Item 1.01 Entry into a Material Definitive Agreement.

On December 11, 2006, Idaho General Mines, Inc. (the Company), entered into a Stock Purchase Agreement (the Purchase Agreement) with Equatorial Mining Limited (ACN 009 199 482) (Equatorial Mining Limited). The Purchase Agreement provides that, upon the terms and subject to the conditions set forth in the Purchase Agreement, the Company will purchase from Equatorial Mining Limited all of the issued and outstanding shares of Equatorial Mining North America, Inc., a Delaware corporation (Equatorial). Equatorial holds a 12 percent net smelter royalty interest in the mineral rights of the Company's Hall Tonopah molybdenum-copper property in Nye County, Nevada.

As set forth in the Purchase Agreement, the Company will pay to Equatorial Mining Limited approximately \$4.8 million in cash at closing. At first commercial production of the property, the Company has agreed to pay an additional \$6.0 million. By purchasing Equatorial, the Company will also assume an approximate \$460,000 cash reclamation bond which will continue to be held by the Nevada Department of Environmental Protection and the Bureau of Land Management and cash of approximately \$1.3 million.

Pursuant to the terms of the Purchase Agreement, the Company and Equatorial Mining Limited each have certain termination rights, including the right to terminate the Purchase Agreement if the transaction is not completed by January 31, 2007. Consummation of the transaction is subject to a number of conditions, including the absence of certain types of liabilities with respect to Equatorial resulting from the Company's due diligence review. The acquisition is scheduled to close upon completion of due diligence on or before January 31, 2007.

The Company issued a press release announcing the execution of the Purchase Agreement on December 12, 2006. The full text of the press release, a copy of which is attached hereto as Exhibit 99.1, is incorporated herein by reference.
