**Costs Associated With Exit or Disposal Activities.**

On July 1, 2008 the Company issued a press release announcing a strategic restructuring and streamlining of its merchandise brands and store nameplates and the implementation of cost reduction initiatives to improve the long-term profitability of its business.

In connection with this strategic restructuring and streamlining of its merchandise brands and store nameplates, as well as from the Company's initiatives to reduce overall SKU counts and to improve business profitability through a general reduction of its cost structure, management of the Company also committed to a headcount reduction at its corporate headquarters facility on July 1, 2008.

As described in the press release in detail, the Company took these actions to simplify the Company's business model, reduce overhead costs, and streamline the Company's merchandise assortments to drive the best possible results both during this current difficult economic period and for the long term. The Company expects to realize approximately \$5 million of annualized expense savings from these actions, before expenses associated with these actions. These savings primarily consist of reductions in employee payroll and benefits expenses which will begin to be realized in the fourth quarter of fiscal 2008.

The Company expects to incur pre-tax expense of approximately \$0.9 million from its restructuring and headcount reduction actions, consisting of approximately \$0.5 million for cash severance expense and severance-related benefits, and approximately \$0.4 million of non-cash expense for accelerated depreciation expense resulting from planned store signage changes. The expected timing of the incurrence of this pre-tax expense is as follows:

(1) In the fourth quarter of fiscal 2008 the Company expects to record approximately \$0.7 million of pre-tax expense, consisting of approximately \$0.5 million for cash severance expense and severance-related benefits, and approximately \$0.2 million of non-cash expense for accelerated depreciation expense resulting from planned store signage changes.
