PROXY STATEMENT

2009 ANNUAL MEETING OF STOCKHOLDERS

TO BE HELD JUNE 4, 2009

General

The enclosed proxy is solicited on behalf of the Board of Directors of PROS Holdings, Inc. for use at the Annual Meeting of stockholders to be held Thursday, June 4, 2009 at 8:00 a.m., local time, at our corporate headquarters located at 3100 Main Street, Suite 900, Houston Texas, 77002, or at any adjournment or postponement thereof, for the purposes set forth herein and in the accompanying Notice of Annual Meeting of Stockholders. Only stockholders of record at the close of business on April 9, 2009 are entitled to notice of and to vote at the meeting.

These proxy solicitation materials and the Annual Report to Stockholders for the year ended December 31, 2008, including financial statements, were first mailed or made available on or about April 21, 2009 to stockholders entitled to vote at the meeting.

The purposes of the meeting are:

1. To elect two directors for a three year term expiring 2012;
2. To ratify the appointment of PricewaterhouseCoopers LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2009; and
3. To transact such other business as may properly come before the meeting or any adjournment thereof.

The Board of Directors unanimously recommends that stockholders vote **FOR** the proposals being presented.

Record date and shares outstanding

Stockholders of record at the close of business on April 9, 2009 are entitled to notice of and to vote at the meeting. As of this record date 25,692,558 shares of our common stock were issued and outstanding, all of which are entitled to vote with respect to all matters to be acted upon at the annual meeting. Each stockholder of record as of that date is entitled to one vote for each share of common stock held by him or her.

Vote required

If a quorum is present, a plurality vote of the holders of our common stock entitled to vote and present or represented at the meeting is required for the election of a director. The affirmative vote of the holders of a majority of the shares of common stock present or represented by proxy and voting at the annual meeting is required to approve the ratification of the selection of our independent auditors. We will not count abstentions as either for or against a director, so abstentions have no effect on the election of a director. A properly executed proxy marked **abstain** with respect to any matter is considered entitled to vote and thus, will have the effect of a vote against a matter, except for the election of directors.

Our Bylaws provide that a majority of the outstanding shares of our stock entitled to vote, whether present in person or represented by proxy, shall constitute a quorum for the transaction of business at the meeting. Votes for and against, abstentions and **broker non-votes** (shares held by a broker or nominee that does not have the authority, either express or discretionary, to vote on a particular matter) will each be counted as present for purposes of determining the presence of a quorum.

Attending the annual meeting

The Annual Meeting will be held at 8:00 a.m., local time, on Thursday, June 4, 2009, at our corporate headquarters located at 3100 Main Street, Suite 900, Houston Texas, 77002. When you arrive, signs will direct you to the meeting room. Please note that the doors to the meeting room will not be open until 8:00 a.m. You do not need to attend the Annual Meeting to vote. Even if you plan to attend the Annual Meeting, please submit your vote in advance as instructed below.

Any proxy given pursuant to this solicitation may be revoked by the person giving it at any time before it is voted. Proxies may be revoked by:

- Duly executing a later-dated proxy relating to the same shares and delivering it to our Corporate Secretary at or before the taking of the vote at the meeting; or
- Attending the meeting and voting in person (although attendance at the meeting will not in and of itself constitute a revocation of a proxy).

Any written notice of revocation or subsequent proxy should be delivered to PROS Holdings, Inc. at our headquarters located at 3100 Main Street, Suite 900, Houston Texas 77002, Attention: Corporate Secretary, or hand-delivered to our Corporate Secretary before the taking of the vote at the meeting.

The Notice contains instructions on how to access those documents over the Internet. The Notice also contains instructions on how to request a paper copy of our proxy materials, including this proxy statement, our 2008 Annual Report and a form of proxy card or voting instruction card. Solicitation of proxies

We will bear the expense of soliciting proxies in the enclosed form. In addition, we might reimburse banks, brokerage firms, and other custodians, nominees and fiduciaries representing beneficial owners of our common stock, for their expenses in forwarding soliciting materials to those beneficial owners. Proxies may also be solicited by our directors, officers or employees, personally or by telephone, telegram, facsimile or other means of communication. We do not intend to pay additional compensation for doing so.

Householding matters

Some banks, brokers and other nominee record holders may be participating in the practice of "householding" proxy statements and annual reports. This means that only one copy of this notice and proxy statement may have been sent to multiple stockholders in your household. If you would prefer to receive separate copies of a proxy statement either now or in the future, please contact our Corporate Communications Department by writing to our principal office at 3100 Main Street Suite 900, Houston, Texas 77002. Table of Contents

PROPOSAL ONE

Our Board of Directors consists of seven directors, which are divided into three classes, each of whose members serve for a staggered three-year term. The term of office of one class of directors expires each year in rotation so that one class is elected at each Annual Meeting for a full three-year term. Our Class II directors, Ellen Keszler and William Russell, have been nominated by the Board of Directors to fill a three-year term expiring in 2012. The two other classes of directors, who were elected or appointed for terms expiring at the Annual Meetings in 2010 and 2011, respectively, will remain in office.

Unless a proxy is marked to withhold authority to vote, the proxy holders will vote the proxies received by them for the two Class II nominees named below, each of whom is currently a director and each of whom has consented to be named in this proxy statement and to serve if elected. In the event that any nominee is unable or declines to serve as a director at the time of the meeting, the proxies will be voted for any nominee designated by our Board of Directors to fill the vacancy. We do not expect that any nominee will be unable or will decline to serve as a director.

Vote required

Election of a director requires the plurality vote of the holders of our common stock entitled to vote and present or represented at the meeting. Accordingly, the two nominees who receive the highest number of properly executed FOR votes from the holders of common stock, will be elected as directors. We will not count abstentions as either for or against a director, so abstentions have no effect on the election of a director.

In accordance with Delaware law, abstentions will be counted for purposes of determining both whether a quorum is present at the meeting and the total number of shares represented and voting on this proposal. While broker non-votes will be counted for purposes of determining the presence or absence of a quorum, broker non-votes will not be counted for purposes of determining the number of shares represented and voting with respect to the particular proposal on which the broker has expressly not voted and, accordingly, will not affect the approval of this proposal.

The Board of Directors unanimously recommends voting FOR the two class II nominees listed below.

The name of and certain information regarding each Class II nominee as of April 9, 2009 is set forth below, together with information regarding our Class I and Class III directors remaining in office. This information is based on data furnished to us by the nominees and directors. The business address for each nominee for matters regarding PROS Holdings Inc. is 3100 Main Street, Suite 900, Houston, TX 77002.

CORPORATE GOVERNANCE MATTERS

Board composition

Our Board of Directors currently is comprised of seven directors. Mrs. Woestemeyer, Mrs. Keszler and Messrs. Petersen, Russell, Williams, Winemiller and Woestemeyer currently serve as our directors. Our Bylaws provide that the number of directors constituting our Board of Directors shall be not more than nine, and the exact number of directors may be fixed or changed, by resolution adopted by the affirmative vote of a majority of the directors then in office.

Table of Contents

Independence of Directors

The Board of Directors has adopted categorical standards or guidelines to assist our Board of Directors in making its independence determinations with respect to each director. These standards are published in our Corporate Governance Guidelines and are available under the *Corporate Governance - Investor Relations* section of our website at www.prospricing.com. The Board of Directors has determined that the following four directors are independent within the meaning of the New York Stock Exchange (NYSE) listing standards and federal securities laws: Messrs. Petersen, Russell and Williams and Mrs. Keszler. As part of such determination of independence, our Board of Directors has affirmatively determined that none of these four directors have a relationship with us that would interfere with the exercise of independent judgment in carrying out their responsibilities as directors. A majority of our Board of Directors is independent, and our Audit Committee, our Compensation Committee and our Nominating and Governance Committee is comprised of all independent directors.

Meeting attendance

During 2008, our Board of Directors held ten meetings, the Audit Committee held eight meetings, the Compensation Committee held twelve meetings, and the Nominating and Governance Committee held three meetings. No incumbent director attended fewer than 75% of the aggregate of all meetings of our Board of Directors, and the committees on which he or she served, during 2008. The Board of Directors encourages all directors to attend meetings of the stockholders. Our independent directors regularly meet outside the presence of management in executive sessions.

Director nomination

The Nominating and Governance Committee of our Board of Directors has the responsibility for establishing the criteria for recommending which directors should stand for re-election to our Board of Directors and the selection of new directors to serve on our Board of Directors. In addition, the Nominating and Governance Committee is responsible for establishing the procedures for our stockholders to nominate candidates to our Board of Directors. Although the Nominating and Governance Committee has not formulated any specific minimum qualifications for director candidates, it has determined that desirable characteristics include, but are not limited to, business experience, mature judgment, personal and professional ethics, and integrity and values. These standards are published in our Corporate Governance Guidelines and are available under the *Corporate Governance - Investor Relations* section of our website at www.prospricing.com.

Our bylaws permit any stockholder of record to nominate directors. Stockholders who wish to submit nominees for election at an annual or special meeting of stockholders should follow the procedure described on page 30. The Nominating and Governance Committee applies the same standards in considering candidates submitted by stockholders as it does in evaluating candidates submitted by members of the Board of Directors.

PROPOSAL TWO

The Audit Committee of our Board of Directors has selected the independent registered public accounting firm of PricewaterhouseCoopers LLP to audit our consolidated financial statements for the fiscal year ending December 31, 2009 and recommends that stockholders vote for ratification of such appointment. Notwithstanding the selection and ratification, the Audit Committee, in its discretion, may appoint a different independent registered public accounting firm at any time, if it believes doing so would be in our best interests and the best interests of our stockholders. In the event of a negative vote on ratification, the Audit Committee will reconsider, but might not change, its selection.

PricewaterhouseCoopers LLP has audited our financial statements annually since 2002. Representatives of PricewaterhouseCoopers LLP are expected to be present at the meeting with the opportunity to make a statement if they desire to do so and are expected to be available to respond to appropriate questions.

Vote required

Approval of the ratification of the appointment of PricewaterhouseCoopers LLP as our independent registered public accounting firm requires the affirmative vote of the holders of at least a majority of the outstanding shares of our common stock entitled to vote and present or represented at the meeting. A properly executed proxy marked **ABSTAIN** with respect to this matter is considered entitled to vote and thus, will have the effect of a vote against a matter.

In accordance with Delaware law, abstentions will be counted for purposes of determining both whether a quorum is present at the meeting and the total number of shares represented and voting on this proposal. While broker non-votes will be counted for purposes of determining the presence or absence of a quorum, broker non-votes will not be counted for purposes of determining the number of shares represented and voting with respect to the particular proposal on which the broker has expressly not voted and, accordingly, will not affect the approval of this proposal.

The Board of Directors unanimously recommends that stockholders vote FOR the ratification of the appointment of PricewaterhouseCoopers LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2009.

Summary of fees

The Audit Committee has adopted a policy for the pre-approval of all audit and permitted non-audit services that may be performed by our independent registered public accounting firm. Under this policy, each year, at the time it engages the independent registered public accounting firm, the Audit Committee pre-approves the audit engagement terms and fees and may also pre-approve detailed types of audit-related and permitted tax services, subject to certain dollar limits, to be performed during the year. All other permitted non-audit services are required to be pre-approved by the Audit Committee on an engagement-by-engagement basis.

The Audit Committee is authorized by its charter to pre-approve all auditing and permitted non-audit services to be performed by our independent registered public accounting firm. The Audit Committee reviews and approves the independent registered public accounting firm's retention to perform attest services, including the associated fees. The Audit Committee also evaluates other known potential engagements of the independent registered public accounting firm, including the scope of the proposed work and the proposed fees, and approves or rejects each service, taking into account whether the services are permissible under applicable law and the possible impact of each non-audit service on the independent registered public accounting firm's independence from management. At subsequent meetings, the Committee will receive updates on the services actually provided by the independent registered public accounting firm, and management may present additional services for approval. The Committee has delegated to the Chairman of the Audit Committee the authority to evaluate and approve engagements on behalf of the Committee in the event that a need arises for pre-approval between Committee meetings. If the Chairman so approves any such engagements, he will report that approval to the full Audit Committee at its next meeting. During fiscal 2008, all such services were pre-approved in accordance with the procedures described above.

Our Audit Committee has reviewed the fees described above and believes that such fees are compatible with maintaining the independence of PricewaterhouseCoopers LLP.

Stockholder ratification of the appointment of PricewaterhouseCoopers LLP as our independent registered public accounting firm is not required by our bylaws or other applicable legal requirement. However, the appointment of PricewaterhouseCoopers LLP is being submitted to the stockholders for ratification. If the stockholders fail to ratify the appointment, the Audit Committee will reconsider whether or not to retain the firm. Even if the appointment is ratified, the Audit Committee at its discretion may direct the appointment of a different independent registered public accounting firm at any time during the year if it determines that such a change would be appropriate.

(14) According to information contained in the Schedule 13G filed by RS Investments Management Co. LLC with the SEC on February 10, 2009, RS Investments Management Co. SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Exchange Act, requires our directors and executive officers, among others, to file with the SEC and the NYSE an initial report of ownership of our common stock on a Form 3 and reports of changes in ownership on a Form 4 or a Form 5. Persons subject to Section 16 are required by SEC regulations to furnish us with copies of all Section 16(a) forms that they file related to transactions in our common stock. Under SEC rules, certain forms of indirect ownership and ownership of our common stock by certain family members are covered by these reporting requirements. As a matter of practice, our administrative staff assists our directors and executive officers in preparing initial ownership reports and reporting ownership changes and typically files these reports on their behalf.

Based on a review of the copies of such forms in our possession, and on written representations from reporting persons, we believe that during 2008, all of our executive officers and directors filed the required reports on a timely basis under Section 16(a), except a late Form 4 report was filed by Albert Winemiller and Charles Murphy on February 28, 2008 to report the grant of options by PROS Holdings Inc.; a late Form 4 report was filed by Jeffrey E. Robinson on May 12, 2008 to report the sale of shares pursuant to a Rule 10b5-1 plan; a late Form 4 report was filed by Andres D. Reiner and Jeffrey E. Robinson on November 11, 2008 to report the grant of Restricted Stock Units by PROS Holdings Inc. and a late Form 4 report was filed by Ronald Woestemeyer and Mariette Woestemeyer on November 26, 2008 to report the purchase of PROS Holdings Inc. common stock pursuant to a Rule 10b5-1 plan.

COMPENSATION DISCUSSION AND ANALYSIS

Our mission is to help our customers improve business and financial performance by providing them with our pricing and revenue optimization software products. Implementing our mission relies on delivering these software products successfully and competitively, as well as our ability to help our customers address their pricing and revenue optimization needs. As a result, it is critical that we are able to attract, motivate and retain highly talented individuals who are committed to us and our mission and are willing to identify and exploit opportunities to grow our business. Consequently, the goals of our executive compensation program are to align our executive officers' compensation with our mission and the interests of our stockholders, to provide incentives and rewards to our executive officers for our success and to reflect the teamwork philosophy of our executive management team.

Our Compensation Committee did not rely on any benchmark studies of comparable companies in establishing executive compensation. Rather, we relied upon the experience and expertise of management and the members of our Compensation Committee to adopt executive compensation programs. The Compensation Committee took into consideration our financial condition and operating results, our operating plan, our geographic location and the objectives of our executive compensation policies described below, and established an executive compensation

program that the Compensation Committee members believed, based on their experience, is the most appropriate to motivate, retain and reward our executive officers.

The objectives of our executive compensation policy

Our executive compensation programs are designed to achieve the following objectives:

- attract and retain talented and experienced executives in the highly competitive and dynamic pricing and revenue software market;
- motivate and reward executives whose knowledge, skills and performance are critical to our success;
- align the interests of our executive officers and stockholders by motivating executive officers to increase stockholder value;

Table of Contents

- provide a competitive compensation package which is weighted heavily towards pay for performance, and in which total compensation is primarily determined by company/team and individual results and the creation of stockholder value;
- ensure fairness among the executive management team by recognizing the contributions each executive makes to our success;
- foster a shared commitment among our management team by coordinating their respective teams and individual goals; and
- compensate our executives to manage our business to meet our long-range objectives.

Role of the Compensation Committee in setting executive compensation

The responsibility for establishing, administering and interpreting our policies governing the compensation and benefits for our executive officers lies with our Compensation Committee, which consists entirely of non-employee directors.

Our Compensation Committee has taken the following steps to ensure that our executive compensation and benefit policies are consistent with both our compensation philosophy and our corporate governance guidelines:

- evaluated our compensation practices and assisted in developing and implementing the executive compensation policy;
- established a practice, in accordance with the rules of the NYSE, of reviewing the performance and determining the compensation earned, paid or awarded to our chief executive officer independent of input from him; and
- established a policy, in accordance with the rules of the NYSE, to review on an annual basis the performance of our other executive officers with assistance from our chief executive officer and determining what we believe to be appropriate total compensation for these executive officers.

Basis of executive compensation

Based on our goals and the experience of our board and management, we established the following elements of executive compensation: base salary, cash incentive bonuses and long-term incentive awards, each as further described below.

We have chosen these components of our executive compensation program because we believe that they reward both long-term and short-term success while providing retention value. We also believe that these components are fairly standard for technology companies generally.

The Compensation Committee elected not to retain a compensation consultant in connection with its executive compensations activities. The Compensation Committee elected to rely on the experience of the Compensation Committee members, the process undertaken by the Compensation Committee as discussed in this proxy and the deliberation of the Compensation Committee members. Our Compensation Committee typically considers the recommendations of our chief executive officer and/or other members of management and determines the use and weight of each compensation element based on the subjective importance of each element in meeting our overall objectives. We elect to put a significant amount of each executive's total potential compensation at risk based on our financial and the executive's performance, which is reflected in our mix of short-term and long-term incentive components.

As we continue to evolve and have different priorities, we will evaluate our compensation packages and these components on a quantitative and qualitative basis to determine if they are still appropriate on at least a yearly basis or as circumstances dictate. We anticipate making new awards and adjustments to our compensation elements on an annual basis in connection with our yearly review and the recommendations of our chief executive officer and/or other members of management.

Components of executive compensation

Base salaries

Base salaries for our executive officers are reviewed on a yearly basis. For 2008, our executive officers' base salaries were set by reviewing their then current salaries in light of 2007 company performance and individual performance, scope of their responsibilities, the experience of the members of our Compensation Committee with similar stage companies and general economic factors. We use base salaries primarily to retain our executives.

Table of Contents

In February 2008, the Compensation Committee reviewed the responsibilities and performance of Messrs. Winemiller, Murphy and Woestemeyer, their tenure with us, their existing compensation packages and their expected contributions and responsibilities for 2008. Based on this review our Compensation Committee approved an increase in the base salary for Mr. Winemiller from \$300,000 to \$340,000 and for Mr. Murphy from \$275,000 to \$300,000 effective January 1, 2008. The base salary for Mr. Woestemeyer was not revised.

In May 2008, the Board of Directors appointed Jeffrey E. Robinson, as our Senior Vice President Pricing Solutions and Andres D. Reiner, as our Senior Vice President Product Development. In connection with such appointment, the Compensation Committee reviewed Messrs. Robinson and Reiner's existing compensation packages and expected contributions and responsibilities for 2008. Based on that review the Compensation Committee approved an increase in the base salary of Mr. Robinson from \$182,000 to \$210,000 and for Mr. Reiner from \$182,000 to \$210,000, effective January 1, 2008.

Cash incentive bonus

We have an annual cash incentive bonus plan for our executive officers under which bonuses may be paid shortly after the end of each year based on our performance against meeting our corporate objectives for the year. Bonuses are intended to compensate our executive officers for achievement of our corporate financial goals. The bonuses are paid in cash and are generally paid in the first quarter following completion of a given year. Our Compensation Committee does not have the discretion to increase the targets or decrease the amounts payable to any of our executives, but it does have the discretion to lower the targets and increase the amounts payable under this cash incentive plan. Traditionally, the committee has not exercised this discretion nor did it exercise it in 2008.

Each component of this bonus is independent of the other components and has minimum target and maximum target levels. The target bonus amounts are payable under this cash bonus plan if we hit our target levels for each component. Actual results between the minimum, target and the maximum goal levels would be pro-rated. We use our annual cash incentive bonus plan to align our executive's performance with our financial results and to motivate our executives to achieve annual goals.

Long-term incentive award programs

Our base salary and cash incentive bonus plans are intended to compensate and motivate for the short-term. We believe that providing our executive officers with an ownership stake through participation in our long-term incentive plans will encourage long-term performance and help align their interests with those of our stockholders. We have granted stock options and restricted stock units since we believe that these types of equity awards are competitive in our industry and are best understood by our executives and employees.

1999 equity incentive plan. The Company's 1999 equity incentive plan authorized the Company to grant options to purchase shares of common stock to its employees, directors and consultants at the Company's discretion. Stock option grants under this plan were usually made at the commencement of employment and, occasionally, following a significant change in job responsibilities or to meet other special retention or performance objectives. Periodic stock option grants were made at the discretion of the Compensation Committee to eligible employees and, in appropriate circumstances, the Compensation Committee of the Board of Directors considered the recommendations of our CEO

and other members of management. No options were awarded in 2006 since the Compensation Committee had determined there was sufficient retention value in the outstanding options and common stock subject to restrictions held by the Company's executive officers. Stock options granted by the Company have an exercise price equal to the fair market value of its common stock on the day of grant, typically vest 25% on the first anniversary and monthly thereafter, based upon continued employment over a four-year period, and generally expire ten years after the date of grant. The Company's 1999 equity incentive plan was terminated in March 2007 for purposes of granting any future equity awards. There were issued and outstanding stock options to purchase 154,114 shares of the Company's common stock under this plan on December 31, 2008. None of these options were held by the Company's executive officers.

2007 equity incentive plan. The Company's 2007 equity incentive plan (2007 plan) was adopted in March 2007. The purpose of the 2007 plan is to promote the Company's long-term growth and profitability. The 2007 plan is intended to make available incentives that will help the Company to attract, retain and reward employees whose contributions are essential to its success. Under the 2007 plan, the Company's employees, officers, directors and other individuals providing services to the Company or any of its affiliates are eligible to receive awards. The 2007 plan has an evergreen provision that allows for an annual increase equal to the lesser of (i) 3.5% of the Company's outstanding shares (ii) 900,000 shares or (iii) any lesser amount determined by the Compensation Committee of the Board of Directors. The Company may provide these incentives through the grant of: (i) restricted stock awards; (ii) restricted stock unit awards; (iii) stock options; (iv) stock appreciation rights; (v) phantom stock; and (vii) performance awards.

A total of 2,770,000 shares have been reserved for issuance under the 2007 plan. As of December 31, 2008, the Company had outstanding equity awards to acquire 2,732,488 shares of its common stock held by the Company's employees, directors and consultants under the 2007 plan. Included in the outstanding equity awards is 350,000 restricted stock units held by the Company's employees, directors and consultants. As of December 31, 2008, 8,451 shares remain available for grant or award under the 2007

Table of Contents

plan. As of December 31, 2008, there has not been any issuance of restricted stock awards, stock appreciation rights, phantom stock or performance awards under this plan.

On February 26, 2009, the Company increased the number of shares available by 898,000 under the evergreen provision in the Company's 2007 equity incentive plan increasing the number of shares reserved for issuance to 3,668,000. As of April 9, 2009, 407,951 remain available for grant or award under the 2007 plan.

Options generally have a ten-year term and typically vest over three-four years. At December 31, 2008, there were an estimated \$13.1 million of total unrecognized compensation costs related to share-based compensation arrangements for options and restricted stock units granted. These costs will be recognized over a weighted average period of 2.6 years.

Stock options. Our 2007 plan permits the granting of options to purchase shares of our common stock intended to qualify as incentive stock options, under Section 422 of the Internal Revenue Code, and nonqualified stock options. The option exercise price and the term of each option are determined by the Compensation Committee. The Compensation Committee also determines at what time or times each option may be exercised and the period of time, if any, after retirement, death, disability or termination of employment during which options may be exercised. The Compensation Committee, as plan administrator, can determine vesting for grants which generally expire ten years after the date of the grant.

Stock appreciation rights. The Compensation Committee may grant a right to receive a number of shares or, in the discretion of the Compensation Committee, an amount in cash or a combination of shares and cash, based on the increase in the fair market value of the shares underlying the right during a stated period specified by the Compensation Committee.

Restricted stock awards and units. The Compensation Committee may award shares of our common stock to participants at no cost or for a purchase price or restricted stock units that are settled in shares of our common stock. These restricted stock and restricted stock unit awards may be subject to restrictions or may be free from any restrictions under our 2007 plan. The purchase price of the shares, if any, and any applicable restrictions, are determined by the Compensation Committee.

Phantom stock. The Compensation Committee may grant stock equivalent rights, or phantom stock, which entitles the recipient to receive credits which are ultimately payable in the form of cash, shares of our common stock or a combination of both. Phantom stock does not entitle the holder to any rights as a stockholder.

Performance awards. The Compensation Committee may grant performance awards to participants entitling the participants to receive cash, shares of our common stock or a combination of both, upon the achievement of performance goals and other conditions determined by the Compensation Committee. The performance goals may be based on our operating income or on one or more other business criteria selected by the Compensation Committee.

In the event of any stock split, stock dividend or similar transaction, the shares subject to the 2007 plan and any outstanding awards will automatically be adjusted. The 2007 plan will continue in effect until the tenth anniversary of its approval by our board, unless earlier terminated earlier. The Compensation Committee may amend, terminate or modify the plan at any time.

In the event of certain significant corporate transactions, including a change in control of the Company, any then-outstanding equity award or option under the 2007 plan may be assumed, continued or substituted for by any surviving or acquiring entity (or its parent company). If the surviving or acquiring entity (or its parent company) elects to assume, continue or substitute for such awards or options and the holder of such award or option is terminated without cause or resigns for good reason within 18 months of a change of control of the Company, such awards or options shall vest in full. If the surviving or acquiring entity (or its parent company) elects not to assume, continue or substitute for the equity awards or options under the 2007 plan, all outstanding equity awards and options under the 2007 plan will vest in full and become fully exercisable.

The Compensation Committee believes that the use of stock options and equity awards offers the best approach to achieve our compensation goals with respect to long-term incentives and currently provides tax and other advantages to our employees relative to other forms of equity compensation. We believe that our equity incentive program is an important retention tool for our employees.

At the beginning of 2008, the Compensation Committee conducted an annual review of the compensation packages of our executive officers, including the retention value of their compensation components, their contributions to our business and their ability to continue to provide leadership to us and to maintain our success. The Compensation Committee believed it was in our best interests to provide additional stock options to our executive officers to incentivize them and to provide additional retention value. In February 2008, we granted to each of our Chief Executive Officer and Chief Financial Officer a stock option under our 2007 plan to purchase 100,000 shares of our common stock at \$14.93 per share. Mr. Woestemeyer was not granted any stock options at this time because the Compensation Committee believed that his significant equity ownership was sufficient for motivation and retention.

In November 2008, Messrs. Winemiller and Murphy surrendered options held to acquire 100,000 shares each of the Company's common stock. Messrs. Winemiller and Murphy made the request to surrender their options to enable the Compensation

Table of Contents

Committee to grant employees (other than Mr. Winemiller and Mr. Murphy) more shares than would have otherwise been available for grant under the 2007 plan. Upon surrender, the shares subject to these options returned to the plan as available to grant. Messrs. Winemiller and Murphy requested that no additional compensation be paid to them in connection with the surrender. Messrs. Winemiller and Murphy did not receive any value for the surrender of these options and did not receive a new grant of restricted stock units or any additional compensation.

The Compensation Committee granted the following equity awards under the 2007 plan to each in 2008, Messrs. Reiner and Robinson (i) a stock option to purchase 50,000 shares of our common stock at \$12.72 per share was granted on May 14, 2008, and (ii) 50,000 restricted stock units was granted on November 11, 2008. On March 13, 2009, the Compensation Committee granted each, Messrs. Reiner and Robinson 25,000 restricted stock units under the 2007 plan. Each restricted stock unit represents the contingent right to receive one share of PROS Holdings, Inc.

Benefits. We provide our executive officers the following benefits, generally on the same terms as we provide our other employees.

health, dental, travel, accident insurance and vision;

life insurance;

employee assistance plan;

medical and dependent care flexible spending account;

short-and long-term disability, accidental death and dismemberment;

a 401(k) plan;

paid time off and vacations;

sick days; and

tuition reimbursement.

We believe these benefits are consistent with companies with which we compete for employees.

401(k) Plan. In May 1996, we adopted a tax-qualified employee savings and retirement plan, or 401(k) plan, which generally covers our full-time employees. The plan is intended to qualify under Section 401(a) of the Internal Revenue Code. Contributions, and income earned thereon, are not taxable to employees until withdrawn from this plan. Under this plan, employees may elect to reduce their current compensation up to the statutorily prescribed annual limit and have the amount of the reduction contributed to the plan. This plan also permits us to make matching contributions to the plan on behalf of participants. Since January 2000, we have matched up to 50% of an employee's contribution up to 6% of the employee's eligible income contributed to our 401(k) plan.

Severance and termination provisions

We provide our executive officers severance packages if they are terminated without cause (as defined in their employment or severance agreements) in order to attract and retain them. The amount of severance benefits is described below. The Compensation Committee reviews the potential payouts to ensure their market-competitiveness in order to incentivize our executive officers to maintain focus on both daily and long-term efforts.

On March 24, 2009, the Company entered into a First Amendment of Employment Agreement with Messrs. Reiner and Robinson. The First Amendment of Employment Agreement with Messrs. Reiner and Robinson would provide for payment of (i) any unpaid bonus earned prior to the termination, and (ii) the payment of a bonus at one hundred percent of performance targets, including discretionary components, within the bonus plan in effect as if employed by the Company for twelve months. The unpaid bonus described in subsection (i) shall be paid on or about termination and the bonus as described in subsection (ii) shall be payable in equal installments during the twelve month period following termination. Such bonuses are payable if Messrs. Reiner or Robinson are terminated by us without cause, as defined in the agreement or by the Named Executive Officer for Good Reason, as defined in the agreement.

On March 24, 2009, the Company entered into a Second Amendment of Employment Agreement with Messrs. Winemiller and Murphy. The Second Amendment of Employment Agreement will provide Messrs. Winemiller and Murphy with payment of (i) any unpaid bonus earned prior to the termination, and (ii) the payment of a bonus at one hundred percent of performance targets, including discretionary components, within the bonus plan in effect as if employed by the Company for twelve months. The unpaid

bonus described in subsection (i) shall be paid on or about termination and the bonus as described in subsection (ii) shall be payable in equal installments during the twelve month period following termination. Such bonuses are payable if Messrs. Winemiller and Murphy are terminated by us without cause, as defined in the agreement or by the Named Executive Officer for Good Reason, as defined in the agreement. In addition, the amended employment agreements provides for the payment of (i) any unpaid bonus earned prior to the termination, and (ii) the payment of a bonus at one hundred percent of performance targets, including discretionary components, within the bonus plan in effect as if employed by the Company for eighteen months if such officer is terminated without cause or if such officer resigns for good reason within six months prior to or any time after a change in control transaction of the Company. Messrs. Winemiller and Murphy are subject to non-competition and non-solicitation restrictions during the term of their employment and for the 12-month period following the termination of their employment.

We entered into employment agreements with Mr. Robinson, our Senior Vice President, Pricing, and Mr. Reiner, our Senior Vice President, Product Development, on April 24, 2008. Both of these agreements are for a two year term and automatically renew for one year terms unless the Company decides not to renew them. The base salaries payable to each of Messrs. Robinson and Reiner are subject to periodic review by our Compensation Committee. Both Messrs. Robinson and Reiner are entitled to 12 months of severance, up to 12 months of health benefits and acceleration of the vesting on their stock options or other equity awards with respect to shares comprising fifty percent of the unvested shares under such stock options or other equity awards as of the date of termination. Messrs. Robinson and Reiner are subject to non-competition and non-solicitation restrictions during the term of their employment and for the 12-month period following the termination of their employment.

We entered into employment agreements with Mr. Winemiller, our Chief Executive Officer, and Mr. Murphy, our Chief Financial Officer, on September 30, 2005. Both of these agreements were originally for a two year term and automatically renew for one year terms unless the Company decides not to renew them. The base salaries payable to each of Messrs. Winemiller and Murphy are subject to periodic review by our Compensation Committee. Both Messrs. Winemiller and Murphy are entitled to 12 months of severance, up to 12 months of health benefits and 12 months of acceleration of the vesting on their stock options granted prior to April 2, 2007 if their employment with us is terminated without cause or they resign with good reason as defined in those agreements. On April 2, 2007, our board amended these employment agreements to also provide for the full acceleration of vesting, or lapse of all repurchase rights, of any options or other equity awards granted to these executive officers on or after April 2, 2007, if any of these officers is terminated without cause, resigns for good reason or if a change of control of the Company occurs. In addition, the amended employment agreements provide for 18 months of severance and 18 months of health benefits if such officer is terminated without cause or if such officer resigns for good reason within six months prior to or any time after a change in control transaction of the Company. Messrs. Winemiller and Murphy are subject to non-competition and non-solicitation restrictions during the term of their employment and for the 12-month period following the termination of their employment.

In January 1999, we entered into an employment agreement with Mr. Woestemeyer, our Executive Vice President. This agreement was originally for a two-year term and automatically renews for one year terms unless the Company decides not to renew. Under this agreement, Mr. Woestemeyer's salary is subject to periodic review by our Compensation Committee, and he is entitled to 12 months of severance if he is terminated without cause as defined in his agreement or we decide not to renew his agreement without giving him notice. If we decide not to renew this agreement and we provide 60-days notice of non-renewal to Mr. Woestemeyer, he is entitled to 10 months of severance. In addition, Mr. Woestemeyer is subject to non-competition and non-solicitation restrictions during the term of his employment and for the severance period following the termination of his employment.

Cause is defined in these employment agreements as a breach by our officer of his duties of confidentiality which causes a material harm to us, his conviction of, or a plea of guilty or no contest to, a felony or his failure to perform his duties after notice and a cure period. In addition, for Messrs. Winemiller, Murphy, Robinson, and Reiner, cause also includes an intentional wrongdoing by them that adversely affects us. Messrs. Winemiller, Murphy, Robinson and Reiner can resign for good reason and be entitled to severance. Good reason is defined in their employment agreements as the assignment of duties to them that are substantially inconsistent with their current roles with us, the relocation of their offices to more than 50 miles from our present location, a material reduction in their base salaries and our failure to provide them with similar benefits that we provide to our other employees.

Components of executive compensation for 2008 and 2009

Executive compensation activities in 2008. In February 2008, our Compensation Committee adopted our 2008 Executive and Key Employee Incentive Plan (2008 Bonus Plan) cash incentive bonus plan and applied an analysis to setting components and targets similar to the analysis the Compensation Committee applied in 2007 under our 2007 Executive and Key Employees Incentive Plan (2007 Bonus Plan). The 2008 Bonus Plan was intended to compensate participants for achieving company financial and operational goals. The Compensation Committee reviewed our financial performance for the prior year, management s performance against prior year targets, our plan for the next fiscal year and the total compensation potential afforded the executive officers considering all elements of the executive officers compensation.

Table of Contents

The potential payouts under the 2008 Bonus Plan were based on our performance as a company within a range of each component's target. No bonus was to be earned below the target threshold and the maximum bonus was to be earned at the target maximum. The ranges for each component are set forth in the following table:

Component	Target threshold	Target maximum (in millions)
Revenue	90% of Target	\$ 79.5
Non GAAP operating income	90% of Target	15.8
Sales	90% of Target	60.0

Following the growth of our business in 2006 and 2007, the Compensation Committee sought to set 2008 targets consistent with our operating plan for the 2008 fiscal year and at sufficiently high levels to motivate the executive officers to continue to grow the business and manage expenses, with an emphasis on increasing sales. The following table sets forth our revenue, operating income and sales targets for 2008:

Component (In millions)	Target (1)
Revenue	\$ 78.0
Non GAAP operating income	15.3
Sales	55.0

(1) The targets set forth in this table were established and are disclosed only as performance objectives for our executive officers, and do not constitute guidance regarding our expected future operating results. Our actual operations results are subject to significant risks, uncertainties and contingencies, including those risks set forth in Item 1A "Risk factors" in our annual report on Form 10-K for the year ended December 31, 2008.

Each of the components is independent of the others, but the weighting of the components as they relate to potential bonus payouts is set forth in the following table:

Component	Weighting of component as a % of bonus payment
Revenue	33.3%
Operating income	33.3%
Sales	33.3%

The Compensation Committee weighted the components equally because the Compensation Committee sought to retain the motivational benefits of growing the sales and customer base but also determined that the executive officers should be equally motivated to manage the business in such a way to achieve high operating income.

The Compensation Committee set the amount of each bonus payment as a percentage of the base salary of each executive officer as set forth in the following table:

Executive officer	At target threshold	At target	At target maximum
Albert E. Winemiller	50%	100%	147%
Charles H. Murphy	40%	80%	117.6%
Ronald F. Woestemeyer	22.5%	45%	66.2%
Andres D. Reiner	25%	50%	100%
Jeffrey E. Robinson	25%	50%	100%

The Compensation Committee increased these percentages in 2008 compared with those used in the 2007 Bonus Plan based on its analysis and observations of competitive market pay levels for the respective officers and in consideration of the total compensation of each executive officer. Under the 2008 Bonus Plan, each executive officer achieved 88.6% of the at target as presented above.

Executive compensation activities in 2009. On February 25, 2009, our Compensation Committee approved the Named Executive Officer Plan for 2009 (the 2009 NEO Bonus Plan). The Company's named executive officers will participate in the 2009 NEO Bonus Plan which is intended to compensate participants for achieving company financial and operational goals.

In response to current global economic challenges, the Company has taken actions to more closely manage its expenses. Consistent with those efforts, the Compensation Committee elected not to increase the base salaries of the named executive officers

Table of Contents

for 2009.

The 2009 NEO Bonus Plan sets target bonus amounts and performance criteria for participants. Except for certain modifications described below the general terms of the 2009 NEO Bonus Plan are consistent with the Company's 2008 Bonus Plan as described above.

The 2008 Bonus Plan was comprised of three components; (i) revenue, (ii) non-GAAP operating income, and (iii) sales, each weighted at 33.3%. In addition, the Compensation Committee had the right to add a discretionary amount to the bonus received by the named executive officers. The 2009 NEO Bonus Plan retained the revenue and non-GAAP operating income components of the 2008 Bonus Plan; however, the weighting of these two components was modified. The revenue and the non-GAAP operating income components were each increased to a 45% weighting. The Compensation Committee elected to make discretionary the remaining 10%.

The Compensation Committee felt that by increasing the weighting of the revenue and non-GAAP operating income components of the 2009 NEO Bonus Plan would heighten management's focus on maximizing our revenues and profitability during the 2009 fiscal year.

To align with the Company's reporting standards, the revenue and non-GAAP operating income components of the 2009 NEO Bonus Plan will be measured at the end of each quarterly period rather than on an annual basis as in the previous year. There will be a cumulative annual performance calculation for those two components. The discretionary component will be determined by the Compensation Committee on an annual basis at the end of the Company's fiscal year. The payments will be made on an annual basis unless the Compensation Committee makes a determination to pay on an interim basis.

The performance targets under the 2009 NEO Bonus Plan will be tied to the Company's 2009 quarterly guidance. In 2009, the Committee set the amount of each executive officer's potential bonus payment under the 2009 NEO Bonus Plan, as a percentage of his base salary, as follows:

Executive officer	At target threshold	At target	At target maximum
Albert E. Winemiller	50%	100%	150%
Charles H. Murphy	40%	80%	120%
Ronald F. Woestemeyer	22.5%	45%	67.5%
Andres D. Reiner	25%	50%	100%
Jeffrey E. Robinson	25%	50%	100%

Tax considerations

We are subject to Internal Revenue Code Section 162(m), which limits the amount that we may deduct for compensation paid to our chief executive officer and to each of our four most highly compensated officers to \$1,000,000 per person per year, unless certain exemption requirements are met. Exemptions to this deductibility limit may be made for various forms of performance-based compensation approved by our stockholders. In addition to salary and bonus compensation that is not performance-based, the exercise of stock options may cause an officer's total compensation to exceed \$1,000,000. However, compensation from options that meet certain requirements will be exempt from the

\$1,000,000 cap on deductibility. In the past, annual cash compensation to our executive officers has not exceeded \$1,000,000 per person. Although we do not currently anticipate such compensation to exceed the \$1,000,000 limit, our officer compensation could in the future exceed this limit, and we may not be able to deduct the compensation amount in excess of \$1,000,000. While the Compensation Committee cannot predict how the deductibility limit may impact our compensation program in future years, the Compensation Committee intends to maintain an approach to executive compensation that strongly links pay to performance.

without good reason on December 31, 2007. Mr. Murphy's 25,000 shares vested on December 31, 2008 and our right of repurchase lapsed.

In February 2008, Messrs. Winemiller and Murphy were each granted options to purchase 100,000 shares of our common stock. In November 2008, Messrs. Upon surrender, the shares subject to these options returned to the plan as available to grant. Messrs. Winemiller and Murphy requested that no additional compensation be paid to them in connection with the surrender. Messrs. Winemiller and Murphy did not receive any value for the surrender of these options and did not receive a new grant of restricted stock units or any additional compensation.
