**Use of Non-GAAP Financial Information**

PROS provides non-GAAP measures of operating results per share in the attached press release. The presentation is intended to be a supplemental measure of performance and typically excludes stock-based compensation and certain one time charges that impact the comparability of one quarter to another. The presentation is not intended to replace or to be displayed more prominently than PROS GAAP measures. PROS appreciates that investors also need to analyze PROS results on a GAAP basis, so a reconciliation of the adjustments to GAAP results for the periods is included in the attached press release. In addition, an explanation of the ways in which PROS management uses these non-GAAP measures to evaluate its business, the substance behind PROS management's decision to use these non-GAAP measures, and the substantive reasons why PROS management believes that these non-GAAP measures provide useful information to investors are included in the attached press release.

The information in the this Current Report, including the exhibits attached hereto, shall not be deemed to be filed for the purpose of Section 18 of the Securities Exchange Act of 1934, as amended, or otherwise subject to the liabilities of that section. The information contained herein and in the accompanying exhibit shall not be incorporated by reference into any registration statement or other document filed with the Securities and Exchange Commission by the Company, whether made before or after the date hereof, regardless of any general incorporation language in such filing, except as shall be expressly set forth by specific reference in such filing.
