Item 2.02. Results of Operations and Financial Condition.

On September 13, 2004, Digimarc Corporation (the Company) announced via press release that it is reviewing certain accounting practices and previously reported financial statements as a result of possible errors discovered by management of the Company in the accounting for software development costs and project capitalization at its Digimarc ID Systems business unit. The full text of the press release is attached hereto as Exhibit 99.1 and incorporated herein by reference.

Item 4.02. Non-Reliance on Previously Issued Financial Statements or a Related Audit Report or Completed Interim Review.

On September 13, 2004, the Company announced via press release that it is reviewing certain accounting practices and previously reported financial statements as a result of possible errors discovered by management of the Company in the accounting for software development costs and project capitalization at its Digimarc ID Systems business unit.

Management currently believes that restatement of its results for the first two quarters of 2004 and for the full year of 2003 is likely to be required. Accordingly, the Company's previously reported financial statements for full fiscal year 2003 and the first two quarters of 2004 should no longer be relied upon until such time as the Company completes its review. The Company has not yet reached a conclusion as to whether the impact on quarterly periods within 2003 and periods prior to 2003 will warrant a restatement of the financial statements for those periods. As soon as practicable following the completion of its review, the Company intends to announce its final conclusions regarding these accounting issues and, if necessary, file any amendments to its previous filings with the Securities and Exchange Commission that may be required.

The full text of the press release is attached hereto as Exhibit 99.1 and incorporated herein by reference.

Management of the Company reached its conclusion regarding non-reliance on the Company's previously issued financial statements in consultation with the Company's audit committee at a meeting of that committee on September 13, 2004.

The Company and its audit committee have notified, and engaged in initial discussions with, the Company's independent auditors regarding the foregoing matters but no conclusions have yet been reached. The Company is working closely with the Company's auditors to address these matters.

Item 9.01. Financial Statements and Exhibits.
