PROXY STATEMENT

FOR ANNUAL MEETING OF STOCKHOLDERS

To Be Held on June 26, 2009

This proxy statement is furnished in connection with the solicitation of proxies on behalf of our board of directors to be voted at the annual meeting of our stockholders to be held on June 26, 2009, and any adjournment or adjournments thereof, for the purposes set forth in the accompanying Notice of Annual Meeting of Stockholders. Our annual meeting of stockholders will be held at our company headquarters at 8360 S. Durango Drive, Las Vegas, Nevada 89113, on Friday, June 26, 2009, at 10:00 a.m. local time. This proxy statement and accompanying form of proxy will be first sent or given to our stockholders on or about May 29, 2009. Our annual report for the year ended December 31, 2008, is being sent to each stockholder of record along with this proxy statement.

ABOUT THE MEETING

What is the purpose of the annual meeting?

At our annual meeting, our stockholders will act upon the matters outlined in the accompanying notice of meeting, including the election of directors and ratification of our independent registered public accountants. In addition, our management will report on our performance during the 2008 year and respond to questions from stockholders.

Who is entitled to vote?

Only stockholders of record at the close of business on the record date, May 15, 2009, are entitled to receive notice of the annual meeting and to vote the shares of our common stock that they held on that date at the meeting, or any postponement or adjournment of the meeting. Each outstanding share entitles its holder to cast one vote on each matter to be voted upon.

Who can attend the meeting?

All stockholders as of the record date, or their duly appointed proxies, may attend the meeting. Seating, however, may be limited. Admission to the meeting will be on a first-come, first-served basis. Each stockholder may be asked to present valid picture identification, such as a driver's license or passport. Cameras, recording devices and other electronic devices will not be permitted at the meeting.

Edgar Filing: Allegiant Travel CO - Form DEF 14A

Please note that if you hold your shares in street name (that is, through a broker or other nominee), you will need to bring a copy of a brokerage statement reflecting your stock ownership as of the record date.

What constitutes a quorum?

The presence at the meeting, in person or by proxy, of the holders of a majority of the shares of our common stock outstanding on the record date will constitute a quorum, permitting the meeting to conduct its business. As of the record date, we had 20,219,436 shares of common stock outstanding. Proxies received but marked as abstentions and broker non-votes will be included in the calculation of the number of shares considered to be present at the meeting.

How do I vote?

To vote you must complete and return a written proxy card.

You can also vote in person at the meeting, and submitting your voting instructions by proxy card will not affect your right to attend and vote. Street name stockholders who wish to vote at the meeting will need to obtain a proxy form from the institution that holds their shares.

Can I change my vote after I return my proxy card?

Yes. Even after you have voted by written proxy card, you may change your vote at any time before the proxy is exercised by filing with our secretary either a written notice of revocation or a duly executed proxy bearing a later date. The powers of the proxy holders will be suspended if you attend the meeting in person and so request, although attendance at the meeting will not by itself revoke a previously granted proxy. All written notices of revocation or other communications with respect to revocation of proxies should be addressed as follows: Allegiant Travel Company, 8360 S. Durango Drive, Las Vegas, Nevada 89113, Attention Andrew C. Levy, Secretary.

What are the recommendations of our board of directors?

Unless you give other instructions when voting, the persons named as proxy holders on the proxy card will vote in accordance with the recommendations of our board of directors. Our board recommends a vote FOR election of the nominated slate of directors and FOR the ratification of Ernst & Young, LLP as our independent registered public accountants.

With respect to any other matter that properly comes before the meeting, the proxy holders will vote as recommended by our board of directors or, if no recommendation is given, in their own discretion.

What vote is required to approve each item?

Election of Directors. The affirmative vote of a plurality of the votes cast at the meeting is required for the election of directors. A properly executed proxy marked **WITHHOLD AUTHORITY** with respect to the election of one or more directors will not be voted with respect to the director or directors indicated, although it will be counted for purposes of determining whether there is a quorum.

Abstentions are included in the shares present at the meeting for purposes of determining whether a quorum is present. Broker non-votes (when shares are represented at the meeting by a proxy specifically conferring only limited authority to vote on certain matters and no authority to vote on other matters) are also included in the determination of the number of shares represented at the meeting for purposes of determining whether a quorum is present. Because directors are elected by a plurality of the votes cast, votes to **WITHHOLD AUTHORITY** with respect to one or more nominees and any abstentions and broker non-votes will not be counted and will not have an effect on the outcome of the election.

Ratification of Independent Registered Public Accountants and Other Items. To approve the ratification of our independent registered public accountants and for each other item, the affirmative vote of the holders of a majority of the shares represented in person or by proxy and entitled to vote on the item will be required for approval. Our management knows of no matter to be brought before the meeting other than the election of directors and ratification of independent registered public accountants. If, however, any other matters properly come before the meeting, it is intended that the proxies will be voted in accordance with the judgment of the person or persons voting such proxies.

How will proxies be solicited?

Proxies will be solicited by mail. Proxies may also be solicited by our officers and regular employees personally or by telephone or facsimile, but such persons will not be specifically compensated for such services. Banks, brokers, nominees and other custodians and fiduciaries will be reimbursed for their reasonable out-of-pocket expenses in forwarding soliciting material to their principals, the beneficial owners of our common stock. We will pay the expense of preparing, assembling, printing, mailing and soliciting proxies.

Is there electronic access to the proxy materials and annual report?

Yes. This proxy statement and our annual report are available on our web site, www.allegianttravel.com.

Committees of the Board of Directors

We have a standing audit committee, compensation committee and nominating committee. Each committee has the right to retain its own legal and other advisors.

Audit Committee

The audit committee is currently comprised of Messrs. Ellmer, Mason and Redmond, each of whom is independent under the rules of the Securities and Exchange Commission and the Nasdaq Stock Market listing standards. John Redmond has been identified as the audit committee financial expert. After the stockholders' meeting, Mr. Mason will no longer be serving on the board. It is expected that Charles Pollard will take Mr. Mason's position on the audit committee. Our audit committee met three times during the 2008 year.

Our board of directors has adopted a charter for the audit committee setting forth the structure, powers and responsibilities of the audit committee. A copy of the audit committee charter can be found on our website at www.allegianttravel.com by clicking on "About Allegiant", then "Investor Relations", then "Corporate Governance", and then "Committee Charters". Pursuant to the charter, the audit committee will be comprised of at least three members appointed by the board of directors, each of whom shall satisfy the membership requirements of independence, financial literacy or accounting or financial expertise as prescribed by applicable rules.

The audit committee provides assistance to the board of directors in fulfilling its legal and fiduciary obligations in matters involving our accounting, auditing, financial reporting, internal control and legal compliance functions. The audit committee also oversees the audit efforts of our independent registered public accounting firm and takes those actions as it deems necessary to satisfy itself that the auditors are independent of management.

Compensation Committee

The compensation committee is comprised of Messrs. Redmond and Flynn, each of whom is a non-employee director and is independent under the Nasdaq Stock Market listing standards. Our compensation committee formally met on one occasion during 2008, and also took action by unanimous consent on other occasions.

Our board of directors has adopted a charter for the compensation committee setting forth the structure, powers and responsibilities of the compensation committee. A copy of the charter of the compensation committee can be found on our website at www.allegianttravel.com by clicking on "About Allegiant", then "Investor Relations", then "Corporate Governance" and then "Committee Charters".

The compensation committee determines our compensation policies and forms of compensation provided to our directors and officers. The compensation committee also reviews and determines bonuses for our officers and other employees. In addition, the compensation committee reviews and determines stock-based compensation for our directors, officers, employees and consultants and administers our stock option plan. Our chief executive officer and chairman of the board, Maurice J. Gallagher, Jr., provides input to the compensation committee in making compensation decisions for our other executive officers.

Compensation Committee Interlocks and Insider Participation

Our compensation committee consists of Messrs. Redmond and Flynn. Neither of the members of the compensation committee ever served as officers or employees of our company. No interlocking relationship existed during the 2008 year between any executive officer of ours and the board of directors or compensation committee of another company.

Nominating Committee

The nominating committee is authorized and empowered to submit to the entire board of directors for its approval the committee's recommendations for nominees to the board of directors. The nominating committee consists of Messrs. Ellmer and Flynn. All of the current members of our nominating committee are independent under the rules of the Nasdaq Stock Market. Our nominating committee met one time during the 2008 year.

The responsibilities of the nominating committee are to identify individuals qualified to become board members, recommend director nominees to the board of directors prior to each annual meeting of stockholders and recommend nominees for any committee of the board. A copy of the charter of the nominating committee can be found on our website at www.allegianttravel.com by clicking on About Allegiant, then Investor Relations, then Corporate Governance and then Committee Charters.

To fulfill its responsibilities, the nominating committee will periodically consider and make recommendations to the board regarding what experience, talents, skills and other characteristics the board as a whole should possess in order to maintain its effectiveness. In determining whether to nominate an incumbent director for reelection, the nominating committee will evaluate each incumbent's continued service, in light of the board's collective requirements, at the time such director comes up for reelection. When the need for a new director arises (whether because of a newly created board seat or vacancy), the nominating committee will proceed by whatever means it deems appropriate to identify a qualified candidate or candidates. The nominating committee will review the qualifications of each candidate. Final candidates generally will be interviewed by our chairman of the board and one or more other board members. The nominating committee will then make a recommendation to the board based on its review, the results of interviews with the candidate and all other available information. Our board makes the final decision on whether to invite the candidate to join the board.

The nominating committee's charter provides general qualifications nominees should meet. These qualifications include the following:

- Directors should possess the highest personal and professional ethics, integrity and values, and be committed to representing the long-term interests of our stockholders. They must also have an inquisitive and objective perspective, practical wisdom and mature judgment. We endeavor to have a board representing experience in areas that are relevant to our business activities.
- Directors must be willing to devote sufficient time to carrying out their duties and responsibilities efficiently, and should be committed to serve on the board for an extended period of time. Directors should offer their resignation in the event of any significant change in their personal circumstances, including a change in their principal job responsibilities, which would reasonably be expected to adversely affect his or her ability to perform the duties of a director.
- A director should disclose the director's consideration of new directorships with other organizations so that the board can consider and express its views regarding the impact on the director's service to us. The nominating committee and the board will consider service on other boards in considering potential candidates for nomination to stand for election or re-election to our board. Current positions held by directors may be maintained unless the board determines that doing so would impair the director's service to our board.

Any stockholder may nominate a person for election as a director at a meeting of stockholders at which the nominating stockholder is entitled to vote by following certain procedures. These procedures generally require that certain written information about the nominee and nominating stockholder be delivered or mailed and received at our principal executive offices, to the attention of our corporate secretary, not less than 120 calendar days in advance of the date of the notice of annual meeting released to stockholders in connection with the previous year's annual meeting of stockholders.

In addition, the nominating committee will consider for inclusion in the board's annual slate of director nominees candidates recommended by significant, long-term stockholders. A significant long-term stockholder is a stockholder, or group of stockholders, that beneficially owned more than 5% of our voting stock for at least two years as of the date the recommendation was made and at the record date for the stockholder meeting. In order for such a nominee to be considered for inclusion with the board's slate, the nominating stockholder shall submit a timely nomination notice in accordance with the procedures above. The nominating stockholder should expressly indicate in the notice that such stockholder desires that the board and nominating committee consider the stockholder's nominee for inclusion with the board's slate of nominees for the meeting. The nominating stockholder and stockholder's nominee should undertake to provide, or consent to our obtaining, all other information the board and nominating committee request in connection with their evaluation of the nominee.

A stockholder nominee submitted for inclusion in the board's slate of nominees should meet the criteria for a director described above. In addition, in evaluating stockholder nominees for inclusion with the board's slate of nominees, the board and nominating committee may consider all information relevant in their business judgment to the decision of whether to nominate a particular candidate for a particular board seat, taking into account the then-current composition of our board.

The nominating committee continues to evaluate its policies and procedures regarding stockholder nominations in light of changing industry practices and regulation. The policies and procedures described above are subject to change.

Meetings of our Board of Directors

Our board of directors met six times during the 2008 year. All of our incumbent directors attended at least 75% of the total of all board and committee meetings he was entitled to attend during the 2008 year, except for Maurice Mason who attended six of the nine meetings he was entitled to attend. It is the policy of our board that at least three of its members attend each annual meeting of stockholders so that the board is adequately represented. Three of our directors attended our annual stockholders meeting in 2008.

Independent members of our board may be contacted by letter directed to the named member in care of Allegiant Travel Company, Corporate Secretary, 8360 S. Durango Drive, Las Vegas, Nevada 89113. The sealed envelope will be sent on to the addressee by our corporate secretary.

Director Independence

Our board of directors has determined that all of our directors other than Maurice J. Gallagher, Jr., are independent under the rules of the Nasdaq Stock Market. As Mr. Gallagher does not serve on any of the board's committees, all committee members are independent under the rules of the Nasdaq Stock Market.

We have adopted a Corporate Code of Conduct and Ethics (the Code of Ethics) that applies to our principal executive officer, principal financial officer, principal accounting officer or controller, or persons performing similar functions, as well as to other directors, officers and employees of ours. BOARD AUDIT COMMITTEE REPORT

The audit committee reports to our board of directors and is responsible for, among other things, considering the appointment of our independent auditors, reviewing their independence, reviewing with the auditors the plan and scope of the audit, monitoring the adequacy of reporting and internal controls and discussing our financial statements and other financial information with management and the independent auditors. The audit committee acts under a written charter adopted and approved by our board of directors. Our board of directors has determined that none of the members of the audit committee has a relationship with our company that may interfere with the audit committee's independence from our company and management.

Management has primary responsibility for the financial statements and the overall reporting process, including the system of internal controls. The independent auditors audit our financial statements prepared by management, express an opinion as to whether those financial statements fairly present the financial position, results of operations and cash flows prepared in accordance with accounting principles generally accepted in the United States of America and discuss with the audit committee any issues they believe should be raised.

In connection with the preparation and filing of our annual report on Form 10-K for the year ended December 31, 2008:

(1) The audit committee reviewed and discussed our audited financial statements with management. Management has represented to the audit committee that the financial statements were prepared in accordance with accounting principles generally accepted in the United States of America.

(2) The audit committee discussed with Ernst & Young, LLP, our independent auditors, the matters required to be discussed by Statement on Auditing Standards No. 61 (Communication with Audit Committees), as amended by Statements on Auditing Standards No. 89 and 90 (Codification of Statements on Auditing Standards) and Rule 2-07 of Regulation S-X.

(3) The audit committee received the written disclosures and the letter from Ernst & Young, LLP required by the Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees) and has discussed with Ernst & Young, LLP the independence of that firm as our independent auditors. All audit and non-audit services provided by Ernst & Young, LLP were reviewed by the audit committee. The audit committee has considered whether the provision of non-audit services is compatible with maintaining the auditors independence.

(4) Based on the audit committee's review and discussions referred to above, the audit committee recommended to our board of directors that our audited financial statements be included in our annual report on Form 10-K for the fiscal year ended December 31, 2008 for filing with the Securities and Exchange Commission.

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

The primary objectives of the compensation committee of our board of directors with respect to executive compensation of current management are to retain the executive team that has been in place for several years, to provide annual cash incentives upon achievement of measurable corporate performance objectives, and to assure executives' incentives are aligned with stockholder value creation. To achieve these objectives, the compensation committee maintains compensation plans that tie a significant portion of executives' total compensation to our financial performance (including our operating margin). Overall, the total compensation opportunity is intended to create an executive compensation program: (i) providing for base compensation at reasonable levels, and (ii) rewarding our named executive officers for profitable performance and increased share value.

Our chief executive officer, Maurice J. Gallagher, Jr., has a substantial equity position. Historically, he has chosen to serve without any base salary whatsoever and expects to continue to serve without base salary into the future. Prior to 2007, Mr. Gallagher did not participate in our annual cash bonuses or stock option grants, but the compensation committee decided to have him participate in the cash bonus pool for 2007 and 2008 and grant him stock options in 2008 and 2009 to reward him for our company's industry leading profit margins in the face of extraordinarily volatile fuel costs and the recent economic downturn, factors which have resulted in substantial losses by other companies in the airline industry. Whether Mr. Gallagher will participate in future cash bonuses will be determined in the discretion of the compensation committee and will depend, among other factors, on our profitability in relation to our expectations.

Mr. Gallagher makes recommendations to the compensation committee with respect to the portion of the cash bonus pool payable to our managing directors (Andrew Levy and Ponder Harrison) and also with respect to the granting of stock options to these executive officers. The compensation committee typically asks Mr. Gallagher to participate in its deliberations concerning approval of cash bonuses payable to and stock options granted to these executive officers.

Mr. Gallagher and the managing directors participate in making recommendations to the compensation committee with respect to the total amount of cash bonuses to be paid, the allocation of the bonus pool among other officers and key employees of our company and the granting of stock options to other officers and key employees.

The compensation committee members consider the recommendations from management and also draw on the committee members' and the chief executive officer's substantial experience in managing companies in approving bonus levels and stock option grants.

Compensation Components

Compensation is broken out into the following components:

Base Salary. Base salaries for both of our managing directors have been set at the same amount per year, given the important contribution by each to our success in their respective areas of responsibility. The base salary was negotiated by the parties in advance of our initial public offering in 2006 and became effective in December 2006. It is currently our intention that base salary increases for executives will be limited to modest increases per year. The compensation committee expects to review base salaries during 2009 as there have been no base salary increases since December 2006.

Annual Discretionary Incentive Cash Bonus Program. We structure our annual cash bonus compensation program to reward named executive officers and other management employees (our vice presidents, director level employees and managers) for our successful performance and each individual's contribution to that performance. For 2008, our pilots were also included in the annual cash bonuses per our agreement with them and we decided to pay bonuses to all employees employed prior to October 2008 in light of our industry leading profitability for the year. Depending on our profitability, cash bonuses may constitute a significant portion of our employees' total compensation. No cash bonus is earned unless our operating income exceeds 5% of our revenue for the year and, in that event, the total bonus pool will not exceed 10% of operating income. The final annual bonus pool amount is determined by our compensation committee after consideration of management recommendations and after the completion of the audit of our financial statements. The allocation of the bonus pool among eligible employees is established by the compensation committee without regard to any objective, predetermined individual performance criteria. The compensation committee relies significantly on the recommendation of the chief executive officer with respect to the participation levels of the managing directors and on executive management recommendations with respect to the bonus allocations to other officers and managers.

For financial statement reporting purposes, the bonus is accrued throughout each year based on an estimated payment amount. Under our program, named executive officers are eligible to share in the bonus pool in an amount that is approved by the compensation committee after the end of each year. Payments under this cash bonus program are contingent upon continued employment through the actual date of payment.

Long-Term Incentive Program. We believe that long-term performance is achieved through an equity ownership culture that encourages long-term performance by our executive officers. Prior to 2007, we had not provided any long-term incentive compensation to our chief executive officer or our managing directors in light of their outright ownership of significant stock positions in our company. However, we recognize that some of our executive officers have sold shares through 10b5-1 trading plans for asset diversification and estate planning purposes and the compensation committee determined that stock option grants to these executive officers would help continue to motivate them to increase the share value of our company. Although the chief executive officer continues to maintain a substantial equity stake in our company, the compensation committee has decided to provide him with modest grants of options to reward him for the successful operating results of our company and to further incentivize him to seek additional stock price growth. The compensation committee now intends to consider stock option grants to its executive officers each year.

The stock options granted in 2008 and 2009 vest over a three year period to encourage continuing employment by the executive officers and have a five year term to further encourage the officers to seek stock value appreciation over a period of time.

The awards were set at amounts determined by the compensation committee to achieve a balance between meaningful incentives to our executive officers and reasonable compensation expense for our company. The compensation committee considers the current value of prior and newly granted awards, but does not target any particular weighting in comparison with the total compensation of each executive officer. Nor do we have a policy or target for the allocation between either cash and non-cash compensation or short-term and long-term incentive compensation.

The compensation committee also considers the impact each equity grant will have on the future earnings of our company.

Other Compensation. Employment agreements were entered into with our senior officers (other than our CEO) in anticipation of our initial public offering in December 2006. We expect these employment agreements to remain in effect into the future until the compensation committee and the individual officer determine that revisions to such employment agreements are advisable. In addition, our officers participate in employee benefits generally available to our full-time employees. We have no current plans to make changes to either the employment agreements or levels of benefits and perquisites provided for our named executive officers.

401(k) Plan. In 2000, we established a 401(k) retirement plan that qualifies as a defined contribution plan under Internal Revenue Code section 401(a) and includes a cash or deferred arrangement that qualifies under Code Section 401(k). The plan was established and is maintained for the exclusive benefit of our eligible employees and their beneficiaries. We make matching contributions for active participants equal to 50% of their permitted contributions, up to a maximum of 6% of the participant's annual salary. Eligible employees are immediately 100% vested in their individual contributions and are subject to a five-year vesting schedule for our matching contributions.

- (1) The above tables do not include columns for non-equity incentive plan compensation or change in pension value and nonqualified deferred compensation earnings as none of the named executive officers received any such compensation in the years disclosed.
- (2) All Other Compensation consists of our matching contributions under the 401(k) plan for all officers other than Mr. Baxter. Of the amount for Mr. Baxter, \$122,148 represents a separation payment made in September 2008 in connection with the termination of his employment.
- (3) The value of the stock awards and stock options disclosed has been determined as set forth in Note 11 to our consolidated financial statements. The amount disclosed for each year is the portion of the value of the stock awards or options recognized for financial statement reporting during the year.
- (4) Mr. Baxter's employment with us terminated as of September 26, 2008. As such, the 2008 compensation shown for him was paid for services rendered as an officer through September 26, 2008.
- (5) Mr. Sheldon served as our principal accounting officer beginning in October 2007. He served as our director of accounting prior to that. Compensation for the year ended December 31, 2006 is not shown for Mr. Sheldon as he did not serve as an executive officer during such period.

Mr. Gallagher serves without base compensation as a result of his substantial equity interest. The base salaries for Messrs. Harrison, Levy and Baxter were established under the employment agreements entered into with them in 2006. Mr. Sheldon's base salary was established upon the recommendation of executive management.

For 2008, each executive officer received bonuses under our annual discretionary incentive cash bonus program. No cash bonus is earned unless our operating income exceeds 5% of our revenue for the year and, in that event, the bonus pool will not exceed 10% of

operating

income. The final bonus pool amount is determined by our compensation committee after completion of the audit of the financial statements and after consideration of management recommendations. Each executive officer's allocation of the cash bonus pool is determined by the compensation committee without regard to any objective, predetermined individual performance criteria. The bonus allocation for any executive officer is not targeted at or limited to any particular percentage of base salary.

Other compensation generally consists only of matching contributions under our 401(k) plan. The amount paid for each executive officer depends on his salary reductions, and is subject to the plan's compliance with the annual testing rules for 401(k) plans.

No executive officer's salary and bonus is tied to any particular percentage of total compensation, but rather, bonus allocations are made based on our profitability and a subjective evaluation of each officer's performance.

Grants of Plan-Based Awards in 2008

The following table describes grants of plan-based awards to our named executive officers during 2008.

Name	Grant Date	Option Awards: Number of Securities Underlying Options (#)	Exercise or Base Price of Option Awards (\$/Sh)	Grant Date Fair Value (1) of Option Awards
Maurice J. Gallagher, Jr.	04/24/08	18,000	\$ 20.42	\$ 101,023

Andrew C. Levy	04/24/08	18,000	20.42	101,023
Michael P. Baxter	04/24/08	15,000	20.42	84,106
Scott Sheldon	04/24/08	15,000	20.42	84,106

(1) As determined as set forth in Note 11 to our consolidated financial statements.

Our compensation committee considers restricted stock or option grants to our executive officers annually. The number of shares granted is not based on any particular percentage of the total compensation of the executive officer. Our compensation committee determines the amount of equity grants in an attempt to provide meaningful incentives for the officers, but with consideration to the financial impact on our operating results.

The options granted in 2008 have a three-year vesting schedule to encourage continued employment by the executive officers and have a five-year term to provide incentives to create stock price appreciation over that period.

Employee Benefit Plans

Long-Term Incentive Plan

Our Long-Term Incentive Plan (the 2006 Plan) was adopted by our board of directors and approved by the stockholders in April 2006. All outstanding options under the predecessor Allegiant Air 2004 Share Option Plan have been transferred to our 2006 Plan, and no further option grants will be made under that predecessor plan. The transferred options continue to be governed by their existing terms, unless our compensation committee elects to extend one or more features of our 2006 Plan to those options. Except as otherwise noted below, the transferred options have substantially the same terms as will be in effect for grants made under our 2006 Plan.

We have reserved 3,000,000 shares of our common stock for issuance under our 2006 Plan. Such share reserve consists of 500,000 shares that will be carried over from our predecessor plan, including the shares subject to outstanding options thereunder. In addition, no participant in our 2006 Plan may be granted stock options for more than 100,000 shares of our common stock per calendar year.

The individuals eligible to participate in our 2006 Plan include our officers and other employees, our non-employee board members and any consultants we engage.

Our 2006 Plan is administered by the compensation committee. This committee determines which eligible individuals are to receive option grants, the time or times when such option grants are to be made, the number of shares subject to each such grant, the status of any granted option as either an incentive stock option or a non-statutory stock option under the federal tax laws, and the terms and conditions of each award including, without limitation, the vesting schedule to be in effect for the option grant or stock issuance and the maximum term for which any granted option is to remain outstanding, provided that no option term may exceed ten years measured from the date of grant.

Vesting of any option grant is contingent on continued service with us. Upon the cessation of an optionee's service, any unvested options will terminate and will be forfeited. Any vested, but unexercised options (i) will terminate immediately if the optionee is terminated for misconduct, or (ii) if the cessation of service is other than for misconduct, will remain exercisable for such period of time as determined by the compensation committee at the time of grant and set forth in the documents evidencing the option. The compensation committee has the discretion, however, at any time while the option remains outstanding to (i) extend the period of time that the option may be exercisable following the cessation of an optionee's service (but not beyond the term of the option) and (ii) permit the optionee to exercise following a cessation of service options that were not vested at the time of the cessation of service.

The exercise price for the shares of the common stock subject to option grants made under our 2006 plan may be paid in cash or in shares of common stock valued at fair market value on the exercise date.

The compensation committee has the authority to cancel outstanding options under our option plan, in return for the grant of new options for the same or a different number of option shares with an exercise price per share based upon the fair market value of our common stock on the new grant date.

Edgar Filing: Allegiant Travel CO - Form DEF 14A

In the event we are acquired by a merger, a sale by our stockholders of more than 50% of our outstanding voting stock or a sale of all or substantially all of our assets, each outstanding option under our option plan which will not be assumed by the successor corporation or otherwise continued in effect may accelerate in full. However, the compensation committee has complete discretion to structure any or all of the options under the option plan so those options will

immediately vest in the event we are acquired, whether or not those options are assumed by the successor corporation or otherwise continued in effect. Alternatively, the compensation committee may condition such accelerated vesting upon the subsequent termination of the optionee's service with us or the acquiring entity.

We intend that any compensation deemed paid by us in connection with the exercise of options granted under our option plan for the disposition of the shares purchased under those options will be regarded as performance-based, within the meaning of Section 162(m) of the Internal Revenue Code and that such compensation will not be subject to the annual \$1 million limitation on the deductibility of compensation paid to covered executive officers which otherwise would be imposed pursuant to Section 162(m).

For accounting purposes, compensation expense related to equity based awards under the 2006 Plan are measured and recognized in accordance with SFAS No. 123(R).

Our board may amend or modify the 2006 Plan at any time, subject to any required stockholder approval, or participant consent. The 2006 Plan will terminate no later than March 31, 2016.

Director Compensation

New members of our board of directors receive compensation of \$5,000 per quarter for their service on our board of directors or any committee of our board, and will also be reimbursed for their out-of-pocket expenses. Any new director who has not been in our prior employ will receive an initial grant of 1,000 shares of restricted stock on the date such individual joins the board. The restricted stock will vest over a period of two years upon the director's completion of each year of board service over the two-year period measured from the grant date. In addition, on the date of each annual stockholders meeting, each board member (other than executive officers) who is to continue to serve as a board member will automatically be granted 1,000 shares of restricted stock, provided such individual has served on our board for at least six months. The restricted shares subject to each annual automatic grant will vest upon the director's completion of one year of board service measured from the grant date. The director compensation policy described above was modified in July 2008. Prior to that time, Messrs. Flynn and Mason did not receive compensation as directors.

The following table illustrates the compensation earned or paid to our non-management directors during 2008:

Compensation Committee Interlocks and Insider Participation

No member of our compensation committee serves as a member of the board of directors or compensation committee of any entity that has one or more executive officers serving as members of our board of directors or compensation committee.

Employment Arrangements, Termination of Employment Arrangements and Change in Control Arrangements

We have entered into employment agreements with M. Ponder Harrison and Andrew C. Levy. Under each agreement, the officer is entitled to a base salary and to participate in any bonus program we may adopt. Each officer would receive six months severance pay in the event of termination without cause, resignation for good reason or a change in control. Each officer has agreed not to compete with us for a period of six months after termination of employment.

REPORT OF THE COMPENSATION COMMITTEE

The compensation committee is responsible for, among other things, reviewing and approving salary, bonus and other compensation for our executive officers, and setting the overall compensation principles that guide the committee's decision-making. The compensation committee has reviewed the Compensation Discussion and Analysis (CD&A) included in this proxy statement and discussed it with management. Based on the review and discussions with management, the compensation committee recommended to our board of directors that the CD&A be included in this proxy statement.

The foregoing report shall not be deemed incorporated by reference by any general statement incorporating by reference this proxy statement into any filing under the Securities Act of 1933 or under the Securities Exchange Act of 1934, except to the extent that we specifically incorporate this information by reference, and shall not otherwise be deemed filed under such Acts.

RELATED PARTY TRANSACTIONS

Since January 1, 2008, we have been a party to the following transactions in which the amount involved exceeded \$120,000 and in which any of our directors or executive officers, any holder of more than 5% of our capital stock or any member of their immediate families had a direct or indirect material interest.

The building in which we maintain our headquarters is under a lease agreement with an entity owned by a limited partnership in which certain of our officers and directors (Maurice J. Gallagher, Jr., Timothy P. Flynn, John Redmond and M. Ponder Harrison) own a 57% interest as limited partners. In June 2008, we obtained additional office space in the leased building through an amendment to the existing lease agreement with the landlord. The amended lease agreement has a ten year term. In June 2008, we entered into a lease agreement for office space to be used as our training facility which is located in a building adjacent to the location of our headquarters. The second building is also owned by an entity owned by the same limited partnership. The lease agreement for the second building is for a ten year term. During 2008, we paid approximately \$763,000 to the landlords under those arrangements. These total payments include a deposit for the second building under the new lease agreement. The disinterested members of our board and audit committee have determined that the terms for the lease agreements are at least favorable as we could receive in arms length transactions.

All future transactions, including loans, if any, between us and our officers, directors and principal stockholders and their affiliates and any transactions between us and any entity with which our officers, directors or five percent stockholders are affiliated, will be approved by a majority of the board of directors, including a majority of the independent and disinterested outside directors, and will be on terms no less favorable to us than could be obtained from unaffiliated third parties.

***RATIFICATION OF THE SELECTION OF
INDEPENDENT REGISTERED PUBLIC ACCOUNTANTS***

The audit committee of our board of directors has selected Ernst & Young, LLP, an independent registered public accounting firm, to audit our financial statements for the year ending December 31, 2008. Ernst & Young, LLP has audited our financial statements since 2003. At the meeting, our stockholders will be asked to ratify the selection of Ernst & Young, LLP as our independent registered public accountants for 2009.

Although there is no requirement we submit the appointment of independent registered public accountants to stockholders for ratification or that the appointed auditors be terminated if the ratification fails, our audit committee will consider the appointment of other independent registered public accountants if the stockholders choose not to ratify the appointment of Ernst & Young, LLP and may retain that firm or another without re-submitting the matter to our stockholders. Even if the appointment is ratified, however, the audit committee of our board of directors may, in its discretion, direct the appointment of different independent registered accountants during the year, if the audit committee determines such a change would be in our best interests.

Representatives of Ernst & Young LLP are expected to be available in person during the annual meeting and while they do not plan to make a statement (although they will have the opportunity to do so), they will be available to respond to appropriate questions from stockholders.

Our board of directors recommends you vote FOR ratification of the appointment of Ernst & Young, LLP as our independent registered public accountants.
