2016 and 2017. Sixty-five thousand (65,000) of such performance units were eligible to vest upon the filing of our Annual Report on Form 10-K with the SEC for fiscal year 2015 based on our one-year average ROCE for that fiscal year and 52,000 performance units are each eligible to vest upon the filing of our Annual Report on Form 10-K for fiscal years 2016 and 2017 based on our one-year average ROCE for those fiscal years.

Our Compensation Committee established the one-year average ROCE for Mr. Humphreys to vest in 100% of the target number of units (65,000 for fiscal year 2015 and 52,000 for each of fiscal years 2016 and 2017) at 7%. Mr. Humphreys vests in 20% of the target number of units (13,000 for fiscal year 2015 and 10,400 for each of fiscal years 2016 and 2017) if the average ROCE is 3%, 120% of the target number of units (78,000 for fiscal year 2015 (subject to reduction pursuant to limitations on individual awards in the 2010 Stock Plan) and 62,400 for each of fiscal years 2016 and 2017), which is the maximum number of units that can be earned under the award, if the average ROCE is 12% or higher, and in none of the units if the average ROCE is less than 3%. Mr. Humphreys is eligible for pro rata unit vesting based on the actual one-year average ROCE being between 3% and 12% (13,000 to 78,000 units for fiscal year 2015 (subject to reduction pursuant to limitations on individual awards in the 2010 Stock Plan) and 10,400 to

62,400 units for each of fiscal years 2016 and 2017).

With respect to the units for which Mr. Humphreys was eligible to vest in connection with the Company's performance in fiscal year 2015, Mr. Humphreys received shares of Company stock equal to one-half of the value of the aggregate number of vested performance units and a cash payment equal to one-half of the value of the aggregate number of vested performance units. With respect to the units for which Mr. Humphreys is eligible to vest in connection with the Company's performance in fiscal years 2016 and 2017, Mr. Humphreys will receive only shares of Company stock equal to the value of the aggregate number of any vested performance units. No tax assistance is provided under this award.

On July 1, 2013, Ms. Merrill and Ms. Watson were each awarded an aggregate of 30,000 service-based restricted stock unit and performance unit awards. Half of these awards consisted of restricted stock units that were eligible to vest over time and half consisted of performance units that were eligible to vest based on Company performance. The 15,000 service-based restricted stock units vested upon the August 5, 2015, filing of our Quarterly Report on Form 10-Q for the quarter ended June 27, 2015.

The performance units were eligible to vest based on our average ROCE for the two-year period ended June 27, 2015. Our Compensation Committee established the two-year average ROCE for vesting in 100% of the target number of units at 10%. 50% of the target number of units were eligible to vest if the two-year average ROCE was 5%, 150% of the target number of units, which is the maximum number of units that could be earned under the award, were eligible to vest if the two-year average ROCE was 15% or higher, and none of the units were eligible to vest if the two-year average ROCE was less than 5%. There was pro rata unit vesting based on the actual two-year average ROCE being between 5% and 15%. Any vested units would have been paid in shares of Company stock equal to one-half of the value of the aggregate number of such vested units and a cash payment equal to one-half of the value of the aggregate number of such vested units. No tax assistance was provided under this award.

In addition, on November 18, 2014, Ms. Merrill was awarded 75,000 service-based restricted stock unit awards. Ms. Merrill is generally eligible to vest in these service-based restricted stock units if she remains employed with the Company through the filing of our Annual Report on Form 10-K with the SEC for our 2018 fiscal year. These service-based restricted stock units are intended to serve as an employment retention vehicle and to further align Ms. Merrill's interests with those of our shareholders. Any vested units will be paid in shares of Company stock equal to the value of the aggregate number of such vested units. No tax assistance is provided under this award.

Other Employee Benefits

Our named executive officers receive the same employee benefits generally available to all of our full-time employees in the United States, including health insurance, dental insurance, and group life and disability insurance. In addition, our named executive officers are eligible to participate in our 401(k) plan. We provide our named executive officers with the same 401(k) matching benefit offered to all participating employees of the Company. We do not maintain any deferred compensation or supplemental executive retirement plans.

Perquisites and Other Personal Benefits

We do not provide our named executive officers with any perquisites or other personal benefits that are not provided to our other employees in the United States.

Deductibility of Compensation Expense

Internal Revenue Service rules do not permit us to deduct certain compensation paid to certain executive officers in excess of \$1 million, except to the extent such excess constitutes performance-based compensation (as defined in Section 162(m) of the Internal Revenue Code of 1986). Our Compensation Committee considers its primary goal to be the design of compensation programs that further the best interests of the Company and its shareholders. To the extent consistent with that goal, our Compensation Committee attempts to use compensation programs that preserve the tax deductibility of compensation expenses. We believe that the cash bonuses paid to our employees pursuant to the shareholder approved Short-Term Incentive Compensation Plan and the performance-based equity grants made pursuant to the Company's 2010 Stock Plan qualify as performance-based compensation exempt from the \$1 million deduction limit. Option awards granted subsequent to November 2001 under the Delta Apparel Stock Option Plan and Delta Apparel Incentive Stock Award Plan may not qualify as performance-based compensation, as those plans were not approved by our shareholders.

During our fiscal year 2015, all of the compensation paid to Mr. Humphreys was deductible by the Company for federal income tax purposes and, subject to the re-approval of the Delta Apparel, Inc. Short-Term Incentive Compensation Plan by our shareholders, we believe that in fiscal year 2016 all compensation paid to Mr. Humphreys will be deductible by the Company for federal income tax purposes.

Employment Agreements

We compete for executive talent and believe that agreements providing severance and other protections play an important role in attracting and retaining key executives. We have entered into employment agreements with all named executive officers and other selected senior executives and key managers.

Table of Contents

Robert W. Humphreys, our Chairman and Chief Executive Officer, has an employment agreement with the Company dated June 12, 2009, which was subsequently amended on August 17, 2011, June 6, 2012, and December 5, 2014. Ms. Merrill and Ms. Watson are parties to employment agreements with the Company dated December 31, 2012.

Employment Agreement with Chief Executive Officer

Mr. Humphreys' agreement provides that he will receive a base annual salary of at least \$760,000, subject to upward adjustment at the discretion of our independent directors. Mr. Humphreys will participate in the Company's Short-Term Incentive Compensation Plan with a base of \$650,000 during fiscal years 2015, 2016 and 2017 with the maximum payout of \$1,500,000 for any single fiscal year. The calculation of Mr. Humphreys' compensation under the Short-Term Incentive Compensation Plan will be the same as conducted annually for the other participants in the plan. Mr. Humphreys will also participate in the 2010 Stock Plan.

As set forth in the "Equity Incentive Compensation" section of this CD&A, in connection with the second amendment to Mr. Humphreys' employment agreement, Mr. Humphreys received a grant of 156,000 performance units, one-third of which were each eligible to vest upon the filing of our Annual Report on Form 10-K for our fiscal years 2013, 2014 and 2015 based on our one-year average ROCE for each such fiscal year.

The Company and Mr. Humphreys entered into a third amendment to his employment agreement dated December 5, 2014, via which the Company and Mr. Humphreys mutually agreed to cancel the final one-third (52,000) of the 156,000 performance units granted to Mr. Humphreys in connection with the second amendment to his employment agreement. To better align Mr. Humphreys' equity incentive compensation opportunity with the Company's change to a September fiscal year end cycle, Mr. Humphreys received a grant of 169,000 performance units in connection with the third amendment to his employment agreement. Sixty-five thousand (65,000) of such performance units were eligible to vest upon the filing of our Annual Report on Form 10-K for fiscal year 2015 based on our one-year average ROCE for that fiscal year and 52,000 performance units are each eligible to vest upon the filing of our Annual Report on Form 10-K for each of our fiscal years 2016 and 2017 based on our one-year average ROCE for those fiscal years. In the event that Mr. Humphreys is terminated other than for Cause (as defined in the agreement), and subject to satisfaction of the applicable performance criteria, Mr. Humphreys will receive the full equity award for the fiscal year in which his employment is terminated.

Mr. Humphreys is entitled to receive such perquisites as may be provided by the Company from time to time to executives of the Company in comparable positions and such other benefits as are customarily available to executives of the Company.

The agreement requires that Mr. Humphreys give the Company 180 days' prior written notice of his voluntary termination of employment. The Company may terminate Mr. Humphreys' employment with or without cause upon written notice. If the Company terminates Mr. Humphreys' employment without Cause (as defined in the agreement) or Mr. Humphreys terminates his employment because of a material breach of the agreement by the Company, the Company, for a period of 12 months, will continue to pay Mr. Humphreys' base salary, will pay 100% of his Short-Term Incentive Compensation base amount for the fiscal year in which his employment was terminated, and will continue to provide the life, medical, and disability insurance provided to him prior to termination or, if different, the life, medical, and disability insurance provided to other executives during such 12-month period. The agreement provides for six months of base salary continuation to Mr. Humphreys' estate following his death, and provides for base salary and benefits continuation for six months following termination of employment because of disability. If within one year of a Change of Control (as defined in the agreement), Mr. Humphreys terminates his employment for Good Reason (as defined in the agreement) or the Company terminates Mr. Humphreys' employment for any reason other than Cause (as defined in the agreement), death, or disability, then the Company must pay to Mr. Humphreys (i) an amount equal to his annual base salary in effect on the termination date, (ii) an amount equal to the full amount of the cash incentive compensation target during the fiscal year in which the termination occurs, (iii) all benefits under the Company's various welfare and benefit plans for 12 months after the date of termination at levels and rates substantially equal to those applicable to him prior to such termination, and (iv) outplacement assistance.

Mr. Humphreys' agreement contains an Internal Revenue Code Section 280G "golden parachute payment savings clause" that reduces severance payments if the total amount of payments he would receive from the Company would

require the Company to report an excess parachute payment.

Upon a termination of Mr. Humphreys' employment, Mr. Humphreys is generally prohibited for 12 months from the date of termination from directly or indirectly competing with the Company by providing to any company that is in a competing business services substantially similar to the services provided by him at the time of termination. A competing business is defined as any business that engages, in whole or in part, in the manufacturing or marketing of activewear apparel in the United States, and Mr. Humphreys' employment function or affiliation is directly or indirectly in such business of activewear apparel manufacturing or marketing. The agreement also includes

Table of Contents

non-solicitation provisions that apply to employees, customers and suppliers generally for a period of two years from expiration of the term of the agreement or termination of employment, as well as non-disclosure and non-disparagement provisions.

Mr. Humphreys' agreement continues until the date of the filing with the SEC of our Annual Report on Form 10-K for our fiscal year 2017.

Employment Agreements with Other Named Executive Officers

The employment agreements with our other named executive officers are identical except for the employees' job titles and minimum base salaries set forth below.

Executive	Title	Amount
Deborah H. Merrill	Vice President, Chief Financial Officer and Treasurer	\$320,000
Martha M. Watson	Vice President and Chief Human Resources Officer	\$275,000

Ms. Merrill's and Ms. Watson's agreements entitle them to (i) the minimum base salary set forth above (subject to upward adjustment), (ii) participate in the Company's Short-Term Incentive Compensation Plan, and (iii) receive the fringe benefits provided to executives in comparable positions including vacations and life, medical and disability insurance. Ms. Merrill's and Ms. Watson's agreements each have terms that expire on December 31, 2015.

If Ms. Merrill or Ms. Watson dies during the term of her agreement, we will continue to pay her base salary in effect at the time of death to her estate for six months. If Ms. Merrill or Ms. Watson becomes disabled (as defined in the agreement) during the term and her employment is terminated, she will continue to receive base salary and benefits for a period of six months. If the Company terminates Ms. Merrill's or Ms. Watson's employment without Cause (as defined in the agreement) or Ms. Merrill or Ms. Watson terminates employment because the Company has breached the agreement and in each case no Change of Control (as defined in the agreement) has occurred, then she is entitled to receive 12 months of base salary and 100% of the Short-Term Incentive Compensation Plan award for the most recent full fiscal year, paid out in equal monthly payments over 12 months to the extent permitted under Internal Revenue Code Section 409A. The Company will also make Ms. Merrill's and Ms. Watson's COBRA payments for medical insurance for 12 months unless she receives reasonably comparable benefits from another employer.

If within one year after a Change of Control (as defined in the agreement), Ms. Merrill or Ms. Watson terminates employment for Good Reason (as defined in the agreement) or the Company terminates Ms. Merrill's or Ms. Watson's employment for any reason other than Cause (as defined in the agreement), death or disability, then she is entitled to receive an amount equal to one year's base salary and an amount equal to the cash incentive compensation she received for the most recent fiscal year prior to termination. The Company must also provide out-placement assistance and continue coverage under the Company's various welfare and benefit plans in effect at the time of termination for 12 months.

Each agreement contains an Internal Revenue Code Section 280G "golden parachute payment savings clause" that reduces severance payments if the total amount of payments Ms. Merrill or Ms. Watson would receive from the Company would require the Company to report an excess parachute payment.

Upon a termination of Ms. Merrill's or Ms. Watson's employment, she is generally prohibited for four months from the date of termination from directly or indirectly competing with the Company by providing to any company that is in a competing business services substantially similar to the services provided by her at the time of termination. A competing business is defined as any business that engages, in whole or in part, in the manufacturing or marketing of activewear apparel in the United States, and Ms. Merrill's or Ms. Watson's employment function or affiliation is directly or indirectly in such business of activewear apparel manufacturing or marketing.

The agreements also include non-solicitation provisions that apply to employees, customers and suppliers generally for a period of two years from expiration of the term of the agreement or termination of employment, as well as non-disclosure and non-disparagement provisions.

(1) Amounts do not reflect compensation actually received by the named executive officer. Instead, the amounts shown are the aggregate grant date fair value of restricted share units and/or performance units computed in accordance with FASB ASC Topic 718, and which the executive is or was eligible to earn in ensuing periods based on service and/or the Company's achievement of performance results. The assumptions used for purposes of the valuation of the stock awards are described more fully in Note 13 of the financial statements in our Annual Report on Form 10-K for the year ended October 3, 2015, as filed with the SEC.

(2) This column represents the amounts earned by the named executive officer in the applicable periods pursuant to the Company's Short-Term Incentive Compensation Plan. Additional information regarding the potential threshold, target and maximum payouts underlying the Non-Equity Incentive Plan compensation column is included in the Grants of Plan-Based Awards table.

(3) This column represents the matching contributions by the Company to the Company's 401(k) savings plan. The Company's named executive officers do not receive perquisites that would exceed an aggregate of \$10,000 each.

(4) The amount shown includes the aggregate grant date fair value of performance-based awards, using the probable outcome of the performance conditions as of the grant date, which was assumed to be the target amount. If the amount was calculated assuming the highest level of performance conditions were met, the grant date fair value for the awards would be \$2,133,456. All of these performance-based awards are or, with respect to the awards based on the Company's performance in fiscal year 2015, were, at risk and not guaranteed. With respect to the

performance-based awards in which Mr. Humphreys was eligible to vest based on the Company's performance in fiscal year 2015, Mr. Humphreys vested in 59,800 of the target amount of 65,000 performance units. The remaining awards are based on the Company's performance in each of fiscal years 2016 and 2017 and will not vest unless minimum performance conditions are satisfied in such years.

The amount shown includes the aggregate grant date fair value of service-based awards in which Ms. Merrill is (5) eligible to vest if she remains employed with the Company through the filing of our Annual Report on Form 10-K with the SEC for our 2018 fiscal year.

The amount shown includes the aggregate grant date fair value of both service and performance-based awards, with the performance unit awards using the probable outcome of the performance conditions as of the grant date, (6) which was assumed to be the target amount. If the amount was calculated assuming the highest level of performance conditions were met, the grant date fair value for the awards would be \$528,750. Neither Ms. Merrill nor Ms. Watson vested in the performance unit awards because the Company's performance during the applicable period was below minimum performance conditions.

(1) The non-equity incentive plan award information represents the annual incentives under our Short-Term Incentive Compensation Plan for our 2015 fiscal year ended October 3, 2015.

The equity incentive plan award information includes performance units granted under our 2010 Stock Plan applicable to the Company's performance in each of its fiscal years 2015, 2016 and 2017. With respect to the performance units in which Mr. Humphreys was eligible to vest in connection with the Company's performance in fiscal year 2015, Mr. Humphreys was eligible to receive shares of Delta Apparel, Inc. common stock equal to one-half of the value of the aggregate number of such vested performance units and a cash payment equal to one-half of the value of the aggregate number of such vested performance units. With respect to any such performance units that vest in connection with the Company's performance in fiscal years 2016 or 2017, Mr. Humphreys is eligible to receive shares of Delta Apparel, Inc. common stock equal to the full value of the aggregate number of such vested performance units.

(3) This column includes restricted stock units granted under our 2010 Stock Plan.

(4)

The aggregate grant date fair value of these awards was computed in accordance with ASC Topic 718. The attainment of target level for the performance-based grants was deemed probable at the date of grant and was therefore used to calculate the aggregate grant date fair value. If the amount for the performance-based grants was calculated assuming the highest level of performance conditions were met, the grant date fair value for the awards would be \$2,133,456. All of these performance-based awards are or, with respect to the awards based on the Company's performance in fiscal year 2015, were, at risk and not guaranteed. With respect to the performance-based awards in which Mr. Humphreys was eligible to vest based on the Company's performance in fiscal year 2015, Mr. Humphreys vested in 59,800 of the target amount of 65,000 performance units. The remaining awards are based on the Company's performance in each of fiscal years 2016 and 2017 and will not vest unless minimum performance conditions are satisfied in such years.

If minimum performance goals are not met by the Company, there is no guaranteed cash incentive payment. If minimum performance goals are met by the Company, Mr. Humphreys and Ms. Watson would be eligible to receive 25% of their respective target cash incentive opportunities. If minimum performance goals are met by the (5) Company (including its Art Gun business), Ms. Merrill would be eligible to receive 25% of her target cash incentive opportunity tied to the consolidated performance of the Company and 33% and 25%, respectively, of her target cash incentive opportunities tied to the performance of our Art Gun business.

The Short-Term Incentive Compensation Plan states that no participant in the plan shall receive compensation pursuant to the plan in excess of \$1,500,000 during any calendar year. In addition, the annual incentives for our (6) 2015 fiscal year ended October 3, 2015, for the plan for the Company as a whole and the plan for our Art Gun business include provisions for a maximum payout of 250%.

If minimum performance goals are not met by the Company, there is no guaranteed equity incentive award. If (7) minimum performance goals are met by the Company, Mr. Humphreys would be eligible to receive 20% of his target equity incentive opportunity, which for fiscal year 2015 was 13,000 shares and for each of fiscal years 2016 and 2017 would be 10,400 shares.

(8) Amount represents annual incentives based on the consolidated performance of the Company for our 2015 fiscal year ended October 3, 2015.

(9) Amount represents annual incentives based on the performance of the Company's Art Gun business for our 2015 fiscal year ended October 3, 2015.

The aggregate grant date fair value of these awards was computed in accordance with ASC Topic 718. Ms. (10) Merrill is eligible to vest in these service-based awards if she remains employed with the Company through the filing of our Annual Report on Form 10-K with the SEC for our 2018 fiscal year.

Payments Made Upon Any Termination

Regardless of the manner in which a named executive officer's employment terminates, the executive is entitled to receive amounts earned during his or her term of employment. Such amounts include:

- earned but unpaid salary through the date of termination;
- non-equity incentive compensation earned and payable prior to the date of termination;
- option grants received which have already vested and are exercisable prior to the date of termination (subject to the terms of the applicable option agreements);
- unused vacation pay; and
- amounts accrued and vested under the Company's 401(k) Plan.

Payments Made Upon Retirement

The Company does not currently offer additional benefits upon retirement other than the benefits available to any employee leaving the Company. The Company's 2010 Stock Plan does not include provisions for vesting based upon retirement. The Company's Short-Term Incentive Compensation Plan provides that unless the Compensation Committee expressly provides otherwise, if the executive ceases to be an employee of either the Company or one of its subsidiaries during the performance period applicable to an award granted to the executive under the Short-Term Incentive Compensation Plan due to the executive's retirement (provided that the executive is at least age 62), the executive shall be entitled to a percentage portion of the payment, if any, that the executive would have been entitled to had the executive remained employed by the Company or one of its subsidiaries throughout the performance period, where the percentage shall be the percentage of the performance period during which the executive was an employee of the Company or one of its subsidiaries.

Payments Made Upon Involuntary Termination for Cause

In the event any named executive officer is terminated for cause (as defined by his or her employment agreement), the executive is not entitled to receive any payments other than those payments identified under the heading "Payments Made Upon Any Termination" above.

Payments Made Upon Involuntary Termination Without Cause

As a result of employment agreements entered into by the Company with the named executive officers, in the event that a named executive officer's employment is involuntarily terminated without cause or a named executive officer terminates his or her employment because of a material breach by the Company of his or her employment agreement, the executive would receive, in addition to the items identified under the heading "Payments Made Upon Any Termination" above:

in the case of Mr. Humphreys, 12 months of base salary continuation and payment of non-equity incentive compensation equal to 100% of the target award for the fiscal year in which the termination occurs in 12 equal monthly installments (to the extent permitted under Internal Revenue Code Section 409A). In addition, the full award of performance units (granted pursuant to the 2010 Stock Plan) related to the fiscal year in which Mr. Humphreys' employment is terminated will immediately and automatically vest subject to the satisfaction of applicable performance criteria;

in the case of Ms. Merrill and Ms. Watson, 12 months of base salary continuation and payment of non-equity incentive compensation equal to 100% of the award for the most recent full fiscal year prior to termination in 12 equal monthly installments (to the extent permitted under Internal Revenue Code Section 409A); and continuation of group life, disability and medical insurance coverage for 12 months in the case of Mr. Humphreys, Ms. Merrill and Ms. Watson at levels and rates equal to those immediately prior to termination or, if different, as provided to other executive level employees during such applicable period.

As discussed in detail in the CD&A, the employment agreements, along with the 2010 Stock Plan, contain change in control provisions. The benefits, in addition to the items listed under the heading "Payments Made Upon Any Termination" above, include:

Table of Contents

in the case of Mr. Humphreys, whether or not termination results from the change in control, all performance criteria shall be deemed achieved at target levels and all other terms and conditions met to pay out all performance units. DIRECTOR COMPENSATION

In considering the current level of compensation for our non-employee directors and whether any adjustments are appropriate, we have historically obtained data from a number of different sources, including publicly available data for the companies in our industry of comparable size, scope and complexity and market survey data collected by our Human Resources Department. Our Compensation Committee is responsible for reviewing and approving changes to the compensation of our non-employee directors. In conjunction with our Corporate Governance Committee, our Compensation Committee engaged in a review of non-employee director compensation during fiscal year 2015 and subsequently determined that an increase in the annual retainers for the chairs of the Board's various committees as well as the annual retainers for the members of such committees was warranted for fiscal year 2016. For fiscal year 2016, the Audit Committee chair is eligible to receive a \$10,000 annual retainer and each member of the Audit Committee is eligible to receive a \$6,000 retainer. In addition, the chairs of the Compensation and Corporate Governance Committees are each eligible to receive annual retainers of \$6,000 and each member of these committees is eligible to receive a \$5,000 retainer. Neither our Corporate Governance Committee nor our Compensation Committee engaged a compensation consultant to assist in the determination of director compensation during fiscal year 2015.

The Company does not pay any director who is also an employee of the Company or any of its subsidiaries for his or her service as a director.

For fiscal year 2015, our non-employee directors were eligible to receive the following compensation:

\$25,000 annual retainer;

a grant of 2,000 shares of Common Stock;

in the case of the Audit Committee, a \$5,000 annual retainer for the committee chair and \$3,000 for the committee members;

in the case of the Compensation and Corporate Governance Committees, a \$3,000 annual retainer for the committee chairs and \$2,500 for the committee members;

up to \$5,000 every two-year period for continuing education; and

reasonable travel expenses to attend meetings and Board of Director functions.

The following table summarizes the compensation that our non-employee directors earned for service as members of our Board of Directors and any committee of our Board of Directors during fiscal year 2015:

(1) Represents awards granted under the Delta Apparel Stock Option Plan or Delta Apparel Incentive Stock Award Plan prior to the November 11, 2010, approval by our shareholders of the Delta Apparel, Inc. 2010 Stock Plan. On November 11, 2010, our shareholders approved the Delta Apparel, Inc. 2010 Stock Plan ("2010 Stock Plan"). Upon shareholder approval of the 2010 Stock Plan, all stock awards have and will be granted under the 2010 Stock Plan.

Under the 2010 Stock Plan, our Compensation Committee has the authority to determine the employees and directors to whom awards may be granted and the size and type of each award and manner in which such awards will vest. The awards available consist of stock options, stock appreciation rights, restricted stock, restricted stock units, performance stock, performance units, and other stock or cash awards. The aggregate number of shares of common stock that may be delivered under the 2010 Stock Plan is 500,000 plus any shares of common stock subject to outstanding awards under the Delta Apparel Stock Option Plan ("Option Plan") or Delta Apparel Incentive Stock Award Plan ("Award Plan") that are subsequently forfeited or terminated for any reason before being exercised. The 2010 Stock Plan limits the number of shares that may be covered by awards to any participant in a given calendar year and also limits the aggregate awards of restricted stock, restricted stock units and performance stock granted in any given calendar year. If a participant dies or becomes disabled (as defined in the 2010 Stock Plan) while employed by or serving as a director, all unvested awards become fully vested. Our Compensation Committee is authorized to establish the terms and conditions of awards granted under the 2010 Stock Plan, to establish, amend and rescind any rules and regulations relating to the 2010 Stock Plan, and to make any other determinations that it deems necessary. Prior to expiration of the Option Plan, our Compensation Committee had the discretion to grant options for up to 2,000,000 shares of common stock to officers and key and middle-level executives for the purchase of our stock at prices not less than fifty percent of the fair market value of the shares on the dates of grant, with an exercise term (as determined by our Compensation Committee) not to exceed 10 years.

Under the Award Plan, our Compensation Committee had the discretion to grant awards for up to an aggregate maximum of 800,000 shares of our common stock. The Award Plan authorized our Compensation Committee to grant to our officers and key and middle level executives rights to acquire shares at a cash purchase price of \$0.01 per share. The Award Plan contained provisions for cash payments equal to the taxes due when the shares vest.
