**Item 8.01. Other Events.**

On August 5, 2008, John Ferrari, Chief Financial Officer of United Therapeutics Corporation, and Professor Raymond Dwek, an independent director of United Therapeutics, adopted pre-arranged trading plans in accordance with Securities and Exchange Commission Rule 10b5-1 ( 10b5-1 Plans ) and United Therapeutics Securities Trades by Company Personnel Policy.

Rule 10b5-1 of the Securities Exchange Act of 1934 permits officers and directors of public companies to adopt predetermined written plans for trading specified amounts of company stock when they are not in possession of material nonpublic information in order to gradually diversify their investment portfolios, to minimize the market effect of stock sales by spreading them out over an extended period of time, and to avoid concerns about initiating stock transactions while in possession of material nonpublic information.

The 10b5-1 Plan adopted by Mr. Ferrari involves a market order to sell 26,000 shares of United Therapeutics common stock ( shares ), which will be issued as a result of the exercise of certain employee stock options, on November 6, 2008, subject to minimum price thresholds. Those shares that do not sell on November 6, 2008, will be aggregated with another tranche of 26,000 shares. The sum of these two tranches will be divided by 26, and the quotient will be sold on the first and third Thursdays of every month beginning December 4, 2008, and ending December 17, 2009. All shares under the plan will be acquired through the exercise of certain employee stock options and will be sold on the open market at prevailing market prices subject to minimum price thresholds. The plan will expire when the maximum amount of 52,000 shares has been sold or December 17, 2009, whichever first occurs.

The 10b5-1 Plan adopted by Professor Dwek involves a market order to sell a total of 14,355 shares on a quarterly basis beginning in November 2008 and ending in January 2010, with all such shares acquired through the exercise of stock options annually awarded to United Therapeutics directors. Shares will be sold under the plan on the open market at prevailing market prices subject to a minimum price threshold. The plan will expire when the maximum amount of 14,355 shares has been sold or January 31, 2010, whichever first occurs.

The transactions under these plans will be disclosed publicly through Form 144 filings with the Securities and Exchange Commission. Corresponding Form 4 filings will also be posted on United Therapeutics website.
