PROXY STATEMENT

GENERAL INFORMATION

This Proxy Statement is furnished in connection with the solicitation by and on behalf of the Board of Directors (the Board of Directors or Board) of ImmunoGen, Inc., a Massachusetts corporation (the Company), of proxies, in the accompanying form, to be used at the Annual Meeting of Shareholders to be held at the offices of the Company, 128 Sidney Street, Cambridge, Massachusetts on Tuesday, November 8, 2005 at 10:00 a.m., Boston time, and at any adjournments thereof (the Meeting).

Where the shareholder specifies a choice on the proxy as to how his or her shares are to be voted on a particular matter, the shares will be voted accordingly. If no choice is specified, the shares will be voted as follows:

- FOR the election of the seven nominees for Director named herein

Any proxy given pursuant to this solicitation may be revoked by the person giving it at any time before its use by delivering to the Company a written notice of revocation or submitting a duly executed proxy bearing a later date. Any shareholder who has executed a proxy but is present at the Meeting, and who wishes to vote in person, may do so by revoking his or her proxy as described in the preceding sentence. Shares represented by valid proxies in the form enclosed, received in time for use at the Meeting and not revoked at or prior to the Meeting, will be voted at the Meeting. The presence, in person or by proxy, of the holders of a majority of the outstanding shares of the Company's Common Stock is necessary to constitute a quorum at the Meeting. Votes of shareholders of record who are present at the Meeting in person or by proxy, abstentions, and broker non-votes (as defined below) are counted as present or represented at the Meeting for purposes of determining whether a quorum exists. No appraisal rights exist for any action to be taken at the Meeting.

Nominees for election as Directors at the Meeting will be elected by a plurality of the votes of the shares present in person or represented by proxy at the Meeting. Withholding authority to vote for a nominee for Director will have no effect on the outcome of the vote.

If you hold your shares of Common Stock through a broker, bank or other representative, generally the broker or your representative may only vote the Common Stock that it holds for you in accordance with your instructions. However, if it has not timely received your instructions, the broker or your representative may vote on certain matters for which it has discretionary voting authority. If a broker or your representative cannot vote on a particular matter because it does not have discretionary voting authority, this is a broker non-vote on that matter. As to the election of Directors, broker non-votes are not deemed to be present and represented and are not entitled to vote, and will have no effect on the outcome of the vote.

Edgar Filing: IMMUNOGEN INC - Form DEF 14A

The close of business on September 12, 2005 has been fixed as the record date for determining the shareholders entitled to notice of and to vote at the Meeting. As of the close of business on September 12, 2005, the Company had 41,074,772 shares of Common Stock outstanding and entitled to vote. Holders of Common Stock are entitled to one vote per share on all matters to be voted on by shareholders.

The cost of soliciting proxies, including expenses in connection with preparing and mailing this Proxy Statement, will be borne by the Company. In addition, the Company will reimburse brokerage firms and other persons representing beneficial owners of Common Stock of the Company for their expenses in forwarding proxy material to such beneficial owners. Solicitation of proxies by mail may be supplemented by telephone, telegram, telex and personal solicitation by the Directors, officers or employees of the Company. No additional compensation will be paid for such solicitation.

Instead of submitting proxies by mail on the enclosed proxy card, shareholders have the option to submit their proxies or voting instructions electronically through the Internet or by telephone. Please note that there may be separate arrangements for using the Internet and telephone depending on whether your shares are registered in the Company's stock records in your name or in the name of a brokerage firm or bank. Shareholders should check their proxy card or voting instructions forwarded by their broker, bank or other holder of record to see which options are available.

The Internet and telephone procedures described below for submitting your proxy are designed to authenticate stockholders' identities, to allow stockholders to have their shares voted and to confirm that their instructions have been properly recorded. Shareholders submitting proxies or voting instructions via the Internet should understand that there may be costs associated with electronic access, such as usage charges from Internet access providers and telephone companies, which would be borne by the shareholder.

Shareholders of record who wish to vote via the Internet or telephone may submit their proxies:

- through the Internet by visiting a website established for that purpose at <http://www.proxyvoting.com/imgn> and following the instructions; or
- by telephone by calling the toll-free number 1-866-540-5760 and following the recorded instructions.

This Proxy Statement and the accompanying proxy are being mailed on or about October 7, 2005 to all Shareholders entitled to notice of and to vote at the Meeting.

The Annual Report to Shareholders for the fiscal year ended June 30, 2005 is being mailed to the Shareholders with this Proxy Statement, but does not constitute a part hereof.

Audit Committee. David W. Carter, Stuart F. Feiner (Chairman), and Mark Skaletsky currently serve on the Company's Audit Committee. The Audit Committee engages the Company's independent

accountants, reviews quarterly and annual financial statements, considers matters relating to accounting policies and internal controls and reviews the scope of annual audits. The Board of Directors approved an Audit Committee Charter on September 30, 2004 that sets forth in detail the duties and responsibilities of the Audit Committee. Each member of the Audit Committee is considered an independent director under the listing standards of the National Association of Securities Dealers, Inc.

The Board of Directors has determined that both David Carter and Mark Skaletsky qualify as audit committee financial experts, who are independent from management, as that term is defined by the rules issued in January 2003 by the Securities and Exchange Commission under Section 407(b) of the Sarbanes-Oxley Act of 2002.

The Board of Directors has determined that Mr. Feiner also qualifies as an audit committee financial expert, who is independent from management, through his education, his service on the audit committees of a wide range of public and private companies and interaction with chief financial and accounting officers and public accounting firms who served as independent auditors to certain companies when he was responsible for Inco Limited's venture capital unit over the 1984-1992 period and, most recently, his direct involvement and participation, as part of his responsibilities in his current employment position since 1992, in a wide range of complex financial and accounting issues involving the businesses and operations of Inco Limited.

Compensation Committee. David W. Carter, Mark Skaletsky (Chairman), and Joseph J. Villafranca currently serve on the Compensation Committee. The Compensation Committee reviews, approves and makes recommendations concerning the Company's compensation policies, practices and procedures to ensure that the legal and fiduciary responsibilities of the Board are carried out and that such policies, practices and procedures contribute to the success of the Company. The Compensation Committee also administers the Company's Restated Stock Option Plan, the 2001 Non-Employee Director Stock Plan, and the 2004 Non-Employee Director Compensation and Deferred Share Unit Plan. The Board of Directors approved a Compensation Committee Charter that sets forth in detail the duties and responsibilities of the Compensation Committee. Each member of the Compensation Committee is considered an independent director under the listing standards of the National Association of Securities Dealers, Inc.

Corporate Governance and Nominating Committee. David W. Carter (Chairman), Stuart F. Feiner, Nicole Onetto, MD, and Joseph J. Villafranca currently serve on the Corporate Governance and Nominating Committee. Each member of the Corporate Governance and Nominating Committee is considered an independent director under the listing standards of the National Association of Securities Dealers, Inc. The Board of Directors approved a Corporate Governance and Nominating Committee Charter on October 27, 2004 that sets forth in detail the duties and responsibilities of the Corporate Governance and Nominating Committee. This Charter is attached here to as Appendix A.

The functions of the Corporate Governance and Nominating Committee include identifying and recommending to the Board individuals qualified to serve as directors of the Company; recommending to the Board directors to serve on committees of the Board; advising the Board with respect to matters of Board composition and procedures; developing and recommending to the Board a set of corporate governance principles applicable to the Company; overseeing corporate governance matters generally; and overseeing the annual evaluation of the Board and the Company's CEO.

The Corporate Governance and Nominating Committee considers director candidates recommended by stockholders. In considering candidates submitted by stockholders, the Committee will take into

consideration the needs of the Board and the qualifications of the proposed candidate. To have a candidate considered by the Corporate Governance and Nominating Committee, a stockholder must submit the recommendation in writing and must include the following information:

- The name and address of the stockholder, evidence of the person's ownership of Company stock, including the number of shares owned and the length of time of ownership, a description of all arrangements or understandings between the stockholder and the proposed candidate and any other person(s) (including their names) pursuant to which the nomination is being made, a representation that the stockholder intends to appear in person or by proxy at the applicable annual meeting to nominate the candidate named in the notice, and any other information relating to the stockholder that would be required to solicit a proxy under federal securities law; and
- The name, age, business and residence address of the proposed candidate, the number of shares of Company stock owned by the proposed candidate, the proposed candidate's resume or a listing of his or her qualifications to be a director of the Company, the person's consent to be named as a director if selected by the Corporate Governance and Nominating Committee and nominated by the Board, and any other information relating to the candidate that would be required to be disclosed to solicit a proxy under federal securities law.

In order for a proposed candidate recommended by a stockholder or stockholders as described above to be considered by the Corporate Governance and Nominating Committee and nominated by the Board for election at an annual meeting of stockholders, the stockholder recommendation and information described above must be sent by certified or registered mail, return receipt requested, to the attention of the Corporate Secretary at ImmunoGen, Inc., 128 Sidney Street, Cambridge, MA 02139 and must be received by the Corporate Secretary not less than 90 days nor more than 120 days prior to the anniversary date of the Company's preceding annual meeting of stockholders.

When considering potential candidates, the Corporate Governance and Nominating Committee examines a candidate's specific experience, knowledge, skills, expertise, integrity, diversity, ability to make independent analytical inquiries, understanding of the Company's business environment and willingness to devote adequate time and effort to Board responsibilities. The Committee will also consider, when applicable, whether a candidate's skill and experience would enhance the ability of a particular Board committee to fulfill its duties or satisfy any independence requirements imposed by law, regulation or the National Association of Securities Dealers, Inc.

Potential candidates may come to the attention of the Corporate Governance and Nominating Committee from current directors, executive officers, stockholders or other persons. The Committee also, from time to time, engages firms that specialize in identifying director candidates.

Once a person has been identified by the Corporate Governance and Nominating Committee as a potential candidate, the Committee may collect and review publicly available information regarding the person to assess whether the person should be considered further. If the Committee determines that the candidate warrants further consideration, the Chairman or another member of the Committee contacts the person. Generally, if the person expresses a willingness to be considered and to serve on the Board, the Committee requests information from the candidate, reviews the person's accomplishments and qualifications, including in light of any other candidates that the Committee might be considering, and conducts one or more interviews with the candidate. In certain instances, Committee members may contact one or more references provided by the candidate or may contact other members of the business.

community or other persons that may have greater first-hand knowledge of the candidate's credentials and accomplishments. The Committee's evaluation process does not vary based on whether or not a candidate is recommended by a stockholder, although, as indicated above, the Board may take into consideration the number of shares held by the recommending stockholder and the length of time that such shares have been held.

Meeting Attendance. During the fiscal year ended June 30, 2005, there were seven meetings of the Board, eight meetings of the Audit Committee, two meetings of the Compensation Committee, and one meeting of the Corporate Governance and Nominating Committee. Messrs. Carter, Skaletsky, Sayare, Villafranca and Blattler attended all meetings of the Board. Mr. Feiner attended six meetings of the Board. Dr. Onetto attended the one meeting of the Board which occurred since her election to the Board of Directors in June 2005. Messrs. Villafranca, who was appointed to the Compensation Committee in August 2004. None of these Directors is or has been an officer or employee of the Company. Dr. Sayare, though not a member of the Committee, assists the Committee in determining any compensation to be awarded to executive officers other than him. Dr. Sayare also provides supplemental information regarding performance evaluations of executive officers other than him.

Stockholder Communications with Directors

The Board has established a process to receive communications from stockholders. Stockholders may contact any member (or all members) of the Board by mail. To communicate with the Board of Directors, any individual directors or any group or committee of directors, correspondence should be addressed to the Board of Directors or any such individual directors or group or committee of directors by either name or title. All such correspondence should be sent to the attention of the Corporate Secretary at ImmunoGen, Inc., 128 Sidney Street, Cambridge, MA 02139.

All communications received as set forth in the preceding paragraph will be opened by the Finance Department for the sole purpose of determining whether the contents represent a message to our directors. Any contents that are not in the nature of advertising, promotions of a product or service, or patently offensive material will be forwarded promptly to the addressee. In the case of communications to the Board or any individual director or group or committee of directors, the Finance Department will make sufficient copies of the contents to send to such director or each director who is a member of the group or committee to which the envelope is addressed.

Currently, the Company does not have a policy regarding directors' attendance at its Annual Meeting. Drs. Blättler and Sayare both attended the 2004 Annual Meeting.

Compensation of Directors

For services on the Board and Board Committees, effective July 1, 2004, non-employee Directors are entitled to receive annual meeting fees of (1) \$25,000 per year, payable quarterly in arrears, and (2) an annual retainer of \$40,000 of deferred share units upon initial appointment to the Board of Directors and \$20,000 of deferred share units annually thereafter. All deferred share units vest ratably over twelve months, and the number of units is determined by the closing price of ImmunoGen common stock on the date of grant. All deferred share units are paid in cash based upon the closing price of ImmunoGen common stock on the date the individual Director ceases to be a Director. The Lead Director is entitled to annual cash compensation of \$40,000, payable quarterly in arrears. Under the provisions of the Company's 2004 Non-Employee Director Compensation and Deferred Share Unit Plan (the "2004 Plan"), that was approved by the Board of Directors of the Company in June 2004, the non-employee Directors may elect to receive their meeting fees and the Lead Director may elect to receive the Lead Director fee in the form of cash or deferred share units. Directors are also reimbursed for travel expenses incurred with respect to attending Board meetings. No additional compensation is paid for attendance at, or activities related to, Audit, Corporate Governance and Nominating and/or Compensation Committee meetings. No additional compensation is paid to Directors who are employees of the Company for their service on the Board.

Until amended by the Board of Directors in April 2004, the terms of the Company's Restated Stock Option Plan provided that each non-employee Director, upon first being elected or appointed to the Board after July 9, 1992, and on every fourth anniversary thereof assuming he remained a non-employee Director, would receive options to purchase 10,000 shares of Common Stock. Further, the Board may also vote, at its discretion, to issue additional options as deemed appropriate. All options granted under the Plan have ten year terms and exercise prices which are equal to the fair market value of the Common Stock on the date of grant.

COMPENSATION COMMITTEE REPORT ON EXECUTIVE COMPENSATION*

The Compensation Committee of the Board is comprised entirely of non-employee Directors. The Compensation Committee determines the base salaries of the Company's executive officers and the amount of annual bonus awards, if any, to be paid to the executive officers. In addition, the Compensation Committee administers the Company's Restated Stock Option Plan, as amended (the "Plan"), under which stock options may be granted to executive officers and other employees of the Company, as well as to non-employee Directors, the Company's 2001 Non-Employee Director Stock Plan, and the Company's 2004 Non-Employee Director Compensation and Deferred Share Unit Plan.

Compensation Policy and Components of Compensation

The Compensation Committee's fundamental executive compensation philosophy is to enable the Company to attract and retain key executives, and to motivate those executives to achieve the Company's long-term objective of becoming a profitable company. Attracting and retaining key executives is important to any organization. This challenge is especially difficult in the biotechnology industry where executives are required to remain focused and committed throughout many years of product development, regulatory approvals and financial instability.

Each executive officer's compensation package is reviewed at least annually and may be comprised of up to three components: base salary, incentive cash bonuses and stock options. In addition, the Company's executive officers are eligible to participate in all employee benefit programs generally available to all other ImmunoGen employees.

Progress toward the Company's broad strategic goal of becoming a profitable biopharmaceutical company is measured by specific corporate objectives and annual milestones. Personal objectives and milestones by which individual executives of the Company are evaluated fit within the framework of the Company's overall goals and objectives. The Compensation Committee considers factors such as changes in business conditions and other relevant external circumstances when evaluating the performance of the individual executives.

Base Salaries of Executive Officers

The Compensation Committee sets the salaries of the Company's executive officers by reviewing independently prepared surveys of biotechnology industry compensation as well as other available information on the base salaries of executive officers in comparable positions in other biotechnology companies. There is substantial overlap between the biotechnology companies whose compensation practices are reflected in such surveys and the biotechnology companies that are included in the Nasdaq Pharmaceutical Stocks Total Return Index (see "Stock Price Performance Graph"). Comparative factors considered include, but are not limited to, company size, stage of development of a company's products, and geographic location. The Compensation Committee uses the collected data as well as the experience

* The report of the Compensation Committee shall not be deemed incorporated by reference by any general statement incorporating by reference this Proxy Statement into any filing under the Securities Act of 1933, as amended, or under the Securities Exchange Act of 1934, as amended, except to the extent that the Company specifically incorporates this report by reference.

of the members of the Compensation Committee in hiring and managing personnel to set salaries. The Compensation Committee also takes into account, for both current and new executive officers, competitive industry factors, breadth of experience, length of service and recent individual performance. It is not the Company's intent to establish fixed levels of compensation in general or for specific positions, but rather to establish compensation on a case-by-case basis as recommended by management and confirmed by the Compensation Committee. The Company's executive officer salaries, as currently paid, are estimated to range from the 30th to 60th percentile of comparable biotechnology companies. The salary of the Company's Chairman of the Board, President and Chief Executive Officer is estimated to be in the 50th percentile of such range.

In certain cases initial annual base compensation was established pursuant to employment agreements with executive officers (see Employment Contracts, Termination of Employment and Change in Control Agreements). The terms of such employment contracts were reviewed and authorized by the Board (including members of the Committee but excluding any interested officer) and were consistent with the Company's compensation policies then in place.

In July 2005, Dr. Blättler's base salary was set at \$304,290 annually, Mr. Junius' base salary was set at \$300,000, Dr. Lambert's base salary was set at \$255,450, and Ms. Ryan's base salary was set at \$231,570.

Bonus Awards

The Company does not have formal incentive or bonus plans for executives. The Compensation Committee does, however, establish key performance criteria to be met by the Company annually and evaluates the Company's actual performance against those criteria in its determination of whether incentive or bonus payments should be made to executives or other employees. Such criteria include the Company's actual performance against the Company's plan for the applicable fiscal year, the Company meeting certain research and development milestones and meeting key targets associated with its collaborations. Based upon the committee's evaluation of the performance criteria established for fiscal 2005, the following annual bonuses were awarded to executive officers of the Company and paid during the fiscal year ended June 30, 2005: \$95,000 to Dr. Blättler, \$65,688 to Dr. Lambert, and \$59,546 to Ms. Ryan. Based upon the committee's evaluation of the performance criteria established for fiscal 2004, the following bonuses were awarded to executive officers of the Company and paid during the fiscal year ended June 30, 2004: \$175,000 to Dr. Blattler, \$87,500 to Dr. Lambert, and \$87,500 to Ms. Ryan. The bonuses awarded in the fiscal year ended June 30, 2004 includes an annual bonus as well as a special bonus award upon the execution of the Company's collaboration agreement with sanofi-aventis. No bonuses were paid to any current executive officers of the Company during the fiscal year ended June 30, 2003.

Stock Option Plan

Subject to the provisions of the Plan, the Compensation Committee has the authority to determine the terms under which incentive and non-qualified stock options are granted and the individuals to whom such options may be granted. The Compensation Committee believes that equity participation is a key component of its executive compensation program. The stock option program is the Company's major long-term incentive plan, designed to retain executive officers and other employees and motivate them to enhance shareholder value by aligning the long-term interests of the Company's employees with those of its shareholders. The Compensation Committee believes that stock options provide an effective long-term incentive for all employees to create shareholder value since the full benefit of the options cannot be

realized unless an appreciation in the price of the Company's Common Stock occurs. The executive officers participate in the Plan in the same manner as all of the Company's full-time employees. Initial stock option awards for new employees, which are individually determined prior to employment, are derived from the employee's anticipated contribution to the Company's growth and are designed to be competitive with awards granted by other biotechnology companies. Subsequent annual stock option awards are based on historical levels of prior grants, position within the Company and individual performance. For fiscal years 2003, 2004 and 2005, stock options were awarded to all current executive officers in June 2003, June 2004, and June 2005, respectively. All options are issued with exercise prices equal to the fair market value of the Company's Common Stock on the date of grant. The options granted in fiscal years 2003, 2004 and 2005 vest as to one-third of the shares on each anniversary date of the date of grant. Vesting of options may be accelerated and options may become fully exercisable upon the occurrence of certain events such as a change in control of the Company (see Employment Contracts, Termination of Employment and Change in Control Agreements).

Compensation of the Chief Executive Officer

Dr. Sayare's annual base salary was determined in accordance with the criteria outlined in other sections of this report, the Compensation Committee's evaluation of the Company's overall performance and Dr. Sayare's individual performance. Performance was measured by the achievement of certain goals over the last several years, including the continued development of the Company's key technology platforms. Dr. Sayare's salary was increased to \$420,570 on July 1, 2005.

In June 2005, the Board of Directors approved bonuses for all employees of the company to be paid in June 2005. Dr. Sayare was paid a cash bonus of \$145,000. In June 2004, the Board of Directors approved bonuses for all employees of the Company to be paid in June 2004. Dr. Sayare was paid a cash bonus of \$210,000. Dr. Sayare's 2004 bonus amount included an annual bonus as well as a special bonus awarded upon execution of the Company's collaboration with sanofi-aventis. In fiscal 2003, Dr. Sayare was granted options to purchase 95,000 shares of Common Stock. In fiscal 2004, Dr. Sayare was granted options to purchase 75,000 shares of Common Stock. In fiscal 2005, Dr. Sayare was granted options to purchase 75,000 shares of Common Stock. The options granted to Dr. Sayare in fiscal years 2003, 2004 and 2005 vest as to one-third of the shares each year after issuance beginning one year from the date of grant. All options are subject to Dr. Sayare's continued employment with the Company and were issued with exercise prices equal to the fair market value of the Common Stock on the date of grant.

Certain Agreements

The Company has entered into agreements with certain of its executive officers relating to employment and separation. In making determinations of salary and benefits to be provided under these employment and separation agreements, the Compensation Committee took into consideration contractual commitments and Company policies. (See Employment Contracts, Termination of Employment and Change in Control Agreements).

The Committee operates pursuant to a charter that was most recently amended by the Board on September 30, 2004. As set forth in the Charter, management of the Company is responsible for the preparation, presentation and integrity of the Company's financial statements, the Company's accounting and financial reporting principles, and internal accounting controls designed to assure compliance with accounting standards and applicable laws and regulations. The Company's independent auditors are responsible for auditing the Company's financial statements and expressing an opinion as to their conformity with accounting principles generally accepted in the United States.

In assisting the Board in its oversight function, the Committee has considered and discussed the Company's audited financial statements for the year ended June 30, 2005 with management and the Company's independent auditors, Ernst & Young LLP. The Audit Committee has also discussed with management and the independent auditors the quality and adequacy of the Company's internal accounting controls. The Audit Committee has reviewed with the independent auditors and approved their audit plan, audit scope and identification of audit risks for the year ended June 30, 2005 and has considered, with a view to maintaining the independence of the Company's independent auditors, the nature and scope of the non-audit services proposed to be supplied to the Company by its independent auditors and whether the provision of any such non-audit services by such auditors is fully compatible with the maintenance of their independence.

The members of the Audit Committee are not professionally engaged in the practice of auditing or accounting, are not experts in the fields of accounting or auditing, and are not employed by the Company for accounting or financial management or for any aspects of the Company's systems of internal accounting control. Members of the Committee rely, without independent verification, on the information provided to them, and on the representations made, by management and the Company's independent auditors. Accordingly, the Audit Committee's oversight does not provide an independent basis to determine that management has maintained appropriate accounting and financial reporting principles and policies, or internal accounting controls and procedures, designed to assure compliance with accounting standards and applicable laws and regulations. In addition, the Audit Committee's considerations and discussions referred to above do not assure that the audit of the Company's financial statements has been carried out in accordance with auditing standards generally accepted in the United States or that the Company's financial statements are presented in accordance with accounting policies generally accepted in the United States.

Based upon the reports, discussions and reviews described in this report, and subject to the limitations on the role and responsibilities of the Committee referred to above and in the Charter of the Audit

Committee, the Committee has recommended to the Board of Directors, and the Board of Directors has approved the Committee's recommendation that the Company's audited financial statements for the year ended June 30, 2005 be included in the Company's Annual Report to Shareholders for the year ended June 30, 2005 and the Company's Annual Report on Form 10-K for the year ended June 30, 2005 be filed with the U.S. Securities and Exchange Commission. The Audit Committee has adopted a policy that requires advance approval of all audit, audit-related, tax and other services performed by Ernst & Young LLP. The policy provides for pre-approval by the Audit Committee of specifically defined audit and non-audit services. Unless the specific service has been previously pre-approved with respect to that year, the Audit Committee must approve the permitted service before the independent auditor is engaged to perform it. The Audit Committee has delegated to the Chairman of the Audit Committee authority to approve permitted services, provided that the Chairman reports any such approvals to the Audit Committee at its next scheduled meeting. Management provides the Audit Committee with an update of the services provided by, and fees paid to, Ernst & Young LLP at each regularly scheduled Audit Committee meeting.

The Audit Committee did not utilize the *de minimis* exception to the pre-approval requirements to approve any services provided by Ernst & Young LLP during fiscal 2005.
