INTERNATIONAL MULTIFOODS CORPORATION AND SUBSIDIARIES

Notes to Consolidated Condensed Financial Statements

(unaudited)

(1) In our opinion, the accompanying unaudited consolidated condensed financial statements contain all adjustments (consisting of only normal recurring adjustments, except as noted elsewhere in the notes to the consolidated condensed financial statements) necessary to present fairly our financial position as of November 30, 2002, and the results of our operations and cash flows for the interim periods presented. These statements are condensed and, therefore, do not include all of the information and footnotes required by generally accepted accounting principles for complete financial statements. The statements should be read in conjunction with the consolidated financial statements and footnotes included in our Annual Report on Form 10-K for the year ended March 2, 2002. The results of operations for the three and nine months ended November 30, 2002, are not necessarily indicative of the results to be expected for the full year.

(2) New accounting pronouncements

Statement of Financial Accounting Standards No. 142 (SFAS 142), Goodwill and Other Intangible Assets

We adopted SFAS 142, Goodwill and Other Intangible Assets, on March 3, 2002. Under SFAS 142, goodwill and other intangible assets that have indefinite lives will no longer be amortized, but rather will be tested for impairment at least annually in accordance with the provisions of the standard. See Note 6 for further information on the adoption of SFAS 142.

SFAS 144, Accounting for the Impairment or Disposal of Long-Lived Assets

We adopted SFAS 144, Accounting for the Impairment or Disposal of Long-Lived Assets, on March 3, 2002. SFAS 144, which supersedes SFAS 121, Accounting for the Impairment of Long-Lived Assets and for Long-Lived Assets to Be Disposed Of, provides guidance on the accounting for and reporting of the impairment of long-lived assets. Although SFAS 144 retains many of the fundamental recognition and measurement provisions of SFAS 121, it also establishes certain criteria that would have to be met in order to classify an asset as held-for-sale. With the exception of a certain key provision on classification, SFAS 144 also supersedes Accounting Principles Board (APB) No. 30,

Reporting the Results of Operations-Reporting the Effects of Disposal of a Segment of a Business, and Extraordinary, Unusual and Infrequently Occurring Events and Transactions. The adoption of SFAS 144 did not impact our consolidated financial statements.

SFAS 145, Rescission of FASB Statements No. 4, 44 and 64, Amendment of FASB Statement No. 13, and Technical Corrections

Edgar Filing: INTERNATIONAL MULTIFOODS CORP - Form 10-Q

In April 2002, FASB issued SFAS 145, Rescission of FASB Statements No. 4, 44 and 64, Amendment of FASB Statement No. 13, and Technical Corrections. SFAS No. 145 rescinds SFAS No. 4, which required gains and losses from the extinguishment of debt to be classified as an extraordinary item. These gains and losses must now be included in income from continuing operations. The rescission of SFAS No. 4 is effective for fiscal years beginning after May 15, 2002, with earlier application encouraged. We adopted the provisions of SFAS No. 145 that rescind SFAS No. 4 in the three-month period ended November 30, 2002. As a result, we reclassified a \$0.7 million extraordinary loss on the early extinguishment of debt recognized in last year's third quarter to other expense from continuing operations.

SFAS 146, Accounting for Costs Associated with Exit or Disposal Activities

In June 2002, the FASB issued SFAS 146, Accounting for Costs Associated with Exit or Disposal Activities. The standard requires that a liability for a cost associated with an exit or disposal activity be recognized and measured initially at fair value when the liability is incurred. Under existing accounting literature, certain costs for exit activities were recognized at the date a company committed to an exit plan. The provisions of the standard are effective for exit or disposal activities initiated after December 31, 2002. The standard is generally expected to delay recognition of certain exit related costs.

Emerging Issues Task Force (EITF) No. 01-9, Accounting for Consideration Given by a Vendor to a Customer or a Reseller of the Vendor's Products

We adopted Emerging Issues Task Force (EITF) No. 01-9, Accounting for Consideration Given by a Vendor to a Customer or a Reseller of the Vendor's Products on March 3, 2002. The purpose of the EITF is to codify and reconcile the consensus reached on accounting for consideration paid from a vendor to a retailer, including slotting fees, cooperative advertising arrangements and buy-downs. The EITF also addresses accounting for coupons. The guidance generally requires that these incentives be classified as a reduction of sales. In addition, EITF 01-9 requires reclassification of prior-period financial statements to comply with its guidance. As a result, we reclassified \$3.7 million and \$7.8 million, respectively, of promotional expenses to reduction of net sales for the three months and nine months ended December 1, 2001. The reclassification had no impact on our reported earnings.

FASB Interpretation No. 45 (FIN 45), Guarantor's Accounting and Disclosure Requirements for Guarantees, Including Indirect Guarantees of Indebtedness of Others

In November 2002, FASB issued FIN 45, Guarantor's Accounting and Disclosure Requirements for Guarantees, Including Indirect Guarantees of Indebtedness of Others. FIN 45 provides guidance on recognition and disclosure of certain types of guarantees. In connection with the sale of our foodservice distribution business to Wellspring Distribution Corp, we continue to guarantee certain real estate, information system and tractor/trailer fleet lease obligations of our former business. In accordance with the provisions of FIN 45, we have disclosed the nature of the guarantee, maximum potential amount of future payments, and recourse provisions. See Note 12 for further information.

(3) Discontinued operations

On July 29, 2002, we entered into an agreement to sell our foodservice distribution business to Wellspring Distribution Corp. In accordance with SFAS 144, we have reported the results of operations of the business in discontinued operations. On September 9, 2002, we completed the sale of our foodservice distribution business for \$166 million in cash. We recorded a net after-tax loss on the disposition of \$25.9 million. We used the proceeds from the sale along with available cash balances to repay debt obligations.

We continue to guarantee certain real estate, information system and tractor/trailer lease obligations of the foodservice distribution business. See Note 12 for further information.

Edgar Filing: INTERNATIONAL MULTIFOODS CORP - Form 10-Q

The following are the operating results of the discontinued operations:

(in thousands)	Three Months Ended		Nine Months Ended	
	Nov. 30, 2002	Dec. 1, 2001	Nov. 30, 2002	Dec. 1, 2001
Net sales	\$ 37,450	\$ 576,958	\$ 1,149,128	\$ 1,690,499
Earnings (loss) before tax	(3,341)	2,160	(9,742)	6,017
Earnings (loss) after tax	(2,155)	1,283	(7,025)	3,585

We allocated interest expense to discontinued operations based on net assets that were specifically identifiable to the operation. The operating results of the business in fiscal 2003 included a \$6 million pre-tax loss from the curtailment and settlement of pension obligations, which resulted from the sale of the business. In addition, we recorded a \$3.7 million pre-tax charge in fiscal 2003 primarily for severance costs.

We also recorded an after-tax loss of \$41.3 million for the cumulative effect of change in accounting principle due to goodwill impairment. The charge was recognized in the first quarter of fiscal 2003. See Note 6 for further information.

The current and noncurrent assets and liabilities of the foodservice distribution business as of March 2, 2002, were as follows:

(in thousands)	March 2, 2002
Cash and cash equivalents	\$ 15
Trade accounts receivables, net	104,595
Inventories	134,445
Other current assets	19,053
Current assets of discontinued operations	\$ 258,108
Property, plant and equipment, net	\$ 82,292
Goodwill, net	65,123
Other assets	3,749
Noncurrent assets of discontinued operations	\$ 151,164
Accounts payable	\$ 131,019
Other current liabilities	12,092
Current liabilities of discontinued operations	\$ 143,111

(4) Acquisition

On November 13, 2001, we acquired the Pillsbury dessert and specialty products business, the Pillsbury non-custom foodservice baking mix and frosting products business, and certain regional flour and side-dish brands of General Mills (the Acquisition). The cash purchase price for the

Edgar Filing: INTERNATIONAL MULTIFOODS CORP - Form 10-Q

Acquisition paid at closing was \$304.5 million. The transaction was accounted for under the purchase method in accordance with SFAS 141, Business Combinations.

As part of the \$304.5 million purchase price, General Mills is installing processing and packaging equipment at a plant in Toledo, Ohio in order for the plant to be able to produce certain Pillsbury products. We agreed to purchase the Toledo plant, as part of the acquisition, for an additional \$11.5 million. We currently expect to take possession of the plant by the end of fiscal 2003. Included in the preliminary allocation of the purchase price was an estimate of the value of the equipment at the Toledo plant. The allocation of the purchase price will be revised when we purchase the plant and receive the equipment and appraisals on the plant and equipment are completed. The revisions, which may be significant, will be reported in the future as changes to various assets, including goodwill; property, plant and equipment; and other noncurrent assets.

Assuming the Acquisition had occurred on March 3, 2001, the unaudited pro forma results of operations are as follows:

(in thousands, except per share amounts)	Three Months Ended Dec. 1, 2001		Nine Months Ended Dec. 1, 2001	
Net sales	\$	305,504	\$	727,301
Earnings from continuing operations		12,831		27,157
Basic earnings per share from continuing operations		0.68		1.44
Diluted earnings per share from continuing operations		0.68		1.43

The pro forma results of operations are based on our historical financial statements and those of the acquired businesses. We believe that costs under our ownership, including marketing and product development, will exceed those included in the historical financial statements of the acquired businesses. Accordingly, the pro forma results do not purport to represent what our results of operations would have been had the Acquisition occurred on March 3, 2001.

(5) Comprehensive income (loss) The components of total comprehensive income (loss) were as follows:

(in thousands)	Three Months Ended		Nine Months Ended	
	Nov. 30, 2002	Dec. 1, 2001	Nov. 30, 2002	Dec. 1, 2001
Net earnings (loss)	\$ 10,599	\$ (553)	\$ (53,876)	\$ 4,327
Foreign currency translation adjustment	(704)	(1,691)	1,717	(1,608)
Net unrealized gain (loss) on cash flow hedges	(508)	3,466	(1,945)	3,652
Reclassification adjustment for amounts in earnings (loss)	177	(326)	363	(755)
Comprehensive income (loss)	\$ 9,564	\$ 896	\$ (53,741)	\$ 5,616

(6) Goodwill and other intangible assets As discussed in Note 2, we adopted SFAS 142, Goodwill and Other Intangible Assets on March 3, 2002. Under SFAS 142, goodwill and other intangible assets that have indefinite lives will no longer be amortized, but rather will be tested for impairment at least annually in accordance with the provisions of the standard.

The test for goodwill impairment is a two-step process. The first step is a comparison of the fair value of the reporting unit (as defined) with its carrying amount, including goodwill. If this step reflects impairment, then the loss would be measured as the excess of recorded goodwill over its implied fair value. Implied fair value is the excess of fair value of the reporting unit over the fair value of all identified assets and liabilities.

In the first quarter of fiscal 2003, we completed the initial testing of our existing goodwill and other intangible assets that have indefinite lives. Based on valuations provided by an independent third-party using primarily discounted cash flows, we determined that all the goodwill associated with our Multifoods Distribution Group (MDG) business was impaired. As a result, we recorded a \$65.1 million (\$41.3 million after tax) goodwill impairment charge in the first quarter of fiscal 2003. We classified the impairment charge as a cumulative effect of change in accounting principle in the consolidated statement of operations. On July 29, 2002, we entered into an agreement to sell MDG. In accordance

Edgar Filing: INTERNATIONAL MULTIFOODS CORP - Form 10-Q

with SFAS 144, we have reported the results of operations of MDG in discontinued operations, including the impairment charge. No other impairment charges resulted from the required impairment evaluations on the rest of the reporting units, which were

Edgar Filing: INTERNATIONAL MULTIFOODS CORP - Form 10-Q

determined using discounted cash flow analyses. The assumptions used in these analyses were consistent with our internal plans.

The changes in the carrying amount of goodwill by segment for the nine months ended November 30, 2002, are as follows:

(in thousands)	U.S. Consumer Products		U.S. Foodservice Products		Canadian Foods		Total
Balance as of March 3, 2002	\$	24,715	\$	12,643	\$	6,054	\$ 43,412
Addition		178					178
Foreign currency translation						120	120
Balance as of November 30, 2002	\$	24,893	\$	12,643	\$	6,174	\$ 43,710

Other intangible assets as of November 30, 2002, and March 2, 2002, are as follows:

(in thousands)	Nov. 30, 2002			March 2, 2002		
	Gross Carrying Amount	Accumulated Amortization	Net	Gross Carrying Amount	Accumulated Amortization	Net
Amortized intangible assets						
Trademarks	\$ 9,090	\$ 1,873	\$ 7,217	\$ 9,090	\$ 1,394	\$ 7,696
Non-compete agreements	1,198	1,175	23	1,162	1,162

	6,250	4,779	24,019	11,934
Interest expense allocated to discontinued operations	(169)	(2,388)	(5,174)	(7,028)
Interest, net	\$ 6,081	\$ 2,391	\$ 18,845	\$ 4,906

Cash payments for interest, net of amounts capitalized, were \$22.8 million and \$16.2 million for the nine months ended November 30, 2002, and December 1, 2001, respectively.

We allocated interest expense to discontinued operations based on net assets that were specifically identifiable to the operation.

(8) Other income (expense), net For the nine months ended November 30, 2002, other income (expense), net included a \$4.7 million loss associated with the early repayment of term notes. In the prior year, we recorded a \$10.3 million loss on the cancellation of a \$200 million high-yield debt offering.

(9) Income taxes Cash payments for income taxes were \$4.1 million and \$7.3 million for the nine months ended November 30, 2002, and December 1, 2001, respectively.

(11) Segment information

We manage the company through three operating segments: U.S. Consumer Products, U.S. Foodservice Products and Canadian Foods. Our organizational structure is the basis for reporting business results to management and the segment data presented in this Note. We formed the U.S. Consumer Products business in fiscal 2002 as a result of our acquisition of certain retail brands from Pillsbury and General Mills.

(in millions)	Net Sales	Operating Costs	Unusual Items	Operating Earnings

(12) Contingencies In fiscal 1998, we were notified that approximately \$6 million of our inventory was taken from a ship in the port of St. Petersburg, Russia. The ship had been chartered by a major customer of our former food-exporting business. Following submission of a claim for indemnity, the insurance carrier denied our claim for coverage, and we commenced a lawsuit seeking to obtain coverage under the insurance carrier's policy. In October 2001, the U.S. District Court of the Southern District of New York granted us summary judgment on our claim, which is carried on our books as a \$6 million receivable, and awarded us interest to the date of judgment. The interest has not been recognized on our books. On October 17, 2002, following an appeal by the insurance carrier, the U.S. Court of Appeals for the Second Circuit partially affirmed the summary judgment with respect to the amount of loss and

(4) Acquisition

held that such loss is within the scope of the policy. The Court of Appeals, however, remanded the case back to the District Court for further proceedings to determine whether certain provisions of the policy had the effect of excluding coverage. We continue to believe that the loss was covered by the insurance policy and we will continue to aggressively pursue our claim against the insurer. If we are ultimately unable to collect on the policy, we would record a loss of \$6 million to write off the receivable for the estimated recovery of the claim.

On September 9, 2002, we completed the sale of our foodservice distribution business to Wellspring Distribution Corp. We continue to guarantee certain real estate, information system and tractor/trailer fleet lease obligations of our

former business. However, at the time of the sale of the business, we renegotiated our guarantee of the business's fleet lease obligations. The guarantee now requires the lessor to pursue collection and other remedies against our former subsidiaries before demanding payment from us. In addition, our guarantee obligation is limited to 75% of the amount outstanding after the lessor has exhausted its remedies against our former subsidiaries. This reduces our risk under the fleet lease guarantee. In addition, while the initial guarantee was not limited by time, the fleet lease guarantee will now expire in September 2006.

The outstanding guarantees for the lease obligations of our former subsidiaries as of November 30, 2002, are as follows:

-

(in millions)	Gross amount	Net present value @ 7%
Tractor/trailer	\$ 27.6	\$ 23.0
Real estate	17.1	13.5
Information systems	0.5	0.4
Total	\$ 45.2	\$ 36.9

If Wellspring Distribution Corp. was unable to meet its obligations that we have guaranteed, any loss would be reduced by the amount generated from the liquidation of the tractor/trailer fleet and income from the sub-lease of real estate space.

The possibility of the Company having to honor our contingent liabilities under the guaranties is largely dependent upon the future operations of our former subsidiaries and the value of the underlying leased properties. Should a reserve be required in the future, it would be recorded at the time the obligation was determined to be probable.

INTERNATIONAL MULTIFOODS CORPORATION AND SUBSIDIARIES

Management's Discussion and Analysis of Results of
Operations and Financial Condition

OVERVIEW

International Multifoods is a North American producer of branded consumer foods and foodservice products, including baking mixes, frozen bakery products, flour, ready-to-spread frostings, condiments, potato and pancake mix offerings. We manage the company through three operating segments: U.S. Consumer Products, U.S. Foodservice Products and Canadian Foods.

On July 29, 2002, we entered into an agreement to sell our foodservice distribution business to Wellspring Distribution Corp. We completed the sale on September 9, 2002, for \$166 million in cash. The foodservice distribution business is classified as discontinued operations in the consolidated financial statements and in the following management discussion and analysis.

On November 13, 2001, we completed our acquisition of the Pillsbury desserts and specialty products business, the Pillsbury non-custom foodservice baking mix and frosting products business, and certain regional flour and side-dish brands of General Mills. The acquisition makes International Multifoods a leading marketer of U.S. consumer baking products and enhances our existing U.S. foodservice manufacturing business.

Results of Operations

Continuing Operations

Earnings from continuing operations were \$12.8 million, or 66 cents per diluted share, in the third quarter ended November 30, 2002, compared with a loss of \$1.8 million, or 10 cents per share, in the same period last year. The improvement in current year results primarily reflects the contribution from the Pillsbury and General Mills businesses that we acquired in November 2001. The improvement was partially offset by higher interest expense, which resulted from the debt we incurred to pay for the acquisition, and a pre-tax non-cash loss of \$4.7 million associated with the early repayment of debt obligations. Our third quarter results last year were impacted by a \$10.3 million pre-tax loss due to a cancellation of \$200 million high-yield debt offering that was planned as part of the acquisition. We canceled the debt offering when, as part of the acquisition, more favorable financing became available.

For the nine months ended November 30, 2002, earnings from continuing operations were \$20.4 million, or \$1.05 per diluted share, compared with earnings of \$0.7 million, or 4 cents per share, a year ago.

Segment Results

U.S. Consumer Products: This business segment was formed last year as a result of our acquisition of certain retail brands of The Pillsbury Company and General Mills. The operating results of the acquired brands have been included in our results since the date of acquisition.

Third quarter net sales were \$151.8 million, compared with \$16.3 million in the year-earlier period, which included only two weeks of results of the acquired brands. On a comparable pro forma basis, as if we owned the retail brands in last year's third quarter, unit volume declined about 1%. For the nine months ended November 30, 2002, comparable unit volume increased approximately 1% on more effective merchandising, success in emerging channels and brand-building initiatives.

U.S. Foodservice Products: Net sales increased 8% to \$59.4 million, which reflects the incremental contribution from the Pillsbury foodservice brands that we acquired last year. The increase in net sales was partially offset by volume declines in our foodservice baking mix and ready-to-bake products. Sales of ready-to-bake products were affected by soft demand at a national foodservice chain.

Operating earnings were \$1.6 million, compared with \$1.2 million before unusual items last year. The earnings contribution from the acquired Pillsbury brands was offset by competitive pressures, the volume declines and higher sales and marketing expenses.

Net sales for the nine-month period ended November 30, 2002, increased 10% to \$176 million, compared with \$160.6 million a year ago. The increase in sales was essentially due to the same factors discussed for the third quarter. Operating earnings were \$4.6 million, compared with \$4.2 million before unusual items last year. In addition to the factors described in the discussion of the third quarter, operating earnings in the nine-month period were impacted by higher sugar costs and a loss on an advance to a supplier that filed for bankruptcy.

Canadian Foods: Net sales increased 17% to \$90 million, due to the effects of higher selling prices, which was driven by higher commodity costs, and unit volume growth. We had unit volume growth in commercial flour, consumer condiments, and grain-based export products. Consumer condiment unit volumes increased due to a new product offering, which was introduced last year.

Operating earnings before unusual items increased 19% to \$8.9 million, compared with \$7.5 million last year. The earnings increase was driven by higher unit volumes, a more favorable product mix and productivity improvements in the condiments business. Our prior year results were impacted by inefficiencies in manufacturing costs associated with the consolidation of our condiments processing operations.

Net sales for the nine-month period ended November 30, 2002, increased 11% to \$228 million, compared with \$205 million a year ago. Sales increased on unit volume growth in commercial flour, consumer condiments, and export products. The increase was also due to higher prices in grain-based products sold to commercial customers, which resulted primarily from higher commodity costs. Operating earnings before unusual items increased 5% to \$18 million, compared with \$17.2 million last year. The increase in earnings was driven by the same factors discussed for the third quarter.

Non-operating Expense and Income

Net interest expense in the third quarter was \$6.1 million, compared with \$2.4 million last year. The significant increase was primarily due to the debt we incurred in November 2001 to finance the acquisition of the Pillsbury and General Mills businesses.

In the third quarter of fiscal 2003, we recorded a \$4.7 million charge associated with the early repayment of \$194 million in term notes.

In the third quarter of fiscal 2002, we wrote off \$10.3 million of underwriting and other direct costs associated with the planned issuance of \$200 million in high-yield unsecured notes. We cancelled the debt offering as more favorable financing became available when, as part of the acquisition, Diageo plc agreed to guarantee \$200 million of our debt obligations. In addition, we also recorded a charge of \$0.7 million for

Edgar Filing: INTERNATIONAL MULTIFOODS CORP - Form 10-Q

direct costs incurred for the early redemption of our outstanding medium-term notes and write-off of unamortized bank fees that resulted from the refinancing of our debt facilities. These costs are included in other income (expense), net in the consolidated condensed statements of operations.

Discontinued Operations

Our discontinued foodservice distribution business had a pre-tax operating loss of \$9.7 million (\$7 million after tax) for the nine months ended November 30, 2002. Operating results included a \$6 million pre-tax loss from the curtailment and settlement of pension obligations, which resulted from the sale of the business. In addition, we recorded a \$3.7 million pre-tax charge primarily for severance costs.

We also recorded a net after-tax loss of \$25.9 million in the second quarter for the disposition of the business. On September 9, 2002, we completed the sale of our foodservice distribution business for \$166 million in cash.

As a result of our adoption of Statement of Accounting Standards No. 142 (SFAS 142), *Goodwill and other Intangible Assets*, we recorded a cumulative effect of a change in accounting principle of \$41.3 million to write off the goodwill associated with Multifoods Distribution Group. See additional discussion in Note 6 to the consolidated condensed financial statements.

Pension Plans

Net earnings in both fiscal 2003 and 2002 included income from our defined benefit pension plans. Strong investment performance in the 1990s caused pension assets to increase significantly, which resulted in pension income. Pension plans will contribute approximately \$9 million of pre-tax income in fiscal 2003, compared with \$12.1 million in fiscal 2002. However, continued poor performance in the equity markets has adversely impacted the value of our pension assets. In addition, our pension obligations are expected to increase as a result of a decline in the discount rate used to value pension plan liabilities. As a result, we expect that pension income will significantly decline in fiscal 2004. Despite the decline in pension assets, our defined benefit pension plans are generally fully funded and are not expected to require significant contributions in either fiscal 2003 or fiscal 2004. In fiscal 2003, contributions to qualified defined benefit plans are expected to be approximately \$2 million to \$3 million.

Financial Condition

Our major sources of liquidity are cash flows from operations and borrowings from our \$100 million revolving credit facility. As of November 30, 2002, we had \$76 million available under the revolving credit facility.

We believe that cash flows from operations and borrowings from our existing revolving credit facility will be sufficient to meet our operating requirements and debt service obligations for the foreseeable future.

Cash provided by continuing operations was \$19.4 million for the first nine months of fiscal 2003, compared with cash used of \$43.2 million in the prior-year nine-month period. Operating cash flows in the current period exceeded the prior year as a result of favorable working capital movements, higher earnings from continuing operations and payments received from an escrow account established as part of the acquisition.

Edgar Filing: INTERNATIONAL MULTIFOODS CORP - Form 10-Q

Cash flows from operations last year were impacted by an increase in accounts receivable, which was partially due to the termination of a receivable securitization program in Canada.

In the third quarter of 2003, we used the proceeds from the sale of our foodservice distribution business and available cash balances to repay \$194 million of term notes. We repaid all our Term A notes and \$68 million of our Term B notes. As a result, our debt-to-total-capitalization ratio declined to 61% at November 30, 2002, compared with 66% at March 2, 2002.

Under a transition services agreement, General Mills provides us various services for the acquired Pillsbury and General Mills retail businesses. These services include the invoicing and collection of trade accounts receivable and payment of certain trade accounts payable. The effect of the transition services agreement is that trade receivables and payables associated with the acquired retail businesses are currently carried by General Mills. We expect that transition services will end in the first quarter of fiscal 2004, and that our net working capital needs will increase by approximately \$15 million to \$20 million during the first quarter as we become directly responsible for all billing, collection and payment activities of the acquired businesses.

Cautionary Statement Relevant to Forward-Looking Information

This document contains forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995. These forward-looking statements are based on current expectations or beliefs, including, but not limited to, statements concerning our operations and financial performance and condition. For this purpose, statements that are not statements of historical fact may be deemed to be forward-looking statements. We caution that these statements by their nature involve risks and uncertainties, and actual results may differ materially depending on a variety of important factors, including, among others, successful completion of the integration of the acquired businesses; reliance on General Mills, Inc., to provide material transition and co-pack services to our U.S. Consumer Products division, including the conversion of the General Mills Toledo plant for our use; the impact of competitive products and pricing; changes in consumer preferences and tastes or perceptions of health-related issues; effectiveness of advertising or market-spending programs; market or weather conditions that may affect the costs of grain, other raw materials, fuel and labor; changes in laws and regulations; fluctuations in interest rates; the potential inability to collect on a \$6 million insurance claim receivable related to the loss of product in St. Petersburg, Russia; collection is sought under our guarantees of lease obligations of our former Multifoods Distribution Group subsidiaries; fluctuations in foreign exchange rates; risks commonly encountered in international trade; and other factors as may be discussed in our reports filed with the Securities and Exchange Commission.

Item 4. Controls and Procedures

(a) Evaluation of disclosure controls and procedures. The term "disclosure controls and procedures" is defined in Rules 13a-14(c) and 15d-14(c) of the Securities and Exchange Act of 1934 ("Exchange Act"). These rules refer to the controls and other procedures of a company that are designed to ensure that information required to be disclosed by a company in the reports that it files under the Exchange Act is recorded, processed, summarized and reported within required time periods. Our chief executive officer and our chief financial officer have evaluated the effectiveness of the Company's disclosure controls and procedures as of a date within 90 days before the filing of this quarterly report (the "Evaluation Date"), and, they have concluded that, as of the Evaluation Date, such controls and procedures were effective at ensuring that required information will be disclosed on a timely basis in our reports filed under the Exchange Act.

(b) Changes in internal controls. For the quarter ended November 30, 2002, there were no significant changes to our internal controls or in other factors that could significantly affect our internal controls, and we have not identified any significant deficiencies or material weaknesses in our internal controls.

PART II
