Item 8.01. Other Events.

Beginning January 1, 2009, Iron Mountain Incorporated (the Company) changed the composition of its segments to not allocate certain corporate and centrally controlled costs, which primarily include human resources, information technology and finance costs, as well as all stock-based compensation, which benefit the enterprise as a whole. These are now reflected as Corporate costs and are not allocated to our operating segments. These costs previously had been included primarily in our North American Physical Business segment and relate to the general management of these functions on a corporate level and the design and development of programs, policies and procedures that are then implemented in the individual operating segments, with each operating segment bearing its own cost of implementation. Additionally, as of January 1, 2009, the Company adopted Statement of Financial Accounting Standards No. 160 (SFAS No. 160), Noncontrolling Interests in Consolidated Financial Statements an amendment to ARB No. 51.

Attached as Exhibit 99.1 to this Current Report on Form 8-K are restated versions of Items 1A, 2, 6, 7, 9A and 15 of the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2008, as filed with the Securities and Exchange Commission on March 2, 2009 (the 10-K), which reflect (1) the changes associated with the segment reporting discussed above and (2) the adoption of SFAS No. 160 and the resulting change in the presentation and disclosure requirements relating to the financial statements for all periods presented in accordance with the requirements of SFAS No. 160. All other Items of the 10-K remain unchanged. This Current Report on Form 8-K should be read in conjunction with the portions of the 10-K that have not been updated herein.
